PROXY STATEMENT

For Annual Meeting of Stockholders
To be Held on May 19, 2004

GENERAL

This proxy statement is furnished in connection with the solicitation of proxies by Boots & Coots International Well Control, Inc. (the "Company" or "we" or "us") on behalf of its board of directors, to be used at the annual meeting of the stockholders of the Company on May 19, 2004. The proxy statement and the accompanying proxy card are first being mailed to stockholders on or about April 14, 2004.

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by mail, solicitation of proxies may be made by personal interview, special letter, telephone or telecopy by any of our officers, directors and employees who will receive no special compensation for these

Edgar Filing: BOOTS & COOTS INTERNATIONAL WELL CONTROL INC - Form DEF 14A

activities. Brokerage firms will be requested to forward proxy materials to beneficial owners of shares registered in their names and will be reimbursed for their expenses.

PROXIES

If you are not able to attend the 2004 annual meeting in person, you may vote by completing the enclosed proxy card and returning it to the Company. Instructions for voting by mail are included on your proxy card. You are urged to sign and return your proxy card promptly to make certain your shares will be voted at the meeting. Our board of directors will vote your shares according to your instructions. If you sign and return your proxy card but do not specify a choice, your shares will be voted as the board of directors has recommended, which is FOR the election of the nominees for the Class I directors named in the accompanying form of proxy, FOR the approval of the 2004 Long-Term Incentive Plan and FOR the amendment to the Nonemployee Director Stock

1

Option Plan. Although the board of directors is not aware of any other proposals to be presented at the meeting, your proxy authorizes the persons named in the proxy card to vote on your behalf with respect to any other matters brought before the stockholders. You may revoke your proxy at any time before it has been exercised by giving written notice of revocation to the Secretary of the Company, by filing with the Company a duly executed proxy bearing a later date, or by voting in person at the meeting.

VOTING PROCEDURES AND TABULATION

The Company will appoint one or more inspectors of election to serve at the 2004 annual meeting. The inspector(s) will ascertain the number of shares outstanding and the voting power of each of the shares, determine the shares represented at the meeting and the validity of proxies and ballots, count all votes and ballots, make a written report of the meeting and perform certain other duties as required by law. Each inspector will sign an oath to perform his or her duties in an impartial manner and to the best of his or her abilities.

The inspectors will tabulate the number of votes cast for or withheld as to the vote on the nominees for Class I director, the 2004 Long Term Incentive Plan and the amendment to the Nonemployee Director Stock Option Plan. Under Delaware law and the Company's Amended and Restated Certificate of Incorporation and Bylaws, abstentions and broker non-votes will have no effect on the voting on the election of directors, provided a quorum is present, because directors are elected by a plurality of the shares of stock present in person or by proxy at the meeting and entitled to vote. For all proposals other than the election of directors, the affirmative vote of a majority of the shares of common stock represented in person or by proxy at a meeting of stockholders at which a quorum is present is required. A broker non-vote or other limited proxy as to a proposal voted on at the meeting will be counted towards a meeting quorum, but cannot be voted on the proposal and therefore will not be considered a part of the voting power with respect to the proposal.

VOTING SECURITIES

Only the holders of record of our common stock, par value \$0.00001 per share, at the close of business on April 7, 2004, the record date for the meeting, are entitled to vote on the election of directors at the meeting. For matters other than the election of directors, the holders of Series A, C and E Preferred Stock, par value \$0.00001 per share ("Preferred Stock") are entitled to vote together as a single class with the holders of common stock, voting

Edgar Filing: BOOTS & COOTS INTERNATIONAL WELL CONTROL INC - Form DEF 14A

together as a single class. On the record date, there were 27,299,794 shares of common stock, 50,000, 2,414 and 582 shares of Series A, C and E, respectively, Preferred Stock outstanding and entitled to be voted at the meeting. A majority of the shares of common stock, present in person or by proxy, is necessary to constitute a quorum. Each share of common stock and Preferred Stock is entitled to one vote.

2

PROPOSAL I:
ELECTION OF CLASS I DIRECTORS

The business and affairs of the Company are managed by our board of directors, which exercises all corporate powers of the Company and establishes broad corporate policies. The Amended and Restated Certificate of Incorporation of the Company requires that our board of directors consist of at least three and no more than nine individuals, with the exact number to be determined by the board. Currently, the size of the board of directors is fixed at five members, thereby requiring the Company to have a minimum of three independent directors under the rules of the American Stock Exchange. Of our current directors, W. Richard Anderson, Robert S. Herlin and E. J. DiPaolo are each "independent" as defined under the rules of the American Stock Exchange.

Our Amended and Restated Certificate of Incorporation requires that our board of directors be divided into three classes, with each class having a staggered three-year term. Directors are elected to serve until the annual meeting of stockholders for the year in which their term expires and until their successors have been elected and qualified, subject, however, to their prior death, resignation, retirement, disqualification or removal from office. Assuming a quorum is present at the 2004 annual meeting, two Class I directors will be elected by a plurality of the votes of the holders of common stock present in person or represented by proxy at the meeting. Abstentions and broker non-votes have no effect on the vote. All duly submitted and unrevoked proxies will be voted for W. Richard Anderson and Robert Stevens Herlin, the Class I nominees, except where authorization so to vote is withheld. If any nominee should become unavailable for election for any unforeseen reason, the persons designated as proxies will have full discretion to vote for another person nominated by the board of directors.

The nominees selected to stand for re-election to our board of directors are W. Richard Anderson and Robert Stevens Herlin, who have consented to serve as Class I directors if elected. Mr. Anderson and Mr. Herlin are presently directors of the Company and have served continuously in that capacity since 1999 and 2003, respectively.

Name of Nominee	Age	Year First Elected Director	Position with the Company	Class	Term
W. Richard Anderson	51	1999	Director	I	Expires 2007
Robert Stevens Herlin	49	2003	Director	I	Expires 2007

Mr. Anderson has served as a director of the Company since August 1999. Mr. Anderson also serves on the Audit Committee and the Compensation Committee. Mr. Anderson is the President, Chief Financial Officer and a director of Prime Natural Resources, a privately held exploration and production company. Prior to

his employment at Prime in January 1999, he was employed by Hein & Associates LLP, a certified public accounting firm, where he served as a partner from 1989 to January 1995 and as a managing partner from January 1995 through December 1998. There are no family relationships between Mr. Anderson and any other director or executive officer of the Company.

3

Mr. Herlin was appointed a director of the Company on September 30, 2003. Mr. Herlin serves on the Audit Committee and chairs the Compensation Committee. Since 2003, Mr. Herlin has served as the President, CEO and a Director of Natural Gas Systems, a private company involved in the acquisition and redevelopment of oil and gas properties. Since 2003, Mr. Herlin has served as a partner with Tatum Partners, a company that provides CFO's and CEO's on a contract basis to clients. Prior to his employment at Natural Gas Systems, he was CFO of Intercontinental Tower Corporation, a wireless telecom infrastructure operation in South America from 2000 to 2003. From 1997 to 2000, he was President, CEO and CFO of Benz Energy, a company engaged in oil and gas exploration based on 3-D seismic information. Benz Energy filed for protection in November 2000 under Chapter 11 of Federal bankruptcy law and subsequently, liquidated under Chapter 7. There are no family relationships between Mr. Herlin and any other director or executive officer of the Company.

THE BOARD OF DIRECTORS RECOMMENDS
A VOTE "FOR" THE NOMINEES LISTED ABOVE

COMMITTEES AND BOARD MEETINGS

As permitted by the Bylaws of the Company, the board of directors has designated from its members a Compensation Committee and an Audit Committee. The Company does not have a standing nominating committee of the board of directors or any other committee that performs a similar function. During 2003, the board of directors held 10 meetings. All current directors attended 100 % of such meetings held during the period in which such director served. In addition, the current committees of the board of directors, the composition and functions thereof and the number of meetings held in 2003 are as set forth below:

Compensation Committee. The Company's Compensation Committee is comprised of two or more directors appointed from time to time by, and serving at the discretion of, the board of directors. Tracy S. Turner and W. Richard Anderson served on the Compensation Committee until Mr. Turner's resignation on May 7, 2003. Our board of directors appointed Messrs. Di Paolo and Herlin to join Mr. Anderson on the Compensation Committee effective November 12, 2003, and Mr. Herlin was designated the chairman of the committee. The Compensation Committee administers the Company's stock option plans, and in this capacity makes all option grants or awards to employees, including executive officers, under the plans. In addition, the Compensation Committee is responsible for making recommendations to the board of directors with respect to the compensation of the Company's chief executive officer and its other executive officers and for establishing compensation and employee benefit policies. The Compensation Committee met two times during 2003 and once during the first quarter of 2004. The Compensation Committee approved the 2004 Long Term Incentive Plan, bonuses under the Company's 2003 Incentive Bonus Plan and Mr. Winchester's new employment agreement.

4

CONSIDERATION OF DIRECTOR NOMINEES.

The Company does not presently maintain a nominating committee of the board

Edgar Filing: BOOTS & COOTS INTERNATIONAL WELL CONTROL INC - Form DEF 14A

of directors. Instead, we rely on the judgment of our independent board members to identify and select qualified candidates for election to our board. Although our board may authorize the establishment of a nominating committee in the future, our current board is relatively small, and our independent directors already serve on the Audit Committee, the Compensation Committee, or both. Our independent directors identify nominees to the board according to the criteria outlined below, and the board ultimately selects nominees based upon the same criteria.

The Company's independent directors consider the following criteria in recommending the nomination of individuals for re-election to the Company's board:

- Record of past attendance at board of directors and committee meetings;
- Ability to contribute to a positive, focused atmosphere in the board room;
- Absence of any cause for removal from the board of directors; and
- Past contributions in service on the board of directors.

In addition, all nominees for re-election shall evidence a desire and willingness to attend future board of directors and committee meetings. All decisions regarding whether to recommend the nomination of a director for re-election is within the sole discretion of the independent members of our board.

The Company's independent directors consider the following criteria in recommending new nominees to the board of directors and its committees from time to time:

- Expertise and perspective needed to govern the business and strengthen and support executive management - for example: strong financial expertise, knowledge of international operations, or knowledge of the oil field services and petroleum industries.
- Sound business judgment and a sufficiently broad perspective to make meaningful contributions, under pressure if necessary.
- Interest and enthusiasm in the Company and a commitment to become involved in its future.
- The time and energy to meet board commitments.
- Constructive participation in discussions, with the capacity to quickly understand and evaluate complex and diverse issues.
- Dedication to the highest ethical standards.
- Supportive of management, but independent, objective, and willing to question and challenge both openly and in private exchanges.
- Willingness to anticipate and explore opportunities.

All decisions regarding whether to recommend the nomination of a new individual for election to the board of directors is within the sole discretion of the independent members of our board.

5

All new nominees and directors for re-election will be evaluated without regard to race, sex, age, religion, or physical disability.

SECURITY HOLDER COMMUNICATIONS. Security holder communications intended for the board of directors or for particular directors (other than stockholder proposals submitted pursuant to Exchange Act Rule 14a-8 and communications made in connection with such proposals) may be sent in care of the Company's Secretary at Boots & Coots International Well Control, Inc., 11615 N. Houston Rosslyn, Houston, Texas 77086. The Secretary will forward all such

communications to the board of directors or to particular directors as directed without screening such communications.

The Company has adopted a Code of Business Conduct and Ethics that covers all employees, directors, and officers that relates to the honest and ethical conduct in all business dealings, full, fair accurate timely and understandable disclosures in all reports filed by the Company with or submitted to the Securities and Exchange Commission and in other public communications, compliance with applicable governmental rules and regulations, and avoidance of conflicts of interest. The Code of Business Conduct and Ethics is available on the 'Company Info' link at www.bncg.com.

AUDIT COMMITTEE REPORT

Audit Committee. In 2003, the members of the Audit Committee were Messrs. Anderson, DiPaolo, Turner, Herlin, Easley, and Krist. Messrs. Easley, Turner and Krist resigned from the Audit Committee effective May 16, 2003, May 6, 2003 and May 7, 2003, respectively. The resignations of Messrs. Easley and Turner were related to their resignation from the board of directors; while Mr. Krist resigned as his increased involvement with the Company impaired his status as 'independent'. All members of the Audit Committee were "independent", as such term is defined in Section 121(A) of the American Stock Exchange's listing standards, at the time the members served on the Audit Committee. Our board of directors appointed Messrs. Di Paolo and Herlin to the committee on November 12, 2003. Messrs. Anderson, Di Paolo and Herlin currently serve on the Audit Committee. During 2003, the Audit Committee met four times. The Audit Committee reviews the Company's financial reporting processes, its system of internal controls, and the audit process for monitoring compliance with laws and regulations. In addition, the committee reviews, with the Company's auditors, the scope of the audit procedures to be applied in the conduct of the annual audit, as well as the results of that audit. Our board has determined that each of the Audit Committee members is independent, in accordance with the audit committee requirements of the American Stock Exchange. Messrs Anderson and Herlin are financial experts within the meaning of Item 401 (h) of Regulation S-K promulgated by the U.S. Securities and Exchange Commission.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2003, with the Company's management. The committee also discussed with Mann Frankfort Stein & Lipp CPAs, LLP, ("Mann Frankfort"), our independent auditors for the 2003 fiscal year, the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Sec. 380), as modified or supplemented, and have received the written disclosures and the letter from Mann Frankfort required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as modified or supplemented. The committee also discussed with Mann Frankfort any issues relating to the independence of the Audit Committee. Based on the above

6

review and discussions, the Audit Committee has recommended to the board of directors that the audited financial statements for the fiscal year ended December 31, 2003 be included in the Company's Annual Report on Form 10-K.

Respectfully submitted,
THE AUDIT COMMITTEE
