Dear Fellow Stockholder of The India Fund, Inc. (the "Fund"):

Laxey Partners Limited is seeking your support in voting (i) AGAINST the Fund's director nominees, (ii) AGAINST the approval of a new management agreement between Advantage Advisers, Inc. and the Fund (the "New Management Agreement"), (iii) AGAINST the approval of a new country agreement between Advantage Advisers, Inc. and Imperial Investment Advisers Private Limited (the "New Country Agreement"), and (iv) AGAINST the approval of a fundamental policy to adopt an interval fund structure, as proposed by the Fund's Board of Directors, at the Fund's 2003 Annual Meeting of Stockholders (the "Annual Meeting").

We are the manager of The Value Catalyst Fund Limited, Laxey Universal Value LP and LP Value Limited and, through such entities and unaffiliated third party discretionary accounts, we are a sizable beneficial owner of shares of the Fund. We believe that our share ownership directly aligns our interests with those of a majority of the Fund's stockholders. As of the date of this Proxy Statement, we beneficially own approximately 1.6% of the Fund's outstanding shares of common stock.

We believe that the Fund should explore a variety of strategic alternatives designed to provide all stockholders, regardless of size, with regular opportunities to realize at least 98% of net asset value ("NAV") for their shares. We believe the Fund's actions to date are insufficient to

## Edgar Filing: LAXEY PARTNERS LTD - Form PREC14A

meaningfully maximize opportunities for stockholders of the Fund to realize 98% of NAV for their shares on a regular basis.

THE FUND'S PROPOSED INTERVAL REPURCHASE STRUCTURE IS TOO VAGUE TO BE TRULY EFFECTIVE IN MAXIMIZING STOCKHOLDER VALUE

On February 4, 2003, the Fund announced its intention to adopt an interval fund structure. According to the Fund's proposed program, the Fund would commit to at least two repurchase offers each fiscal year and each repurchase offer would be for amounts between 5% to 25% of the Fund's outstanding shares, at the Board's discretion, at a then-undetermined price. We believe that the Fund's proposed repurchase structure lacks the requisite specificity and level of commitment necessary to guarantee a full, fair price to holders who sell their Fund shares. We have been involved in other closed-end country funds that promised similar repurchase structures and, once approved by their stockholders, those funds reduced or eliminated the repurchase commitment. Given our experience, we determined that we could not approve the Fund's proposed repurchase structure without a commitment by the Fund to provide real value to the Fund's stockholders. We believe that the Fund's proposal was too vague to provide any meaningful value.

On February 19, 2003, we wrote to the Fund confirming our belief that stockholders' interests would be better served by having at least four repurchase offers annually; that each repurchase offer should be for a minimum of 25% of the Fund's outstanding securities; and that

each such offer be at not less than 98% of NAV. Subsequent to our letter and a follow-up conversation with the Board, the Fund agreed to change the interval structure such that each repurchase offer would be not less than 98% of NAV, but refused to commit to any increased frequency or further specificity to its proposed repurchase structure, citing among other things that the Securities and Exchange Commission (the "SEC") would not permit a range narrower than 5-25%. We have engaged in discussions with the SEC in which the SEC indicated that a narrower range would be acceptable. Without a higher level of specificity and commitment in the interval repurchase program (we would suggest a 20-25% range at least semi-annually), we do not believe that the current Board will apply the Fund's program in any such manner to create a meaningful improvement in stockholder value or liquidity.

We are concerned that, as we have experienced in other similar investments, actual repurchases will be at or near the minimum levels permitted by the structure proposed by the Fund and that, therefore, the proposed structure will not provide adequate protection for the Fund's stockholders or meaningfully address the persistent deep discount from NAV, which has been as high as 40% over the past three years. Laxey therefore believes that stockholder interests would be best served if the Fund's stockholders voted AGAINST the Fund's proposed interval fund structure. This would send a clear message to the Board that the stockholders desire the adoption of a more effective mechanism that would provide true stockholder value and liquidity.

THE FUND'S CURRENT BOARD OF DIRECTORS AND ITS ADVISORS HAVE NOT BEEN EFFECTIVE IN ADDRESSING THE CONCERNS OF STOCKHOLDERS

Laxey is also soliciting proxies AGAINST the Fund's director nominees, AGAINST the New Management Agreement and AGAINST the New Country Agreement because Laxey believes that the Board and Advantage Advisers, Inc. have not been effective in seeking to reduce the discount from NAV of the shares of the Fund. Perhaps we are too cynical, but we suspect that the repurchase program was introduced as a result of the need to approve the New Management Agreement and the New Country Agreement. After the vote, the Board could determine to keep the

## Edgar Filing: LAXEY PARTNERS LTD - Form PREC14A

program running at minimal levels, which would not provide the stockholders with any true value or liquidity. Therefore, we would vote against these measures until the Fund demonstrates a real commitment to provide stockholder value and liquidity than is set forth in the currently proposed repurchase program. Laxey would further encourage the Fund to not only propose a revised interval repurchase program but also solicit competitive proposals for a new investment advisor and to hire an independent investment manager who would be committed to exploring methods to offer stockholders at least 98% of NAV for their shares on a regular basis. We have discussed with the Fund and its advisors how this might be achieved and the response has been unsatisfactory. Moreover, the Fund's current repurchase proposal merely reinforces our belief that the directors are not serious about addressing the legitimate wishes of a majority of the Fund's stockholders. The Board's actions demonstrate just how critical it is to elect directors dedicated to serving stockholder's interests.

The Fund's proposals are included on our GOLD proxy card. You may vote AGAINST the Fund's proposals by using a GOLD proxy card. A gold proxy card that is returned to us will be voted as you indicate on it. If a gold proxy card is returned without a vote indicated thereon, the shares represented thereby will be voted AGAINST the Fund's proposals. In

2

addition, a gold proxy card will be voted in the proxy holders' discretion with respect to such other matters as may properly come before the meeting.

We believe that the stockholders of the Fund desire an effective mechanism that would provide them with regular opportunities to maximize value and seek liquidity for their shares. We believe, however, that the Fund's proposals fall short of providing a commitment to stockholder value and liquidity. Our interests are aligned with yours - to maximize stockholder value and liquidity.

We therefore urge stockholders to vote AGAINST the Fund's proposals and send the Fund a strong message that you want the Fund to commit to providing regular opportunities to maximize value and seek liquidity for your shares.

Please sign, date and return the enclosed gold proxy card in the postage-prepaid envelope that has been provided. You should not return any proxy card sent to you by the Fund if you wish to vote AGAINST their proposals. If you have already returned the white proxy card sent to you by the Fund, you have the right to revoke that proxy by signing, dating and mailing a later-dated gold proxy card in the envelope provided. If you have any questions, please contact Mr. Andrew Pegge at +44 1624 690 900.

Thank you for your cooperation in helping to send a strong message to the Fund to commit to providing regular opportunities to maximize value and seek liquidity for your shares.

Sincerely yours,

Andrew Pegge

### APPROVAL OF A FUNDAMENTAL POLICY TO ADOPT THE FUND'S PROPOSED INTERVAL FUND STRUCTURE

The Board has proposed to adopt a fundamental policy (which cannot be changed without stockholder approval) to make offers to repurchase its Shares at semi-annual intervals pursuant to Rule 23c-3 of the Investment Company Act of 1940, as amended (the "1940 Act"). According to the Fund's proposed program, the Fund would commit to at least two repurchase offers each fiscal year and each repurchase offer would be for amounts between 5% to 25% of the Fund's outstanding Shares, at the Board's discretion, at a then-undetermined price. Although the Fund's proxy statement indicates that the Fund's current expectation is that repurchase offers would not be for less than 10% of the Fund's then outstanding Shares, the Fund is not committing to make or maintain, repurchase offers at a 10% level. Even if the Fund made such a commitment, Laxey believes that a 10% repurchase offer, made twice per year, is still not substantial enough to make a meaningful difference to Stockholders in creating true stockholder value. Laxey believes that the Fund's proposed repurchase structure lacks the requisite level of commitment necessary to guarantee a full, fair price to holders who sell their Shares.

## Edgar Filing: LAXEY PARTNERS LTD - Form PREC14A

In addition, any stated minimum repurchase offer amount should be included in the Fund's fundamental policy to provide the necessary assurance to the Fund's Stockholders that the Board is serious in their commitment to maximizing Stockholder value and liquidity. Although Rule 23c-3 of the 1940 Act requires that repurchase offer amounts of interval fund structures, as determined by the Board, to be within prescribed maximum and minimum of 5% to 25% of the Fund's then outstanding equity securities, Laxey believes that, to provide true liquidity and Stockholder value, the Fund must commit to a narrower range of specificity in the proposed repurchase offer amount and adopt such range as part of a fundamental policy in order to provide Stockholders with the necessary assurance that the proposed interval fund structure will be an effective mechanism.

On February 19, 2003, Laxey wrote to the Fund confirming its belief that Stockholders' interests would be better served by having at least four repurchase offers annually; that each repurchase offer should be for a minimum of 25% of the Fund's outstanding securities; and that each such offer be at not less than 98% of net asset value ("NAV"). Subsequent to Laxey's letter and a follow-up conversation with the Board, the Fund agreed to change the interval structure such that each repurchase offer would be not less than 98% of NAV, but has since refused to commit to any increased frequency or further specificity to its proposed repurchase structure, citing among other things that the Securities and Exchange Commission (the "SEC") would not permit a range narrower than 5-25%. We have engaged in discussions with the SEC in which the SEC indicated that a narrower range would be acceptable. Moreover, even the 10% level set forth in the Fund's proxy statement is couched as a "current expectation." Without a higher level of specificity and commitment in the interval repurchase program, Laxey does not believe that the current Board will apply the Fund's program in any such manner to create a meaningful improvement in stockholder value or liquidity.

Laxey has been involved in other closed-end country funds that promised similar repurchase structures and, once approved by their stockholders, those funds reduced or eliminated the repurchase commitment. Given its experience, Laxey determined that it could not approve the Fund's proposed repurchase structure without a commitment by the Fund to provide

3

real value to the Fund's stockholders. Such commitment would require that the Fund approve a minimum repurchase offer amount of 20% to 25% at least semi-annually and adopt such levels as part of the Fund's fundamental policy to be included in the proposed interval Fund structure.

Laxey is concerned that, as it has experienced in other similar investments, actual repurchases will be at or near the minimum levels permitted by the structure proposed by the Fund and that, therefore, the proposed structure will not provide adequate protection for the Fund's Stockholders or meaningfully address the persistent deep discount from NAV, which has been as high as 40% over the past three years. Laxey therefore believes that Stockholder interests would be best served if the Fund's Stockholders voted AGAINST the Fund's proposed interval fund structure. This would send a clear message to the Board that the Stockholders desire the adoption of a more effective mechanism that would provide true Stockholder value and liquidity.

Approval of this fundamental policy to adopt an interval fund structure requires the affirmative vote of a majority of the outstanding voting securities of the Fund, which means the affirmative vote of the lesser of (a) 67% or more of the Shares of the Fund entitled to vote thereon present or represented by proxy at the Annual Meeting, if the holders of more than 50% of the outstanding

## Edgar Filing: LAXEY PARTNERS LTD - Form PREC14A

Shares of the Fund entitled to vote thereon are present or represented by proxy, or (b) more than 50% of the total outstanding Shares of the Fund entitled to vote thereon. Abstentions and broker non-votes will be counted as Shares present at the Annual Meeting for quorum purposes but not cast.

### ELECTION OF DIRECTORS

Laxey believes that a vote AGAINST the election of the Fund's nominees represents the best means for the Stockholders to obtain representatives on the Board who will more accurately reflect the wishes of a majority of the Stockholders. A vote AGAINST the Fund's nominees sends a clear message to the existing Board that Stockholders want the Fund to commit to providing regular opportunities to maximize value and liquidity for the Shares and that the existing Board has not demonstrated a real commitment to maximize the value of the Shares.

Laxey believes that the Fund has not been successful in reducing the discount to NAV at which its Shares continue to trade, which discount has been as high as 40% over the past three years. On February 4, 2003, the Fund announced its intention to adopt an interval fund structure. Laxey believed that the Fund's proposed repurchase structure lacked the requisite specificity and level of commitment necessary to guarantee a full, fair price to holders who sell their Fund Shares and set forth its concerns in a letter dated February 19, 2003. Laxey has been involved in other closed-end country funds that promised similar repurchase structures and, once approved by their Stockholders, those funds reduced or eliminated the repurchase commitment. Given its experience, Laxey determined that it could not approve the Fund's proposed repurchase structure without a commitment by the Fund to provide real value to the Fund's Stockholders. The Board has refused to publicly make any such commitment.

Laxey is concerned that, as it has experienced in other similar investments, without a real commitment to a higher level of specificity, actual repurchases will be at or near the minimum

4

levels permitted by the structure proposed by the Fund and that, therefore, the proposed structure will not provide adequate protection for the Fund's Stockholders or meaningfully address the persistent deep discount from NAV. Laxey therefore believes that Stockholder interests would be best served if the Fund's Stockholders voted AGAINST the election of the Fund's nominees.

Laxey believes that the Fund needs new directors that will be more committed than the current members of the Board to urging the Fund to take prompt action and a vote AGAINST the Fund's nominees will be an important element in achieving Stockholders' desire to maximize value and liquidity.

The Board of Directors of the Fund is divided into three classes of directors: Class I, Class II and Class III. At the Annual Meeting, Stockholders will be asked to elect three Class I directors and one Class III director to hold office until the 2006 and 2004 Annual Meetings of Stockholders, respectively, or thereafter when their respective successors are elected and qualified. The effect of these staggered terms is to limit the ability of other entities or persons to acquire control of the Fund by delaying the replacement of a majority of the Board of Directors. In Class I, the terms of Messrs. Charles F. Barber, Jeswald W. Salacuse and Howard M. Singer expire this year. In Class III, the term of Messr. J. Marc Hardy will expire this year.

Directors are elected by a plurality of the votes cast by the holders of Shares of Common Stock of the Fund present in person or represented by proxy at a meeting with a quorum present. For purposes of the election of directors,

## Edgar Filing: LAXEY PARTNERS LTD - Form PREC14A

abstentions and broker non-votes will not be considered votes cast, and do not affect the plurality vote required for directors. Under the bylaws of the Fund, the presence in person or by proxy of the holders of record of a majority of the outstanding Shares of the Fund entitled to vote at the Annual Meeting is required to constitute a quorum at the Annual Meeting.

### APPROVAL OF NEW MANAGEMENT AGREEMENT AND NEW COUNTRY AGREEMENT

Laxey is soliciting proxies to vote AGAINST the New Management Agreement and AGAINST the New Country Agreement because Laxey believes that the Board as well as Advantage Advisers, Inc. have not been effective in seeking to reduce the discount from NAV at which the Shares of the Fund continue to trade, which discount has been as high as 40% over the past three years. Laxey suspects that the repurchase program was introduced as a result of the need to approve the New Management Agreement and the New Country Agreement. After the vote, the Board could determine to keep the program running at minimal levels, which would not provide the Stockholders with any true value or liquidity. Therefore, we urge Stockholders to vote against these measures until the Fund demonstrates a real commitment to provide Stockholder value and liquidity than is set forth in the currently proposed repurchase program. Laxey would further encourage the Fund to solicit competitive proposals for a new investment advisor and to hire an independent investment manager who would be committed to providing Stockholders with regular opportunities to maximize value and obtain liquidity for their Shares.

Laxey believes that the Fund needs new investment advisers that will be more committed than the current investment advisers to urging the Fund to take prompt action and a vote

5

AGAINST the New Management Agreement and AGAINST the New Country Agreement will be an important element in achieving Stockholders' desire to maximize value and liquidity.

As provided by the 1940 Act, approval of the New Management Agreement and the New Country Agreement will require the affirmative vote of a "majority of the outstanding voting securities" of the Fund, which means the affirmative vote of the lesser of (a) 67% or more of the Shares of the Fund entitled to vote thereon present or represented by proxy at the Annual Meeting, if the holders of more than 50% of the outstanding Shares of the Fund entitled to vote thereon are present or represented by proxy, or (b) more than 50% of the total outstanding Shares of the Fund entitled to vote thereon. For this purpose, abstentions and broker non-votes will be counted as Shares present at the Annual Meeting for quorum purposes but not voting and will have the same effect as votes cast against the Fund's proposal.

### LAXEY'S RECOMMENDATIONS

Laxey is soliciting proxies to vote AGAINST the Fund's director nominees, AGAINST the approval of the New Management Agreement, AGAINST the approval of the New Country Agreement and AGAINST the approval of a fundamental policy to adopt an interval fund structure, as proposed by the Fund's Board of Directors, at the Fund's 2003 Annual Meeting of Stockholders. Laxey is not aware of any other proposals to be brought before the Annual Meeting. However, should other proposals be brought before the Annual Meeting of which Laxey is not made aware within a reasonable time prior to the Annual Meeting, the persons named as proxies in the enclosed GOLD proxy card will vote on such matters in their discretion.

You are urged to vote against the fund's proposals on the enclosed gold

## Edgar Filing: LAXEY PARTNERS LTD - Form PREC14A

proxy card.

### VOTING AND PROXY PROCEDURES

Only Stockholders of record on the Record Date will be entitled to notice of and to vote at the Annual Meeting. Based on publicly available information, Laxey believes that the only outstanding class of securities of the Fund entitled to vote at the Annual Meeting is the Shares. Each Share is entitled to one vote on each matter as may properly be brought before the Annual Meeting. According to the Fund's proxy statement, there are 30,698,333 Shares issued and outstanding as of the Record Date.

Shares represented by properly executed gold proxy cards will be voted at the Annual Meeting as marked and, in the absence of specific instructions, will be voted AGAINST the Fund's proposals and, in the discretion of the persons named as proxies, on all other matters as may properly come before the Annual Meeting of which Laxey is not made aware within a reasonable amount of time prior to the Annual Meeting. Laxey recommends that Stockholders vote AGAINST the Fund's proposals.

Stockholders of the Fund may revoke their proxies at any time prior to its exercise by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy) or by delivering a written notice of revocation. The delivery of a subsequently dated proxy that is properly completed will constitute

6

a revocation of any earlier proxy. The revocation may be delivered either to Laxey, in care of Mr. Andrew Pegge, at the address set forth on the back cover of this proxy statement or to the Fund at 622 Third Avenue, 8th Floor, New York, New York 10017 or any other address provided by the Fund. Although a revocation is effective if delivered to the Fund, Laxey requests that either the original or photostatic copies of all revocations be mailed to Laxey, in care of Mr. Andrew Pegge, at the address set forth on the back cover of this proxy statement so that Laxey will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date of a majority of the outstanding Shares.

Laxey recommends that you vote AGAINST THE FUND'S PROPOSALS. If you wish to vote, please sign, date and return promptly the enclosed gold proxy card in the postage-paid envelope provided. A gold proxy card that is returned to Laxey will be voted as the Stockholder indicates thereon. If a gold proxy card is returned without a vote indicated thereon, it will be voted AGAINST THE FUND'S PROPOSALS.

### SOLICITATION OF PROXIES

Laxey is making the solicitation of proxies pursuant to this proxy statement. Proxies may be solicited by mail, facsimile, telephone, telegraph, in person and by advertisements. Certain directors, officers and employees of Laxey, none of whom will receive additional compensation for such solicitation, may make solicitations.

Laxey will solicit proxies from individuals, brokers, banks, bank nominees and other institutional holders. Laxey has requested banks, brokerage houses and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the Shares they hold of record. Laxey will reimburse these record holders for their reasonable out-of-pocket expenses in so doing. It is anticipated that Laxey will employ approximately four (4) persons to solicit Stockholders for the Annual Meeting.

## Edgar Filing: LAXEY PARTNERS LTD - Form PREC14A

Laxey does not currently intend to seek reimbursement of the costs of this solicitation from the Fund but may decide to do so in the future. Costs of this solicitation of proxies are currently estimated to be approximately \$50,000. Laxey estimates that, through the date hereof, its expenses in connection with this solicitation are approximately \$15,000.

7

Any Stockholder who desires to bring a proposal at the Fund's 2004 Annual Meeting of Stockholders without including such proposal in the Fund's proxy statement must deliver written notice thereof to the Secretary or Assistant Secretary of the Fund during the thirty-day period from December 25, 2003 to January 24, 2004.

### SCHEDULE III

#### INFORMATION CONCERNING THE FUND'S INVESTMENT ADVISOR, THE NEW MANAGEMENT AGREEMENT, THE NEW COUNTRY AGREEMENT AND CERTAIN OTHER MATTERS

The following information relating to Advantage Advisers, Inc. ("Advantage"), the New Management Agreement, and the New Country Agreement and certain other matters is included here because it may be required by the rules of the Securities and Exchange Commission in a proxy statement that contains proposals relating to the continuation or termination of the investment advisory agreement. This information is based entirely upon the disclosure in the Fund's proxy statement, and Laxey has no independent knowledge concerning its accuracy. Capitalized terms used herein without definition shall have the respective meanings ascribed to them in the Fund's proxy statement.

Advantage is a corporation organized under the laws of Delaware on May 31, 1990 and a registered investment adviser under the Investment Advisers Act of 1940, as amended. Advantage has served as investment manager to the Fund since commencement of the Fund's operations. Advantage is currently a wholly-owned subsidiary of CIBC World Markets. CIBC World Markets is wholly-owned by CIBC World Markets Holdings Inc., which is 98% owned by CIBC Delaware Holdings Inc. CIBC World Markets Inc., a Canadian company, owns 83% of CIBC Delaware Holdings Inc., and Canadian Imperial Bank of Commerce ("CIBC"), a Canadian bank, owns 100% of CIBC World Markets Inc. The principal business address of CIBC World Markets, CIBC World Markets Holdings Inc. and CIBC Delaware Holdings Inc. is 425 Lexington Avenue, New York, New York 10017. The principal business address of CIBC World Markets Inc. is BCE Place, 161 Bay Street, Toronto, Ontario, M5J 2S8 Canada, and the principal business address of CIBC is Commerce Court, Toronto, Ontario, M5L 1A2 Canada. The principal business address of Advantage following the acquisition of the U.S. brokerage and asset management business of CIBC World Markets by Fahnstock & Co., the principal operating subsidiary of Fahnstock Viner Holdings ("FVH"), or its affiliate (the "Acquisition") is expected to change to one of FVH's offices. Stockholders of the Fund will be advised of the new principal location of Advantage.

The current management agreement dated as of August 7, 1998 between Advantage and the Fund (the "Existing Management Agreement") and the New Management Agreement are identical except for the date of commencement and the date of termination of the agreements, and the replacement of references to CIBC World Markets with references to Fahnstock & Co. The Board of Directors of the Fund, including a majority of the Directors who are not "interested persons" (as defined in the 1940 Act) of the Fund or Advantage, most recently approved the Existing Management Agreement on October 29, 2002. The Stockholders of the Fund most recently approved the Existing Management Agreement on September 30, 1997, in connection with the acquisition of Advantage by CIBC World Markets (formerly CIBC Wood Gundy Securities Corp.).

The current country advisory agreement dated as of August 1, 2001 between Imperial Investment Advisors Private Limited ("Imperial") and the Fund (the "Existing Country Advisory Agreement") and the New Country Agreement are identical except for the date of commencement and the date of termination of the agreements. The Board of Directors of the Fund, including a majority of the

## Edgar Filing: LAXEY PARTNERS LTD - Form PREC14A

Directors who are not "interested persons" (as defined in the 1940 Act) of the Fund or Imperial, most recently approved the Existing Country Advisory Agreement on October 29, 2002. The Stockholders of the Fund most recently approved the Existing Country Advisory Agreement on April 20, 2001.

As in the Existing Management Agreement, the New Management Agreement provides that the Fund is responsible for all of its expenses and liabilities, except that Advantage is responsible for expenses in connection with maintaining a staff within its organization to furnish the above services to the Fund. The rate used to determine fees payable by the Fund pursuant to the New Management Agreement is identical to the rate in the Existing Management Agreement. Consequently, under the Existing Management Agreement or the New Management Agreement, the Fund will pay Advantage a monthly fee at an annual rate of 1.10% of average weekly net assets. The approximate net assets of the Fund as of December 31, 2003 were \$350,838,505 and the fees paid by the Fund to Advantage during the year ended December 31, 2002 were \$4,021,761.09.

As in the Existing Country Advisory Agreement, the New Country Agreement provides that Imperial is responsible for all of its expenses and liabilities, including expenses in connection with providing office space, office facilities and personnel reasonably necessary for performance of the services to be provided by it to Advantage. The provision relating to the fees payable by Advantage to Imperial pursuant to the New Country Agreement is identical to that in the Existing Country Advisory Agreement. Consequently, under the Existing Country Advisory Agreement or the New Country Agreement, Advantage will pay Imperial a monthly fee to be agreed upon by Advantage and Imperial from time to time that will not exceed 1.10% of the Fund's average weekly net assets, which is the rate of fees payable by the Fund to Advantage.

Advantage and Imperial are currently indirect, wholly-owned subsidiaries of CIBC. There have been no commissions paid to Affiliated Brokers, as defined in Rule 14a-101 under the Securities Exchange Act of 1934, as amended, of Advantage or Imperial during the Fund's fiscal year ended December 31, 2002. CIBC World Markets, an indirect wholly-owned subsidiary of CIBC, serves as the Fund's administrator. For these administrative services, CIBC World Markets receives a fee computed monthly and paid quarterly at an annual rate of 0.20% of the value of the Fund's average monthly net assets. For the year ended December 31, 2002, these fees amounted to \$731,229. In connection with the Acquisition, it is anticipated that Fahnstock & Co. will replace CIBC World Markets as the Fund's administrator, at the same rate currently being paid by the Fund, under a new administration agreement substantially identical to the Fund's current administration agreement with CIBC World Markets.
