- pay all amounts owed by it in accordance with the terms of the guaranties and the indenture;
- maintain an office or agent in New York for the purpose of service of process;
- ensure that its obligations under the guaranties will continue to be senior obligations of Petrobras;
- give notice to the trustee of any default or event of default under the indenture; and
- provide certain financial statements to the trustee.

In addition, the terms of the guaranties will restrict the ability of Petrobras and its subsidiaries, among other things, to:

- undertake certain mergers, consolidations or similar transactions; and
- create certain liens on its assets or pledge its assets.

Petrobras' covenants are subject to a number of important qualifications and exceptions. See Description of the Guaranties Covenants.

material subsidiary;

certain events relating to the unenforceability of the notes, the indenture or the guaranty for such series of the notes against PifCo or Petrobras; and

Petrobras ceasing to own at least 51% of PifCo's outstanding voting shares.

The events of default are subject to a number of important qualifications and limitations. See [Description of the Notes](#) [Events of Default](#).

Further Issuances

PifCo reserves the right, from time to time, without the consent of the holders of the notes, to issue additional notes on terms and conditions identical to those of the notes, which additional notes shall increase the aggregate principal amount of, and shall be consolidated and form a single series with, the series of notes offered hereby. PifCo may also issue other securities under the indenture which have different terms and conditions from the notes. See [Description of the Notes](#).

Modification of Notes, Indenture  
and  
Guaranties

The terms of the indenture may be modified by PifCo and the trustee, and the terms of the guaranties may be modified by Petrobras and the trustee, in some cases without the consent of the holders of the relevant series of the notes. See [Description of Debt Securities](#) [Special Situations](#) [Modification and Waiver](#) in the accompanying prospectus.

Clearance and Settlement

The notes will be issued as global notes registered in the name of The Bank of New York Depositary (Nominee) Limited, as common depositary for Euroclear System and Clearstream Banking, *société anonyme*, for the accounts of its direct and indirect participants. Beneficial interests in notes held in book-entry form will not be entitled to receive physical delivery of certificated notes except in certain limited circumstances. For a description of certain factors relating to clearance and settlement, see [Clearance and Settlement](#).

Withholding Taxes; Additional  
Amounts

Any and all payments of principal, premium, if any, and interest in respect of the notes will be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments, levies, imposts or charges whatsoever imposed, levied, collected, withheld or assessed by Brazil, the jurisdiction of PifCo's incorporation or any other jurisdiction in which PifCo appoints a paying agent under the indenture, or any political subdivision or any taxing authority thereof or therein, unless such withholding or deduction is required by law. If PifCo is required by law to make such withholding or deduction, it will pay such additional amounts as are necessary to ensure that the holders receive the same amount as they would have received without such withholding or deduction, subject to certain exceptions. In the event Petrobras is obligated to make payments to the holders under the guaranties, Petrobras will pay such additional amounts as are necessary to ensure that the holders receive the same amount as they would have received without

such withholding or deduction, subject to certain exceptions. See  
Description of the Notes Covenants Additional Amounts.

Governing Law

The indenture, the notes, and the guaranties will be governed by, and construed in accordance with, the laws of the State of New York.

**RISK FACTORS**

Our annual report on Form 20-F for the year ended December 31, 2010, which is incorporated by reference herein, includes extensive risk factors relating to our business and to Brazil. You should carefully consider those risks and the risks described below, as well as the other information included or incorporated by reference into this prospectus supplement and the accompanying prospectus, before making a decision to invest in the notes.

**Risks Relating to PifCo's Debt Securities**

***The market for the notes may not be liquid.***

The notes are an issuance of new securities with no established trading market. We have applied to list the notes on the official list of the Luxembourg Stock Exchange and have them admitted to trading on the Euro MTF market of the Luxembourg Stock Exchange. We can make no assurance as to the liquidity of or trading markets for the notes offered by this prospectus supplement. We cannot guarantee that holders will be able to sell their notes in the future. If a market for the notes does not develop, holders may not be able to resell the notes for an extended period of time, if at all.

***Restrictions on the movement of capital out of Brazil may impair your ability to receive payments on the guaranties and restrict Petrobras' ability to make payments to PifCo in euros.***

The Brazilian government may impose temporary restrictions on the conversion of Brazilian currency into foreign currencies and on the remittance to foreign investors of proceeds from their investments in Brazil. Brazilian law permits the Brazilian government to impose these restrictions whenever there is a serious imbalance in Brazil's balance of payments or there are reasons to foresee a serious imbalance.

The Brazilian government imposed remittance restrictions for approximately six months in 1990. The Brazilian government could decide to take similar measures in the future. Similar restrictions, if imposed, could impair or prevent the conversion of payments under the guaranties from *reais* into euros and the remittance of euros abroad. In the case that the PifCo noteholders receive payments in *reais* corresponding to the equivalent euro amounts due under PifCo's notes, it may not be possible to convert these amounts into euros. These restrictions, if imposed, could also prevent Petrobras from making funds available to PifCo in euros abroad, in which case PifCo may not have sufficient euro funds available to make payment on its debt obligations.

In addition, payments by Petrobras under the guaranties in connection with PifCo's notes do not currently require approval by or registration with the Central Bank of Brazil. The Central Bank of Brazil may nonetheless impose prior approval requirements on the remittance of euros abroad, which could cause delays in such payments.

***Petrobras would be required to pay judgments of Brazilian courts enforcing its obligations under the guaranties only in reais.***

If proceedings were brought in Brazil seeking to enforce Petrobras' obligations in respect of the guaranties, Petrobras would be required to discharge its obligations only in *reais*. Under Brazilian exchange control regulations, an obligation to pay amounts denominated in a currency other than *reais*, which is payable in Brazil pursuant to a decision of a Brazilian court, may be satisfied in *reais* at the rate of exchange, as determined by the Central Bank of Brazil, in effect on the date of payment.

**Table of Contents**

***A finding that Petrobras is subject to U.S. bankruptcy laws and that any of the guaranties executed by it was a fraudulent conveyance could result in the relevant PifCo holders losing their legal claim against Petrobras.***

PifCo's obligation to make payments on the notes is guaranteed by Petrobras. Petrobras has been advised by its external U.S. counsel that the guaranties are valid and enforceable in accordance with the laws of the State of New York.

In addition, Petrobras has been advised by its general counsel that the laws of Brazil do not prevent the guaranties from being valid, binding and enforceable against Petrobras in accordance with their terms. In the event that U.S. federal fraudulent conveyance or similar laws are applied to a guaranty, and Petrobras, at the time it issued the relevant guaranty:

was or is insolvent or rendered insolvent by reason of its entry into such guaranty;

was or is engaged in business or transactions for which the assets remaining with it constituted unreasonably small capital; or

intended to incur or incurred, or believed or believes that it would incur, debts beyond its ability to pay such debts as they mature; and

in each case, intended to receive or received less than reasonably equivalent value or fair consideration therefor,

then Petrobras' obligations under such guaranty could be avoided, or claims with respect to such guaranty could be subordinated to the claims of other creditors. Among other things, a legal challenge to a guaranty on fraudulent conveyance grounds may focus on the benefits, if any, realized by Petrobras as a result of PifCo's issuance of the series of the notes supported by such guaranty. To the extent that either guaranty is held to be a fraudulent conveyance or unenforceable for any other reason, the holders of the series of PifCo notes supported by such guaranty would not have a claim against Petrobras under such guaranty and will solely have a claim against PifCo. Petrobras cannot assure you that, after providing for all prior claims, there will be sufficient assets to satisfy the claims of the PifCo holders relating to any avoided portion of the relevant guaranty.

***Holders in some jurisdictions may not receive payment of gross-up amounts for withholding in compliance with the EU Directive on taxation of savings income.***

Austria and Luxembourg have opted out of certain provisions of an EU Directive regarding taxation of savings income and are instead, during a transitional period, applying a withholding tax on payments of interest, at a rate of up to 35%. Neither we nor the paying agent (nor any other person) would be required to pay additional amounts in respect of the notes as a result of the imposition of withholding tax by any member state of the European Union or another country or territory which has opted for a withholding system. For more information, see Description of the Notes Additional Amounts in the accompanying prospectus and under Taxation European Union Savings Directive. An investor should consult a tax adviser to determine the tax consequences of holding the notes for such investor.

***Market perceptions concerning the instability of the euro, the potential re-introduction of individual currencies within the Eurozone, or the potential dissolution of the euro entirely, could adversely affect the value of the euro notes.***

As a result of the credit crisis in Europe, in particular in Greece, Italy, Ireland, Portugal and Spain, the European Commission created the European Financial Stability Facility (the EFSF) and the European Financial Stability Mechanism (the EFSM) to provide funding to Eurozone countries in financial difficulties that seek such support. In March 2011, the European Council agreed on the need for Eurozone countries to establish a permanent stability mechanism, the European Stability Mechanism (the ESM), which will be activated by mutual agreement, to assume the role of the EFSF and the EFSM in providing external financial assistance to Eurozone countries after June 2013. Despite these measures, concerns persist regarding the debt burden of certain Eurozone countries and their ability to meet future financial obligations, the overall stability of the euro and the suitability of the euro as a single currency given the diverse economic and political circumstances in individual Member States. These and other concerns could lead to the re-introduction of individual currencies in one or more Member States, or, in more extreme circumstances,

the possible dissolution of the euro entirely. Should the euro dissolve entirely, the legal and contractual consequences for holders of Euro-denominated obligations would be determined by laws in effect at such time. These potential developments, or market perceptions concerning these and related issues, could adversely affect the value of the euro notes.

***A holder of a principal amount of Notes of less than 100,000 will be unable to transfer such stub amount.***

The Notes are issued and may be transferred only in principal amounts of 100,000 and integral multiples of 1,000 in excess thereof. As a result, it is possible that the Notes may be traded in amounts in excess of 100,000 that are not integral multiples of 100,000 and a holder may hold a principal amount of Notes of less than the minimum 100,000. The holder of a stub amount of Notes of less than 100,000 will be unable to transfer such stub amount so long as the Notes are held in Euroclear or Clearstream and may not receive a definitive Note in respect of such holding should Notes be issued in certificated form.

PifCo intends to use the net proceeds from the sale of the notes for general corporate purposes and to finance Petrobras planned capital expenditure under its 2011-2015 Business Plan while maintaining an adequate capital structure and staying within Petrobras targeted financial leverage ratios in accordance with its 2011-2015 Business Plan.

In addition, we urge you to read the indenture, the eighth supplemental indenture in connection with the 2018 Notes and the ninth supplemental indenture in connection with the 2022 Notes, because they will define your rights as holders of the 2018 Notes and the 2022 Notes, respectively. If the description of the terms of the notes in this prospectus supplement differs in any way from that in the accompanying prospectus, you should rely on the information contained in this prospectus supplement. You may obtain copies of the indenture, the eighth supplemental indenture and the ninth supplemental indenture upon written request to the trustee or with the SEC at the addresses set forth under *Where You Can Find More Information*.*

### **Guaranties**

Petrobras will unconditionally and irrevocably guarantee the full and punctual payment when due, whether at the maturity date of the notes, or earlier or later by acceleration or otherwise, of all of PifCo's obligations now or hereafter existing under the indenture and the notes, whether for principal, interest, make-whole premium, fees, indemnities, costs, expenses or otherwise. The guaranties will be unsecured and will rank equally with all of Petrobras' other existing and future unsecured and unsubordinated debt including guaranties previously issued by Petrobras in connection with prior issuances of indebtedness. See Description of the Guaranties.

### **Depository with Respect to Global Notes**

The notes will be issued as global notes registered in the name of The Bank of New York Depository (Nominees) Limited, as common depository for Clearstream, Luxembourg and Euroclear. For further information in this regard, see Clearance and Settlement.

### **Events of Default**

The following events will be events of default with respect to each series of the notes:

PifCo does not pay the principal on the notes of such series within three calendar days of its due date and the trustee has not received such amounts from Petrobras under the relevant guaranty by the end of that three-day period.

PifCo does not pay interest or other amounts, including any additional amounts, on the notes within 30 calendar days of their due date and the trustee has not received such amounts from Petrobras under the relevant guaranty by the end of that thirty-day period.

PifCo or Petrobras remains in breach of any covenant or any other term of the indenture or guaranty for such series for 60 calendar days (inclusive of any cure period contained in any such covenant or other term for compliance thereunder) after receiving a notice of default stating that it is in breach. The notice must be sent by either the trustee or holders of 25% of the principal amount of such series of the notes.

The maturity of any indebtedness of PifCo or Petrobras or a material subsidiary in a total aggregate principal amount of U.S.\$150,000,000 (or its equivalent in another currency), or more is accelerated in accordance with the terms of that indebtedness, it being understood that prepayment or redemption by us or the material subsidiary of any indebtedness is not acceleration for this purpose.

One or more final and non-appealable judgments or final decrees is entered against PifCo, Petrobras or a material subsidiary involving in the aggregate a liability (not paid or fully covered by insurance) of U.S.\$150,000,000 (or its equivalent in another currency) or more, and all such judgments or decrees have not been vacated, discharged or stayed within 120 calendar days after rendering of that judgment.

PifCo, Petrobras or any material subsidiary stop paying or admits that it is generally unable to pay its debts as they become due, is adjudicated or found bankrupt or insolvent or is ordered by a court or passes a resolution to dissolve.

PifCo, Petrobras or any material subsidiary commences voluntarily proceedings under any applicable liquidation, insolvency, composition, reorganization or any other similar laws, or files an application for the appointment of an administrator, receiver or other similar official in relation to PifCo, Petrobras or any material subsidiary, or any events occur or action is taken that has effects similar to those events or actions described in this paragraph.

## **Table of Contents**

PifCo, Petrobras or any material subsidiary enters into any composition or other similar arrangement with its creditors (such as a *concordata*, which is a type of liquidation agreement), or proceedings are initiated against PifCo, Petrobras or any material subsidiary under applicable bankruptcy, insolvency or intervention law or law with similar effect and is not discharged or removed within 90 calendar days, or an administrator, receiver or similar official is appointed in relation to, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against, the whole or a substantial part of the undertakings or assets of PifCo, Petrobras or any material subsidiary and is not discharged or removed within 90 calendar days, or any events occur or action is taken that has effects similar to those events or actions described in this paragraph.

The notes of such series, the indenture, the relevant guaranty, or any part of those documents, ceases to be in full force and effect or binding and enforceable against PifCo or Petrobras, or it becomes unlawful for PifCo or Petrobras to perform any material obligation under any of the foregoing documents to which it is a party.

PifCo or Petrobras contests the enforceability of the notes, the indenture or the guaranties, or denies that it has liability under any of the foregoing documents to which it is a party.

Petrobras fails to retain at least 51% direct or indirect ownership of the outstanding voting and economic interests (equity or otherwise) of and in PifCo.

For purposes of the events of default:

*indebtedness* means any obligation (whether present or future, actual or contingent and including any guaranty) for the payment or repayment of money which has been borrowed or raised (including money raised by acceptances and all leases which, under generally accepted accounting principles in the United States, would be a capital lease obligation); and

*material subsidiary* means a subsidiary of PifCo or Petrobras which on any given date of determination accounts for more than 10% of Petrobras' total consolidated assets (as set forth on Petrobras' most recent balance sheet prepared in accordance with U.S. GAAP or IFRS).

## **Covenants**

PifCo will be subject to the following covenants with respect to the notes:

### ***Payment of Principal and Interest***

PifCo will duly and punctually pay the principal of and any premium and interest and other amounts (including any additional amounts in the event withholding and other taxes are imposed in Brazil or the jurisdiction of incorporation of PifCo) on the notes in accordance with the notes and the indenture.

### ***Maintenance of Corporate Existence***

PifCo will maintain its corporate existence and take all reasonable actions to maintain all rights, privileges and the like necessary or desirable in the normal conduct of business, activities or operations, unless PifCo's board of directors determines that preserving PifCo's corporate existence is no longer desirable in the conduct of PifCo's business and is not disadvantageous in any material respect to holders.

### ***Maintenance of Office or Agency***

So long as notes are outstanding, PifCo will maintain in the Borough of Manhattan, the City of New York, an office or agency where notices to and demands upon it in respect of the indenture and the notes may be served.

**Table of Contents**

Initially, this office will be located at 570 Lexington Avenue, New York, New York 10022-6837. PifCo will not change the designation of the office without prior written notice to the trustee and designating a replacement office in the same general location.

***Ranking***

PifCo will ensure that the notes will at all times constitute its general senior, unsecured and unsubordinated obligations and will rank *pari passu*, without any preferences among themselves, with all of its other present and future unsecured and unsubordinated obligations (other than obligations preferred by statute or by operation of law).

***Use of Proceeds***

PifCo intends to use the net proceeds from the sale of the notes for general corporate purposes and to finance Petrobras planned capital expenditure under its 2011-2015 Business Plan while maintaining an adequate capital structure and staying within Petrobras targeted financial leverage ratios in accordance with its 2011-2015 Business Plan.

***Statement by Officers as to Default and Notices of Events of Default***

PifCo will deliver to the trustee, within 90 calendar days after the end of its fiscal year, an officer's certificate, stating whether or not to the best knowledge of its signers PifCo is in default on any of the terms, provisions and conditions of the indenture or the notes (without regard to any period of grace or requirement of notice provided under the indenture) and, if PifCo (or any obligor) are in default, specifying all the defaults and their nature and status of which the signers may have knowledge. Within 30 calendar days (or promptly with respect to certain events of default relating to PifCo's insolvency and in any event no later than 30 calendar days) after PifCo becomes aware or should reasonably become aware of the occurrence of any default or event of default under the indenture or the notes, it will notify the trustee in writing of the occurrence of such default or event of default.

***Provision of Financial Statements and Reports***

In the event that PifCo files any financial statements or reports with the SEC or publishes or otherwise makes such statements or reports publicly available in Brazil, the United States or elsewhere, PifCo will furnish a copy of the statements or reports to the trustee within 15 calendar days of the date of filing or the date the information is published or otherwise made publicly available.

PifCo will provide, together with each of the financial statements delivered as described in the preceding paragraph, an officer's certificate stating (i) that a review of PifCo's activities has been made during the period covered by such financial statements with a view to determining whether PifCo has kept, observed, performed and fulfilled its covenants and agreements under this indenture; and (ii) that no event of default, or event which with the giving of notice or passage of time or both would become an event of default, has occurred during that period or, if one or more have actually occurred, specifying all those events and what actions have been taken and will be taken with respect to that event of default or other event.

Delivery of these reports, information and documents to the trustee is for informational purposes only and the trustee's receipt of any of those will not constitute constructive notice of any information contained therein or determinable from information contained therein, including PifCo's compliance with any of its covenants under the indenture (as to which the trustee is entitled to rely exclusively on officer's certificates).

***Appointment to Fill a Vacancy in Office of Trustee***

PifCo, whenever necessary to avoid or fill a vacancy in the office of trustee, will appoint a successor trustee in the manner provided in the indenture so that there will at all times be a trustee with respect to the notes.

***Payments and Paying Agents***

PifCo will, prior to 12:00 p.m., London time, on the business day preceding any payment date of the principal of or interest on the notes or other amounts (including additional amounts), deposit with the trustee a sum sufficient to pay such principal, interest or other amounts (including additional amounts) so becoming due.

**Table of Contents**

If any payment is due on the notes on a day that is not a business day, PifCo will make the payment on the day that is the next business day. Payments postponed to the next business day in this situation will be treated under the indenture as if they were made on the original due date. Postponement of this kind will not result in a default under the notes or the indenture, and no interest will accrue on the postponed amount from the original due date to the next day that is a business day.

Business day means, for purposes of the 2018 Notes and the 2022 Notes, each Target System Day. A Target System Day is any day in which the Trans-European Automated Real Time Gross Settlement Express Transfer (TARGET2) System (or any successor thereto) is open for business and a day on which commercial banks are open for dealings in euro deposits in the London interbank market. With respect to notes in certificated form, the reference to business day will also mean a day on which banking institutions generally are open for business in the location of each office of a transfer agent, but only with respect to a payment or other action to occur at that office.

***Additional Amounts***

Except as provided below, PifCo or Petrobras, as applicable, will make all payments of amounts due under the notes and the indenture and each other document entered into in connection with the notes and the indenture without withholding or deducting any present or future taxes, levies, deductions or other governmental charges of any nature imposed by Brazil, the jurisdiction of PifCo's incorporation or any jurisdiction in which PifCo appoints a paying agent under the indenture, or any political subdivision of such jurisdictions (the taxing jurisdictions). If PifCo or Petrobras, as applicable, is required by law to withhold or deduct any taxes, levies, deductions or other governmental charges, PifCo or Petrobras, as applicable, will make such deduction or withholding, make payment of the amount so withheld to the appropriate governmental authority and pay the holders any additional amounts necessary to ensure that they receive the same amount as they would have received without such withholding or deduction. For the avoidance of doubt, the foregoing obligations shall extend to payments under the guaranties.

All references to principal, premium, if any, and interest in respect of the notes will be deemed to refer to any additional amounts which may be payable as set forth in the indenture or in the notes.

PifCo or Petrobras, as applicable, will not, however, pay any additional amounts in connection with any tax, levy, deduction or other governmental charge that is imposed due to any of the following (excluded additional amounts):

- the holder has a connection with the taxing jurisdiction other than merely holding the notes, receiving principal or interest payments on the notes, or enforcing any rights with respect to the notes (such as citizenship, nationality, residence, domicile, or existence of a business, a permanent establishment, a dependent agent, a place of business or a place of management, present or deemed present within the taxing jurisdiction);

- any tax imposed on, or measured by, net income;

- the holder fails to comply with any certification, identification or other reporting requirements concerning its nationality, residence, identity or connection with the taxing jurisdiction, if (x) such compliance is required by applicable law, regulation, administrative practice or treaty as a precondition to exemption from all or a part of the tax, levy, deduction or other governmental charge, (y) the holder is able to comply with such requirements without undue hardship and (z) at least 30 calendar days prior to the first payment date with respect to which such requirements under the applicable law, regulation, administrative practice or treaty will apply, PifCo or Petrobras, as applicable, has notified all holders or the trustee that they will be required to comply with such requirements;

- the holder fails to present (where presentation is required) its notes within 30 calendar days after PifCo has made available to the holder a payment under the notes and the indenture, provided that PifCo or Petrobras, as applicable, will pay additional amounts which a holder would have been entitled to had the notes owned by such holder been presented on any day (including the last day) within such 30 calendar day period;

- any estate, inheritance, gift, value added, use or sales taxes or any similar taxes, assessments or other governmental charges;

**Table of Contents**

where such taxes, levies, deductions or other governmental charges are imposed on a payment on the notes to, or for, an individual and are required to be made pursuant to Council Directive 2003/48/EC or other Directive implementing the conclusions of the ECOFIN Council meeting of November 26-27, 2000, on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such directive;

where the holder could have avoided such taxes, levies, deductions or other governmental charges by requesting that a payment on the notes be made by, or presenting the relevant notes for payment to, another paying agent of PifCo located in a member state of the European Union; or

where the holder would have been able to avoid the tax, levy, deduction or other governmental charge by taking reasonable measures available to such holder.

PifCo shall promptly pay when due any present or future stamp, court or documentary taxes or any other excise or property taxes, charges or similar levies that arise in any taxing jurisdiction from any payment under the notes or under any other document or instrument referred in the indenture or from the execution, delivery, enforcement or registration of the notes or any other document or instrument referred to in the indenture. PifCo shall indemnify and make whole the holders for any present or future stamp, court or documentary taxes or any other excise or property taxes, charges or similar levies payable by PifCo as provided in this paragraph paid by such holder. PifCo shall maintain a paying agent hereunder in a member state of the European Union that will not be obliged to withhold or deduct tax pursuant to the European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN council meeting of November 26-27, 2000, or any law implementing or complying with, or introduced in order to conform to, such Directive.

Holders in some jurisdictions may not receive payment of gross-up amounts for withholding in compliance with the EU Directive on taxation of savings income. See Risk Factors Holders in some jurisdictions may not receive payment of gross-up amounts for withholding in compliance with the EU Directive on taxation of savings income.

***Negative Pledge***

So long as any note of a series remains outstanding, PifCo will not create or permit any lien, other than a PifCo permitted lien, on any of its assets to secure (i) any of its indebtedness or (ii) the indebtedness of any other person, unless PifCo contemporaneously creates or permits such lien to secure equally and ratably its obligations under such series of the notes and the indenture or PifCo provides such other security for such series of the notes as is duly approved by a resolution of the holders of such series of the notes in accordance with the indenture. In addition, PifCo will not allow any of its material subsidiaries to create or permit any lien, other than a PifCo permitted lien, on any of its assets to secure (i) any of its indebtedness, (ii) any of the material subsidiary's indebtedness or (iii) the indebtedness of any other person, unless it contemporaneously creates or permits the lien to secure equally and ratably its obligations under each series of the notes and the indenture or PifCo provides such other security for such notes as is duly approved by a resolution of the holders of such series of the notes in accordance with the indenture. This covenant is subject to a number of important exceptions, including an exception that permits PifCo to grant liens in respect of indebtedness the principal amount of which, in the aggregate, together with all other liens not otherwise described in a specific exception, does not exceed 15% of PifCo's consolidated total assets (as determined in accordance with U.S. GAAP or IFRS) at any time as at which PifCo's balance sheet is prepared and published in accordance with applicable law.

**Table of Contents**

***Limitation on Consolidation, Merger, Sale or Conveyance***

PifCo will not, in one or a series of transactions, consolidate or amalgamate with or merge into any corporation or convey, lease or transfer substantially all of its properties, assets or revenues to any person or entity (other than a direct or indirect subsidiary of Petrobras) or permit any person (other than a direct or indirect subsidiary of PifCo) to merge with or into it unless:

either PifCo is the continuing entity or the person (the successor company ) formed by the consolidation or into which PifCo is merged or that acquired or leased the property or assets of PifCo will assume (jointly and severally with PifCo unless PifCo will have ceased to exist as a result of that merger, consolidation or amalgamation), by a supplemental indenture (the form and substance of which will be previously approved by the trustee), all of PifCo's obligations under the indenture and the notes;

the successor company (jointly and severally with PifCo unless PifCo will have ceased to exist as part of the merger, consolidation or amalgamation) agrees to indemnify each holder against any tax, assessment or governmental charge thereafter imposed on the holder solely as a consequence of the consolidation, merger, conveyance, transfer or lease with respect to the payment of principal of, or interest, the notes;

immediately after giving effect to the transaction, no event of default, and no default has occurred and is continuing;

PifCo has delivered to the trustee an officers' certificate and an opinion of counsel, each stating that the transaction, and each supplemental indenture relating to the transaction, comply with the terms of the indenture dated as of December 15, 2006, and that all conditions precedent provided for in the indenture and relating to the transaction have been complied with; and

PifCo has delivered notice of any such transaction to the trustee.

Notwithstanding anything to the contrary in the foregoing, so long as no default or event of default under the indenture or the notes will have occurred and be continuing at the time of the proposed transaction or would result from the transaction:

PifCo may merge, amalgamate or consolidate with or into, or convey, transfer, lease or otherwise dispose of all or substantially all of its properties, assets or revenues to a direct or indirect subsidiary of PifCo or Petrobras in cases when PifCo is the surviving entity in the transaction and the transaction would not have a material adverse effect on PifCo and its subsidiaries taken as a whole, it being understood that if PifCo is not the surviving entity, PifCo will be required to comply with the requirements set forth in the previous paragraph; or

any direct or indirect subsidiary of PifCo may merge or consolidate with or into, or convey, transfer, lease or otherwise dispose of assets to, any person (other than PifCo or any of its subsidiaries or affiliates) in cases when the transaction would not have a material adverse effect on PifCo and its subsidiaries taken as a whole; or

any direct or indirect subsidiary of PifCo may merge or consolidate with or into, or convey, transfer, lease or otherwise dispose of assets to, any other direct or indirect subsidiary of PifCo or Petrobras; or

any direct or indirect subsidiary of PifCo may liquidate or dissolve if PifCo determines in good faith that the liquidation or dissolution is in the best interests of Petrobras, and would not result in a material adverse effect on PifCo and its subsidiaries taken as a whole and if the liquidation or dissolution is part of a corporate reorganization of PifCo or Petrobras.

**Table of Contents**

PifCo may omit to comply with any term, provision or condition set forth in certain covenants applicable to a series of the notes or any term, provision or condition of the indenture, if before the time for the compliance the holders of at least a majority in principal amount of the outstanding notes of such series waive the compliance, but no waiver can operate except to the extent expressly waived, and, until a waiver becomes effective, PifCo's obligations and the duties of the trustee in respect of any such term, provision or condition will remain in full force and effect.

As used above, the following terms have the meanings set forth below:

**indebtedness** means any obligation (whether present or future, actual or contingent and including any guaranty) for the payment or repayment of money that has been borrowed or raised (including money raised by acceptances and all leases which, under generally accepted accounting principles in the United States, would be a capital lease obligation).

In addition, you will not be entitled to require us to repurchase your notes from you before the stated maturity. The redemption price at maturity for the notes will be equal to 100% of the principal amount of such notes.

***Optional Redemption With Make-Whole Amount for the 2018 Notes and the 2022 Notes***

PifCo will have the right at our option to redeem any of the notes in whole or in part, at any time or from time to time prior to their maturity, on at least 30 days but not more than 60 days notice, at a redemption price equal to the greater of (1) 100% of the principal amount of such notes and (2) the sum of the present values of each remaining scheduled payment of principal and interest thereon (exclusive of interest accrued to the date of redemption) discounted to the redemption date on an annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Bund Rate plus 55 basis points with respect to the 2018 Notes and plus 55 basis points with respect to the 2022 Notes (in each case, the Euro Make-Whole Amount), plus in each case accrued interest on the principal amount of such notes to the date of redemption.

Bund Rate means, as of any redemption date, the rate per annum equal to the yield to maturity as of such redemption date of the Comparable German Bund Issue, assuming a price for the Comparable German Bund Issue (expressed as a percentage of its principal amount) equal to the Comparable German Bund Price for such redemption date, where:

(1) Comparable German Bund Issue means the German Bundesanleihe security selected by the Independent German Bund Investment Banker (as defined below) as having a fixed maturity most nearly equal to the remaining term of the series of notes to be redeemed and that would be utilized at the time of selection and in accordance with customary financial practice, in pricing new issues of euro-denominated corporate debt securities in a principal amount approximately equal to the then outstanding principal amount of the notes and of a maturity most nearly equal to the remaining term of the series of notes to be redeemed; provided, however, that, if the remaining term of the series of notes to be redeemed is not equal to the fixed maturity of the German Bundesanleihe security selected by such Reference German Bund Dealer, the Bund Rate shall be determined by linear interpolation (calculated to the nearest one-twelfth of a year) from the yields of German Bundesanleihe securities for which such yields are given, except that if the remaining term of the series of notes to be redeemed is less than one year, a fixed maturity of one year shall be used;

(2) Comparable German Bund Price means, with respect to any redemption date, (i) the average of all Reference German Bund Dealer Quotations for such redemption date (which, in any event, must include at least two such quotations), after excluding the highest and lowest such Reference German Bund Dealer Quotations, or (ii) if the Independent German Bund Investment Bank obtains fewer than four such Reference German Bund Dealer Quotations, the average of all such quotations;

(3) Independent German Bund Investment Banker means one of the Reference German Bund Dealers (as defined below) appointed by us.

(4) Reference German Bund Dealer means each of Banco Santander, S.A. and Deutsche Bank AG, London branch, or their affiliates, which are dealers of German Bundesanleihe securities and two other leading dealers of German Bundesanleihe securities reasonably designated by us; provided, however, that if any of the foregoing shall cease to be a dealer of German Bundesanleihe securities, we will substitute therefor another dealer of German Bundesanleihe securities; and

(5) Reference German Bund Dealer Quotations means, with respect to each Reference German Bund Dealer and any redemption date, the average as determined by the Independent German Bund Investment Banker of the bid and offered prices for the Comparable German Bund Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent German Bund Investment Bank by such Reference German Bund Dealer at 3:30 p.m. Frankfurt, Germany, time on the third business day preceding the redemption date.

### ***Redemption for Taxation Reasons***

We have the option, subject to certain conditions, to redeem each series of the notes in whole at their principal amount, plus accrued and unpaid interest, if any, to the relevant date of redemption, if and when, as a result of a change in, execution of, or amendment to, any laws or treaties or the official application or interpretation of any laws or treaties, we would be required to pay additional amounts related to the deduction of certain withholding taxes in respect of certain payments on such series of the notes. See *Description of Debt Securities – Special Situations-Optional Tax Redemption* in the accompanying prospectus.

The Optional Tax Redemption set forth in the accompanying prospectus shall apply with the reincorporation of PifCo being treated as the adoption of a successor entity. Such redemption shall not be available if the reincorporation was performed in anticipation of a change in, execution of or amendment to any laws or treaties or the official application or interpretation of any laws or treaties in such new jurisdiction of incorporation that would result in the obligation to pay additional amounts.

### ***Further Issuances***

The indenture by its terms does not limit the aggregate principal amount of securities that may be issued under it and permits the issuance, from time to time, of additional notes (also referred to as add-on notes) of the same series as those offered under this prospectus supplement. The ability to issue add-on notes is subject to several requirements, however, including that (i) no event of default under the indenture or event that with the passage of time or other action may become an event of default (such event being a *default* ) will have occurred and then be continuing or will occur as a result of that additional issuance and (ii) the add-on notes will rank *pari passu* and have equivalent terms and benefits as the notes offered under this prospectus supplement except for the price to the public and the issue date. Any add-on notes with respect to either series of the notes will be part of the same series as such notes that PifCo is currently offering and the holders will vote on all matters in relation to the applicable notes as a single series.

### **Covenant Defeasance**

Any restrictive covenants of the indenture may be defeased as described in the accompanying prospectus.

### **Conversion**

The notes will not be convertible into, or exchangeable for, any other securities.

### **Listing**

PifCo has applied to list the notes on the official list of the Luxembourg Stock Exchange and have them admitted to trading on the Euro MTF market of the Luxembourg Stock Exchange.

### **Notices**

So long as the notes are represented by a global security deposited with The Bank of New York Mellon, as custodian for the common depository for Clearstream and Euroclear, notices to be given to holders will be given to Clearstream and Euroclear in accordance with their applicable policies as in effect from time to time. If we issue notes in certificated form, notices to be given to holders will be sent by mail to the respective addresses of the holders as they appear in the trustee's records, and will be deemed given when mailed.

## **Table of Contents**

In addition, so long as the notes are listed on the official list of the Luxembourg Stock Exchange for trading on the Euro MTF market and it is required by the rules of such exchange, all notices to holders of notes will be published in English:

(1) in a leading newspaper having a general circulation in Luxembourg (which currently is expected to be *Luxemburger Wort*); or

(2) on the website of the Luxembourg Stock Exchange at <http://www.bourse.lu>.

Notices will be deemed to have been given on the date of mailing or of publication as aforesaid or, if published on different dates, on the date of the first such publication. If publication as provided above is not practicable, notices will be given in such other manner, and shall be deemed to have been given on such date, as the trustee may approve.

Neither the failure to give any notice to a particular holder, nor any defect in a notice given to a particular holder, will affect the sufficiency of any notice given to other holders.

### **Currency Rate Indemnity**

PifCo has agreed that, if a judgment or order made by any court for the payment of any amount in respect of any notes is expressed in a currency (the judgment currency) other than euros (the denomination currency), PifCo will indemnify the relevant holder and the trustee against any deficiency arising from any variation in rates of exchange between the date as of which the denomination currency is notionally converted into the judgment currency for the purposes of the judgment or order and the date of actual payment. This indemnity will constitute a separate and independent obligation from PifCo's other obligations under the indenture, will give rise to a separate and independent cause of action, will apply irrespective of any indulgence granted from time to time and will continue in full force and effect notwithstanding any judgment or order for a liquidated sum or sums in respect of amounts due in respect of the relevant note or under any judgment or order described above.

### **Exchange Rate Risks and Exchange Controls**

Government and monetary authorities have imposed from time to time, and may in the future impose, exchange controls that could affect exchange rates, as well as the availability, of the specified currency in which a note is payable at the time of payment of the principal or return in respect of such note.

### **The Trustee and the Paying Agent**

The Bank of New York Mellon, a New York banking corporation, is the trustee under the indenture and has been appointed by PifCo as registrar and paying agent with respect to the notes. The address of the trustee is 101 Barclay Street, 4E, New York, New York, 10286. PifCo will at all times maintain a paying agent in New York City until the notes are paid. The Bank of New York Mellon, London Branch, has been designated principal paying agent and The Bank of New York Mellon (Luxembourg) S.A. has been designated paying agent in Luxembourg with respect to the notes under the eighth and ninth supplemental indentures, respectively.

Any corporation or association into which the trustee or any agent may be merged or converted or with which it may be consolidated, or any corporation or association resulting from any merger, conversion or consolidation to which the trustee or any agent shall be a party, or any corporation or association to which all or substantially all of the corporate trust business of the trustee or any agent may be sold or otherwise transferred, shall be the successor trustee or any agent hereunder without any further act.

Notes represented by global notes can be exchanged for definitive notes in registered form only if:

Clearstream, Luxembourg and Euroclear are closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announce an intention to permanently cease business or have in fact done so, and no successor clearing system is available within 90 days; or

certain events provided in the indenture occur, including the occurrence and continuation of an event of default with respect to the notes.

If any of these events occurs, we will reissue and the trustee will authenticate the notes in fully certificated registered form and will recognize the registered holders of the certificated notes as holders under the indenture. In all cases, certificated notes delivered in exchange for global notes will be registered in the names, and issued in any approved denominations, requested by the common depository and will bear a legend indicating the transfer restrictions of the related global note.

### **Payment and Paying Agents**

We will make principal and interest payments on all notes represented by global notes to the principal paying agent which in turn will make payment to the common depository for Clearstream, Luxembourg and Euroclear, as the sole registered owner and the sole holder of the notes represented by global notes for all purposes under the indenture. Accordingly, we, the trustee and any paying agent will not have responsibility or liability for:

any aspect of the records of Clearstream, Luxembourg or Euroclear relating to, or payments made on account of, beneficial ownership interests in a note represented by global notes;

any other aspect of the relationship between Euroclear or Clearstream, Luxembourg and their participants or the relationship between those participants and the owners of beneficial interests in global notes held through those participants; or

the maintenance, supervision or review of any records of Clearstream, Luxembourg or Euroclear relating to those beneficial ownership interests.

### ***The Euroclear System***

The Euroclear System was created in 1968 to hold securities for participants in the Euroclear System and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thus eliminating the need for physical movement of certificates and risk from lack of simultaneous transfers of securities and cash. Transactions may now be settled in many currencies, including euros. The Euroclear System provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries.

**Table of Contents**

The Euroclear System is operated by Euroclear Bank S.A./N.V. (the Euroclear Operator ), under contract with Euroclear Clearance System, S.C., a Belgian cooperative corporation (the Cooperative ). The Euroclear Operator conducts all operations, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for the Euroclear system on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to the Euroclear System is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

The Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System and applicable Belgian law govern securities clearance accounts and cash accounts with the Euroclear Operator. Specifically, these terms and conditions govern:

transfers of securities and cash within the Euroclear System;

withdrawal of securities and cash from the Euroclear System; and

receipts of payments with respect to securities in the Euroclear System.

All securities in the Euroclear System are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. Neither PifCo or Petrobras, nor the trustee nor any of the trustee's agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

While a note in global form is lodged with the custodian, notes represented by individual definitive notes will not be eligible for clearing or settlement through Euroclear or Clearstream, Luxembourg.

**Table of Contents**

**Individual Definitive Notes**

Registration of title to notes in a name other than The Bank of New York Depository (Nominees) Limited will not be permitted unless (i) Euroclear or Clearstream, Luxembourg has notified us that it is unwilling or unable to continue as depository for the notes in global form and we do not or cannot appoint a successor depository within 90 days or (ii) PifCo decides in its sole discretion to allow some or all book-entry notes to be exchangeable for definitive notes in registered form, upon the occurrence of certain events such as Events of Default. In such circumstances, PifCo will cause sufficient individual definitive notes to be executed and delivered to the registrar for completion, authentication and dispatch to the relevant holders of notes. Payments with respect to definitive notes may be made through a paying agent. A person having an interest in the notes in global form must provide the registrar with a written order containing instructions and such other information as the registrar and we may require to complete, execute and deliver such individual definitive notes.

**DESCRIPTION OF THE GUARANTIES**

**General**

In connection with the execution and delivery of the eighth supplemental indenture, the ninth supplemental indenture and the notes offered by this prospectus supplement, Petrobras will guarantee the 2018 Notes and the 2022 Notes (each, a guaranty and together, the guaranties) for the benefit of the holders.

The guaranties will provide that Petrobras will unconditionally and irrevocably guarantee the notes on the terms and conditions described below.

The following summary describes the material provisions of the guaranties. You should read the more detailed provisions of the applicable guaranty, including the defined terms, for provisions that may be important to you. This summary is subject to, and qualified in its entirety by reference to, the provisions of the applicable guaranty.

Despite the Brazilian government's ownership interest in Petrobras, the Brazilian government is not responsible in any manner for PifCo's obligations under the 2018 Notes or the 2022 Notes, as applicable, or Petrobras' obligations under the guaranties.

**Ranking**

The obligations of Petrobras under the guaranties will constitute general unsecured obligations of Petrobras which at all times will rank *pari passu* with all other senior unsecured obligations of Petrobras that are not, by their terms, expressly subordinated in right of payment to the obligations of Petrobras under the guaranties.

**Nature of Obligation**

Petrobras will unconditionally and irrevocably guarantee the full and punctual payment when due, whether at the maturity date of the notes, or earlier or later by acceleration or otherwise, of all of PifCo's obligations now or hereafter existing under the indenture and the notes, whether for principal, interest, make-whole premium, fees, indemnities, costs, expenses, tax payments or otherwise (such obligations being referred to as the guaranteed obligations).

The obligation of Petrobras to pay amounts in respect of the guaranteed obligations will be absolute and unconditional upon failure of PifCo to make, at the maturity date of the 2018 Notes or the 2022 Notes, as applicable, or earlier upon any acceleration of the applicable notes in accordance with the terms of the indenture, any payment in respect of principal, interest or other amounts due under the indenture and the applicable series of the notes on the date any such payment is due. If PifCo fails to make payments to the trustee in respect of the guaranteed obligations, Petrobras will, upon notice from the trustee, immediately pay to the trustee such amount of the guaranteed obligations payable under the indenture and the notes. All amounts payable by Petrobras under the guaranties will be payable in euros and in immediately available funds to the trustee. Petrobras will not be relieved of its obligations under either guaranty unless and until the trustee receives all amounts required to be paid by Petrobras under such guaranty (and any related event of default under the indenture has been cured), including payment of the total non-payment overdue interest.

**Events of Default**

There are no events of default under the guaranties. The eighth supplemental indenture and the ninth supplemental indenture, however, contain events of default relating to Petrobras that may trigger an event of default and acceleration of the 2018 Notes or the 2022 Notes. See "Description of Debt Securities Default and Related Matters Events of Default" in the accompanying prospectus. Upon any such acceleration (including any acceleration arising out of the insolvency or similar events relating to Petrobras), if PifCo fails to pay all amounts then due under the 2018 Notes or the 2022 Notes, as applicable, and the indenture, Petrobras will be obligated to make such payments pursuant to the relevant guaranty.

## **Table of Contents**

### **Covenants**

For so long as any of the 2018 Notes or the 2022 Notes, as applicable, are outstanding and Petrobras has obligations under the guaranties, Petrobras will, and will cause each of its subsidiaries, as applicable, to comply with the terms of the following covenants:

#### ***Performance Obligations under the Guaranties and Indenture***

Petrobras will pay all amounts owed by it and comply with all its other obligations under the terms of the relevant guaranty and the indenture in accordance with the terms of those agreements.

#### ***Maintenance of Corporate Existence***

Petrobras will maintain in effect its corporate existence and all necessary registrations and take all actions to maintain all rights, privileges, titles to property, franchises, concessions and the like necessary or desirable in the normal conduct of its business, activities or operations. However, this covenant will not require Petrobras to maintain any such right, privilege, title to property or franchise if the failure to do so does not, and will not, have a material adverse effect on Petrobras taken as a whole or have a materially adverse effect on the rights of the holders of the notes.

#### ***Maintenance of Office or Agency***

So long as a series of the notes is outstanding, Petrobras will maintain in the Borough of Manhattan, The City of New York, an office or agency where notices to and demands upon Petrobras in respect of the guaranty for such series may be served. Initially this office will be located at Petrobras' existing principal U.S. office at 570 Lexington Avenue, 43rd Floor, New York, New York 10022-6837. Petrobras will agree not to change the designation of their office without prior written notice to the trustee and designation of a replacement office in the same general location.

#### ***Ranking***

Petrobras will ensure at all times that its obligations under the guaranties will be its general senior unsecured and unsubordinated obligations and will rank *pari passu*, without any preferences among themselves, with all other present and future senior unsecured and unsubordinated obligations of Petrobras (other than obligations preferred by statute or by operation of law) that are not, by their terms, expressly subordinated in right of payment to the obligations of Petrobras under the guaranties.

#### ***Notice of Certain Events***

Petrobras will give written notice to the trustee, as soon as is practicable and in any event within 30 calendar days after Petrobras becomes aware, or should reasonably become aware, of the occurrence of any event of default or a default under the indenture, accompanied by a certificate of Petrobras setting forth the details of that event of default or default and stating what action Petrobras proposes to take with respect to it.

#### ***Provision of Financial Statements and Reports***

Petrobras will provide to the trustee, in English or accompanied by a certified English translation thereof, (i) within 90 calendar days after the end of each fiscal quarter (other than the fourth quarter), its unaudited and consolidated balance sheet and statement of income calculated in accordance with U.S. GAAP or IFRS, if Petrobras adopts IFRS as its primary reporting or accounting standard in reports filed with the SEC and (ii) within 120 calendar days after the end of each fiscal year, its audited and consolidated balance sheet and statement of income calculated in accordance with U.S. GAAP or IFRS.

Petrobras will provide, together with each of the financial statements delivered as described in the preceding paragraph, an officers' certificate stating that a review of Petrobras' and PifCo's activities has been made during the period covered by such financial statements with a view to determining whether Petrobras and PifCo have kept, observed, performed and fulfilled their covenants and agreements under the guaranties and the indenture, as applicable, and that no event of default has occurred during such period.

**Table of Contents**

In addition, whether or not Petrobras is required to file reports with the SEC, Petrobras will file with the SEC and deliver to the trustee (for redelivery to all holders of the notes, upon written request, of the 2018 Notes or the 2022 Notes, as applicable) all reports and other information it would be required to file with the SEC under the Exchange Act if it were subject to those regulations. If the SEC does not permit the filing described above, Petrobras will provide annual and interim reports and other information to the trustee within the same time periods that would be applicable if Petrobras were required and permitted to file these reports with the SEC.

Delivery of these reports, information and documents to the trustee is for informational purposes only and the trustee's receipt of any of those shall not constitute constructive notice of any information contained in them or determinable from information contained therein, including Petrobras' compliance with any of its covenants in the guaranties (as to which the trustee is entitled to rely exclusively on officer's certificates).

***Negative Pledge***

So long as any note remains outstanding, Petrobras will not create or permit any lien, other than a Petrobras permitted lien, on any of its assets to secure (i) any of its indebtedness or (ii) the indebtedness of any other person, unless Petrobras contemporaneously creates or permits the lien to secure equally and ratably its obligations under the guaranties or Petrobras provides other security for its obligations under the guaranties as is duly approved by a resolution of the holders of each series of the notes in accordance with the indenture. In addition, Petrobras will not allow any of its material subsidiaries to create or permit any lien, other than a Petrobras permitted lien, on any of Petrobras' assets to secure (i) any of its indebtedness, (ii) any of the material subsidiary's indebtedness or (iii) the indebtedness of any other person, unless Petrobras contemporaneously creates or permits the lien to secure equally and ratably Petrobras' obligations under the guaranties or Petrobras provides such other security for its obligations under the guaranties as is duly approved by a resolution of the holders of each series of the notes in accordance with the indenture.

(j) lien resulting from the indenture, the notes, and the guaranties, if any;

(k) lien incurred in connection with the issuance of debt or similar securities of a type comparable to those already issued by Petrobras, on amounts of cash or cash equivalents on deposit in any reserve or similar account to pay interest on such securities for a period of up to 24 months as required by any rating agency as a condition to such rating agency rating such securities investment grade, or as is otherwise consistent with market conditions at such time;

(l) lien granted or incurred to secure any extension, renewal, refinancing, refunding or exchange (or successive extensions, renewals, refinancings, refundings or exchanges), in whole or in part, of or for any indebtedness secured by any lien referred to in paragraphs (a) through (k) above (but not paragraph (d)), provided that such lien does not extend to any other property, the principal amount of the indebtedness secured by the lien is not increased, and in the case of paragraphs (a), (b), (c) and (g), the obligees meet the requirements of that paragraph, and in the case of paragraph (h), the indebtedness is incurred in connection with a project financing by Petrobras, any of Petrobras subsidiaries or any consortium or other venture in which Petrobras or any subsidiary have any ownership or other similar interest; and

(m) lien in respect of indebtedness the principal amount of which in the aggregate, together with all liens not otherwise qualifying as Petrobras permitted liens pursuant to another part of this definition of Petrobras permitted liens, does not exceed 15% of Petrobras consolidated total assets (as determined in accordance with U.S. GAAP or IFRS) at any date as at which Petrobras balance sheet is prepared and published in accordance with applicable law.

A wholly-owned subsidiary means, with respect to any corporate entity, any person of which 100% of the outstanding capital stock (other than qualifying shares, if any) having by its terms ordinary voting power (not dependent on the happening of a contingency) to elect the board of directors (or equivalent controlling governing body) of that person is at the time owned or controlled directly or indirectly by that corporate entity, by one or more wholly-owned subsidiaries of that corporate entity or by that corporate entity and one or more wholly-owned subsidiaries.

***Limitation on Consolidation, Merger, Sale or Conveyance***

Petrobras will not, in one or a series of transactions, consolidate or amalgamate with or merge into any corporation or convey, lease or transfer substantially all of its properties, assets or revenues to any person or entity (other than a direct or indirect subsidiary of Petrobras) or permit any person (other than a direct or indirect subsidiary of Petrobras) to merge with or into it unless:

either Petrobras is the continuing entity or the person (the successor company) formed by such consolidation or into which Petrobras is merged or that acquired or leased such property or assets of Petrobras will assume (jointly and severally with Petrobras unless Petrobras will have ceased to exist as a result of such merger, consolidation or amalgamation), by an amendment to the applicable guaranty (the form and substance of which will be previously approved by the trustee), all of Petrobras obligations under such guaranty;

the successor company (jointly and severally with Petrobras unless Petrobras will have ceased to exist as part of such merger, consolidation or amalgamation) agrees to indemnify each holder against any tax, assessment or governmental charge thereafter imposed on such holder solely as a consequence of such consolidation, merger, conveyance, transfer or lease with respect to the payment of principal of, or interest on, the 2018 Notes or the 2022 Notes, as applicable;

**Table of Contents**

immediately after giving effect to the transaction, no event of default, and no default has occurred and is continuing;

Petrobras has delivered to the trustee an officers certificate and an opinion of counsel, each stating that the transaction and the amendment to the applicable guaranty comply with the terms of the applicable guaranty and that all conditions precedent provided for in such guaranty and relating to such transaction have been complied with; and

Petrobras has delivered notice of any such transaction to the trustee.

Notwithstanding anything to the contrary in the foregoing, so long as no default or event of default under the indenture or the 2018 Notes or the 2022 Notes, as applicable, has occurred and is continuing at the time of such proposed transaction or would result therefrom and Petrobras has delivered notice of any such transaction to the trustee:

Petrobras may merge, amalgamate or consolidate with or into, or convey, transfer, lease or otherwise dispose of all or substantially all of its properties, assets or revenues to a direct or indirect subsidiary of Petrobras in cases when Petrobras is the surviving entity in such transaction and such transaction would not have a material adverse effect on Petrobras and its subsidiaries taken as whole, it being understood that if Petrobras is not the surviving entity, Petrobras will be required to comply with the requirements set forth in the previous paragraph; or

any direct or indirect subsidiary of Petrobras may merge or consolidate with or into, or convey, transfer, lease or otherwise dispose of assets to, any person (other than Petrobras or any of its subsidiaries or affiliates) in cases when such transaction would not have a material adverse effect on Petrobras and its subsidiaries taken as a whole; or

any direct or indirect subsidiary of Petrobras may merge or consolidate with or into, or convey, transfer, lease or otherwise dispose of assets to, any other direct or indirect subsidiary of Petrobras; or

any direct or indirect subsidiary of Petrobras may liquidate or dissolve if Petrobras determines in good faith that such liquidation or dissolution is in the best interests of Petrobras, and would not result in a material adverse effect on Petrobras and its subsidiaries taken as a whole and if such liquidation or dissolution is part of a corporate reorganization of Petrobras.

**Amendments**

The guaranties may only be amended or waived in accordance with their terms pursuant to a written document which has been duly executed and delivered by Petrobras and the trustee, acting on behalf of the holders of the 2018 Notes or the 2022 Notes, as applicable. Because the guaranties form part of the indenture, they may be amended by Petrobras and the trustee, in some cases without the consent of the holders of the applicable notes. See Description of Debt Securities Special Situations Modification and Waiver in the accompanying prospectus.

Except as contemplated above, the indenture will provide that the trustee may execute and deliver any other amendment to the guaranties or grant any waiver thereof only with the consent of the holders of a majority in aggregate principal amount of the 2018 Notes or 2022 Notes then outstanding, as applicable.

**Governing Law**

The guaranties will be governed by the laws of the State of New York.

**Table of Contents**

**Jurisdiction**

Petrobras has consented to the non-exclusive jurisdiction of any court of the State of New York or any U.S. federal court sitting in the Borough of Manhattan, The City of New York, New York, United States and any appellate court from any thereof. Service of process in any action or proceeding brought in such New York State federal court sitting in New York City may be served upon Petrobras at Petrobras New York office located at 570 Lexington Avenue, 43rd Floor, New York, New York 10022-6837. The guaranties provide that if Petrobras no longer maintains an office in New York City, then it will appoint a replacement process agent within New York City as its authorized agent upon which process may be served in any action or proceeding.

**Waiver of Immunities**

To the extent that Petrobras may in any jurisdiction claim for itself or its assets immunity from a suit, execution, attachment, whether in aid of execution, before judgment or otherwise, or other legal process in connection with the guaranties (or any document delivered pursuant thereto) and to the extent that in any jurisdiction there may be immunity attributed to Petrobras, PifCo or their assets, whether or not claimed, Petrobras has irrevocably agreed with the trustee, for the benefit of the holders, not to claim, and to irrevocably waive, the immunity to the full extent permitted by law.

**Currency Rate Indemnity**

Petrobras has agreed that, if a judgment or order made by any court for the payment of any amount in respect of any of its obligations under the guaranties is expressed in a currency (the judgment currency ) other than euros (the denomination currencies ), Petrobras will indemnify the relevant holder and the trustee against any deficiency arising from any variation in rates of exchange between the date as of which the denomination currency is notionally converted into the judgment currency for the purposes of the judgment or order and the date of actual payment. This indemnity will constitute a separate and independent obligation from Petrobras other obligations under the guaranties, will give rise to a separate and independent cause of action, will apply irrespective of any indulgence granted from time to time and will continue in full force and effect.

**Table of Contents****TAXATION**

The following discussion summarizes certain U.S. federal income, Brazilian, Cayman Islands and EU related tax considerations that may be relevant to the ownership and disposition of the notes acquired in this offering for the original price. This summary does not describe all of the tax considerations that may be relevant to you or your situation, particularly if you are subject to special tax rules. You should consult your tax advisors about the tax consequences of holding the notes, including the relevance to your particular situation of the considerations discussed below, as well as of any other tax laws. There currently are no income tax treaties between Brazil and the United States. Although the tax authorities of Brazil and the United States have had recent discussions that may culminate in such a treaty, we cannot assure you as to whether or when a treaty will enter into force or how it will affect holders of the notes.

**U.S. Federal Income Tax Considerations**

The following is a summary of certain U.S. federal income tax considerations that may be relevant to a beneficial owner of a note that is, for U.S. federal income tax purposes, a citizen or resident of the United States, a domestic corporation or an entity otherwise subject to U.S. federal income taxation on a net income basis in respect of the note (a U.S. Holder). This summary addresses only U.S. Holders that purchase notes as part of the initial offering, and that hold such notes as capital assets. The summary does not address tax considerations applicable to investors that may be subject to special tax rules, such as banks or other financial institutions, tax-exempt entities, partnerships (or entities or arrangements treated as partnerships for U.S. federal income tax purposes) or partners therein, insurance companies, dealers in securities or currencies, traders in securities electing to mark to market, persons that will hold the notes as a position in a straddle or conversion transaction, or as part of a synthetic security or other integrated financial transaction or persons that have a functional currency other than the U.S. Dollar. A Non-U.S. Holder is a beneficial owner of the notes (other than a partnership or other entity or arrangement treated as a partnership for U.S. federal income tax purposes) that is not a U.S. Holder.

This summary is based on the Internal Revenue Code of 1986, as amended, existing, proposed and temporary U.S. Treasury regulations and judicial and administrative interpretations thereof, in each case as in effect and available on the date hereof. All of the foregoing are subject to change (possibly with retroactive effect) or to differing interpretations, which could affect the U.S. federal income tax consequences described herein.

**INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISORS REGARDING THE TAX CONSEQUENCES OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF THE NOTES, INCLUDING THE APPLICATION TO THEIR PARTICULAR CIRCUMSTANCES OF THE U.S. FEDERAL INCOME TAX CONSIDERATIONS DISCUSSED BELOW, AS WELL AS THE APPLICATION OF U.S. FEDERAL ESTATE, GIFT AND ALTERNATIVE MINIMUM TAX LAWS, U.S. STATE AND LOCAL TAX LAWS AND FOREIGN TAX LAWS.**

***Payments of Interest and Additional Amounts***

Payments of interest on a note (which may include additional amounts) generally will be taxable to a U.S. Holder as ordinary interest income when such interest is accrued or received, in accordance with the U.S. Holder's regular method of accounting for U.S. federal income tax purposes.

A U.S. Holder that uses the cash method of accounting for U.S. federal income tax purposes and that receives a payment of stated interest will be required to include in ordinary income the U.S. dollar value of the euro (foreign currency) interest payment determined on the date such payment is received, regardless of whether the payment is in fact converted to U.S. dollars. A cash method U.S. Holder will not recognize exchange gain or loss with respect to the receipt of such payment, but may have exchange gain or loss attributable to the actual disposition of the foreign currency so received.

**Table of Contents**

A U.S. Holder that uses the accrual method of accounting for U.S. federal income tax purposes will be required to include in income the U.S. dollar value of the amount of stated interest income in foreign currency that has accrued with respect to a note during an accrual period. The U.S. dollar value of such accrued income will be determined by translating such income at the average rate of exchange for the accrual period or, with respect to an accrual period that spans two taxable years, at the average rate for the partial period within the taxable year. A U.S. Holder may elect, however, to translate such accrued interest income using the spot rate on the last day of the accrual period or, with respect to an accrual period that spans two taxable years, using the spot rate on the last day of the taxable year. If the last day of an accrual period is within five business days of the date of receipt of the accrued interest, a U.S. Holder may translate such interest using the spot rate on the date of receipt. The above election will apply to other obligations held by the U.S. Holder and may not be changed without the consent of the Internal Revenue Service ( IRS ).

A U.S. Holder that uses the accrual method of accounting for U.S. federal income tax purposes will recognize exchange gain or loss with respect to accrued interest income on the date such interest is received. The amount of exchange gain or loss recognized will equal the difference, if any, between the U.S. dollar value of the foreign currency payment received (determined at the spot rate on the date such payment is received) in respect of such accrual period and the U.S. dollar value of interest income that has accrued during such accrual period (as determined above).

Exchange gain or loss generally, (i) will constitute ordinary income or loss, (ii) will not be treated as an adjustment to interest income received on the notes and (iii) will be treated as U.S. source income or as an offset to U.S. source income, respectively.

Interest income in respect of the notes generally will constitute foreign-source income for purposes of computing the foreign tax credit allowable under the U.S. federal income tax laws. The limitation on foreign income taxes eligible for credit is calculated separately with respect to specific classes of income. Such income generally will constitute passive category income for foreign tax credit purposes. The calculation and availability of foreign tax credits and, in the case of a U.S. Holder that elects to deduct foreign income taxes, the availability of such deduction involves the application of complex rules that depend on the U.S. Holder's particular circumstances. In addition, foreign tax credits generally will not be allowed for certain short-term or hedged positions in the notes.

U.S. Holders should consult their own tax advisors regarding the availability of foreign tax credits or deductions in respect of foreign taxes and the treatment of additional amounts.

A Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on interest income earned in respect of notes so long as such income is not effectively connected with the conduct by the Non-U.S. Holder of a trade or business in the United States. Non-U.S. Holders should consult their own tax advisors in the event interest income with respect to the notes is effectively connected with their trade or business in the United States.

***Sale or Disposition of Notes***

A U.S. Holder generally will recognize capital gain or loss upon the sale, exchange, retirement or other taxable disposition of a note in an amount equal to the difference between the U.S. dollar value of the amount realized upon such disposition (other than amounts attributable to accrued but unpaid interest, which will be taxed as ordinary income to the extent not previously included in gross income) and such U.S. Holder's tax basis in the note as determined in U.S. dollars. A U.S. Holder's tax basis in the note will generally equal such U.S. Holder's purchase price of the Note. Subject to the discussion in the next paragraph, gain or loss realized by a U.S. Holder on the disposition of a Note generally will be long-term capital gain or loss if, at the time of the disposition, the Note has been held for more than one year. The net amount of long-term capital gain realized by an individual U.S. Holder generally is subject to tax at a reduced rate which rates currently are scheduled to increase on January 1, 2013. The deductibility of capital losses is subject to limitations.

Any gain or loss realized upon a sale, exchange, retirement or other taxable disposition of a note that is attributable to fluctuations in currency exchange rates will be ordinary income or loss and will generally be treated as U.S. source income or as an offset to U.S. source income, respectively. In addition, upon the sale, exchange, retirement or other taxable disposition of a note, an accrual method U.S. Holder may realize exchange gain or loss attributable to amounts received in respect of accrued and unpaid interest. However, a U.S. Holder will realize exchange gain or loss with respect to principal and accrued interest only to the extent of the total gain or loss realized on the disposition.

**Table of Contents**

Capital gain or loss recognized by a U.S. Holder generally will be U.S.-source gain or loss. Consequently, if any such gain is subject to foreign withholding tax, a U.S. Holder may not be able to credit the tax against its U.S. federal tax liability unless such credit can be applied (subject to the applicable limitation) against tax due on other income treated as derived from foreign sources. U.S. Holders should consult their own tax advisors as to the foreign tax credit implications of a disposition of the notes.

A Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on gain realized on the sale or other taxable disposition of notes so long as (i) such gain is not effectively connected with the conduct by the Non-U.S. Holder of a trade or business in the United States or (ii) in the case of gain realized by an individual, such Non-U.S. Holder is not present in the United States for 183 days or more in the taxable year of the disposition. Non-U.S. Holders should consult their own tax advisors in the event either of the foregoing conditions applies.

***Backup Withholding and Information Reporting***

Payments in respect of the notes that are paid within the United States or through certain U.S.-related financial intermediaries are subject to information reporting, and may be subject to backup withholding, unless the U.S. Holder (i) is a corporation or other exempt recipient, and demonstrates this fact when so required, or (ii) provides a correct taxpayer identification number, certifies that it is not subject to backup withholding and otherwise complies with applicable requirements of the backup withholding rules. The amount of any backup withholding collected from a payment to a U.S. Holder will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability, and may entitle the U.S. Holder to a refund, provided that certain required information is timely furnished to the IRS.

Although Non-U.S. Holders generally are exempt from backup withholding, a Non-U.S. Holder may, in certain circumstances, be required to comply with certification procedures to prove entitlement to this exemption.

U.S. Holders may be subject to other U.S. information reporting requirements. Holders should consult their own advisors regarding the application of U.S. information reporting rules in light of their particular circumstances.

***Brazilian Tax Considerations***

The following discussion is a summary of the Brazilian tax considerations relating to an investment in the notes by a non-resident of Brazil. This discussion is based on the tax laws of Brazil as in effect on the date of this prospectus supplement and is subject to any change in Brazilian law that may come into effect after such date. The information set forth below is intended to be a general discussion only and does not address all possible tax consequences relating to an investment in the notes.

**PROSPECTIVE INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISERS AS TO THE CONSEQUENCES OF PURCHASING THE NOTES, INCLUDING, WITHOUT LIMITATION, THE CONSEQUENCES OF THE RECEIPT OF INTEREST AND THE SALE OR OTHER DISPOSITION OF THE NOTES OR COUPONS.**

***Payments in Respect of the Notes, and Sale or Other Disposition of Notes***

Generally, an individual, entity, trust or organization that is domiciled for tax purposes outside Brazil (a Non-Resident ) is subject to income tax in Brazil only when income is derived from Brazilian source or when the transaction giving rise to such earnings involves assets located in Brazil. Therefore, based on the fact that PifCo is considered to be domiciled abroad for tax purposes, any interest (including original issue discount, if any), gains, fees, commissions, expenses and any other income paid by PifCo in respect of the notes it issues to Non-Resident holders should not, under Brazilian law, be regarded as payable by a Brazilian obligor. Accordingly, no Brazilian income or withholding taxes should apply to payments made by the issuer, provided that such payments are made with funds held by PifCo outside of Brazil.

**Table of Contents**

Any capital gains generated outside Brazil as a result of a transaction between two Non-Resident holders with respect to assets not located in Brazil are generally not subject to tax in Brazil. If the assets are located in Brazil, then capital gains realized thereon are subject to income tax, according to Law No. 10,833, enacted on December 29, 2003. Since the notes will be issued and registered abroad, the notes should not fall within the definition of assets located in Brazil for purposes of Law No. 10,833. Therefore, gains realized on the sale or other disposition of the notes made outside Brazil by a Non-Resident holder to another non-Brazilian resident should not be subject to Brazilian taxes. Notwithstanding the foregoing, considering the general and unclear scope of this legislation and the absence of judicial guidance in respect thereof, we cannot assure prospective investors that such interpretation will prevail in the courts of Brazil.

As a result, gains realized by a Non-Resident holder from the sale or other disposition of the notes (i) in case the notes are deemed to be located in Brazil, to a Non-Resident, or (ii) to a resident of Brazil may be subject to income tax in Brazil at a rate of 15%, or 25% if such Non-Resident holder is located in a country that does not impose any income tax or which imposes income tax at a maximum rate lower than 20% or in a country or location where the local laws do not allow access to information related to the shareholding composition of legal entities, to their ownership or to the identity of the effective beneficiary of the income attributed to non-residents (a Low or Nil Tax Jurisdiction), unless a lower rate is provided for in an applicable tax treaty between Brazil and the country where the Non-Resident holder has its domicile.

***Payments Made by Petrobras as Guarantor***

Interest, fees, commissions, expenses and any other income payable by Petrobras as guarantor resident in Brazil to a Non-Resident holder are generally subject to income tax withheld at source. The rate of withholding in respect of interest payments is generally 15%, unless (i) the holder of the notes is resident or domiciled in a Low or Nil Tax Jurisdiction, in which case the applicable rate is 25%, or (ii) such other lower rate as provided for in an applicable tax treaty between Brazil and another country where the beneficiary is domiciled. In case the guarantor is required to assume the obligation to pay the principal amount of the notes, Brazilian tax authorities could attempt to impose withholding income tax as described above.

If the payments with respect to the notes are made by Petrobras as a guarantor, then Non-Resident holders will be indemnified so that, after payment of applicable Brazilian taxes imposed by deduction or withholding with respect to principal or interest payable with respect to the notes, subject to certain exceptions, as mentioned in Description of the Notes Covenants Additional Amounts, a Non-Resident holder will receive an amount equal to the amount that such Non-Resident holder would have received if no such taxes were imposed.. See Description of the Notes Covenants Additional Amounts.

***Low or Nil Tax Jurisdictions and Privileged Tax Regimes***

On June 4, 2010, Brazilian tax authorities adopted Normative Instruction No. 1,037 listing (i) the countries and jurisdictions considered as Low or Nil Tax Jurisdictions and (ii) the privileged tax regimes, which definition is provided by Law No. 11,727, of June 23, 2008. Although we believe that the best interpretation of the current tax legislation could lead to the conclusion that the privileged tax regime concept should solely apply for purposes of Brazilian transfer pricing and thin capitalization rules, we cannot assure whether subsequent legislation or interpretations by the Brazilian tax authorities will not also make it applicable to a Non-Resident holder with respect to payments potentially made by a Brazilian source.

We recommend prospective investors to consult their own tax advisors from time to time to verify any possible tax consequences arising from Normative Instruction No. 1,037 and Law No. 11,727. If the Brazilian tax authorities determine that payments made to a Non-Resident holder are within the scope of a privileged tax regime, then the withholding income tax applicable to such payments could be up to 25%.

***Other Tax Considerations***

Brazilian law imposes a tax on foreign exchange transactions (*Imposto sobre Operações de Crédito, Câmbio, Seguros e sobre Operações relativas à Títulos e Valores Mobiliários*) (the IOF/Exchange ) on the conversion of *reais* into foreign currency and on the conversion of foreign currency into *reais*, including foreign exchange transactions in connection with payments made by a Brazilian guarantor under the guarantee to Non-Resident holders.

Currently, the IOF/Exchange rate is 0.38% for most foreign exchange transactions, including foreign exchange transactions in connection with payments by Petrobras to Non-Resident holders under the guarantee. However, the IOF/Exchange rate can be increased by the Brazilian Government at any time up to a maximum rate of 25%. Any such new rate would only apply to future foreign exchange transactions.

Generally, there are no inheritance, gift, succession, stamp, or other similar taxes in Brazil with respect to the ownership, transfer, assignment or other disposition of the notes by a Non-Resident, except for gift and inheritance taxes imposed by some Brazilian states on gifts or bequests by individuals or entities not domiciled or residing in Brazil to individuals or entities domiciled or residing within such states.

**Cayman Islands Tax Considerations**

The Cayman Islands currently have no exchange control restrictions and no income, corporate or capital gains tax, estate duty, inheritance tax, gift tax or withholding tax applicable to PifCo or any holder of notes issued by PifCo. Accordingly, payment of principal of (including any premium) and interest on, and any transfer of, the notes will not be subject to taxation in the Cayman Islands; no Cayman Islands withholding tax will be required on such payments to any holder of a note; and gains derived from the sale of notes will not be subject to Cayman Islands capital gains tax. The Cayman Islands are not party to any double taxation treaties, other than a double taxation agreement entered into between the governments of the United Kingdom and the Cayman Islands on June 15, 2009. The Cayman Islands government has recently entered into certain agreements with various governments in relation to information with respect to tax matters.

No stamp duties or similar taxes or charges are payable under the laws of the Cayman Islands in respect of the execution and issue of notes by PifCo unless they are executed in or brought within (for example, for the purposes of enforcement) the jurisdiction of the Cayman Islands, in which case stamp duty of 0.25% of the face amount of the notes may be payable on each Note (up to a maximum of 250 Cayman Islands Dollars ( CI\$ ) (U.S.\$312.50)) unless stamp duty of CI\$500 (U.S.\$625.00) has been paid in respect of the entire issue of notes.

The foregoing conversions of Cayman Island Dollars to U.S. Dollars have been made on the currently applicable basis of U.S.\$1.25 = CI\$1.00.

**European Union Savings Directive**

Under Council Directive 2003/48/EC (the Directive ) on the taxation of savings income, each Member State is required to provide to the tax or other relevant authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria will (unless during that period they elect otherwise) operate a withholding system in relation to such payments deducting tax at the rate of 35% (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have agreed to adopt similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend and broaden the scope of the requirement described above.

**DIFFICULTIES OF ENFORCING CIVIL LIABILITIES AGAINST NON-U.S. PERSONS**

Petrobras is a *sociedade de economia mista* (mixed capital company), a public sector company with some private sector ownership, established under the laws of Brazil, and PifCo is an exempted limited liability company incorporated under the laws of the Cayman Islands. A substantial portion of the assets of Petrobras and PifCo are located outside the United States, and at any time all of their executive officers and directors, and certain advisors named in this prospectus supplement, may reside outside the United States. As a result, it may not be possible for you to effect service of process on any of those persons within the United States. In addition, it may not be possible for you to enforce a judgment of a United States court for civil liability based upon the United States federal securities laws against any of those persons outside the United States.

For further information on potential difficulties in effecting service of process on any of those persons or enforcing judgments against any of them outside the United States, see **Enforceability of Civil Liabilities** in the accompanying prospectus.
