The percentage shown for each investment category in the Portfolio of Investments is based on net assets.

FLEX - FLEXible EXchange traded option, representing a customized option contract with negotiated contract terms.

PSF - Permanent School Fund

At September 30, 2014, the concentration of the Fund's investments in the various states, determined as a percentage of net assets, is as follows:

New York	16.5%
Others, representing less than 10% individually	78.8%

(1) Security (or a portion thereof) has been pledged as collateral for written option contracts.

(2) When-issued security.

## Edgar Filing: Eaton Vance Tax-Advantaged Bond & Option Strategies Fund - Form N-Q

- (3) Amount is less than 0.05%.
- (4) Affiliated investment company, available to Eaton Vance portfolios and funds, which invests in high quality, U.S. dollar denominated money market instruments. The rate shown is the annualized seven-day yield as of September 30, 2014. Net income allocated from the investment in Eaton Vance Cash Reserves Fund, LLC for the fiscal year to date ended September 30, 2014 was \$16,650. The cost and unrealized appreciation (depreciation) of investments of the Fund at September 30, 2014, as determined on a federal income tax basis, were as follows:

<b>Aggregate cost</b>	<b>\$</b>	<b>153,605,708</b>
Gross unrealized appreciation	\$	6,169,119
Gross unrealized depreciation		(223,582)
<b>Net unrealized appreciation</b>	<b>\$</b>	<b>5,945,537</b>

## Edgar Filing: Eaton Vance Tax-Advantaged Bond & Option Strategies Fund - Form N-Q

Written options activity for the fiscal year to date ended September 30, 2014 was as follows:

	Number of Contracts	Premiums Received
Outstanding, beginning of period	3,602	\$ 2,301,317
Options written	32,566	21,369,689
Options terminated in closing purchase transactions	(6,635)	(4,638,611)
Options expired	(26,417)	(16,892,034)
<b>Outstanding, end of period</b>	<b>3,116</b>	<b>\$ 2,140,361</b>

At September 30, 2014, the Fund had sufficient cash and/or securities to cover commitments under these contracts.

The Fund is subject to equity price risk in the normal course of pursuing its investment objective. The Fund enters into a series of S&P 500 written call and put option spread transactions to enhance return while limiting any potential loss. A written call option spread on a stock index consists of selling call options on the index and buying an equal number of call options on the same index and with the same expiration, but with a higher exercise price. A written put option spread on a stock index consists of selling put options on an index and buying an equal number of put options on the same index and with the same expiration, but with a lower exercise price. Any net premiums received are reduced by the premiums paid on the purchased options. The risk of loss if written options expire in the money is limited to the difference in exercise price of the written and purchased option positions. The Fund's use of option spreads rather than stand alone options, staggering roll dates across the option position portfolio, and utilizing exchange-traded options guaranteed by the Options Clearing Corporation, a market clearinghouse, serve to mitigate risk in its option strategy.

At September 30, 2014, the aggregate fair value of derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) in an asset position and in a liability position and whose primary underlying risk exposure is equity price risk was \$210,802 and \$1,322,836, respectively.

Under generally accepted accounting principles for fair value measurements, a three-tier hierarchy to prioritize the assumptions, referred to as inputs, is used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund's own assumptions in determining the fair value of investments)

In cases where the inputs used to measure fair value fall in different levels of the fair value hierarchy, the level disclosed is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

At September 30, 2014, the hierarchy of inputs used in valuing the Fund's investments and open derivative instruments, which are carried at value, were as follows:

Asset Description	Level 1	Level 2	Level 3	Total
Tax-Exempt Municipal Securities	\$	\$ 138,149,975	\$	\$ 138,149,975
Taxable Municipal Securities		11,400,111		11,400,111
Call Options Purchased	3,944	6,759		10,703
Put Options Purchased	88,257	111,842		200,099

Edgar Filing: Eaton Vance Tax-Advantaged Bond & Option Strategies Fund - Form N-Q

Short-Term Investments			9,790,357		9,790,357
<b>Total Investments</b>	<b>\$ 92,201</b>	<b>\$ 159,459,044</b>		<b>\$ 159,551,245</b>	
<b>Liability Description</b>					
Call Options Written	\$ (150,385)	\$ (315,438)		\$ (465,823)	
Put Options Written	(357,398)	(499,615)		(857,013)	
<b>Total</b>	<b>\$ (507,783)</b>	<b>\$ (815,053)</b>		<b>\$ (1,322,836)</b>	

The Fund held no investments or other financial instruments as of December 31, 2013 whose fair value was determined using Level 3 inputs. At September 30, 2014, there were no investments transferred between Level 1 and Level 2 during the fiscal year to date then ended.

For information on the Fund's policy regarding the valuation of investments and other significant accounting policies, please refer to the Fund's most recent financial statements included in its semiannual or annual report to shareholders.

**Item 2. Controls and Procedures**

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant on this Form N-Q has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant on this Form N-Q has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the fiscal quarter for which the report is being filed that have materially affected, or are reasonably likely to materially affect the registrant's internal control over financial reporting.

**Signatures**

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
