-

**Item 1.01. Entry into a Material Definitive Agreement**

In connection with the extension of its accounts receivable securitization facility, on September 19, 2008, wholly-owned subsidiaries of Packaging Corporation of America ( PCA ), entered into an amended and restated Credit and Security Agreement with Bank of America, N.A. and YC YUSI Trust. The primary purpose of the amendment was to replace the lenders and agents in the original Credit and Security Agreement. The original agreement, which has been superseded, is filed as Exhibit 10.23 to PCA 's Annual Report on Form 10-K for the year ended December 31, 2001 and is incorporated by reference herein. The amended agreement is attached hereto as Exhibit 10.1, which is incorporated by reference herein. The description of the amended agreement below does not purport to be complete and is qualified in its entirety by reference to the full text of the amended agreement.

Under the amended agreement, PCA 's wholly-owned subsidiary may borrow on a revolving basis up to \$150 million from the lenders (subject to a borrowing base) for the purpose of purchasing PCA 's accounts receivable. The borrowings are secured by the receivables submitted into the facility. Borrowings will bear interest at a commercial paper-based rate, a Eurodollar-based rate or a specified base rate, each as described in the amended agreement. The amended agreement terminates on September 18, 2009, unless it is extended prior to that date, and contains customary covenants, representations and warranties, conditions to borrowing and events of default (the occurrence of which would entitle the lenders to accelerate amounts outstanding).

As of September 19, 2008, approximately \$109 million is outstanding under the amended agreement, which was the same amount outstanding under the original agreement.

**Item 1.02. Termination of a Material Definitive Agreement**

The disclosure under Item 1.01 is incorporated by reference herein.

**ITEM 9.01. FINANCIAL STATEMENTS AND EXHIBITS.**

(c) Exhibits
