Item 8.01. Other Events.

On February 12, 2007, Windstream Corporation (Windstream) issued a press release announcing that it intends to privately place \$500 million aggregate principal amount of senior notes due 2019. The offering is expected to be consummated in February 2007, subject to market and other customary conditions. Windstream intends to use the net proceeds from the offering to repay approximately \$500 million of amounts outstanding under the term loan portion of its senior secured credit facilities.

The press release also announced that Windstream is seeking the consent of lenders to an amendment and restatement of its \$2.9 billion senior secured credit facilities to, among other things, reduce the interest rate payable under tranche B of the term loan portion of the facilities; modify the pre-payment provisions; modify certain covenants to permit the consummation of the previously announced split-off of its directory publishing business; and make other specified changes. The company expects to complete the amendment and restatement in February 2007.

A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated by reference herein.
