Air Products Notifies Airgas of Proxy Solicitation at 2010 Annual Meeting

Proposes Slate of Three Independent and Highly Qualified Nominees  
To Represent Interests of All Airgas Shareholders

Will Solicit Support for Additional Proposals,  
Including Holding 2011 Annual Meeting in January

LEHIGH VALLEY, Pa. (May 13, 2010) – Air Products (NYSE: APD) today announced that it has given notice to Airgas, Inc. (NYSE: ARG) of Air Products' planned solicitation of proxies at the 2010 Airgas Annual Meeting, which remains unscheduled but which Airgas has stated in SEC filings it expects to hold on or before September 17, 2010.

Air Products is seeking support from Airgas shareholders to elect three independent and highly qualified nominees to Airgas' Board of Directors. In addition, Airgas shareholders will be given the opportunity to vote on additional proposals designed to ensure their votes are appropriately considered by the Airgas Board. These proposals include: amending Airgas' By-Laws to limit the Airgas Board's ability to re-seat directors not elected by Airgas shareholders (excluding the Chief Executive Officer); a proposal to require that future Airgas annual shareholder meetings, including for 2011, will be held in January; and a proposal which would repeal all By-Law amendments adopted by the Airgas Board after April 7, 2010. Air Products will soon file preliminary proxy materials with the Securities and Exchange Commission.

John E. McGlade, Air Products' chairman, president and chief executive officer, said, "In spite of our repeated efforts to engage with the Airgas Board on an all-cash offer providing a 38% premium to Airgas' unaffected share price, the current Airgas Board has flatly refused to enter into discussions, denying its shareholders the opportunity to receive a substantial premium for their shares. Airgas' recent performance and growth projections have done nothing to change our view of the company's value to Air Products, nor has it changed the fact that only through a combination with Air Products can Airgas realize the substantial, certain and compelling near-term value for shareholders that Air Products has offered in cash. We remain focused on bringing our all-cash offer to a conclusion, and the proposals and nominations we have put forward today provide a clear roadmap to completing this transaction as soon as possible."

McGlade continued, "Airgas shareholders deserve highly qualified and truly independent Board representation, and we have nominated three experienced directors who are committed to acting in the best interests of all Airgas shareholders. Each of our nominees has a proven track record and the experience and credentials to ensure that Airgas shareholders are well served by their Board. We continue to believe that a negotiated transaction on a timely basis would be in the best interests of all involved, and that Airgas' Board should establish a special committee of independent directors to fully and fairly evaluate our offer. As we have said before, we would welcome the opportunity to engage directly with Airgas – whether with a special committee, Mr. McCausland or the current Airgas Board. However, if the current Airgas Board refuses to enter into substantive discussions and fulfill their obligations to shareholders, Airgas' shareholders will now have the opportunity to elect three independent director nominees and send a clear message to the Airgas Board that their actions to date do not serve the best interests of Airgas

shareholders.”

McGlade concluded, “We also will give Airgas shareholders the opportunity to vote on three important proposals which will ensure the current Airgas Board will not be able to continue to ignore the interests of Airgas shareholders and which are designed to bring this matter to a close quickly. These proposals and the independent Board nominations provide Airgas shareholders with the opportunity to change the unproductive and costly path being pursued by the current Airgas Board.”

The Air Products nominees to the Airgas Board of Directors are:

John P. Clancey

Age: 65

Mr. Clancey has more than 22 years of experience as both CEO and Chairman of complex international businesses, and 16 years of experience serving on the boards of large public companies across a range of industries. He is currently Chairman Emeritus of Maersk Inc. and Maersk Line Limited, a division of the A.P. Moller – Maersk Group, one of the world’s largest shipping companies. Mr. Clancey previously served as the Chairman of Maersk Inc., where he managed the company’s ocean transportation, truck and rail, logistics and warehousing and distribution businesses, and as Chief Executive Officer and President of Sea-Land Service, Inc. Mr. Clancey is currently a Principal and founder of Hospitality Logistics, International, a furniture, fixtures and equipment logistics services provider serving customers in the hotel industry. He has served as a member of the board of directors of UST Inc., Foster Wheeler AG, and AT&T Capital. Mr. Clancey, a former Captain in the United States Marine Corps, received a B.A. in Economics and Political Science from Emporia State College.

Robert L. Lumpkins

Age: 66

Mr. Lumpkins has more than 40 years of significant operational, management, financial and governance experience from a variety of positions in major international corporations, covering both developed and emerging countries, and service on public company boards in a wide range of industries. He is currently the Chairman of the board of directors of The Mosaic Company, a producer and marketer of crop and animal nutrition products and services, a position he has held since the creation of the company in October 2004. He previously served as Vice Chairman of Cargill Inc., a commodity trading and processing company, until his retirement in 2006, and as Cargill’s Chief Financial Officer from 1989 until 2005. Mr. Lumpkins currently serves as a director of Ecolab, Inc., a cleaning and sanitation products and services provider; a director of Black River Asset Management LLC, a privately-owned fixed income-oriented asset management company; a Senior Advisor to Varde Partners, Inc., an asset management company specializing in alternative investments; and a member of the Advisory Board of Metalmark Capital, a private equity investment firm. He also serves as a Trustee of Howard University. He received an M.B.A. from the Stanford Graduate School of Business and a B.S. in Mathematics from the University of Notre Dame.

Ted B. Miller, Jr.

Age: 58

Mr. Miller has extensive executive, financial and governance experience as a founder, significant shareholder, executive officer and director of both start-up companies and large public companies. He is the former Chairman and Chief Executive Officer of Crown Castle International Corp., a wireless communications company he founded in 1995 that currently has an equity market capitalization in excess of \$10 billion. He currently serves as the President of 4M Investments, LLC, an international private investment company. He is also the founder, Chairman and majority shareholder of M7 Aerospace LP, a privately held aerospace service, manufacturing and technology company; founder, Chairman and majority shareholder of Intercomp Technologies, LLC, a privately held business process outsourcing company; and founder, Chairman and majority shareholder of Visual Intelligence, a privately held imaging technologies company. Mr. Miller previously served as a member of the board of directors of Affiliated Computer Services, Inc., from November 2008 until its acquisition by Xerox Corporation in February 2010. He received a J.D. from Louisiana State University and a B.B.A. from the University of Texas.

In addition to the proposed slate of directors, Air Products will solicit shareholder support regarding three additional proposals. Specifically, Air Products seeks to:

Amend Airgas' By-Laws to Limit Re-Seating Directors Not Elected by Airgas Shareholders, Excluding the Chief Executive Officer. This amendment would provide that any director (other than Airgas' Chief Executive Officer) nominated by the Board for election, but not elected by Airgas' shareholders, at any annual meeting will be ineligible to serve on the Board for three years (when the class elected at such annual meeting is next up for election). If Airgas' Chief Executive Officer is nominated by the Board for election, but not elected by the Airgas shareholders, he or she would only be eligible to serve on the Airgas Board if approved by a majority of the independent directors on the Airgas Board (but in no event as Chairman of the Airgas Board).

Without such an eligibility requirement, the remaining members of the Airgas Board could circumvent the mandate of Airgas' shareholders by immediately attempting to create vacancies and appointing the defeated Board nominees to fill the vacancies. Air Products believes Airgas' shareholders are entitled to know their votes have meaning and that this proposal is critical to a fair stockholder process.

Amend Airgas' By-Laws to Require Airgas to Hold Future Annual Meetings in January. This amendment would require Airgas to hold the 2011 annual meeting on January 18, 2011 and all subsequent annual meetings in January.

Airgas has stated that its 2010 Annual Meeting will serve as a referendum for Airgas' shareholders on Air Products' offer. However, because Airgas maintains a staggered board, the Board may choose to ignore the results of this referendum. Even if all of Air Products' proposals are supported and all of the Air Products Nominees are elected, the incumbent directors could force the shareholders to wait another full year after the 2010 Annual Meeting if not longer to implement the changes at Airgas that would allow Airgas' shareholders to have the opportunity to appropriately consider Air Products' offer. By adopting this proposal, Airgas' shareholders can provide themselves an early opportunity to replace a majority of the existing Airgas Board by January 2011 so that a new Airgas Board majority can decide whether to pursue Air Products' offer to acquire their shares.

-more-

Repeal All By-Law Amendments Adopted by the Airgas Board After April 7, 2010. Air Products believes that in order to ensure that the will of the Airgas shareholders is upheld, the shareholders should repeal any new By-Law or amendment to the By-Laws which was adopted by the Airgas Board, without stockholder approval, after April 7, 2010 (which is the date of the last publicly disclosed amendment to Airgas' By-Laws) and prior to or on the date of the adoption of this proposal by the shareholders of Airgas.

Air Products believes this action may be necessary in the event that the Airgas Board adopts By-Law amendments which could impede the election of the Air Products nominees or the ability of the Air Products nominees, if elected, to pursue the best interests of Airgas and its shareholders.

Air Products (NYSE:APD) serves customers in industrial, energy, technology and healthcare markets worldwide with a unique portfolio of atmospheric gases, process and specialty gases, performance materials, and equipment and services.
