ANNUAL REPORT
DECEMBER 31, 2003

[TCW CONVERTIBLE SECURITIES FUND, INC. LOGO]

TCW CONVERTIBLE SECURITIES FUND, INC.
THE PRESIDENT'S LETTER

DEAR SHAREHOLDER:

After three down years, equities rallied across the board in 2003, fueled by economic recovery, fiscal stimulus and all-time lows in interest rates. Falling jobless claims, improving manufacturing activity and growing consumer confidence played a vital role in the recovery. The Fed maintained an accommodative bias and injected plenty of liquidity into the system. The resulting ease in credit conditions enabled the financial markets to regain a sound footing. This benign environment contributed to the outstanding absolute returns of the TCW Convertible Securities Fund, Inc.

PERFORMANCE OF THE FUND'S SHARES

For the year ended December 31, 2003, the market price of the TCW Convertible Securities Fund, Inc. (the "Fund") returned 25.1% with dividends reinvested, while Net Asset Value increased by 26.8%. For the same period, the S&P 500 Index delivered a total return of 28.7% while the CS First Boston Convertible Securities Index generated a total return of 28.0%.

For most of the year, the market price of the Fund traded at a discount to Net Asset Value. The discount averaged 8.6% with a high of 14.7%. The Fund paid a total dividend of 22 cents per share in 2003. The income of the Fund is highly dependent on the level of short- and intermediate-term interest rates, which were at 40-year lows in 2003. As rates rise or fall, Fund income is likely to move in unison, albeit with a lag.

PORTFOLIO STRUCTURE AND STRATEGY

The Fund managers use a top-down strategy in determining sector allocations and portfolio characteristics. Following that determination, the Fund buys individual securities with strong and improving business fundamentals for the portfolio. The Fund does not purchase securities that may be in default or where the dividends are in arrears.

The portfolio structure was balanced throughout the year, providing moderate income and capital appreciation. In the first half of 2003, rich pricing conditions favored issuers more than investors, and yields dropped. This reduced income in the third and fourth quarters of 2003. During the year, the portfolio comprised about 65 securities, diversified across all sectors. The aggregate composition of the portfolio was investment grade.

At year-end, the portfolio maintained a similar profile. We continued to emphasize balanced securities that provide both income and capital appreciation potential. The portfolio maintained an above average weighting in media, financial services, consumer discretionary and healthcare sectors. The portfolio was underweight in basic materials and industrial commodity sectors. The largest sectors were information technology at 24%, healthcare at 16%, financial services at 16% and consumer discretionary at 20%.

SHARE REPURCHASE PLAN

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

During the year, the Fund's shares traded at a significant discount to NAV. When the discount approached 15%, the Fund's Board of Directors reinstated the share repurchase plan adopted in 2000 for purposes of enhancing shareholder value. In 2000, the Fund repurchased 624,700 shares, leaving a balance of 1,375,300 shares. In 2003, the Board of Directors approved a resolution authorizing the Fund to repurchase up to 1,000,000 additional shares. For the year ended December 31, 2003, the Fund has repurchased 1,476,000 shares at an average price of \$4.93 per share (average discount of 10.22% from NAV). The Fund expects to continue to repurchase its outstanding shares if the shares trade at a sufficient discount. The precise timing of the repurchases and the number of shares repurchased will depend on market conditions and corporate and regulatory requirements.

DIVIDEND REINVESTMENT PLAN

Shareholders who wish to add to their investment may do so through the Dividend Reinvestment Plan (the "Plan"). Under the Plan, your dividend is used to purchase shares on the open market whenever shares, including the related sales commission, are selling below the Fund's Net Asset Value per share. If the market price, including commission, is selling above the Net Asset Value, you will receive shares at a price equal to the higher of the Net Asset Value per share on the payment date or 95% of the closing market price on the payment date.

To enroll in the Plan, if your shares are registered in your name, write to The Bank of New York, Church Street Station, P.O. Box #11002, New York, New York 10277-0770, or call toll free at (800) 524-4458. If your shares are held by a brokerage firm, please call your broker. If you need assistance, please call our investor relations department at (877) 829-4768 or visit our website at www.tcw.com. As always, we would be pleased to accommodate your investment needs.

DISCLOSURE OF PORTFOLIO INFORMATION

It is the policy of the Fund to provide certain unaudited information regarding its portfolio composition as of month-end (the "Portfolio Holdings") to shareholders and others upon request to the Fund, beginning on the 15th calendar day after the end of the month (or, if not a business day, the next business day).

Shareholders and others who wish to obtain Portfolio Holdings for a particular month may make a request by contacting the Fund between 7:00 a.m. and 5:00 p.m. Pacific time, Monday through Friday, toll free at (877) 829-4768 beginning on the 15th day following the end of that month (or, if not a business day, the next business day).

Persons making requests will be asked to provide their name and a mailing address, e-mail address or fax number. The Fund reserves the right to refuse to fulfill a request if it believes that providing Portfolio Holdings would be contrary to its best interests.

In addition to the policy stated above, the Fund may disclose Portfolio Holdings at other times to analysts or rating agencies. The disclosure of Portfolio Holdings in this context is conditioned on the recipient agreeing to treat such Portfolio Holdings as confidential (provided that analysts and rating agencies may publish portfolio positions upon the consent of the Fund), and to not allow the Portfolio Holdings to be used by it or its employees in connection with the purchase or sale of Fund shares. In addition, Portfolio Holdings are provided or otherwise available to third-party service providers of the Fund, including the

TCW CONVERTIBLE SECURITIES FUND, INC. NOTES TO FINANCIAL STATEMENTS

NOTE 1--SIGNIFICANT ACCOUNTING POLICIES:

TCW Convertible Securities Fund, Inc. (the "Fund") was incorporated in Maryland on January 13, 1987 as a diversified, closed-end investment management company and is registered under the Investment Company Act of 1940, as amended. The Fund commenced operations on March 5, 1987. The Fund's investment objective is to seek a total investment return, comprised of current income and capital appreciation through investment principally in convertible securities. In accordance with the requirements of Rule 35d-1 under the 1940 Act, the Fund will invest, under normal market conditions, at least 80% of its net assets, plus any borrowings for investment purposes in convertible securities. The 80% investment policy described above is non-fundamental and may be changed by the Board of Directors to become effective upon at least 60 days' notice to shareholders.

The preparation of the accompanying financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

The following is a summary of the significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America.

SECURITY VALUATION: Securities traded on national exchanges are valued at the last reported sales price or the mean of the current bid and asked prices if there are no sales in the trading period. Other securities which are traded on

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

the over-the-counter market are valued at the mean of the current bid and asked prices. Short-term debt securities with maturities of 60 days or less at the time of purchase are valued at amortized cost. Other short-term debt securities are valued on a mark-to-market basis until such time as they reach a remaining maturity of 60 days, where upon they will be valued at amortized value using their value of the 61st day prior to maturity.

SECURITY TRANSACTIONS AND RELATED INVESTMENT INCOME: Security transactions are recorded on the trade date. Dividend income is recorded on the ex-dividend date, while interest income is recorded on the accrual basis. Discounts, including original issue discounts, and premiums on securities purchased are recognized as interest income and expense, respectively, using a constant yield-to-maturity method. Realized gains and losses on investments are recorded on the basis of identified cost.

DISTRIBUTIONS: Distributions to shareholders are recorded on ex-dividend date. The Fund intends to distribute its investment company taxable income quarterly and to distribute any net realized capital gains at least annually, to the extent required for U.S. federal income tax purposes. The Board of Directors also may, in its discretion, choose to pay distributions in excess of net investment income and net realized capital gains, though it is not required to do so.

Income and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences may be primarily due to differing treatments for losses deferred due to wash sales and spillover distributions. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications to paid-in-capital and may affect net investment income per share.

11

A reclassification of \$544,702 was made on December 31, 2003, between overdistributed net investment income and undistributed net realized loss on investments as a result of permanent differences between book and tax.

REPURCHASE AGREEMENTS: The Fund may invest in repurchase agreements secured by U.S. Government Securities. A repurchase agreement arises when the Fund purchases a security and simultaneously agrees to resell it to the seller at an agreed upon future date. The Fund requires the seller to maintain the value of the securities, marked to market daily, at not less than the repurchase price. If the seller defaults on its repurchase obligation, the Fund could suffer delays, collection expenses and losses to the extent that the proceeds from the sale of the collateral are less than the repurchase price. The Fund did not enter into any repurchase agreements for the year ended December 31, 2003.

NOTE 2--FEDERAL INCOME TAXES:

It is the policy of the Fund to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and distribute all of its net taxable income, including any net realized gains on investments, to its shareholders. Therefore, no federal income tax provision is required.

For the year ended December 31, 2003, the Fund recognized on a tax basis a net realized loss of \$10,690,734 on security transactions which will be carried forward to 2011. The Fund also has a loss carryforward of \$42,470,592 and \$61,853,273 which will expire in 2009 and 2010, respectively.

Also for the year ended December 31, 2003, the fund distributed, on a tax basis, \$13,248,795 of which \$10,287,016 is characterized as ordinary income and

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

\$2,961,779 as return of capital.

At December 31, 2003, net unrealized appreciation for federal income tax purposes is comprised of the following components:

Appreciated securities	\$ 35,704,331
Depreciated securities	\$ (2,342,775)

Net unrealized (depreciation)	\$ 33,361,556
	=====
Cost of securities for federal income tax purposes	\$ 288,743,428
	=====

NOTE 3--INVESTMENT ADVISORY AND SERVICE FEES:

TCW Investment Management Company (the "Advisor") is the investment advisor of the Fund. As compensation for the services rendered, facilities provided, and expenses borne, the Advisor is paid a monthly fee by the Fund computed at the annual rate of 0.75% of the first \$100 million of the Fund's average net assets and 0.50% of the Fund's average net assets in excess of \$100 million.

NOTE 4--PURCHASES AND SALES OF SECURITIES:

For the year ended December 31, 2003, purchases and sales or maturities of investment securities (excluding short-term investments) aggregated \$289,462,995 and \$298,991,800, respectively. There were no purchases or sales of U.S. Government securities for the year ended December 31, 2003.

NOTE 5--SECURITY LENDING:

During the year ended December 31, 2003, the Fund lent securities to brokers. The brokers provided collateral, which must be maintained at not less than 100% of the value of the loaned securities, to secure the obligation. At December 31, 2003, the cash received from the borrowing broker was invested in short-term investments valued at \$43,328,222 which is 102.7% of the value of the loaned securities.

12

NOTE 6--DIRECTORS' FEES:

Directors who are not affiliated with the Advisor received, as a group, aggregate fees and expenses of \$95,860 from the Fund for the year ended December 31, 2003. Certain officers and/or directors of the Fund are also officers and/or directors of the Advisor.

NOTE 7--RESTRICTED SECURITIES:

The Funds are permitted to invest in securities that are subject to legal or contractual restrictions on resale. These securities generally may be resold in transactions exempt from registration or to the public if the securities are registered. Disposal of these securities may involve time consuming negotiations and expense, and prompt sale at an acceptable price may be difficult. There are no restricted securities (excluding 144A issues) at December 31, 2003.

NOTE 8--SHARE REPURCHASE PLAN:

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

On November 12, 2003, the Fund reinstated the Share Repurchase Plan (the "Plan") adopted in 2000 for purposes of enhancing stockholder value and reducing the discount at which the Fund's shares trade from their net asset value. In 2000, the Board of Directors authorized the Fund to adopt the Plan authorizing the Fund to repurchase up to 2,000,000 shares of its common stock. During 2000, the Fund repurchased 624,700 shares, leaving a balance of 1,375,300 shares. In addition, the Board of Directors approved a resolution authorizing the Fund to repurchase up to 1,000,000 additional shares. For the year ended December 31, 2003, the Fund has repurchased 1,476,000 shares at an average discount of 10.22% from net asset value per share. The Fund expects to continue to repurchase its outstanding shares if the shares trade at a sufficient discount although the precise timing of the repurchases and the number of shares repurchased will depend upon market conditions and corporate and regulatory requirements.

TCW CONVERTIBLE SECURITIES FUND, INC.
INDEPENDENT AUDITORS' REPORT

TO THE SHAREHOLDERS AND BOARD OF DIRECTORS OF TCW
CONVERTIBLE SECURITIES FUND, INC.:

We have audited the accompanying statement of assets and liabilities of TCW Convertible Securities Fund, Inc., (the "Fund"), including the schedule of investments, as of December 31, 2003 and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2003 by correspondence with the custodian. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the Fund as of December 31, 2003, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended in conformity with accounting principles generally accepted in the United States of America.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

PROXY VOTING GUIDELINES AND PROCEDURES

(JANUARY 2004)

INTRODUCTION

Certain affiliates of The TCW Group, Inc. (these affiliates are collectively referred to as "TCW") act as investment advisors for a variety of clients, including mutual funds. In connection with these investment advisory duties, TCW exercises voting responsibilities for its clients through the corporate proxy voting process. TCW believes that the right to vote proxies is a significant asset of its clients' holdings. In order to provide a basis for making decisions

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

in the voting of proxies for its clients, TCW has established a proxy voting committee (the "PROXY COMMITTEE") and adopted these proxy voting guidelines and procedures (the "GUIDELINES"). The Proxy Committee meets quarterly (or at such other frequency as determined by the Proxy Committee) to review the Guidelines and other proxy voting issues. The members of the Proxy Committee include TCW personnel from the investment, legal and marketing departments. TCW also uses

3

an outside proxy voting service (the "OUTSIDE SERVICE") to help manage the proxy voting process. The Outside Service facilitates TCW's voting according to the Guidelines (or, if applicable, according to guidelines submitted by TCW's clients) and helps maintain TCW's proxy voting records. Under specified circumstances described below involving potential conflicts of interest, the Outside Service may also be requested to help decide certain proxy votes.

PHILOSOPHY

The Guidelines provide a basis for making decisions in the voting of proxies for clients of TCW. When voting proxies, TCW's utmost concern is that all decisions be made solely in the interests of the client and with the goal of maximizing the value of the client's investments. With this goal in mind, the Guidelines cover various categories of voting decisions and generally specify whether TCW will vote for or against a particular type of proposal. TCW's underlying philosophy, however, is that its portfolio managers, who are primarily responsible for evaluating the individual holdings of TCW's clients, are best able to determine how best to further client interests and goals. The portfolio managers may, in their discretion, take into account the recommendations of TCW management, the Proxy Committee, and the Outside Service.

GUIDELINES

The proxy voting decisions set forth below refer to proposals by company management except for the categories of "Shareholder Proposals" and "Social Issue Proposals." The voting decisions in these latter two categories refer to proposals by outside shareholders.

CONFLICT RESOLUTION

Individual portfolio managers, in the exercise of their best judgment and discretion, may from time to time override the Guidelines and vote proxies in a manner that they believe will enhance the economic value of clients' assets,

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

keeping in mind the best interests of the beneficial owners.

11

A portfolio manager choosing to override the Guidelines must deliver a written rationale for each such decision to TCW's Proxy Specialist (the "PROXY SPECIALIST"), who will maintain such documentation in TCW's proxy voting records and deliver a quarterly report to the Proxy Committee of all votes cast other than in accordance with the Guidelines. If the Proxy Specialist believes there is a question regarding a portfolio manager's vote, she will obtain the approval of TCW's Director of Research (the "DIRECTOR OF RESEARCH") for the vote before submitting it. The Director of Research will review the portfolio manager's vote and make a determination. If the Director of Research believes it appropriate, she may elect to convene the Proxy Committee.

It is unlikely that serious conflicts of interest will arise in the context of TCW's proxy voting, because TCW does not engage in investment banking or the managing or advising of public companies. In the event a potential conflict of interest arises in the context of voting proxies for TCW's clients, the primary means by which TCW will avoid a conflict is by casting such votes solely in the interests of its clients and in the interests of maximizing the value of their portfolio holdings. In this regard, if a potential conflict of interest arises, but the proxy vote to be decided is predetermined hereunder to be cast either in favor or against, then TCW will vote accordingly. On the other hand, if a potential conflict of interest arises and either there is no predetermined vote or such vote is to be decided on a case-by-case basis, then TCW will undertake the following analysis.

First, if a potential conflict of interest is identified because the issuer soliciting proxy votes is itself a client of TCW's (or because an affiliate of such issuer, such as a pension or profit sharing plan sponsored by such issuer, is a client of TCW's), then the Proxy Committee will determine whether such relationship is material to TCW. In making this determination, a conflict of interest will usually not be deemed to be material unless the assets managed for that client by TCW exceed, in the aggregate, 0.25% (25 basis points) or more of TCW's total assets under management. If such a material conflict is deemed to have arisen, then TCW will refrain completely from exercising its discretion with respect to voting the proxy with respect to such vote and will, instead, refer that vote to an outside service for its independent consideration as to how the vote should be cast. Second, a potential conflict of interest may arise because an employee of TCW sits on the Board of a public company. The Proxy Specialist is on the distribution list for an internal chart that shows any Board seats in public companies held by TCW personnel. If there is a vote regarding such a company, and the portfolio manager wants to vote other than in accordance with the Guidelines, the Proxy Specialist will confirm that the portfolio manager has not spoken with the particular Board member and will provide the Proxy Committee with the facts and vote rationale so that it can vote the securities. The vote by the Proxy Committee will be documented.

Finally, if a portfolio manager conflict is identified with respect to a given proxy vote, the Proxy Committee will remove such vote from the conflicted portfolio manager and, as a group, the Proxy Committee will consider and cast the vote

PROXY VOTING INFORMATION AND RECORDKEEPING

Upon request, TCW provides proxy voting records to its clients. These records state how votes were cast on behalf of client accounts, whether a particular matter was proposed by the company or a shareholder, and whether or not TCW voted in line with management recommendations.

TCW is prepared to explain to clients the rationale for votes cast on behalf of client accounts. To obtain proxy voting records, a client should contact the Proxy Specialist.

TCW or an outside service will keep records of the following items: (i) these Proxy Voting Guidelines and any other proxy voting procedures; (ii) proxy statements received regarding client securities (unless such statements are available on the SEC's Electronic Data Gathering, Analysis, and Retrieval (EDGAR) system); (iii) records of votes cast on behalf of clients (if maintained by an outside service, that outside service will provide copies of those records promptly upon request); (iv) records of written requests for proxy voting information and TCW's response (whether a client's request was oral or in writing); and (v) any documents prepared by TCW that were material to making a decision how to vote, or that memorialized the basis for the decision. Additionally, TCW or an outside service will maintain any documentation related to an identified material conflict of interest.

TCW or an outside service will maintain these records in an easily accessible place for at least FIVE YEARS from the end of the fiscal year during which the last entry was made on such record. For the first TWO YEARS, TCW or an outside service will store such records at its principal office.

INTERNATIONAL PROXY VOTING

While TCW utilizes these Proxy Voting Guidelines for both international and domestic portfolios and clients, there are some significant differences between voting U.S. company proxies and voting non-U.S. company proxies. For U.S. companies, it is relatively easy to vote proxies, as the proxies are automatically received and may be voted by mail or electronically. In most cases, the officers of a U.S. company soliciting a proxy act as proxies for the company's shareholders.

For proxies of non-U.S. companies, however, it is typically both difficult and costly to vote proxies. The major difficulties and costs may include: (i) appointing a proxy; (ii) knowing when a meeting is taking place; (iii) obtaining relevant information about proxies, voting procedures for foreign shareholders, and restrictions on trading securities that are subject to proxy votes; (iv) arranging for a proxy to vote; and (v) evaluating the cost of voting. Also, proxy votes against management rarely succeed. Furthermore, the operational hurdles to voting proxies vary by country. As a result, TCW considers international proxy voting on a case-by-case basis. However, when TCW believes that an issue to be voted is likely to affect the economic value of the portfolio securities, that its vote may influence the ultimate outcome of the contest, and that the benefits of voting the proxy exceed the expected costs, TCW will make every reasonable effort to vote such proxies. In addition, TCW will attempt to implement, to the extent appropriate, uniform voting procedures across countries.
