The Financial Accounting Standards Board recently published Statement of Financial Accounting Standards No. 123 (Revised 2004), *Share-Based Payment* ( SFAS 123R ). SFAS 123R, which is effective from the first interim period that begins after June 15, 2005, will require that compensation cost related to share-based payment transactions, including stock options, be recognized in the financial statements. Accordingly, Jabil Circuit, Inc. ( the Company ) will implement the revised standard in the first quarter of fiscal year 2006. Currently, the Company accounts for its share-based payment transactions under the provisions of APB 25, which does not necessarily require the recognition of compensation cost in the statement of earnings of the financial statements.

On January 28, 2005, in response to the recently published accounting standard referenced above, the Jabil Circuit, Inc. ( Jabil ) Compensation Committee of the Board of Directors approved accelerating the vesting of most out-of-the-money, unvested stock options held by current employees, including executive officers and directors. An option was considered out-of-the-money if the stated option exercise price was greater than the closing price, \$23.31, of the Company's common stock on the day before the Compensation Committee approved the acceleration. The Compensation Committee did not approve accelerating the vesting of out-of-the-money unvested performance accelerated vesting options held by certain officers of Jabil as it believed that, notwithstanding the potential additional compensation expense that could be avoided by accelerating such options, the existing stated financial performance criteria should be met before any of such options are accelerated. The accelerated vesting was effective as of January 28, 2005; however, holders of incentive stock options (within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended) to purchase 186,964 shares of common stock and holders of certain tax-qualified stock options issued to certain foreign employees, have the opportunity to decline the accelerated vesting in order to prevent changing the status of the incentive stock option for federal income tax purposes to a non-qualified stock option or the restriction of the availability of favorable tax treatment under applicable foreign law. Jabil's full Board ratified the acceleration of option vesting to the extent it affected options held by members of the Compensation Committee. The following table summarizes the options subject to acceleration:

	<b>Aggregate Number of Shares Issuable Under Accelerated Options</b>	<b>Weighted Average Exercise Price Per Share</b>
<b>Directors &amp; Executive Officers:</b>		
Forbes I.J. Alexander	100,000	\$ 24.76
Scott Brown	110,500	\$ 24.89
Michel Charriau	110,500	\$ 24.89
Meheryar Mike Dastoor	52,500	\$ 24.73
Wesley Butch Edwards	100,000	\$ 24.76
Laurence Grafstein	12,000	\$ 26.24
John J. Granato	30,000	\$ 25.43
Mel S. Lavitt	12,000	\$ 26.24
John Lovato	110,500	\$ 24.89
Timothy L. Main	178,500	\$ 24.89
Joseph A. McGee	100,000	\$ 24.76
Mark Mondello	172,500	\$ 24.67
William D. Morean	12,000	\$ 26.24

	<b>Aggregate Number of Shares Issuable Under Accelerated Options</b>	<b>Weighted Average Exercise Price Per Share</b>
<b>Directors &amp; Executive Officers:</b>		
William D. Muir, Jr.	100,000	\$ 24.76
Lawrence J. Murphy	12,200	\$ 26.36
Frank A. Newman	12,000	\$ 26.24
Robert L. Paver	70,000	\$ 25.08
William E. Peters	110,500	\$ 24.89
Steven A. Raymund	12,000	\$ 26.24
Courtney J. Ryan	100,000	\$ 24.76
Thomas A. Sansone	12,000	\$ 26.24
<b>Total Directors &amp; Executive Officers</b>	<b>1,529,700</b>	<b>\$ 24.91</b>
<b>Total Non-officer Employees</b>	<b>5,759,367</b>	<b>\$ 24.83</b>
<b>Total</b>	<b>7,289,067</b>	<b>\$ 24.84</b>

The decision to accelerate vesting of these options was made primarily to avoid recognizing compensation cost in the statement of earnings in future financial statements upon the effectiveness of SFAS 123R. Assuming that no holders of incentive stock options or the referenced foreign tax-favored options elect to decline the accelerated vesting, it is estimated that the maximum future compensation expense that will be avoided, based on Jabil's implementation date for FAS 123R of September 1, 2005, is approximately \$85.0 million, of which approximately \$19.3 million is related to options held by executive officers and directors of the Company. The Company will report the avoided future compensation expense in the fiscal year 2005 financial statements as pro forma footnote disclosures, as permitted under the transition guidance provided by the Financial Accounting Standards Board.
