Item 9. Regulation FD Disclosure

An improvement in Calgon Carbon Corporation's (the Company) information reporting system in the second quarter of 2002 has allowed the Company to directly attribute, rather than allocate, certain inventory cost variances, distribution costs and assets, such as accounts receivable, to segments.

The following is the segment data for the quarterly periods from January 1, 2001 to March 31, 2002 as reported in the Company's public filings with the Securities and Exchange Commission and restated to reflect the aforementioned change in attribution method.
