PROXY STATEMENT

Annual Meeting of Stockholders April 17, 2007

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Citizens & Northern Corporation to be used at the Annual Meeting of Stockholders of the Corporation to be held on Tuesday, April 17, 2007, at 2:00 P.M. at Citizens & Northern Bank (C&N Bank), located at 90 Main Street, Wellsboro, Pennsylvania, and at any adjournment thereof. The approximate date upon which this Proxy Statement and proxy will first be mailed to stockholders is March 20, 2007.

Shares represented by properly completed proxies will be voted in accordance with the instructions indicated thereon unless such proxies have previously been revoked. If no direction is indicated, such shares will be voted in favor of the election as directors of the nominees named below, and in the discretion of the proxy holder as to any other matters that may properly come before the Annual Meeting or any adjournment thereof. A proxy may be revoked at any time before it is voted by written notice to the Secretary of the Corporation or by attending the Annual Meeting and voting in person.

The Corporation will bear the entire cost of soliciting proxies for the Annual Meeting. In addition to the use of the mails, proxies may be solicited by personal interview, telephone, telegram, e-mail or other electronic means by the Corporation's directors, officers and employees. American Stock Transfer & Trust Company, the transfer agent and registrar for the Corporation, will assist in the distribution of proxy materials and the solicitation and tabulation of votes. Arrangements also may be made with custodians, nominees and fiduciaries for forwarding proxy materials to beneficial owners of stock held of record by such persons, and the Corporation may reimburse such custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

The Board of Directors has fixed the close of business on February 27, 2007 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting and at any adjournment thereof. On the record date, there were outstanding and entitled to vote 8,292,759 shares of common stock. Common stockholders will be entitled to one vote per share on all matters to be submitted at the meeting. The presence, in person or by proxy, of stockholders entitled to cast at least 50% of the votes that all stockholders are entitled to cast shall constitute a quorum at the Annual Meeting. An abstention will be considered present at the meeting for purposes of determining a quorum, but will not be counted as voting for or against the issue to which it relates. Neither abstentions nor broker non-votes will be counted as votes cast and neither will have any effect on the result of the vote, although both will count toward the determination of the presence of a quorum. The Articles of Incorporation of the Corporation do not permit cumulative voting.

No person is known by the Corporation to have beneficially owned 5% or more of the outstanding common stock of the Corporation as of February 27, 2007.

PROPOSAL 1 ELECTION OF DIRECTORS

The Articles of Incorporation of the Corporation provide that the Board of Directors shall consist of not less than five nor more than twenty-five directors and that within these limits the numbers of directors shall be as established by the Board of Directors. The Board of Directors has set the number of directors at fourteen. The Articles further provide that the Board shall be classified into three classes, as nearly equal in number as possible. Typically, one class of directors is elected annually, and the term for each Class is typically three years. At the 2007 Annual Meeting, one director in Class I to serve for a two-year term and five directors in Class II to serve for a three-year term are to be elected. The Board of Directors recommended the nomination of an additional Class I director in 2007 in an effort to increase the number of Class I directors to four, which is closer to the number of Class II and Class III (5 each). It is the intention of the persons named as proxyholders on the enclosed form of proxy, unless other directions are given, to vote all shares which they represent for the election of management's nominees named in the tabulation below. Directors are elected by a plurality of the votes cast. Plurality means that the nominees receiving the highest number of votes cast are elected as directors up to the maximum number of directors who are nominated to be elected at the meeting. Any stockholder who wishes to withhold authority from

the proxyholders to vote for the election of directors, or to withhold authority to vote for any individual nominee, may do so by marking the proxy to that effect. Each director elected will continue in office until a successor has been elected. **The Board of Directors recommends a vote FOR the election of the nominees listed below, each of whom has consented to be named as a nominee and to serve if elected.** If for any reason any nominee named is not a candidate (which is not expected) when the election occurs, proxies will be voted for a substitute nominee determined by the Board of Directors.

All Directors and Nominees are independent, except for Craig Litchfield, according to the definition of independent director under NASDAQ rules, which the Corporation uses to determine independence. The Board of Directors of the Corporation has adopted a written policy for Director Independence, which is available on our website at www.cnbankpa.com by clicking on Shareholder News, then Corporate Governance, then Independence Standards.

BOARD OF DIRECTOR COMMITTEES AND ATTENDANCE

Both the Corporation's and C&N Bank's by-laws provide that the Board may create any number of committees of the Board as it deems necessary or appropriate from time to time.

Executive Committee of the Corporation. The Corporation has an Executive Committee whose purpose is to monitor and oversee the Corporation's management succession plan and leadership development processes, review and provide advice and counsel to the CEO regarding the Corporation's strategic plan, mission, goals and objectives and action plans as well as various other matters and to act on behalf of and with full authority of the Board of Directors in matters that may arise between the regular monthly meetings of the Board, which require immediate Board level action. This committee consists of the following seven members of the Board of Directors: R. Robert DeCamp, R. Bruce Haner, Leo F. Lambert, Craig G. Litchfield, Edward H. Owlett, III, Leonard Simpson and James E. Towner. During 2006, the Executive Committee held ten meetings.

Nominating Committee. The Nominating Committee for each of the Corporation and C&N Bank consists of the following six independent members of the Board of Directors: R. Robert DeCamp, Jan E. Fisher, R. Bruce Haner, Edward H. Owlett, III, Leonard Simpson and James E. Towner. The purpose of the Nominating Committee is to establish criteria for Board member selection and retention, identify individuals qualified to become Board members, and recommend to the Board the individuals to be nominated and re-nominated for election as directors. The Nominating Committee held two meetings during 2006.

All members of the Nominating Committee are independent directors within the meaning of Rule 4200 of NASDAQ. The Board of Directors of the Corporation has adopted a written charter for the Nominating Committee, which is available on our website at www.cnbankpa.com by clicking on "Shareholder News", then "Corporate Governance", then "Nominating Committee Charter of C&N Corp".

Qualifications considered by the Nominating Committee in assessing director candidates include but are not limited to the following:

- § An understanding of business and financial affairs. A career in business is not essential, but the candidate should have a proven record of competence and accomplishments and should be willing to commit the time and energy necessary to be an effective director;
- § A genuine interest in representing all of Citizens & Northern's stakeholders, including the long-term interest of the stockholders;
- § A willingness to support the Values, Mission and Vision of Citizens & Northern;
- § An open-mindedness and resolve to independently analyze issues presented for consideration. Additionally, a candidate should be inquisitive and feel a duty to ask questions of management and challenge the status quo;
- § A reputation for honesty and integrity;
- § A high level of financial literacy;
- § A mature confidence and ability to approach others with self-assurance, responsibly and supportively;
- § The ability, capacity and willingness to serve as a conduit of business referrals to the organization;
- § Diversity (in terms of gender, race or other factors) that would reflect representation of different perspectives;
- § Residency in the geographically defined market area of the Bank, with emphasis placed on maintaining representation throughout the market area; and

§ Knowledge, judgment, skill diversity, business experience, as well as the interplay or fit of the candidate's experience and skill with the experience and skills of other Board members.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating Committee may also consider such other factors as it may deem are in the best interests of the Corporation and its stockholders and such factors may change from time to time. The Nominating Committee does, however, believe it appropriate that at least one director meet the criteria for audit committee financial expert as defined by the SEC rules, even though no one currently meets this criteria, and that a majority of the Board members meet the definition of independent director under NASDAQ rules.

The Committee identifies nominees by first evaluating the current directors who are willing to continue in service. If any member of the Board does not wish to continue its service or the Board determines not to re-

- 5 -

nominate a current director for re-election, the Nominating Committee identifies the desired skills and experience of a new nominee in light of the criteria above. The evaluation procedure for candidates recommended by the stockholders would be the same as is done for those recommended by the Board of Directors and management. The Committee recommends a director nominee to the Board, and the Board makes the final determination as to the nominees who will stand for election.

Current members of the Board of Directors are polled for suggestions as to prospective candidates meeting criteria for the Nominating Committee. The Committee has the prerogative to employ and pay third party search firms, but to date has not done so.

Corporate Governance Committee. The Corporate Governance Committee of the Corporation, which met four times in 2006, consists of the following five independent members of the Board of Directors: Dennis F. Beardslee, R. Bruce Haner, Susan E. Hartley, Karl W. Kroeck and Ann M. Tyler. This committee is responsible for reviewing and reporting to the Board periodically on matters of corporate governance.

Executive Committee. C&N Bank has an Executive Committee consisting of seven members of the Board of Directors who are as follows: R. Robert DeCamp, R. Bruce Haner, Leo F. Lambert, Craig G. Litchfield, Edward H. Owlett, III, Leonard Simpson and James E. Towner. The function of this committee is to monitor and oversee the Bank's management succession plan and leadership development processes, review and provide advice and counsel to the CEO regarding C&N Bank's strategic plan, mission, goals and objectives and action plans and other various matters, as well as recommend policies and procedures. During 2006, the Executive Committee held twelve meetings.

Compensation Committee. The Compensation Committee of C&N Bank, which held seven meetings in 2006, consists of the following six independent members of the Board of Directors: R. Robert DeCamp, R. Bruce Haner, Leo F. Lambert, Edward H. Owlett, III, Leonard Simpson and James E. Towner. The purpose of the committee is to discharge the responsibilities of the Board of Directors relating to compensation of the executive officers and to provide oversight of the Bank's compensation, benefit, perquisite and employee equity programs.

The Board of Directors of C&N Bank has adopted a written charter for the Compensation Committee, which is available on our website at www.cnbankpa.com. Click on "Shareholder News", then "Corporate Governance", then "Compensation Committee Charter of C&N Bank".

Trust Investment Committee. The Trust Investment Committee of C&N Bank, which met twelve times in 2006, consists of four members of the Board of Directors; namely, Dennis F. Beardslee, Susan E. Hartley, Edward L. Learn and Leonard Simpson until the March, 2006 meeting at which Susan E. Hartley resigned. Deborah E. Scott, Executive Vice President and Senior Trust Officer of C&N Bank, is also a member of this committee, which determines the policy and investments of the Trust Department, the acceptance of all fiduciary relationships and relinquishments of all fiduciary relationships.

Asset Liability Committee. C&N Bank also has an Asset Liability Committee, which consists of Board members R. Robert DeCamp, Jan E. Fisher, Craig G. Litchfield, Edward H. Owlett, III and Ann M. Tyler, as well as Mark A. Hughes, Executive Vice President and Chief Financial Officer of the Bank. The Asset Liability Committee met nine times during 2006. The purpose of the committee is to stabilize and improve profitability by balancing the relationship between risk and return over an extended period of time and to function as an investment committee.

Finance and Loan Committee. C&N Bank has a Finance and Loan Committee consisting of nine members of the Board of Directors who are as follows: Dennis F. Beardslee, Susan E. Hartley, Karl W. Kroeck, Leo F. Lambert, Edward L. Learn, Craig G. Litchfield, Edward H. Owlett, III, Leonard Simpson and Ann M. Tyler. The primary purpose of this committee is to evaluate and act on loan requests that exceed management's lending authority. During 2006, the Finance and Loan Committee held five meetings.

Audit Committee. The Audit Committee of the Corporation, which held six meetings in 2006, consists of six independent members of the Board of Directors. The members of the Committee are R. Bruce Haner, Karl W. Kroeck, Leo F. Lambert, Edward H. Owlett, III, James E. Towner and Ann M. Tyler. In addition to the six meetings of the Audit Committee, the chairman and a rotating member of the Committee met with representatives of Parente Randolph, LLC, C&N Bank's internal audit department and management in May, August and November, 2006 to discuss the Corporation's quarterly 10-Q filings. The primary function of the Audit Committee is to review the

internal audit program as performed by the internal auditors, recommend to the Board of Directors the independent auditors for the year, and review the examinations and reports from those persons. None of the members of the Audit Committee meet the definition of "Audit Committee financial expert" as defined in the rules adopted by the Securities and Exchange Commission. The Board of Directors has determined that each of the present members of the Audit Committee have sufficient knowledge and experience in financial matters to effectively perform their duties.

The Board of Directors of the Corporation has adopted a written charter for the Audit Committee, a copy of which is attached hereto as Appendix A. The current Audit Committee Charter is also available on our website at www.cnbankpa.com. Click on "Shareholder News & Info", then "Corporate Governance", then "Audit Committee Charter of C&N Corp". The policies and procedures for pre-approval of engagements for non-audit services are included in the Charter.

All of the directors attended at least 75% or more of the meetings of the Board of Directors of the Corporation and of the board committees on which he or she served.

Although the Company does not have a formal policy with respect to Board member attendance at the Annual Meeting of Stockholders, each member is encouraged to attend the Annual Meeting. All Directors attended the Annual Meeting of Stockholders held in April 2006.

STOCK OWNERSHIP GUIDELINES

The Board of Directors has not adopted formal guidelines for stock ownership by directors, but the Board encourages directors to increase their ownership over time.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. DeCamp, Haner, Lambert, Owlett, Simpson and Towner served as members of the Compensation Committee during 2006 and none of them was an officer or employee of the Corporation or any of its subsidiaries during that time. There are no interlocking relationships, as defined in regulations of the SEC, involving members of the Compensation Committee.

COMPENSATION DISCUSSION & ANALYSIS

OVERVIEW OF THE EXECUTIVE COMPENSATION PROGRAM

The Citizens & Northern Corporation (C&N) executive compensation program includes a number of fixed and variable compensation and benefit components, typical of programs among comparable community banking and financial services companies in our local and regional marketplace.

The program provides participating executives with an industry-competitive level of total compensation when their collective and individual performances meet or exceed the goals approved by the Board of Directors.

COMPENSATION PHILOSOPHY AND PROGRAM OBJECTIVES

We believe that the compensation program for executives should directly support the achievement of specific annual, longer-term and strategic goals of the business, and, thereby, align the interests of executives with the interests of C&N shareholders.

The current program provides sufficient levels of fixed income, in the forms of base salary and health & welfare benefits, to attract high caliber executive talent to the organization. It also provides competitive annual and longer-term incentive opportunities to encourage specific performance and to reward the successful efforts of executives.

The incentive opportunities are structured to produce a performance-leveraged program format where executives are expected to derive as much as 40% to 60% of their total compensation over time, depending on their role in the organization, from short- and longer-term incentive opportunities, *but only when performance targets are met on a consistent basis.*

Lastly, the current program also contains certain benefit features, provided on a selective basis, to ensure equitable benefits coverage for our highly compensated employees and transition support in the event of substantial ownership change. These provisions support retention of good performers by the organization.

We believe that the features and composition of the current program are consistent with practices of other comparable community banking and financial services organizations in our marketplace and that it balances the need for competitive pay opportunities at the executive level with shareholders' expectations for reasonable return on their investment.

PROGRAM MANAGEMENT

The Compensation Committee (the Committee) of the Board of Directors has primary responsibility for the design and administration of the executive compensation program. It reviews the make-up and administration of the executive compensation program throughout the year in light of changing organization needs and operating conditions and changing trends in industry practice. In evaluating program effectiveness, the Committee utilizes information from management and the services of an outside consultant. Strategic Compensation Planning, Inc. of Malvern, PA is the Committee's consultant on executive and director compensation matters.

The Committee currently consists of six (6) directors, all of whom qualify as independent members of the Board. R. Robert DeCamp serves as Chair of the Committee. R. Bruce Haner, Leo F. Lambert, Edward H. Owlett, III, Leonard Simpson, and James E. Towner also serve on the Committee.

Role of Executive Management in the Pay Decision Process. The Committee is responsible for recommending compensation related decisions to the Board of Directors for final approval. In formulating its recommendations, the Committee will regularly seek information about the performance of the business, organization staffing requirements and the performance levels of incumbent executives from the Chief Executive Officer. It will also utilize the services of the Company's Chief Financial Officer and, as circumstances suggest, other officers of the Company. The Committee weighs the information provided by officers carefully, especially the recommendations of the Chief Executive Officer on decisions affecting subordinate executives, but ultimately makes its decisions and formulates recommendations for Board approval independently.

Program Review and Pay Decision Process. During the Fall of a calendar year, the Compensation Committee (1) receives information on current executive compensation levels in the industry and industry program practices, (2) conducts a comprehensive review of the C&N program structure and provisions, and (3) considers salary and benefit adjustments and incentive awards for executives.

After examining industry practice information provided by its outside consultant, the Committee determines (1) if the content and structure of the C&N program is still competitive, (2) if the current provisions remain consistent with the Corporation's overall pay philosophy, and (3) if the C&N program continues to support achievement of business objectives.

After deciding on the program structure for the coming calendar year, the Compensation Committee will examine the current compensation and benefit levels of incumbent executives in light of their continuing or changing roles in the business, the assessments of their individual performances by the Chief Executive Officer, and industry practice trends. The performance of the Chief Executive Officer is reviewed and appraised by the Compensation Committee with input from a questionnaire provided to all Directors.

Based on the information gathered about each executive, the Compensation Committee will formulate recommendations on possible salary adjustments for executives during the coming calendar year. It will also determine annual incentive awards for executives based on results achieved against goals and objectives defined at the beginning of the year, and it will determine appropriate longer-term incentive awards, usually in the form of stock options and restricted stock grants.

These recommendations will be presented to the full Board of Directors for consideration, usually in December, prior to the beginning of the new fiscal (calendar) year.

As incentive awards for the year ending are calculated, the Compensation Committee is also working with the Chief Executive Officer to construct executive performance plans for the coming calendar year (the new fiscal year). The Committee will formulate their recommendations on performance goals and award opportunities for Board consideration and approval.

NOTE: The Committee may be called upon to consider pay related decisions from time to time throughout the calendar year as executives are reassigned (promoted) and new executives join the organization. In these instances, the Committee will review all aspects of the executive's compensation including base salary level, annual incentive opportunities, longer-term incentive awards, participation in special benefit plans, and employment contract provisions, if applicable.

Pay Decision Factors and Considerations. The following factors typically influence Compensation Committee recommendations on pay and benefits for C&N executives:

Salary: executive's overall performance during the year ending, changes in organization role and scope of responsibility, current salary in relation to the position's market value, any significant changes in the industry's pay practices for comparable positions.

Annual Incentive Awards: competitive industry practice with respect to size of awards, actual performance (achievement) against goals and objectives assigned at the beginning of the fiscal year.

Longer-term Incentive Awards: competitive industry practice with respect to size of awards and the typical mix of stock options, restricted shares and other forms of equity-based grants, recent performance of the Corporation and the individual executive, applicable accounting rules for expensing equity awards, and shareholder concerns about dilution and overhang.

Nonqualified Benefits: tax rules on qualified benefit plans, likely replacement income benefits for executives compared to other categories of employees within the organization, competitive industry practice for comparable type and level of executive positions.

Perquisites: the needs of the executive's position, i.e., frequency of need to travel to other Corporation locations, or to meet with Corporation clients and prospective clients, and competitive industry practices for comparable executive roles.

Employment Contracts: while not used currently, the Committee would consider employment agreements where it determined that agreements would serve Corporation needs for confidentiality about business practices and plans and preservation of the customer base (noncompetition and nonsolicitation provisions) and competitive industry practices.

Comparator Base: The Basis for Defining Competitive Compensation Levels and Practices. The types and levels of compensation included in the C&N executive compensation program are consistent with current features and programming trends among similar size and type organizations in the Corporation's local and regional marketplace.

Annually, the Compensation Committee asks its outside consultant to review survey reports on national and regional compensation practice within C&N's industry group, focusing on pay levels and practices among Community Banking and Diversified Financial Services institutions based in the Mid-Atlantic Region and having between \$1.0B and \$2.0B of assets. This range of institutions represents banking companies that are somewhat smaller and somewhat larger than C&N. The asset range will be modified from time to time as C&N's operating circumstances change.

The consultant also examines proxy information on specific institutions that fall into the comparison standards noted. For the 2007 program planning review, the outside consultant reviewed executive compensation information from the following institutions in Pennsylvania, New York, New Jersey and Ohio:

Camco Financial Corp.	Oceanfirst Financial
Center Bancorp, Inc.	Omega Financial
ESB Financial	Parkvale Financial Corp.
Financial Institutions, Inc.	Peapack-Gladstone Financial
First Defiance	Pennsylvania Commerce
First National Community	Peoples Bancorp
FMS Financial Corp.	Tompkins Trustco
Leesport Financial Corp.	Univest Corp. of Pennsylvania

PROGRAM COMPONENTS

There are six (6) elements in the current executive compensation program:

- 1. Base Salary.** Base salary opportunities are set at the median level of industry practice for comparable jobs in like size and type community banking and financial service organizations. Within the defined competitive range, an executive's salary level is based initially on his/her qualifications for the assignment and experience in similar level and type roles. Ongoing, salary adjustments reflect the individual's overall performance of the job against organization expectations and may also reflect changes in industry practices. For most C&N executive positions, salary will provide 60%-70% of **total annual compensation**, when considering the value of short-term incentive awards and benefits provided by the organization.
- 2. Health & Welfare Benefits.** Executives participate in C&N's qualified health & welfare benefits programs on the same terms and conditions as all other employees of the Corporation.
- 3. Annual Performance Incentives.** The annual performance Incentive Award Plan provides participating executives with opportunities to earn additional cash compensation in a given year when corporate and business unit operating results and individual performance contributions meet or exceed established thresholds of acceptable achievement. Currently, these awards can provide 15% to as much as 35% of an executive's total **annual** compensation when target levels of performance are achieved. Corporate performance is typically measured on return on average assets against a peer group and core earnings growth over the prior year's level. Business unit goals vary based on the nature of the unit, but, where applicable, would include such items as loan and deposit growth, and non-interest income. The Compensation Committee, at its discretion, may adjust award payments under the Incentive Award Plan based on extraordinary circumstances, conflicts with long-term financial and development objectives, or below standard individual participant performance. All awards under the Incentive Award Plan are paid in cash as soon as it is practical after the end of a plan year.
- 4. Longer-term Performance Incentives.** Executives are eligible to participate in longer-term incentive award plans established to focus executive efforts on the strategic directions and goals of the business and to reward them for their successes in these areas. Awards can result in additional cash compensation or equity grants in the form of stock options and restricted stock. *While the size of such awards may increase or decrease based on current business performance, it is the intention of the Compensation Committee to recommend such awards at least annually as an incentive to focus executives future efforts on longer-term needs and objectives of the business.*
Equity Grant Plans. Our 1995 Stock Incentive Plan, as amended by shareholder vote on April 15, 2003, authorizes us to grant options to purchase shares of common stock and to make restricted stock grants to our employees, directors and consultants. Our Compensation Committee is the administrator of all stock grant plans. Stock option or restricted stock grants may be made at the commencement of employment and from time to time to meet other specific retention or performance objectives. The Compensation Committee reviews and recommends approval of

stock option and restricted stock awards to executive officers based upon a review of competitive compensation data, its assessment of individual performance, a review of the executive's existing long-term incentives, and retention considerations. Periodic grants of stock options or restricted stock are made at the discretion of the Compensation Committee to eligible employees and, in appropriate circumstances, the Compensation Committee considers the recommendations of the Chief Executive Officer. In 2006, no options or restricted shares were granted to named executive officers. Typically, the Board of directors has approved stock option grants at its late December meeting, grants to be effective on the second stock trading day of January. The closing price of C&N stock on the first trading day is typically used as the exercise price for the option grants. Generally, employee stock option grants vest six (6) months after the grant date, and generally expire 10-years after the grant date. Restricted stock grants vest at the rate of one-third each year for three (3) years following the grant date and are subject to continued employment with C&N. Incentive stock options and restricted stock grants also include certain other terms necessary to assure compliance with the Internal Revenue Code of 1986, as amended. A total of 400,000 shares of common stock may be issued under the Stock Incentive Plan. As of December 31, 2006, a balance of 131,705 shares are available for issuance.

The Compensation Committee recommended to the Board and the Board authorized the awarding of stock options to executives and certain employees on specific dates in January 2002 through January 2005. The timing of such grants was not tied to the release of negative or positive material information about C&N. Prior to the January 2002 awards, options were awarded from time to time, as recommended by the Committee and approved by the Board. No formal structured program of granting annual awards had been developed prior to 2001.

The company has not established a policy regarding executive ownership of company stock and/or retention guidelines applicable to equity awards to executives.

5. *Nonqualified Benefits and Perquisites.* These provisions include participation in a supplemental retirement income plan (SERP) as well as, in many instances, use of a company-provided automobile. In a few instances, the company pays all or a portion of an executive's membership dues for a golf or social club, when such membership can facilitate the conduct of business with clients.

The SERP has become a virtual necessity for most senior executive level positions within C&N and most other mid-size and larger corporations because of Federal restrictions on retirement income benefits to highly compensated employees under qualified retirement income plans like pensions and 401(k) plans. A SERP, like C&N's, is intended to replace some of the benefits lost by executives under the Federally mandated restrictions. C&N's SERP provides a retirement benefit to participants who retire after attaining age 55, with 5 years of service. Participants vest earlier than age 55 in the event of disability, death or if C&N is acquired. Annual contributions to the SERP are at the discretion of the Board of Directors, and the Board may terminate the SERP at any time. The SERP is described in more detail in a later section of this Proxy Statement.

6. *Employment Contracts and Change of Control Agreements.* At present and contrary to prevailing industry practices, C&N does not offer formal employment contracts to any of its executives. It may choose to offer such employment arrangements to current or future executives of C&N as circumstances warrant.

A select group of senior executives, including the Named Executive Officers, do have Change of Control agreements with C&N. In the event that any of these executives were terminated following a Change of Control, they would receive a severance benefit equal to one (1) times their annual base salary rate at the time of termination. They would also be eligible for continued coverage under the C&N health & welfare benefit plans for eighteen (18) months, as permitted under law and carrier contract.

- a. *Severance in the Event of Termination Not for Cause.* In the absence of any formal employment contract with C&N, executives do not have any predetermined severance commitment from the Corporation, other than its standard severance policy for all other employees.

- b. *Tax Gross-up Provision.* None of the Named Executive Officers have a commitment from the Corporation for a tax gross-up payment in the event that their severance benefits following separation exceeded the deduction limits under IRS Code Section 4999.

RECENT ACTIONS: 2006 AND FIRST QUARTER, 2007

During 2006 and the first quarter of 2007, the Company, through its Compensation Committee and Board of Directors, has made a number of important decisions regarding executive compensation. The most important actions are summarized here.

Base Salaries. At the beginning of 2006 and again in the first quarter of 2007, C&N executives received modest salary increases based on evaluations of corporate and individual performances and prevailing industry practices for comparable positions. Salary increases ranged between 2% and 10%. The largest salary increases were awarded to executives who were relatively new in their respective assignments and had already begun to demonstrate a good level of overall competency in the performance of their roles.

The salary of the Chief Executive Officer increased by 2% in January, 2007 to a level of \$342,720. The salary of the Chief Financial Officer increased in January 2007 by 5% to a level of \$183,756.

Annual Incentives. Executives received lower incentive awards in 2006 for 2005 performance, reflecting less than expected results against goals and objectives established for that year.

For 2006, the Board had established a series of Corporate, Business Unit and Individual goals for each Named Executive Officer. All goals were weighted to reflect their relative importance, with Corporate goals weighted at 40% or more of an executive's total annual incentive award opportunity. Executives achieved better than expected performance on ROAA against a Peer Group but achieved less than expected results on Core Earnings Growth. Executives also qualified for partial payouts against business unit and individual performance goals. The 2006 incentive award, payable in 2007, for the CEO was \$83,462.40. The incentive award for the CFO was \$39,959.12.

Longer-term Incentives. There were no stock grants made to executives at the beginning of 2006 based on 2005 performance results. During 2006, the Compensation Committee, on the advice of its outside consultant, changed its equity grant philosophy to make annual equity grants as an incentive to drive future performance rather than as a reward for past performance. The Committee believes this change in policy is consistent with the current practice trend among comparable banking and financial services institutions. As a result of this policy change, the Committee is recommending equity grants for executives in early 2007.

Nonqualified Benefits and Perquisites. No changes have been made to existing participation practices or benefit levels in current program offerings.

Employment Contracts and Change of Control Agreements. No substantial changes in the Company's current practice no employment contracts, limited Change of Control protection is anticipated.

STATUS OF THE PROGRAM AND LIKELY PRACTICES GOING FORWARD

The structure of the C&N program is well established. It has been refined over time to meet the changing needs of the business and to maintain a competitive posture in the marketplace for executive talent.

Currently, all of C&N's Named Executive Officers are paid salaries that fall in the competitive median (50th percentile) range of industry practice.

Recent annual incentive awards have been modest, reflecting the Corporation's less than expected results against some of the goals established for 2006 and 2005. The Board is again offering executives industry competitive incentive award opportunities in 2007 but the achievements required to earn those awards are stringent.

Equity grants to executives over the past five (5) years have been used as rewards for past performance. The Compensation Committee has recommended to the Board a change in the Corporation's equity grant practice,

moving to annual grants as an incentive to encourage future performance rather than as a reward for past performance. Actual grants may still vary based on most recent Corporate performance, but it is likely that equity grants will be made annually to C&N executives.

Nonqualified Benefits. The Corporation will continue to offer supplemental retirement income benefit plans to selected executives, as a make-up for some of the benefits lost to Federal restrictions. The SERP was designed to provide a benefit equal to 20% of the participant's 5-year average monthly salary. When combined with benefits available under the C&N pension plan, most executives will receive retirement income benefits which when expressed as a percent of salary are less than the retirement income benefits afforded to other employees of the company. At its consultant's urging, the Compensation Committee will review the underlying benefit formula for this plan and make a determination if it should be modified in the future to ensure a competitive benefit opportunity for participating executives.

Perquisites. C&N's program has always been modest, offering use of a company vehicle primarily to those executives who travel among C&N's multiple branch and operations center locations and those who frequently meet with clients and prospects offsite.

Employment Contracts. As noted earlier, the Committee has no plans at present to introduce formal employment contracts for executives.

The Compensation Committee believes that the direct compensation components of the executive compensation program—salary, annual incentive opportunities, equity grants—are competitive and reflect the median of prevailing industry practices. However, the absence of formal employment contracts with key executives and limited severance benefit agreements place the overall program at a less than fully competitive level against its peer banking companies. The Compensation Committee intends to maintain the current leveraged approach to total compensation, directly tying a significant portion of an executive's total earnings to achievements against goals and objectives approved by the Board of Directors.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion & Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion & Analysis be included in the Proxy Statement.

The bonus is paid pursuant to the Incentive Award Plan, which is described in the Program Components section of Compensation Discussion and Analysis.

The amount shown in the Stock Awards column equals the amount recognized during 2006 as compensation expense for financial statement reporting purposes as a result of restricted stock awards made in 2004 and 2005. Stock awards are valued at the closing price on the grant date. A portion of that grant-date value is recorded as expense over the vesting period applicable to the grant. There were no restricted stock awards in 2006.

The Option Awards column has been omitted from the Summary Compensation Table because no there were no stock options awarded in 2006. Accordingly, the Option Awards amounts were \$0 for 2006.

Amounts shown in the column headed Change in Pension Value and Nonqualified Deferred Compensation Earnings are for the year ended December 31, 2006, which is the pension plan measurement date used for financial reporting purposes.

The Non-Equity Incentive Plan Compensation column has been omitted from the Summary Compensation Table because no Named Executive Officers earned compensation during 2006 of a type required to be disclosed in that column.

Amounts shown as All Other Compensation include: (a) employer contributions to the 401 (k) Employee Savings Plan (Mr. Litchfield, \$17,600; Mr. Hughes \$16,669; Mrs. Scott, \$12,808; Mrs. Besse, \$11,028; and Mr. Rudy, \$11,243, (b) contribution to the Supplemental Executive Retirement Plan (SERP) accounts: Mr. Litchfield, \$36,488; Mr. Hughes \$4,788; Mrs. Scott, \$4,614; Mrs. Besse, \$9,621; and Mr. Rudy, \$2,878, and (c) dollar value of insurance premium paid for group term life insurance (Mr. Litchfield, \$1,191; Mr. Hughes \$415; Mrs. Scott, \$415; Mrs. Besse, \$1,191; and Mr. Rudy, \$277). For Mr. Litchfield, Mrs. Scott, and Mr. Rudy perquisites and other personal benefits include a company-supplied automobile. The exercise price of stock options with a January 3, 2007 grant date was \$22.325, which was the market price on the grant date. Awards of stock options to the Executive Officers in January 2007 were as follows: Mr. Litchfield, 4,820; Mr. Hughes 2,285; Mrs. Scott, 1,755; Mrs. Besse, 1,450; and Mr. Rudy, 1,635.

(1) The column disclosing benefits paid from any of the

plans named in the table has been omitted from the table because no named executive officer received any such payments during 2006.

- (2) Values are as of December 31, 2006, which is the pension plan measurement date used by the Corporation for financial reporting purposes.
- (3) Tax-qualified defined benefit plan.
- (4) A nonqualified plan, described in more detail below.

PENSION PLAN

The Citizens & Northern Bank Pension Plan (the Plan) is a qualified defined benefit plan under Section 401(a) of the Internal Revenue Code. The Plan is intended to provide a defined retirement benefit to participants without regard to the profits of the Corporation. Employees are neither required nor permitted to contribute to the Plan. Annual contributions by the employer are determined actuarially. To participate in the Plan, an employee must be 18 years of age and have completed one year of service. A participant's retirement benefit, which becomes fully vested after 5 years of service, is based on compensation and credited service with the employer. For purposes of determining a retirement benefit, the term compensation is defined to include an employee's total remuneration received from the employer, including base salary, bonus and overtime. Benefits are a percentage of the average compensation for the five consecutive years of highest compensation preceding retirement, multiplied by the number of years of completed service, up to 25 years. For 2006, the Pension Plan benefits are determined on only the first \$220,000, as indexed, in compensation as determined by the Commissioner of the Internal Revenue Service and as prescribed by law. C&N Bank's Trust and Financial Services Department serves as Trustee under the Plan.

The Present Value of Accumulated Benefit amounts shown in the Pension Benefit Table assume a normal retirement age of 65, and are calculated using a discount rate of 5.75%.

A participant is eligible for early retirement at age 55 upon completion of 10 years of vesting service. The early retirement pension is the actuarial equivalent of the pension accrued to the date of early retirement, with a 5% reduction in benefit for each year a participant retires prior to reaching age 65.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN (SERP)

The SERP provides selected key employees a supplement to the pension benefit payable to them under the Citizens & Northern Bank Pension Plan. The SERP is a target benefit pension plan. The annual contribution amount is based on a formula designed to provide an annual benefit equal to 20% of pay, with a target age of 65. In determining the annual contribution amounts, the discount rate used is 8.0%. Also, a standard mortality table is used. The annual contribution amounts are deposited into each participant's account within a trust (discussed below). The actual amount a participant has at separation of employment depends upon investment results over time. The actual investment returns do not impact the annual contributions. Investment returns are allocated to participant accounts quarterly based on balances as of the beginning of the quarter.

C&N Bank has established a trust account for the SERP. Our Trust and Financial Management Group manage the trust assets established for the SERP. The individual balances for each SERP participant are accounted for by our Human Resources Department. C&N Bank has funded the trust, but all assets in the trust are subject to the claims of C&N Bank's creditors in the event of insolvency. The participation and funding of the SERP is entirely at the discretion of C&N Bank's Board of Directors each year, and the Board of Directors may terminate the SERP at any time.

The individual participants' account balances are payable, in the form of an annuity that would be purchased from an unrelated entity, when any of the following events occur:

- § Retirement at the later of age 55 and 5 years of plan participation
- § In the event of death
- § In the event of disability
- § In the event the Corporation is acquired by another institution.

401 (k) SAVINGS PLAN / ESOP

The Citizens & Northern Savings and Retirement Plan (Savings Plan) is qualified under Section 401(k) of the Internal Revenue Code. It allows a participant to authorize the deposit into the Plan of before tax earnings of from 1% to 15% of his compensation. Under the Tax Reform Act, the maximum amount of elective contributions that could be made by a participant during 2006 was Fifteen Thousand Dollars (\$15,000.00) plus a Five Thousand Dollar (\$5,000.00) catch-up contribution if over age 50, also subject to a \$220,000 compensation limit. All officers and employees, including the Named Executive Officers, are eligible to participate in the 401(k) Plan. A participant also may make voluntary contributions to the Savings Plan from after tax savings of up to 10% of the participant s compensation. There is a required basic employer contribution equal to 2% of each eligible participant s compensation; in addition, the employer may make a discretionary basic contribution. The total actual basic employer contribution for 2006 was equal to 4%. In addition, the employer makes matching contributions equal to 100% of a participant s before tax contributions up to 3% of compensation and equal to 50% of such contributions between 3% and 5% of compensation. The basic employer contributions are invested in the common stock of the Corporation, in an Employee Stock Ownership Plan (ESOP). All participants contributions and the employer matching contributions for 2006, at the participants election, were invested in a choice of investment funds maintained by C&N Bank as Trustee. In 2006, the employer contributions to the 401 (k) Savings Plan / ESOP for the accounts of the Named Executive Officers are included in All Other Compensation in the Summary Compensation Table.

As of January 1, 2007, the Corporation established an ESOP, with essentially all of the same features as the previous ESOP, except that it was removed from the profit sharing / 401 (k) Plan. The value of participants ESOP accounts, which were 100% vested as of December 31, 2006, were transferred from the profit sharing / 401 (k) Plan to the new ESOP.

CHANGE IN CONTROL AGREEMENTS

The Corporation and C&N Bank (the Employer) have entered into Change in Control Agreements (the Agreements) with Messrs. Litchfield, Hughes, Mrs. Scott, Mrs. Besse, Mr. Rudy and certain other officers (each an Employee). The purpose of the Agreements is to retain and secure key employees and encourage their continued attention and dedication to their assigned duties without the distraction of potential disturbing circumstances arising from the possibility of a change in control of the Corporation and C&N Bank.

The Change in Control Agreements are not employment agreements. The Agreements provide for a lump sum severance benefit in the event certain events take place after there is a change in control , as defined in the Agreement, of the Corporation, or for a period of twenty-four (24) months thereafter. If the Employee remains employed for more than twenty-four (24) months after a change in control, nothing is payable.

Under the Agreements, the term "termination" means the termination of the employment of the officer either by the Employer for any reason other than death, disability, or "cause", or by resignation of the Employee upon the occurrence of one or more of the following events: a significant change in the Employee's authorities or duties, a reduction in annual salary, or a material reduction in benefits; the relocation of the Employee's office to a location more than 35 miles from the location of the Employee's office immediately prior to the employment period; the Employee is unable to exercise the authorities, powers, functions or duties associated with the Employee's position; or the failure of the Corporation to obtain a satisfactory agreement from any successor to assume and agree to perform the Agreement in the same manner and extent as if no succession had taken place.

In the event of a termination, the Agreements provide severance benefits of (i) Employer-paid group medical insurance continuation premiums for a period of eighteen (18) months after the date of termination, and (ii) a lump sum payment in cash no later than thirty (30) business days after the date of termination equal to the sum of the Employee's unpaid salary, accrued vacation pay and unreimbursed business expenses through and including the date of termination; and an amount equal to one (1) times the Employee's base salary in effect immediately prior to the date of termination.

The original Agreements terminated on December 31, 2005, but are automatically extended for additional one-year periods unless written notice is provided by the Employer or Employee that such party does not wish to extend the term. If a change in control occurs during the original or extended term of the Agreements, the term shall continue for a period of twenty-four (24) months and end upon the expiration of such twenty-four (24) month period.

The amount of severance salary benefits that each of the above-named executive officers would be entitled to, pursuant to the Agreements, if an event which triggered the payment occurred on the date of the Proxy Statement, is as follows: Messrs. Litchfield \$342,720, Hughes \$183,756, Mrs. Scott \$140,419, Mrs. Besse \$128,544 and Mr. Rudy \$117,957. The total of such severance salary benefit payments for all covered Employees would be \$1,409,528.

INDEMNIFICATION AGREEMENTS

On April 20, 2004, the Stockholders of the Corporation authorized the Corporation to enter into Indemnification Agreements with the Directors of the Corporation and C&N Bank and certain officers of C&N Bank, as designated by the Board of Directors. The primary purpose of the Agreements is to ensure the ability of the Corporation and C&N Bank to continue to attract and retain responsible, competent and otherwise qualified directors and officers. The Indemnification Agreements were entered into with all Directors of C&N Bank and the Corporation, as well as the Corporation's and C&N Bank's Executive Officers as named on page 3, beginning in late May 2004.

The indemnification agreements provide to covered directors and officers the most advantageous of any combination of benefits under (i) the benefits provided by the Bylaws of the Corporation in effect as of the date the agreements were entered into; (ii) the benefits provided by the Bylaws, the Articles of Incorporation or their equivalent of the Corporation in effect at the time indemnification expenses are incurred by an indemnitee; (iii) the benefits allowable under Pennsylvania law in effect on the date of the agreements; (iv) the benefits allowable under the law of the jurisdiction under which the Corporation exists at the time indemnifiable expenses are incurred by an indemnitee; (v) the benefits available under a liability insurance policy obtained by the Corporation and its subsidiaries in effect on the date of the agreements; (vi) the benefits available under a liability insurance policy obtained by the Corporation and its subsidiaries, in effect at the time the indemnifiable expenses are incurred by an indemnitee; and (vii) such other benefits as are or may otherwise be available to the indemnitee.

The Corporation is not obligated to, nor has it agreed to provide funding for its obligations under the agreements. The Corporation is obligated, however, to pay its obligations under the agreements from general assets or insurance. The agreements do require the Corporation to continue to purchase D&O Coverage for so long as it is available on a commercially reasonable basis.

The indemnification available pursuant to the agreements is subject to a number of exclusions. No indemnification is required under the agreements with respect to any claim as to which it is finally proven by clear and convincing evidence in a court of competent jurisdiction that the covered person acted or failed to act with deliberate intent to cause injury to the Corporation or a subsidiary thereof or with reckless disregard for the Corporation's best interest. The Corporation is also not required to make any payment finally determined by a court to be unlawful or any payment required under Section 16(b) of the Securities and Exchange Act of 1934, as amended. In addition, any claim (or part thereof) against an indemnitee which falls within the prohibitions of 12 C.F.R. §7.5217 (i.e. a prohibition on indemnification or insurance coverage for expenses, penalties or other payments incurred in connection with an action by a banking regulatory agency which results in a final order assessing monetary penalties or requiring affirmative action in the form of payment to said bank) is excluded from indemnification under the agreements.

⁽¹⁾ The columns disclosing option awards, non-equity incentive plan compensation, changes in pension value and nonqualified deferred compensation earnings, and other forms of compensation have been omitted from the table because no

director earned any compensation during 2006 or in prior years of a type required to be disclosed in those columns. There were plan-based awards with a January 3, 2007 grant date that are not included in the Director Compensation table. Each director listed in the table was awarded 545 stock options with an exercise price of \$22.325, which was the closing market price on the grant date.

- (2) Includes annual cash retainer, Committee chair retainer (if any) and per meeting fees.
- (3) Reflects compensation expense attributable to shares awarded in 2004 and 2005. As of December 31, 2006, each non-employee director owned 48 shares of common stock awarded pursuant to the Independent

Directors Stock Incentive Plan for which transfer restrictions had not yet lapsed. For each director; those shares had a value of \$1,056 based on the closing price of the Corporation's common stock on December 29, 2006 (the last business day of the year).

Compensation of the Board of Directors of Citizens & Northern Bank is established by the board, upon recommendation of the Executive Committee. Directors who are employed by Citizens & Northern Bank are not entitled to additional compensation for board or committee service. Directors who are not employed by Citizens & Northern Bank receive compensation according to the following table; however, no separate compensation will be paid to a director of Citizens & Northern Bank who attends a board or committee meeting that is held jointly with a board or committee meeting of Citizens & Northern Corporation and who is compensated for that meeting by Citizens & Northern Corporation.

Annual Fees:

Cash Retainer (all Directors)	\$ 14,000
Committee Chairman:	
Audit Committee	\$ 2,500
Executive Committee	\$ 2,500
All Other Committees	\$ 1,500

Per-Meeting Attendance Fees:

Board meetings (all Directors)	\$ 400
Advisory board meetings	\$ 150
Committee meetings	\$ 200

A director who, by invitation, attends a meeting of a committee of which he or she is not a regular member will be paid the same attendance fee as is payable to members of that committee.

In addition to cash fees, non-employee directors also receive compensation in the form of Citizens & Northern Corporation common stock, or stock options, under the Independent Directors Stock Incentive Plan. This plan permits awards of nonqualified stock options and/or restricted stock to non-employee directors. A total of 75,000 shares of common stock may be issued under the Independent Directors Stock Incentive Plan. The recipients' rights to exercise stock options under this plan vest immediately and expire 10 years from the date of grant. The exercise prices of all stock options awarded under the Independent Directors Stock Incentive Plan are equal to market value as of the dates of grant. The restricted stock awards vest ratably over 3 years. A balance of 30,973 shares are available for issuance under the Independent Directors Stock Incentive Plan as of December 31, 2006.

Cash dividends payable with respect to shares of common stock issued to directors under the Independent Directors Stock Incentive Plan are paid in the same amount and at the same time as dividends are paid to stockholders generally. Stock dividends, stock splits and similar transactions will have the same effect on shares of stock issued pursuant to the Independent Directors Stock Incentive Plan as on all other shares of Citizens & Northern Corporation common stock outstanding.

CERTAIN TRANSACTIONS

Certain directors and officers of the Corporation and the Bank and their associates (including corporations of which such persons are officers or 10% beneficial owners) were customers of, and had transactions with the Bank in the ordinary course of business during the year ended December 31, 2006. Similar transactions may be expected to take place in the future. Such transactions included the purchase of certificates of deposit and extensions of credit in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risks of collectibility or present other unfavorable features. The Corporation expects that any other transactions with directors and officers and their associates in the future will be conducted on the same basis.

In June 2006, Citizens & Northern Bank sold real estate to Putnam Company, a Corporation owned by a director, Edward H. Owlett, III. The property sold was one of two properties that had been acquired through foreclosure on the commercial and residential loans to an unrelated customer. The sale of the commercial property was executed after completion of an arm's length auction in which Putnam Company was the highest bidder. Proceeds from the sale amounted to \$418,462. The Bank recognized a charge-off related to the acquisition and sale of the two properties totaling approximately \$42,000 in the second quarter of 2006.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Parente Randolph, LLC, has been the independent registered public accounting firm appointed by the Corporation since 1981, and was selected by the Board as the independent registered public accounting firm for the Corporation for the fiscal year ended December 31, 2007. The engagement of Parente Randolph, LLC as its independent accountants for the year 2007 is subject to the review and approval by the Audit Committee. No member of the firm or any of its associates has a financial interest in the Corporation. A representative of Parente Randolph, LLC is expected to be present at the Annual Meeting to answer appropriate questions from stockholders and will be afforded an opportunity to make any statement that the firm desires.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities Exchange Act of 1934 requires the Corporation's officers and directors, and persons who own more than ten percent of the Corporation's common stock, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than ten percent stockholders are required by Securities and Exchange Commission regulations to furnish the Corporation with copies of all Section 16(a) forms they file.

Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to the Corporation during 2006 and Forms 5 and amendments thereto furnished to the Corporation with respect to 2006, the Corporation believes that no director, officer or ten percent stockholder or any other person subject to Section 16 of the Exchange Act, failed to make on a timely basis during 2006 any reports required to be filed by Section 16(a) of the Exchange Act.

STOCKHOLDER PROPOSALS

The Corporation's Articles of Incorporation contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors. Stockholder recommendations for members of the Board should be submitted in writing to the President of the Corporation, and must include the stockholder's name, address, and the number of shares owned. The recommendation must also include the name, address and principal occupation of the proposed nominee as well as the number of shares owned by the notifying stockholder and the total number of shares that will be voted for the proposed nominee. Stockholder recommendations must also include the information that would be required to be disclosed in the solicitation of proxies for the election of directors under federal securities laws, including the candidate's consent to be elected and to serve. The Articles of Incorporation specify that nominations from stockholders must be delivered or mailed not less than fourteen (14) days nor more than fifty (50) days prior to the stockholder meeting at which directors will be elected, except in the case where less than twenty-one (21) days notice is given of a stockholder meeting, in which case a notifying stockholder can mail or deliver a nomination not later than the close of business on the seventh day after the day the meeting notice was mailed.

The Corporation's 2008 Annual Meeting of stockholders is scheduled to be held in April 2008. Any stockholder who intends to present a proposal at the 2008 Annual Meeting and who wishes to have the proposal included in the Corporation's proxy statement and form of proxy for that meeting must deliver the proposal to the Corporation's executive offices, 90-92 Main Street, P.O. Box 58, Wellsboro, Pennsylvania 16901, by November 20, 2007. Citizens & Northern must receive notice of all other stockholder proposals for the 2008 annual meeting delivered or mailed no less than 14 days nor more than 50 days prior to the Annual Meeting; provided, however, that if less than twenty-one days notice of the annual meeting is given to stockholders then the Corporation must receive notice not less than seven days following the date on which notice of the annual meeting was mailed. If notice is not received by the Corporation within this time frame, the Corporation will consider such notice untimely. The Corporation reserves the right to vote in its discretion all of the shares of common stock for which it has received proxies for the 2008 annual meeting with respect to any untimely shareholder proposals.

OTHER MATTERS

The management of the Corporation does not intend to bring any other matters before the Annual Meeting and is not presently informed of any other business which others may bring before such meeting. However, if any other matters should properly come before such meeting or any adjournment thereof, it is the intention of the persons named in the accompanying proxy to vote on such matters as they, in their discretion, determine.

The Committee shall maintain minutes or other records of meetings and activities of the Committee, including executive sessions, and make them available to the Board.

The Committee shall provide the report of the Committee to be contained in the Corporation's annual proxy statement, as required by the rules of the Securities and Exchange Commission.

The Committee shall perform the following functions and may carry out additional functions and adopt additional policies and procedures in furtherance of the purpose of the Committee outlined in Section I of this Charter, as may be appropriate in light of changing business, legislative, regulatory, or other conditions, or as may be delegated to the Committee by the Board from time to time.

B. 5. of this Charter, the Committee shall determine whether to recommend to the Board that such financial statements be included in the Corporation's Form 10-K.
2. The Committee shall be advised of the execution by the Corporation's Chief Executive Officer and Chief Financial Officer of the certifications required to accompany the filing of the Form 10-K and the Forms 10-Q, and any other information required to be disclosed to it in connection with the filing of such certifications, including (i) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting that are reasonably likely to adversely affect the Corporation's ability to record, process, summarize and report financial information, and (ii) any fraud that involves management or other employees who have a significant role in the Corporation's internal control over financial reporting.
3. The Committee shall discuss with management and the independent auditor at least quarterly any significant financial reporting issues that arose and judgments made in connection with the preparation of the Corporation's financial statements, including any significant changes in the Corporation's selection or application of critical accounting principles, any major issues as to the adequacy and quality of the Corporation's disclosure procedures and controls and any special steps taken or changes made to respond to material control deficiencies.
4. The Committee shall review and discuss with the independent auditor the reports from the independent auditor with respect to:
 - all critical accounting policies and decisions;

all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment recommended by the independent auditor; and

other material written communications between the independent auditor and management, such as any management letter or schedule of adjustments.

5. The Committee shall review and discuss periodically, as necessary, with the independent auditors and the Internal Audit Department the adequacy of the Corporation's internal accounting controls, the Corporation's financial, auditing and accounting organizations and personnel, and the Corporation's policies and compliance procedures with respect to business practices, which shall include the disclosures regarding internal controls and matters required by Sections 302 and 404 of the Sarbanes-Oxley Act of 2002 and any rules promulgated thereunder by the Securities and Exchange Commission.

The Committee shall discuss with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit, including any difficulties encountered in the course of the audit work, any restrictions on the scope of activities or access to requested information, and any significant disagreements with management, as well as any other matters required to be disclosed by the independent auditor or of concern to the Committee.
- B. Oversight of the Corporation's Relationship with the Independent Auditor

The independent auditor shall report directly to the Committee.
 2. The Committee shall review and approve in advance the annual plan and scope of work of the independent auditor and fee arrangements, including staffing of the audit, and shall review with the independent auditor any audit-related concerns and management's response. With respect to auditing services, the Committee's approval of the engagement letter with the independent auditor will constitute approval of the audit services to be provided thereunder.
 3. The Committee shall pre-approve all non-audit services (including the fees and terms thereof) to be performed for the Corporation by the independent auditor, to the extent required by law, according to established procedures. The Committee may delegate to one or more Committee members the authority to pre-approve non-audit services to be performed by the independent auditor, provided that such pre-approvals shall be reported to the full Committee at its next regularly scheduled meeting. Attached hereto as Appendix A are the Committee's pre-approval policies for the approval of non-audit

services.

5. The Committee shall obtain and review a report from the independent auditor at least annually addressing (i) the independent auditor's internal quality-control procedures, (ii) any material issues raised by the most recent internal quality-control review or peer review of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, (iii) any steps taken to deal with any such issues, and (iv) all relationships between the independent auditor and the Corporation (in order to assess if the provision of permitted non-audit services is compatible with maintaining the auditor's independence, taking into account the opinions of management and the internal auditors).
6. The Committee shall ensure the rotation of members of the audit engagement team, as required by law, and will require that the independent auditor provide a plan for the orderly transition of audit engagement team members. The Committee shall also consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the independent auditing firm on a regular basis.
7. The Committee shall pre-approve the Corporation's policies for the hiring by the Corporation of employees or former employees of the independent auditor who participated in any capacity in the audit of the Corporation.

V. Clarification of Committee's Role

The Committee's role is one of oversight. It is the responsibility of the Corporation's management to plan and conduct audits and to prepare consolidated financial statements in accordance with generally accepted accounting principles, and it is the responsibility of the Corporation's independent auditor to audit those financial statements. Therefore, each member of the Committee, in exercising his or her business judgment, shall be entitled to rely on the integrity of those persons and organizations within and outside the Corporation from whom he or she receives information, and on the accuracy of the financial and other information provided to the Committee by such persons or organizations unless he or she has reason to inquire further. The Committee does not provide any expert or other special assurance as to the Corporation's financial statements or any expert or professional certification as to the work of the Corporation's independent auditor.

VI. Access to Management; Retention of Outside Advisers

A. Access to Management

The Committee shall have full, free and unrestricted access to the Corporation's senior

management and employees, and to the Corporation's internal and independent auditors.

B. Access to Outside Advisers

The Committee shall have the authority to retain legal counsel, consultants or other outside advisers with respect to any issue or to assist it in fulfilling its responsibilities, without consulting or obtaining the approval of any officer of the Corporation.

The Corporation shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the independent auditor and to any advisers retained by the Committee.

VII. Annual Evaluation; Charter Review

A. Annual Self-Evaluation

The Committee shall perform an annual review and self-evaluation of the Committee's performance, including a review of the Committee's compliance with this Charter. The Committee shall conduct such evaluation and review in such manner as it deems appropriate and report the results of the evaluation to the entire Board.

B. Charter Review

The Committee shall review and assess the adequacy of this Charter on an annual basis, and, if appropriate, shall recommend changes to the Board for approval. The Committee shall submit this Charter to the Board for approval and cause this Charter to be published in accordance with applicable regulations including, but not limited to, those of the Securities and Exchange Commission.

VIII. Delegation to Subcommittee

The Committee, in its discretion, may delegate all or a portion of its duties and responsibilities to a subcommittee consisting of one or more members of the Committee, provided that any action taken by such subcommittee is ratified by the full Committee and provided that any such subcommittee must conduct its business in accordance with this Charter.

APPENDIX A
STATEMENT OF POLICY
OF THE
AUDIT COMMITTEE OF
CITIZENS & NORTHERN CORPORATION
PRE-APPROVAL OF ENGAGEMENTS FOR NON-AUDIT SERVICES

The Sarbanes-Oxley Act of 2002 (the "Act") vests the Audit Committee of the Board of Directors of Citizens & Northern Corporation (the "Corporation") with the responsibility to appoint and to oversee the work of the Independent Auditor of the Corporation. Under the Act and under rules (the "SEC Rules") that the Securities and Exchange Commission ("SEC") has issued pursuant to the Act, that responsibility includes in particular the requirement that the Audit Committee review and pre-approve all audit and non-audit services performed by the Independent Auditor. In exercising that responsibility with respect to proposed engagements for non-audit services, it is the policy of the Audit Committee to give paramount consideration to the question of whether the engagement of the Independent Auditor to perform those services is likely to create a risk that the Independent Auditor's independence may be compromised. To that end, the Audit Committee will endeavor to exercise its discretion in a manner that will avoid or minimize the risk of compromising the independence of the Independent Auditor.

In making this determination, the Committee is mindful of the guidance provided by the SEC: The

Commission's principles of independence with respect to services provided by auditors are largely predicated on three basic principles, violations of which would impair the auditor's independence: (1) an auditor cannot function in the role of management, (2) an auditor cannot audit his or her own work, and (3) an auditor cannot serve in an advocacy role for his or her client. Thus, in evaluating whether a proposed engagement presents a material risk of compromising the independence of the Independent Auditor, the factors that the Audit Committee will typically consider will include whether the service in question is likely to cause the Independent Auditor to function in a management role, to be put in the position of auditing its own work, or to serve in an advocacy role for the Corporation. In addition, the Audit Committee believes that the risk of such compromise may increase in direct proportion to the volume of non-audit services performed by the Independent Auditor. Accordingly, it is the policy of the Audit Committee that, in the absence of very strong countervailing considerations, the total amount of fees payable to the Independent Auditor on account of non-audit services with respect to any fiscal year should not exceed the total amount of audit fees plus audit-related fees (as both such terms are used in the SEC Rules) plus tax-compliance/return-preparation services payable to the Independent Auditor with respect to such year. Solely for purposes of the preceding sentence, amounts payable with respect to audit-related services and tax-compliance/return-preparation services will not be considered fees payable on account of non-audit services. This policy is adopted with the intent to maintain Committee flexibility in circumstances under which the proposed engagement is likely to provide the Corporation with benefits that substantially outweigh the risk to independence.

In order to assist the Audit Committee in applying this policy, any officer or other employee of the Corporation who proposes to engage the Independent Auditor to perform non-audit services will be expected to submit such a proposal in writing to the Audit Committee accompanied by the following supporting materials:

1. A detailed description of each service proposed to be provided by the Independent Auditor.
2. An estimate of the amount of fees that the Independent Auditor is likely to be paid for performance of the non-audit services in question.

The Committee may also request the following:

1. A description of the extent, if any, to which the non-audit services in question are likely to cause the Independent Auditor to function in the role of management, to recommend actions by the Corporation that the Independent Auditor may be called upon to review in its role as the Corporation's Independent Auditor, or to serve as an advocate for the Corporation.
2. A description of the qualifications of the Independent Auditor that demonstrate its capability to perform each of the non-audit services in question.
3. The name or names of service-providers who were considered as alternatives to the Independent Auditor to perform the services in question, and a description of the qualifications of each such alternative service-provider relating to its capability to perform the services in question.
4. A detailed explanation of the benefits that the Corporation is expected to enjoy as a result of engaging the Independent Auditor, rather than an alternative service-provider, to perform the non-audit service in question.

The Audit Committee will typically be inclined to approve requests to engage the Independent Auditor to provide those types of non-audit services that are closely related to the audit services performed by the Independent Auditor, such as audit-related services, tax-compliance/return-preparation services, and due diligence services relating to transactions that the Corporation may be considering from time to time. Because such non-audit services bear a close relationship to the audit services provided by the Independent Auditor, the Audit Committee believes that they will not ordinarily present a material risk of compromising the Independent Auditor's independence, subject to the Audit Committee's policy concerning the total amount payable to the Independent Auditor for non-audit services with respect to any fiscal year.

Under no circumstances will the Audit Committee approve the engagement of the Independent Auditor for the performance of services that are prohibited by section 201(a) of the Act (15 U.S.C. §78j-1(g)), or by §210.2-01(4) of the SEC Rules (17 CFR Part 210.2-01(c)(4)). Such prohibited services include the following:

1. Bookkeeping or other services related to the accounting records or financial statements of the Corporation, unless the results of those services will not be subject to audit procedures during an audit of the Corporation's financial statements;
2. Services relating to the design or implementation of financial information systems, unless the results of such services will not be subject to audit procedures during an audit of the Corporation's financial statements;
3. Services relating to appraisals or valuations, fairness opinions, or contribution-in-kind reports, unless the results of such services will not be subject to audit procedures during an audit of the Corporation's financial statements;
4. Any actuarially-oriented services (other than assisting the Corporation in understanding the methods, models, assumptions, and inputs used in computing an amount), unless the results of those services will not be subject to audit procedures during an audit of the Corporation's financial statements;
5. Internal audit outsourcing services relating to the Corporation's internal accounting controls, financial systems, or financial statements, unless the results of such services will not be subject to audit procedures during an audit of the Corporation's financial statements;
6. Any management functions, whether or not temporary, including any decision-making, supervisory, or ongoing monitoring function for the Corporation;
7. Any services relating to human resources of the Corporation, including searching for, testing, investigating, negotiating, or providing recommendations or advice with respect to human resources or prospective human resources;
8. Any services relating to acting as a broker-dealer, promoter, or underwriter for the Corporation, including providing advice, exercising discretionary authority, or assuming custodial responsibility with respect to investment decisions or assets of the Corporation;
9. Any service that can be provided only by a person licensed, admitted, or otherwise qualified to practice law in the jurisdiction in which the service is to be rendered;
10. Providing an expert opinion or other expert service for the Corporation, or for the Corporation's legal representative, for the purpose of advocating the Corporation's interests in litigation or in a regulatory or administrative proceeding or investigation, except for factual accounts or testimony explaining work that the Independent Auditor has performed, positions that the Independent Auditor has taken, or conclusions that the Independent Auditor has reached during the performance of any permitted service for the Corporation; and
11. Any other service that the Public Corporation Accounting Oversight Board may from time to time determine by regulation to be impermissible.

Between meetings of the Audit Committee, the Chair of the Committee is authorized to review and, where consistent with this policy, to pre-approve non-audit services proposed to be performed by the Independent Auditor that are budgeted for fees of Five Thousand Dollars (\$5,000) or less. The Chair shall report any pre-approval decisions to the Audit Committee as soon as practicable and in any event at its next scheduled meeting.
