**2006 SPECIAL MEETING OF STOCKHOLDERS
IN LIEU OF ANNUAL MEETING**

PROXY STATEMENT

GENERAL

The enclosed proxy is solicited by the Board of Directors (MicroFinancial Board) of MicroFinancial Incorporated (MicroFinancial or the Corporation) in connection with the Special Meeting of Stockholders in Lieu of Annual Meeting (the Special Meeting) to be held on May 16, 2006. This proxy statement and the enclosed proxy are first being sent to stockholders on or about April 21, 2006. The proxy will be voted at the Special Meeting in accordance with the instructions indicated on the proxy by the stockholder. If no instructions are indicated, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted FOR Proposal No. 1 and FOR Proposal No. 2.

The record date for determining stockholders entitled to vote at the Special Meeting is the close of business on April 11, 2006. On this date, there were outstanding and entitled to vote 13,786,523 shares of Common Stock, par value \$0.01 per share, of the Corporation (the Common Stock), each of which is entitled to one vote on each matter to be voted on at the Special Meeting. The presence (in person or by proxy) of a majority of the aggregate number of shares of Common Stock outstanding and entitled to vote on the record date is necessary to constitute a quorum at the Special Meeting. Abstentions and broker non-votes will be counted as present at the Special Meeting for purposes of determining whether there is a quorum. A broker non-vote occurs when a broker or other nominee, holding shares for a beneficial owner, has not received voting instructions on a matter from such owner and is barred by stock exchange rules from exercising discretionary authority to vote on the matter.

Management is not aware of any matter to be considered at the Special Meeting other than those referred to in this proxy statement. If any other business should properly come before the Special Meeting, the persons named in the proxy will vote according to their best judgment.

Table of Contents

VOTING PROCEDURES

A plurality of votes of the shares of Common Stock represented at the Special Meeting is required to elect directors. In voting for the election of directors, stockholders may cast their votes in favor of or against, but abstentions may not be specified. The affirmative vote of a majority of the shares of Common Stock represented at the Special Meeting and entitled to vote is required to ratify the selection of auditors. If a broker's authority to vote on a particular matter is limited, thus resulting in a broker non-vote, such broker non-vote will not be counted in determining the number of votes cast or entitled to vote at the Special Meeting. Abstentions are counted for this purpose. Since a broker's authority is not limited with respect to Proposals No. 1 and 2, MicroFinancial does not expect to receive any broker non-votes with respect to the Special Meeting.

A stockholder of record may revoke a proxy by delivering written notice of revocation to Richard F. Latour, Clerk of MicroFinancial, at the address set forth above, by filing a duly executed proxy bearing a later date, or by attending the Special Meeting in person, notifying the Clerk, and voting by ballot at the Special Meeting. Any stockholder of record attending the Special Meeting may vote in person whether or not a proxy has been previously given, but the mere presence (without notifying the Clerk) of a stockholder at the Special Meeting will not constitute revocation of a previously given proxy. In addition, stockholders whose shares of Common Stock are not registered in their own name will need additional documentation from the record holder of the shares to vote in person at the Special Meeting.

Description of the Roles of the Committees

The Board of Directors has standing Audit, Nominating and Corporate Governance, Compensation and Benefits, Credit Policy and Strategic Planning Committees.

Audit Committee. The Audit Committee is appointed by the Board of Directors to assist the Board in monitoring (1) the integrity of the financial statements of the Corporation, (2) compliance by the Corporation with legal and regulatory requirements, (3) the independent registered public accounting firm's qualifications and independence, (4) performance of the Corporation's internal and independent auditors, and (5) the business practices and ethical standards of the Corporation. The Audit Committee is also directly responsible for the appointment, compensation, retention and oversight of the work of the Corporation's independent registered public accounting firm, and the preparation of the audit committee report included in this proxy statement.

MicroFinancial is required by the rules of the SEC and the American Stock Exchange to satisfy certain requirements with respect to its Audit Committee. In conformity with those requirements, the MicroFinancial Board has approved the Audit Committee's written charter which was included as an appendix to the Corporation's 2004 proxy statement and may be found on the Corporation's web site at www.microfinancial.com.

All of the members of the Audit Committee are independent and financially literate within the meaning of SEC regulations, the listing standards of the American Stock Exchange and the Corporation's *Corporate Governance Guidelines*. Mr. von Mering is qualified as an audit committee financial expert within the meaning of SEC regulations

and the Board has determined that he meets the financial sophistication standards of the American Stock Exchange.

The Audit Committee met three times during fiscal 2005.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is appointed by the Board of Directors to assist the Board in identifying qualified individuals to become directors, recommend to the Board qualified director nominees for election at the stockholders' annual meeting, determine membership on the Board committees, recommend a set of Corporate Governance Guidelines, oversee annual self-evaluations by the Board and evaluate itself annually, and report annually to the Board on the Chief Executive Officer succession plan. The written charter of the Nominating and Corporate Governance Committee may be found on the Corporation's web site at www.microfinancial.com.

Table of Contents

All of the members of the Nominating and Corporate Governance Committee are independent within the meaning of the listing standards of the American Stock Exchange and the Corporation's *Corporate Governance Guidelines*.

The Nominating and Corporate Governance Committee met twice during fiscal 2005.

Compensation and Benefits Committee. The Compensation and Benefits Committee is appointed by the Board of Directors to discharge the Board's responsibilities relating to compensation of the Corporation's directors and officers. The committee has overall responsibility for approving and evaluating the director and officer compensation plans, policies and programs of the Corporation. The committee is also responsible for producing the annual report on executive compensation that is included in this proxy statement. The written charter of the Compensation and Benefits Committee may be found on the Corporation's web site at www.microfinancical.com.

All of the members of the Compensation and Benefits Committee are independent within the meaning of the listing standards of the American Stock Exchange and the Corporation's *Corporate Governance Guidelines*.

The Compensation and Benefits Committee met four times during fiscal 2005.

Credit Policy Committee. The Credit Policy Committee is appointed by the Board to discharge the Board's responsibilities relating to oversight of the Corporation's credit policies. The Committee has responsibility for approving and evaluating the Corporation's policies and programs relating to customer credit scoring parameters, including industry segments, product lines, and overall strategic direction. The Committee will evaluate management's recommendations consistent with those parameters, as established from time to time, and further as consistent with the Corporation's legal and regulatory requirements.

Strategic Planning Committee. In March 2006, the Board of Directors constituted a Strategic Planning Committee. The purpose of this committee is to support the Board in reviewing and assessing the long-range strategic objectives of the Corporation, and ensuring that the Corporation's strategies, priorities and policies are consistent with the Corporation's overriding goals of creating and building long-term sustainable value for its shareholders, and carrying out its business in accordance with its values. These duties include providing guidance to management in the development of a long-term strategic (as opposed to operating) plan, assessing resource allocations decided by management for consistency with the long-term plan, reviewing the Corporation's performance on major capital investment projects, and reviewing proposed significant changes in the business operations, new or discontinued lines of business, asset or stock purchases or other extraordinary transactions.

The Board's Presiding Director

In January 2004, the Board created a new position of presiding director, whose primary responsibility is to preside over periodic executive sessions of the Board in which management directors and other members of management do not participate. The presiding director also advises the Chairman of the Board and, as appropriate, Committee chairs with respect to agendas and information needs relating to Board and Committee meetings, provides advice with respect to the selection of Committee chairs and performs other duties that the Board may from time to time delegate to assist the Board in the fulfillment of its responsibilities.

At the Corporation's 2005 annual meeting of stockholders, director Alan Zakon was selected by the non-management members of the Board to serve in this position until the Corporation's 2006 annual meeting of stockholders. At the meeting to be held on the day following the 2006 Special Meeting, Mr. Zakon may be reappointed to that position for another year or, alternatively, the Nominating and Corporate Governance Committee may recommend another independent director to serve as the presiding director. In the event that a different presiding director is chosen by the Board, the Corporation intends to make a public announcement identifying the new presiding director.

Table of Contents

Selection of Nominees for the Board of Directors

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and stockholders. A stockholder who wishes to recommend a prospective nominee for the Board should notify the Corporation's Corporate Secretary or any member of the Nominating and Corporate Governance Committee in writing with whatever supporting material the stockholder considers appropriate. The Nominating and Corporate Governance Committee will also consider whether to nominate any person nominated by a stockholder pursuant to the provisions of the Corporation's bylaws relating to stockholder nominations.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Committee determines, in consultation with the Chairman of the Board and other Board members as appropriate, that additional consideration is warranted, it may gather additional information about the prospective nominee's background and experience. The Committee then evaluates the prospective nominee against the standards and qualifications set out in the Corporation's *Corporate Governance Guidelines*, including:

- the ability of the prospective nominee to represent the interests of the stockholders of the Corporation;
- the prospective nominee's standards of integrity, commitment and independence of thought and judgment;
- the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards, as specifically set out in the Corporation's *Corporate Governance Guidelines*;
- the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board; and
- the extent to which the prospective nominee helps the Board reflect the diversity of the Corporation's stockholders, employees, customers and communities.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

Determination of Director Independence

In January 2004, the Board and the Nominating and Corporate Governance Committee adopted *Corporate Governance Guidelines* for the Corporation. The *Guidelines* may be found on the Corporation's web site at www.microfinacial.com.

Pursuant to the *Guidelines*, the Board undertakes a review of director independence annually. During this review, the Board considers transactions and relationships between each director or any member of his or her

Table of Contents

immediate family and the Corporation and its subsidiaries and affiliates, including those reported under *Certain Relationships and Related Transactions* below. The Board also examines transactions and relationships between directors or their affiliates and members of the Corporation's senior management or their affiliates. As provided in the *Guidelines*, the purpose of this review is to determine whether any such relationships or transactions are inconsistent with a determination that the director is independent.

As a result of this review, the Board has affirmatively determined that all of the directors, including those nominated for election at the annual meeting, are independent of the Corporation and its management under American Stock Exchange rules and the standards set forth in the *Corporate Governance Guidelines*, with the exception of Peter Bleyleben and Richard Latour who are considered inside directors because of their employment by the Corporation. In making this decision, the Board considered all relationships between the Corporation and the directors, including those reported under *Certain Relationships and Related Transactions* below, and also including the relationships between directors who serve together on the same outside boards and the former employment relationship of Mr. Boyle to the Corporation which ended in 1987. The Board determined each such relationship, and the aggregate of such relationships, to be immaterial to the applicable director's ability to exercise independent judgment.

Meetings of the Board of Directors during Fiscal 2005

During 2005, the MicroFinancial Board met six times. In 2005, all MicroFinancial Board members attended over 75% of the aggregate of the meetings of the MicroFinancial Board and its committees on which they served. The Corporation does not have a formal policy relating to attendance of Board members at its annual meeting of stockholders, but it encourages all members of its Board to attend. Five of the six Board members attended the 2005 Special Meeting of Stockholders in Lieu of Annual Meeting.

Compensation of Directors

The MicroFinancial Board is comprised of six Directors, two of whom, Peter Bleyleben and Richard F. Latour, are salaried employees of the Corporation who receive no additional compensation for services rendered as Directors.

In July 2005, the Corporation revised its compensation package for members of its Board of Directors as follows: (i) each member of the MicroFinancial Board who is not an employee of the Corporation (Non-Employee Directors) will receive an annual retainer of \$16,000, to be paid at the director's election either entirely in shares of stock or 40% in cash and 60% in shares of stock, in each case with full vesting upon the date of issuance; (ii) each Non-Employee Director will also receive a cash fee of \$1,000 per Board meeting attended and committee members will receive a cash fee of \$500 per committee meeting attended, except that no such fees will be paid for meetings by telephone conference; (iii) the chairman of the Corporation's Audit Committee will be paid a fee of \$5,000 per year, to be paid either entirely in shares of stock or 40% in cash and 60% in shares of stock, in each case with full vesting upon the date of issuance; and (iv) each Non-Employee Director will be issued between 2,500 and 5,000 shares of stock, to be awarded each January of the Corporation's fiscal year, with each director having the option to take 40% of such award in cash instead, and with all shares of stock fully vested upon the date of issuance. The actual number of shares issued to each director under clause (iv) above will be established annually within the specified range, in the discretion of the Compensation and Benefits Committee, and will be determined by reference to the attainment of company goals applicable to the Corporation's chief executive officer and to its management generally. In early 2006, the Compensation and Benefits Committee set the award of shares to Non-Employee Directors for 2005 at 2,750. All shares of stock issued to members of the Corporation's Board of Directors will be issued under the terms of the Corporation's existing 1998 Equity Incentive Plan or any successor plan which may be adopted from time to time. In addition to the foregoing, the Corporation may maintain health insurance benefits for Non-Employee Directors who elect to participate, with the cost to be borne partially by the Corporation, consistent with the Corporation's past practices.

Table of Contents

The following table sets forth the compensation paid to each Non-Employee Director of the Corporation for 2005 under the director compensation policy described above:

Non-Employee Director	Cash Payments	Common Stock			Total
		Shares	Value(1)	Other(2)	
Brian E. Boyle	\$ 2,500	6,306	\$ 25,762	\$ 14,753	\$ 43,015
Torrence C. Harder	\$ 2,500	6,306	\$ 25,762	\$ 9,236	\$ 37,498
Fritz von Mering	\$ 2,500	12,417	\$ 52,174	\$ 0	\$ 54,674
Alan J. Zakon	\$ 2,500	4,883	\$ 9,762	\$ 10,415	\$ 22,677

(1) Shares of common stock are valued at the closing price of the common stock on the date of grant.

(2) Other payments comprise payments made by the Corporation relating to health insurance benefits.

Compensation of Chairman

The Corporation's Chairman, Dr. Bleyleben, has entered into an employment agreement with the Corporation under which he receives an annual salary of \$130,000, in addition to certain benefits. See Employment Agreements below for more detail. Dr. Bleyleben is not eligible to participate in the Corporation's annual bonus or profit-sharing plans, but he is eligible to participate in the Corporation's 1998 Equity Incentive Plan on the same basis as other directors.

Dr. Bleyleben also holds a \$200,000 subordinated note from the Corporation which matures in May 2006, subject to optional extension by the Corporation, and which bears interest at a rate of 12% per year. See Certain Relationships and Related Party Transactions Involving Directors below. In addition, like a number of other persons who were executive officers at the time, in March 2003, Dr. Bleyleben was issued a promissory note relating to amounts which were payable to him for prior years under the Corporation's profit-sharing plan, payment of which was contingent upon the Corporation repaying its previous lenders in full. Those lenders were repaid in 2004, and in early 2005, Dr. Bleyleben's promissory note for such prior years' profit-sharing payments was paid to him in the amount of \$388,690.

Other amounts paid to Dr. Bleyleben in 2005 included contributions by the Corporation under the Corporation's 401(k) retirement/profit sharing plan (\$4,725) and executive disability insurance policy premiums paid by the Corporation (\$8,027).

In March 2005, Dr. Bleyleben exercised options to purchase 32,500 shares of common stock in a cashless exercise. He received 12,614 shares after selling 19,886 shares to cover the aggregate exercise price and applicable withholdings.

Certain Relationships and Related Party Transactions Involving Directors

On May 1, 2001, Dr. Bleyleben, the Chairman and a Director of the Corporation, loaned the Corporation \$200,000 in the form of a subordinated note. On the same date, Dr. Boyle and Mr. Harder, each of whom is a Director of the Corporation, also loaned the Corporation \$200,000 and \$100,000, respectively, in each case in the form of a subordinated note. Each of these notes matures on May 1, 2006 (with a one-year optional extension by the Corporation) and bears interest at a rate of 12% per annum.

All of the foregoing transactions were on terms at least as favorable as those that would have been obtained through arms-length negotiations.

Profit Sharing Plan and Discretionary Board of Director Bonus Programs

The Corporation pays annual bonuses and makes profit sharing payments as determined by the Compensation and Benefits Committee of the MicroFinancial Board. For years 2004 and earlier, the Compensation and Benefits Committee would indicate to the executive officers the percentage of the following year's pre-tax profits on which profit sharing plan payments would be based. Upon the conclusion of the audit of the prior year's financial results, the Compensation and Benefits Committee would determine the total percentage of pre-tax profits eligible for profit-sharing plan payments, and award payments to all Named Executive Officers. To enhance long-term retention of these executives, only one-third of the amount awarded was paid at that point in time. The remaining two-thirds was eligible to be paid out over the next two years in the discretion of the Compensation and Benefits Committee and

was subject to separate annual approvals of the Compensation and Benefits Committee. In March 2003, the Board of Directors voted to issue promissory notes to these executives to cover profit-sharing plan payments owed from prior years that were contingent upon the Corporation repaying its previous lenders in full.

Under a revised program beginning in 2005, the President and Chief Executive Officer is eligible for a bonus of between 50% and 100% of base salary to be determined by the Compensation and Benefits Committee based upon the Corporation's financial performance goals and qualitative goals. The bonus is paid 50% in cash and 50% in shares of common stock. Both sets of goals are prepared by the President and Chief Executive Officer for review and approval by the Compensation and Benefits Committee.

Also beginning in 2005, the Vice President and Chief Financial Officer is eligible for a bonus of between 33% to 50% of base salary to be determined by the President and Chief Executive Officer based upon performance goals to be prepared by the President and Chief Executive Officer and approved by the Compensation and Benefits Committee. The bonus is paid 50% in cash and 50% in shares of common stock.

The other management members, including the other Named Executive Officers, are eligible for a bonus of between 20% and 33% of base salary to be determined by the President and Chief Executive Officer based upon

performance goals to be prepared by the President and Chief Executive Officer and approved by the Compensation and Benefits Committee. The bonus is paid 50% in cash and 50% in shares of common stock.

Employment Agreements

The Corporation entered into an Employment Agreement with Mr. Latour for a three-year period commencing June 12, 1998, subject to automatic successive one-year renewals unless terminated pursuant to the terms thereof. Certain amendments were made to the agreement effective January 30, 2003. In the event of a termination of Mr. Latour's employment agreement by the Corporation without cause, or by Mr. Latour for specified good reason, the employment agreement provides for three years of severance payments to Mr. Latour on the basis of his highest base salary during the employment period. In addition, Mr. Latour would also be entitled to a prorated payment of base salary and bonus to the date of termination, and the acceleration of deferred compensation and accrued but unpaid amounts under the Corporation's bonus and/or profit sharing plans. Mr. Latour's current base salary is \$260,000. The bonus for the current fiscal year will be determined by the MicroFinancial Board. If, in connection with a payment under his employment agreement, Mr. Latour shall incur any excise tax liability on the receipt of excess parachute payments as defined in Section 280G of the Internal Revenue Code of 1986, as amended, the employment agreement provides for gross-up payments to return him to the after-tax position he would have been in if no excise tax had been imposed. As used in Mr. Latour's employment agreement, for good reason means the assignment to the executive of duties inconsistent with the executive's position, authority, duties or responsibilities; the failure by the Corporation to pay the agreed base salary and provide the executive with benefits; moving the executive to a location outside of the metropolitan Boston, Massachusetts area; and the failure by the Corporation to require a successor to assume all obligations under the employment agreement.

In July 2005, following approval by the Board of Directors and its Compensation and Benefits Committee, the Corporation entered into a Second Amended and Employment Agreement with Dr. Bleyleben, Chairman of the Board of Directors of the Corporation, for a three-year period commencing July 15, 2005 and ending June 30, 2008 (the Employment Term). This employment agreement replaced Dr. Bleyleben's previous employment agreement with the Corporation which had been entered into in 1998 and was subject to automatic one-year renewal periods according to its terms. Dr. Bleyleben's current base salary is \$130,000 and he is not entitled to participate in the Corporation's annual bonus or profit-sharing plans. He is, however, entitled to participate in the Corporation's 1998 Equity Incentive Plan or any other equity plan adopted by the Corporation from time to time, on the same basis as other directors of the Corporation. In the event of a termination of his employment agreement by the Corporation with cause, Dr. Bleyleben would be entitled to payments on the basis of his base salary through the date of termination. In, in connection with a payment under his employment agreement, Dr. Bleyleben shall incur any excise tax liability on the receipt of excess parachute payments as defined in Section 280G of the Internal Revenue Code of 1986, as amended, the employment agreement provides for gross-up payments to return him to the after-tax position he would have been in if no excise tax had been imposed. During the Employment Term, Dr. Bleyleben is entitled to health, accident and disability insurance plan benefits on terms no less favorable in the aggregate than the those benefits that the Corporation provided to Dr. Bleyleben immediately preceding the Employment Term. After expiration of the Employment Term, Dr. Bleyleben will be eligible to participate in such health, accident and disability plans as the Corporation may make available to other directors of the Corporation. In the event of a change of control, Dr. Bleyleben would be entitled to receive such benefits until the earlier of his death or his 65th birthday. Additionally, if any successor shall fail or refuse to assume and agree to perform its obligations under the employment agreement, the Corporation shall pay to Dr. Bleyleben those amounts to which he would have been entitled under the employment agreement in full, prior to any transaction with a successor and will, at the Corporation's expense, provide contractual coverage with a reputable carrier for a continuation of the insurance benefits.

Table of Contents

The Corporation has also entered into separate employment agreements with Messrs. Jackson, Constantino and LaCreta, each amended and restated in May 2005, which are designed to provide an incentive to each executive to remain with the Corporation pending and following a change in control (as defined below). Each employment agreement has an initial term of three years from May 2005, with an automatic renewal for a new three year period each one-year anniversary of the date of the agreement unless the Corporation gives 60 days notice to the executive that the period will not be renewed. If a change of control occurs within that term, the agreement provides for an employment period of one year following the change in control, with automatic extensions upon the expiration of the initial one-year term for successive one-month periods. Pursuant to each employment agreement, the executive will be entitled to receive an annual base salary of not less than twelve times the highest monthly base salary paid or payable to the executive within the twelve months preceding the change in control, as well as participation in bonus, incentive and benefit plans generally no less favorable than those provided or available to the executive prior to the change of control. If the employment agreement is terminated by the MicroFinancial Board other than for cause, death or disability, or is terminated by the executive for specified good reason, the Corporation shall pay to the executive, the aggregate of the following amounts: (i) one times annual base salary in the case of Messrs. Jackson and LaCreta and one and one-half times annual base salary in the case of Mr. Constantino; (ii) any other compensation or bonus previously deferred by the executive, together with any accrued interest or earnings thereon; and (iii) any accrued vacation pay. Pursuant to each employment agreement, if the executive's employment is terminated during the change of control employment period, the Corporation shall pay the amounts referenced above to the executive in a lump sum in cash within 30 days after the date of termination. If the executive's employment is terminated prior to the first day of the change of control employment period, the Corporation is obligated to pay the amounts referenced above; however, payments of the executive's annual base salary would be payable over twelve months, in the case of Messrs. Jackson and LaCreta and eighteen months in the case of Mr. Constantino, with payment to be made at the same time that the Corporation pays other peer executives of the Corporation.

Change in control means (i) the acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 50% or more of either the then outstanding shares of Common Stock or the combined voting power of the then outstanding voting securities of the Corporation entitled to vote generally in the election of directors; (ii) individuals who, as of the date of the original employment agreements constitute the MicroFinancial Board, cease for any reason to constitute at least a majority of the MicroFinancial Board or are divested of possession by appointment of a trustee pursuant to Chapter 7 or 11 of the United States Bankruptcy Code, except with respect to any director who was approved by a vote of at least a majority of the directors then comprising the MicroFinancial Board; (iii) approval by the stockholders of the Corporation or, in the instance of proceedings for the Corporation pursuant to Chapter 7 or Chapter 11 of the United States Bankruptcy Code, approval by the bankruptcy judge, of a reorganization, merger or consolidation, in each case, unless, following such reorganization, merger or consolidation, more than 60% of, respectively, the then outstanding shares of Common Stock of the corporation resulting from such reorganization, merger or consolidation and the combined voting power of the then outstanding voting securities of such corporation entitled to vote generally in the election of directors continues to be owned by the stockholders who were the beneficial holders of such stock prior to such transaction; or (iv) approval by the stockholders or, in the instance of proceedings for the Corporation pursuant to Chapter 7 or Chapter 11 of the United States Bankruptcy Code, approval by the bankruptcy judge, of the Corporation of a complete liquidation or dissolution of the Corporation or the sale or other disposition of all or substantially all of the assets of the Corporation.

COMPENSATION COMMITTEE REPORT

Notwithstanding anything to the contrary set forth in any of the Corporation's previous or future filings under the Securities Act of 1933, as amended, or the Exchange Act that might incorporate future filings, including this proxy statement, in whole or in part, the following Compensation and Benefits Committee Report shall not be incorporated by reference into any such filings and shall not otherwise be deemed filed under such Acts.

Overview and Philosophy

The Compensation and Benefits Committee of the Board of Directors (the Compensation Committee) is composed of three members, all of whom are non-employee, independent directors of the Corporation. The Compensation Committee provides overall guidance on the Corporation's compensation and benefits philosophy. In addition, the Compensation Committee approves and monitors the Corporation's:

executive compensation and benefits programs;

executive employment agreements, if any; and

1998 Equity Incentive Plan.

The primary objectives of the Compensation Committee are to assure that the Corporation's executive compensation and benefits programs:

reflect the Corporation's entrepreneurial orientation;

are competitive with other companies of similar size and business;

safeguard the interests of the Corporation and its stockholders;

are effective in driving performance to achieve financial goals and create stockholder value;

foster teamwork on the part of management;

are cost-efficient and fair to employees, management and stockholders; and

are well communicated to and understood by program participants.

The Committee's executive compensation policies are designed to attract, motivate and retain highly qualified executive officers who can enhance stockholder value, and to support a performance-oriented environment that rewards achievement of the Corporation's financial goals. The Compensation Committee meets at least once and usually several times during each fiscal year to review the Corporation's existing compensation and benefits programs and to consider modifications that seek to provide a direct relationship between executive compensation and sustained corporate performance.

The Corporation compensates its executive officers through four principal types of compensation: annual base salary, profit-sharing payments, annual bonus payments, and long-term incentive awards through stock options or stock awards. The Committee, as a matter of policy, places substantial emphasis on the profit sharing and bonus plans and

long-term stock options and stock awards, or combinations of these components, since the Corporation believes that rewarding executive officers with respect to both the annual financial performance of the Corporation and long-term share valuation is in the best interest of the shareholders.

Base Salary

The annual base salary of each executive officer is based on the scope of his or her responsibility and accountability within the Corporation, as well as on performance and experience criteria. In addition, the Compensation Committee considers the prior year's base salary in determining base salary for the current year.

Table of Contents

The Compensation Committee determines and makes final decisions regarding base salary of executives on an annual basis. The Compensation Committee recognizes that, to some degree, the determination of an executive officer's base salary involves subjective considerations.

Profit Sharing and Bonus Plans

A significant component of an executive officer's total cash compensation may consist of a profit sharing plan or bonus payment, which is intended to make the executive officer's compensation dependent on the Corporation's performance and to provide executive officers with incentives to achieve the Corporation's goals, increase stockholder value, and work as a team.

For purposes of determining profit sharing or bonus payments, the Corporation, since the early days of its existence, has placed a heavy emphasis on financial profits achieved by the Corporation. For fiscal years 2004 and earlier, the Compensation Committee would indicate to the executive officers the percentage of the following year's pre-tax profits on which profit sharing plan payments would be based. Upon the conclusion of the audit of the prior year's financial results, the Compensation Committee would determine the total percentage of pre-tax profits eligible for profit-sharing plan payments, and award payments, if any, to the executive officers of the Corporation. To enhance long-term retention of these executives, only one-third of the amount awarded was paid at that point in time. The remaining two-thirds was eligible to be paid out over the next two years in the discretion of the Compensation Committee and was subject to separate annual approvals of the Compensation Committee.

To enhance the retention of other senior personnel and to foster a spirit of teamwork, the Compensation Committee also established a pool, using the same philosophy used for executive officers, and delegated to the President and Chief Executive Officer the decision as to how and to whom to allocate the approved funds. Any such bonuses were also determined and paid upon completion of the Corporation's annual audit.

Under a revised program beginning in 2005, the President and Chief Executive Officer is eligible for an annual bonus of between 50% and 100% of base salary to be determined by the Compensation Committee based upon the Corporation's financial performance goals and qualitative goals. The bonus is paid 50% in cash and 50% in shares of common stock. Both sets of goals are to be prepared by the President and Chief Executive Officer for review and approval by the Compensation Committee. These goals are typically finalized before March 31 of the applicable fiscal year.

Also beginning in 2005, the Vice President and Chief Financial Officer is eligible for a bonus of between 33% to 50% of base salary to be determined by the President and Chief Executive Officer based upon performance goals to be prepared by the President and Chief Executive Officer and approved by the Compensation Committee. The bonus is paid 50% in cash and 50% in shares of common stock.

The other management members, including the other Named Executive Officers, are eligible for a bonus of between 20% and 33% of base salary to be determined by the President and Chief Executive Officer based upon performance goals to be prepared by the President and Chief Executive Officer and approved by the Compensation Committee. The bonus is paid 50% in cash and 50% in shares of common stock.

Long Term Equity Compensation

The Compensation Committee believes that providing key employees, including executive officers, with the opportunity to acquire stock ownership over time is the most desirable way to align their interests with those of the Corporation's stockholders. Stock options and shares of common stock awarded under the Plan provide an incentive that focuses the attention of executive officers on managing the Corporation from the perspective of an owner with an

equity interest in the business. In addition, stock options and stock awards are a key part of the Corporation's program for motivating and rewarding managers and other employees over the long term. Through the grant of

Table of Contents

stock options and stock awards, the Corporation has encouraged its managers and other employees to obtain and hold the Corporation's stock. The value that employees will receive upon the sale of shares underlying stock options and the sale of stock granted to employees is tied to future performance of the Corporation's stock.

The Compensation Committee determines and makes final decisions regarding stock options and stock awards made under the Plan, including whether stock awards will be made subject to vesting conditions and if so, what conditions are appropriate. Such factors as performance and responsibilities of individual managers and the management team as a whole, as well as general industry practices, play an integral role in the determination of the number of options and shares of stock awarded to a particular executive officer or employee. In determining the size of the individual award, the Compensation Committee also considers the number of options and shares of common stock outstanding and previously granted, the amount of options and shares of stock remaining available for grant under the Plan, the aggregate amount of current awards, and the amount necessary to retain qualified personnel.

In accordance with its business strategy and compensation philosophy, the Corporation has granted stock options and stock awards to key executives and managers to afford them an opportunity to participate in the Corporation's future growth and to focus them on the contributions which are necessary for the financial success and business growth of the Corporation and, thereby, the creation of value for its stockholders.

Stock options and stock awards are typically awarded based on an assessment of each recipient's ongoing contribution to overall corporate performance. The Corporation's Chief Executive Officer's input for the size and timing of option and stock grants to other executives and managers is an important determinant of the actual grants given. As a means to encourage a recipient to remain in service with the Corporation, stock option and restricted stock awards typically vest over a period of five years from the date of grant, unless otherwise determined by the Compensation Committee. All incentive stock options have exercise prices at least equal to the fair market value of the Corporation's stock on the date of grant. For 2005, the Compensation Committee did not make grants of stock options or stock awards other than the stock awards that represented 50% of the bonus program described above.

2005 Compensation for the Chief Executive Officer

The general policies described above for the compensation of the executive officers also apply to the compensation approved by the Compensation Committee with respect to the 2005 compensation for Richard F. Latour, the Corporation's Chief Executive Officer.

Mr. Latour's base salary was \$260,000 in 2005, \$260,000 in 2004 and \$250,000 in 2003. Mr. Latour was not paid a profit sharing plan payment in any of the past three years (other than the amount representing deferred awards from prior years described below), nor was he paid an additional cash bonus for 2003 or 2004. He was paid a bonus for 2005 in the amount of \$143,000 consisting of 20,141 shares of common stock, valued at approximately \$71,500 as of February 3, 2006, the date of grant, and cash in the amount of \$71,500. During the same time period, the Corporation's pre-tax profits (losses) were \$(1.7) million in 2005, \$(30.7) million in 2004 and \$(26.1) million in 2003. In March 2003, Mr. Latour was issued a promissory note in relation to amounts payable under the profit sharing plan from prior years, payable only on the condition that the Corporation's then-existing credit facility be paid first. That credit facility was paid in full during 2004, and Mr. Latour was paid \$246,228 under the promissory note during 2005. That amount has been reflected in the compensation tables for 2004, the year in which the contingency was satisfied.

At December 31, 2005, Mr. Latour had options to purchase 440,000 shares of Common Stock, of which options to purchase 382,000 shares had vested. Options to acquire 150,000 shares of common stock were granted to him on February 25, 1999 at an exercise price equal to the then fair market value of \$12.313 per underlying share, all of which options were fully vested at December 31, 2005. Options to acquire 100,000 shares of common stock were granted to him on February 24, 2000 at an exercise price equal to the then fair market value of \$9.781 per underlying

share, all of which also were vested at year end. Options to acquire 90,000 shares of common stock were granted to

Table of Contents

him on February 20, 2001 at an exercise price equal to the then fair market value of \$13.10 per underlying share, of which 72,000 had vested at December 31, 2005. Options to acquire 100,000 shares of common stock were granted to him on February 28, 2002 at an exercise price equal to the then fair market value of \$6.70 per underlying share, of which 60,000 had vested at year end. Options to acquire 200,000 shares were granted to him on November 25, 2002 at an exercise price equal to the then fair market value of \$1.585 per underlying share. Options to acquire 200,000 shares were granted to him on January 28, 2003 at an exercise price equal to the then fair market value of \$0.86 per underlying share. He was not granted any options or restricted stock in 2004. In February 2005, the Compensation Committee approved the acceleration of vesting and the cashless exercise by Mr. Latour of options to purchase 400,000 shares, from the grants in November 2002 and January 2003, under which he received 174,269 shares after surrender of the remainder in satisfaction of the exercise price and payment of taxes due with respect to the transaction. Of the 400,000 options, 200,000 had an exercise price of \$0.86 and 200,000 had an exercise price of \$1.585, and 150,000 had not vested (but for the acceleration). The Compensation Committee had the power to take such actions under the provisions of the 1998 Equity Incentive Plan.

Due to the relatively large number of shares held and options granted to and exercised by Mr. Latour in the past, the Compensation Committee is of the opinion that the financial incentive of Mr. Latour is fully aligned with those of all other shareholders.

Mr. Latour continues to fulfill a central and critical role in the development of the Corporation as a whole, including but not limited to the achievement of the Corporation's 2005 goals, and it is the Compensation Committee's expectation that he will continue to have an important influence on the Corporation's goals outlined for 2006. The Compensation Committee believes that Mr. Latour's compensation arrangement reflects the above-described compensation philosophy of the Corporation designed to align management compensation closely with financial performance and increased stockholder value.

IRS Matters

Under Section 162(m) of the Internal Revenue Code and the regulations promulgated thereunder, deductions for employee remuneration in excess of \$1 million which is not performance-based are disallowed for publicly traded companies. Since levels of compensation paid by the Corporation are typically expected to be significantly below \$1 million, the Compensation Committee has determined that it is unnecessary in most years to seek to qualify the components of its compensation program as performance-based compensation within the meaning of Section 162(m). For 2005, certain elements of Mr. Latour's compensation may not be deductible under this provision. The Compensation Committee nevertheless believes that this is a result of unusual circumstances, including the acceleration of certain options and the payment of the deferred bonus under the March 2003 promissory note described above. The Committee's present intention remains that, as long as it is consistent with its overall compensation objectives, substantially all federal income tax deductions attributable to executive compensation should not be subject to the deduction limitation of Section 162(m).

Table of Contents

Review of all Components of CEO Compensation and the Committee's Conclusion

The Compensation Committee has reviewed all components of Mr. Latour's compensation, including salary, bonus, profit-sharing, equity and long-term incentive compensation, accumulated realized and unrealized stock option and restricted stock gains and losses, the dollar value to the executive and cost to the Corporation of all perquisites and other personal benefits and the actual projected payout obligations under several potential severance and change-in-control scenarios.

Based on this review, the Committee believes Mr. Latour's total compensation (and, in the case of the severance and change-in-control scenarios, the potential payouts) in the aggregate to be reasonable and not excessive.

Change in the Corporation's Certifying Accountants.

Effective May 24, 2004, the Corporation dismissed Deloitte & Touche LLP (*Deloitte*) as its independent accountants. The Audit Committee of the Board of Directors of the Registrant approved the decision to change independent accountants. The reports of Deloitte on the Corporation's financial statements for the fiscal years ended December 31, 2003 and 2002 did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. In addition, during the fiscal years ended December 31, 2003 and 2002, and through May 24, 2004, there were no disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to the satisfaction of Deloitte, would have caused Deloitte to make reference to the subject matter of the disagreement(s) in its reports on the financial statements for such years. Finally, during the fiscal years ended December 31, 2003 and 2002, and through May 24, 2004, there were no differences of opinion on the following matters between the Corporation and Deloitte that were not resolved to Deloitte's satisfaction prior to their dismissal (a reportable event): (i) the existence of adequate internal controls; (ii) Deloitte having advised the Corporation that it is no longer able to rely on management's financial statements; (iii) Deloitte having advised the Corporation of the need to significantly expand the scope of their audit or that information had come to its attention, that if further investigated, may materially impact the fairness or reliability of either a previously issued audit report or the underlying financial statements or cause Deloitte to be unwilling to rely on management's representations or be associated with the Corporation's financial statements; or (iv) Deloitte having advised the Corporation that information had come to its attention that materially impacts the fairness or reliability of either a previously issued audit report or the underlying financial statements or the financial statements issued or to be issued covering the fiscal period subsequent to the date of the most recent financial statements covered by an audit report.

The Corporation provided a copy of the foregoing disclosure to Deloitte and Deloitte issued a letter to the Securities and Exchange Commission dated May 28, 2004 indicating that it did not disagree with this disclosure.

Effective May 24, 2004, the Corporation engaged Vitale as its new independent accountants. The Corporation had not consulted Vitale during the fiscal years ending December 31, 2003 and 2002, or through May 24, 2004, with regard to either (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Corporation's financial statements; or (ii) any matter that was either the subject of a disagreement or a reportable event.
