ELECTION OF DIRECTORS

The Certificate of Incorporation of the Company provides that the number of directors of the Company shall be fixed by, or in the manner provided in, the Bylaws of the Company and divided into three classes, each having a term of three years. Each year the term of office of one class of directors expires. The Board of Directors currently consists of eight members.

The Board of Directors intends to present for action at the Annual Meeting the election of Neal L. Patterson, Jeff C. Goldsmith, Ph.D. and John C. Danforth, as Class I Directors to serve for a three year term until the 2005 Annual Meeting of Shareholders and until their respective successors are duly elected and qualified.

The Directors in Class II (Clifford W. Illig and William B. Neaves, Ph.D.) and the Directors in Class III (Gerald E. Bisbee, Jr., Ph.D., Michael E. Herman and Nancy-Ann DeParle) have been elected or appointed to terms expiring at the time of the Annual Meetings of Shareholders in 2003 and 2004, respectively. No shareholder may vote in person or by proxy for greater than three nominees at the Annual Meeting. Shareholders do not have cumulative voting rights in the election of directors. Directors will be elected by the plurality vote of the holders of shares of Common Stock entitled to vote at the Annual Meeting and present in person or by proxy.

It is intended that shares represented by a Proxy given pursuant to this solicitation will be voted in favor of the election of Neal L. Patterson, Jeff C. Goldsmith, Ph.D. and John C. Danforth as the Class I Directors, unless such authority is specifically withheld. In the event that any of such persons should become unavailable for election, it is intended that the shares of Common Stock represented by the Proxy will be voted for such substitute nominee as may be nominated by the Board of Directors. The above named persons have indicated willingness to serve if elected and it is not anticipated that any of them will become unavailable for election.

The Certificate of Incorporation and Bylaws of the Company provide that advance notice of shareholder nominations for an election of directors must be given. Written notice of the shareholder's intent to make a nomination at a meeting of shareholders must be received by the Secretary of the Company not later than 120 days in advance of the date of such meeting in the case of an annual meeting and, in the case of a special meeting, not more than seven days following the date of notice of the meeting. The notice must contain (a) the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated, (b) a representation that the shareholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, (c) the names and addresses, as they appear in the Company's books, of such shareholder, (d) the class and number of shares beneficially owned by such nominating shareholder and each nominee proposed by such shareholder, (e) a description of all arrangements or understandings between the nominating shareholder and each nominee and any other person or persons (naming such person or persons), pursuant to which the nomination or nominations are to be made, (f) such other information regarding each nominee proposed by such shareholder as would have been required to be

Edgar Filing: CERNER CORP /MO/ - Form DEF 14A

included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, as then in effect, if the Company were soliciting proxies for the election of such nominees, and (g) the consent of the nominee to serve as a director of the Company if so elected. No such notice has been received, and the chairman of the Annual Meeting is entitled to refuse to acknowledge the nomination of any person which is not made in compliance with the foregoing procedure. In any event, the Board of Directors has no reason to believe that anyone will attempt to nominate another candidate for director.

The following table sets forth certain information as to the persons nominated by the Board of Directors for election as directors of the Company and each director whose term of office will continue after the Annual Meeting:

The Compensation Committee reviews and approves the Company's compensation policies and practices, establishes compensation for directors and Mr. Patterson, reviews and approves the compensation of the other executive officers of the Company, and approves major changes in the Company's benefit plans and compensation philosophy.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent accountants. In conjunction with becoming a Director of the Company in May 2001, Ms. DeParle was granted options to purchase 20,000 shares of the Company's Common Stock. These options were issued at a price that was equal to the fair market value of the Company's Common Stock on the date of grant. The options become exercisable in equal amounts each year over a period of five years from the date of the grant, beginning in 2002, assuming Ms. DeParle remains a Director of the Company. The options expire ten years from date of grant.

In conjunction with being re-elected to the Board of Directors in May 2001, Mr. Bisbee and Mr. Herman were each granted options to purchase 12,000 shares of the Company's Common Stock. These options were issued at a price that was equal to the fair market value of the Company's Common Stock on the date of grant. The options become exercisable in equal amounts each year over a period of three years from the date of the grant, beginning in 2002, assuming each individual remains a Director of the Company. The options expire ten years from date of grant.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (the "Compensation Committee") is composed of the individuals listed below. All of the members of the Compensation Committee are outside directors. The Compensation Committee reviews and approves the Company's compensation policies and practices, establishes compensation for directors and Mr. Patterson, reviews and approves the compensation of the other executive officers of the Company, and approves major changes in the Company's benefit plans and compensation philosophy.

The compensation policies of the Company have been designed to enable the Company to attract, motivate and retain experienced and qualified executives. The Company seeks to provide competitive salaries based upon individual performance, together with quarterly cash bonuses awarded for the achievement of goals established by the Compensation Committee. In addition, it has been the policy of the Company to grant stock options to executives upon their commencement of employment with the Company or their becoming such executive officers in an effort to strengthen the mutuality of interests between such executives and the Company's shareholders.

Annual Compensation

Historically, total annual cash compensation for executive officers of the Company consists of base salary and a potential annual cash bonus (in some instances payable by the award of restricted stock of the Company) based upon incentive plans adopted each year by the Compensation Committee. The Company grants such compensation bonus pursuant to a shareholder approved

performance-based compensation plan. Total annual cash compensation varies each year based on changes in base salary and in the cash bonus. The incentive plans for executive officers other than Mr. Patterson consists of various objective goals, both related to areas for which such executive officer has responsibility and for company wide performance. Attainment of each goal is objective, but the amount of the bonus is also affected, in some instances, by a subjective analysis of the executive's overall performance. Such bonuses may only be adjusted downward from the maximum amount stated in each individual's compensation plan. For Mr. Patterson, the goals during the 2001 plan year consisted of earnings per share and operating margin. Attainment by Mr. Patterson of the goals is determined on an objective basis without any subjective analysis of his overall performance. Under the incentive plans, each executive may earn up to a maximum amount approved by the Compensation Committee, based on and as determined by targets designed to create a significant incentive in relation to such executive's salary. During 2001, the Company's executive officers, as a group, earned approximately 102 percent of the targeted incentives available. For 2002, Mr. Patterson's bonus and a majority of the executive officer incentive plan bonuses will be paid out based on attainment of earnings per share targets and client satisfaction scores. This is consistent with Cerner's focus to create the Perfect Client Experience for their clients while delivering financial results for their shareholders.

The salary of each executive officer is approved on a subjective basis by the Compensation Committee at a level believed to be sufficient to attract and retain qualified individuals. In making this determination, the Compensation Committee considers the executive's performance, salary levels at other competing businesses and the Company's performance. In approving salaries and incentive plan payments for 2001, the Compensation Committee considered, among other matters, the Company's performance during 2000 and the compensation levels for 1999 and 2000 of the Company's principle competitors for which information was available, although the Compensation Committee did not target compensation to any particular group of these companies. The factors impacting base salary levels are not independently assigned specific weights but are subjectively considered by the Compensation Committee.

Mr. Patterson's compensation during the year ended December 29, 2001 consisted of 492,307 in salary and \$354,713 in payments earned under the Company's incentive plans. Mr. Patterson earned approximately 123 percent of the targeted incentives available under the incentive plans during 2001. In determining Mr. Patterson's salary and potential incentive plan payments for 2001, the Compensation Committee considered, among other matters, the Company's performance during 2000 and the compensation of the chief executive officer for 1999 and 2000 of the Company's principle competitors for which information was available, although the Compensation Committee did not target his compensation to any particular group of these companies.

Long-Term Incentive Compensation

The long-term incentive compensation for executive officers consists of awards of stock options granted under the Company's stock option plans typically upon their commencement of employment with the Company or promotion to executive officer and stock options granted during the employment as executive officers. The Compensation Committee believes stock options create an incentive for executive officers to contribute to sustained, long-term growth in the Company's performance. The Compensation Committee believes that stock options create a mutuality of interest between the Company's executive officers and shareholders. Stock option grants provide the right to purchase shares of Common Stock at a specified exercise price. All stock options issued to executive

officers to date have exercise prices equal to or greater than the market value of the Common Stock on the date of the grant of the stock option.

CERTAIN TRANSACTIONS

The Company leases an airplane from a company owned by Mr. Neal L. Patterson and Mr. Clifford W. Illig. The airplane is leased on a per mile basis with no minimum usage guarantee. The lease rate is believed to approximate fair market value for this type of aircraft. During 2000 and 2001, respectively, the Company paid an aggregate of \$496,000 and \$548,000 for rental of the airplane. The airplane is used principally by Mr. Patterson, Mr. Tobin, Mr. Devanny and Mr. Black to increase the number of client visits each can make and to reduce the physical strain of their heavy travel schedules. The Company intends to continue the use of the airplane in 2002.

On July 1, 2001, the Company completed its purchase of certain assets and certain liabilities for cash of APACHE Medical Systems, Inc., a Delaware corporation ("APACHE"). APACHE subsequently changed its name to Aros Corporation. One of the Company's directors, Gerald E. Bisbee, Jr., Ph.D., was at the time of the transaction and still remains Chairman of the Board of APACHE (now known as Aros Corporation). APACHE was a recognized leader in clinical decision support/outcomes management systems and consulting services for the

Edgar Filing: CERNER CORP /MO/ - Form DEF 14A

care of high-risk patients, and provided products and services that enable health systems, hospitals and providers to apply an evidence-based approach to achieve clinical performance excellence, reduce cost and compete effectively under managed care. APACHE also provided advanced clinical data collection tools, registry management and analytic services for federal government research, as well as in support of clinical trial design and product-effectiveness evaluations for the pharmaceutical and medical device industries. Aros now specializes in database development, medical coding strategy and related services. The cash purchase price for the APACHE assets was \$3.5 million. Dr. Bisbee owned 825,000 shares in APACHE at the time of closing of the transaction. As of closing, Dr. Bisbee also held 153,810 options to purchase APACHE stock. None of such options was in the money as of the closing. Additionally, Dr. Bisbee held 325,000 five-year, \$.50 warrants for APACHE stock. The warrants were not in the money as of the closing. As of the closing, APACHE had 8,966,966 shares of stock outstanding. Dr. Bisbee fully disclosed his relationship with APACHE and his financial interest in APACHE in a meeting with all members of the Board of Directors present. Dr. Bisbee left the board room when the proposed APACHE transaction was discussed and approved by the remaining members of the Board of Directors.

The Company loaned to Earl H. Devanny, III, Steven M. Goodrich, Jack A. Newman, Jr. and Glenn P. Tobin, Ph.D., executive officers of the Company, \$225,000, \$168,750, \$205,468.75 and \$100,000, respectively. The loan to Mr. Devanny in the amount of \$200,000 is interest-free for the first two years and thereafter bears interest at the rate of 5% per annum. The loan to Mr. Newman in the amount of \$100,000 is interest free. The loan to Dr. Tobin in the amount of \$100,000 bears interest at the rate of 3% per annum. The loans to Mr. Devanny and Mr. Newman in the amount of \$25,000 and \$105,468.75, respectively, and the loans to Mr. Goodrich were made pursuant to an Executive Stock Purchase Plan and bear interest at a rate of 5.5% per annum. The balance due on the loans made to Mr. Devanny, Mr. Newman and Mr. Goodrich was \$229,678.93, \$165,468.75 and \$194,672.57 at the end of 2001, respectively. The remaining loans are outstanding but not due.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Executive officers, directors and holders of ten percent or more of the Company's equity securities are required to furnish the Company with copies of all Section 16(a) reports they file.

Based solely on review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that during the fiscal year ended December 29, 2001 all Section 16(a) filing requirements applicable to its executive officers, directors and holders of ten percent or more of the Company's equity securities were complied with.

OTHER MATTERS

The Bylaws of the Company require that for business to be properly brought before an annual shareholders' meeting, the Company must have received prior written notice of such business not later than 120 days in advance of the date of such meeting. The notice must describe the proposed business, the shareholders' name and address, a description of the class and number of shares of stock of the Company which are beneficially owned (as that term is defined in the Certificate of Incorporation of the Company) by the shareholder, any material interest of the shareholder in such business and all other information regarding the proposal which the Company would be required to provide in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission if proxies for the proposal were being solicited by the Company. The Board of Directors does not intend to present any matter for action at the annual meeting other than the matters referred to in this Proxy Statement. If any other matters properly come before the Annual Meeting, it is intended that the holders of the proxies hereby solicited will act in respect of such matters in accordance with their best judgment.

DEADLINE FOR SHAREHOLDER PROPOSALS

Proposals by holders of the shares of Common Stock which are intended to be presented at the 2003 Annual Meeting of Shareholders must be received by the Company no later than December 16, 2002 to be eligible for inclusion in the Company's Proxy Statement and form of proxy relating to that meeting. VOTING MATTERS

In accordance with Delaware law, a shareholder entitled to vote in the election of directors can withhold authority to vote for all nominees for directors or can withhold authority to vote for certain nominees for directors. EXPENSES OF SOLICITATION

All costs of this solicitation will be borne by the Company. In addition to the use of the mails, proxies may be solicited personally or by telephone or telegraph by some of the regular employees of the Company. The Company has engaged ADP Investor Communication Services as paid solicitors in connection with the Annual Meeting. ADP will be paid to solicit proxies and distribute proxy materials to nominees, brokers and institutions. The anticipated cost of such services is approximately \$9,000, plus expenses. The Company may reimburse brokers and other persons holding stock in their names, or
