Background. After media reports that Ford had hired advisors to explore strategic alternatives for its Jaguar and Land Rover operations, Jerome York, a consultant to Tracinda, contacted Ford in June 2007, regarding Tracinda's interest in acquiring Jaguar and Land Rover. In early July, Don Leclair, Executive Vice President and Chief Financial Officer of Ford, met with Mr. York and discussed the proposed sale of Jaguar and Land Rover, as well as information that would be made available to potential purchasers upon execution of a non-disclosure agreement. Ford and Tracinda entered into a Confidentiality and Standstill Agreement, dated as of July 6, 2007, pursuant to which, among other things, Tracinda agreed that until March 31, 2008 neither it nor its affiliates would acquire or offer to acquire, directly or indirectly, any equity securities (including convertible securities) of Ford or rights or options to purchase such securities. In mid-July 2007, Mr. York had discussions and meetings with representatives of Ford to conduct due diligence regarding the Jaguar and Land Rover operations. On July 19, 2007, Mr. York submitted to Ford Tracinda's bid to purchase Jaguar and Land Rover. Approximately one week later, Mr. Leclair contacted Mr. York to inform him that Tracinda would not be included in the second round of bidders.

In response to a long-standing request by Mr. York, on April 4, 2008, Alan Mulally, President and Chief Executive Officer of Ford, and Mr. Leclair met with Mr. York at Ford's headquarters in Dearborn, Michigan. During this meeting, they discussed various topics, including the automobile industry and the credit crisis. No material non-public information regarding Ford was provided to Mr. York, nor did Mr. York provide any such information to Ford. As the meeting was concluding, Mr. York asked Messrs. Mulally and Leclair, in what appeared to them to be an off-the-cuff remark, what they would think of Tracinda making an investment in Ford. Messrs. Mulally and Leclair indicated to Mr. York that they would have to consider such an action before responding. Messrs. Mulally and Leclair later learned from the disclosure in the Schedule TO that Tracinda had begun investing in Common Stock two days before the April 4 meeting.

There was no further communication between representatives of Ford and representatives of Tracinda until April 25-27, 2008, when Mr. York had various communications with Mr. Leclair in which Mr. York requested a meeting with Mr. Mulally or Mr. Leclair. Mr. York also informed Mr. Leclair that Tracinda had purchased 100 million shares of Common Stock and planned to acquire additional shares. On Sunday, April 27, 2008, Mr. York informed Mr. Leclair that Tracinda planned to issue a press release on Monday, April 28, 2008 announcing its intention to commence a tender offer for an additional 20 million shares of Common Stock. During the April 27 call, Mr. York read to Mr. Leclair a portion of Tracinda's press release.

On Monday, April 28, 2008, Tracinda issued a press release announcing that it proposed to acquire up to 20 million shares of Common Stock at a price of \$8.50 per share, which would result in Tracinda being the beneficial owner of approximately 5.6% of the then outstanding shares of Common Stock. Tracinda's April 28, 2008 press release is set forth below:

**Tracinda Announces Tender Offer for 20,000,000 Shares of Common Stock
of Ford Motor Company**

LOS ANGELES April 28, 2008 Tracinda Corporation today announced that it intends to make a cash tender offer for up to 20,000,000 shares of common stock of Ford Motor Company (NYSE: F) at a price of \$8.50 per share. The offer price represents a 13.3% premium over Ford's closing stock price of \$7.50 on April 25, 2008 and a 38.7% premium over Ford's closing stock price on April 2, 2008, the day upon which Tracinda began accumulating shares in the company.

Table of Contents

The shares to be purchased pursuant to the offer represent approximately 1% of the outstanding shares of Ford Motor Company common stock. Tracinda Corporation, of which Kirk Kerkorian is the sole shareholder, currently owns 100,000,000 shares of Ford common stock, which represents approximately 4.7% of the outstanding shares. Tracinda's average cost for such shares is approximately \$6.91 per share. Upon completion of the offer, Tracinda would beneficially own 120,000,000 shares of Ford common stock, or approximately 5.6% of the outstanding shares. Tracinda has been following Ford closely since the company released its fourth quarter 2007 results which indicated that Ford's management was starting to achieve highly meaningful traction in its turnaround efforts. Last week this was reinforced by Ford's first quarter 2008 results, achieved despite the difficult U.S. economic environment. Tracinda believes that Ford management under the leadership of Chief Executive Officer Alan Mulally will continue to show significant improvements in its results going forward.

Once the tender offer is commenced, offering materials will be mailed to Ford stockholders and filed with the Securities and Exchange Commission. Ford stockholders are urged to read the offering materials when they become available because they will contain important information.

The tender offer will be subject to customary conditions for transactions of this type, including expiration of any applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended. Tracinda's offer will not be subject to financing.

THIS DOCUMENT IS NEITHER AN OFFER TO PURCHASE NOR A SOLICITATION OF AN OFFER TO SELL SECURITIES. TRACINDA HAS NOT YET COMMENCED THE TENDER OFFER DESCRIBED HEREIN. THE TENDER OFFER WILL BE MADE ONLY THROUGH AN OFFER TO PURCHASE AND RELATED LETTER OF TRANSMITTAL. INVESTORS AND SECURITY HOLDERS ARE STRONGLY ADVISED TO READ THE TENDER OFFER STATEMENT OF TRACINDA AND THE RELATED LETTER OF TRANSMITTAL WHEN SUCH DOCUMENTS ARE FILED AND BECOME AVAILABLE, BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION. THE TENDER OFFER STATEMENT WILL BE FILED BY TRACINDA WITH THE SECURITIES AND EXCHANGE COMMISSION (SEC). On May 2, 2008, Mr. York contacted Mr. Leclair to apologize for remarks Mr. York had made about Volvo and Mercury during an interview with Automotive News regarding General Motors Corporation. During this call, Mr. York reiterated his and Tracinda's belief in Ford's management and admiration for their accomplishments.

On May 6, 2008, in response to a request made by a representative of Tracinda, William Clay Ford, Jr., Executive Chairman of the Board of Directors of Ford (the Board), telephoned Terry Christensen, a representative of Tracinda. During this call, Mr. Christensen informed Mr. Ford of Tracinda's planned timing for its tender offer, and suggested the possibility of a future meeting between Mr. Kerkorian and representatives of Ford.

Table of Contents

At a regularly scheduled meeting of the Board on May 7, 2008, the Board discussed Tracinda's April 28, 2008 press release and various matters relating thereto. Representatives of Goldman, Sachs & Co. (Goldman Sachs), financial advisor to the Corporation, reviewed with the Board the anticipated tender offer by Tracinda, information regarding Tracinda and its history relating to minority positions in other public companies, and various matters pertaining thereto. Representatives of Hogan & Hartson LLP, counsel to the Corporation (Hogan & Hartson) and Richards, Layton & Finger, P.A., Delaware counsel to the Corporation (Richards Layton), then reviewed with the Board its obligations under the federal securities laws with respect to the tender offer, the Board's fiduciary duties in this context and various matters pertaining to the Board's potential response to the tender offer. At this meeting, the Board also approved the issuance of a press release, to be issued once the tender offer commenced, recommending that stockholders defer making any determination with respect to the tender offer until the Board's position with respect to the tender offer was determined and communicated.

On May 8, 2008, Mr. Christensen contacted Mr. Ford and advised him of certain provisions and disclosures that would be included in Tracinda's tender offer materials.

On May 9, 2008, Tracinda commenced the Offer with the publication of a newspaper advertisement and the filing of the Schedule TO with the SEC. Later that same day, David G. Leitch, Group Vice President and General Counsel of Ford, contacted Mr. Christensen and advised him that representatives of the Corporation would be willing to meet with representatives of Tracinda at some appropriate time in the future. As of the date of this filing, no such meeting has been scheduled and it is not anticipated that any such meeting would occur before mid-June at the earliest. Also on May 9, 2008, consistent with the Board's approval on May 7, 2008, Ford issued a press release recommending that the Corporation's stockholders take no action in response to the Offer until the Board had advised the stockholders of its position with respect to the Offer. A copy of the Corporation's May 9, 2008 press release is filed as Exhibit (a)(5) hereto and is incorporated herein by reference.

At a special meeting of the Board on May 20, 2008, the Board received an update from management on the state of the U.S. economy and the Corporation's current operations and business plan. The Board also received a presentation regarding the Offer and Ford's response thereto. The presentation reviewed the terms and conditions of the Offer and various matters relating thereto, including, among other things: the proposed timeline for the Offer; the percentage of the shares of Common Stock currently owned by Tracinda; the percentage stake in the Corporation sought to be acquired by Tracinda in the Offer; the fact that Tracinda indicated it was making the Offer because it believes the Corporation is an attractive investment and that it does not have a present intent to acquire or influence control over the business of the Corporation; the potential proration mechanism of the Offer in the event of oversubscription; the potential tax consequences to the stockholders as a result of participating in the Offer; the circumstances under which the amount of shares of Common Stock sought to be acquired in the Offer could be increased; the circumstances under which the Offer could be extended or terminated; the circumstances under which other terms and conditions of the Offer could be changed; and the requirements under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended. A presentation from Goldman Sachs reviewed recent Common Stock price performance and trading activity, various other tender offers by Tracinda and/or Mr. Kerkorian and certain factors influencing the current market price of the Common Stock. Management then reviewed with the Board its assessment of the Offer. Representatives of Hogan & Hartson and Richards Layton again addressed with the Board its fiduciary duty obligations in making its recommendation to the Corporation's stockholders with respect to the Offer and various matters pertaining to the Board's potential response to the Offer. The Board then considered the Corporation's obligation pursuant to the federal securities laws to issue a statement on Schedule 14D-9 and made the determination discussed below.

Table of Contents

Board Position on the Offer. The Board determined by unanimous vote of the directors present that the Corporation would express no opinion and would be neutral with respect to the Offer. For the following reasons and based on these factors, the Board determined that the Corporation would express no opinion to its stockholders and would be neutral with respect to the Offer:

Tracinda seeks a small percentage of the outstanding shares of Common Stock pursuant to the Offer (approximately 1%) and, according to the information set forth in the Offer to Purchase, the Offer would result in Tracinda beneficially owning approximately 5.5% of the outstanding shares of Common Stock;

Tracinda stated that it is making the Offer because it believes that the Corporation is an attractive investment and that it does not have a present intent to acquire or influence control over the business of the Corporation;

the small percentage of Common Stock sought by Tracinda, coupled with Tracinda's statement that it does not have a present intent to acquire or influence control, would not be expected to interfere with the Corporation's ability to execute its business plan and strategies; and

holders of shares of Common Stock tendered and accepted pursuant to the Offer will be precluded, with respect to shares of Common Stock purchased in the Offer, from having the opportunity to participate in any future benefits arising from continued ownership of those shares of Common Stock.

You should understand that the Board did not find it practicable, and did not attempt, to quantify, rank or otherwise assign relative weight to the foregoing reasons and factors, and different members of the Board may have given different weight to different reasons and factors in reaching their individual conclusions.

The Corporation has not made a determination as to whether the Offer is fair to, or in the best interests of, its stockholders and is not making a recommendation regarding whether the Corporation's stockholders should participate in the Offer. The Corporation urges each stockholder to make its own decision regarding the Offer, including, among other things, the adequacy of the Offer Price (based on all of the available information and in light of the stockholder's own investment objectives), the stockholder's view with respect to the Corporation's prospects and outlook, the matters considered by the Board (as noted above), and any other factors that the stockholder deems relevant to its investment decision.

The fact that the Board is not expressing an opinion and is remaining neutral with respect to the Offer is not, and should not be interpreted to be, any indication of the position the Board would take with respect to any effort by Tracinda or any other person to take any actions to further increase its holdings in the Corporation, or to seek by any means to exercise control of, or a controlling influence with respect to, the Corporation.

A copy of the Corporation's summary publication communicating the Board's position and a press release by the Corporation relating thereto are filed as Exhibits (a)(1)(A) and (a)(2) hereto, respectively, and are incorporated herein by reference.

Intent to Tender. To the Corporation's knowledge, after making reasonable inquiry, none of its directors, executive officers, or affiliates currently intend to tender into the Offer any shares of Common Stock held by them.

Item 5. Persons/Assets Retained, Employed, Compensated or Used

The Corporation has retained Goldman Sachs as its financial advisor in connection with the Offer. The Corporation expects that it will pay Goldman Sachs reasonable and customary compensation for its advisory services in connection with the Offer, but has not yet agreed to the financial terms for such advisory services. The Corporation has agreed to indemnify Goldman Sachs against certain liabilities arising out of or in connection with its advisory services related to the Offer.

Except as described above, neither the Corporation nor any person acting on its behalf has employed, retained, compensated or used any person to make solicitations or recommendations to security holders of the Corporation with respect to the Offer.

Item 6. Interest in Securities of the Subject Company

Other than those described below, no transactions in Common Stock have been effected during the past 60 days from the date of this Schedule by the Corporation or any of its subsidiaries or, to the best of the Corporation's knowledge, by any director, executive officer, or affiliate of the Corporation.

On April 30, 2008, pursuant to an agreement entered into on April 25, 2008, Ford issued an aggregate of 37,459,540 shares of Common Stock in exchange for \$360,000,000 principal amount of Ford's outstanding publicly-issued debt securities (the "Debt Securities"), beneficially owned by an institutional holder of the Debt Securities. Ford did not receive any cash proceeds as a result of the exchange of the Common Stock for the Debt Securities, which Debt Securities were retired and cancelled. Ford completed this transaction to reduce its debt and interest costs, increase its equity and, thereby, improve its balance sheet. The issuance of the shares of Common Stock was made by Ford pursuant to the exemption from the registration requirements of the Securities Act of 1933, as amended (the "Act"), contained in Section 3(a)(9) of the Act on the basis that this offer constituted an exchange with an existing holder of Ford securities and no commission or other remuneration was paid to any party for soliciting such exchange.

On March 31, 2008, Edsel B. Ford II, one of the Corporation's directors, received a grant of 21,987 restricted shares of Common Stock, which grant was made by the Corporation pursuant to the terms of a consultancy agreement between Mr. Ford and the Corporation. In addition, also on March 31, 2008, the Corporation withheld 7,390 shares of Common Stock for tax withholding purposes related to the vesting of certain restricted shares of Common Stock granted to Mr. Ford on March 31, 2007, pursuant to his consultancy agreement. The fair market value per share of Common Stock on March 31, 2008 was \$5.69. As used herein, the fair market value per share of Common Stock on any particular date has been calculated by averaging the high and low trading prices per share of Common Stock on the New York Stock Exchange on such date.

On May 2 and May 14, 2008, Thomas K. Brown, Group Vice President - Global Purchasing of the Corporation, transferred 8,447 and 2,682 shares of Common Stock, respectively, to his former spouse. The fair market value per share of Common Stock on the date of transfer was \$8.41 and \$8.24, respectively.

On May 16, 2008, David G. Leitch, Group Vice President and General Counsel of the Corporation, acquired 50,000 shares of Common Stock upon the vesting of certain restricted stock equivalents previously granted to Mr. Leitch under the Corporation's 1998 Long-Term Incentive Plan, and the Corporation withheld 20,400 shares of Common Stock for tax withholding purposes. The fair market value per share of Common Stock on such date was \$8.14.
