(4) Compensation
Committee. The
Compensation

Committee is currently comprised of Drs. Navia and Pendergast.

The following is a brief summary of the background of each of our directors.

Georges Gemayel, Ph.D., has served as our President and Chief Executive Officer and as a member of our Board of Directors since June 2008. Prior to joining Altus, Dr. Gemayel was the Executive Vice President at Genzyme Corporation responsible for its global transplant, renal, hospital and biosurgery businesses. Prior to joining Genzyme in 2003, Dr. Gemayel held positions of increasing responsibility over 16 years at Hoffman-LaRoche. Dr. Gemayel completed his doctorate in pharmacy (Pharm. D.) at St. Joseph University in Beirut and earned a Ph.D. in pharmacology at Paris-Sud University. Dr. Gemayel serves as a director of Adolor Corporation, a publicly held biotechnology company.

David D. Pendergast, Ph.D. has served as the Chairman of the Board since November 2007 and as a member of our Board of Directors since November 2006. He also served as our Executive Chairman from February 2008 to June 2008. He is currently the Chief Executive Officer of Proteostasis Therapeutics, Inc. From July 2005 to December 2007, Dr. Pendergast served as President, Human Genetics Therapies at Shire Pharmaceuticals, plc., a pharmaceutical company. Previously, he was employed at Transkaryotic Therapies, Inc., a biotechnology company, from December 2001 to July 2005 serving as the company's Chief Executive Officer, Chief Operating Officer and Executive Vice President of Technical Operations. From April 1996 to August 2001, Dr. Pendergast was Vice President of Product Development and Quality at Biogen, Inc. He has also held senior positions at Fisons Ltd. Pharmaceutical Division and at The Upjohn Company. Dr. Pendergast received a B.A. from Western Michigan University and an M.S. and Ph.D. from the University of Wisconsin.

Manuel A. Navia, Ph.D. is one of our founders and has served as a member of our Board of Directors since 1992. Since March 2004, Dr. Navia has been an Executive-in-Residence at Oxford Bioscience Partners, a venture capital firm. In addition, since March 2003, Dr. Navia has served as a drug discovery and development advisor and consultant to various companies in the biotechnology industry. Prior to that time, from January 2001 to March 2003, Dr. Navia was Executive Vice President for Research at Essential Therapeutics, Inc., a biotechnology company. He

was a founder of The Althexis Company, Inc. in 1997, and served as its President and Chief Executive Officer until January 2001, when it merged with Microcide Pharmaceuticals Inc. to form Essential Therapeutics. From 1989 to 1997, Dr. Navia served as Vice President and Senior Scientist at Vertex. Dr. Navia holds a Ph.D. and an M.S. in biophysics from the University of Chicago and a B.A. in physics from New York University.

Harry H. Penner, Jr. has served as a member of our Board of Directors since April 2006. In February 2008, Mr. Penner was also appointed to serve as our lead director on an interim basis during the time that Dr. Pendergast served as our Executive Chairman. Mr. Penner has served as Chairman of Nascent BioScience, LLC, a firm engaged in the creation and development of new biotechnology companies, since September 2001. He currently serves as Chairman and Chief Executive Officer of New Haven Pharmaceuticals, Inc., a biotechnology company he co-founded in June 2008. Mr. Penner has also been a co-founder of Marinus Pharmaceuticals, Inc., where he was Chairman and Chief Executive Officer from 2004 to 2007, Rib-X Pharmaceuticals, RxGen, Inc. and Affinimark Technologies, Inc. From 1993 to 2001, he was President, Chief Executive Officer and Vice Chairman of Neurogen Corporation. Previously, he served as Executive Vice President of Novo Nordisk A/S and President of Novo Nordisk of North America, Inc. from 1988 to 1993. From 1985 to 1988, he was Executive Vice President and General Counsel of Novo Nordisk A/S. He has served more recently as BioScience Advisor to the Governor and the State of Connecticut, as Chairman of the Board of Directors for the Connecticut Technology Council, as Co-Chairman of Connecticut United for Research Excellence, and as Chairman of the Connecticut Board of Governors of Higher Education. He currently serves on the Boards of Celldex Therapeutics, Inc., in addition to the Boards of the companies he co-founded. Mr. Penner holds a B.A. from the University of Virginia, a J.D. from Fordham University, and an LL.M. in International Law from New York University.

John P. Richard has served on our Board of Directors since 2001, and was Chairman of the Board from October 2004 until November 2007. Mr. Richard has served as a strategic and commercial development advisor in the biotech industry since April 1999. Mr. Richard currently serves as Senior Business Advisor to GPC Biotech AG, a biotechnology company, as a partner of Georgia Venture Partners, a biotechnology investing firm, and as a Senior Venture Partner with Nomura Phase4 Ventures. He also serves as a director of the publicly-traded company Targacept, Inc., and serves as a director of several private biotechnology companies. Mr. Richard was previously Executive Vice President, Business Development at SEQUUS Pharmaceuticals, Inc., where he was responsible for negotiating the acquisition of SEQUUS by ALZA Corporation. Prior to joining SEQUUS, Mr. Richard held the positions of Vice President, Corporate Development for VIVUS, Inc. and Senior Vice President, Business Development of Genome Therapeutics Corporation, where he was responsible for establishing numerous pharmaceutical alliances. He was also co-founder and original Chief Executive Officer of IMPATH Laboratories, Inc., a leading cancer pathology reference laboratory in the United States. Mr. Richard received his M.B.A. from Harvard Business School and his B.S. from Stanford University.

Michael S. Wyzga has served as a member of our Board of Directors since May 2004. Mr. Wyzga is Executive Vice President and Chief Financial Officer of Genzyme Corporation, a biotechnology company. Mr. Wyzga joined Genzyme as Vice President and Corporate Controller in March 1998, was promoted to Senior Vice President and Corporate Controller in December 1998, and to Chief Financial Officer in June 1999. Mr. Wyzga became an Executive Vice President of Genzyme in June 2003 and is responsible for its global financial reporting. Prior to joining Genzyme, Mr. Wyzga was Chief Financial Officer for Sovereign Hill Software, Inc. Prior to his role at Sovereign Hill Software, Mr. Wyzga was the Chief Financial Officer for CacheLink Corporation, and prior to that, Mr. Wyzga held various management positions at Lotus Development Corporation, including Vice President of Finance and Director of Plans and Controls. Prior to joining Lotus, Mr. Wyzga held management positions at Digital Equipment Corporation. Mr. Wyzga received an M.B.A. from Providence College and a B.S. in business administration from Suffolk University.

Audit Committee

Our Audit Committee has three members, Messrs. Wyzga, Penner and Richard. Mr. Wyzga is the chairman of the Audit Committee. During 2007 and in 2008, until he assumed his role as Executive Chairman in February 2008, Dr. Pendergast served on our Audit Committee. Mr. Richard was appointed to fill the vacancy created by Dr. Pendergast's resignation from the Audit Committee on February 14, 2008. Although Mr. Richard did not meet the

independence requirement ordinarily imposed with respect to Audit Committee members at the time of his appointment, Mr. Richard was appointed to the Audit Committee in accordance with the exemption under Nasdaq Marketplace Rule 4350(d)(2)(B). At that time, the Board of Directors determined that, given Mr. Richard's business and financial experience, along with his in-depth knowledge of our business, his appointment was in the best interest of the Company and our stockholders. Mr. Richard met the independence requirement in May 2008.

Table of Contents

Our Audit Committee's role and responsibilities are set forth in the Audit Committee's written charter and include the authority to retain and terminate the services of our independent auditors. In addition, our Audit Committee pre-approves the engagement of our independent auditors, reviews annual and quarterly financial statements and reports, considers matters relating to accounting policy and internal controls and reviews the scope of annual audits. Nasdaq rules require that all members of the Audit Committee be independent directors, as defined by the rules of the Nasdaq and the SEC, as such standards apply specifically to members of audit committees. Our Board of Directors has determined that the current members of the Audit Committee satisfy the current independence standards promulgated by the SEC and by Nasdaq, as such standards apply specifically to members of audit committees. The Board has determined that Mr. Wyzga is an audit committee financial expert, as the SEC has defined that term in Item 407 of Regulation S-K.

Executive Officers

The following table sets forth certain information regarding our current executive officers as of April 1, 2009. All of our executive officers are at-will employees.

Dr. Porter holds an MBA from Columbia University, a Ph.D. in Agricultural Engineering from Purdue University and a B.S. in Chemical Engineering from the Massachusetts Institute of Technology.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Table of Contents

Our records reflect that all reports required to be filed pursuant to Section 16(a) of the Exchange Act by our executive officers and directors have been filed on a timely basis.

Code of Conduct and Ethics

We have adopted a code of conduct and ethics that applies to all of our employees, including our principal executive officer and principal financial and accounting officer, and our directors. The text of the code of conduct and ethics is posted on our website at www.altus.com and will be made available to stockholders without charge, upon request, in writing to the Corporate Secretary at 333 Wyman Street, Waltham, MA 02451. Disclosure regarding any amendments to, or waivers from, provisions of the code of conduct and ethics that apply to our directors, principal executive and financial and accounting officers will be included in a Current Report on Form 8-K within four business days following the date of the amendment or waiver, unless website posting of such amendments or waivers is then permitted by the rules of The Nasdaq Stock Market.

ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The primary objectives of the Compensation Committee of our Board of Directors with respect to executive compensation are to attract and retain the best possible executive talent, to motivate them to achieve corporate objectives, and reward them for superior performance. The focus is to tie short and long-term cash and equity incentives, in the form of stock options, to the achievement of measurable corporate and individual performance objectives, and to align executives' incentives with stockholder value creation. To achieve these objectives, the Compensation Committee has developed a compensation plan that ties a substantial portion of executives' overall compensation to our research, clinical, regulatory, commercial and operational performance. Because we believe the performance of every employee is important to our success, we are mindful of the effect our executive compensation and incentive programs have on all of our employees.

As discussed more fully below in our specific discussion of salaries, annual stock option awards and annual cash bonuses, we have undergone a strategic realignment in connection with our decision to discontinue the Trizytek program and focus our development efforts on ALTU-238. This decision to conserve our financial resources for the development of ALTU-238 also affected the compensation decisions we made with respect to performance in 2008 and our compensation philosophy and objectives for 2009. As a result, our compensation philosophy going forward is focused more heavily on creating the foundation for value creation in the future and on retention of our management and research and development teams through this transition period.

Determining Executive Compensation

In 2008, management continued our previously developed compensation plans by utilizing publicly available compensation data and subscription compensation survey data for national and regional companies in the biotechnology industry, in particular data obtained from Radford Biotechnology Surveys, prepared by AON Consulting, Inc. We believe these data provide us with appropriate compensation benchmarks because these companies have similar organizational structures and tend to compete with us for executives and other employees. For benchmarking executive compensation, we typically review the compensation data we have collected from the surveys, as well as various subsets of these data, to compare elements of compensation based on certain characteristics of the Company, such as number of employees and number of shares of stock outstanding. While benchmarking provided a significant basis for structuring the compensation plan, it was not the sole basis because comparable companies have varying equity structures and competitive sources of talent. The Compensation Committee established appropriate levels of cash and equity-based compensation by taking into consideration employee recruitment and retention needs as well as the percentage of our outstanding equity that was appropriate to allocate to executive compensation.

Based on management's analyses and recommendations, and subject to the strategic alignment announced by the Company in January 2009, the Compensation Committee continued to implement a pay-for-performance compensation philosophy, which is intended to bring base salaries and total executive compensation in line with approximately the 50th percentile (50th to 75th percentile in the case of our Chief Executive Officer) of the companies with a similar number of employees represented in the compensation data we review.

Table of Contents

We worked within the framework of this pay-for-performance philosophy in 2008 to determine each component of an executive's initial compensation package based on numerous factors, including:

the individual's particular background and circumstances, including training and prior relevant work experience and uniqueness of industry skills;

the individual's role with us and the compensation paid to similar persons in the companies represented in the compensation data that we review;

the demand for people with the individual's specific expertise and experience at the time of hire;

performance goals and other expectations for the position; and

comparison to other executives within our Company having similar levels of expertise and experience.

Each of our employees, including our executive officers, is assigned to a pay grade, determined by comparing position-specific duties and responsibilities with the market pay data and our internal structure. Each pay grade has a salary range with corresponding annual and long-term, non-cash incentive award opportunities. As noted above, salary ranges and incentive award opportunities are established with a view to being in line with approximately the 50th percentile of the companies that we consider to be peers, in terms of size and industry sectors, while taking into account our particular equity structure and recruitment and retention needs. Ranges are established to be broad enough to provide flexibility as well as the ability to grant annual increases based on performance without having to change an employee's pay grade each year. We believe this is the most transparent and flexible approach to achieve the objectives of the executive compensation program.

Establishment of Goals and Performance Evaluations

Annual Performance Management Program

During the first quarter of each year, our President and Chief Executive Officer ordinarily submits his proposal for the Company's goals for that year to our Board of Directors. The Board of Directors reviews the proposed goals, makes any adjustments it believes are necessary or warranted and approves a set of Company goals for the year. Once the Company's goals are established, each employee, including our executive officers, develops a written individual set of goals to support the goals of their respective department and the Company as a whole. Our President and Chief Executive Officer reviews and approves the goals of each of our vice presidents, who themselves approve the goals of the employees within their department. The Company goals approved by our Board of Directors are also the individual goals for our President and Chief Executive Officer. The goals of each of our executive officers are reviewed and approved by our President and Chief Executive Officer. Both the Company's goals and each individual's goals are designed to be specific, measurable, timed and challenging, but achievable. At year end, each executive is reviewed and his or her performance is evaluated. The performance review process is designed to measure and reward executives for their job performance in the prior year. Performance is measured by evaluating two components: (a) measurement of the individual's performance, based on knowledge, experience, achievement and leadership behaviors relative to the responsibilities of the position, which results in a merit rating, and (b) measurement of the level of achievement of established goals for the year. Salary increases are based on an executive's merit rating for the prior year, and bonuses are based on the level of achievement of individual and Company goals. Stock option awards are based on a combination of an executive's merit rating, which takes into account performance and, to a certain extent, the achievement of individual goals and the achievement of Company goals. Special recognition awards and promotions, to the extent granted, are tied to assumption of new responsibilities and the achievement of these Company and individual performance goals, as well as an executive's merit rating. In addition to rating performance, during the annual review process, our President and Chief Executive Officer also determines if any executive officer should be promoted and, if there are significant differences in how he or she is compensated as compared to industry benchmarks, propose any additional adjustments to be made.

This collaborative annual review process begins in December of each year with each executive completing a written self-evaluation. The annual reviews of our executive officers are conducted by our President and Chief

Executive Officer, who reviews each executive's self-evaluation and provides his own evaluation. Following his review of our executive officers, our President and Chief Executive Officer prepares compensation recommendations for our executive officers, which are reviewed and finalized with our Senior Director of Human Resources. The final recommendations are then submitted, together with the recommendations for all our employees, to the Compensation Committee, along with an analysis supporting the recommendations, which

- 7 -

Table of Contents

summarizes the performance of each executive. The President and Chief Executive Officer may also discuss this analysis with the Compensation Committee. The Compensation Committee may accept or adjust the recommendations, and the use of these recommendations in making compensation decisions is in its discretion. After the Compensation Committee approves the final set of compensation awards and adjustments, the President and Chief Executive Officer then meets with each executive officer to deliver the performance reviews and discuss any compensation adjustments.

Our Compensation Committee, with contributions from the other members of our Board of Directors, determines the level of achievement of the Company's goals, evaluates our President and Chief Executive Officer's performance and decides on any compensation adjustments to be made with respect to his compensation.

Our Company goals for 2008, which were established in the first quarter of 2008, were challenging and involved significant technical hurdles. The Compensation Committee considered the Company's level of achievement of the following Company goals, together with the associated weights assigned to each. We refer to these goals as the 2008 Company Goals.

2008 Company Goals	Weight	% Achieved (as Determined by the Compensation Committee)	Weight Achieved
Successfully complete Phase III efficacy trial for Trizytek in the third quarter of 2008; maintain the timing of the filing of a New Drug Application for Trizytek in the first half of 2009; enter into a drug product manufacturing agreement in timeframe that supports a commercial launch in the first quarter of 2010	35%	80%	28%
Complete Phase Ic pharmacokinetic and pharmacodynamic trial for ALTU-238 in the third quarter of 2008 to enable an initiation of a pediatric Phase II trial in the first quarter of 2009; secure a long-term supply of hGH that would ultimately support commercialization; secure a term sheet for global or US/Europe partnership by end of 2008	20%	90%	18%
Complete Phase I trial and report data for ALTU-237 in the second quarter of 2008; continue formulation work to improve the formulation and complete a program plan and budget	10%	100%	10%
Complete necessary animal pharmacology to enable go/no go decision on ALTU-236 and ALTU-242	10%	90%	9%
Complete a preliminary strategic plan in the first half of 2008	10%	100%	10%
Prepare the Company for a financing; managing expenses; execute on relocation to Waltham office space; maintaining regulatory compliance	15%	100%	15%
Total Achieved:			90%/100%

In determining the percentage of each of our goals that we achieved during 2008, the Compensation Committee took into account the magnitude of the technical and other challenges that were involved, as well as the end result.

Compensation Components

The components of our compensation package are as follows:

Base Salary

Base salaries for our executives are established based on the scope of their responsibilities and their prior relevant background, training, and experience, taking into account competitive market compensation paid by the companies represented in the compensation data we review for similar positions and the overall market demand for such executives at the time of hire. As with total executive compensation, we believe that executive base salaries should

- 8 -

Table of Contents

generally target the 50th percentile of the range of salaries for executives in similar positions and with similar responsibilities in the companies of similar size to us represented in the compensation data we review. An executive's base salary is also evaluated together with other components of the executive's compensation to ensure that the executive's total compensation is in line with our overall compensation philosophy.

Base salary increases have historically been based on a merit rating resulting from the annual review process. The level of merit increase is based, in part, on benchmarking data from Radford. The Radford Survey provides an average performance increase for comparable companies. We use that data to establish our own higher or lower percentage increases based on an individual's merit rating with the goal of the aggregate increases resulting in that average. For example, the average performance increase for 2008 for comparable companies based on the Radford data was 4%. Using that average, we typically establish a distribution in which, depending on the level of performance, employees received a lower or higher percentage merit salary increase for the applicable year. These merit increase values are designed to delineate the various levels of performance in order to recognize and reward the high performing employees. To achieve this goal, certain ratings are assigned absolute values while others are assigned ranges to allow for varying degrees of performance within these categories.

In light of the decision to conserve cash resources and focus on the development of ALTU-238 in 2009, the Compensation Committee determined to keep base salaries at the 2008 levels for each of the Company's executive officers, with the exception of Thomas Phair, who was promoted to assume responsibility as our principal financial and accounting officer in March 2009 and received a base annual salary increase from \$187,000 to \$200,000.

Annual Cash Bonus

Our executive officers earn an annual cash bonus up to a certain percentage of their annual base salary. The intent of the bonus plan is to provide competitive cash compensation through an annual variable pay plan that reflects the Company's performance and the individual's performance as measured against goals and objectives. The target percentage of each executive's bonus is based on his or her position at the Company. The bonus plan is based on two components: the extent to which the Company achieves its goals and the extent to which the employee achieves his or her individual goals. As an executive's level of responsibility at the Company increases, the portion tied to the achievement of Company goals increases and the portion tied to individual goals decreases. These target bonus percentages are generally set forth in the executive's offer letter, but are subject to further adjustment at the discretion of the Compensation Committee when it deems such adjustment to be appropriate in connection with changes in responsibility, actual performance or the need for special recognition. The target bonus percentages that the Company set for 2008 for the positions of Vice President and above and the portions of the bonus that are tied to Company and individual goals are set forth in the table below.

Eligibility Group	Target Bonus Percentage of Base Salary	Percentage Tied to Achievement of Company Goals	Percentage Tied to Achievement of Individual Goals
President and CEO	50%	100%	0%

Our bonus program is designed to enable us to attract talented executives and add an additional compensation incentive in the form of variable pay. As part of the annual review process, performance of each executive is evaluated against the objectives that were mutually established by the executive and our President and Chief Executive Officer. A determination is made by the Compensation Committee as to the percent of the goals achieved by the Company, and by our President and Chief Executive Officer as to the percent of the individual goals achieved by the executive, and the bonus is calculated based on these percentages, subject to adjustment in the Compensation Committee's

discretion. Bonus awards are generally prorated for individuals who joined the Company during the applicable year.

Bonus Payments in 2008

In determining bonus and other compensation of executive officers for 2008, the Compensation Committee utilized its discretion in determining whether the 2008 Company Goals were met in the aggregate. The Compensation Committee involved the full Board of Directors in its deliberations regarding bonus compensation for

Table of Contents

2008. In determining bonus compensation, Compensation Committee took into account the achievement of the 2008 Company Goals, the decision to discontinue the Trizytek program and focus development efforts on ALTU-238, the importance of retaining and motivating our employees including our executive officers, our constrained financial resources and general economic conditions, including the current capital raising environment. In light of these factors, the Compensation Committee determined that, despite achieving the 2008 Company Goals at the 90% level, the best allocation of our existing resources would be to focus on the development of ALTU-238 and make employment decisions based on retaining and providing sufficient incentives to continuing employees to build future shareholder value. Therefore, it determined not to pay any bonuses for fiscal 2008. Because of this decision, the Compensation Committee determined that it was not material to review the achievement of individual goals of the Company's executive officers for 2008 for purposes of determining bonus compensation.

Bonus Compensation for 2009

We anticipate that bonus compensation in 2009 will again be based on the achievement of Company goals and individual goals for the employee. We have set the target bonus percentages for the positions of Vice President and above for 2009, which will be similar to those set forth in the table above, except that all Vice Presidents will have a Target Bonus Percentage of 25% of their Base Salaries. Because of the strategic alignment of the Company announced in January 2009, the Company has not yet completed establishing its goals for 2009. Once this process is completed, the process for setting individual goals will begin.

Long-Term Incentives

We believe that long-term performance is achieved through an ownership culture that encourages long-term participation by our executive officers in equity-based awards, in the form of stock options. Our Amended and Restated 2002 Employee, Director and Consultant Stock Plan, as amended, or our 2002 Stock Plan, allows the grant to executive officers of stock options, restricted stock, and other equity-based awards. Unless otherwise stated below, these options have an exercise price equal to the closing price of our common stock on the date of grant, and have a four-year vesting schedule with 1/16th of the shares vesting on the last day of each successive three-month period following the date of grant. To date, we have only granted stock options but we may consider the possibility of granting other types of equity awards as our business strategy evolves. We typically make an initial stock option award to newly hired executives and performance-based awards as part of our overall compensation program as well as option grants to reflect promotions, as necessary.

Initial Stock Option Awards

Executives who join us are awarded an initial stock option grant. The date of grant for these options is generally the first day of the officer's employment. In the case of stock options granted to Dr. Gemayel when he joined the Company in June 2008, the first 25 percent of such options will vest on the first anniversary of Dr. Gemayel's employment with the Company, and the remaining 75 percent will vest quarterly over the following three years. The amount of the initial stock option award is determined based on the executive's position with us and an analysis of the competitive practices of the companies similar in size to us represented in the compensation data that we review with the goal of creating a total compensation package for new employees that is competitive with other biotechnology companies and that will enable us to attract high quality people. Our President and Chief Executive Officer is authorized by the Compensation Committee to make initial stock option grants to non-executive employees within certain parameters, beyond which Compensation Committee approval is required.

Annual Stock Option Awards

Our practice is to make annual stock option awards as part of our overall performance management program to executives who meet or exceed a certain threshold merit rating. The Compensation Committee believes that stock options provide management with a strong link to long-term corporate performance and the creation of stockholder value. As is the case when the amounts of base salary and initial option awards are determined, a review of all components of the executive's compensation is conducted when determining annual option awards to ensure that an executive's total compensation conforms to our overall philosophy and objectives. A pool of options is reserved for executives and non-executives based on setting a target grant level for each employee category, with the higher ranked employees being eligible for a higher target grant. Annual performance option grants are prorated for employees who were employed for only part of the fiscal year. The timing of these grants is not coordinated with the public release of

nonpublic material information.

Promotion Grants

- 10 -

Table of Contents

If an executive receives a promotion during the year, at the time the Compensation Committee reviews our annual recommendations for compensation adjustments, we also recommend that the Compensation Committee approve stock option grants to reflect the promotion. Promotion grants may also be awarded at the discretion of the Compensation Committee at the time of promotion. In May 2008, Mr. Lieber was promoted to Senior Vice President, Chief Financial Officer and Treasurer and received a promotion grant of 45,000 stock options; Dr. Blank received a promotion grant of 50,000 stock options in connection with his promotion to Executive Vice President and Chief Medical Officer; and Dr. Gotwals received a promotion grant of 35,000 stock options in connection with his appointment to the Executive Management Team. The method for determining each promotion grant is based on the numbers used for determining an initial stock option grant for the position and determining the difference in the midpoint of the new job code from the existing job code.

Stock Option Grants in 2008

On February 25, 2008, the Compensation Committee granted our executive officers option awards as of part of the Compensation Committee's annual stock option grants to all of our officers and employees. These awards represented compensation for performance in 2007, were awarded under our 2002 Stock Plan and vest as to 1/16th of the shares on the last day of each successive three-month period following January 1, 2008. These options were granted with an exercise price of \$5.72, the closing price of our common stock on February 25, 2008.

Stock Option Grants in 2009

As part of our strategic realignment, the Board of Directors approved the granting of new stock option awards to continuing employees, including our continuing executive officers, on January 27, 2009 to provide ongoing incentives to create stockholder value as we develop ALTU-238. In determining the amount of these options, the Compensation Committee considered that there had been no salary increases or bonuses for employees or executive officers at the end of 2008. These were awarded under our 2002 Stock Plan and vest as to 1/16th of the shares on the last day of each successive three-month period following the date of grant and were granted with an exercise price of \$0.22, the closing price of our common stock on January 27, 2009. Our continuing officers received the following awards: to Dr. Gemayel, options to purchase 1,000,000 shares, which consisted of an option award to purchase 560,000 shares awarded on January 27, 2009 and the repricing of options to purchase 440,000 shares on February 19, 2009 at an exercise price of \$0.19; and to Drs. Attie and Porter and Mr. Phair, options to purchase 250,000 shares.

Other Compensation

We maintain broad-based benefits and perquisites that are provided to all employees, including health insurance, life and disability insurance, dental insurance and a 401(k) plan. In particular circumstances, we also utilize cash signing bonuses when certain executives and senior non-executives join us. Such cash signing bonuses are typically repayable in full to the Company if the recipient voluntarily terminates employment with us prior to the first anniversary of the date of hire and are repayable in part if the recipient voluntarily terminates employment with us between the first anniversary and the second anniversary of the date of hire. Whether a signing bonus is paid and the amount thereof is determined on a case-by-case basis under the specific hiring circumstances. In addition, we may assist with certain expenses associated with an executive joining and maintaining their employment with us. For example, we reimbursed our former President and Chief Executive Officer for commuting costs, which we believe facilitated his ability to conduct business activities on behalf of the Company. Also, in 2008, because our Vice President of Commercial Development relocated to join the company, we reimbursed her for her housing costs. We have also provided tax reimbursement compensation associated with these taxable benefits.

We believe these forms of compensation create additional incentives for an executive to join our Company in a position where there is high market demand. These forms of compensation have been, to date, recommended by our President and Chief Executive Officer and approved by the Compensation Committee in its discretion, and are typically structured to not exceed certain monetary amounts and/or time periods. These forms of compensation are generally subject to repayment on a pro-rata basis if the executive terminates his or her employment within one or two years of their date of hire.

Compensation of our President and Chief Executive Officer

On June 2, 2008, in connection with Dr. Gemayel's appointment as President and Chief Executive Officer, the Company extended an offer letter (the Offer Letter) to Dr. Gemayel and entered into a Severance and Change in

Control Agreement. The Offer Letter entitles Dr. Gemayel to receive an annual base salary of \$540,000. As

- 11 -

Table of Contents

disclosed above, Dr. Gemayel also has the opportunity to earn an annual performance bonus of up to 50% (which may be increased at the discretion of the Compensation Committee) of his earned salary, based on the achievement of a series of personal and Company objectives that the Compensation Committee and Dr. Gemayel will define annually. Pursuant to the Offer Letter, Dr. Gemayel is also entitled to participate in employee benefits offered by the Company to its executive employees.

In addition Dr. Gemayel was granted stock options to purchase up to 900,000 shares of common stock at an exercise price per share \$4.07 per share, 440,000 of which were repriced in connection with our strategic realignment as described above under *Long Term Compensation*.

Dr. Gemayel's employment arrangement was negotiated at arms-length with the Board of Directors and the Compensation Committee. The Compensation Committee believes that Dr. Gemayel's compensation is reasonable based on peer group surveys of local and national biotechnology companies and input from the recruiting firm we retained in connection with our search for a new chief executive officer. The Compensation Committee believes Dr. Gemayel's compensation package effectively links shareholder and Company performance to Dr. Gemayel's total compensation through the use of long-term awards and cash compensation.

Termination-based Compensation

Severance and Change in Control Agreements

The Compensation Committee recognizes that executives, especially highly ranked executives, often face challenges securing new employment following termination. Based on these determinations, the Compensation Committee has approved severance and change in control arrangements with each of our executive officers. In particular, the Compensation Committee and the Board of Directors has determined that the retention of our executive team over the next 18-24 months is critically important to our success in creating stockholder value in the development of ALTU-238 and that severance and change in control agreements provide a significant incentive in retaining our executive team during the present uncertainty with respect to our financial position. Therefore, as part of the overall compensation of our executive officers, the Board approved the terms of a severance policy for all non-executive employees continuing with the Company and approved amendments to the severance and change in control agreements of our continuing executive officers other than Dr. Gemayel that entitle the executives to receive, upon termination other than for cause, payments equal to twelve months of the executive's then-current salary if he or she is terminated. The severance and change in control agreements include the officer's agreement regarding non-competition and non-solicitation for the applicable severance period following termination. Receipt of any benefits at the time of termination is further conditioned on the executive officer executing a written release of us from any and all claims arising in connection with his or her employment. The amounts payable under the severance policy for non-executive employees has been placed in a collateralized account for the benefit of such employees. As a public company, we have continued to review the practices of companies similar to us, and we believe that the terms of the severance and change in control arrangements with our executive officers are generally in line with severance packages offered to chief executive officers and other executive officers of the public companies of similar size to us represented.

In connection with Mr. Berkle's resignation on February 4, 2008, we entered into a separation agreement with Mr. Berkle, pursuant to which he is entitled to receive the payments and benefits set forth in his severance and change in control agreement and his employment agreement, as well as certain additional payments negotiated at the time of his resignation. The Compensation Committee approved the payment of a \$166,250 cash bonus to Mr. Berkle related to his services during the fiscal year ended December 31, 2007. The Compensation Committee determined that it was appropriate to award this bonus payment to Mr. Berkle, because he would have received a cash bonus in this amount based on the percentage of Company goals that were achieved during 2007 had he not resigned in February 2008.

The specific terms of these agreements are further described below under *Potential Payments upon Termination or Change in Control - Severance and Change of Control Agreements*.

Acceleration of Vesting of Stock Option Awards

Pursuant to our stock option agreements with our executive officers, in the event of a change in control, as defined in our 2002 Stock Plan, the vesting of outstanding stock option awards held by these executive officers will accelerate if the executive officer is terminated for certain reasons after a change in control, which we refer to as

Table of Contents

double trigger acceleration. See *Potential Payments upon Termination or Change in Control* *Change in Control Arrangements Under Our 2002 Stock Plan* below for a detailed discussion of these provisions. We believe a double trigger requirement maximizes stockholder value because it prevents an unintended windfall to management in the event of a friendly, or non-hostile, change in control. Under this structure, unvested option awards under our 2002 Stock Plan would continue to provide our executives with the incentive to remain with the Company after a friendly change in control.

Conclusion

Our compensation policies are designed to retain and motivate our senior executive officers and to ultimately reward them for outstanding individual and corporate performance.

Offer Letters

We do not have formal employment agreements with any of our other executive officers named in the Summary Compensation Table and each of these executive officers is employed with us on an at-will basis. However, certain elements of the executive officers' compensation and other employment arrangements are set forth in letter agreements that we executed with each of them at the time their employment with us commenced and derived from bonus

arrangements approved by the Compensation Committee. The letter agreements provide, among other things, the executive officer's initial annual base salary and initial stock option grant. These letter agreements are further described below. Since the date of the letter agreements entered into with our executive officers, the compensation paid to each has been increased and additional stock options have been granted.

Jonathan I. Lieber. Pursuant to a letter agreement dated May 30, 2002 between us and Mr. Lieber, we agreed to employ Mr. Lieber as Vice President of Finance beginning in July 2002. Mr. Lieber was subsequently promoted to Vice President, Chief Financial Officer and Treasurer and then to Senior Vice President, Chief Financial Officer and Treasurer.

Burkhard Blank, M.D. Pursuant to a letter agreement dated June 2, 2006 between us and Dr. Blank, we agreed to employ Dr. Blank as Senior Vice President, Medicine, Regulatory Affairs, and Project Management beginning on June 8, 2006. Dr. Blank was promoted to the position of Executive Vice President and Chief Medical Officer in October 2007. Under the terms of the letter agreement and bonus arrangements, Dr. Blank was eligible to receive an annual cash bonus of up to 40% of his base salary based on the achievement of Company and individual goals. In connection with the execution of the letter agreement, we paid Dr. Blank a \$150,000 sign-on bonus. In addition, we agreed to reimburse Dr. Blank up to \$70,000 for his relocation expenses and to pay Dr. Blank a tax reimbursement in connection with these benefits.

Lauren M. Sabella. Pursuant to a letter agreement dated April 4, 2006 between us and Ms. Sabella, we agreed to employ Ms. Sabella as Vice President, Commercial Development beginning on May 1, 2006. Under the terms of the letter agreement and bonus arrangements, Ms. Sabella was eligible to receive an annual cash bonus of up to 35% of her base salary based on the achievement of Company and individual goals. In connection with the execution of the letter agreement, we paid Ms. Sabella a \$100,000 sign-on bonus and a \$50,000 special incentive bonus for forgoing the opportunity to receive a bonus from her prior employer in order to commence employment with us. We also agreed to pay Ms. Sabella a tax reimbursement in connection with these benefits. We also agreed to provide corporate housing for Ms. Sabella in 2008 in an amount not to exceed \$55,000.

John M. Sorvillo, Ph.D. Pursuant to a letter agreement dated July 31, 2006 between us and Dr. Sorvillo, we agreed to employ Dr. Sorvillo as Vice President, Business Development beginning on August 7, 2006. Under the terms of his letter agreement and bonus arrangements, Dr. Sorvillo was eligible to receive an annual cash bonus of up to 30% of his base salary based on the achievement of Company and individual goals.

Lauren M. Sabella Former Vice President, Commercial Development		

(1) Consists of an aggregate of \$91,869 realized upon the exercise and sale of stock options during 2008, and \$104,592 realized upon the exercise of options to purchase

127,551 shares in 2008 based on the difference between the option exercise price and the closing price of our common stock on the date of exercise. The \$104,592 does not necessarily represent actual value realized as of December 31, 2008 upon exercise of the options because these shares were not sold on exercise but continued to be held by Mr. Berkle.

Potential Payments Upon Termination or Change in Control

The terms of our employment agreement and severance and change in control agreement with our President and Chief Executive Officer obligate us to make certain payments and provide certain benefits in the event of a termination of employment under certain circumstances, and the terms of our severance and change in control agreements with our other executive officers obligate us to make certain payments and provide certain benefits to these officers in the event of a termination of employment under certain circumstances. In addition, in the event of a

termination of employment in connection with a change in control, all outstanding stock options held by our executive officers will vest in full. The following information summarizes our severance and change in control arrangements with our executive officers named in the Summary Compensation Table.

Severance and Change in Control Agreements

February 4, 2008 Separation Agreement with Mr. Berkle

On February 4, 2008, Mr. Berkle resigned as President and Chief Executive Officer and as a member of the Board of Directors. In connection with Mr. Berkle's resignation, we entered into a separation agreement with Mr. Berkle, pursuant to which he received the same payments and benefits set forth in his severance and change in control agreement and his employment agreement that he would have received had he been terminated without Cause, including severance of \$475,000 payable over the 12 month period ending February 4, 2009. In addition, we agreed:

to pay Mr. Berkle a cash bonus of \$166,250 related to his services during the fiscal year ended December 31, 2007, which was approved by the Compensation Committee;

to extend the period following separation during which Mr. Berkle may exercise any vested stock options from three months to six months, or until August 4, 2008; and

to reimburse Mr. Berkle up to \$25,000, including tax reimbursement, if any, for certain relocation expenses, for which he was paid \$1,523.

Under the separation agreement, Mr. Berkle reaffirmed his continuing obligations under his existing non-competition, non-solicitation, non-disclosure and assignment agreement with us, and executed a release of any claims against us.

Severance and Change in Control Agreement with Dr. Gemayel

Dr. Gemayel's severance and change in control agreement provides that in the event of a termination of Dr. Gemayel's employment without Cause or resignation with Good Reason, in each case within one year following a Change in Control, Dr. Gemayel is entitled to receive the following:

salary continuation of his then-current base salary for a period of 24 months;

payment of an amount equal to two times his target bonus for the applicable year;

outplacement assistance up to a maximum of \$15,000; and

continuation of health benefits for up to 18 months.

In the event of a termination without Cause in other circumstances or resignation with Good Reason, Dr. Gemayel is entitled to receive the following:

salary continuation of his then-current base salary for a period of 12 months;

payment, in the Company's discretion and subject to approval by the Compensation Committee, of an amount up to his target bonus for the applicable year, prorated according to length of service during the applicable year;

in the Company's sole discretion and subject to approval by the Compensation Committee, acceleration of vesting of all, a portion, or none of the unvested shares underlying the option granted to Dr. Gemayel on his start date; and

continuation of health benefits for up to 18 months, provided that, if Dr. Gemayel becomes eligible to receive substantially similar benefits under another health plan, the Company's obligation to continue such payments will cease.

Receipt of any benefits under his severance and change in control agreement at the time of termination will be conditioned on Dr. Gemayel executing a written release of the Company from any and all claims arising in

Table of Contents

connection with his employment. The severance and change in control agreement includes Dr. Gemayel's agreement not to compete with the Company for 12 months following termination.

As used in Dr. Gemayel's severance and change in control agreement:

A *Change in Control* means:

the shareholders of the Company approve: (a) any consolidation or merger of the Company (x) where the shareholders of the Company, immediately prior to the consolidation or merger, would not, immediately after the consolidation or merger, beneficially own, directly or indirectly, shares representing in the aggregate more than 50% of the combined voting power of all the outstanding securities of the corporation issuing cash or securities in the consolidation or merger (or of its ultimate parent corporation, if any) or (y) where the members of the Board of Directors, immediately prior to the consolidation or merger, would not, immediately after the consolidation or merger, constitute more than 50% of the board of directors of the corporation issuing cash or securities in the consolidation or merger (or of its ultimate parent corporation, if any); (b) any sale, lease, exchange or other transfer (in one transaction or a series of transactions contemplated or arranged by any party as a single plan) of all or substantially all of the assets of the Company; or (c) any plan or proposal for the liquidation or dissolution of the Company;

individuals who, as of the date hereof, constitute the entire Board of Directors (the *Incumbent Directors*) cease for any reason to constitute at least 50% of the Board of Directors, provided that any individual becoming a director subsequent to the date hereof whose election, or nomination for election by the Company's shareholders, was approved by a vote of at least a majority of the then *Incumbent Directors* shall be, for purposes of this Agreement, considered as though such individual were an *Incumbent Director*; or

any person, as such term is used in Section 13(d) of the Securities Exchange Act of 1934, as amended (the *Exchange Act*) (other than the Company, any employee benefit plan of the Company or any entity organized, appointed or established by the Company for or pursuant to the terms of such plan), together with all *affiliates* and *associates* (as such terms are defined in Rule 12b-2 under the Exchange Act) of such person, shall become the *beneficial owner* or *beneficial owners* (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of securities of the Company representing in the aggregate 25% or more of either: (a) the then outstanding shares of the common stock of the Company or (b) the combined voting power of all then outstanding securities of the Company having the right under ordinary circumstances to vote in an election of the Board of Directors (*Voting Securities*) (in either such case, other than as a result of acquisitions of such securities directly from the Company).

Notwithstanding the foregoing, a *Change in Control* of the Company shall not be deemed to have occurred for purposes of the third sub-bullet above solely as the result of an acquisition of securities by the Company which, by reducing the number of shares of common stock or other *Voting Securities* outstanding, increases: (a) the proportionate number of shares of common stock beneficially owned by any person to 25% or more of the common stock then outstanding, or (b) the proportionate voting power represented by the *Voting Securities* beneficially owned by any person to 25% or more of the combined voting power of all then outstanding *Voting Securities*; provided, however, that if any person referred to in clause (a) or (b) of this sentence shall thereafter become the *beneficial owner* of any additional shares of common stock or other *Voting Securities* (other than pursuant to a stock split, stock dividend or similar transaction), then a *Change in Control* shall be deemed to have occurred for purposes of the third sub-bullet above.

Cause means (i) Dr. Gemayel's failure to follow the reasonable instructions of the Board of Directors or otherwise perform Dr. Gemayel's duties hereunder for thirty (30) days after a written demand for performance is delivered to Dr. Gemayel on behalf of the Company, which demand specifically identifies the manner in which the Company alleges that Dr. Gemayel has not substantially followed such instructions or otherwise

performed Dr. Gemayel's duties; (ii) material violation by Dr. Gemayel of the Company's Code of Conduct; (iii) Dr. Gemayel's willful misconduct that is materially injurious to the Company (whether from a monetary perspective or otherwise); (iv) Dr. Gemayel's willful commission of an act constituting fraud with respect to the Company; (v) conviction of Dr. Gemayel for a felony under the laws of the United States or any state thereof; or (vi) Dr. Gemayel's material breach of Dr. Gemayel's obligations under Section 8 hereof, provided that the Company first provides Dr. Gemayel with written notice of such material breach. A final determination of whether Cause exists under this Agreement, including but not limited to any determination of whether any act or omission of Dr. Gemayel constitutes a material violation of the Company's Code of Conduct, a material breach of this Agreement, or is materially injurious to the Company, shall be made by the Board of Directors; and

Table of Contents

Good Reason means any action by the Company without Dr. Gemayel's prior written consent which results in (i) any requirement by the Company that Dr. Gemayel perform Dr. Gemayel's principal duties outside a radius of 50 miles from the Company's Waltham, Massachusetts location; (ii) any material diminution in Dr. Gemayel's title, position, duties, responsibilities or authority, including Dr. Gemayel's ceasing to serve as the our President and Chief Executive Officer as determined by the Board of Directors or the Board of Directors does not recommend he continue to serve as a member of the Board of Directors; (iii) a reduction in Dr. Gemayel's base salary (unless such reduction is effected in connection with a general and proportionate reduction of salaries for all members of the management team) or any reduction of Dr. Gemayel's target bonus amount to less than 50% of Dr. Gemayel's annual salary or such higher target amount if increased at the Compensation Committee's discretion; (iv) any Change of Control involving the Company which results in Dr. Gemayel's ceasing to serve as the Chief Executive Officer for the surviving entity and for all direct and indirect parent organizations thereof; or (v) the Company materially breaches any of its obligations to Dr. Gemayel pursuant to the severance and change in control agreement or his Offer Letter.

Severance and Change in Control Agreements with Dr. Blank and Mr. Lieber

In the event of a termination of employment within one year following a Change in Control without Cause or resignation with Good Reason, Dr. Blank and Mr. Lieber were entitled to receive the following:

salary continuation of the officer's then-current base salary for a period of 12 months;

payment of an amount equal to the officer's target bonus for the applicable year;

outplacement assistance up to a maximum of \$15,000; and

continuation of health benefits for up to 18 months.

In the event of a termination without Cause, Dr. Blank and Mr. Lieber were entitled to receive the following:

salary continuation of the officer's then-current base salary for a period of nine months;

payment, in our discretion and subject to approval by the Compensation Committee, of an amount up to 75% of the officer's target bonus for the applicable year, prorated according to length of service during the applicable year; and

continuation of health benefits for up to 18 months, provided that, if the officer became eligible to receive substantially similar benefits under another health plan, our obligation to continue such payments would cease.

Severance and Change in Control Agreement with Ms. Sabella and Dr. Sorvillo

In the event of a termination of employment within one year following a Change in Control without Cause or resignation with Good Reason, Ms. Sabella and Dr. Sorvillo were entitled to receive the following:

salary continuation of his or her then-current base salary for a period of 12 months;

payment of an amount equal to his or her target bonus for the applicable year;

outplacement assistance up to a maximum of \$15,000; and

continuation of health benefits for up to 18 months.

In the event of a termination without Cause, Ms. Sabella and Dr. Sorvillo were entitled to receive the following:

salary continuation of his or her then-current base salary for a period of six months;

payment, in our discretion and subject to approval by the Compensation Committee, of an amount up to 50% of his or her target bonus for the applicable year, prorated according to length of service during the applicable year; and

Table of Contents

continuation of health benefits for up to 18 months, provided that, if Ms. Sabella or Dr. Sorvillo became eligible to receive substantially similar benefits under another health plan, our obligation to continue such payments would cease.

As used in Dr. Blank's, Mr. Lieber's, Ms. Sabella's and Dr. Sorvillo's Agreements:

A *Change in Control* has the meaning set forth in our 2002 Stock Plan and defined below under *Change in Control Arrangements Under Our 2002 Stock Plan* ;

Cause has the meaning set forth in our 2002 Stock Plan and defined below under *Change in Control Arrangements Under Our 2002 Stock Plan*; and

Good Reason means: (i) the executive officer, as a condition of remaining an employee of ours, is required to relocate at least 50 miles from his or her then-current location of employment; (ii) there occurs a material adverse change in the executive officer's duties, authority or responsibilities which causes his or her position with us become of significantly less responsibility or authority than his or her position was immediately prior to the Change in Control; or (iii) there is a material reduction in the executive officer's base salary from his or her base salary received immediately prior to the Change in Control.

The severance and change in control agreements include the agreement of each officer to not compete with us for the applicable period during which payments and benefits are received following termination. Payment under the agreements at the time of termination is contingent on the officer's execution of a general release of all claims against us and our affiliates.

Change in Control Arrangements Under Our 2002 Stock Plan

Pursuant to the stock option agreements with our executive officers, in the event that within one year following the date of a Change in Control, as defined in our 2002 Stock Plan and set forth below,

the executive officer is terminated for any reason other than cause, as defined in our 2002 Stock Plan; or

the executive officer, as a condition to his or her remaining an employee, is required to relocate at least 50 miles from his or her current location of employment; or

there occurs a material adverse change in the executive officer's duties, authority or responsibilities which causes his or her position with us to become of significantly less responsibility or authority than his or her position was immediately prior to the Change in Control; or

there occurs a material reduction in the executive officer's base salary from the base salary received immediately prior to the Change in Control,

the executive officer's options will be fully vested and immediately exercisable as of the date of his or her last day of employment, unless the options have otherwise expired or been terminated pursuant to their terms or the terms of our 2002 Stock Plan.

As defined in the 2002 Stock Plan:

A *Change in Control* means:

our stockholders approve (a) any consolidation or merger (x) in which our stockholders, immediately prior to the consolidation or merger, would not, immediately after the consolidation or merger, beneficially own, directly or indirectly, shares representing in the aggregate more than 50% of the combined voting power of all the outstanding securities of the corporation issuing cash or securities in the consolidation or merger (or of its ultimate parent corporation, if any) or (y) where the members of our Board of Directors, immediately prior to the consolidation or merger, would not, immediately after the consolidation or merger, constitute more than 50% of the board of directors of the corporation issuing cash or securities in the consolidation or merger (or of its ultimate parent corporation, if any), (b) any sale, lease, exchange or other transfer (in one transaction or a series of transactions contemplated or arranged by any party as a single plan) of all or substantially all of our

assets or (c) any plan or proposal for our liquidation or dissolution; or

- 23 -

individuals who, as of the date of the applicable agreement issued under the 2002 Stock Plan, constitute our entire Board of Directors, referred to as the Incumbent Directors, cease for any reason to constitute at least 50% of the Board, provided that any individual becoming a director subsequent to the date of the agreement whose election, or nomination for election by our stockholders, was approved by a vote of at least a majority of the then Incumbent Directors shall be considered as though the individual were an Incumbent Director; or

any person other than us, any of our employee benefit plans or any entity organized, appointed or established by us for or pursuant to the terms of such plan, together with all affiliates and associates of that person, shall become the beneficial owner or beneficial owners, directly or indirectly, of our securities representing in the aggregate 25% or more of either (a) the then outstanding shares of our common stock or (b) the combined voting power of all of our then outstanding securities having the right under ordinary circumstances to vote in an election of our Board of Directors, in either case, other than as a result of acquisitions of such securities directly from us. A change in control shall not be deemed to have occurred solely as the result of an acquisition of securities by us which, by reducing the number of shares of common stock or other voting securities outstanding, increases (a) the proportionate number of shares of common stock beneficially owned by any person to 25% or more of the common stock then outstanding or (b) the proportionate voting power represented by the voting securities beneficially owned by any person to 25% or more of the combined voting power of all then outstanding voting securities; provided, however, that if any person referred to in clause (a) or (b) of this sentence shall thereafter become the beneficial owner of any additional shares of common stock or other voting securities (other than pursuant to a stock split, stock dividend or similar transaction), then a change in control shall be deemed to have occurred.

Cause includes dishonesty with respect to us or any affiliate, insubordination, substantial malfeasance or non-feasance of duty, unauthorized disclosure of confidential information, breach by the option holder of any provision of any employment, consulting, advisory, nondisclosure, non-competition or similar agreement between the option holder and us, and conduct substantially prejudicial to our business or that of any affiliate.

Potential Payments Upon a December 31, 2008 Termination

The following information summarizes the potential payments to each of the executive officers named in the Summary Compensation Table assuming that a termination occurred under the circumstances described below. The information presented assumes that the event occurred on December 31, 2008, the last business day of our most recently completed fiscal year. The closing price of our common stock as listed on The Nasdaq Global Market on December 31, 2008 was \$0.53 per share.

(1) Stock option vesting accelerates for all executive officers following a Change in Control. At December 31, 2008, all stock

options had exercise prices in excess of the closing the closing market price on that date. Therefore there would be no additional accounting charge associated with the acceleration of vesting in accordance with SFAS 123(R).

- (2) In the event of termination without Cause, bonuses are paid at the discretion of the Compensation Committee. Amounts in this table assume full bonuses are paid.
- (3) Because this executive was not enrolled in the Company's health plan, no Cobra benefits are payable.
- (4) Mr. Lieber was terminated without Cause on March 27, 2009. In connection with his separation from the Company he will receive nine months of salary benefits in the amount of

\$225,229 and 18 months of Cobra benefits in the amount of \$22,082.

Director Compensation Policy

Our Board of Directors has adopted a policy with respect to compensation of directors whereby non-employee directors receive options to purchase 17,444 shares of common stock, vesting quarterly over a four-year period upon initial election to the Board, and options to purchase 8,722 shares, vesting quarterly over a four-year period, each year thereafter. They also receive an annual cash retainer of \$20,000 paid quarterly. Non-employee directors serving as chairs of the Nominating and Governance Committee and the Compensation Committee also receive an option to purchase 4,361 shares of common stock upon initially being named chairman and an option to purchase 2,181 shares each year thereafter, each vesting quarterly over a four-year period, as well as an annual cash retainer of \$10,000. The non-employee director serving as the chair of the Audit Committee also receives an option to purchase 4,361 shares of common stock upon being named chairman and an option to purchase 2,181 shares each year thereafter, each vesting quarterly over a four-year period, as well as an annual cash retainer of \$12,500. Non-employee directors serving as members of committees of the Board, other than the chairs of those committees, also receive an option to purchase 2,181 shares of common stock upon appointment to the committee and an option to purchase 1,090 shares each year thereafter, each vesting quarterly over a four-year period, as well as an annual cash retainer of \$5,000, for each committee on which such person serves. Continued vesting of the options granted under the policy is subject to continued service on the Board. The Chairman of the Board receives an additional \$20,000 annually for his service as the Chairman. In addition, each non-employee director is entitled to be reimbursed for his or her reasonable out-of-pocket business expenses incurred in connection with attending meetings of the Board of Directors, committees thereof or in connection with other Board related business.

In accordance with the director compensation policy option grants for both Board and committee service will be automatically granted at each annual meeting of the Board of Directors following the annual meeting of

Table of Contents

stockholders; provided that if there has been no annual meeting of stockholders held by the first day of the third fiscal quarter of any year, each non-employee director will still automatically receive their annual Board and committee service option grants on the first day of the third fiscal quarter of the applicable year. If an annual meeting of stockholders is subsequently held during the same fiscal year, no additional annual Board or committee service option grants will be made.

Pursuant to our 2002 Stock Plan, in the event of a merger or other reorganization event involving us that also constitutes a Change in Control, as defined in the 2002 Stock Plan, all options issued to directors, whether or not employees, will become exercisable in full immediately prior to such event.

Effective February 4, 2008, Dr. Pendergast was appointed to the interim position of Executive Chairman. In connection with Dr. Pendergast's appointment, we entered into an employment agreement with Dr. Pendergast, pursuant to which he received the compensation described above under Executive Compensation. He also continued to receive the same compensation for his service as a director as he would have under our director compensation policy.

Effective June 2008, Dr. Gemayel was appointed Director, President, and Chief Executive Officer. In connection with Dr. Gemayel's appointment, we entered into an employment agreement with Dr. Gemayel, pursuant to which he will receive the compensation described above under the Summary Compensation Table as well as continue to receive the same compensation for his service as a Director as he would under our director compensation policy.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of our Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, which appears elsewhere in this Amendment No. 1, with our management. Based on this review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Amendment No. 1.

Members of the Altus Pharmaceuticals Inc.

Compensation Committee:

Manuel A. Navia, Ph.D.

David D. Pendergast, Ph. D.

Compensation Committee Interlocks and Insider Participation.

The members of our Compensation Committee during 2008 were Drs. Root, Navia and Pendergast. With the exception of Dr. Pendergast, who served as our Executive Chairman on an interim basis from February until June, 2008, none of our Compensation Committee members has at any time been an employee of ours. None of our executive officers serves or served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

Equity Compensation Plan Information

The following table provides certain aggregate information with respect to all of our equity plans under which options to purchase shares of our common stock were outstanding as of December 31, 2008:

Table of Contents

Plan Category	(a) Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	(b) Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	(c) Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column(a))
Equity compensation plans approved by security holders (1)	3,713,276	\$ 8.49	1,506,498(2)
Equity compensation plans not approved by security holders (3)	340,000	4.07	
Total	4,053,276	\$ 8.12	1,506,498

(1) These plans consist of our 1993 Stock Option Plan and our 2002 Stock Plan. Our 1993 Stock Option Plan was terminated in February 2002 and thereafter no further stock options were granted under this plan. All outstanding stock options granted under the 1993 Stock Option Plan remained outstanding and subject to their terms and the terms of the 1993 Stock Option Plan.

- (2) Represents shares of common stock available for future issuance under our 2002 Stock Plan. Our 2002 Stock Plan contains an evergreen provision which allows for an annual increase in the number of shares available for issuance under the plan on the first day of each of our fiscal years during the period beginning in fiscal year 2007 and ending on the second day of fiscal year 2015. The annual increase in the number of shares is equal to the lowest of (i) 1,500,000 shares; (ii) 3% of our fully diluted outstanding shares of common stock at the close of business on the day immediately preceding the first day of the fiscal year; and (iii) an amount determined by our Board of Directors. Does not include 1,150,617 shares available for issuance under our 2002 Stock Plan that were added

pursuant to this
evergreen
provision on
January 1, 2009.

- (3) Consists of an option grant of 340,000 options to Dr. Gemayel as a one-time inducement grant allowed under NASDAQ Marketplace Rule 4350(i)(1)(A)(iv), which was granted on substantially the same terms and conditions as those contained in our 2002 Stock Plan.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of April 1, 2009 for (a) the executive officers named in the Summary Compensation Table (b) each of our directors and director nominees, (c) all of our current directors and executive officers as a group and (d) each stockholder known by us to own beneficially more than 5% of our common stock. Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. We deem shares of common stock that may be acquired by an individual or group within 60 days of April 1, 2009 pursuant to the exercise of options or warrants to be outstanding for the purpose of computing the percentage ownership of such individual or group, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the table. Except as indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. Percentage of ownership is based on 31,131,056 shares of common stock outstanding on April 1, 2009.

This information is based solely on a Schedule 13G filed by Morgan Stanley and FrontPoint Partners LLC with the SEC on February 17, 2009.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

The following is a description of agreements that we have with certain of our executive officers, directors, 5% stockholders, or entities with which they are affiliated. We believe that all of the transactions described below were made on terms no less favorable to us than could have been obtained from unaffiliated third parties. All of our related person transactions are approved by our Audit Committee, another committee comprised solely of independent directors, or a majority of our independent directors.

We have an investor rights agreement, dated as of May 21, 2004, under which some of our stockholders are entitled to registration rights with respect to the shares of our common stock that they hold. Those stockholders include Warburg Pincus and affiliated entities; U.S. Venture Partners VIII, L.P. and affiliated entities; and Nomura

International plc. See Description of Capital Stock Registration Rights, incorporated herein by reference to our Registration Statement on Form S-1, Registration No. 333-129037. In addition, pursuant to the terms of the investor rights agreement, entities affiliated with Warburg Pincus are entitled to designate up to two individuals as candidates to our Board of Directors, for so long as Warburg Pincus owns at least 2,691,935 shares of our common stock, or one individual for so long as Warburg Pincus owns at least 1,794,623 shares of our common stock. We have agreed to nominate and use our reasonable efforts to cause the election of any such candidates. Messrs. Hen and Leff were the members of our Board of Directors designated by Warburg Pincus, but each of these individuals resigned as Director effective December 31, 2008, and Warburg Pincus has not designated any candidates to replace them. In addition, Dr. Root is a general partner of U.S. Venture Partners and was a member of our board of directors until he resigned from our board of directors on April 1, 2009.

David D. Pendergast, our current Chairman of the Board and Executive Chairman from February 2008 through June 2008, was the President, Human Genetics Therapies, at Shire Pharmaceuticals plc in 2007. Dr. Pendergast retired from Shire on December 31, 2007. We subleased approximately 16,000 square feet of laboratory and office space from Shire under a lease agreement dated July 23, 2004, which expired on December 31, 2008. Rental payments made by us to Shire during 2008 were \$400,000. There were no amounts payable to Shire at December 31, 2008.

On February 4, 2008, we entered into a separation agreement with Sheldon Berkle in connection with his resignation as President and Chief Executive Officer. The terms of this separation agreement are discussed above under *Potential Payments upon Termination or Change in Control February 4, 2008 Separation Agreement with Mr. Berkle*.

From February 4, 2008 through June 2, 2008, Dr. Pendergast acted as interim Executive Chairman. The terms of the employment agreement entered into by Dr. Pendergast in connection with this appointment are discussed above under the *Summary Compensation Table*.

We carry insurance policies insuring our directors and officers against certain liabilities that they may incur in their capacity as directors and officers. In addition, we have entered into indemnification agreements with our directors and executive officers. These agreements contain presumptions and procedures designed to ensure that the indemnification and advancement rights granted to these individuals will be provided on a timely basis. Each agreement provides that our obligations under the agreement will continue during the time the individual serves us and continues thereafter so long as the individual is subject to any possible proceeding by reason of his or her service to us.

Policy for Approval of Related Person Transactions

Pursuant to the written charter of our Audit Committee, the Audit Committee is responsible for reviewing and approving, prior to our entry into any such transaction, all transactions in which we are a participant and in which any of the following persons has or will have a direct or indirect material interest:

our executive officers;

our directors;

the beneficial owners of more than 5% of our securities;

the immediate family members of any of the foregoing persons; and

any other persons whom the Board determines may be considered related persons.

For purposes of these procedures, immediate family members means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, and any person (other than a tenant or employee) sharing the household with the executive officer, director or 5% beneficial owner.

In reviewing and approving such transactions, the Audit Committee shall obtain, or shall direct our management to obtain on its behalf, all information that the committee believes to be relevant and important to a review of the transaction prior to its approval. Following receipt of the necessary information, a discussion shall be held of the relevant factors if deemed to be necessary by the committee prior to approval. If a discussion is not deemed to be necessary, approval may be given by written consent of the committee. This approval authority may also be delegated to the chairman of the Audit Committee in some circumstances. No related person transaction shall be entered into prior to the completion of these procedures.

The Audit Committee or its chairman, as the case may be, shall approve only those related person transactions that are determined to be in, or not inconsistent with, the best interests of us and our stockholders, taking into account all available facts and circumstances as the committee or the chairman determines in good faith to be necessary. These facts and circumstances will typically include, but not be limited to, the benefits of the transaction to us; the impact on a director's independence in the event the related person is a director, an immediate family member of a director or an entity in which a director is a partner, shareholder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms of comparable transactions that would be available to unrelated third parties or to employees generally. No member of the Audit Committee shall participate in any review, consideration or approval of any related person transaction with respect to which the member or any of his or her immediate family members is the related person.

Director Independence

Our Board of Directors has reviewed the materiality of any relationship that each of our directors has with Altus, either directly or indirectly. Based on this review, the Board has determined that the following directors are independent directors as defined by The Nasdaq Stock Market: Messrs. Penner, Richard and Wyzga, and Drs. Pendergast and Navia. In addition, Messrs. Hen and Leff, both of whom served on the Board of Directors until December 31, 2008, and Dr. Root, who served on the Board of Directors until April 1, 2009, but are no longer Board members, were also determined to be independent directors as defined by The Nasdaq Stock Market.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

The following table presents fees for professional audit services rendered by Ernst & Young LLP for the audit of our annual financial statements for the year ended December 31, 2008 and Deloitte & Touche LLP for the audit of our annual financial statements for the year ended December 31, 2007, and fees billed for other services rendered by Ernst & Young LLP during 2008 and Deloitte & Touche LLP during 2007. All of such fees were pre-approved by the Audit Committee.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Auditors

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for the next year's audit, management will submit an aggregate estimate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

1. *Audit* services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.

2. *Audit-Related* services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

3. *Tax* services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

4. *Other Fees* are those associated with services not captured in the other categories.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.
