EXPLANATORY NOTE

Koss Corporation (the Company) is filing this Amendment No. 1 on Form 10-Q/A to its original Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2003 (the Original Report).

Subsequent to the filing of the Original Report, the Company determined to change reported financial results for the period from June 2001 until June 2003 when the Company concluded that some previously reported transactions should be accounted for as employee compensation expense rather than as treasury stock transactions pursuant to FIN 44: Accounting for Certain Transactions Involving Stock Compensation an interpretation of APB Opinion No. 25 (FIN 44). The Company had previously accounted for these transactions as an acquisition of treasury stock, whereas under FIN 44, the Company will treat the expenditures to acquire stock purchased directly from Company employees who held the stock for less than six months as a compensation expense. The change has no effect on cash and has the following effects on the Company's previously announced financial results to be disclosed in Amendment No. 1 on Form 10-K/A filed by the Company for the fiscal year ended June 30, 2003:

A cumulative increase in the Company's paid in capital of \$1,997,913 at June 30, 2003.

A cumulative reduction in the Company's retained earnings of \$1,310,226 at June 30, 2003.

A reduction in the Company's tax liability of \$687,687 at June 30, 2003.

Reductions in reported net income for the fiscal year ended June 30, 2001 from \$5,687,521 to \$5,183,143, for the fiscal year ended June 30, 2002, from \$5,041,343 to \$4,587,259, and for the fiscal year ended June 30, 2003 from \$4,521,175 to \$4,169,411.

Reductions in reported diluted earnings per share for the fiscal year ended June 30, 2001 from \$1.28 to \$1.16, for the fiscal year ended June 30, 2002, from \$1.28 to \$1.17, and for the fiscal year ended June 30, 2003 from \$1.18 to \$1.08, to reflect booking the acquisition of the repurchased shares as employee compensation expense.

The change does not affect the current fiscal year's operations, or the net income reported during the first two quarters of the current fiscal year ending June 30, 2004. The change is reflected in this Form 10-Q/A on the Company's balance sheet set forth in Item 1. Financial Statements as a decrease in taxes payable of \$687,687 and an increase in stockholders' investment of \$687,687. The change is also reflected in Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations. Certifications of certain executive officers as of the date of this amendment have also been updated. This Form 10-Q/A is hereby amended, as described above, and for convenience of reference is restated in its entirety as set forth herein.

This amended quarterly report continues to speak as of the original date of the original quarterly report and unless as otherwise noted, the Company has not updated the disclosure in this amended quarterly report to speak as of a later date.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
(Unaudited)

## 1. CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The financial statements presented herein are based on interim amounts. In the opinion of management, all adjustments (consisting only of normal recurring accruals) necessary to present fairly the financial position, results of operations and cash flows at September 30, 2003 and for all periods presented have been made. The income from operations for the quarter ended September 30, 2003 is not necessarily indicative of the operating results for the full year.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed consolidated financial statements be read in conjunction with the financial statements and notes thereto included in the Registrant's June 30, 2003, Annual Report on Form 10-K for the year ended June 30, 2003, which the Company has stated it will amend.

Certain balances contained in the June 30, 2003 financial statements have been reclassified to be consistent with the December 31, 2003 presentation.

## 2. EARNINGS PER COMMON SHARE

Basic earnings per common share are computed based on the weighted average number of common shares outstanding. The weighted average number of common shares outstanding for the quarters ending September 30, 2003 and 2002 were 3,766,093 and 3,855,625, respectively. When dilutive, stock options are included as share equivalents using the treasury stock method. Common stock equivalents of 139,928 and 185,071 related to stock option grants were included in the computation of the average number of shares outstanding for diluted earnings per common share for the quarters ended September 30, 2003 and 2002, respectively.

## 3. INVENTORIES

The classification of inventories is as follows:

	<u>September 30, 2003</u>	<u>June 30, 2003</u>

**4. STOCK PURCHASE AGREEMENT**

The Company has an agreement with its Chairman to repurchase Company common stock from his estate (only upon the election of the estate) in the event of his death. The repurchase price is 95% of the fair market value of the common stock on the date that notice to repurchase is provided to the Company. The total number of shares to be repurchased shall be sufficient to provide proceeds which are the lesser of \$2,500,000 or the amount of estate taxes and administrative expenses incurred by his estate. The Company is obligated to pay in cash 25% of the total amount due and to execute a promissory note at the prime rate of interest for the balance. The Company maintains a \$1,150,000 life insurance policy to fund a substantial portion of this obligation. At September 30, 2003 and June 30, 2003, \$1,490,000 has been classified as a Contingently Redeemable Equity Interest reflecting the estimated obligation in the event of execution of the agreement.

**5. RECENTLY ISSUED FINANCIAL ACCOUNTING PRONOUNCEMENTS**

During April 2003, the Financial Accounting Standards Board ( FASB ) issued Statement of Accounting Standards ( SFAS ) No. 149, Amendment of Statement 133 on Derivative Instruments and Hedging Activities, which amends and clarifies financial accounting and reporting for certain derivative instruments. We do not anticipate the adoption of this statement to have a material impact on our consolidated financial statements, as we are not currently a party to derivative financial instruments included in this standard.

During May 2003, the FASB issued SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity, which establishes standards for the classification and measurement of certain financial instruments with characteristics of both liabilities and equity. The adoption of this statement did not have a material effect on the Company's consolidated financial statements.

**6. DIVIDENDS DECLARED**

On September 29, 2003, the Company declared a quarterly cash dividend of \$0.13 per share for stockholders of record on September 30, 2003 to be paid October 15, 2003. Such dividend payable has been recorded at September 30, 2003.

**7. STOCK BASED COMPENSATION**

The Company adopted the provisions of Statement of Financial Accounting Standards ( SFAS ) No. 148, Accounting for Stock-Based Compensation Transition and Disclosure. SFAS No. 148 provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, SFAS No. 148 amends the disclosure requirement of SFAS No. 123, Accounting for Stock-Based Compensation, to require more prominent and more frequent disclosures in financial statements of the effects of stock-based compensation.

The Company maintains stock option plans for certain of its directors, officers and key employees and accounts for these plans under the recognition and measurement principles of Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees.

The effect on net income and earnings per share had the Company applied the fair value recognition provisions of SFAS No. 123 is presented below:

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The Management's Discussion and Analysis of Financial Condition and Results of Operations presented below reflects the restatement to previously issued consolidated financial statements for fiscal 2003, and for the three months ended September 30, 2003 as discussed in the Introductory Note to this Form 10-Q/A.

### Financial Condition, Liquidity and Capital Resources

Cash provided by operating activities during the three months ended September 30, 2003 amounted to \$1,084,676. This was a result of net income for the period adjusted for changes in operating assets and liabilities, primarily related to increases in accounts receivable, inventories, accounts payable and income taxes payable.

**Table of Contents**

Capital expenditures for new equipment (including production tooling) were \$37,681 for the quarter. Budgeted capital expenditures for fiscal year 2004 are \$1,573,000. The Company expects to generate sufficient funds through operations to fund these expenditures.

Stockholders' investment decreased to \$16,463,465 at September 30, 2003, from \$16,501,202 at June 30, 2003. The decrease reflects the effect of the exercise of stock options, purchase and retirement of common stock, offset by net income and dividends declared.

The Company amended its existing credit facility in October 2003, extending the maturity date of the unsecured line of credit to November 1, 2004. This credit facility provides for borrowings up to a maximum of \$10,000,000. The Company can use this credit facility for working capital purposes or for the purchase of its own common stock pursuant to the Company's common stock repurchase program. Borrowings under this credit facility bear interest at the bank's prime rate, or LIBOR plus 1.75%. This credit facility includes certain financial covenants that require the Company to maintain a minimum tangible net worth and specified current, interest coverage, and leverage ratios. The Company uses its credit facility from time to time, although there was no utilization of this credit facility at September 30, 2003 or June 30, 2003.

In April of 1995, the Board of Directors approved a stock repurchase program authorizing the Company to purchase from time to time up to \$2,000,000 of its common stock for its own account. Subsequently, the Board of Directors periodically have approved increases in the stock repurchase program. The most recent increase was for an additional \$2,000,000 in January 2003, for a maximum of \$37,500,000. The Company intends to effectuate all stock purchases either on the open market or through privately negotiated transactions, and intends to finance all stock purchases through its own cash flow or by borrowing for such purchases.

For the quarter ended September 30, 2003, the Company purchased 45,000 shares of its common stock at a net price of \$13.59 per share, for a total net purchase price of \$611,325.

From the commencement of the Company's stock repurchase program through September 30, 2003, the Company has purchased a total of 4,969,180 shares for a total gross purchase price of \$40,655,545, (representing an average gross purchase price of \$8.18 per share) and a total net purchase price of \$36,030,060 (representing an average net purchase price of \$7.25 per share). The difference between the total gross purchase price and the total net purchase price is the result of the Company purchasing from certain employees shares of the Company's stock acquired by such employees pursuant to the Company's stock option program. In determining the dollar amount available for additional purchases under the stock repurchase program, the Company uses the total net purchase price paid by the Company for all stock purchases, as authorized by the Board of Directors.

The Company also has an Employee Stock Ownership Plan and Trust ( ESOP ) pursuant to which shares of the Company's stock are purchased by the ESOP for allocation to the accounts of ESOP participants. For the quarter ended September 30, 2003, the ESOP purchased 3,633 shares of the Company's stock.

**Results of Operations**

Net sales for the first quarter ended September 30, 2003 were \$9,164,691 compared with \$8,954,978 for the same period in 2002, an increase of \$209,713. The increase is primarily due to the contribution to sales by the acquired Addax, now renamed BiAudio.

**Table of Contents**

Gross profit as a percent of net sales decreased to 38% for the quarter ended September 30, 2003 compared with 39% in the prior year, as a result of a lower rate of overhead absorption.

Selling, general and administrative expenses for the quarter ended September 30, 2003 were \$2,029,734 or 22% of net sales, compared to \$1,880,652 or 21% of net sales for the same period in 2002. This was due to the Company experiencing higher sales commission for the quarter.

For the first quarter ended September 30, 2003, income from operations was \$1,467,911 versus \$1,650,105 for the same period in the prior year.

Effective July 1, 1998, the Company entered into a License Agreement and an Addendum thereto with Logitech Electronics Inc. of Ontario, Canada whereby the Company licensed to Logitech the right to sell multimedia/computer speakers under the Koss brand name. This License Agreement covers North America and certain countries in South America and Europe, requiring royalty payments by Logitech through June 30, 2008, subject to certain minimum annual royalty amounts.

The Company has a License Agreement with Jiangsu Electronics Industries Limited, a subsidiary of Orient Power Holdings Limited, by way of an assignment of a previously existing License Agreement with Trabelco N.V. Orient Power is based in Hong Kong and has an extensive portfolio of audio and video products. This License Agreement covers the United States, Canada, and Mexico, and has been renewed through December 31, 2004. Pursuant to this License Agreement, Jiangsu Electronics has agreed to meet certain minimum royalty amounts each year. The products covered by this License Agreement include various consumer electronics products.

Effective June 30, 2003, the Company entered into a License Agreement with Sonigem Products, Inc. ( Sonigem ) of Ontario, Canada whereby the Company licensed to Sonigem the right to sell video and communications products under the Koss brand name. This License Agreement covers Canada, requiring royalty payments by Sonigem through June 30, 2010, subject to certain minimum annual royalty amounts.

Royalty income for the quarter ended September 30, 2003 was \$190,325, compared to \$163,961 for the quarter ended September 30, 2002.

The provision for income taxes was \$642,152 and \$706,277 for the quarter ended September 30, 2003 and 2002, respectively. The effective tax rate was 39% for each quarter.

On September 29, 2003, the Company declared a quarterly cash dividend of \$0.13 per share payable on October 15, 2003 to stockholders of record on September 30, 2003, which is recorded as dividends payable.

**Recently Issued Financial Accounting Pronouncements**

During April 2003, the Financial Accounting Standards Board ( FASB ) issued Statement of Accounting Standards ( SFAS ) No. 149, Amendment of Statement 133 on Derivative Instruments and Hedging Activities, which amends and clarifies financial accounting and reporting for certain derivative instruments. We do not anticipate the adoption of this statement to have a material impact on our consolidated financial statements, as we are not currently a party to derivative financial instruments included in this standard.

## **Table of Contents**

During May 2003, the FASB issued SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity, which establishes standards for the classification and measurement of certain financial instruments with characteristics of both liabilities and equity. The adoption of this statement did not have a material effect on the Company's consolidated financial statements.

### **Item 3. Quantitative and Qualitative Disclosures About Market Risk.**

In management's opinion, the Company does not engage in any material risk sensitive activities and does not have any market risk sensitive instruments, other than the Company's commercial credit facility used for working capital purposes and stock repurchases.

### **Item 4. Controls and Procedures.**

The Company's management, including the Chief Executive Officer/Chief Financial Officer, evaluated the Company's disclosure controls and procedures (as defined in Exchange Act Rules 13a-14(c) and 15d-14(c)) as of the end of the period covered by this report and concluded that the Company's disclosure controls and procedures were effective. There were no significant changes in the Company's internal controls or in other factors that could significantly affect these controls, including any corrective actions with regard to significant deficiencies and material weaknesses subsequent to the date of their evaluation. Management, including the Chief Executive Officer/Chief Financial Officer, periodically reviews the Company's internal controls for effectiveness and plans to conduct quarterly evaluations of its disclosure controls and procedures.
