**Biogen Idec Board Recommends Shareholders Elect Directors with Record of
Success in Enhancing the Value of the Company**

CAMBRIDGE, MA, April 27, 2009 Biogen Idec (NASDAQ: BIIB) today announced that it has commenced the mailing of proxy materials for the Company's June 3, 2009 Annual Meeting. The proxy materials encourage shareholders to re-elect the Company's highly qualified and dedicated directors and support the efforts of the Board of Directors to deliver additional value by voting the white proxy card. Shareholders are also urged to reject the four directors proposed by Carl Icahn and to disregard any gold proxy card sent by the Icahn Entities.

In a letter to shareholders accompanying the proxy materials, Chairman Bruce R. Ross and Chief Executive Officer James C. Mullen note that the Board has both a solid track record of generating strong financial and operational performance, and a prudent plan to continue delivering value for shareholders.

The letter emphasizes three critical points for shareholders to consider in determining their vote:

1. The Biogen Idec Board, including the four directors up for re-election, has a strong track record of driving the Company's growth and delivering shareholder value, even in a difficult economic climate, with total revenues in 2008 up 29% and EPS up 34% over 2007.
 2. The Biogen Idec Board possesses an investor mindset, and regularly reviews all of the Company's strategic options, including pursuing strategic acquisitions or a sale of all or part of the business.
 3. The Board also has taken strong action to improve the Company's corporate governance standards, including adding five new highly qualified directors since 2006; terminating the Biogen Idec stockholder rights plan; and recommending
-

that shareholders approve adoption of a majority voting standard in uncontested director elections.

The full letter to Biogen Idec shareholders follows:

April 27, 2009

Dear Fellow Shareholder:

The June 3rd Annual Meeting is your opportunity to keep Biogen Idec on its path of delivering outstanding performance and outstanding shareholder returns.

Once again, even though Carl Icahn has offered no ideas to enhance shareholder value in the ten months since last year's Annual Meeting, he has announced his plan to launch a proxy contest in an effort to put his own representatives on your Board of Directors.

We urge you to protect your investment and vote **FOR** your Board's highly qualified, dedicated, independent nominees. Please use the **WHITE** proxy card to vote **TODAY** by telephone, Internet, or by signing, dating and returning your **WHITE** proxy card in the enclosed postage-paid envelope.

**BIOGEN IDEC A CONTINUING TRACK RECORD
OF OUTSTANDING PERFORMANCE**

Your Board's track record of driving the Company's growth and delivering shareholder value has continued even in a difficult economic climate. Total revenues in 2008 were \$4.1 billion, an increase of 29% from \$3.2 billion in 2007, and non-GAAP diluted earnings per share in 2008 were \$3.66, an increase of 34% from \$2.74 in 2007. GAAP diluted earnings per share in 2008 were \$2.65, a 33% increase from 2007. These outstanding financial results continue a five-year record of steady and sustained growth:¹

**YOUR BOARD A WINNING TEAM WITH A PROVEN STRATEGY
FOR ENHANCING SHAREHOLDER VALUE**

Your Board is committed to creating value for our shareholders. It has demonstrated this commitment by adopting and overseeing a strategic plan that has led to the Company's continued success. We are still moving forward investing in and growing sales and markets for our existing products, Tysabri, Avonex and Rituxan,² while advancing our industry-leading product pipeline to address important medical needs and generate future value.

Your Board's nominees for re-election at this year's Annual Meeting Lawrence C. Best, Dr. Alan B. Glassberg, Robert W. Pangia, and William D. Young are essential members of the team that has positioned your company for continued growth.

THE BIOGEN IDEC BOARD AN INVESTOR MINDSET

¹ Note: 2003 is pro forma data for the Biogen and Idec merger. EPS numbers are non-GAAP which exclude the impact of purchase accounting, merger-related adjustments, stock option expense, and other items and their related tax effects. GAAP to non-GAAP EPS reconciliation is provided on the last page of this letter.

² TYSABRI®(natalizumab), AVONEX®(interferon beta-1a) and

RITUXAN®(rituximab)

As strong as the Company's achievements have been, your Board has not been content to rest on its laurels. We regularly review all of the Company's strategic options, including pursuing strategic acquisitions, or a sale of all or part of the business. In 2007, we completed a \$3 billion share repurchase. We have also taken strong action to institute best-practice corporate governance standards:

In 2008, after soliciting input from shareholders, your Board identified two new independent directors. With the recent addition of Stelios Papadopoulos, Ph.D., and Brian Posner, a total of five new highly qualified individuals have joined your Board since 2006.

Earlier this year, your Board voted to terminate the Biogen Idec stockholder rights plan.

The Board of Directors is also recommending that shareholders approve adoption of a majority voting standard in uncontested director elections.

We have taken an active, engaged approach toward protecting and enhancing the value of your investment. In contrast, ask yourself the simple question: Has Carl Icahn done anything to earn your support for his nominees? We think the answer is a resounding **NO**.

**SUPPORT THE CONTINUED GROWTH OF YOUR COMPANY
VOTE FOR YOUR BOARD'S NOMINEES**

Your vote is extremely important to us no matter how many or how few shares you own. Please use the enclosed **WHITE** proxy card to vote **FOR** your Board's nominees **TODAY** by telephone, by Internet or by signing, dating and returning the enclosed **WHITE** proxy card.

Sincerely,

Bruce Ross, Chairman

James Mullen, Chief Executive Officer
