PROXY STATEMENT

**Annual Meeting of Stockholders
February 16, 2005**

This Proxy Statement is furnished on or about January 14, 2005 to holders of the common stock of Universal Technical Institute, Inc. (the Corporation or UTI), in connection with the solicitation on behalf of the Board of Directors of the Corporation of proxies to be voted at the 2005 Annual Meeting of Stockholders (the Annual Meeting) and at any adjournment or postponement. **The Annual Meeting will be held at 8:00 a.m. local time on February 16, 2005 at the Corporation s UTI automotive technician training campus located at 10695 West Pierce Street, Avondale, Arizona 85323.**

The cost of soliciting proxies will be borne by the Corporation. Copies of solicitation material may be furnished to brokers, custodians, nominees and other fiduciaries for forwarding to beneficial owners of shares of the Corporation s common stock, and normal handling charges may be paid for such forwarding service. Solicitation of proxies may be made by the Corporation by mail or by personal interview, telephone and telegraph by officers and other management employees of the Corporation, who will receive no additional compensation for their services.

Any stockholders giving a proxy pursuant to this solicitation may revoke it at any time prior to exercise of the proxy by giving written notice of such revocation to the Secretary of the Corporation at the Corporation s executive offices at 20410 North 19th Avenue, Suite 200, Phoenix, Arizona 85027, or by attending the Annual Meeting and voting in person.

At the close of business on December 30, 2004, there were 27,841,746 shares of the common stock of the Corporation outstanding and entitled to vote at the Annual Meeting. **Only common stockholders of record on December 30, 2004 will be entitled to vote at the Annual Meeting.** Each share is entitled to one vote. Votes may not be cumulated.

Voting Information

At the Annual Meeting, votes will be counted by written ballot. The presence, in person or by proxy, of the holders of a majority of all the votes that could be cast by the holders of all the outstanding shares of common stock will constitute a quorum for purposes of the Annual Meeting. A plurality of the votes duly cast is required for the election of Directors. That is, the nominees receiving the greatest number of votes will be elected. The affirmative vote of a majority of the shares of common stock present or represented at the Annual Meeting is required to approve the proposal to ratify the appointment of the independent auditors. Under Delaware law, abstentions and non-votes are counted as present in determining whether the quorum requirement is satisfied. With regard to the election of Directors, votes may be cast in favor or

Table of Contents

withheld. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome. Abstentions may be specified on any proposal (other than the election of Directors) and will have the effect of a negative vote. Under applicable Delaware law, a non-vote will have no effect on the outcome of any of the matters referred to in this Proxy Statement. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

Any stockholder entitled to vote on any matter may vote part of such stockholder's shares in favor of the proposal and refrain from voting the remaining shares or, except with respect to the election of directors, may vote the remaining shares against the proposal; but if the stockholder fails to specify the number of shares which the stockholder is voting affirmatively or otherwise indicates how the number of shares to be voted affirmatively is to be determined, it will be conclusively presumed that the stockholder's approving vote is with respect to all shares which the stockholder is entitled to vote.

If any other matters are properly presented at the Annual Meeting for consideration, including, among other things, consideration of a motion to adjourn the meeting to another time or place, the individuals named as proxies and acting thereunder will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. If the Annual Meeting is postponed or adjourned, a stockholder's proxy will remain valid and may be voted at the postponed or adjourned meeting. A stockholder still will be able to revoke the stockholder's proxy until it is voted. At the date this Proxy Statement went to press, the Corporation's Board of Directors did not know of any matters other than those described in this Proxy Statement to be presented at the Annual Meeting.

Proxies properly executed and received by the Corporation prior to the Annual Meeting and not revoked, will be voted as directed therein on all matters presented at the Annual Meeting. In the absence of specific direction from a stockholder, proxies will be voted for the election of all named Director nominees and for the proposal to ratify the appointment of the independent auditors.

Table of Contents**PROPOSAL NO. 1****ELECTION OF DIRECTORS**

Board Structure. UTI's Board of Directors currently has seven members, the majority of whom are independent directors. UTI's Board is divided into three classes. Directors in each class serve for three-year terms. At each annual meeting, the term of one class expires. Currently, Messrs. Conrad and Knight serve as Class I Directors, Messrs. Penske and White serve as Class II Directors, and Messrs. Caputo, Eisenson and Hartman serve as Class III Directors.

In December 2004, UTI's Board, acting on the recommendation of the Nominating and Corporate Governance Committee, resolved to create two new directorships effective upon commencement of the Annual Meeting. The Board has nominated two individuals to fill the new directorships based on the recommendation of the Nominating and Corporate Governance Committee. Pursuant to UTI's Bylaws, one of the new directorships will be filled by a Class I Director and the other by a Class II Director. As a result, each class will be composed of three directors following the Annual Meeting. The Board further resolved in this instance to place the nominees for the new directorships on the ballot at the Annual Meeting rather than simply fill the vacancies by action of the Board as permitted by UTI's Bylaws.

Nominees for Election at this Annual Meeting. The Board of Directors has nominated Conrad A. Conrad and Kevin P. Knight for re-election as Class I Directors, and Kimberly J. McWaters for election as a new Class I Director, each to serve a three-year term ending in 2008, or when the Director's successor is duly elected. The Board has nominated Linda J. Srere for election as a new Class II Director to serve a one-year term ending in 2006, or when the Director's successor is duly elected. Ms. Srere was recommended as a nominee to the Nominating and Corporate Governance Committee by an executive search firm engaged to identify potential director nominees meeting the qualifications set forth elsewhere in this Proxy Statement under the heading Director Qualifications and Review of Director Nominees.

It is intended that the votes represented by the proxies at the Annual Meeting will be cast for the election of Messrs. Conrad and Knight, Ms. McWaters and Ms. Srere as Directors.

The following table and text presents information as of the date of this Proxy Statement concerning the nominees for election as Directors of UTI, including in each case their current membership on Committees of the Board of Directors, year first elected a Director of UTI and principal occupations or affiliations during the last five years and certain other directorships held.

Corporate Governance and Related Matters

Corporate governance is typically defined as the system that allocates duties and authority among a company's stockholders, board of directors and management. The stockholders elect the board and vote on extraordinary matters; the board is the company's governing body, responsible for hiring, overseeing and

Table of Contents

evaluating management; and management runs the company's day-to-day operations. UTI's Board of Directors currently consists of seven directors, as described above.

Independent Directors. The Board of Directors has determined that Messrs. Conrad, Eisenson, Knight and Penske qualify as independent in accordance with the published listing requirements of The New York Stock Exchange (NYSE). The Board of Directors has further determined that Ms. Srere qualifies as independent in accordance with the NYSE requirements. The NYSE's independence definition includes a series of objective tests, such as that the director is not an employee of the corporation and has not engaged in various types of business dealings with the corporation. An explanation of the independence standard used by the Corporation, which standard incorporates the NYSE independence definition, is set forth in the Corporate Governance Guidelines adopted by UTI's Board of Directors and discussed elsewhere in this Proxy Statement. The Board considers all relevant facts and circumstances in evaluating the independence of its members from management. Immaterial business transactions conducted in the ordinary course of business are not determinative of the issue of independence. As required by the NYSE rules, UTI's Board of Directors has made an affirmative determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director. In making these determinations, the Board reviewed and discussed information provided by the Directors and the Corporation with regard to each Director's business and personal activities as they may relate to UTI and UTI's management.

The NYSE independence criteria applicable to directors includes a requirement that neither the director nor a company of which he or she is an employee have made certain payments to or received such payments from the listed company during a specified look-back period. During the first twelve months following UTI's initial public offering, the applicable look-back period was the twelve-month period ended December 16, 2004. Thereafter, the applicable look-back period is the prior three fiscal years. During our fiscal year ended September 30, 2002, we made payments of approximately \$2.3 million to TJC Management Corporation. Mr. Caputo is a senior principal of The Jordan Company, LP, a company affiliated with TJC Management Corporation. Thus, Mr. Caputo was independent under the one-year look-back (which covered, essentially, only our fiscal year ended September 30, 2003), but not under the three-year look-back period (which encompasses the 2002 fiscal year). As a result, Mr. Caputo resigned from the Board committees of which he was a member in November 2004.

Independence for Audit Committee Members and Audit Committee Financial Expert. In addition, as required by NYSE rules, the members of the Audit Committee each qualify as independent under special standards established by the U.S. Securities and Exchange Commission (SEC) for members of audit committees. The Audit Committee also includes at least one independent member who is determined by the Board of Directors to meet the qualifications of an audit committee financial expert in accordance with SEC rules, including that the person meets the relevant definition of an independent director. Conrad A. Conrad is the independent director who has been determined to be an audit committee financial expert. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Conrad A. Conrad's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon Conrad A. Conrad any duties, obligations or liability that are greater than are generally imposed on him as a member of the Audit Committee and the Board, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board.

Board Meetings

The Board of Directors and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time as appropriate. The Board has delegated various responsibilities and authority to different board committees as described in this section of the Proxy Statement. Committees regularly

report on their activities and actions to the full Board. In addition, the Corporate Governance Guidelines that have been adopted by the Board and which are discussed elsewhere in

Table of Contents

this Proxy Statement call for regular executive sessions of the non-management Directors (those not employed by UTI). If the non-management Directors include any Directors who are not independent (under the NYSE rules), an executive session is scheduled, at least annually, for only the independent directors. The role of presiding director at executive sessions of the non-management directors rotates on an annual basis. During 2005, the chairperson of the Audit Committee will preside over executive sessions of the non-management directors. During 2006, the chairperson of the Compensation Committee will assume the role, and in 2007, this role will be assumed by the chairperson of the Nominating and Corporate Governance Committee.

Interested parties may contact the non-management Directors as a group by submitting a letter in a sealed envelope labeled accordingly. This letter should be placed in a larger envelope and mailed to Universal Technical Institute, Inc., 20410 North 19th Avenue, Suite 200, Phoenix, Arizona 85027.

In 2004, the Board held eight meetings. Each Director, with the exception of Roger S. Penske, attended at least 75% of the Board of Director meetings. Further, with the exception of Kevin P. Knight and Roger S. Penske, each Director attended at least 75% of the meetings of committees on which he served, during his tenure as a Director and committee member.

Board Committees and Charters

In accordance with the NYSE Corporate Governance Rules, there are currently three standing committees: Audit, Compensation and Nominating and Corporate Governance. Each member of the Audit, Compensation, and Nominating and Corporate Governance Committees is an independent director in accordance with NYSE standards. Each of the Board committees has a written charter approved by the Board. Copies of each charter are posted on UTI's website at www.uticorp.com under the Company Info Investor Relations Corporate Governance captions. Copies of the charters as presently in effect are also attached as appendices to this Proxy Statement.

The current committee membership is as follows:

Director's Name	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Conrad A. Conrad	Chair	ü	ü
Michael R. Eisenson	ü	Chair	
Kevin P. Knight	ü	ü	Chair
Roger S. Penske			ü

Audit Committee. Messrs. Caputo, Conrad, Eisenson and Knight were the members of the Audit Committee during 2004. The Audit Committee is currently comprised of Messrs. Conrad, Eisenson and Knight. The Board of Directors has determined that each member of the Audit Committee is financially literate and that Messrs. Conrad, Eisenson and Knight satisfy the independence requirements of the NYSE and the SEC. The Audit Committee has the responsibility for overseeing, among other things: UTI's accounting and financial reporting processes; the reliability of UTI's financial statements; the effective evaluation and management of UTI's financial risks; UTI's compliance with laws and regulations; and the maintenance of an effective and efficient audit of UTI's financial statements by a qualified independent auditor. The Audit Committee met six times during 2004. The Audit Committee is required by SEC rules to publish a report to stockholders concerning the Audit Committee's activities during the prior fiscal year. The Audit

Committee's report is set forth elsewhere in this Proxy Statement. The charter under which the Audit Committee operates is set forth at Appendix A of this Proxy Statement.

Compensation Committee. Messrs. Caputo, Eisenson and Knight were members of the Compensation Committee during 2004. The Compensation Committee is currently comprised of Messrs. Conrad, Eisenson and Knight. The Board of Directors has determined that each member of the Compensation Committee

Table of Contents

satisfies the independence requirements of the NYSE. The primary responsibility of the Compensation Committee is to develop and oversee the implementation of the Corporation's philosophy with respect to the compensation of the Corporation's officers. In that regard, the Compensation Committee has the responsibility for, among other things: developing and maintaining a compensation policy and strategy that creates a direct relationship between pay levels and corporate performance and returns to stockholders; recommending compensation and benefit plans to UTI's Board for approval; reviewing and approving annual corporate and personal goals and objectives to serve as the basis for the chief executive officer's compensation, evaluating the chief executive officer's performance in light of the goals and, based on such evaluation, determining the chief executive officer's compensation; determining the annual total compensation for UTI's named executive officers; approving the grants of stock options and other equity-based incentives as permitted under UTI's equity-based compensation plans; reviewing and recommending compensation for non-employee Directors to UTI's Board; and reviewing and recommending employment agreements, severance arrangements and change of control plans that provide for benefits upon a change in control, or other provisions for UTI's executive officers and directors, to UTI's Board. The Compensation Committee met five times during 2004. The Compensation Committee's report on executive compensation is set forth elsewhere in this Proxy Statement, and the Compensation Committee Charter is set forth at [Appendix B](#) of this Proxy Statement.

Nominating and Corporate Governance Committee. Messrs. Caputo, Conrad and Penske were members of the Nominating and Corporate Governance Committee during 2004. The Nominating and Corporate Governance Committee is currently comprised of Messrs. Conrad, Knight and Penske. The Board of Directors has determined that each member of the Nominating and Corporate Governance Committee satisfies the independence requirements of the NYSE. The Nominating and Corporate Governance Committee has the responsibility for, among other things: identifying individuals qualified to serve as directors of UTI; recommending qualified individuals for election to UTI's Board at the annual meeting of stockholders; recommending to the Board those Directors to serve on each of the Board committees; recommending a set of corporate governance guidelines to the Board; reviewing periodically UTI's Corporate Governance Guidelines and recommending governance issues that should be considered by UTI's Board; reviewing periodically the Board's committee structure and operations and the working relationship between each committee and the Board; and considering, discussing and recommending ways to improve the Board's effectiveness. The Nominating and Corporate Governance Committee also reviews and makes recommendations to the Board regarding the size and the composition of the Board. In addition, the Nominating and Corporate Governance Committee will review and consider properly submitted stockholder recommendations on candidates for membership on the Board of Directors as described below. In evaluating such recommendations, the Nominating and Corporate Governance Committee will use the same review criteria discussed below under [Director Qualifications and Review of Director Nominees](#). Any stockholder recommendations proposed for consideration by the Nominating and Corporate Governance Committee must include the candidate's name, accompanied by relevant biographical information, and must be submitted in accordance with the Corporation's Bylaws to the attention of the Corporation's Corporate Secretary at Universal Technical Institute, Inc., 20410 North 19th Avenue, Suite 200, Phoenix, Arizona 85027. The Nominating and Corporate Governance Committee met one time during 2004. The charter under which the Nominating and Corporate Governance Committee operates is set forth at [Appendix C](#) of this Proxy Statement.

Director Qualifications and Review of Director Nominees

The Nominating and Corporate Governance Committee makes recommendations to the Board of Directors regarding the size and composition of the Board. The Committee reviews annually with the Board the composition of the Board as a whole and recommends, if necessary, measures to be taken so that the Board reflects the appropriate balance of knowledge, experience, skills, expertise and diversity required for the Board as a whole and contains at least the minimum number of independent directors required by the NYSE and other applicable laws and regulations. The Committee is responsible for ensuring that the composition of the Board accurately reflects the needs of UTI's business and, in accordance with the

Table of Contents

foregoing, proposing the addition of members and the necessary resignation of members for purposes of obtaining the appropriate members and skills. Board members should possess such attributes and experience as are necessary to provide a broad range of personal characteristics including diversity, management skills, and technological and business experience. Directors should be able to commit the requisite time for preparation and attendance at regularly scheduled Board and committee meetings, as well as be able to participate in other matters necessary to ensure good corporate governance is practiced. In evaluating a director candidate, the Committee considers factors that are in the best interests of the Corporation and its stockholders, including the knowledge, experience, integrity and judgment of each candidate; the potential contribution of each candidate to the diversity of backgrounds, experience and competencies which the Board desires to have represented; each candidate's ability to devote sufficient time and effort to his or her duties as a director; and any other criteria established by the Board and any core competencies or technical expertise necessary to staff Board committees. In connection with each director nomination recommendation, the Committee must consider the issue of continuing director tenure and whether the Board will be exposed to new ideas and viewpoints, and will maintain willingness to critically examine the status quo.

Board Attendance at Annual Stockholder Meetings

The Board does not have a formal policy with respect to the Directors' attendance at the Corporation's annual stockholder meetings, but all Directors are encouraged to attend those meetings. The Corporation completed its initial public offering of common stock on December 22, 2003. Prior to the closing of its initial public offering, the Corporation did not hold an in-person annual meeting but solicited the written consents of its stockholders in lieu of its annual meeting of stockholders.

Communication with the Board of Directors

Stockholders may communicate with the Chairman of the Board, the Directors as a group, the non-management Directors as a group or an individual Director directly by submitting a letter in a sealed envelope labeled accordingly. This letter should be placed in a larger envelope and mailed to Universal Technical Institute, Inc., 20410 North 19th Avenue, Suite 200, Phoenix, Arizona 85027.

In 2004, each non-employee Director received a \$20,000 annual retainer, an annual award of 1,000 shares of the Corporation's common stock, and \$2,500 per board meeting attended in person or by telephone. In addition, each non-employee Director received reimbursement for out-of-pocket expenses, including travel expenses on commercial flights or the equivalent cost of advance purchase first class commercial travel for non-employee Directors utilizing private aircraft. Non-employee Directors serving on committees of the Board received an additional payment of \$1,000 for each committee meeting attended on a day other than the day of a board meeting for which that Director has been compensated, subject to a \$1,000 per day limit in the event the Director participated in multiple committee meetings on the same day. Beginning in November 2004, non-employee Directors serving on committees of the Board will receive fees for each committee meeting attended in person or by telephone, regardless of whether such committee meeting occurs on the day of a board meeting for which that Director is compensated and regardless of how many committee meetings that Director attends on a single day. Directors who are also officers do not receive any separate compensation for serving as directors.

UTI indemnifies its Directors and officers to the fullest extent permitted by law so that they will be free from undue concern about personal liability in connection with their service to the Corporation. This is permitted by UTI's Certificate of Incorporation, and the Corporation has also entered into agreements with its Directors, contractually obligating the Corporation to provide this indemnification to them.

AUDIT COMMITTEE REPORT FOR THE YEAR ENDED SEPTEMBER 30, 2004

The Audit Committee oversees UTI's financial reporting process on behalf of the Board of Directors. The Audit Committee is currently composed of three independent directors. The Audit Committee operates under a written charter adopted by the Board of Directors and met six times in 2004. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

In fulfilling its oversight responsibilities, the Audit Committee meets with management and the independent auditors to review UTI's annual and quarterly financial statements, including the disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations in UTI's annual report on Form 10-K, any material changes in accounting principles or practices used in preparing the financial statements prior to the filing of a report on Form 10-K or Form 10-Q with the SEC, and the items required by Statement of Auditing Standards 61 for annual statements and Statement of Auditing Standards 100 for quarterly statements.

The Audit Committee has met and held discussions with management and the independent auditors regarding the fair and complete presentation of UTI's results. The Audit Committee has discussed significant accounting policies applied by UTI in its financial statements, as well as alternative treatments. Management represented to the Audit Committee that UTI's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees).

In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with the independent auditors the auditors' independence from UTI and its management. The Audit Committee also has considered whether the independent auditors' provision of permitted non-audit services to UTI is compatible with the auditors' independence. The Audit Committee has concluded that the independent auditors are independent from UTI and its management.

The Audit Committee discussed with the independent auditors the overall scope and plans for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of the auditors' examinations, the evaluation of UTI's internal controls, the overall quality of UTI's financial reporting, and other matters required to be discussed by Statement of Auditing Standards 61.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in UTI's Annual Report on Form 10-K for the year ended September 30, 2004, for filing with the Securities and Exchange Commission. The Audit Committee has also selected PricewaterhouseCoopers LLP as UTI's independent auditors for the fiscal year ending September 30, 2005.

Table of Contents**PROPOSAL 2****RATIFICATION OF APPOINTMENT OF
INDEPENDENT AUDITORS**

The Audit Committee has selected PricewaterhouseCoopers LLP as independent auditors of the Corporation with respect to its financial statements for the year ending September 30, 2005. In taking this action, the Audit Committee considered PricewaterhouseCoopers LLP's independence with respect to the services to be performed and other factors, which the Audit Committee and the Board of Directors believe is advisable and in the best interest of the stockholders. As a matter of good corporate governance, the Audit Committee has decided to submit its selection to stockholders for ratification. In the event that this selection of auditors is not ratified by a majority vote of the shares of common stock present or represented at the Annual Meeting, the Audit Committee will review the future selection of auditors.

The Board of Directors Recommends a Vote FOR Proposal 2**Fees Paid to PricewaterhouseCoopers LLP**

As more fully described below, all services to be provided by PricewaterhouseCoopers LLP are pre-approved by the Audit Committee, including audit services, audit-related services, tax services and certain other services.

The following table shows the fees that UTI accrued for the audit and other services provided by PricewaterhouseCoopers LLP for fiscal years 2004 and 2003.

	2004	2003
Audit Fees	\$ 619,565	\$ 1,110,500
Audit-Related Fees		
Tax Fees	48,208	21,380
All other fees		
Total	\$ 667,773	\$ 1,131,880

Audit Fees consisted principally of audit work performed on UTI's consolidated financial statements, review of financial statements included in other periodic reports, and services that are normally provided by the independent auditors in connection with statutory and regulatory filings.

Tax Fees consisted principally of professional services rendered by PricewaterhouseCoopers LLP, primarily in connection with the Corporation's tax compliance activities, including technical and tax advice related to the preparation of tax returns.

The Audit Committee has considered whether the provision by PricewaterhouseCoopers LLP of the non-audit services described above is compatible with maintaining the independence of that firm. The Audit Committee believes that such non-audit services provided by PricewaterhouseCoopers LLP is compatible with maintaining that firm's independence.

It is expected that representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting, will have the opportunity to make a statement if they desire, and will be available to respond to any appropriate questions from stockholders.

The pre-approval of any non-audit services pursuant to delegated authority or deemed approval shall be reported to the full Audit Committee at its next scheduled meeting. The following table sets forth certain information regarding the exercise and values of options held by the officers named in the Summary Compensation Table, as of September 30, 2004. The table contains values for in-the-money options, meaning a positive spread between the year-end share price of \$30.18 and the exercise price. These values have not been, and may never be, realized. The options might never be exercised, and the value, if any, will depend on the share price on the exercise date.

an initial term ending April 1, 2005 and automatically renews for successive one-year terms thereafter, subject to 90 days advance notice by either party of a decision not to renew the employment agreement. Under the employment agreement, Ms. Haslip is entitled to receive an annual base salary of \$195,000, subject to annual cost of living adjustments and other increases as the Compensation Committee may recommend to the Board.

Provisions Common to Each Employment Agreement. Certain provisions are common to each of the employment agreements described above. For example, each employment agreement:

provides that each executive may be paid an annual, performance-based bonus to be determined by the Board of Directors, in its sole discretion;

specifies that each executive is entitled to certain perquisites, including reimbursement of expenses, paid vacations, health and medical reimbursement plan, a car allowance and automobile insurance and such other perquisites and benefits, including health, short- and long-term disability, pension and life insurance benefits for executives and their families, established from time to time at the sole discretion of the Board of Directors;

provides for the Corporation's payment of severance compensation and benefits to the executives under certain circumstances, such as when the executive's employment is terminated by the Corporation other than for cause, as defined in the employment agreements, or by the executive if the Corporation materially breaches the employment agreement or due to the executive's death or disability; and

restricts the employee's disclosure and use of the Corporation's confidential information, as defined in the employment agreement, and prohibits the employee from competing with the Corporation for a specified period following the termination of employment.

The Board of Directors approves the operating budget for a given fiscal year and may award bonuses based upon achievement of established EBIT (earnings before interest and tax) targets. In addition, the Board may award bonuses based upon additional factors, including but not limited to extraordinary performance or efforts by individuals, as the Board may in its discretion determine from time to time.

Severance Agreements. The Corporation has entered into severance agreements with several of its executive officers and key employees. Each severance agreement provides for the payment of severance compensation and other benefits to the employee depending upon the circumstances of the employee's termination of employment, such as if the employee is terminated by the Corporation without cause or if the employee leaves for good reason, in each case within 12 months after the Corporation has undergone a change in control, as that term is defined in the severance agreement. Each severance agreement also provides that:

as a precondition to the Corporation's payment of any severance compensation or benefits, the employee must execute a waiver and release that the Corporation provides to the employee;

the amounts paid to or benefits received by the employee are subject to a downward adjustment so that the total payments to the employee due to a change in control do not constitute an excess parachute payment, as that term is defined in Section 280G of the Internal Revenue Code of 1986, as amended, or cause the employee to be required to pay an excise tax under Section 4999 of the Code; and

the employee is not required to mitigate any amounts paid or benefits received under the severance agreement by seeking other employment or otherwise.

Table of Contents

As part of the consideration for the Corporation's payment of the severance payments and benefits, the severance agreement provides that, for a period of 12 months after the termination of employment, the employee covenants not to compete directly or indirectly with the Corporation or directly or indirectly solicit, recruit or employ any persons or entities with whom the Corporation currently has business relationships, or have had such relationships within the 24 months prior to such solicitation, recruitment or employment.

Executive Benefit Plan. Prior to its termination as of September 30, 2004, the Corporation sponsored the Universal Technical Institute Executive Benefit Plan that was designed to attract and retain competent executives and key employees. Under the plan, eligible employees could contribute base pay as well as all or any part of their annual bonus on a tax-deferred basis into the plan. The Corporation could elect to make matching contributions on an annual basis. All employee deferrals and employer matches were fully vested when deferred and matched. The Corporation also provided eligible employees with individual life insurance coverage at no cost to them. The plan was an unfunded plan and, as such, was exempt from the participation and funding requirements of the Employee Retirement Income Security Act of 1974.

The Corporation terminated the plan, and the UTI Tax-Deferred Trust established to hold the assets of the plan, as of September 30, 2004. At the time the plan was terminated, the obligation for deferred compensation under the plan totaled approximately \$1,122,000 while the plan assets held to fund the deferred compensation liability, represented by the cash surrender value of life insurance, totaled approximately \$831,000. Upon termination of the plan and distribution of the plan assets to employee participants in the plan, the Corporation funded the shortfall of approximately \$290,000 out of its general cash account. In connection with the distribution, Robert Hartman and Roger Speer received approximately 5,400 shares and 970 shares of the Corporation's common stock, respectively, and approximately \$81,000 and \$18,000, respectively.

401(k) Plan. The Corporation maintains a plan qualified under Section 401(k) of the Internal Revenue Code. Under the 401(k) Plan, a participant may contribute a maximum of 50% of his or her pre-tax salary, commissions and bonuses through payroll deductions, up to the statutorily prescribed annual limit (\$13,000 in calendar year 2004). The percentage elected by more highly compensated participants may be required to be lower. In addition, at the discretion of the Corporation's Board of Directors, the Corporation may make discretionary matching and/or profit-sharing contributions into the 401(k) Plan for eligible employees.

COMPENSATION COMMITTEE INTERLOCKS

Messrs. Caputo, Eisenson and Knight served as the members of the Compensation Committee during 2004. None of these directors was an executive officer or otherwise an employee of UTI before or during such service, and no executive officer of UTI served on any other company's compensation committee.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the Committee) administers UTI's executive compensation program. The Committee is comprised only of independent directors, as that term is defined in the rules of the NYSE. The members of the Committee also qualify as non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, and as outside directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986. The Committee oversees UTI's compensation and employee benefit plans and practices, including its executive compensation plans and its incentive compensation and equity-based plans.

In the performance of its responsibilities, the Committee may conduct or authorize investigations into or studies of matters within the Committee's scope of responsibilities, and may retain, at the

Corporation's expense, such independent counsel or other advisers as it deems necessary. The Committee has the authority to retain or terminate a compensation consultant to assist the Committee in carrying out its responsibilities, including authority to approve the consultant's fees and other retention terms, such fees to be borne by the Corporation. After regularly scheduled meetings, the Committee meets in executive sessions which are not attended by any of UTI's employees or other directors, unless the Committee requests such attendance. Following each of its meetings, the Committee delivers a report on the meeting to UTI's Board of Directors, including a description of all actions taken by the Committee at the meeting.

This report sets forth the executive compensation policies of the Committee with respect to UTI's executive officers, including its Chief Executive Officer, its Chairman of the Board, its Vice Chairman of the Board and other executive officers named in the Summary Compensation Table (the "Named Executive Officers"). This report shall not be deemed to be incorporated by reference into any previous filing by UTI under either the Securities Act of 1933 or the Securities Exchange Act of 1934 that incorporates future Securities Act or Exchange Act filings in whole or in part by reference.

Overview of Compensation Philosophy and Program

The Committee regularly reviews the compensation policies adopted and followed by the Committee with respect to all of UTI's executive officers in light of the guiding principles contained therein that executive officer compensation must be related to the performance of both the Corporation and the individual executive officer, and must emphasize increasing stockholder value. The Committee has determined that the principal components of the compensation policies pertaining to UTI's executive officers (i.e., salaries, bonuses and long-term incentives) are appropriately tied to these performance measures.

The Committee recognizes that UTI's continued success is due in part to its skilled executives. In setting and administering the Corporation's compensation policies and programs, the Committee attempts to target overall annual compensation in line with the compensation provided to executives of corporations similar to UTI in terms of assets, sales, revenues and earnings. The Corporation's executive compensation programs are designed to attract, reward and retain skilled executives and to provide incentives which vary upon the attainment of short-term operating performance objectives and long-term performance goals. The main objective is to provide the Corporation's executives with incentives directly linked to the creation of stockholder value. The Committee intends that all incentive compensation paid to the Named Executive Officers will be deductible for federal income tax purposes.

The Compensation Program

The compensation program for UTI's executives presently consists of base salary, annual bonus, long-term incentives in the form of stock options, and employee benefits. It remains the intent of the Committee that incentives based on long-term performance should be a major component in the pay package for senior executives. The Committee believes that the use of UTI common stock as an incentive will enhance the Corporation's executives commitment to UTI's long-term performance. Discussed below is each element of the compensation program.

Base Salary. Salaries are set and administered to reflect the value of the job in the marketplace and individual contribution and performance. Salaries provide a necessary element of stability in the total pay program and, as such, are not subject to significant variability. Salary increases are based primarily on merit.

Annual Bonus. The amounts of annual bonus awards to the Named Executive Officers are based on corporate financial performance for the year compared to specific annual performance goals established by the Committee and

approved by the Board of Directors at the beginning of the year. For 2004, the performance goal was based upon increases in the Corporation's earnings before interest and taxes (EBIT). The annual bonus awards for 2004 were paid in cash.

Table of Contents

Long-Term Incentives. Stock option awards provide long-term incentives which are directly related to the performance of UTI common stock. Options generally vest over four years and closely align the executive's interests with those of other stockholders. Stock option awards are used to create performance incentives and promote equity ownership in the Corporation by its executives.

Employee Benefits. Named Executive Officers are entitled to a number of benefits including a car allowance, automobile insurance coverage and health, short and long-term disability, pension and life insurance benefits. In addition, UTI's Chief Executive Officer, Chairman of the Board and Vice Chairman of the Board receive coverage under an executive medical reimbursement plan.

Performance Evaluations of CEO, Chairman of the Board and Vice Chairman of the Board

As required by its charter, the Committee met in executive session in November 2004 to review the overall performance of our Chairman of the Board, Vice Chairman of the Board and Chief Executive Officer during 2004, particularly in light of the goals and objectives of the Corporation's executive compensation plans. Consideration was given to each officer's role in building stockholder value and improving the return on the stockholders' investment.

Kimberly J. McWaters. Ms. McWaters serves as UTI's Chief Executive Officer and President. Pursuant to her 2002 employment agreement with the Corporation, Ms. McWaters received an initial base annual salary of \$280,000. In 2004, Ms. McWaters received a base salary of \$326,615 and a bonus of \$249,000 based on the achievement of performance parameters determined by the Committee and approved by the Board. These performance parameters include revenue growth, operating income, new campus development and successful completion of the Corporation's initial public offering. During 2004, Ms. McWaters also received options to purchase 157,240 shares of UTI's common stock. In connection with this grant, the Committee considered Ms. McWaters' position within UTI and her contributions to the continuing success of the Corporation.

Robert D. Hartman. Mr. Hartman serves as UTI's Chairman of the Board. Pursuant to his 2002 employment agreement with the Corporation, Mr. Hartman received an initial base annual salary of \$312,500. In 2004, Mr. Hartman received a base salary of \$326,615 and a bonus of \$199,200 based on the achievement of performance parameters determined by the Committee and approved by the Board. These performance parameters include revenue growth, operating income, new campus development and successful completion of the Corporation's initial public offering. During 2004, Mr. Hartman also received options to purchase 102,241 shares of UTI's common stock. In connection with this grant, the Committee considered Mr. Hartman's position within UTI and his contributions to the continuing success of the Corporation.

John C. White. Mr. White serves as UTI's Chief Strategic Planning Officer and Vice Chairman of the Board. Pursuant to his 2002 employment agreement with the Corporation, Mr. White received an initial base annual salary of \$312,500. In 2004, Mr. White received a base salary of \$326,615 and a bonus of \$199,200 based on the achievement of performance parameters determined by the Committee and approved by the Board. These performance parameters include revenue growth, operating income, new campus development and successful completion of the Corporation's initial public offering. During 2004, Mr. White also received options to purchase 102,241 shares of UTI's common stock. In connection with this grant, the Committee considered Mr. White's position within UTI and his contributions to the continuing success of the Corporation.

Review of All Components of Named Executive Officers' Compensation

The Committee has reviewed all components of the Named Executive Officers' compensation, including salary, bonus, equity and long-term incentive compensation, accumulated realized and unrealized stock option gains and the dollar value to the executive and cost to the Corporation of all perquisites and other personal benefits.

Table of Contents

The Committee's Conclusion

Based on this review, the Committee finds the Named Executive Officers' compensation and, in the case of the severance and change-in-control scenarios, the potential payouts in the aggregate to be reasonable and not excessive. It should be noted that when the Committee considers any component of the Named Executive Officers' total compensation, the aggregate amounts and mix of all the components, including accumulated (realized and unrealized) option gains are taken into consideration in the Committee's decisions. In addition, it is the Committee's policy to make most compensation decisions in a two-step process.

Our Committee Meetings

At the first Committee meeting during the fiscal year, the CEO's compensation is reviewed and analyzed in the context of all the components of her total compensation. Members then have the opportunity to ask for additional information and to raise and discuss further questions before a vote is taken.

In the process of reviewing each component separately, and in the aggregate, the Committee directs the Corporation's human resources department to prepare a spreadsheet showing all elements of senior management compensation. The data includes base pay, bonus opportunities, stock options and total compensation, both individually and in the aggregate, as well as a comparison from time to time of each executive's salary to the industry median based on salary reports.

Internal Revenue Code Section 162(m) Compliance

Internal Revenue Code Section 162(m), enacted in 1993, limits the deductibility of non-performance based compensation in excess of \$1.0 million for certain of UTI's executive officers. The non-performance based compensation paid to UTI's executive officers in 2004 did not exceed the \$1.0 million limit per officer, nor is it expected that the non-performance based compensation to be paid to UTI's executive officers in 2005 will exceed the limit. UTI's 2003 Stock Incentive Plan qualifies as a performance based compensation plan. As such, awards granted under that plan will not be subject to the \$1.0 million limitation.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Management Consulting Agreement

In 1997, the Corporation engaged in a leveraged recapitalization with the assistance of The Jordan Company, LLC, a New York-based private merchant banking firm that specializes in buying and building companies with management. In connection with that transaction, the Corporation entered into a management consulting agreement with TJC Management Corporation (Jordan Management), an affiliate of The Jordan Company. In April 2002, the management consulting agreement was amended to include Worldwide Training Group, LLC (Worldwide) and Charlesbank Capital Partners, LLC (Charlesbank) as additional consultants, as such term is defined in the agreement, in connection with their purchase of the Corporation's series D preferred stock.

The management consulting agreement was terminated in December 2003, when the Corporation completed its initial public offering. Prior to its termination, the management consulting agreement provided that Jordan Management, Worldwide and Charlesbank would render consulting services to the Corporation in connection with financial and business affairs, relationships with lenders, stockholders and other third parties, and the expansion of the Corporation's business. Under the agreement, the Corporation was required to pay these consultants an aggregate management fee, in quarterly installments due at the end of each fiscal quarter, equal to the greater of \$300,000 or 2.5% of the Corporation's EBITDA earnings, as defined in the agreement, for the Corporation's preceding fiscal year.

In addition to the management fee, the agreement also provided for an investment banking fee in connection with stock or asset acquisitions or dispositions by the Corporation and a financial consulting fee in connection with any debt or equity financings that the Corporation consummated. The table below sets forth the payments the Corporation made under the management consulting agreement in the prior three fiscal years:

Table of Contents

	2002	2003	2004
Jordan Management	\$ 2,348,949 ⁽¹⁾	\$ 314,060	\$ 91,689
Worldwide	\$ 111,321	\$ 329,763	\$ 96,274
Charlesbank	\$ 47,709	\$ 141,327	\$ 41,260

- (1) Reflects fees for services rendered from 1998 through 2002, a portion of which were deferred pursuant to an agreement between Jordan Management and the Corporation. These fees include \$900,000 related to the Corporation's acquisition of National Technology Transfer, Inc. in 1998, \$100,000 related to obtaining a credit agreement amendment in 1999 and \$1,348,949 for ongoing consulting services related to financial and business affairs.

Prior to completion of the Corporation's initial public offering, the Corporation paid a management fee, on a pro-rated basis, for the first quarter of the 2004 fiscal year, as follows: \$91,689 to Jordan Management; \$96,274 to Worldwide; and \$41,260 to Charlesbank.

Registration Rights Agreement

The Corporation is a party to a registration rights agreement with the following stockholders: (i) JZ Equity Partners plc and the permitted transferees of The Jordan Company, LLC (collectively, the TJC Stockholders); (ii) Charlesbank Voting Trust, Charlesbank Equity Fund V, Limited Partnership, CB Offshore Equity Fund V, L.P., CB Equity Co-investment Fund V, Limited Partnership and Coyote Training Group, LLC (collectively, the Charlesbank Stockholders), (iii) Worldwide Training Group, LLC; (iv) Whites Family Company, LLC; and (v) Robert D. Hartman. Pursuant to the registration rights agreement, each of the TJC Stockholders, the Charlesbank Stockholders and Worldwide Training Group, LLC shall have one demand registration right. Pursuant to this demand right, at any time after June 13, 2004, any of the TJC Stockholders, the Charlesbank Stockholders and Worldwide Training Group, LLC may request that the Corporation file a registration statement under the Securities Act of 1933 to cover the restricted shares of the Corporation's common stock that they own, as long as the aggregate offering price for the proposed transaction to be registered is greater than \$25.0 million or represents an offering of at least 10% of the Corporation's outstanding common stock. Upon receipt of such request, the Corporation generally will be required to use its best efforts to effect such registration. The Corporation will not be required to effect a requested registration, however, if it has effected one such registration which is still in effect, or if the request is made within 360 days following the effective date of any registered offering it has made to the general public in which a holder of restricted stock, as defined in the registration rights agreement, shall have been able to effectively register all the restricted stock as to which registration has been requested. The Corporation may also delay filing a registration statement or withhold efforts to cause a registration statement to become effective if the Board of Directors determines in good faith that such registration statement will materially and adversely interfere with or affect the negotiation or completion of any material transaction that the Corporation is considering or will involve initial or continuing disclosure obligations that are not in the best interests of the Corporation's stockholders.

The registration rights agreement also provides for piggyback registration rights with respect to the restricted shares of the Corporation's common stock held by each of the stockholders party to this agreement, including Robert D. Hartman, the Corporation's Chairman of the Board, and Whites Family Company, LLC, an entity controlled by John White, the Corporation's Chief Strategic Planning Officer and Vice Chairman. Accordingly, if the Corporation proposes to register, or is required to register following the exercise of a demand registration right as described above, any of the Corporation's common stock for sale to the public, the Corporation is required to give written notice of its intention to do so to each of the stockholders who is a party to this agreement and to use its best efforts to include in the registration statement the number of restricted shares of common stock beneficially owned and requested to be registered by such stockholders, subject to reduction of such shares under certain circumstances by an underwriter. If a reduction of shares is necessary, stockholders who request to participate in the registration will do so pro rata based on

the numbers of shares held by such stockholders on a fully-diluted basis, except that the

Corporation will have first priority to register shares of its common stock if it initiates the registration for its own account.

Transactions with Management and Others

The Preferred Share Exchange and Redemption. Immediately prior to the Corporation's initial public offering, the Corporation had shares of its series A, series B and series C preferred stock issued and outstanding which were held by a total of 20 persons or entities consisting of investors, employees and officers, including Robert Hartman, John White, Kimberly McWaters, David Miller and Roger Speer. The three series of preferred stock were not convertible by their terms into common stock. During December 2003, the Corporation offered to exchange the outstanding shares of preferred stock for shares of the Corporation's common stock. The Corporation then redeemed all shares of preferred stock that were not tendered for exchange and paid all the accrued and unpaid dividends on all of its preferred stock (whether or not exchanged for common stock pursuant to the exchange offer) with a portion of the proceeds of its initial public offering. As a result of the share exchange, Robert Hartman received 43,371 shares, John White received 214,882 shares, Kimberly McWaters received 975 shares, David Miller received 813 shares and Roger Speer received 2,357 shares of the Corporation's common stock. Based on the initial public offering price of \$20.50 per share, the dollar values of such shares for Robert Hartman, John White, Kimberly McWaters, David Miller and Roger Speer were \$889,106, \$4,405,081, \$19,988, \$16,667 and \$48,319, respectively. In connection with the preferred share redemption and payment of dividends, the following directors and/or officers received the following amounts:

Declaration of Cash Dividend. In September 2003, the Corporation's Board of Directors declared, and the Corporation paid, a cash dividend on the shares of the Corporation's common stock payable to the record holders as of August 25, 2003. Charlesbank and Worldwide, the record holders of the Corporation's series D preferred stock, were entitled to receive, upon conversion of the series D preferred stock to common stock, such cash dividend, pro rata and on an as-converted basis, pursuant to certain provisions of the certificate of designation of the series D preferred stock. The Corporation's certificate of incorporation was amended to permit the holders of series D preferred stock to be paid the dividend prior to the conversion and simultaneously with holders of the Corporation's common stock, and the holders of the Corporation's series A, series B and series C preferred stock consented to such payment. The aggregate amount of the cash dividend was \$5.0 million and was paid to Charlesbank (\$1.2 million), Worldwide (\$1.0 million), JZEP (\$0.7 million), executives of and consultants to The Jordan Company (\$0.7 million), Robert D. All issued and outstanding shares of the Corporation's series D preferred stock were converted into an equivalent number of shares of common stock upon the consummation of the Corporation's initial public offering pursuant to the terms of the series D preferred stock.

Another portion of the property comprising the Corporation's Orlando location is occupied pursuant to a lease with Delegates LLC, an entity controlled by the White Family Trust, with the lease term expiring on July 1, 2016. The beneficiaries of this trust are Mr. White's children, and the trustee of the trust is not related to Mr. White. Annual base lease payments under this lease are approximately \$680,000, with annual adjustments based on the higher of (i) an amount equal to 4% of the total annual rent for the immediately preceding year or (ii) the percentage of increase in the Consumer Price Index. Additionally, the Corporation leases two of its Phoenix properties under one lease from City Park LLC, a successor in interest of 2844 West Deer Valley L.L.C. and in which the John C. and Cynthia L. White 1989 Family Trust holds a 25% interest. The lease expires on February 28, 2015, and the annual base lease payments under this lease, as amended, are approximately \$463,000, with annual adjustments based on the higher of (i) an amount equal to 4% of the total annual rent for the immediately preceding year or (ii) the percentage of increase in the Consumer Price Index. The table below sets forth the total payments that the Corporation made in fiscal 2002, 2003 and 2004 under these leases:

	John C. and Cynthia L. White		
	City Park LLC	1989 Family Trust	Delegates LLC
Fiscal 2002	\$ 462,567	\$ 364,508	\$ 644,715
Fiscal 2003	\$ 495,040	\$ 399,901	\$ 796,015
Fiscal 2004	\$ 551,775	\$ 447,205	\$ 924,307

The Corporation believes that the rental rates under these leases approximate the fair market rental value of the properties at the time the lease agreements were negotiated.
