PROXY STATEMENT

Louisiana-Pacific Corporation, a Delaware corporation (LP), is soliciting proxies on behalf of its Board of Directors to be voted at the 2015 Annual Meeting of Stockholders (including any postponement or adjournment of the meeting). This proxy statement and the accompanying proxy card are being distributed to stockholders beginning on approximately March 13, 2015.

EXECUTIVE SUMMARY

The 2015 Annual Meeting of Stockholders of Louisiana-Pacific Corporation (LP) will be held at LP 's Corporate Headquarters, 414 Union Street, Suite 2000, Nashville, Tennessee, on Friday, May 1, 2015, at 9:30 a.m. local time. At the time this proxy statement was printed, management knew of only the following three items of business to be presented at the annual meeting, as listed in the Notice of Annual Meeting of Stockholders.

Item 1 Election of Directors Frierson and Stevens

LP Board recommends a vote FOR the election of the two nominees, Mr. Frierson and Mr. Stevens, both current members of the Board. Mr. Frierson is an independent Director and serves as the Chairman of the Nominating and Corporate Governance Committee and is a member of the Environmental Compliance Committee. Mr. Stevens is the Company 's Chief Executive Officer and a member of the Executive Committee and the Environmental Compliance Committee.

Item 2 Ratification of the selection of Independent Auditor Deloitte and Touche LLP for 2015

The LP Board recommends a vote FOR the selection of Deloitte and Touche LLP as LP 's outside independent auditor to audit its consolidated financial statements for 2015. The Board has determined it to be sound corporate governance practice to submit the appointment for ratification by LP 's stockholders even though it is not required.

Item 3 Advisory vote to approve executive compensation

The LP Board recommends a vote FOR the 2014 executive compensation. The Compensation Committee took substantial actions to further align executive compensation with stockholder interests. In making executive compensation decisions, the Compensation Committee considered the constructive feedback we have heard from stockholders as well as our longstanding pay-for-performance philosophy.

We provide our stockholders an opportunity to cast an advisory vote on the compensation of our named executive officers, although that vote is non-binding. In 2014, shareholders approved the compensation policies by a favorable vote of 79%. In our conversations, shareholders consistently voiced concerns that there were no performance shares in our long-term equity incentive programs, and that certain Change in Control agreements had tax gross-up features even though the Compensation Committee stopped entering into agreements with such features in 2010.

As a result of these communications and our pay-for-performance philosophy, LP 's Compensation Committee took these substantial actions on executive compensation:

Made no cash awards for 2014 performance. Despite meeting many operational objectives, LP did not meet the financial metric threshold under the Annual Cash Incentive Award Plan. As a result, executive cash compensation for 2014 decreased by approximately 45 percent compared to 2013.

Added performance shares to the Long-Term Incentive Plan for 2015. The overall incentive opportunity did not increase, thereby shifting value from time-based equity grants of restricted stock and stock settled appreciation rights to the new performance shares. Conditions for the vesting of the performance shares are based on revenue growth and total shareholder return.

Table of Contents

Provided notice of termination of all change in control agreements containing tax gross-up provisions.

Monitored compensation packages, with the assistance of our independent compensation consultant, so that each executive officer remains within a competitive range of the median market value (50th percentile) of total compensation for executives in comparable positions at peer group companies.

It is our belief that our executive compensation programs should attract, retain and motivate our management team to lead our company to improved and sustainable financial performance that furthers the long-term interests of LP and its stockholders. These actions will help reach that goal.

VOTING PROCEDURE

As allowed by rules and regulations of the Securities and Exchange Commission (the SEC), we are providing access to this proxy statement by Internet. You will not receive a paper copy of this proxy statement by mail unless you request it. Instead, you were sent a notice (the Notice) providing instructions on how to view this proxy statement and vote your proxy by Internet.

If you requested a paper copy of this proxy statement, a proxy card is enclosed for your use. To vote by mail, please sign, date, and return the proxy card promptly. For your convenience, a return envelope is enclosed, which requires no postage if mailed in the United States. You may indicate your voting instructions on the proxy card in the spaces provided. Properly completed proxies will be voted as instructed. If you return a proxy without indicating voting instructions, your shares will be voted in accordance with the recommendations of the Board of Directors for Items 1, 2, and 3 listed in the Notice of Annual Meeting of Stockholders.

If you vote your proxy prior to the meeting, you may revoke it (1) by filing either a written notice of revocation or a properly signed proxy bearing a later date with the Secretary of LP at any time before the meeting, (2) by voting in person at the annual meeting, or (3) by following the instructions in the Notice.

If shares are held for your account in the Automatic Dividend Reinvestment Plan administered by Computershare Trust Company, N.A., all your shares held in the plan will be voted in the same manner as shares you vote by proxy. If you do not vote by proxy, the shares held for your account in the plan will not be voted.

Only stockholders of record at the close of business on March 2, 2015, are entitled to receive notice of the annual meeting and to vote at the meeting. At the record date, there were 142,364,326 shares of common stock, \$1 par value (Common Stock), outstanding. Each share of Common Stock is entitled to one vote on each matter to be acted upon. A majority of the outstanding shares of Common Stock represented at the meeting will constitute a quorum. Additional information concerning holders of outstanding Common Stock may be found under the heading Holders of Common Stock below.

The Board of Directors has adopted a confidential voting policy which provides that the voting instructions of stockholders are not to be disclosed to LP except (a) in the case of communications intended for management, (b) in the event of certain contested matters, or (c) as required by law. Votes will be tabulated by independent tabulators and summaries of the tabulation will be provided to management.

Banks and brokers acting as nominees for beneficial owners are not permitted to vote proxies with regard to Items 1 and 3 on behalf of beneficial owners who have not provided voting instructions to the nominee (a broker non-vote), making it especially important that, if you hold your shares in street name, you send your broker your voting instructions.

ITEM 1 ELECTION OF DIRECTORS

Nominees

The two nominees listed below for the Class III director positions to be voted on at the meeting are currently members of the Board of Directors. Additionally, Mr. Stevens is the Company's Chief Executive Officer. The term of office for the positions to be voted on will expire at the Annual Meeting of Stockholders in 2018.

The Board of Directors has determined that Mr. Frierson has no material relationship with LP (either directly or as a partner, stockholder, officer or director of an organization that has a relationship with LP) other than his service as a director of LP, and he is not disqualified from being independent under the listing standards adopted by the New York Stock Exchange (the NYSE). As Chief Executive Officer, Mr. Stevens is disqualified from being considered independent. The continuing members of the Board of Directors unanimously recommend a vote for each nominee.

Daniel K. Frierson

Nominee for Term Expires 2018

Daniel K. Frierson, age 73, became a director of LP in 2003. Mr. Frierson has been Chairman and Chief Executive Officer of The Dixie Group, Inc., a manufacturer and distributor of high-end carpet and rugs headquartered in Chattanooga, Tennessee, for more than 15 years. He is also a director of Astec Industries, Inc. Mr. Frierson was selected to serve as a director based upon a number of considerations, including his operational experience in a specialty products based industry that sells into LP's residential construction and repair/remodel customer base, his experience dealing with corporate governance, disclosure, investor relations and regulatory compliance matters, and his ability to assist in assessing risk and market influences. Mr. Frierson serves on the Environmental and Compliance Committee and as the Chair on the Nominating and Corporate Governance Committee.

Curtis M. Stevens

Nominee for Term Expires 2018

Curtis M. Stevens, age 62, became a director of LP in 2012. Mr. Stevens has been CEO of LP since May 4, 2012. Mr. Stevens served as the Chief Operating Officer of LP from December 5, 2011 to May 4, 2012, and prior to that position served as Executive Vice President Administration and Chief Financial Officer of LP since 2002 and Chief Financial Officer of LP since 1997. Mr. Stevens is also a director of Quanex Building Products, a publicly traded OEM for residential and commercial construction markets. Mr. Stevens holds a B.A. in Economics and an M.B.A in Finance from the University of California at Los Angeles. The Board of Directors selected Mr. Stevens to serve as a director based upon a number of considerations, including his appointment as Chief Executive Officer of LP, his prior performance as an executive at LP, his long history and deep familiarity with LP's financial and operational matters, and his satisfaction of relevant criteria included in LP's corporate governance principles. The Board of Directors also considered Mr. Stevens' expansive knowledge of the forest products industry in North America and South America, together with his knowledge and experience in finance, accounting, capital markets, information technology and international business operations. The Board also believes he is an effective liaison between the Board and management. Mr. Stevens serves on the Executive Committee and the Environmental and Compliance Committee.

Your shares represented by a properly completed and returned proxy card will be voted FOR the election of the two nominees named above unless you specify otherwise (Item 1 on the proxy card). If any nominee becomes unavailable to serve (which is not anticipated), your proxy will be voted for a substitute nominee designated by the Board of Directors. Each nominee who receives the affirmative vote of a majority of the total votes cast on his election will be elected. Shares not voted on the election of a nominee, whether because authority to vote is withheld, the record holder fails to return a proxy, or a broker non-vote occurs, will not count in determining the total number of votes cast on his election.

Table of Contents**Continuing Directors**

The current members of the Board of Directors whose terms of office will continue beyond the 2015 Annual Meeting of Stockholders are listed below. The Board of Directors has determined that each continuing director named below has no material relationship with LP, either directly, or as a partner, stockholder, officer or director of an organization that has a relationship with LP, and is not disqualified from being independent under the NYSE's listing standards.

Table of Contents

Principles of Corporate Governance

Strong corporate leadership of the highest ethics and integrity has long been a major focus of LP's Board of Directors and management. The key tenets of LP's corporate governance principles include the following:

An independent director serves as Chairman of the Board. LP separated the position of Chairman of the Board and Chief Executive Officer in 2004 in order to more clearly distinguish the roles and duties of each position and enhance the independence of the Board. As a result, the Chairman of the Board has been designated to preside at Board meetings and executive sessions so long as he or she is an independent director. In the Chairman's absence, the Board would designate another independent director to preside at these meetings.

A majority of the directors and all members of the Finance and Audit, Compensation, and Nominating and Corporate Governance Committees must be independent. To be considered independent under the corporate governance principles, a director must meet applicable standards imposed by the SEC and the NYSE, as well as additional requirements. The additional requirements are that the director: (1) is free of any relationship that may interfere with the exercise of his or her independent judgment as a director, and (2) has not been an officer or employee of LP (including its subsidiaries or affiliates) at any time in the past five years. The Board has determined that each current director other than Mr. Stevens is independent under these standards. The two committees on which Mr. Stevens serves are the Executive Committee and the Environmental and Compliance Committee. LP's independence standards are available on its website together with the rest of the corporate governance standards, as summarized below.

The independent directors meet in executive session without management present in connection with each quarterly Board meeting.

Following any material change in employment or business association, a director must tender his or her resignation for consideration by the Board, which may choose not to accept it.

Directors must retire as of the date of the next annual meeting of stockholders after attaining age 75.

Directors are provided with orientation and continuing education opportunities relating to performance of their duties as directors.

The composition, structure, purpose, responsibilities and duties of each of the standing Board committees other than the Executive Committee are set forth in written charters approved from time to time by the Board.

The Board and Board committees have authority to engage outside advisors, including an independent compensation consultant and outside legal counsel, who are independent of management to provide expert or legal advice to the directors.

The Nominating and Corporate Governance Committee oversees annual evaluations of the operations and effectiveness of the Board and its committees, and communicates the results of these evaluations to the full Board.

Each director must receive a majority of the shareholder votes cast in uncontested elections of directors.

LP has adopted a Code of Business Conduct and Ethics applicable to all directors, officers, and employees and a separate Code of Ethics for Senior Financial Officers, including the Chief Executive Officer, which relates to conflicts of interest and full, fair and

Edgar Filing: LOUISIANA-PACIFIC CORP - Form DEF 14A

accurate financial reporting. The Code of Business Conduct and Ethics addresses, among other matters, conflicts of interest, corporate opportunities, confidentiality, fair dealing, protection and proper use of company assets, legal and regulatory compliance, and reporting of illegal or unethical behavior. Waivers of either code with respect to directors and executive officers may be made only by the Board or a Board committee to which this responsibility is delegated, and will be promptly disclosed to LP's stockholders by posting on LP's website at www.lpcorp.com. In 2014, there were no waiver requests.

Table of Contents

LP's Chief Executive Officer is responsible for maintaining a succession planning process with respect to top management positions and to report to the Board at least annually regarding specific assessments and recommendations.

The Board has adopted stock ownership guidelines for both directors and executive officers. The guidelines specify target amounts of share ownership. Each outside director is expected to acquire and hold a number of shares equal in value to five times the regular annual cash retainer for directors within five years of joining the Board. All current outside directors meet the guidelines. The guidelines for executive officers are discussed under the heading *Additional Policies and Guidelines Affecting Executive Compensation*.

LP's Insider Trading Policy prohibits LP's directors, executive officers, senior management and certain other key managers from engaging in hedging or speculative transactions involving LP common stock, including buying or selling put or call options or entering into forward sale contracts.

Current copies of LP's corporate governance principles, Code of Business Conduct and Ethics, and Code of Ethics for Senior Financial Officers are available on LP's website at www.lpcorp.com by clicking on *About Us*, then *Investor Relations*, then *Corporate Governance*. Any amendments to either code will also be posted at www.lpcorp.com. Copies of any of these documents may also be obtained free of charge by writing to Corporate Affairs, Louisiana-Pacific Corporation, 414 Union Street, Suite 2000, Nashville, Tennessee 37219.

Leadership Structure and Oversight of Risk

Board Leadership Structure

The members of the Board have a diverse set of skills and experiences and all of the members, except the Chief Executive Officer, are independent. The Board currently has eight members. In 2004, the Board determined, for the purpose of enhancing the Board's independence and effectiveness, that it was in the best interests of LP and its stockholders to separate the Chairman position from the CEO. An independent director, E. Gary Cook, was elected by the Board to be the nonexecutive Chairman. The Board continues to have full access to the experience and insight of the CEO, as he is a member of the Board. If in the future, the Board determines that it is then in the best interests of LP and its stockholders to combine the Chairman and CEO positions, it will disclose its reasoning for modifying this structure.

The Chairman's duties include: preparing agendas for Board meetings in consultation with other directors and management; chairing meetings of the Board and executive sessions of the independent directors; chairing meetings of the Executive Committee; leading the independent directors in periodic reviews of the performance of the CEO; keeping directors informed by timely distribution of information; serving as liaison between independent directors and the CEO; and recommending independent outside advisors who report directly to the Board on material issues.

Oversight of Risk

The directors are elected representatives of the stockholders and act as fiduciaries on their behalf. In performing its general oversight function, the Board reviews and assesses LP's strategic and business planning as well as management's approach to addressing significant risks. While the full Board meets at least quarterly, it has delegated much of its risk oversight activities to various Board committees (discussed below). All committees report directly to the Board regularly, and all committee minutes are distributed for review by the entire Board. Additionally, the Board and committees are authorized to retain independent advisors, including attorneys or other consultants, to assist in their oversight activities.

As set out in LP's Corporate Governance Principles, it is the responsibility of the CEO, and of senior management under the CEO's direction, to operate the business of LP on a day-to-day basis in a competent and ethical manner to produce value for the stockholders, and to regularly inform the Board of the status of LP's business operations. Management's responsibilities include strategic planning, preparation of annual operating plans and budgets, risk management and financial reporting. The Board fulfills its oversight responsibilities as set

Table of Contents

out in the Corporate Governance Principles on behalf of the stockholders and in furtherance of LP's long-term health. The Board's role does not involve managing the daily complexities of business transactions. The current leadership structure provides directors with significant information related to risks faced by LP, as well as an opportunity to synthesize, discuss and consider these risks independent of management and to provide guidance to management.

As part of its oversight responsibilities, the Board and its committees are involved in the oversight of risk management of LP. It does so in part through its review of findings and recommendations by LP's Risk Management Council, the participants of which are executives and/or functional department leaders in the areas of Risk Management, Finance, Audit, Legal, Information Technology, Environmental, Product Quality, and Compliance, all of whom supervise day-to-day risk management throughout LP. The purpose of the Risk Management Council is to help the CEO assess the effectiveness of LP's handling of risks. The Board or its committees have direct access to financial and compliance leaders on a quarterly basis or as needed. Further, LP's Treasurer and Risk Manager periodically presents to the Finance and Audit Committee, or the Board, a comprehensive report as to the Council's risk mapping efforts, as well as management's efforts to mitigate and transfer risk.

The Board committees consider the risks within their areas of responsibilities under each of their charters. The Finance and Audit Committee considers operational and financial risk on a quarterly basis and reviews various guidelines for cash, credit and liquidity measures. It also reviews risks related to financial disclosures and reporting and reviews the audit risk assessment identifying internal controls and risks that affect the audit plan for the coming year. The Nominating and Corporate Governance Committee reviews the various regulatory changes and trends related to corporate governance, including Board member selection and maintaining appropriate corporate governance principles and guidelines, as well as conducting annual evaluations to assess Board and committee effectiveness. The Environmental and Compliance Committee reviews quarterly each compliance function and considers the various allegations, disciplinary actions and training statistics, and annually reviews the entire ethics program and any waivers of the program. The Compensation Committee reviews LP's overall compensation programs and their effectiveness at linking executive pay to long-term performance, as well as aligning the interests of management with stockholders. Each director is informed of the oversight activities of each committee through regular reports by the Committee Chairs to the entire Board as well as reviewing the minutes of each committee meeting.

Board and Committee Meetings

During 2014, each director attended at least 75% of the aggregate of the total number of meetings of the Board and meetings held by all committees of the Board on which he or she served during his or her tenure on the Board or such committees. The Board of Directors held five meetings in 2014. While LP does not have a policy regarding attendance by directors at the annual meeting of stockholders, in 2014, all directors attended the annual meeting.

Table of Contents

The Board's committees and membership on each committee as of May 2, 2014, are set forth in the table below. Each committee shown below other than the Executive Committee has a written charter delineating its membership, duties and functions. Copies of the charters are available on LP's website as described above under "Principles of Corporate Governance" and may also be obtained by writing to the address listed above.

Finance and Audit Committee

The Finance and Audit Committee (the "Audit Committee") held seven meetings during 2014. Two of these meetings included education and training sessions on financial, accounting and disclosure issues currently applicable to LP. In order to effectively perform its oversight responsibilities and duties, the Audit Committee holds, in addition to executive sessions, separate sessions from time to time with LP's management, internal auditors, and the independent auditor.

The Audit Committee has sole authority and responsibility to select, retain, oversee, and replace LP's independent auditor and to approve its compensation. The Audit Committee is responsible for pre-approving all audit services and legally-permitted non-audit services. The Audit Committee reviews the annual audit plan of the independent auditor and performs an annual evaluation of the auditor's qualifications, performance and independence. The Audit Committee also reviews reports by the auditor regarding discussions with management relating to critical accounting policies, alternative treatments of financial information under generally accepted accounting principles, and other significant accounting issues, the results of the audits and the quarterly and annual financial statements, the opinion to be rendered by the auditor in connection with LP's audited financial statements, and its audit of internal control over financial reporting. The Audit Committee meets with the auditor to discuss any audit problems or difficulties and management's responses. The Audit Committee is responsible for reviewing and discussing with the auditor all matters that are required to be reviewed and discussed with the auditor under applicable legal, regulatory and corporate governance rules.

The Audit Committee also oversees LP's internal audit function and internal control systems, including reviewing LP's internal audit plans, the scope, coverage and objectivity of the internal audits performed, and the adequacy and the effectiveness of certain internal legal compliance programs. The Audit Committee also oversees LP's disclosure controls and procedures and internal controls over financial reporting, and its guidelines, policies and programs with respect to financial risk assessment and risk management. The Director of Internal Audit attends meetings of and reports to the Audit Committee quarterly, as well as on an as-needed basis, and also meets with the Audit Committee separate from management.

With respect to financial and financial reporting matters, the Audit Committee makes recommendations as appropriate to the Board of Directors regarding capital structure issues, dividend policy, treasury stock purchases, acquisitions and divestitures, external financing, complex financial transactions, and investment and debt policies. The Audit Committee also reviews and discusses with management the status and potential financial

implications of significant legal and tax matters, major issues regarding accounting principles, significant financial reporting issues, the effect of regulatory and accounting initiatives on LP's financial statements, the financial results to be included in LP's reports filed with the SEC, and LP's earnings press releases and other financial information provided to the public. Additionally, the Audit Committee regularly meets with LP's Treasurer and Risk Manager and LP's General Counsel and Compliance Officer to review various credit, operational and legal/compliance risks and methods of risk mitigation, including insurance coverage and limits.

The Audit Committee is also responsible for reviewing transactions between LP and certain related persons as described under the heading Related Person Transactions. The Audit Committee conducts an annual self-evaluation of responsibilities under its charter and various regulatory requirements and reports its findings to the Board.

Audit Committee Financial Experts

The Board of Directors has determined that each member of the Audit Committee is financially literate, as that term is used in the NYSE's listing standards, and an audit committee financial expert, as defined in the SEC's rules and regulations. The Board of Directors has also determined that each member of the Audit Committee meets the independence requirements for audit committee membership mandated by the Sarbanes-Oxley Act of 2002 and incorporated into the NYSE's listing standards.

Compensation Committee

The Compensation Committee, which met four times in 2014, exercises the authority of the Board of Directors with respect to the compensation of LP's executive officers, including salaries, cash incentive compensation, equity-based compensation, deferred compensation, retirement benefits, and severance pay and benefits. It is responsible for administering two stock award plans as they relate to officers and employees: LP's 1997 Incentive Stock Award Plan, under which no new awards will be made, and LP's 2013 Omnibus Stock Plan (the Stock Award Plan), which was approved by shareholders at the May 2013 Annual Meeting and replaces the 1997 Incentive Stock Award Plan. It also administers the Amended and Restated Annual Cash Incentive Award Plan (the Cash Incentive Plan) with respect to awards to management. In addition, the Compensation Committee administers LP's other compensation and benefit plans covering officers and employees to the extent authorized under the terms of the plan or by action of the Board of Directors, including the participation in each plan by LP's executive officers. Neither the Compensation Committee nor the Board, however, administers any ERISA or other pension plans.

The Compensation Committee, which is comprised of independent directors, is also responsible for developing and implementing compensation and benefit plans. The Compensation Committee conducts an annual self-evaluation of its performance and satisfaction of its responsibilities under its charter and various regulatory requirements and reports its findings to the Board.

In order to facilitate compliance with special rules affecting the deductibility of executive compensation under the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), and the short-swing profit liability provisions of the federal securities laws, certain compensation decisions with respect to LP's executive officers are made by a special subcommittee of the Compensation Committee. Presently, each member of the Compensation Committee is also a member of the subcommittee. The subcommittee is responsible for decisions relating to (1) performance goals associated with performance-based compensation, including under the Cash Incentive Plan, and (2) criteria for equity-based awards under the Stock Award Plan.

Under its charter, the Compensation Committee has the authority in its sole discretion to retain the services of outside consultants to assist it in making decisions regarding executive compensation and other compensation matters for which it is responsible. The Compensation Committee also has sole authority to terminate its consultants and to approve the fees and other terms of their engagement. The Compensation Committee has retained the firm of Frederic W. Cook & Co., Inc. (Frederic Cook) as the committee's independent compensation consultant to assist the committee in the discharge of its responsibilities, and to provide such services to the committee in relation thereto as the committee may from time to time request.

Table of Contents

Prior to selecting Frederic Cook as its independent compensation consultant, and as required by its Charter, the Compensation Committee annually considers various factors relevant to Frederic Cook's independence from LP's management. Based upon the 2014 assessment, the committee is not aware of any conflict of interest that would prevent Frederic Cook from providing independent advice concerning executive compensation matters. The consultant has unrestricted access to the committee Chair, attends executive sessions with the committee and reports directly to the committee. Further, any services requested of the consultant by management are subject to prior approval by the committee Chair, and the committee Chair will receive a copy of all invoices sent to LP by the consultant. No management services were requested in 2014.

A managing director of Frederic Cook generally participates in the Compensation Committee's meetings, including the executive sessions. Frederic Cook provides advice to the committee regarding individual performance objectives for target awards to certain executive officers under the Cash Incentive Plan, the composition of the peer group and benchmarks for purposes of analyzing LP's competitive position with respect to executive compensation, market survey data supporting compensation packages for new and existing executive officer positions, and the effect of SEC rules on LP's disclosures regarding the committee and executive compensation in LP's proxy statements.

Members of LP's management, including its Chief Executive Officer, Chief Financial Officer, Vice President Human Resources, and Vice President General Counsel and Corporate Secretary, generally attend each Compensation Committee meeting. However, no LP officers or employees attend the executive sessions held by the committee in conjunction with each of its regular quarterly meetings, and LP executives are excused during committee discussions and determinations regarding their individual compensation.

In connection with its review and approval of various elements of LP's executive compensation program, the Compensation Committee reviews and analyzes appropriate information prepared by the committee's outside consultant and LP's management, including compensation benchmark data compiled by Frederic Cook, quarterly reports provided by management regarding stock transactions and ownership levels of LP's executive officers, descriptions of perquisites provided to executive officers, and profiles for each executive officer showing a breakdown of key components of executive compensation and total amounts paid or accrued by LP.

Members of LP's management, including its Chief Executive Officer, Chief Financial Officer, and Vice President, Human Resources, made recommendations to the Compensation Committee concerning various elements of LP's compensation program during 2014, including elements of the program that apply to executive officers. Such recommendations related to base salary levels for LP's executive officers and target bonus amounts under the Cash Incentive Plan, the allocation between corporate performance goals and individual performance goals for the target bonuses, identification and calculation of the corporate performance goal, and establishment of individual performance goals for each executive officer. Those members of management also made recommendations regarding the terms, size, and value of proposed grants of restricted stock and stock-settled stock appreciation rights (SSARs) under the Stock Award Plan. LP's Chief Executive Officer provides the committee with an evaluation to assist the committee in assessing the performance of executive officers other than himself, as described under the heading "Compensation of Executive Officers Compensation Discussion and Analysis Achievement of Performance Goals for 2014."

Environmental and Compliance Committee

The Environmental and Compliance Committee, which met four times during 2014, is responsible for reviewing the effectiveness of LP's environmental management systems and ethics and compliance programs, product quality management systems, other legal compliance programs, and non-financial compliance audit work performed by LP's internal audit group. The Environmental and Compliance Committee receives quarterly written reports directly from functional leaders responsible for compliance, including the Vice President of Environmental Health & Safety, the Director of Internal Audit Department, the Director of Quality, and the Director of Compliance. Additionally, these leaders report in person annually to the committee on a rotating basis and are generally available for other committee meetings as needed. The Director of Compliance is a regular participant in committee meetings. The Environmental and Compliance Committee conducts an annual self-evaluation of its performance and satisfaction of its responsibilities under its charter and reports its findings to the Board.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee (the Nominating Committee), which met three times in 2014, is authorized to establish procedures for selecting and evaluating potential nominees for director and to recommend to the Board of Directors qualifications for membership on the Board, including standards of independence for outside directors. The Nominating Committee also considers and makes recommendations to the Board regarding the size and diversity of the Board of Directors and Board committees, the selection of candidates for director, and the compensation of directors, including annual retainers, meeting fees, deferred compensation, stock and option grants, and pension or retirement plans. It develops and recommends for consideration by the Board principles, guidelines, and procedures for other matters of corporate governance that may arise. The Nominating Committee periodically reviews LP's Code of Business Conduct and Ethics, which covers directors, officers and employees and addresses conflicts of interest, reporting of illegal or unethical behavior and related issues, and makes any recommendations to the Board for changes as it deems appropriate. It also oversees annual evaluations of the effectiveness of the Board of Directors, the operations of Board committees (including itself), and the contributions of individual directors.

Compensation for outside directors, including, annual cash retainers, meeting fees, and annual equity-based grants, are described below under Directors Compensation. The Nominating Committee may request advice from Frederic Cook, its independent compensation consultant, regarding the types and amount of compensation provided to LP's outside directors.

Consideration of Director Nominees

LP's corporate governance principles approved by the Nominating Committee and adopted by the Board provide that directors must be persons of integrity, with significant accomplishments and recognized business stature, who will bring a diversity of perspectives to the Board. Although the Board has not adopted a specific policy with regard to considering diversity in identifying director nominees, it believes that appropriate expertise, gender, cultural and geographical diversity should be reflected on the Board. Directors must also be able to commit the necessary time to prepare for and attend all regularly scheduled meetings of the Board and committees on which they serve, except when there are unavoidable business or personal conflicts. At least one outside director should have significant experience in the types of industries and business in which LP operates. The Nominating Committee uses the results of annual evaluations of the Board and Board committees in evaluating the skills and attributes desired in new director candidates. The Nominating Committee believes it to be desirable for all new outside directors (as is true of all current outside directors) to qualify as independent under the NYSE's listing standards. Experience in some capacity with publicly traded companies is also a desirable attribute. Additionally, the corporate governance principles recognize that LP's Chief Executive Officer will normally be a director and that other senior officers may be elected to the Board in appropriate circumstances as long as a majority of directors are independent as determined by the Board of Directors in accordance with the NYSE's listing standards.

The Nominating Committee is authorized by its charter to retain a third-party search firm to assist in identifying director candidates. Ideally, each individual proposed as a director candidate will be known by at least one existing director who can assist in evaluating the candidate's reputation for integrity and ethical conduct in business dealings.

As part of its annual self-assessment process, the Board and its committees determine the specific skill sets and necessary characteristics for an effective committee and the Board as a whole. If the Board, generally through the Nominating Committee, determines that a necessary skill set or perspective is absent, the Board will authorize an increase in the number of Board members. In the event of a vacancy resulting from retirement or this annual self assessment process, the Nominating Committee determines which skills should be sought in filling the vacancy and then each current director is asked to suggest names of potential director candidates based on the applicable criteria. As part of the process, the Nominating Committee considers a potential candidate's ability to contribute to the diversity of personal and professional experiences, opinions, perspectives and backgrounds on the Board. Once the potential candidates are identified, the Nominating Committee designates

one or more directors to screen each potential candidate for further consideration based on the relevant criteria. Following that screening process, the Nominating Committee (or a subcommittee) conducts in-person or telephone interviews with candidates warranting further consideration. Following those interviews, the Nominating Committee recommends a candidate to the full Board for election, as well as alternative candidates that the Board may wish to consider.

The Nominating Committee will consider stockholders' recommendations concerning nominees for director. Any such recommendation, including the name and qualifications of a nominee, may be submitted to LP at its corporate offices: Louisiana-Pacific Corporation, 414 Union Street, Suite 2000, Nashville, Tennessee 37219, to the attention of the Chairman of the Nominating Committee. Stockholder-recommended candidates will be evaluated by the same criteria described above.

Stockholder Nominations for Election as Director

LP's bylaws provide that nominations for election to the Board of Directors may be made by the Board or by any stockholder of record entitled to vote for the election of directors. Notice of a stockholder's intent to make such a nomination must be given in writing, by personal delivery or certified mail, postage prepaid, to the Chairman of the Board and must include the following:

The name and address of the stockholder and each proposed nominee;

A representation that the stockholder is a record holder of Common Stock and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

A description of any arrangements or understandings pursuant to which the nominations are to be made;

The signed consent of each proposed nominee to serve as a director if elected; and

Such other information regarding each nominee as would be required to be included in LP's proxy statement if the person had been nominated by the Board of Directors.

The notice must be delivered at least 45 days prior to the first anniversary of the initial mailing date of LP's proxy materials for the preceding year's annual meeting. For the 2016 annual meeting, this notice must be received by LP no later than January 27, 2016.

Communications between the Board and Stockholders, Employees, or Other Interested Parties

LP will promptly forward to the Chairman of the Board any letter or other written communication sent to the Board or any individual director or group of directors, as long as the communication is delivered by certified mail or courier service addressed to LP's Corporate Secretary at its corporate offices: Louisiana-Pacific Corporation, 414 Union Street, Suite 2000, Nashville, Tennessee 37219, and contains the name and address of the sender. If the communication is addressed to an individual director, it will first be sent to that individual for a determination as to whether it relates to a personal matter rather than an LP or an LP Board matter. The Chairman of the Board, in his or her sole discretion, will determine how to handle each communication, including forwarding it for consideration by the full Board, the non-management directors or independent directors only, a Board committee, or an individual director.

Table of Contents**ITEM 2 RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR**

The Audit Committee has appointed Deloitte & Touche LLP as LP's outside independent auditor to audit its consolidated financial statements for 2015. Although LP is not required to seek stockholder approval of this appointment, the Board has determined it to be sound corporate governance practice to submit the appointment for ratification by LP's stockholders. If the appointment is not ratified by stockholders, the Audit Committee will investigate the possible basis for the negative vote and will reconsider the appointment in light of the results of its investigation.

Representatives of Deloitte & Touche LLP are expected to attend the annual meeting where they will be available to respond to questions and, if they desire, may make a statement.

Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee has pre-approved all audit services provided by LP's independent auditor, Deloitte & Touche LLP, for the years ended December 31, 2013 and 2014. The Audit Committee also pre-approved all audit-related and permissible non-audit services provided by LP's independent auditor during 2013 and 2014 and concluded that the provision of those services by Deloitte & Touche LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

The Audit Committee has adopted a policy for the pre-approval of services provided by the independent auditor. Under the policy, pre-approval is generally provided for up to one year. Each pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may pre-approve particular services on a case-by-case basis. For each proposed service, the independent auditor must provide a statement that such service is consistent with the SEC's rules on auditor independence. The Audit Committee may delegate pre-approval authority to one or more of its members. Such a member must report any decisions to the Audit Committee at its next scheduled meeting. Unless specified otherwise by the Audit Committee, the Chairman of the Audit Committee has been delegated pre-approval authority under the pre-approval policy.

The aggregate fees, including expenses, billed to LP for the years ended December 31, 2013 and 2014 by LP's principal accounting firm, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates, were as follows:

ITEM 3 ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The Board of Directors recognizes the interest of stockholders in executive compensation matters. We are providing our stockholders an opportunity to cast an advisory vote on the compensation of our named executive officers, as described in this proxy statement. Although the vote is non-binding, we value continuing and constructive feedback from our stockholders on compensation and other important matters. In the first three years of this advisory vote, stockholders voted in favor of our compensation policies and programs exceeded 90%. In 2014, shareholders approved the compensation policies by a favorable vote of 79%. Subsequently, LP management discussed the compensation policies and practices with a number of shareholders directly. As a result of the advisory vote and feedback from the conversations with shareholders, LP's Compensation Committee added performance shares to the compensation equity mix, and provided notice of termination of all change in control agreements containing tax gross-up provisions. These and other actions are more fully described in the Compensation Discussion & Analysis (CD&A) section.

As described in the CD&A section of this proxy statement, we believe that our compensation packages provide competitive compensation that enables us to attract, retain and motivate a high-performance executive management team, link individual performance to corporate financial performance, and align the interests of management and stockholders by promoting ownership of LP common stock. For more details on our compensation philosophy, please read the CD&A relating to our executive compensation programs, including specific information about compensation of our named executive officers for 2014.

On behalf of the stockholders, the Compensation Committee continually reviews current market practices and data, and our compensation programs and ancillary policies, in addition to actual executive compensation. The Compensation Committee seeks to achieve the desired goals of aligning our executive compensation structure with our stockholders' interests. As a result of the committee's review in 2014, the committee took several important actions and maintained existing practices that represent strong corporate governance:

There were no cash awards for 2014 performance. Despite meeting many operational objectives, LP did not meet the financial metric threshold under the Annual Cash Incentive Award Plan. This resulted in executive cash compensation for 2014 decreasing by approximately 45 percent compared to 2013.

Added performance shares to the Long-Term Incentive Plan for 2015. The overall incentive did not increase, thereby shifting value from time-based equity grants of restricted stock and stock settled appreciation rights to the new performance shares. Payment of the performance shares is based on revenue growth and may be positively or negatively modified by total shareholder return.

Provided notice of termination of all change in control agreements containing tax gross-up provisions.

Compensation packages were monitored and modified where appropriate, with the assistance of our independent compensation consultant, so that each executive officer is within a competitive range of the median market value (50th percentile) of total compensation for executives in comparable positions at peer group companies.

We continued to provide only limited perquisites to our CEO and other executive officers that we believe provide direct benefits to LP.

We place a strong emphasis on variable compensation.

Our annual incentive compensation plans were aligned between our executives and all other employees to ensure unified effort toward the achievement of our goals and objectives.

Our long-term incentive program is designed to align our senior leaders with the financial interests of our stockholders and to achieve the long-term strategic objectives of the company.

Edgar Filing: LOUISIANA-PACIFIC CORP - Form DEF 14A

We believe that proper administration of our executive compensation programs should result in the development of a management team motivated to lead our company to improved fundamental financial

performance in furtherance of the long-term interests of LP and its stockholders. For these reasons, **we recommend that stockholders vote, on an advisory basis, FOR the following resolution:**

Resolved, that the compensation paid to our named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K adopted by the SEC, including the Compensation Discussion and Analysis, executive compensation tables and accompanying footnotes and narrative discussion, is hereby approved.

The above-referenced disclosures appear under the heading "Compensation of Executive Officers" in this proxy statement.

The above resolution will be deemed to be approved if it receives the affirmative vote of a majority of the total votes cast on Item 3 at the annual meeting. Abstentions and broker non-votes are not considered to be votes cast and, accordingly, will have no effect on the outcome of the vote. As this vote is an advisory vote, the outcome is not binding on us with respect to future executive compensation decisions, including those relating to our named executive officers. Our Compensation Committee and Board of Directors will, however, take the outcome of the vote into account in making future executive compensation decisions, as they did in 2014 and prior years.

At LP's 2010 annual meeting of stockholders, a majority of the votes cast on an advisory basis as to the frequency with which LP should conduct an advisory stockholder vote on the compensation of LP's executive officers (a "say-on-pay" vote) were cast in favor of conducting a say-on-pay vote annually. Accordingly, LP presently intends to conduct a say-on-pay vote annually until the next required advisory vote on the frequency of say-on-pay votes.

OTHER BUSINESS

At the time this proxy statement was printed, management knew of no matters to be presented at the annual meeting other than the items of business listed in the Notice of Annual Meeting of Stockholders. If any matters other than the listed items properly come before the meeting, the proxies named in the accompanying form of proxy will vote or refrain from voting on such matters in accordance with their judgment.

FINANCE AND AUDIT COMMITTEE REPORT

In discharging its responsibilities, the Audit Committee and its individual members have met with management and LP's independent auditor, Deloitte & Touche LLP, to review LP's accounting functions and the audit process and to review and discuss LP's audited consolidated financial statements for the year ended December 31, 2014. The Audit Committee discussed and reviewed with its outside auditing firm all matters that the firm was required to communicate and discuss with the Audit Committee under applicable auditing standards and all other legal, regulatory and corporate governance standards, including those described in Statement on Auditing Standards No. 61, as amended, regarding communications with audit committees. Deloitte & Touche has also provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding communication with the Audit Committee concerning independence. The Audit Committee discussed with Deloitte & Touche the firm's independence.

Based on its review and discussions with management and LP's outside auditor, the Audit Committee recommended to the Board of Directors that LP's audited consolidated financial statements for the year ended December 31, 2014, be included in LP's Annual Report on Form 10-K filed with the SEC.

Respectfully submitted,

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Committee Report

In accordance with its written charter adopted by the Board of Directors, the Compensation Committee (the Committee) has oversight of compensation policies designed to align compensation with our overall business strategy, values and management initiatives. In discharging its oversight responsibility, the Committee has retained an independent compensation consultant, Frederic Cook, to advise the Committee regarding market and general compensation trends.

The Committee has affirmed the independence of its consultant through a review of the firm's independence policy and other relevant matters, and is not aware of any conflict of interest that would prevent the consultant from providing independent advice to the Committee regarding executive compensation matters. The consultant is responsible solely to the Committee and undertook no work with the management of the company without approval from the committee chair. The consultant is not the beneficial owner of any shares of Louisiana-Pacific Corporation common stock, and fees payable by Louisiana-Pacific to Frederic Cook during 2014 were less than 1% of the firm's gross revenues.

The Committee has reviewed and discussed the Compensation Discussion and Analysis with our management, which has the responsibility for preparing the Compensation Discussion and Analysis. Based upon this review and discussion, the Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in our Annual Report on Form 10-K filed with the Securities and Exchange Commission for the fiscal year ended December 31, 2014.

Respectfully submitted,

Colin D. Watson, Chairman

E. Gary Cook

Kurt M. Landgraf

Compensation Committee Interlocks and Insider Participation

During 2014, each member of the Committee was an independent director, and none were employees, officers or former employees or officers of LP. During 2014, none of LP's executive officers served on the Board of Directors or Compensation Committee (or its equivalent) of any other entity, one of whose executive officers served on LP's Board of Directors or the Committee.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis is intended to provide investors with an understanding of our policies and decisions regarding compensation of our NEOs for 2014, and certain actions taken for their compensation in 2015. Our NEOs in 2014 were:

Curtis M. Stevens	Chief Executive Officer
Sallie B. Bailey	Executive Vice President and Chief Financial Officer
Richard S. Olszewski	Executive Vice President, Sales and Marketing and South America
Jeffrey N. Wagner	Executive Vice President, Oriented Strand Board (OSB)
W. Bradley Southern	Senior Vice President and General Manager, Siding

Though we continue to see only modest improvement in U.S. housing starts, the market is far from normalized based on historic levels. Changes to our executive compensation addressed these short-term economic conditions and at the same time furthered our key strategic goals and objectives to support long-term value creation.

Compensation and Performance Highlights

2014

Industry leading safety and environmental performance;

Implementation and stabilization of our ERP system;

Announced a conversion of an OSB plant to LP SmartSide Siding to be completed in Q4 of 2015;

Launched a comprehensive growth and innovation strategic plan; and

Continued to link executive pay to performance by compensating executives commensurate with the company's financial results and leadership, which resulted in a year-over-year cash compensation reduction of 45%.

2015

Provided CEO and two other NEOs of notice of termination of their change of control employment agreements, which will be replaced by an updated change of control employment agreements with no 280G tax gross-up;

Added performance shares to the executive Long Term Equity Incentive program

Eliminated redundant short term incentive goals;

Discontinued providing Supplemental Employee Retirement Plan (SERP) benefit to newly named executives

When determining policies and making decisions about the compensation of the company's executive officers, the Committee considers the shareholder point of view. Since the say on pay advisory vote was instituted, shareholders showed their support of the Committee's approach on executive compensation, with over 90% of the votes cast in favor of LP's executive compensation from 2010-2013. The Committee views this approval as an endorsement of the Committee's philosophy, objectives and methodologies in regards to executive compensation. In 2014, 79% of shareholders voted in favor of our executive compensation programs. In management's subsequent discussions with shareholders in 2014, two primary concerns were consistently raised: the 280G tax gross-up in the CEO's (and two other NEO's) Change of Control Employment agreements and the lack of performance shares in the executive compensation equity mix. These discussions prompted management and the Committee to address these concerns as well as additional matters. These changes are highlighted below, and detailed in the section entitled Executive Compensation for 2015.

Committee Assessment of 2014 Performance

The Committee believes that management performed well in 2014 and that they continued to build a foundation for further improved long-term performance. In establishing goals for 2014, the Committee considered the key financial and operating performance measures for the business. The Board approved a budget for the company that reflected a forecast that included increased housing starts and improved commodity OSB pricing. 2014 finished with housing starts about 8% better than 2013 and depressed pricing for OSB most of the year. The Committee noted operational achievements including:

Continued strong safety and compliance performance, including being named One of America's Safest Companies for 2013 by EHS Today and the lowest total incident rate (TIR) in the Company's history for 2014;

Grew LP Smartside Siding segment revenue by 15% and announced plans to convert an OSB mill into a Smartside Siding operation;

Implemented a new ERP system; and

Began imbedding tools, processes and people to drive growth and innovation.

Despite these achievements, the 2014 cash incentive plan threshold of an adjusted EBITDA of \$240M was not met, therefore no award would be paid under the annual Cash Incentive Award plan.

Key Executive Compensation Decisions in 2014

As part of its ongoing review of our executive compensation program in comparison to developing trends, the Committee took several important actions and maintained existing strong corporate governance in 2014. These include:

Using adjusted EBITDA, established objective financial goals for the annual Cash Incentive Award:

Threshold \$240M

Target \$342M

Maximum \$445M

Monitored compensation packages with the assistance of our independent compensation consultant so that each executive officer is within a competitive range of the median market value (50th percentile) of total compensation for executives in comparable positions.

Limited perquisite allowance to our CEO and NEOs to financial counseling expenses only.

Aligned our annual incentive compensation plans between our executives and other employees to ensure unified effort toward the achievement of our goals and objectives.

Continued to place strong emphasis on variable compensation. Our short-term incentive program is designed so that the payout opportunity is directly linked to the achievement of pre-determined financial performance metrics and other individual performance goals approved by the Committee.

Continued our long-term incentive program, designed to align our senior leaders with the financial interests of our shareholders and to achieve the long-term strategic objectives of the company.

Implemented a change to our executive compensation peer group effective in 2014 to ensure that we continue to benchmark our executive s compensation against like companies.

Conducted a risk analysis of executive pay practices and non-executive pay practices to ensure that no executive compensation policy or practice is reasonably likely to have a material adverse effect on the company.
Additional details regarding the Committee s actions are described throughout the Compensation Discussion and Analysis.

Compensation Philosophy and Objectives

Edgar Filing: LOUISIANA-PACIFIC CORP - Form DEF 14A

We believe that effective executive compensation programs are critical to LP's long-term success to attract and retain high caliber executives. LP's executive compensation philosophy is to provide a competitive total compensation package that aligns the interests of management with those of stockholders.

In accordance with its charter, the Committee has adopted executive compensation policies that are designed to achieve the following objectives:

Pay-for-Performance. Support a performance-oriented environment that rewards achievement of our financial and non-financial goals.

Retention. Attract and retain executives whose abilities are considered essential to our long-term success and competitiveness.

Focus on Long-Term Success and Stockholder Alignment. Reward executives for long-term strategic management and enhancement of stockholder value. Align the long-term financial interests of our executives with those of stockholders.

Reduction of Risk. Discourage executives from excessive risk-taking that could have a significant negative effect on the company.

Table of Contents

When setting compensation for our executive officers, the Committee considers total direct compensation, which consists of base salary, annual target cash incentive, and long-term equity incentive compensation elements described above. While the Committee reviews each of these compensation elements, the Committee’s decisions regarding a particular element are not necessarily impacted by other elements, other than to the extent that they affect total direct compensation. See *Total Direct Compensation* below.

Review of Peer Group and Survey Data for Comparison Purposes

To ensure that our compensation programs are reasonable and competitive in the marketplace, the Committee compares our programs to those at similar companies that were selected from the Forest Products and Building Products industry classifications, as well as in relation to benchmark data from a broader group of general industry companies. At its August 2013 meeting, the Compensation Committee approved changes to the peer group to evaluate compensation for 2014. We believe that our revised peer group companies reflect similarities in channels, business cycles, and manufacturing expertise, thus providing appropriate benchmark data. We will continue to review the peer group periodically. The peer group contains the following companies:

American Woodmark	Masco
A. O. Smith	Nortek
Armstrong World Industries	Owens Corning
Boise Cascade	Ply Gem Holdings
Builders FirstSource	Quanex Building Products
Fortune Brands Home & Security	Simpson Manufacturing Company
Gibraltar Industries	Universal Forest Products
Griffon	USG
Lennox International	

The peer group was developed in consultation with Frederic Cook without consideration of individual company compensation practices, and no company has been included or excluded from our peer group because they are known to pay above-average or below-average compensation. The Committee, in conjunction with its independent compensation consultant, will continue to periodically review the peer group, and revise it as appropriate to ensure that it continues to represent similar U.S. organizations with which we compete for executive talent.

The compensation data provided to the Committee also includes size-appropriate compensation data extracted by the Committee’s independent compensation consultant from several independent survey sources. The survey data presents compensation figures based on information from companies across a broad range of industries without reference to individual companies.

Frederic Cook reviewed two confidential, third-party surveys in order to benchmark LP’s executive compensation. Both surveys were general industry surveys, from which aggregate results were compiled using the appropriate revenue bands. Data was then interpolated to LP’s revenue of approximately \$1.9 billion. A similar methodology was used for LP’s business unit executives using size-appropriate revenue bands and LP business unit revenues. The survey participants were not considered on an individual basis and the names were not disclosed to the Committee. Additional information on each survey is below:

The first survey consisted of approximately 470 participants; data was collected from two revenue bands: \$1 billion-\$2.5 billion and \$2.5-\$5 billion.

The second survey consisted of approximately 440 participants; data was collected from two revenue bands: less than \$1 billion and \$1-\$3 billion.

The results from the two surveys were then averaged and blended with peer group compensation data to develop a market consensus.

The compensation comparative data reviewed by the Committee for its deliberations in early 2014 for the coming year was based 50% on information from the then current peer group and 50% on survey data

Table of Contents

(benchmark data). The benchmark data compared each executive's base salary, total cash compensation opportunities (salary and target cash incentive award opportunities), and total direct compensation opportunities (salary, target cash incentive award opportunities, and equity-based awards) for 2014 against projections for 2014 of equivalent items for similar categories of officers from the peer group and survey data. The benchmark data was summarized at the 50th percentile (the target median) for each category of compensation. The Committee believes that use of blended benchmark data improves the quality of comparison because it may be difficult to identify an appropriate match for some officer positions within the peer group alone. In addition, the blended benchmark data reflects the broader industries with which LP competes for management talent.

Total Direct Compensation

In setting 2014 compensation for our executive officers, including our Chief Executive Officer, the Committee focused on total direct compensation, which consists of annual cash compensation (base salary and annual target cash incentive) and long-term equity incentive compensation (restricted stock and SSARs). The Committee considers annual cash and long-term equity incentive compensation both separately and as a package to help ensure that our executive compensation objectives are met.

Consistent with its approach to total direct compensation, the Committee established 2014 targets for the NEOs. The Committee evaluates both market data provided by Frederic Cook and information on the performance of each executive officer for the prior year. To remain competitive in the marketplace for executive talent, the target levels for each executive officer, including our Chief Executive Officer, are compared to the median of the benchmark data described above. In order to reinforce a pay-for-performance culture, targets for individual executive officers may be set above or below this median depending on the individual's performance in prior years and experience in the position, as well as any applicable retention concerns. The Committee believes that comparing target levels to the median, and providing incentive compensation opportunities that will enable executives to earn above or below target compensation, is consistent with the objectives of our compensation policies. In particular, the Committee believes that this approach enables us to attract and retain skilled and talented executives to guide and lead our businesses and supports a pay-for-performance culture.

The total direct compensation targets for 2014 for our NEOs are listed below.

Name	Position	2014 Total Direct	
			Compensation Target
Curtis M. Stevens	Chief Executive Officer	\$	4,400,000
Sallie B. Bailey	Executive Vice President, Chief Financial Officer	\$	1,332,000
Richard S. Olszewski	Executive Vice President, Sales and Marketing and South America	\$	1,020,000
Jeffrey N. Wagner	Executive Vice President, OSB	\$	875,250
W. Bradley Southern	Senior Vice President and General Manager	\$	788,250

As shown in the Summary of Compensation tables, performance-based compensation (annual cash incentive and SSARs) constituted a significant portion of our NEO total direct compensation targets. Similarly, a large percentage of the total direct compensation targets were in the form of equity (restricted stock and SSARs).

Annual Cash Compensation

In order to attract and retain high caliber executives, we provide our executives with an annual cash opportunity that the Committee considers to be competitive in the marketplace. The cash compensation is comprised of base salary and an annual cash incentive opportunity.

Base Salary. Individual salaries for executive officers are reviewed annually, and salary adjustments are generally effective on March 1 of each year. In determining individual salaries, the Committee typically considers the market levels of similar positions at our benchmark companies and survey data, the individual executive's performance and experience in the position, and our salary increase guidelines. These guidelines

Table of Contents

permit annual salary increases depending on the executive’s individual performance during the prior year against results-based objectives established at the beginning of each year, along with the executive’s leadership performance as measured against LP’s leadership competencies.

In addition, executives and other employees may receive an additional increase if warranted because of promotion, retention concerns, or market conditions. In general, an experienced executive who is performing at a satisfactory level will receive a base salary at or around the competitive median of our benchmark companies and survey data. Executives may be paid above or below the median depending on their experience, performance, and other relevant considerations.

The base salaries paid to our NEOs in 2014 can be found in the Summary Compensation Table.

Based on the Committee’s compensation philosophy and Frederic Cook’s peer group and survey competitive analysis, at its January 30, 2014 meeting the Committee approved base salary increases for the executive officers. Mr. Stevens’ salary was increased by 13% to bring him closer to the total direct compensation median, Ms. Bailey, Mr. Olszewski, and Mr. Wagner received approximately 3% as an increase, and Mr. Southern received a 5% increase.

Annual Cash Incentives. Consistent with our performance-based compensation philosophy, our executive compensation program includes an annual cash incentive program to motivate and reward executives for their efforts in achieving our annual financial performance objectives and individual performance goals.

Target Payout Levels. The target level for these annual incentive payments is a percentage of the executive’s base salary, corresponding with the target median outlined in the Frederic Cook compensation benchmarking. Each NEO is eligible for a payout of between 0%–168% of their short term incentive target listed below:

	2014 Target
	Payment Amount
Chief Executive Officer	100% of base salary
All Other Named Executive Officers	55% of base salary

Establishment of performance goals. Under the program, the annual cash incentive depends on performance measured against corporate goals and individual goals established by the Committee and communicated to participants at the beginning of each year. These goals are derived from the financial and strategic goals of the company.

Each year, the Committee determines the appropriate split between corporate and individual performance goals. For 2014, the Committee established a 60/40 split between corporate and individual goals. The Committee established this allocation to balance aligning the executives with our overall corporate objectives and individual accountability for each executive’s area of responsibility. Over the last 5 years, the total payout percentages under the annual cash incentives for current NEOs averaged 87%.

Achievement of Performance Goals for 2014

Corporate key financial goal. In 2014, LP’s annual cash incentive plan focused on Adjusted EBITDA, defined as LP’s Adjusted EBITDA for continuing operations for the year ending December 31, 2014, as reported on LP’s Form 10-K. No amounts would be payable under the corporate components of target award unless the minimum threshold was achieved.

The 2014 Annual Cash Incentive Plan payment metrics included an adjusted EBITDA threshold of \$240 million, a target of \$342 million, and a maximum payment achieved at \$445 million. For the year ended December 31, 2014, LP’s adjusted EBITDA fell short of the threshold, resulting in no payments being made under the plan. Additional information regarding adjusted EBITDA for the year ended December 31, 2014 is set forth in LP’s Form 10-K for the year ended December 31, 2014.

Individual performance goals. The Compensation Committee establishes individual performance goals under the cash incentive plan intended to challenge the executives to meet or exceed the objectives for the

Table of Contents

business unit or staff functions for which they have responsibility. Following the end of the year, performance is assessed to determine each NEOs goal achievement level. Following a recommendation from our Chief Executive Officer (for NEOs other than himself), the Committee determines a payout percentage for the executive based on goal achievement. The Committee has the authority, in its sole discretion, to reduce or eliminate the payout of annual cash incentives, despite its determination that performance was at or above target levels, if it finds that paying the awards would result in undue hardship to the company or is not in the best interests of the company.

The individual performance goals established for our Chief Executive Officer for 2014 were as follows:

Meet or exceed the Company safety, compliance and LSS targets.

Meet or exceed budgeted Adjusted EBITDA target for 2014.

Ensure integration of Ainsworth is on schedule and meets plan objectives.

Be the Executive Owner of the ERP Phase II Project and manage it to be on time, within scope and on budget.

Oversee the work of the T&L and CPMS Committees to ensure that any increase in hiring or capital expenditures is in line with the Company's strategic plan and budget.

Set the tone at the top for the highest ethical standard for the Company through communications; overseeing the Company's compliance, safety, internal audit and quality strategy; and assuring that LP's approach to internal controls, ethics and disclosure are aligned and consistent.

Lead the efforts for succession planning for all senior management positions to ensure that plans are in place to meet both short-term and long-term goals of the organization.

The individual performance goals established for our Chief Financial Officer for 2014 were as follows:

Meet or exceed budgeted Adjusted EBITDA target for 2014.

Set the tone at the top for the highest ethical standard for the Company.

Ensure that LP remains in compliance with all financial covenants and has adequate liquidity to execute identified strategic plans.

Remain actively engaged in the ERP Executive Steering Committee to ensure that Phase II projects are executed on time and within scope and budget.

Ensure that the ERP system is being used consistently across the organization, and ensure that financial reporting on SAP meets all SEC and regulatory requirements.

Participate on the T&L and CPMS Committees to ensure that any increase in hiring or capital expenditures are in line with the Company's strategic plan and budget.

Meet all regulatory and accounting compliance for Ainsworth following the completion of the acquisition. A plan should be in place by mid-year to integrate Ainsworth into SAP.

Meet all regulatory and compliance deadlines and requirements.

The performance goals described above were based on financial targets, budgets, and operational goals for LP that the Committee believed could be achieved at the 100% level through strong performance by the executive or the Company, as applicable, consistent with management's expectations for 2014.

Performance goals for the other NEOs include achievement of financial metrics, safety, quality and compliance targets, as well as other business-specific objectives.

Payouts for 2014. Due to a significant drop in OSB pricing, the slower than expected recovery of normal housing activity, and exchange rates, despite strong performance of management the Adjusted EBITDA

Long-Term Equity Incentive Compensation

The Committee awards long-term equity incentive grants to executive officers as part of their overall compensation package. These awards are consistent with the Committee's objectives of aligning our senior leaders with the financial interests of our stockholders, focusing on long-term success, supporting our performance-oriented environment, and offering competitive compensation packages.

The Committee (in its capacity as the subcommittee for purposes of complying with Section 162(m) of the Internal Revenue Code and short-swing profit liability laws) has determined that awards to executive officers under the Stock Award Plan will be one-third in the form of restricted stock and two-thirds in the form of stock appreciation rights, based on the relative grant date fair values of the two types of awards.

Our primary product is OSB, which is subject to commodity pricing pressures, and which has a major influence on our stock price. As a result, stock appreciation rights may have little or no economic value for substantial periods of time when market prices drop below the exercise or base price of the awards, while restricted stock will retain some of its value thereby serving as a significant executive retention tool. On the other hand, stock appreciation rights have a greater sensitivity to changes in our stock value, thereby aligning the interests of executives more closely with those of our stockholders.

When determining the amount of long-term equity incentive plan awards to be granted to executives, the Committee takes into account the competitive range of the market median data provided by Frederic Cook, individual responsibilities and market factors, as well as total direct compensation, compensation mix, and market practices. For grant purposes, the Committee's primary consideration is the market median for competitive positions, but other factors may impact awards such as: the Black-Scholes pricing model, the number of shares available for grant, and the burn rate (defined as number of shares granted on an annual basis). The Committee periodically reviews the valuation method used to calculate the value of equity-based awards. For several years, including 2014, the Committee has relied on the Black-Scholes valuation method for SSARs.

Retirement Benefits

LP's qualified retirement plans are designed to provide retirement benefits at a competitive level compared to the benchmark data and the general manufacturing industry and to serve as a significant retention tool in light of the cyclical nature of LP's commodity business. All full-time salaried and hourly U.S. employees participate in LP's 401(k) and Profit Sharing Plan. The company's defined benefit plan, the Retirement Account Plan, was frozen effective January 1, 2010. U.S. employees hired prior to this date remain participants in the plan, but the plan is frozen and no further contributions will be made by the company.

Employees who are in the top two levels of LP's management, including executive officers, participate in LP's Executive Deferred Compensation Plan. Under the plan, participants may defer the receipt of up to 90% of base salary and annual bonuses for income tax purposes, and receive up to 5 percent of their contributions matched. In addition, the plan enables executives and other highly-compensated employees to obtain benefits comparable to those available under the 401(k) plan without being subject to the limits imposed by the Internal Revenue Code on tax-qualified plans.

Table of Contents

LP maintains a Supplemental Executive Retirement Plan (SERP) that provides supplemental retirement pension benefits to select, grandfathered senior executives. The SERP benefits generally do not vest until an officer has been a participant for five years, and are reduced by the value of employer contributions under LP's other retirement plans and the Executive Deferred Compensation Plan, as well as a portion of a participant's Social Security benefits.

Additional information about LP's retirement plans is provided in the Summary Compensation Table, the Pension Benefits table, and the Nonqualified Deferred Compensation table. The Committee believes that the retirement benefit plans described above are important parts of our compensation program, and will continue to review them periodically to ensure competitiveness.

Other Compensation

We provide our executive officers with limited perquisites, consisting of retirement and life insurance benefits, personal estate and financial planning services provided by independent providers. The personal estate and financial planning program is designed to provide executives with access to knowledgeable resources who understand our compensation and benefit plans and can assist executives in efficiently and effectively managing estate, financial and tax planning issues. This facilitates a more productive use of the executive's time, allowing for greater focus on Company activities. The Committee eliminated the tax gross-up provision for the personal estate and financial planning beginning in 2012. An annual allowance is provided to executives who are eligible for and use the financial planning services. These benefits are discussed in more detail in note 5 to the Summary Compensation Table.

Executive Change of Control Employment Agreements

Change of Control Employment Agreements with our executive officers provide for the payment of severance compensation and other benefits if the officer's employment is terminated for specified reasons within three years following the occurrence of a change of control of LP. Such reasons include (a) termination by LP other than for cause and (b) termination by the officer because, among other things, his/her assigned duties, position, or authority are diminished in a material way, his/her compensation is substantially reduced, he/she is required to move his/her workplace more than 50 miles, or he/she has substantially increased travel requirements. Key severance benefits under the agreements include:

A cash payment in an amount equal to three times the sum of the officer's annual base salary and the officer's target bonus amount;

Enhanced benefits under LP's retirement plans; and

Vesting of equity awards.

The Change of Control Employment agreements (other than Ms. Bailey's and Mr. Southern's) include a modified excise tax gross-up, under which severance benefits can be reduced up to 10% to avoid any excise tax under Section 280G of the Internal Revenue Code (280G). If a larger reduction would be required to come within the 280G safe harbor, the agreements provide for LP to reimburse the employee in full for all 280G excise taxes and related income taxes imposed on the severance payments.

In 2010, the Committee determined that any future change of control employment agreements shall not include excise tax gross-up provisions. Therefore, the Change of Control Employment agreement for Ms. Bailey, which was entered into in 2011, and Mr. Southern which was entered into in 2013, do not contain such a provision. In 2015, the Committee agreed with management's recommendation to remove the excise tax gross-up provision from the change of control employment agreements. As a result, the committee provided the CEO notice of termination of his Change of Control Employment agreement which will be replaced by an updated Change of Control Employment agreement without any tax gross-up. Messrs. Olszewski and Wagner, who also have Change of Control Employment agreements with tax gross-up provisions, were given notice of termination of their agreement but will be leaving the Company in 2015, and as a result will not receive updated agreements.

Table of Contents

The Committee believes these agreements are important to motivate our named executive officers to continue to work in the best interests of LP and its stockholders in a potential change of control situation, and to evaluate any possible transactions with the maximum degree of independence and objectivity.

The terms of the agreements are described in more detail under the heading *Potential Payments Upon Termination or Change of Control*.

Executive Compensation for 2015

In determining policies and making decisions about the compensation of the executive officers, the Committee works with its independent consultant and considers the peer group and general industry compensation analysis (benchmark study), the shareholder advisory vote, direct conversations with shareholders, and management performance. Our changes for 2015 incorporate discussions with shareholders and are consistent with the current trends demonstrated in the benchmark study.

First, we have given notice of termination to all executives who have change of control employment agreements with tax gross ups. We had previously determined in 2010 not to enter into any further compensation agreements that contain an IRC Section 280G tax gross-up, but the company did not provide notice to terminate the existing agreements. As of February 5, 2015 notice has been provided to each executive with an agreement that contains tax gross-up language, resulting in the agreements being terminated pursuant to their terms, with the intent to enter into new agreements with the CEO and other NEOs which do not contain a tax gross up provision.

Second, we made significant changes to our long-term incentive plan, described in more detail below, by adding performance shares to the equity mix. Third, we implemented changes to the cash incentive plan so the objectives are not redundant, and the payouts will only occur if the company is EBIT positive. The Committee believes that these changes continue to align our compensation programs with our pay-for-performance philosophy, and further align our compensation programs with the market. Lastly, we discontinued offering the SERP benefit to newly named executives.

The 2015 changes are more fully discussed below and relate to the CEO, the CFO and the executives we expect to be NEOs in 2015. Due to the announced retirements of Rick Olszewski and Jeff Wagner, Michael Sims, Sr. Vice President of Sales and Marketing and Brian Luoma EVP, Siding, are expected to replace them as NEOs. The Committee did not adjust Mr. Olszewski's or Mr. Wagner's compensation in light of their 2015 retirements.

Base Salary: In its review of executive compensation with the independent compensation consultant, and in light of the peer group and general industry analysis, the Committee approved the following base salaries for 2015.

Name	2015 Base Salary
Curtis M. Stevens	\$ 890,000
Sallie B. Bailey	\$ 460,000
W. Bradley Southern	\$ 365,000
Brian E. Luoma	\$ 325,000
Michael J. Sims	\$ 320,000

Annual Cash Incentive Award Plan.

In May 2014, shareholders approved the amended and restated annual cash incentive award plan. In October 2014, pursuant to that approved plan, the Committee approved the 2015 Annual Cash Incentive Plan, which will continue to be based 60% on corporate financial performance and 40% on the attainment of specified operational goals. The 2015 plan requires that the company be EBIT positive for any payment to be made. In February 2015 the committee approved objectives for the 2015 annual cash incentives payable in 2016 to our NEOs. This improves the 2014 plan because it:

Reduces redundancy by including the corporate key financial goal, adjusted EBITDA, in the corporate component of short-term incentive only;

Table of Contents

Replaces personal goals with measurable strategic goals related to the NEOs business or staff function; and

Makes the annual cash incentive award payment contingent on an EBIT positive financial result.

Discontinued offering a SERP benefit to newly named executives, as this benefit has been deemed as uncompetitive in the executive compensation market.

In addition to the above modifications, based on compensation comparative data provided by Frederic Cook, the following changes were made to incentive target levels for the expected NEOs:

	Target Amount (% of base salary)	Threshold Payment (40% of Target)	Target Payment	Maximum Payment (200% of Target)
Curtis M. Stevens	100%	\$ 356,000	\$ 890,000	\$ 1,780,000
Sallie B. Bailey	70%	\$ 128,800	\$ 322,000	\$ 644,000
W. Bradley Southern	65%	\$ 94,900	\$ 237,250	\$ 474,500
Brian E. Luoma	60%	\$ 78,000	\$ 195,000	\$ 390,000
Michael J. Sims	55%	\$ 70,400	\$ 176,000	\$ 352,000

Long-Term Incentive Plan.

The Committee awards long-term equity incentive grants to NEOs as part of their overall compensation package. These awards are consistent with the Committee's objectives of aligning our executives with the financial interests of our shareholders, focusing on our long-term success, supporting our performance-oriented environment, and offering competitive compensation packages.

The Committee (in its capacity as the subcommittee for purposes of complying with Section 162(m) of the Internal Revenue Code and short-swing profit liability laws) has determined that awards to executive officers under the Stock Award Plan will be thirty percent restricted stock, fifty percent stock appreciation rights, and twenty percent performance shares, based on the relative grant date fair values of the awards.

The addition of performance shares to the equity mix provides enhanced alignment with shareholder interests. The approved performance share plan design contains the following elements:

Two equally weighted performance metrics

Year-over-year SmartSide revenue growth

Year-over-year LP revenue growth relative to peer group

3 year vesting period

3-year total shareholder return (TSR) modifier relative to peer group at vesting date

TSR in bottom quartile 20% reduction in grant

TSR between 25% & 75% no modification

TSR in top quartile 20% increase in grant

TSR modifier can not cause total award to exceed 200%

When determining the amount of long-term equity incentive plan awards to be granted to executives, the Committee takes into account the competitive range of the market median data provided by Frederic Cook, individual responsibilities and market factors, as well as total direct compensation, compensation mix, and market practices. The 2015 long-term equity values were established in February 2015. For grant purposes, the Committee's primary consideration is the market median for competitive positions, but other factors may impact awards such as: the Black-Scholes pricing model, the number of shares available for grant, the burn rate (defined as number of shares granted on an annual basis), and the value of the grant compared to previous grants.

Table of Contents

2015 long-term incentive equity plan award values are listed below.

	2015 Award Values
Curtis M. Stevens	\$ 2,700,000
Sallie B. Bailey	\$ 700,000
W. Bradley Southern	\$ 400,000
Brian E. Luoma	\$ 400,000
Michael J. Sims	\$ 225,000

Additional Policies and Guidelines Affecting Executive Compensation

Use of Independent Compensation Consultant. The Committee engaged Frederic Cook as its independent consultant to assist it in determining the appropriate executive officer compensation in 2014 pursuant to our compensation policies described above. Frederic Cook had no other business relationship with LP and received no payments from us other than fees for services to the Committee and the Nominating Committee. See Corporate Governance-Compensation Committee for additional information about the use of compensation consultants.

Timing of Long-Term Equity Grants. Our policies and Stock Award Plan require options and SSARs to be granted with an exercise price equal to the closing price of our Common Stock on the date of grant. Additionally, restricted stock awards and performance awards are required to be granted with a price equal to the closing price of our stock on the day of the award. The Committee's practice is to make equity awards at its first Committee meeting in a given year (generally in the last week of January or the first week of February). Committee meeting dates are set by the Committee at least one year in advance.

The Committee administers the 2013 Omnibus Stock Award Plan (the Stock Award Plan), approved by the shareholders on May 3, 2014. Special stock grants and recruiting and retention grants have been made under the Stock Award Plan. Annual grants are made each year at a meeting of the Committee, as described above.

Policy on Incentive Compensation Claw-back. As described above, a significant percentage of our executive officer compensation is incentive based. The determination of the extent to which the incentive objectives are achieved is based in part on the Committee's discretion and in part on our financial results. The Committee has the right to reassess its determination of the performance awards if the financial statements on which it relied are restated. The Committee has the authority to direct LP to seek to recover from any executive officer any amounts determined to have been inappropriately received by the individual executive officer. In addition, the Sarbanes-Oxley Act of 2002 mandates that the Chief Executive Officer and the Chief Financial Officer reimburse LP for any bonus or other incentive-based or equity-based compensation paid to them in a year following the issuance of financial statements that are later required to be restated as a result of misconduct. The Committee intends to update its policies following the issuance of rules by the SEC to implement applicable provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Stock Ownership Guidelines. We strongly believe that the financial interests of our executives should be aligned with those of our stockholders. Accordingly, the Committee has established stock ownership guidelines for our executive officers.

Executive officers are expected to own our Common Stock in an amount equivalent to a multiple of their annual base salary. The target amount is a number of shares equal in value to the following multiples of each officer's annual base salary: for the Chief Executive officer, five times; for the Chief Financial Officer, and other Executive Vice Presidents, three times; and for Senior Vice Presidents, two times. These are measured annually at the first regularly scheduled Compensation Committee meeting of the calendar year.

The guidelines provide that no shares of Common Stock may be sold by the executive officer until guidelines are achieved, except for shares withheld to cover taxes upon a vesting event. Further, until an executive officer meets the threshold ownership requirement at least 40% of the after-tax proceeds received upon the exercise of stock options and SSARs must be held in the form of Common Stock and may not be sold.

Table of Contents

Restricted shares and restricted stock units granted under the Stock Award Plan that have not yet vested count toward the ownership guidelines, but shares subject to outstanding stock options and SSARs do not. Curt Stevens met his ownership guidelines, as have all other covered officers except Rick Olszewski who retired in March 2015, and Sallie Bailey, who just completed her third year with the Company.

Insider Trading. Our Insider Trading policy mandates that insiders, including executive officers, review transactions involving our securities with our Chief Financial Officer or legal department prior to entering into the transactions and prohibits a covered officer from pledging or engaging in transactions for the purpose of hedging the economic risk of his or her current or future ownership of shares.

Tax Deduction for Executive Compensation. The Federal income tax laws generally limit the deductibility of compensation paid to the chief executive officer and each of the three highest-paid executives (other than the chief financial officer) to \$1,000,000 per year. An exception to this general rule exists for performance-based compensation that meets certain regulatory requirements. Several types of executive compensation, including option and SSAR awards to executive officers, are designed to meet the requirements for deductibility. Other classes of executive compensation, including the restricted stock grants described above, may be subject to the \$1,000,000 deductibility limit.

Although tax deductibility of compensation is preferred, deductibility is not a primary objective of our compensation programs. In the view of the Committee, meeting the compensation objectives set forth above is more important than the benefit of being able to deduct the compensation for tax purposes.

Risk Assessment of Executive Pay Policies and Practices

The Committee conducted a review of LP's pay practices in 2014 to determine if there were any policies and practices that would be reasonably likely to have a material adverse effect on the Company. The review included non-executive and executive pay policies and practices. The non-executive pay practices were reviewed by LP's Risk Council and reviewed by the Committee. In addition, the Committee reviewed executive pay policies and practices. The Committee's independent consultant participated in that review and discussion. The Committee found no policies or practices that were reasonably likely to have a material adverse effect on LP and that the design of our programs encourages the achievement of both our short-term and long-term operational and financial goals.

- (1) The amounts shown reflect the aggregate grant date fair value of the awards with respect to awards of performance share awards, restricted stock and incentive shares (restricted stock units) under LP's 1997 Incentive Stock Award Plan (the "Stock Award Plan"). Assumptions used in calculating the fair value are described in Note 14 to LP's audited financial statements included in its Annual Report on Form 10-K filed with the SEC on March 2, 2015 (the "2014 Form 10-K"), except that assumptions regarding forfeitures are ignored. Additional details regarding the terms of awards under the Stock Award Plan are described in the tables headed "Grants of Plan-Based Awards for 2014" and "Outstanding Equity Awards at December 31, 2014."
- (2) The amounts shown reflect the aggregate grant date fair value of the awards with respect to grants of stock-settled stock appreciation rights ("SSARs") under the Stock Award Plan. Assumptions used in calculating fair value are described in Note 14 to LP's audited financial statements included in its 2014 Form 10-K, except that assumptions regarding forfeiture are ignored. Additional details regarding the terms of SSARs granted under the Stock Award Plan are described in the tables headed "Grants of Plan-Based Awards for 2014" and "Outstanding Equity Awards at December 31, 2014."
- (3) The amounts shown reflect the annual cash incentive awards under the Cash Incentive Plan based on performance for the year shown and paid in the first quarter of the following year.
- (4) Amounts shown in this column represent the aggregate increase in the actuarial present value of benefits under LP's defined benefit retirement plans (the SERP and the Retirement Account Plan), based on the assumptions discussed in the table entitled "Pension Benefits for 2014." The change in Mr. Steven's pension value was the result of higher than projected compensation levels, due to the 2013 bonus that was paid in 2014.
- (5) Amounts shown in this column for 2014 represent the sum of the amounts attributable to personal benefits and other items of compensation listed in the table below. In addition to the benefits listed below, LP provided medical, vision and dental insurance benefits.

Employer matching contributions and annual supplemental and make-up credits contributed to the non-qualified Executive Deferred Compensation Plan (the EDCP) were frozen from 2009-2012. In 2013, these contributions were restored to levels consistent with those prior to 2009. Additional information regarding benefits provided under the EDCP are described in greater detail under Nonqualified Deferred Compensation for 2014.

(6) 2012 amounts shown for Ms. Bailey in the Bonus column reflects a discretionary bonus in addition to a one-time sign on bonus in connection with the commencement of her employment as Chief Financial Officer effective December 5, 2011.

- (1) The table shows threshold, target and maximum payouts under awards made in 2014 under the Cash Incentive Plan. The threshold amount represents the amount payable assuming that the Adjusted EBITDA threshold was reached and individual performance goals were achieved at the 100% level. The target amount represents a payout based on achievement of individual performance goals at the 100% level and attainment of the Adjusted EBITDA threshold, resulting in payment of 100% of the target award for corporate performance. In 2014 the maximum award for executives under the corporate performance portion is 200% of the target award.
- (2) Reflects awards of restricted stock or restricted stock units under the Stock Award Plan. The awards will vest in full on the third anniversary of the date of grant. Vesting will accelerate upon a change of control of LP. Prior to vesting, participants have voting rights and receive cash dividends at the same rate as unrestricted shares of Common Stock. In the event of a stock split or stock dividend, the participant is entitled to receive additional restricted shares.
- (3) Reflects grants of SSARs which vest in three equal annual installments beginning one year after the date of grant and expire 10 years after the date of grant. Vesting will accelerate upon a change of control of LP. Upon exercise, a participant will receive shares of Common Stock with a value equal to the difference between the base price and the market price on the date of exercise multiplied by the number of SSARs exercised.
- (4) The base price is equal to the closing sale price of the Common Stock on the NYSE on the date of grant.

Table of Contents*Pension Benefits for 2014*

The following table shows the present value of accumulated benefits for each of the NEOs under LP's Supplemental Executive Retirement Plan (the SERP) and LP's Retirement Account Plan, in each case assuming retirement by the executive at age 62. Amounts shown in the table were calculated as of a December 31, 2014 measurement date consistent with LP's financial statements and using the same long-term rate of return, discount rate, rate of compensation increase, and mortality rate assumptions used in the financial statements. See Note 13 to LP's audited financial statements included in its 2014 Form 10-K.

(1) At December 31, 2014, all NEOs participating in the SERP and Retirement Account Plan (where applicable), with the exception of Ms. Bailey, were vested in their benefits thereunder (subject to early retirement reductions, if applicable). Note that Ms. Bailey is not a participant in the Retirement Account Plan and Mr. Southern is not a participant in the SERP.

Supplemental Executive Retirement Plan

The SERP is a defined benefit plan intended to provide supplemental retirement benefits to key executives designated by LP's Chief Executive Officer and the Committee. Key features of the SERP include:

Vesting. Participants are fully vested in their SERP benefits after participating in the SERP for five years. Vesting is accelerated in the event of the participant's death or disability or a change of control of LP.

Retirement Age. The normal retirement age under the SERP is 62.

Annual Benefits. The annual benefit payable under the SERP to a participant who retires at the normal retirement age is equal to:
50% of the executive's final average compensation

multiplied by

a fraction equal to: years of credited service (up to a maximum of 15)/15

Edgar Filing: LOUISIANA-PACIFIC CORP - Form DEF 14A

For example, if a participant had final average compensation of \$500,000 with ten years of credited service, his or her annual benefit (subject to reductions for other retirement benefits as described below) would be \$166,667 calculated as: $\$500,000 \times .50 \times (10/15)$.

Years of Credited Service. Years of credited service under the SERP are equal to the participant's years of service credited under the Retirement Account Plan discussed below. If a participant's employment is involuntarily terminated within 36 months after a change of control of LP, he or she is credited with two additional years of service.

Table of Contents

Final Average Compensation. Final average compensation on an annual basis is equal to a participant's compensation during the 60 consecutive months out of the last 120 months of employment in which the participant's compensation was highest, divided by five. Compensation for this purpose includes base salary plus annual bonus paid to a participant or deferred under the Executive Deferred Compensation Plan (described below), but excludes all other benefits. If LP terminates a participant's employment other than for cause or the participant terminates for good reason within 36 months after a change of control of LP, benefits under the SERP will be calculated based on the participant's base salary during the preceding 12 months plus the average annual cash incentive paid in the preceding three years, if higher than final average compensation.

Early Retirement Provisions. Retirement benefits under the SERP are subject to reduction in the event of retirement before age 62. When a participant retires prior to age 55, his or her annual benefit as described above is reduced by a fraction equal to his actual credited years of service over the number of years of credited service the participant would have had at age 62. If a participant retires between age 55 and age 61, the amount of the reduction to his annual benefit as described above depends on whether the committee administering the plan approves the retirement. If the participant's early retirement is approved by the committee, his or her annual benefit is reduced by 3% for each year prior to age 62. If the committee does not approve the participant's early retirement, his or her benefit is reduced by 5% for each year prior to age 62 and is further reduced by a fraction equal to the participant's actual years of credited service over the years of credited service the participant would have had at age 62. Termination of a participant's employment by LP other than for cause or termination by a participant for good reason within 36 months of a change of control is treated as an early retirement with committee approval, regardless of the participant's age.

Reductions for Other Retirement Benefits. The annual benefits payable under the SERP are reduced by an amount equal to the sum of (1) 50% of the participant's primary Social Security benefit determined at age 62 and (2) the value of employer contributions under LP's other retirement plans and the Executive Deferred Compensation Plan.

Disability Benefit. If a participant is unable to continue employment due to a disability, the benefit is calculated in the same manner as if the participant retired at age 62, and credit for years of service accrues during the disability.

Form of Payment. The normal form of payment under the SERP is a single lump sum payment that is actuarially equivalent to a life annuity payable monthly in the amount of the monthly SERP benefit. Other forms of payment available under the SERP must also be actuarially equivalent to a life annuity payable monthly. All of the named executive officers have elected a lump sum payment. If the participant retires at age 62 or later, payments commence six months after retirement. If the participant retires prior to age 62, payments commence as of a date specified in advance by the participant but not earlier than age 62.

Of the NEOs above, all are vested in their benefits under the SERP, except Ms. Bailey, and Mr. Southern who does not participate in the SERP. As of December 31, 2014, Mr. Stevens was age 62, Ms. Bailey was age 55, Mr. Olszewski was age 58 and Mr. Wagner was age 60. Accordingly, if they had retired as of that date, their benefits would have been subject to reduction as described under "Early Retirement Provisions" above.

Retirement Account Plan

Executive officers and other salaried employees of LP are eligible to participate in LP's Retirement Account Plan if hired before January 1, 2010. The Retirement Account Plan was frozen to future contribution credits effective January 1, 2010. Plan balances, all of which have vested, will continue to accrue interest as described below. Key features of the Retirement Account Plan include:

Interest. Interest is credited daily on the cash balance in each participant's account based on the U.S. Treasury bond rate for November of the prior year.

Table of Contents

Form of Payment. Payment from the Retirement Account Plan may be made as an annuity payable over the lifetime of the participant, in a lump sum, or pursuant to other arrangements.

Other. The Retirement Account Plan does not provide for an offset for Social Security benefits.
Nonqualified Deferred Compensation for 2014

The following table summarizes information regarding participation by the NEOs in LP's 2004 Executive Deferred Compensation Plan (the Deferred Compensation Plan).

All employees who are in LP's top two levels of management and participate in its Retirement Account Plan and the profit sharing component of the 401(k) Plan are automatically participants in the Deferred Compensation Plan. Key features of the Deferred Compensation Plan include:

Deferrals. The Deferred Compensation Plan permits deferrals of up to 90% of a participant's base salary and annual bonuses.

Matching Contributions by LP. Through January 31, 2009, LP made matching contributions equal to 3.5% of a participating employee's deferral amounts. In December 2008, LP's management determined to suspend matching contributions effective February 1, 2009. In 2010, a partial matching contribution was reinstated in the qualified 401(k) Plan. In 2013, matching contributions were reinstated in both the qualified 401(k) and the EDCP to levels prior to February 2009. In January 2015, matching contributions were increased to a maximum of 5% of contributions.

Supplemental Credit. LP credits each participating employee's plan account with an amount that would have been contributed under LP's profit sharing component of its 401(k) Plan if limits imposed under the Internal Revenue Code did not apply. The Retirement Account Plan supplemental credit ceased after 2009.

Make-up Credit. LP credits each participating employee's plan account with an amount that would have been contributed under LP's profit sharing component of its 401(k) Plan had the participant not deferred compensation. The Retirement Account Plan make-up credit was discontinued effective January 1, 2010 as a component of LP's discontinuation of its defined benefit plan.

Vesting. Participants are immediately vested in credits for their contributions and related earnings. Participants are vested in their rights to LP's matching contributions and related earnings after two years of service to LP and are vested in their rights to supplemental and make-up credits and related earnings in

Table of Contents

accordance with the vesting schedule of profit sharing component of the 401(k) Plan. Participants will also become vested in LP's matching contributions, supplemental credits, and make-up credits upon reaching age 65 or immediately upon death, disability, or termination within 24 months following a change of control of LP.

Form of Payment. If a participant's employment with LP is terminated for any reason, the participant is entitled to receive his vested plan account balances, either in a lump sum or in the form of an annuity over a period of up to 15 years as designated by the participant, in accordance with the terms and conditions set forth in the plan. Participants may also receive distributions prior to termination in the event of emergencies or as otherwise specified in the plan.

Earnings on Account Balances. Amounts credited to participants' accounts are adjusted to reflect amounts of income, gain or loss as if the amounts held in such accounts had been invested in investment funds designated under the Deferred Compensation Plan and selected by the participants. The following table shows investment choices made by participants for the purpose of valuing their contribution credits in the Deferred Compensation Plan as of December 31, 2014 and annualized returns for each investment choice for 2014:

Potential Payments Upon Termination or Change of Control

LP has not entered into employment agreements with its NEOs, except for the Change of Control Employment Agreements described below. Therefore, its executive officers are not generally entitled to severance benefits upon termination of employment in the absence of a change of control. A description of payments and benefits to be provided to LP's NEOs under various circumstances involving termination of employment and/or a change of control follows.

Payments and Benefits upon Termination Prior to Change of Control

Upon termination of an NEO's employment for any reason prior to a change of control of LP, he or she is entitled to receive amounts earned while employed, as follows:

Payment of base salary through the date of termination.

Accrued vacation pay through the date of termination. Accrued vacation pay for LP's current executive officers at December 31, 2014, was as follows: Mr. Stevens, \$81,730.75; Ms. Bailey, \$33,846; Mr. Olszewski, \$38,461.50; Mr. Wagner, \$34,134.50; and Mr. Southern \$30,288.25.

Other benefits, to the extent vested, required to be paid under the terms of any other plan, program or arrangement maintained by LP, including, without limitation, retirement benefits payable under LP's

Table of Contents

Retirement Account Plan and SERP, as described under Pension Benefits for 2014, and benefits under the Deferred Compensation Plan, as described under Nonqualified Deferred Compensation for 2014 .

The amounts listed above are referred to as accrued obligations.

If an NEO retires with the approval of the Chief Executive Officer at age 60 or older, prior to year end, a pro rata share of his or her target award under the Cash Incentive Plan will be paid based on the date of termination. If an executive dies or if his or her employment is terminated due to disability, he or she will be paid his or her target award under the Cash Incentive Plan. Upon termination of employment due to death or disability, all awards of restricted stock or restricted stock units (incentive shares) will become fully vested (see Market Value of Shares that have not Vested in the Nonqualified Deferred Compensation for 2014 table), but any stock options or SSARs that were not exercisable on the date of termination will be canceled. Vesting of equity-based awards is not accelerated upon termination for any other reason in the absence of a change of control. Vesting of certain benefits under the SERP and the Deferred Compensation Plan is accelerated upon death or disability, as described under Pension Benefits for 2014 and under Nonqualified Deferred Compensation for 2014 .

The aggregate payments and benefits, in addition to accrued obligations, that LP s NEOs would have received, assuming termination upon death or disability on December 31, 2014, prior to the occurrence of a change of control, were as follows: Mr. Stevens \$19,770,775; Ms. Bailey \$4,287,136, Mr. Olszewski, \$3,823,961; Mr. Wagner, \$2,661,420, and Mr. Southern, \$2,481,278 representing the sum of the value on that date of restricted stock, incentive shares and SSARs subject to accelerated vesting and the executive s target award for 2012 under the Cash Incentive Plan.

Change of Control Employment Agreements

In November 2007, the Compensation Committee approved new Change of Control Employment Agreements with Messrs. Stevens, Olszewski and Wagner, that became effective January 1, 2008. The agreements provide for compensation and benefits following a change of control of LP, including severance payments and benefits in the event the executive officer s employment is terminated. In December 2011, the company entered into a Change of Control Employment Agreement with Ms. Bailey on terms consistent with the agreements entered into with Messrs. Stevens, Olszewski and Wagner, except that Ms. Bailey s agreement contains no excise tax gross-up provision (versus the modified gross-up provision contained in the earlier agreements.) On December 31, 2012, the Company and Mr. Southern entered into an agreement consistent with Ms. Bailey s agreement.

Term. The agreements will terminate two years after LP gives the executive written notice. If a change of control of LP occurs prior to that date, the term will be extended automatically for three additional calendar years beyond the date on which the change of control occurs. This three-year period is referred to as the change of control period.

Definition of Certain Terms. Brief summaries of the definitions of certain terms used in the agreements are set forth below.

Change of control means:

The acquisition by a person or group of beneficial ownership of 20% of LP s outstanding Common Stock or voting securities, with certain exceptions;

A change in the composition of the Board of Directors such that the incumbent directors cease to constitute at least a majority of the Board (including, for purposes of computing a majority, those persons nominated for election by a majority of the then incumbent directors who had been similarly nominated);

Completion of a reorganization, merger, consolidation or sale of substantially all the assets of LP, with certain exceptions; or

Approval by LP s stockholders of a complete liquidation or dissolution of LP.

Table of Contents

Cause means one of the following actions, as determined by the vote of at least 75% of the directors:

The willful and continued failure of the executive to substantially perform his or her duties after delivery of a written demand for substantial performance; or

The willful engaging by the executive in illegal conduct or gross misconduct that materially harms LP.

Good reason for purposes of an executive's termination of his employment with LP means:

The executive's position, authority, duties, or responsibilities are diminished;

Any failure by LP to comply with the compensation provisions of the agreement;

Transfer of the executive to a location more than 50 miles from the present location or a substantial increase in the amount the executive is required to travel; or

Any purported termination by LP of the executive's employment otherwise than as expressly permitted by the agreement.

Payments and Benefits While Employed Following Change of Control

During the change of control period and for so long as a covered executive remains employed by LP (or its successor), he is entitled to:

Receive an annual base salary in an amount at least equal to 12 times his highest monthly base salary paid during the 12 months immediately preceding the change of control;

Be paid an annual cash bonus in an amount at least equal to the executive's target bonus for the year in which the change of control occurs; and

Participate in all incentive savings and retirement plans, welfare benefit programs, personal benefits and paid vacation available to other peer executives on at least as favorable terms as those in place during the 120-day period immediately preceding the change of control. In addition, all outstanding equity-based awards held by LP's NEOs, including stock options, SSARs, restricted stock, and restricted stock units, will become vested or exercisable in full upon a change of control of LP. Also, under the SERP, the NEO will be fully vested in all benefits whether or not he or she otherwise has five years of participation (see Pension Benefits for 2014). All agreements for equity awards granted prior to November 1, 2007, provide for reimbursement, on an after-tax basis, for any excise tax imposed under 280G on excess parachute payments that is directly attributable to acceleration of vesting or exercisability, plus any related federal, state and local income taxes.

The annual base salary levels and target bonuses for LP's NEOs during 2014 are disclosed under Executive Compensation Compensation Discussion and Analysis. Information regarding benefits provided to LP's NEOs in addition to salary and cash incentive payments during 2014 appears in the Summary Compensation Table. If a change of control of LP had occurred on December 31, 2014, these salary and bonus levels and benefits would represent the minimum amounts that would have been payable to LP's NEOs in each of 2014, 2015 and 2016, unless their employment was terminated during that three-year period.

Edgar Filing: LOUISIANA-PACIFIC CORP - Form DEF 14A

The aggregate benefits and payments, in addition to accrued obligations, that LP s NEOs would have received assuming a change of control occurred on December 31, 2014, without termination of employment, were as follows: Mr. Stevens, \$19,770,775; Ms. Bailey \$4,287,136, Mr. Olszewski, \$3,823,961; Mr. Wagner, \$2,661,420, and Mr. Southern, \$2,294,083 representing the sum of the value on that date of restricted stock, incentive shares and SSARs subject to accelerated vesting and the executive s target award for 2014 under the Cash Incentive Plan.

Table of Contents

Payments and Benefits Upon Termination Following Change of Control

The severance compensation and benefits payable under the Change of Control Employment Agreements upon the termination of an NEOs employment vary depending on the reason for termination, as described below.

Termination Without Good Reason; or by LP for Cause. If an NEO voluntarily terminates his or her employment other than for good reason, or LP terminates his or her employment for cause, during a change of control period, he or she will be entitled to payment or satisfaction by LP of all accrued obligations, but will not be entitled to any other severance or benefits.

Death or Disability. If an NEO dies or his or her employment is terminated due to disability during a change of control period, the officer or his or her legal representative will be entitled to payment of all accrued obligations and a pro rata amount of the officer's target bonus for the year in which the change of control occurs, based on the number of days in the year prior to death or termination. The aggregate payments and benefits, in addition to accrued obligations, that LP's named executive officers would have received, assuming death or termination due to disability on December 31, 2014, during a change of control period, were as follows: Mr. Stevens, \$19,770,775; Ms. Bailey \$4,287,136, Mr. Olszewski, \$3,823,961; Mr. Wagner, \$2,661,420, and Mr. Southern, \$2,294,083 representing the sum of the value on that date of restricted stock, incentive shares and SSARs subject to accelerated vesting and the executive's target award for 2014 under the Cash Incentive Plan. Assuming that the change of control and the termination due to death or disability occurred in the same year, these are the same amounts that an executive would receive upon a change of control without any termination, as described further under *Payments and Benefits While Employed Following Change of Control* above.

Termination for Good Reason; or Other than for Cause, Death or Disability. If, during a change of control period, an NEOs employment with LP is terminated by LP (other than for cause, death or disability) or by the executive for good reason, he or she will be entitled to receive the following amounts in a lump-sum payment six months after termination:

Base salary through the date of termination (at a monthly rate at least equal to the highest rate in effect during the 12 months prior to the date the change of control occurred) plus a pro rata amount of target bonus for the fiscal year in which the change of control occurred;

An amount equal to three times the sum of (x) annual base salary at such rate plus (y) target bonus amount;

The difference, calculated on an actuarial present value basis, between the retirement benefits that would have accrued under the Retirement Account Plan and the SERP if employment continued for an additional three years and the actual vested benefit, if any, under those plans (including any enhancement under the terms of the SERP triggered by the change of control) at the date of termination; and

Interest on the amounts described above from the date of termination through the payment date.

The Change of Control Employment Agreements also provide for reimbursement of fees for outplacement services, financial counseling, estate planning and for the continuation of health, disability and life insurance benefits for three years. The NEOs (other than Ms. Bailey and Mr. Southern) are also entitled to reimbursement for any excise tax imposed on benefits that constitute excess parachute payments, plus any related federal, state and local income taxes, subject to a cut back under which severance benefits can be reduced up to 10% to avoid any excise tax under Section 280G of the Internal Revenue Code (280G). If a larger reduction would be required to come within the 280G safe harbor, the agreements provide for LP to reimburse the executive in full for all 280G excise taxes and related income taxes imposed on the severance payments.

Acceleration of or increases to certain benefits under the terms of the SERP and the Deferred Compensation Plan that are triggered if an NEO is terminated following a change of control are described under *Pension Benefits for 2014* and *Nonqualified Deferred Compensation for 2014*.

Table of Contents*Potential Pay-Outs to Current Named Executive Officers*

The following table shows potential pay-outs under the Change of Control Employment Agreements and other LP benefit plans assuming that the employment of a current NEO was terminated following a change of control of LP, either by LP for reasons other than cause, death or disability, or by the executive for good reason, and that termination occurred on the last business day of 2014.

(1) For 2014, each director of LP who is not an employee of LP or any of its subsidiaries, other than the Chairman of the Board, received an annual retainer of \$60,000. The Chairman of the Audit Committee and the Chairman of the Compensation Committee each receives an additional annual retainer of \$10,000. The Chairman of each other Board committee receives an additional annual retainer of \$5,000 except the Chairman of the Board, who receives an annual retainer of \$175,000 for service on the Board and Board committees. All outside directors also receive \$1,750 for each Board meeting attended and \$1,500 for each committee meeting attended, including telephone conference meetings. All fees are paid on a quarterly basis.

(2) The amounts shown reflect the fair value as of the date of grant with respect to awards of restricted stock units under LP's 2013 Omnibus Plan. Assumptions used in calculating the fair value are described in Note 14 to LP's audited financial statements included in its 2014 Form 10-K, except that assumptions regarding forfeiture are ignored. The plan provides for annual grants of restricted stock units payable in shares of Common Stock with a market value on the grant date of \$80,000 (which equals the grant date fair value of such awards), or such lower amount as the Nominating Committee determines, to each non-employee director of LP. The shares vest in full on the earliest to occur of one year following the grant date, upon the director's death, disability or retirement (as defined), or a change of control of LP. If the director ceases to be a director before the restrictions lapse, the shares are forfeited. At December 31, 2014, LP's outside directors held shares of restricted stock or restricted stock units as follows: Mr. Cook, 10,313 shares; Mr. Frierson, 10,313 shares; Ms. Gottung, 10,313 shares; Mr. Landgraf, 10,313 shares; Mr. McCoy, 10,313 shares; Mr. Watson, 10,313 units; and Mr. Weaver, 10,880 shares.

RELATED PERSON TRANSACTIONS

LP has adopted a policy requiring review by the Board of potential conflicts of interest, including transactions between LP and certain related persons. A written copy of the policy is available on LP's website at www.lpcorp.com by clicking on About LP, then Investor Relations, then Corporate Governance.

Under the policy, a conflict of interest means any situation in which the personal interests of an employee, officer, or director are potentially in conflict with the interests of LP. The policy applies to all transactions between LP and business entities affiliated with LP's officers and directors.

The policy requires potential conflicts of interest involving a member of the Board or LP's Chief Executive Officer to be reviewed by the full Board. The policy requires potential conflicts of interest involving an executive officer (other than the Chief Executive Officer) to be reviewed by the Board and the Chief Executive Officer. Upon review of the conflict of interest, the Board or Chief Executive Officer, as applicable, is required to determine whether the transaction or relationship may proceed. Both disclosure of the potential conflict by the interested party and the results of any review by the Board or Chief Executive Officer are required to be communicated in writing. Approval of any transaction or relationship may be conditioned on implementation of safeguards, controls, or limitations on the individual's involvement in the transaction or relationship. Ongoing conflicts are reviewed under the policy annually.

Table of Contents

In addition, the Audit Committee's charter provides that it will, on an annual basis and at such other times as may be requested by the Board, review completed and proposed transactions between LP and any current or former director or executive officer of LP (including transactions involving family members or affiliates of directors or executive officers). The purpose of the Audit Committee's review is to help the Board determine if directors are independent, identify potential conflicts of interest, and identify related person transactions required to be disclosed in LP's proxy materials under applicable SEC disclosure requirements. The Audit Committee in 2014 determined that there were no related person transactions that affect the independence of any of LP's outside directors or that require disclosure in this proxy statement.

STOCKHOLDER PROPOSALS

Any stockholder who intends to present a proposal at the Annual Meeting of Stockholders of LP in 2016, and who wishes to have the proposal included in LP's proxy materials for that meeting, must deliver the proposal to the Corporate Secretary of LP no later than November 20, 2015. Any such proposal must meet the informational and other requirements set forth in the SEC's rules and regulations in order to be eligible for inclusion in the proxy materials for that meeting.

LP's bylaws also provide that no business may be brought before an annual meeting except as specified in the notice of the meeting or as otherwise brought before the meeting by or at the direction of the Board of Directors or by a stockholder of record who has delivered written notice thereof to the Chairman by the deadline specified in the bylaws. In the case of next year's annual meeting, this notice must be received by LP no later than February 3, 2016. Such notice must include the information required by the SEC's rules for stockholder proposals presented for inclusion in LP's proxy materials. The meeting chairman may, if the facts warrant, determine that any such business was not properly brought before the meeting and so declare to the meeting, in which case such business shall not be transacted.

GENERAL

The cost of soliciting proxies will be borne by LP. In addition to the solicitation of proxies by the use of the mails, some of the officers and regular employees of LP, without extra compensation, may solicit proxies personally or by other means such as telephone, telecopier, or e-mail.

LP will request brokers, dealers, banks, voting trustees, and their nominees who hold Common Stock of record to forward soliciting material to the beneficial owners of such stock and will reimburse such record holders for their reasonable expenses in forwarding material.
