Item 1.01 Entry into a Definitive Material Agreement.

The information applicable to this Item 1.01 is set forth in Item 2.03 below and is hereby incorporated in this Item 1.01 by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On May 9, 2005, Caterpillar Financial Services Corporation (referred to herein, collectively with its affiliate Caterpillar Power Finance, as Caterpillar) offered PowerSecure, Inc. (PowerSecure), a wholly-owned subsidiary of Metrotek Technologies, Inc., a Delaware corporation (the Company), a \$5,000,000 line of credit (the Caterpillar Equipment Line) to finance the purchase, from time to time, of Caterpillar generator sets and affiliated equipment and installation services for PowerSecure projects, primarily in shared savings arrangements. Under the Caterpillar Equipment Line, PowerSecure may submit equipment purchases to Caterpillar for financing, and Caterpillar may provide such financing in its discretion at an interest rate, for a period of time between 12 and 60 months and upon such financing instruments, such as a promissory note or an installment sales contract, as are set by Caterpillar on a project by project basis. With respect to any equipment financed by Caterpillar, PowerSecure must make a 10% cash down payment of the purchase price and grant to Caterpillar a first priority security interest in the equipment being financed as well as other equipment related to the project. On May 18, 2006, Caterpillar notified the Company that Caterpillar renewed the Caterpillar Equipment Line until April 30, 2007, and increased its size to \$7,500,000.

On July 16, 2007, Caterpillar notified the Company that the Caterpillar Equipment Line had been renewed until July 31, 2008, or at an earlier date upon notice to PowerSecure in the sole discretion of Caterpillar. The letter setting forth the terms of the renewed and increased Caterpillar Equipment Line confirms the intent of Caterpillar to finance equipment purchases by PowerSecure, but provides that it is not an unconditional binding commitment to provide such financing. The Caterpillar Equipment Line is contingent upon the continued credit-worthiness of PowerSecure in the sole discretion of Caterpillar. At July 16, 2007, PowerSecure had the full \$7.5 million available for additional equipment purchases under the Caterpillar Equipment Line.
