**PROXY STATEMENT/ANNUAL MEETING OF STOCKHOLDERS OF
EXPRESS-1 EXPEDITED SOLUTIONS, INC.**

April , 2007

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This Proxy Statement (the Proxy Statement) and the accompanying form of proxy are being furnished to the Stockholders (the Stockholders) of Express-1 Expedited Solutions, Inc. (the Company) in connection with the solicitation of proxies by the Board of the Company (the Board) from holders of its outstanding common stock (the Common Stock), for use at the Annual Meeting of Stockholders of the Company (together with any adjournments or postponements thereof, the Meeting) to be held in the Company s corporate training center located at 441 Post Road, Buchanan, Michigan 49107, on June 14, 2007 at 4:00 p.m. EDT. This Proxy Statement, the accompanying form of proxy, and the Annual Report to Stockholders are expected to be mailed to Stockholders of the Company on or about May 1, 2007.

Solicitation

The expense of this solicitation will be borne by the Company. Solicitation will be primarily by use of the mails. Executive officers and other employees of the Company may solicit proxies, without additional compensation, personally and by telephone and other means of communication. The Company has engaged Regan & Associates as proxy solicitor at an expected cost of \$12,500. The engagement agreement provides for best efforts solicitation of the votes of beneficial owners, with a reduction of fees, in the event the solicitor is not successful in contacting a large percentage of the beneficial owners of the Company s common stock for purposes of recording their votes. The Company will reimburse brokers and other persons holding Common Stock in their names or in the names of their nominees for their reasonable expenses in forwarding proxies and proxy materials to beneficial owners.

Quorum Requirement

In order to transact business at the Annual Meeting, a quorum must be present. A quorum is present if a majority of the issued and outstanding shares of Common Stock as of the Record Date are represented at the Annual Meeting in person or by proxy. Shares that are represented at the meeting and are entitled to vote but that are not voted at the direction of the holder (called abstentions) and shares that are not voted by a broker or other record holder due to the absence of instructions from the beneficial owner (called broker non-votes) will be counted for the purpose of determining whether a quorum is present.

Voting Rights and Outstanding Shares

Stockholders of record as of the close of business on May 1, 2007 (the Record Date) will be entitled to vote at the Meeting. Each share of outstanding Common Stock is entitled to one vote. As of the Record Date, there were 26,555,351 shares of Common Stock outstanding.

The election of directors requires the plurality vote of the shares of Common Stock present in person or represented by proxy and voting, therefore abstentions, broker non-votes or the failure to either return a proxy or to attend the Meeting will have no effect on the election of directors. The ratification of Pender Newkirk & Company LLP as our independent public accountants for the year ending December 31, 2007 requires the affirmative vote of a majority of

the shares of Common Stock present in person or represented by proxy and voted at the Meeting, therefore abstentions, broker non-votes or the failure to either return a proxy or to attend the Meeting will have no effect on the ratification of Pender Newkirk & Company LLP. The approval and ratification of an amendment to our Certificate of Incorporation and Bylaws authorizing the creation of three classes of director (Class I, Class II and Class III) with staggered three year terms of appointment, requires the affirmative vote of a majority of the shares of Common Stock issued and outstanding, therefore, abstentions, broker non-votes or the failure to either return a proxy or to attend the Meeting will have an adverse effect on the approval of the proposal.

Table of Contents

Revocability of Proxies

The shares of Common Stock represented by proxy will be voted as instructed if received in time for the Meeting. If no instructions are indicated, such shares will be voted in favor of (FOR) (i) each nominee for election as a director specified herein; (ii) the ratification of the appointment of Pender Newkirk & Company LLP, as independent public accountants for the Company for the year ending December 31, 2007; (iii) the approval and ratification of an amendment to our Certificate of Incorporation and Bylaws thereby creating three classes of Director (Class I, Class II and Class III) with staggered three-year terms of appointment; and (iv) in the discretion of the proxy holder as to any other matter that may properly come before the Meeting or any adjournment(s) or postponement(s) thereof. Any person signing and mailing the proxy may, nevertheless, revoke it at any time before it is exercised by written notice to the Company (Attention: Chief Financial Officer, 429 Post Road, Buchanan, Michigan 49107), or by attending in person and voting at the Meeting. Attendance at the Meeting, however, will not itself constitute the revocation of a proxy.

PROPOSAL 1

ELECTION OF DIRECTORS

Seven directors are to be elected at the Meeting. The nominees of the Board are set forth below. All of the current members of the Board have been nominated to continue to serve as directors of the Company. In the event any nominee is unable or declines to serve as a director at the time of the Meeting, the proxies will be voted for any nominee who shall be designated by the Board to fill the vacancy. If additional persons are nominated for election as directors, then the proxy holders intend to vote all proxies received by them for the nominees listed below unless instructed otherwise. As of the date of this Proxy Statement, the Company is not aware of any nominee who is unable or who will decline to serve as a director, if elected.

Related Party Transactions

Transactions with Related Persons

In August of 2004, the Company acquired Express-1, Inc. and contractually agreed to provide contingent earn-out payments to the former owners of Express-1, provided certain performance hurdles were met. Among the performance hurdles are specified revenue growth rates and gross margin requirements. Michael R. Welch, our President and CEO and James M. Welch and John D. Welch, all Named Executive Officers were principles in the ownership group of Express-1, Inc. For the year ended December 31, 2005, the Company paid \$1,500,000 to the former owners of Express-1, Inc. under the provisions of the purchase agreement. The amount was paid in March and June of 2007 and satisfied in cash. For 2006, the Company accrued \$1,750,000 to satisfy the provisions of the earnout agreement. The 2006 amount was satisfied with cash in the first quarter of 2007. An additional amount of \$2,000,000 is available to

the former owners of Express-1 under the terms of the purchase agreement, provided certain provisions related to the earn-out are met. The remaining amount can be satisfied with any combination of cash or stock, at the discretion of the Company.

Table of Contents

Review, Approval, or Ratification of Transactions with Related Parties

The Company has adopted a policy restricting significant transactions between itself and related parties and has informally outlined an approval and review process to take place in the event related party transactions are later deemed in the interest of the Company. The Board of Directors acts on these matters and potential related parties abstain from this discussion and any votes on the issue. Among the items considered during 2006, was the performance of Express-1 for 2005 for the purpose of determining whether the parameters of an earn-out arrangement contained within the Express-1, Inc. purchase agreement had been met and to further determine the form of payment, either cash or common stock or a combination thereof. It was the opinion of the Board, that an amount of \$1,500,000 was payable under the terms of the purchase agreement, based upon this review. It was further concluded that the form of payment should be in cash. The Board concluded this form of payment, only after considering the Company's recent ability to generate cash from operations; the then current Company cash position; and, the opinions of both the former owners of Express-1 and our shareholders. These same factors were reviewed for the 2006 payment completed in March 2007, and will be considered with the remaining potential payment to be made in March 2008.

Director Attendance at Annual Meetings and Board Meetings

It is our policy that directors are invited and encouraged to attend our Annual Meetings. All directors attended our last Annual Meeting, and are expected to attend the Meeting this year.

The Audit Committee

The Board has established an audit committee (the Audit Committee). The Audit Committee is comprised of Jennifer Dorris, Jay Taylor and John Affleck-Graves, with Mrs. Dorris serving as its Chairperson and Financial Expert, as defined in item 407(d)(5) of regulation S-K. The members of the Audit Committee are independent as defined by the American Stock Exchange Listing Standards. During 2006, the Audit Committee met four times. All members of the Audit Committee attended 75% or more of the meetings. The Audit Committee convenes when deemed appropriate or necessary by its members.

The Company's Board of Directors has adopted a written charter for the Audit Committee, which is available on the Company's website www.express-1.com under the heading Corporate Governance.

The primary functions of the Audit Committee are set forth in its charter and include: (i) selecting the independent auditors; (ii) reviewing the results and scope of the audit and other services provided by the Company's independent auditors, and (iii) reviewing and evaluating the Company's internal control functions, in support of the integrity of the Company's financial statements.

As an advisory function of the Audit Committee, members also participate in financings, review budgets prior to presentation to the Board of Directors and review budgeted performance versus actual performance reports.

Direct Stockholder Communication with the Audit Committee

Anonymous and direct communication with the Chairperson of the Audit Committee is available on the Company's website, www.express-1.com, under the caption, "Corporate Governance."

The Nominating Committee

In 2005, the Board established a nominating committee (the Nominating Committee), which is currently comprised of Pete Whitehead, Jay Taylor and Jim Martell, with Mr. Whitehead serving as its Chairperson. The members of the Nominating Committee are independent as defined by the American Stock Exchange Listing Standards. During 2006, the Nominating Committee met four times. All members of the Nominating Committee attended at least 75% of the meetings. The Nominating Committee convenes when deemed appropriate or necessary by its members. The Company has adopted a written Charter of the Nominating Committee. The Nominating Committee Charter is available on the Company's website at www.express-1.com.

The Nominating Committee performs the following functions:

Recommending individuals qualified to serve as directors of the Company to the Board of Directors for the approval by a majority of the independent directors;

Recommending to the Board of Directors, directors to serve on committees of the Board of Directors;

Advising the Board of Directors with respect to matters relating to the composition, procedures and committees of the Board of Directors;

Developing and recommending to the Board of Directors a set of corporate governance principles applicable to the Company and overseeing corporate governance matters generally; and

Overseeing the evaluation of individual directors and the Board of Directors as a whole.

The Nominating Committee will consider director candidates recommended by stockholders. In considering candidates submitted by stockholders, the Nominating Committee will take into consideration the needs of the Board of Directors and the qualifications of the candidate. The Nominating Committee may also take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held. To have a candidate considered by the Nominating Committee, a stockholder must submit the recommendation in writing and must include the following information:

The name of the stockholder and evidence of the person's ownership of our common stock, including the number of shares owned and the length of time of ownership; and

The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company and the person's consent to be named as a director if selected by the Nominating Committee and nominated by the Board of Directors.

The stockholder recommendation and information described above must be addressed to our Chief Financial Officer at 429 Post Road, Buchanan, Michigan 49107, and must be received by our Chief Financial Officer not less

Table of Contents

than 120 days prior to the anniversary date of our most recent annual meeting of stockholders. If, however, we did not hold an annual meeting the previous year, or if the date of the annual meeting to which the recommendation applies has been changed by more than 30 days from the anniversary date of our most recent annual meeting of stockholders, then the recommendation and information must be received not later than the close of business on the 10th day following the day on which notice of the date of the meeting is mailed or public disclosure of the date of the meeting is made, whichever occurs first.

All director candidates recommended by the Nominating Committee must be consistent with the Board of Directors criteria for selecting directors. These criteria include the possession of such knowledge, experience, skills, expertise and diversity so as to enhance the Board of Directors' ability to manage and direct the affairs and business of the Company, including, when applicable, to enhance the ability of committees of the Board of Directors to fulfill their duties and/or to satisfy any independence requirements imposed by law, regulation or AMEX listing requirement. In addition, the Nominating Committee examines, among other things, a candidate's ability to make independent analytical inquiries, understanding of our business environment, potential conflicts of interest, independence from management and the Company, integrity and willingness to devote adequate time and effort to responsibilities associated with serving on the Board of Directors.

The Nominating Committee identifies potential nominees by asking current directors and executive officers to notify the Committee if they become aware of persons meeting the criteria described above who have had a change in circumstances that might make them available to serve on the Board of Directors—for example, retirement as a senior executive of a public company. The Nominating Committee also, from time to time, may engage firms that specialize in identifying director candidates. As described above, the Committee will also consider candidates recommended by stockholders.

Once a person has been identified by the Nominating Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Nominating Committee determines that the candidate warrants further consideration, the Chairperson or another member of the Committee contacts the person. Generally, if the person expresses a willingness to be considered and to serve on the Board of Directors, the Nominating Committee requests information from the candidate, reviews the person's accomplishments and qualifications, including in light of any other candidates that the Committee might be considering, and conducts one or more interviews with the candidate. In certain instances, Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Committee's evaluation process does not vary based on whether or not a candidate is recommended by a stockholder, although, as stated above, the Board of Directors may take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held.

The Compensation Committee

Purpose, Functions, Composition, and Meetings. The purpose of the Compensation Committee is to review, analyze, recommend, and approve all aspects of executive compensation. During 2006, the Compensation Committee was comprised of Jay Taylor, Jim Martell and Pete Whitehead, with Mr. Taylor serving as Chairperson. The Compensation Committee met four times in 2006. At those meetings, the Compensation Committee approved executive bonuses for fiscal year 2005, approved the compensation of, and option grants awarded to, our executive officers for fiscal year 2006, established cash bonus performance targets for 2006, issued its *Report of the Compensation Committee* for inclusion in this proxy statement, and reviewed the compensation of our directors who are not 10% shareholders, officers, or employees of ours (Outside Directors). See Executive Compensation Compensation Discussion and Analysis for a discussion of, including the Compensation Committee's role in implementing, our processes and procedures for setting executive compensation. See Executive Compensation Director Compensation for a discussion of, including the Compensation Committee's role in implementing, our processes and procedures for setting director compensation.

Compensation Committee Interlocks and Insider Participation

None of the current members of the Compensation Committee have been, or are, an officer or employee of our company. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview and Philosophy of Compensation

The Compensation Committee has the responsibility to review, recommend, and approve all executive officer compensation arrangements. The Compensation Committee has the specific responsibility to (i) review and approve corporate goals and objectives relevant to the compensation of our Chief Executive Officer (CEO), (ii) evaluate the performance of our CEO in light of those goals and objectives, and (iii) determine and approve the compensation level of our CEO based upon that evaluation. The Compensation Committee also has the responsibility to annually review the compensation of our other executive officers and to determine whether such compensation is reasonable under existing facts and circumstances. In making such determinations, the Compensation Committee seeks to ensure that the compensation of our executive officers aligns the executives' interests with the interests of our shareholders. The Compensation Committee must also review and approve all forms of incentive compensation, including stock option grants, stock grants, and other forms of incentive compensation granted to our executive officers. The Compensation Committee takes into account the recommendations of our CEO in reviewing and approving the overall compensation of the other executive officers.

We believe that the quality, skills, and dedication of our executive officers are critical factors affecting our long-term value and success. Thus, one of our primary executive compensation goals is to attract, motivate, and retain qualified executive officers. We seek to accomplish this goal by rewarding past performance, providing an incentive for future performance, and aligning our executive officers' long-term interests with those of our shareholders. Our compensation program is specifically designed to reward our executive officers for individual performance, years of experience, contributions to our financial success, and creation of shareholder value. Our compensation philosophy is to provide overall compensation levels that (i) attract and retain talented executives and motivate those executives to achieve superior results, and (ii) align executives' interests with our corporate strategies, our business objectives, and the long-term interests of our shareholders, and (iii) enhance executives' incentives to increase our stock price and maximize shareholder value. In addition we strive to ensure that our compensation, particularly salary compensation, is consistent with our constant focus on controlling costs. Our primary strategy for building senior management depth is to develop personnel from within our company to ensure that our executive team as a whole remains dedicated to our customs, practices, and culture, recognizing, however, that we may gain talent and new perspectives from external sources.

Elements of Compensation

Our compensation program for executive officers and senior managers generally consists of the following five elements:

base salary;

performance-based annual cash bonus determined primarily by reference to objective financial and operating criteria;

long-term equity incentives in the form of stock options and other stock-based awards or grants;

specified perquisites; and

employee benefits that are generally available to all of our employees.

The Compensation Committee has the responsibility to make and approve changes in the total compensation of our executive officers, including the mix of compensation elements. In making decisions regarding an executive's total compensation, the Compensation Committee considers whether the total compensation is (i) fair and reasonable to us, (ii) internally appropriate based upon our culture and the compensation of our other employees, and (iii) within a reasonable range of the compensation afforded by other opportunities. The Compensation Committee also bases its decisions regarding compensation upon its assessment of the executive's leadership, individual performance, years of experience, skill set, level of commitment and responsibility required in the position, contributions to our financial success, the creation of shareholder value, and current and past

Table of Contents

compensation. In determining the mix of compensation elements, the Compensation Committee considers the effect of each element in relation to total compensation. Consistent with our desired culture of industry leading performance and cost control, the Compensation Committee has attempted to keep base salaries at moderate levels for companies within our market and total capitalization and weight overall compensation toward incentive cash and equity-based compensation. The Compensation Committee specifically considers whether each particular element provides an appropriate incentive and reward for performance that sustains and enhances long-term shareholder value. In determining whether to increase or decrease an element of compensation, we rely upon the Compensation Committee's judgment concerning the contributions of each executive and, with respect to executives other than the CEO, we consider the recommendations of the CEO. We generally do not rely on rigid formulas (other than performance measures under our annual cash bonus program) or short-term changes in business performance when setting compensation.

The following is a discussion of each element of our compensation program, including (i) why we choose to pay each element, (ii) how we determine the specific amount to pay for each element, and (iii) how each element, and our decisions regarding each element, fit into our overall compensation objectives and affect decisions regarding other elements. We also discuss the specific decisions we made with respect to the compensation of our Chief Executive Officer, Chief Financial Officer, and our three other most highly compensated executive officers for the fiscal year ended December 31, 2006 (collectively, the Named Executive Officers or NEOs). We made all such decisions in the context of us achieving profitability and strong top-line growth in our expedited transportation operations.

Base Salary

We pay base salaries at levels that reward executive officers for ongoing performance and that enable us to attract and retain highly qualified executives, but not at a level that allows them to achieve the overall compensation they desire. Base pay is a critical element of our compensation program because it provides our executive officers with stability. Such stability allows our executives to focus their attention and efforts on creating shareholder value and on our other business objectives. In determining base salaries, we consider an executive's qualifications and experience, including, but not limited to, the executive's industry knowledge and the quality and effectiveness of the executive's leadership, scope of responsibilities, past performance, and future potential of providing value to our shareholders. Although we do not believe it is appropriate to establish compensation levels based solely on benchmarking because of geographic and incentive compensation differences, we consider base salaries of executives having similar qualifications and holding comparable positions in companies similarly situated to ours. We set our base salaries at a level that allows us to pay a portion of an executive officer's total compensation in the form of perquisites, cash bonuses, and long-term incentives. We believe that such a mix of compensation helps us incentivize our executives to maximize shareholder value. We consider adjustments to base salaries annually to reflect the foregoing factors but do not apply a specific weighting to such factors.

Base Salary of Our Chief Executive Officer

In July 2006, the Compensation Committee of our Board of Directors, composed exclusively of outside directors, reviewed the overall compensation of Michael Welch, our President and CEO. As part of this review, the Compensation Committee reviewed the compensation of numerous publicly traded companies similarly situated to ours, including those in the universe of publicly traded transportation companies, and based upon this review, set Mr. Welch's base salary at \$175,000 for periods after this date. The decision was based in part on a review of the Company's financial performance since the conclusion of the restructuring period, which has been explained more fully within our annual report on Form 10-K.

Base Salary of Our Other Named Executive Officers

In August 2006, after reviewing our financial performance since the completion of our restructuring period, and considering our compensation philosophy and the guidelines described above, the Compensation Committee approved the following annual base salary increases for our Named Executive Officers, other than our CEO: (i) a \$15,000 increase for Mark Patterson in continued recognition of his development and level of responsibilities as our Chief Financial Officer, and (ii) no additional increases within the remaining group of NEO s.

Table of Contents

The following table reflects the adjustments we made from 2005 to 2006 to the base salaries of our Named Executive Officers, as well as the date the increases became effective. Base salaries of our NEOs are reviewed, and if warranted adjusted by the Compensation Committee and Board of Directors, in close proximity to the anniversary date of appointment to the executive's respective position. The amounts reflected within the columns represent the amount of base salary for each NEO as of December 31 of each respective year represented.

Performance-Based Annual Cash Bonuses

In June 2006, our Board of Directors modified and approved our 2006 Executive Cash Bonus Plan (Cash Bonus Plan). We use our Cash Bonus Plan to provide annual incentives to executive officers and members of our senior management team in a manner designed to (i) link increases in compensation to increases in our revenues and income in order to reinforce our focus on creating shareholder value, (ii) reinforce our desire to control costs, and (iii) link a significant portion of our executives' compensation to the achievement of such goals. Cash bonuses are designed to reward executive officers for their contributions to our financial and operating performance and are based primarily upon our financial results with weighting apportioned between revenue and earnings growth targets, as determined by the Compensation Committee each year. The bonus remains discretionary, and may be adjusted at the sole discretion of the Board of Directors.

Under the Cash Bonus Plan, the Compensation Committee sets growth or performance targets, for each of two components, revenue and earnings. The Compensation Committee assigns a percentage weighting to each of the components that together equals one hundred percent. The annual cash bonus amount awarded to each executive officer is dependent upon the Company performing to these levels. Growth targets are closely tied to the Company's budget established by the Board of Directors and are intended to create long-term value for our shareholders. Corporate performance targets are typically defined as a multiple of prior year results. For each of the components, the executive is eligible to be awarded a portion, or factor, of their respective base salary corresponding to the weighting assigned to each component, provided performance targets established are attained. The eligible amount of base compensation factor used in the calculations is indexed for each ten-percentage point change upwards and downwards in the Company's performance compared to the performance targets. No bonus award factor is assigned for performance below 75% of the performance target and no additional award has been assigned for performance above 150% of the performance target. Each executive has been classified within a tier, which both reflects the views of the Compensation Committee of the executive's ability to help the Company meet its long-term goals as well as differing levels of managerial responsibility for each executive. The Compensation Committee also reserves and retains the right to award cash bonuses for achievements outside the objective performance targets or to reduce the amount awarded at its discretion. The Compensation Committee sets the specific performance targets for the executives after (i) reviewing and considering the Company's budget and strategic goals, as adopted by the Board of Directors,

(ii) engaging in active dialog with our CEO concerning our strategic objectives and performance, and (iii) reviewing the appropriateness of the financial measures used in the Cash Bonus Plan.

The Compensation Committee adjusts revenue and earnings growth targets used in the cash bonus calculations, in order to reduce the impact of certain events not previously budgeted such as acquisitions, start-ups and other less common transactions. In determining an executive officer's cash bonus opportunity, the Compensation Committee considers (i) the value that achieving specific performance targets will add to our shareholders, (ii) the degree of difficulty in achieving specific performance targets, and (iii) each of the other elements comprising the executive's total compensation. When calculating the cash bonus earned by an executive officer, the Compensation

Committee may, in its sole discretion, eliminate or modify the size of a bonus if it deems such action is appropriate. Further, the Compensation Committee certifies, prior to payment, that the Company achieved the respective performance targets underlying the cash bonus.

Performance-Based Annual Cash Bonuses Paid to Our Named Executive Officers

For 2006, our Compensation Committee developed a performance target that represented revenue growth of approximately 20% in our remaining expedite transportation operations and earnings, or net income, of approximately 7% of our revenue. Weighting was assigned to each of the components, revenue and earnings, with a weighting of 30% assigned to revenue growth and a weighting of 70% assigned to earnings performance. Greater emphasis was placed upon earnings performance in 2006, based upon our historic inability to achieve profitability. For attaining this level of performance, the Compensation Committee outlined a potential bonus award of 50% percent of base salary for our tier I executives; 40% of base salary for our tier II executives; and 30% of base salary for our tier III executives. For 2006, our Chief Executive Officer was classified into tier I; our Chief Financial Officer was classified into tier II; and our other Named Executive Officers were classified into tier III.

In January 2007, for the year ended December 31, 2006, the Compensation Committee approved performance-based cash bonus awards under which (i) Michael Welch received a cash bonus of 50% of his base salary; (ii) Mark Patterson received a cash bonus of 40% of his base salary; and (iii) each of Dennis McCaffrey, James Welch and John Welch received cash bonuses ranging from approximately 22% to 30% of their respective base salaries.

The percentage cash bonus award available for each tier of executive officer was based on the Compensation Committee's evaluation of the magnitude of each executive officer's ability to impact corporate performance based on the executive's responsibilities at the time. These percentages may change from time to time as responsibilities of the executive officers change and as specific goals evolve.

For 2006, we achieved revenue growth of 20% in our remaining expedite transportation operations, a net income level representing approximately 7% of earnings and an increase in the value of our common stock of 87%. For 2006, our Named Executive Officers received cash bonuses in the following amounts:

Named Executive Officer and Principal Position	2006 Performance - Based Bonus (\$)
Michael R. Welch, President and CEO	87,500
Mark K. Patterson, Chief Financial Officer	56,000
Dennis M. McCaffrey, Vice President of Sales	34,875
James M. Welch, Vice President of Operations	28,090
John D. Welch, Corporate Controller	37,500

Long-Term Incentives

On June 17, 2005, our shareholders approved and ratified our Amended and Restated 2001 Stock Option Plan (Stock Option Plan). Our Stock Option Plan is a broad-based equity compensation plan that we use to attract, motivate, and retain qualified executive officers by providing them with long-term incentives. We also use the Stock Option Plan to align our executives' and shareholders' long-term interests by creating a strong and direct link between executive pay and shareholder return.

The Stock Option Plan allows the Compensation Committee to link compensation to performance over a period of time by granting awards that have multiple-year vesting schedules. Awards with multiple-year vesting schedules, such as stock options, provide balance to the other elements of our compensation program that otherwise link compensation to annual performance. Awards with multiple-year vesting schedules create incentives for executive officers to increase shareholder value over an extended period of time because the value received from such awards is based on the growth of the stock price above the grant price. Such awards also incent executives to remain with us over an extended period of time. Thus, we believe our Stock Option Plan is an effective way of aligning the interests of our executive officers with those of our shareholders.

Under the Stock Option Plan, the Compensation Committee may grant stock options or award restricted stock as forms of executive officer compensation. To date, the Compensation Committee has only awarded stock options

Table of Contents

under the Stock Option Plan because the Committee believes that stock options have historically been an effective means of providing executive officers an incentive to work toward, and rewarding them for, increasing shareholder value. The Compensation Committee recognizes a broad trend toward some level of restricted stock grants and may, in its discretion, award restricted stock in the future.

The Compensation Committee considers several factors when determining the number of options to award to our executive officers. When determining the number of options to grant executive officers, the Compensation Committee considers (i) the recommendations of our CEO; (ii) the value of the option in relation to other elements of total compensation; (iii) the number of options currently held by the executive; (iv) the number of options granted to the executive in prior years; and (v) the executive's position, scope of responsibility, ability to affect our profits, ability to create shareholder value, and historic and recent performance.

Long Term Incentives Awarded to Our Named Executive Officers

On February 28, 2006, after considering each of the factors described above and reviewing the performance of our Company for 2005, the Compensation Committee granted some of our Named Executive Officers options to purchase shares of our Common Stock, with an exercise price equal to the fair market value of the underlying Common Stock on the date of the grant, in the following amounts:

Named Executive Officer and Principal Position	Options Granted (#)
Michael R. Welch, President and CEO	50,000
Mark K. Patterson, Chief Financial Officer	25,000

In January 2007, the Compensation Committee approved a policy whereby the primary grant of options or restricted stock to our Named Executive Officers will be linked to a reaffirmation of provisions within a non-compete agreement with each respective employee receiving such grant. Historically, grants have been made once per year contemporaneously with or following the conclusion of the annual audit. Options granted under our Stock Option Plan (i) have a grant date that is established when the Compensation Committee approves the grant and all key terms have been determined, (ii) have an exercise price equal to the fair market value of the underlying Common Stock on the date of the grant, (iii) are subject to a vesting schedule, (iv) are exercisable for a maximum term of 10 years, and (v) once made, may not be repriced.

Other Compensation

We provide our Named Executive Officers with certain other benefits that we believe are reasonable, competitive, and consistent with our overall executive compensation program. We believe that these benefits generally allow our executives to work more efficiently. The costs of these benefits generally constitute only a small percentage of each executive's total compensation with the exception being the contributions to the deferred compensation plan made in conjunction with the terms of the purchase agreement and associated employment agreements with the former owners of Express-1, Inc. In setting the amount of these benefits, the Compensation Committee considers (i) each executive's position and scope of responsibilities, and (ii) all other elements comprising the executive's compensation. We provided the following additional benefits to some or all of our Named Executive Officers during 2006: (i) a vehicle allowance, and (ii) contributions to a non-qualified deferred executive compensation plan. We report these costs as personal benefits for the Named Executive Officers in the Non-equity Deferred Compensation and All Other Compensation columns in the Summary Compensation Table below.

The contributions to our non-qualified deferred executive compensation plan for 2006, were primarily associated with employment agreements executed between the Company and certain of our Named Executive Officers related to the purchase of Express-1, Inc. from a group of former owners that includes these Named Executive Officers. No other contributions to the non-qualified plan were made during 2006, with the exclusion of matching contributions to Named Executive Officers who chose to contribute some of their own compensation into the plan.

Employee Benefits

Our Named Executive Officers are eligible to participate in all of our employee benefit plans, such as our 401(k) Plan and medical, dental, and group life insurance plans, in each case on the same basis as our other employees.

Employee Benefits Paid to Our Named Executive Officers

In 2006, in addition to providing medical, dental, and group life insurance to our Named Executive Officers, we also contributed \$10,052, which represents our matching discretionary contribution, to the Non-qualified Deferred Compensation and 401(k) Plans of our group of Named Executive Officers.

Employment Agreements

We currently have employment contracts in place with certain of our Named Executive Officers. It is the position of the Compensation Committee that employment contracts are unnecessary to attract and retain key executives, except in certain positions. Consequently, the Compensation Committee has used its discretion to not renew contracts of certain NEOs, as their existing contracts mature. The section below identifies the employment contract in place with each of our NEOs and the maturity date of each contract. The contracts in general have contained provisions outlining annual compensation, annual incentive bonuses, stock awards, severance agreements, or change-of-control agreements with our Named Executive Officers.

Employment Contracts

The Company entered into an employment agreement with Michael R. Welch, the Company's Chief Executive Officer, on July 1, 2005, which terminates on July 1, 2008. The agreement shall be automatically extended for an additional one-year period after the initial term unless at least 30 days prior to the termination date either the Company or Mr. Welch give written notice to the other that the employment agreement will not be renewed. In addition to auto, cellular and other expense allowances, Mr. Welch's starting base salary was \$150,000 under the terms of the agreement, with provisions for annual increase in base salary of not less than \$10,000 each year. Mr. Welch is also eligible to receive an annual bonus based on the Company's financial performance in the form of stock options and cash. The agreement also granted 100,000 options at a price of \$0.57 per share, vesting over a three-year period. The new agreement replaced a previous employment agreement entered into in August 2004, between the Company and Mr. Welch. Mr. Welch's employment agreement provides for the continuation of compensation in the event of termination for other than cause or in the event of a change in control. In either case, Mr. Welch is to receive twelve months of his then current base salary, excluding benefits, perquisites and bonuses.

In August 2005, the Company entered into an employment agreement with Mark Patterson, the Company's Chief Financial Officer, which terminates July 2008. In addition to reasonable expense reimbursement, this agreement provided for a salary of \$125,000 per year with annual increases in salary and bonuses at the discretion of the Board of Directors. The agreement also provided for 100,000 options at a price of \$1.25 per share. Mr. Patterson's employment agreement provides for the continuation of compensation in the event of termination for other than cause or in the event of a change in control. In either case, Mr. Patterson is to receive his then current base salary, excluding benefits, perquisites and bonuses for the lesser of a period of twelve months or the remaining term of his employment contract.

In August 2004, the Company entered into an employment agreement with John. D. Welch, in conjunction with the purchase agreement between the Company and Express-1. The agreement terminates in August 2007. In addition to auto, cellular and other expense allowances, Mr. Welch's agreement calls for a base salary of \$125,000 per year; a contribution to the Company's non-qualified deferred compensation plan of \$30,000 per year; and, an annual bonus at

the discretion of the Board of Directors. Mr. Welch's employment agreement provides for the continuation of compensation in the event of termination for other than cause or in the event of a change in control. In the event of termination for other than cause, Mr. Welch is to receive his base salary, at not less than \$125,000 per year, excluding benefits, perquisites and bonuses, for the lesser of twenty-four months or the remainder of his contract. In the event of a change in control, Mr. Welch is to receive his base salary, at not less than \$125,000 per year, excluding benefits, perquisites and bonuses, for the remainder of the contract.

Table of Contents

In August 2004, the Company entered into an employment agreement with James M. Welch, in conjunction with the purchase agreement between the Company and Express-1. The agreement terminates in August 2007. In addition to auto, cellular and other expense allowances, Mr. Welch's agreement calls for a base salary of \$125,000 annually; a contribution to the Company's non-qualified deferred compensation plan of \$30,000 per year; an annual cash bonus equivalent to \$10,000 per million in Company income; and, an annual stock option award equivalent to 15,000 shares per million in Company income at a strike price of \$1.45 per share and a maturity of three years. Mr. Welch's employment agreement provides for the continuation of compensation in the event of termination for other than cause or in the event of a change in control. In the event of termination for other than cause, Mr. Welch is to receive his base salary, at not less than \$125,000 per year, excluding benefits, perquisites and bonuses, for the lesser of twenty-four months or the remainder of his contract. In the event of a change in control, Mr. Welch is to receive his base salary, at not less than \$125,000 per year, excluding benefits, perquisites and bonuses, for the remainder of the contract.

Narrative to Director Compensation

The Company's Board appoints the executive officers to serve at the discretion of the Board. Directors who are also employees receive no compensation for serving on the Board. In 2006, the Company's non-employee director compensation plan was modified. New board members, at the time of their appointment, are awarded a one-time grant of 100,000 options at the then current market price, with vesting over a three-year term. In the first quarter of each year, the Board reviews the Company's results and determines whether an additional award of stock options will be granted to the non-employee directors. In December 2006, the Board of Directors approved stock option awards of 25,000 shares to each non-employee director to be granted in 2007. Grants are to be made at the end of the month corresponding to the director's appointment to the board. The exercise price of the grants is determined at the time grant, and represents the then current trading price of the Company's stock. Each non-employee director receives (i) \$2,000 per day for each board meeting attended; (ii) \$500 for participation in a conference call; and (iii) reasonable reimbursement of expenses associated with attendance and participation at board meetings. The Chairperson of the Board of Directors receives an annual fee of \$10,000. The Chairperson of the Compensation Committee receives an annual fee of \$10,000. The Chairperson of the Audit Committee receives an annual fee of \$15,000. The Chairperson of the Nominating Committee receives an annual fee of \$5,000. Each of these fees to the Chairpersons of the aforementioned Committees, is in four equal installments, throughout the year.
