- (2) Not specified as to each class of securities to be registered. The maximum aggregate offering price of the securities registered hereby will not exceed \$500,000,000. - (4) The proposed maximum aggregate offering price has been estimated for the sole purpose of computing the registration fee pursuant to Rule 457(o) under the Securities Act of 1933, as amended (the Securities Act), and excludes accrued interest, distributions and dividends, if any.
- (5) Calculated pursuant to Rule 457(o) under the Securities Act and General Instruction II.D of Form S-3, which permits the registration fee to be calculated on the basis of the proposed maximum aggregate offering price of all the securities listed.

The registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933, as amended, or until this registration statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

EXPLANATORY NOTE

This Post-Effective Amendment No. 1 (the **Post-Effective Amendment**) to Registration Statement No. 333-205451 on Form S-3 (the **Registration Statement**) is being filed pursuant to Rule 414 under the Securities Act of 1933, as amended (the **Securities Act**), by Global Indemnity Limited, a Cayman Islands exempted company (**GI-Cayman**), as successor issuer to Global Indemnity plc, a public limited company incorporated under the laws of Ireland (the **GI-Ireland**). On November 7, 2016 at 5:30 a.m. (Eastern time) (the **Effective Time**), the scheme of arrangement (the **Scheme of Arrangement**) involving GI-Ireland and GI-Cayman (as described in the Proxy Statement on Schedule 14A for the Special Meeting and Extraordinary General Meeting of Holders of Ordinary Shares held on September 14, 2016, filed by GI-Ireland on July 15, 2016) became effective.

Prior to the Scheme of Arrangement, GI-Cayman acquired a GI-Ireland ordinary share. Upon effectiveness of the Scheme of Arrangement, (i) all of the existing ordinary shares of GI-Ireland were cancelled, other than the GI-Ireland ordinary share held by GI-Cayman, and for the avoidance of doubt, the deferred shares and any treasury shares, (ii) GI-Ireland issued shares to GI-Cayman equal to the number of shares cancelled pursuant to (i) above using the reserve created by the cancellation of the GI-Ireland ordinary shares, and (iii) in return for such issuance of GI-Ireland ordinary shares to GI-Cayman, GI-Cayman issued GI-Cayman ordinary shares to existing GI-Ireland shareholders whose shares were cancelled pursuant to (i) above.

As a result of the Scheme of Arrangement, (i) each holder of GI-Ireland A ordinary shares received one GI-Cayman A ordinary share for each GI-Ireland A ordinary share owned by such shareholder, except GI-Cayman who retained its GI-Ireland ordinary shares held prior to the effectiveness of the Scheme of Arrangement, (ii) each holder of GI-Ireland B ordinary shares received one GI-Cayman B ordinary share for each GI-Ireland B ordinary share owned by such shareholder, and (iii) all of the share capital of GI-Ireland became owned by GI-Cayman.

This Post-Effective Amendment pertains to the adoption by GI-Cayman of the Registration Statement. GI-Cayman hereby expressly adopts the Registration Statement as its own registration statement for all purposes of the Securities Act and the Securities Exchange Act of 1934, as amended (the **Exchange Act**).

EARNINGS TO FIXED CHARGES AND PREFERENCE DIVIDENDS**

For purposes of computing the following ratios, earnings consist of net income (loss) before income tax expense, excluding interest costs capitalized, plus fixed charges to the extent that these charges are included in the determination of earnings. Fixed charges consist of interest costs, including interest costs capitalized, plus one-third of minimum rental payments under operating leases, which are estimated by management to be the interest factor of these rentals. The ratio of earnings to fixed charges and preferred share dividends is the same as the ratio of earnings to fixed charges for each of the periods presented below as there were no preferred shares outstanding for such periods.

	Fiscal Year Ended December 31, Nine Months Ended September 30,						
	2015	2014	2013	2012	2011	2016	2015

DESCRIPTION OF GLOBAL INDEMNITY LIMITED SHARE CAPITAL

The following description of our share capital is a summary. This summary is subject to the Cayman Island Companies Law and to the complete text of our amended and restated memorandum and articles of association, which is incorporated herein by reference. See [Where You Can Find More Information](#). We encourage you to read those laws and documents carefully.

Capital Structure

Authorized Share Capital

Our authorized share capital is US\$100,000 consisting of 600,000,000 A ordinary shares and 300,000,000 B ordinary shares of US\$0.0001 each, and 100,000,000 preferred shares of US\$0.0001 each.

Issued Share Capital

Upon the effectiveness of the Scheme on November 7, 2016, our issued share capital consisted of 13,463,864 A ordinary shares, with par value of \$0.0001 per share and 4,133,366 B ordinary shares, with a par value of \$0.0001.

The rights and restrictions to which the ordinary shares are subject are prescribed in our amended and restated memorandum and articles of association. Our amended and restated memorandum and articles of association entitle our board of directors (the [Board](#)), without shareholder approval, to determine the terms of the preferred shares issued by us. Our Board is authorized, without obtaining any vote or consent of the holders of any class or series of shares unless expressly provided by the terms of that class or series of shares, to provide from time to time for the issuance of other series of preferred shares and to establish the characteristics of each series, including the number of shares, designations, relative voting rights, dividend rights, liquidation and other rights, redemption, repurchase or exchange rights and any other preferences and relative, participating, optional or other rights and limitations not inconsistent with applicable law.

Pre-emption Rights, Share Warrants and Share Options

Under Cayman law, no statutory pre-emption rights apply.

Subject to the qualification that the directors may not issue or allot shares in excess of the authorized share capital, Cayman law does not restrict the ability of our Board to issue warrants or options in circumstances where they consider in good faith that the interests of the company are served thereby.

Our amended and restated memorandum and articles of association provide that the Board is authorized to grant, upon such term as the Board deems advisable, options to purchase (or commitments to issue at a future date) our shares of any class or series, and to cause warrants or other appropriate instruments evidencing such options or commitments to be issued. No statutory pre-emption rights will apply to the issuance of warrants and options issued by us.

We will be subject to the rules of NASDAQ requiring shareholder approval of certain share issuances. The Cayman Islands Takeover Code will not apply to us because we are not admitted to listing in the Cayman Islands.

Dividends

Under Cayman law, dividends and distributions may only be made from distributable reserves. Distributable reserves, broadly, means our accumulated realized profits less our accumulated realized losses on a standalone basis, together with amounts standing to the credit of the company's share premium account. The share premium account is an account maintained in our books and records that records the excess of the consideration paid (or deemed to have been paid) upon the initial issuance of any share over the par value of that share. Distributions may not be made from the share premium account unless, immediately thereafter, the company is able to meet its obligations in the ordinary course as they fall due.

The determination as to whether or not we have sufficient distributable reserves (including in respect of share premium) to fund a dividend is a determination to be made by the Board by reference to the legal, financial and

Table of Contents

accounting information available to it. As a matter of Cayman law, we are required to maintain accounts that give a true and fair view of the state of our affairs and to explain its transactions. Cayman law does not require us to file annual accounts in the Cayman Islands.

Our amended and restated memorandum and articles of association provide that dividends may be declared by the company in general meeting, but no dividends shall exceed the amount recommended by the Board. However, the amended and restated memorandum and articles of association authorize the Board to declare such interim dividends as appear justified from our profits without the approval of the shareholders. The dividends can be declared and paid in the form of cash or non-cash assets, subject to applicable law. The Board may deduct from any dividend or other moneys payable to any shareholder all sums of money, if any, due from the shareholder to us in respect of shares of the company.

Subject to certain limited exceptions, no dividends may be paid on our ordinary shares unless all necessary provisions, where relevant, have been made for payment of any preference dividend in respect of any preference shares then in issue.

The Board is also authorized to issue shares in the future with preferred rights to participate in dividends declared by us. The holders of such preference shares may, depending on their terms, rank senior to the holders of our ordinary shares with respect to dividends.

Share Repurchases, Redemptions and Conversions

Repurchases and Redemptions

Under Cayman law, a company can issue redeemable shares and redeem or repurchase them out of distributable reserves (which are described above under Dividends), including share premium, or the proceeds of a new issue of shares made for that purpose. Shareholder approval will not be required to redeem our redeemable ordinary shares.

Our amended and restated memorandum and articles of association allows for the conversion of any B ordinary share to an A ordinary share if (i) the holder of a B ordinary share (the Holder) wishes to effect such a conversion, or (ii) a person (the Transferee) agrees a transfer of the shares (the Affected Shares) with the Holder, whether or not for value. Conversion may be effected by means of redemption and issue of a new share. In that instance Affected Shares are converted to redeemable shares and redeemed by us for their aggregate nominal value immediately before any anticipated conversion or transfer. The Affected Shares are either cancelled or held as treasury shares. We then pay the redemption amount for the Affected Shares to a nominated third party. That third party holds the redemption sum on trust and applies it to pay for an issue of A ordinary share equal in number to the Affected Shares. There is one exception to conversions on transfer. Where the proposed transfer is to an existing holder of B ordinary share or an affiliate of an existing holder of B ordinary share, the B ordinary share concerned is redeemed and a new B ordinary share (rather than an A ordinary share) is issued to the Transferee.

We may also be given authority to purchase its own shares, including on a recognized stock exchange such as Nasdaq or off-market purchases, in such manner as its shareholders may approve by ordinary resolution. Our shareholders have not to date approved any manner of repurchase.

The Board has the authority to issue other preference or other classes or series of shares that may be redeemed at the option of either us or the holder, depending on the terms of such shares. Please see Capital Structure Authorized Share Capital above for additional information on preference shares.

Our repurchased and redeemed shares may be cancelled or held as treasury shares. Subject to the requirement that there be one share issued and outstanding that is not a treasury share, there is no restriction on the number of treasury shares that we may hold. While we hold shares as treasury shares, we cannot exercise any voting rights in respect of those shares and no dividend or other payment can be paid to us in respect of those shares. Treasury shares may be cancelled by us or re-issued subject to certain conditions.

Under Cayman law, it is permissible for a subsidiary to purchase our shares either on-market or off-market without restriction. Any such shares will not be regarded as treasury shares.

Existing Share Redemption Program

On November 12, 2015, GI-Ireland entered into a redemption agreement with FPG International Holdings, L.P. and FPG International Holdings II, L.P. giving it the right, expiring December 31, 2019, to redeem 3,397,031 ordinary shares at a price of \$23.00 per share, plus 0.25% of \$23.00 for each month after November 12, 2015 that the shares are redeemed. In connection with the effectiveness of the scheme, the redemption agreement will be assumed by GI-Cayman and the redemption right will apply to the new Cayman shares.

Bonus Shares

Under our amended and restated memorandum and articles of association, subject to the Board's authority to issue and allot shares, the Board may resolve to capitalize any amount standing to the credit of reserves (including a share premium account, capital redemption reserve and profit and loss account), whether or not available for distribution or credited to the profit and loss account, and use such amount for the issuance to shareholders of shares as fully paid bonus shares on the same basis of entitlement as would apply in respect of a dividend distribution.

Consolidation and Division; Subdivision

Pursuant to the provisions of our amended and restated memorandum and articles of association, we may by ordinary resolution: (a) consolidate and divide all or any of our share capital into shares of a larger amount than our existing shares; (b) convert all or any of our paid up shares into stock and reconvert that stock into paid up shares of any denomination; (c) subdivide our existing shares, or any of them into shares of a smaller amount provided that in the subdivision the proportion between the amount paid and the amount, if any, unpaid on each reduced share shall be the same as it was in case of the share from which the reduced share is derived; and (d) cancel any shares that, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled.

Reduction of Share Capital

Pursuant to the provisions of our amended and restated memorandum and articles of association, we may by special resolution reduce our share capital and any capital redemption reserve in any manner authorised by the Cayman Islands Companies Law (including by application to court for a reduction of share capital); provided that we shall not increase, reduce or alter our share capital, if such action, in the Board's sole and absolute discretion, would cause a *non-de minimis* adverse tax, legal or regulatory consequence to us, any of our subsidiaries or any direct or indirect shareholder or its affiliates.

Voting

At a general meeting, our amended and restated memorandum and articles of association provide that votes will be taken on a poll and every shareholder shall have one vote for each A ordinary share and ten votes for each B ordinary that he or she holds as of the record date for the meeting. Holders of our ordinary shares vote on all matters submitted to a vote of shareholders, except that if, and for so long as, the votes conferred by our Controlled Shares of any 9.5% U.S. Shareholder (as defined in our amended and restated memorandum and articles of association) constitute 9.5% or more of the votes conferred by the issued shares of the company, the voting rights with respect to our Controlled Shares of such person will be limited, in the aggregate, to a voting power equal to approximately (but slightly less than) 9.5%, pursuant to a formula set forth in our amended and restated memorandum and articles of association. The holder(s) of deferred shares are not entitled to a vote.

All votes at a general meeting will be decided by way of a poll. Voting rights on a poll may be exercised by shareholders registered in our share register as of the record date for the meeting or by a duly appointed proxy of such a registered shareholder, which proxy need not be a shareholder. All proxies must be appointed in accordance with our amended and restated memorandum and articles of association. Our amended and restated memorandum and articles of association provide that the Board may permit the appointment of proxies by the shareholders to be notified to us electronically.

In accordance with our amended and restated memorandum and articles of association, the Board may from time to time cause us to issue preference or other classes or series of shares. These shares may have such voting rights, if any, as may be specified in the terms of such shares (e.g., they may carry more votes per share than ordinary shares or may entitle their holders to a class vote on such matters as may be specified in the terms of the shares).

Treasury shares do not entitle their holders to vote at general meetings of shareholders. Shares held by our subsidiaries in us are not precluded by Cayman law from voting at our general meetings.

Table of Contents

Except where a greater majority is required by Cayman law or our amended and restated memorandum and articles of association, any question proposed for consideration at any of our quorate general meetings or of any class of shareholders will be decided by an ordinary resolution passed by a simple majority of the votes cast by shareholders entitled to vote at such meeting. Cayman law requires special resolutions of the shareholders to approve certain matters.

Variation of Rights Attaching to a Class of Shares

Variation of any special rights attached to any class or series of our issued shares (including our ordinary shares) must, in accordance with our amended and restated memorandum and articles of association, be approved by (1) the consent of the holders of not less than 75% the shares of the class or series affected, passed by the affirmative vote of the holders of the shares of that class or series voted at a meeting of that class or series or (2) the written consent of 75% the shareholders of that class or series. In the case of a meeting to vary the rights of any class or series of shares, our amended and restated memorandum and articles of association provide that the necessary quorum is the presence, in person or by proxy, of at least one shareholder representing 1/3 in nominal value (or, at an adjourned meeting, at least one shareholder representing any amount of nominal value) of the relevant class.

Every shareholder of the affected class or series will have one vote for each share of such class or series that he or she holds as of the record date for the meeting except that if, and for so long as, the votes conferred by our Controlled Shares of any person constitute 9.5% or more of the votes conferred by the issued shares of the relevant class or series, the voting rights with respect to our Controlled Shares of such person will be limited, in the aggregate, to a voting power equal to approximately (but slightly less than) 9.5%, pursuant to a formula set forth in our amended and restated memorandum and articles of association.

Inspection of Books and Records

Cayman law does not confer upon shareholders specific rights to inspect our books and records. Pursuant to the provisions of the Cayman Islands Companies Law, a shareholder may apply to the Grand Court of the Cayman Islands to appoint one or more competent inspectors to examine the affairs of the company and to report therein in such manner as the court may direct.

Acquisitions

There are a number of mechanisms for acquiring a Cayman Islands exempted company, including:

Scheme of Arrangement

A court-approved scheme of arrangement under the Cayman Islands Companies Law is an arrangement with one or more classes of shareholders that requires a court order from the Grand Court of the Cayman Island and the approval of: (1) more than 50% in number of the shareholders of each participating class or series voting on the scheme of arrangement, (2) representing 75% or more by value of the shares of such participating class or series held by the shareholders voting on the scheme of arrangement, in each case at the relevant meeting or meetings. A scheme of arrangement, if authorized by the shareholders of each participating class or series and the court, is binding on all of the shareholders of each participating class or series. Shares held by the acquiring party are effectively excluded from the tally of a vote on the scheme because such shares will be considered to belong to a separate class for the purposes of approving the scheme.

Tender Offer

Where the holders of 90% or more in value of a class of our shares (excluding any shares already beneficially owned by the offeror) have within four months of the making of an offer accepted an offer for their shares in us, the remaining shareholders in that class may be statutorily required to also transfer their shares by notice given at any time within two months of the expiry of the four month period, unless, within one month, the non-tendering shareholders can obtain a Cayman court order otherwise providing. If the offeror has acquired acceptances of 90% of all our shares but does not exercise its squeeze out right, then the non-accepting shareholders have no statutory right to require the offeror to acquire their shares on the same terms as the original offer.

Merger

Pursuant to the provisions of the Cayman Islands Companies Law, we may merge with another company (wherever incorporated, provided that such merger is not prohibited by the laws of the jurisdiction of incorporation of that company). A merger under Cayman law requires the consent of two-thirds of the votes cast at a quorate meeting of our voting shareholders.

Table of Contents

Asset Sale

Under Cayman law, the Board's approval, but not shareholder approval, is required for a sale, lease or exchange of all or substantially all of our assets.

Appraisal Rights

Generally, under Cayman law, shareholders of a Cayman Islands exempted company do not have statutory appraisal rights; provided that in the event of a statutory merger under the Cayman Islands Companies Law a shareholder shall be entitled to receive the fair value of his shares upon dissenting from such merger. This right is generally only available in circumstances where the consideration under the terms of the merger is payable in cash.

A dissenting shareholder in a successful tender offer for a Cayman Islands exempted company may, by application to the Grand Court of the Cayman Islands, object to that company using the compulsory squeeze out provisions of the Cayman Islands Companies Law.

Disclosure of Interests in Shares

In addition, persons or groups (within the meaning of the Exchange Act) beneficially owning 5% or more of our ordinary shares must comply with the reporting requirements under Regulation 13D-G of the Exchange Act.

Anti-Takeover Provisions

Shareholder Rights Plans and Share Issuances; Transfer Restriction

Cayman law does not expressly prohibit companies from issuing share purchase rights or adopting a shareholder rights plan as an anti-takeover measure. Whilst there is no directly relevant case law on the validity of such plans under Cayman law, the decisions in comparable circumstances of the courts of England and Wales in particular are of persuasive authority in the Cayman Islands.

The Board has the power to issue any of our authorized and unissued shares on such terms and conditions as it may determine to be in our best interest. It is possible that the terms and conditions of any issue of shares could discourage a takeover or other transaction that holders of some or a majority of our ordinary shares might believe to be in their best interest or in which holders of our ordinary shares might receive a premium for their shares over the then-market price of the shares.

Our amended and restated memorandum and articles of association provide that the Board may decline to register a transfer of shares if it appears to the Board that the effect of such transfer would be to increase the number of our Controlled Shares (as defined in our amended and restated memorandum and articles of association) of any person to 9.5% or more of any class of voting shares of the total issued shares or of the voting power of the company.

Cayman Takeover Code and Substantial Acquisition Rules

Because it is not listed on the Cayman Islands Stock Exchange, the Cayman Takeover Code and associated substantial acquisition rules do not apply to us.

As a matter of general corporate law, the directors of a Cayman exempted company are required to act in good faith in what they reasonably consider to be in the best interests of the company. Any exercise by the Board of the authority

conferred upon it by our amended and restated memorandum and articles of association will be subject to this fiduciary standard.

Corporate Governance

Our directors have certain statutory and fiduciary duties. All of the directors have equal and overall responsibility for our management (although directors who also serve as employees will have additional responsibilities and duties arising under their employment agreements and may be expected to have a more intimate understanding of the company's day to day activities than non-executive directors).

Table of Contents

At common law, a director has a fiduciary duty to act in good faith in what the director considers to be the interests of the company, and of exercising due care and skill. In addition, directors are subject to statutory duties and duties under our amended and restated memorandum and articles of association to ensure the maintenance of proper books of account, maintaining certain registers and making certain filings as well as disclosure of personal interests.

Particular duties also apply to directors of insolvent companies (for example, the directors may be held to have breached his fiduciary duties where he is found to have conducted our business while insolvent, without due regard to the interests of creditors).

Liquidation; Rights upon Liquidation

We benefit from perpetual succession, meaning that it will continue its existence indefinitely unless wound by special resolution of the shareholders on a voluntary basis, or on application of a creditor to a court having jurisdiction.

The rights of the shareholders to a return of our assets on dissolution or winding up, following the settlement of all claims of creditors, may be prescribed in our amended and restated memorandum and articles of association or the terms of any shares issued by the Board from time to time. The holders of preference shares, if any, in particular, may have the right to priority over ordinary or other shareholders in a dissolution or winding up of us. If our amended and restated memorandum and articles of association and terms of issue of our shares contain no specific provisions in respect of a dissolution or winding up then, subject to the shareholder priorities and the rights of any creditors, the assets will be distributed to shareholders in proportion to the capital at the commencement of the winding up paid-up, or credited as paid up, on the shares held. Our amended and restated memorandum and articles of association provide that our ordinary shareholders are entitled to participate in a winding up, and the method by which the property will be divided shall be determined by the liquidator, subject to a special resolution by the shareholders, but such rights by ordinary shareholders to participate may be subject to the rights of any preference shareholders to participate under the terms of any series or class of preference shares.

No Share Certificates

It is not intended that we will issue share certificates unless certificates are required by law, any stock exchange, a recognized depository, any operator of any clearance or settlement system, or the terms of issue of any class or series of its shares.

Under our amended and restated memorandum and articles of association, holders of our ordinary shares will have no right to certificates for their shares, except on request. Holders' rights to request certificates for shares are subject to any resolution of the Board determining otherwise.

Stock Exchange Listing

Our A Ordinary Shares are listed on NASDAQ under the symbol GBLI.

No Liability for Further Calls or Assessments

Pursuant to the provisions of our amended and restated memorandum and articles of association, all shares issued and allotted by us shall be issued fully paid as to their nominal value, together with any premium determined by the Board at the time of issue and shall be non-assessable, meaning that no additional contributions are required to be made to us in respect of our ordinary shares issued and allotted upon completion of the Transaction.

Transfer and Registration of Shares

Our share register will be maintained by our transfer agent. Registration in this share register will be determinative of membership in us. Any of our shareholders who hold shares beneficially will not be the holder of record of such shares. Instead, the depository (for example, Cede & Co., as nominee for DTC) or other nominee will be the holder of record of such shares. Accordingly, a transfer of shares from a person who holds such shares beneficially to a person who will also hold such shares beneficially through the same depository or other nominee will not be registered in our official share register, as the depository or other nominee will remain the record holder of such shares.

Table of Contents

A written instrument of transfer will be required under Cayman law in order to register on our official share register any transfer of shares (1) from a person who holds such shares directly to any other person or (2) from a person who holds such shares beneficially to another person who also will hold such shares beneficially where the transfer involves a change in the depository or other nominee that is the record owner of the transferred shares. An instrument of transfer also will be required for a shareholder who directly holds shares to transfer those shares into his or her own broker account (or vice versa). No Cayman Islands stamp duty will be payable in respect of any transfer of our shares.

Our amended and restated memorandum and articles of association grant the Board general discretion to decline to register an instrument of transfer without giving a reason, however, this general discretion expires after two months.

Among other things, the Board may decline to register a transfer of shares unless a registration statement under the Securities Act is in effect with respect to the transfer or the transfer is exempt from registration. Further, our amended and restated memorandum and articles of association provide that the Board must decline to register a transfer of shares if it appears to the Board that the effect of such transfer would mean that a U.S. Person owned Controlled Shares constituting 9.5% or more of the value of the company or the voting shares of the company.

DESCRIPTION OF DEPOSITARY SHARES

General

We may offer depositary shares, each representing a specified fraction of a share of a particular series of preferred shares. Depositary receipts evidencing depositary shares will be issued to those persons purchasing the fractional shares of the related preferred shares.

The shares of any class or series of preferred shares represented by depositary shares will be deposited under a deposit agreement among us, a depositary selected by us and the holders of the depositary receipts, whom we refer to in this section as owners. Subject to the terms of the deposit agreement, each owner will be entitled to all the rights and preferences of the preferred shares represented by the depositary share in proportion to the fraction of a preferred share represented by the depositary share, including dividend, voting, redemption and liquidation rights.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other distributions received on the related preferred shares to the owners in proportion to the number of depositary shares owned. In the event of a distribution other than in cash, the depositary will distribute property received by it to the owners, unless the depositary determines that it is not feasible to make the distribution, in which case the depositary may, with our approval, sell the property and distribute the net proceeds from the sale to the owners.

Withdrawal of Shares

Upon surrender of the depositary receipts, unless the related depositary shares have previously been called for redemption, the owner is entitled to delivery of the number of whole shares of the related preferred shares and any money or other property represented by his depositary shares. Holders of the whole preferred shares will not be entitled to exchange the preferred shares for depositary shares. If the delivered depositary receipts evidence a number of depositary shares in excess of the number of whole preferred shares to be withdrawn, the depositary will deliver to the owner a new depositary receipt evidencing this excess number at the same time. In no event will fractional preferred shares be delivered upon surrender of depositary receipts.

Redemption of Depositary Shares

Whenever we redeem preferred shares held by the depositary, the depositary will redeem the number of depositary shares representing the related preferred shares. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per preferred share. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as may be determined by the depositary or us.

Voting the Preferred Shares

Upon receipt of notice of any meeting at which the holders of the preferred shares are entitled to vote, the depositary will mail the information contained in the notice to the record owners of the depositary shares. Each record owner on the record date, which will be the same as the record date for the preferred shares, may instruct the depositary how to exercise its voting rights pertaining to the preferred shares represented by the owner's depositary shares. The depositary will endeavor, insofar as practicable, to vote the number of the preferred shares represented by these depositary shares in accordance with the instructions, and we will agree to take all action which the depositary deems

necessary in order to enable the depositary to do so. The depositary will not vote preferred shares if it does not receive specific instructions from the record owners.

Table of Contents

Amendment and Termination of the Deposit Agreement

Unless otherwise provided in the applicable prospectus supplement, the form of depositary receipt and any provision of the deposit agreement may be amended at any time by agreement between us and the depositary. However, any amendment which materially and adversely alters the rights of the owners will not be effective unless it has been approved by the owners representing at least a majority, or, in the case of amendments affecting rights to receive dividends or distributions or voting or redemption rights, 66 2/3% of the depositary shares then outstanding. We or the depositary may terminate the deposit agreement only:

if all outstanding depositary shares have been redeemed;

if there has been a final distribution on the preferred shares in connection with any liquidation, dissolution or winding up of us and the distribution has been distributed to the owners; or

with the consent of owners representing not less than 66 2/3% of the depositary shares outstanding.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will also pay charges of the depositary in connection with the initial deposit of preferred shares and any redemption of the preferred shares. Owners will pay all other transfer and other taxes and governmental charges and any other charges as are expressly provided in the deposit agreement to be for their accounts.

The depositary may refuse to transfer a depositary receipt or any withdrawal of preferred shares evidenced by the depositary receipts until all taxes and charges with respect to the receipts or preferred shares are paid by the owners.

Miscellaneous

The depositary will forward to owners all reports and communications which it receives from us and which we are required to furnish to the holders of the preferred shares.

Neither the depositary nor we will be liable if the depositary is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the deposit agreement. Our and the depositary's obligations will be limited to performance of the duties under the deposit agreement in a manner that does not constitute bad faith, and neither we nor the depositary will be obligated to prosecute or defend any legal proceeding in respect of any depositary or preferred shares unless satisfactory indemnity is furnished.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to resign, and we may at any time remove the depositary. Any resignation or removal of the depositary will take effect upon the appointment of a successor depositary, which successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000 or be an affiliate of such bank or trust company.

DESCRIPTION OF DEBT SECURITIES

The following description sets forth the material terms and provisions of the debt securities. The debt securities will be issued under an indenture, referred to in this prospectus as the indenture, between us and Wells Fargo Bank, National Association, as trustee, which is filed as an exhibit to the registration statement of which this prospectus forms a part. The specific terms applicable to a particular issuance of debt securities and any variations from the terms set forth below will be set forth in the applicable prospectus supplement.

The following is a summary of the material terms and provisions of the indenture and the debt securities. You should refer to the form of indenture and the form of debt security for complete information regarding the terms and provisions of the indenture and the debt securities.

General

The indenture does not limit the aggregate principal amount of debt securities that we may issue. We may issue debt securities under the indenture from time to time in one or more series. The indenture does not limit the amount of other indebtedness, or debt securities other than secured indebtedness, which we or our subsidiaries may issue.

Unless otherwise provided in a prospectus supplement, the debt securities will be our unsecured obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness.

The specific terms of each series of debt securities will be set forth in the applicable prospectus supplement relating thereto, including the following, as applicable:

the title of such debt securities, whether such debt securities are senior debt securities or subordinated debt securities and, if subordinated debt securities, the specific subordination provisions applicable thereto;

the aggregate principal amount of such debt securities and any limit on such aggregate principal amount;

the price or prices (which may be expressed as a percentage of the principal amount thereof) at which such debt securities will be issued and, if other than the principal amount thereof, the portion of the principal amount thereof payable upon declaration of acceleration of the maturity thereof, or, if applicable, the portion of the principal amount of such debt securities that is convertible or exchangeable or the method by which any such portion shall be determined;

if convertible or exchangeable for other securities, the terms on which such debt securities are convertible or exchangeable, including the initial conversion or exchange price, the conversion or exchange period, any events requiring an adjustment of the applicable conversion or exchange price and any requirements relating to the reservation of securities for purposes of conversion in the case of convertible securities;

the date(s), or the method for determining such date or dates, on which the principal of such debt securities will be payable and, if applicable, the terms on which such maturity may be extended;

the rate(s) (which may be fixed or floating), or the method by which such rate or rates shall be determined, at which such debt securities will bear interest, if any, including, if applicable, that such debt securities will bear interest at an increased rate (up to a specified maximum) upon the occurrence of an event of default and/or under certain circumstances described in the applicable prospectus supplement (which may include, among other things, a reduction in the trading price of ordinary shares below certain levels for a minimum period of time);

the date(s), or the method for determining such date or dates, from which any such interest will accrue, the dates on which any such interest will be payable, the record dates for such interest payment dates, or the method by which such dates shall be determined, the persons to whom such interest shall be payable, and the basis upon which interest shall be calculated if other than that of a 360-day year of twelve 30-day months;

the place(s) where the principal of and interest, if any, on such debt securities will be payable, where such debt securities may be surrendered for registration of transfer or exchange and where notices or demands to or upon us in respect of such debt securities and the indenture may be served;

the period(s), if any, within which, the price or prices at which and the other terms and conditions upon which such debt securities may, pursuant to any optional or mandatory redemption provisions, be redeemed, as a whole or in part, at our option;

our obligation, if any, to redeem, repay or repurchase such debt securities pursuant to any sinking fund (as defined in the applicable prospectus supplement) or analogous provision or at the option of a holder thereof, and the period or periods within which, the price or prices at which and the other terms and conditions upon which such debt securities will be redeemed, repaid or purchased, as a whole or in part, pursuant to such obligations;

if other than U.S. dollars, the currency or currencies in which the principal of and interest, if any, on such debt securities are denominated and payable, which may be a foreign currency or units of two or more foreign currencies or a composite currency or currencies, and the terms and conditions relating thereto;

whether the amount of payments of principal of or interest, if any, on such debt securities may be determined with reference to an index, formula or other method (which index, formula or method may, but need not, be based on the yield on or trading price of other securities, including United States Treasury securities, or on a currency, currencies, currency unit or units, or composite currency or currencies) and the manner in which such amounts shall be determined;

whether the principal of or interest, if any, on the debt securities of the series is to be payable, at our election or the election of a holder thereof, in a currency or currencies, currency unit or units or composite currency or currencies other than that in which such debt securities are denominated or stated to be payable and the period or periods within which, and the terms and conditions upon which, such election may be made;

provisions, if any, granting special rights to the holders of debt securities of the series upon the occurrence of such events as may be specified;

If the applicable prospectus supplement provides, the debt securities may be issued at a discount below their principal amount and provide for less than the entire principal amount thereof to be payable upon declaration of acceleration of the maturity thereof. In such cases, the special U.S. federal income tax considerations applicable to such discounted securities will be described in the applicable prospectus supplement.

Except as may be set forth in the applicable prospectus supplement, the debt securities will not contain any provisions that would limit our ability to incur indebtedness or that would afford holders of debt securities protection from transactions involving us, including a highly leveraged transaction involving us or a change in control. The applicable prospectus supplement will contain information with respect to any additions to the events of default or covenants described below, including any addition of a covenant or other provision providing event risk or similar protection.

Denomination, Interest, Registration and Transfer

We will issue the debt securities of each series only in registered form, without coupons, in minimum denominations of \$2,000 and increments of \$1,000 in excess thereof, or in such other currencies or denominations as may be set forth in the applicable supplemental indenture or specified in, or pursuant to, an authorizing resolution, if any, relating to

such series of debt securities.

The principal of and interest, if any, on any series of debt securities will be payable at the corporate trust office of the trustee, the address of which will be stated in the applicable prospectus supplement. However, at our option, interest payment may be made by check mailed to the address of the person entitled thereto as it appears in the applicable register for such debt securities. We will make payments of principal of, and any interest on, the debt securities represented by any global security registered in the name of and held by DTC or its nominee to DTC or its nominee, as the case may be, as the registered owner and holder of such global security. Neither we, the trustee nor any of its or our respective agents will have any responsibility or liability for any aspect of records relating to, or payments made on account of, beneficial interests in any global security or for maintaining, supervising or reviewing any records of DTC, its nominee or any participant relating to such beneficial interests.

Table of Contents

Subject to certain limitations imposed upon debt securities issued in book-entry form, the debt securities of any series:

will be exchangeable for any authorized denomination of other debt securities of the same series and of a like aggregate principal amount and tenor upon surrender of such debt securities at the trustee's corporate trust office or at the office of any registrar designated by us for such purpose; and

may be surrendered for registration of transfer or exchange thereof at the corporate trust office of the trustee or at the office of any registrar designated by us for such purpose.

No service charge will be made for any registration of transfer or exchange, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with certain transfers and exchanges. We may act as registrar and may change any registrar without notice.

Certain Covenants

The applicable prospectus supplement will describe any material covenants in respect of a series of debt securities that are not described in this prospectus.

Unless otherwise indicated in the applicable prospectus supplement, all debt securities will include the provision described below.

We may not (1) consolidate with or merge with or into any other person or convey, transfer, sell or lease our properties and assets substantially as an entirety to any person, (2) permit any person to consolidate with or merge into us or (3) permit any person to convey, transfer, sell or lease that person's properties and assets substantially as an entirety to us unless:

in the case of (1) and (2) above, if we are not the surviving person, such surviving person is an entity organized and existing under the laws of the United States of America (including any State thereof or the District of Columbia), the United Kingdom, Ireland, the Cayman Islands, Bermuda or any country which is a member of the Organization for Economic Co-operation and Development or the European Union and the surviving person assumes the payment of the principal of, premium, if any, and interest on the debt securities and the performance of its other covenants under the indenture;

immediately after giving effect to the transaction, no event of default under the indenture, and no event that, after notice or lapse of time or both, would become an event of default under the indenture, will have occurred and be continuing; and

the Company shall have delivered to the trustee an officer's certificate stating that such consolidation, merger, conveyance, transfer, sale or lease and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with this covenant and that all conditions precedent in the indenture relating to such transaction have been satisfied.

Reporting by the Issuer

Under the indenture, we will be required to file with the trustee, within 15 days after we are required to file the same with the SEC, copies of the annual reports and of the information, documents and other reports which we may be required to file with the SEC pursuant to Section 13 or Section 15(d) of the Exchange Act, provided that availability of such reports on a website maintained by the SEC shall be deemed to fulfill this requirement. If we are not required to file information, documents or reports pursuant to either of said sections of the Exchange Act, then we shall file with the trustee and the SEC, in accordance with the rules and regulations prescribed from time to time by the SEC, such of the supplementary and periodic information, documents and reports which may be required pursuant to Section 13 of the Exchange Act in respect of a security listed and registered on a national securities exchange. We also will be required to file with the trustee and the SEC such additional information, documents and reports with respect to compliance by us with the conditions and covenants of the indenture as may be required from time to time under the rules and regulations of the SEC. Delivery of such reports, information and documents to the trustee is for informational purposes only and the trustee's receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants under the indenture (as to which the trustee is entitled to rely exclusively on an officer's certificate). The trustee will not be obligated to monitor or confirm, on a continuing basis or otherwise, our compliance with the covenants or with respect to any reports or other documents filed with the SEC or the SEC's EDGAR system or any website under the indenture, or participate in any conference calls.

Ranking of Debt Securities

General

Because we are a holding company, our rights and the rights of our creditors, including you, as a holder of debt securities, and shareholders to participate in any distribution of assets of any subsidiary upon the subsidiary's liquidation or reorganization or otherwise would be subject to the prior claims of the subsidiary's creditors, except to the extent that we are a creditor of the subsidiary. The right of our creditors, including you, to participate in the distribution of stock owned by us in some of our subsidiaries, including our insurance subsidiaries, may also be subject to approval by insurance regulatory authorities having jurisdiction over these subsidiaries.

Senior Debt Securities

The senior debt securities will be our unsecured unsubordinated obligations and will:

rank equal in right of payment with all of our other unsecured and unsubordinated indebtedness;

be effectively subordinated in right of payment to all of our secured indebtedness to the extent of the value of the assets securing such indebtedness; and

be effectively subordinated to all indebtedness and mandatorily redeemable preferred stock of our subsidiaries.

Except as otherwise set forth in the indenture or specified in an authorizing resolution, officer's certificate and/or supplemental indenture, if any, relating to a series of senior debt securities to be issued, there are no limitations in the indenture on the amount of additional indebtedness which may rank equal with the senior debt securities or on the amount of indebtedness, secured or otherwise, which may be incurred or preference shares which may be issued by us or our subsidiaries.

Subordinated Debt Securities

The subordinated debt securities will be our unsecured subordinated obligations. Unless otherwise provided in the applicable prospectus supplement, the payment of principal of, premium, if any, or interest on and all other amounts owing in respect of the subordinated debt securities will be subordinated in right of payment to the prior payment in full in cash of principal of, interest on and all other amounts owing in respect of all of our senior indebtedness. Upon any payment or distribution of assets of any kind or character, whether in cash, property or securities, to creditors upon any total or partial liquidation, dissolution, winding-up, reorganization, assignment for the benefit of creditors or marshaling of assets or in a bankruptcy, reorganization, insolvency, receivership or other similar proceeding relating to us or our property, whether voluntary or involuntary, all principal of, interest on and all other amounts due or to become due shall be paid, first, to all senior indebtedness in full in cash, or such payment duly provided for to the satisfaction of the holders of senior indebtedness, before any payment or distribution of any kind or character is made on account of any principal of, interest on or other amounts owing in respect of the subordinated debt securities, or for the acquisition of any of the subordinated debt securities for cash, property or otherwise.

If any default occurs and is continuing in the payment when due, whether at maturity, upon any redemption, by declaration or otherwise, of any principal of, premium, if any, or interest on, any senior indebtedness, unless and until such default has been cured or waived or has ceased to exist or such senior indebtedness has been discharged or repaid in full, no payment of any kind or character shall be made by us or any other person on our behalf with respect to any principal of, interest on or other amounts owing in respect of the subordinated debt securities or to acquire any of the subordinated debt securities for cash, property or otherwise.

If any other event of default occurs and is continuing with respect to any senior indebtedness, as such event of default is defined in the instrument creating or evidencing such senior indebtedness, permitting the holders of such senior indebtedness then outstanding to accelerate the maturity thereof and a representative for the respective issue of senior indebtedness gives written notice of the event of default to the trustee, then we may be subject to a blockage period, during which, unless and until all events of default have been cured or waived or have ceased to exist or the trustee receives notice from the representative for the respective issue of senior indebtedness terminating such blockage period, neither we nor any other person on our behalf shall:

(1) make any payment of any kind or character with respect to any principal of, interest on or other amounts owing in respect of the subordinated debt securities; or

(2) acquire any of the subordinated debt securities for cash, property or otherwise.

Table of Contents

Unless otherwise provided in the applicable prospectus supplement, the terms of any subordinated debt securities will not restrict the amount of our or our subsidiaries' senior indebtedness or other indebtedness. As a result, in the event of the Company's insolvency, holders of the subordinated debt securities may recover ratably less than our general creditors.

Discharge and Defeasance

Under the terms of the indenture, we will be discharged from any and all obligations in respect of the debt securities of any series and the indenture (except in each case for certain obligations to register the transfer or exchange of debt securities, replace stolen, lost or mutilated debt security certificates or other title documents, maintain paying agencies and hold moneys for payment in trust) if:

we deliver all outstanding debt securities of such series to the trustee for cancellation and pay all sums payable by us under such debt securities and the indenture with respect to such series; or

such debt securities either have become due and payable or will become due and payable within one year (or are scheduled for redemption within one year) and we deposit with the trustee, in trust:

in the case of any debt securities of any series denominated in U.S. dollars, cash or U.S. government obligations sufficient to pay all principal of and interest and premium, if any, on such debt securities; and

in the case of any debt securities of any series denominated in any currency other than U.S. dollars, an amount of the applicable currency in which such debt securities are denominated sufficient to pay all principal of and interest and premium, if any, on such debt securities.

In addition, unless the applicable prospectus supplement and authorizing resolution, officer's certificate or supplemental indenture provide otherwise, we may elect either (1) to defease and be discharged from any and all obligations with respect to such debt securities ("defeasance") or (2) to be released from its obligations with respect to such debt securities under certain covenants in the indenture, and any omission to comply with such obligations will not constitute a default or an event of default with respect to such debt securities ("covenant defeasance"):

by delivering all outstanding debt securities of such series to the trustee for cancellation and paying all sums payable by us under such debt securities and the indenture with respect to such series;

by delivering to the trustee an officer's certificate as to solvency and the absence of intent of preferring holders of the debt securities over our other creditors; and

after giving notice to the trustee of our intention to defease all of the debt securities of such series, by irrevocably depositing with the trustee or a paying agent:

in the case of any debt securities of any series denominated in U.S. dollars, cash or U.S. government obligations sufficient to pay all principal of and interest on such debt securities; and

in the case of any debt securities of any series denominated in any currency other than U.S. dollars, an amount of the applicable currency in which the debt securities are denominated sufficient to pay all principal of and interest on such debt securities.

Table of Contents

Such a trust may only be established if, among other things:

the defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under, any material agreement or instrument to which we are a party or by which we are bound;

no event of default or event which with notice or lapse of time or both would become an event of default with respect to the debt securities to be defeased will have occurred and be continuing on the date of establishment of such a trust after giving effect to such establishment and, with respect to defeasance only, no bankruptcy proceeding with respect to us will have occurred and be continuing at any time during the period ending on the 91st day after such date; and

we have delivered to the trustee an opinion of counsel to the effect that the holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred, and such opinion of counsel, in the case of defeasance, must refer to and be based upon a letter ruling of the U.S. Internal Revenue Service received by us, a Revenue Ruling published by the U.S. Internal Revenue Service or a change in applicable U.S. federal income tax law.

If we effect covenant defeasance with respect to any debt securities and such debt securities are declared due and payable because of the occurrence of any event of default, other than an event of default with respect to any covenant as to which there has been covenant defeasance, then the U.S. government obligations on deposit with the trustee will be sufficient to pay amounts due on such debt securities at the time of the stated maturity but may not be sufficient to pay amounts due on such debt securities at the time of the acceleration resulting from such event of default.

Modification and Waiver

We and the trustee may modify, amend and/or supplement the indenture and the applicable debt securities with the consent of the holders of not less than a majority in principal amount of the outstanding debt securities of all series affected thereby (voting as a single class); *provided, however*, that such modification, amendment or supplement may not, without the consent of each holder of the debt securities affected thereby:

change the stated maturity of the principal of or any premium or any installment of interest with respect to the debt securities;

reduce the principal amount of, or the rate of interest on or any premium payable upon the redemption of, the debt securities;

change the currency of payment of principal of or interest on the debt securities;

change the redemption provisions, if any, of any debt securities in any manner adverse to the holders of such series of debt securities;

impair the right to institute suit for the enforcement of any payment on or with respect to the debt securities;

reduce the above-stated percentage of holders of the debt securities of any series necessary to modify or amend the indenture relating to such series;

in the case of any subordinated debt securities, modify the subordination provisions thereof in a manner adverse to the holders of such subordinated debt securities then outstanding;

in the case of any convertible or exchangeable debt securities, adversely affect the right to convert or exchange such debt securities in accordance with the provisions of the indenture;

modify or change any provision of the indenture or the related definitions affecting the ranking of the applicable series of senior debt securities in a manner which adversely affects the holders of such senior debt securities; or

modify the foregoing requirements or reduce the percentage of outstanding debt securities necessary to waive any covenant or past default.

Table of Contents

Holders of not less than a majority in principal amount of the outstanding debt securities of all series affected thereby (voting as a single class) may waive certain past defaults and may waive compliance by us with any provision of the indenture relating to such debt securities (subject to the immediately preceding sentence); *provided, however*, that:

without the consent of each holder of debt securities affected thereby, no waiver may be made of a default in the payment of the principal of or interest on any debt security or in respect of a covenant or provision of the indenture that expressly states that it cannot be modified or amended without the consent of each holder affected; and

only the holders of a majority in principal amount of debt securities of a particular series may waive compliance with a provision of the indenture relating to such series or the debt securities of such series having applicability solely to such series.

We and the trustee may amend or supplement the indenture or waive any provision of the indenture and the debt securities without the consent of any holders of debt securities in some circumstances, including:

to cure any ambiguity, mistake, omission, defect or inconsistency as set forth in an officer's certificate;

to make any change that does not, in our good faith opinion, adversely affect the interests of holders of such debt securities in any material respect, provided that any amendment or supplement conforming the indenture, as applied to a series of debt securities, to the terms described in the prospectus (including any prospectus supplement) pursuant to which they were initially sold shall be deemed not to adversely affect the interests of holders of such debt securities;

to provide for the assumption of our obligations under the indenture by a successor upon any merger, consolidation or asset transfer permitted under the indenture;

to provide any security for or guarantees of such debt securities;

to add events of default with respect to such debt securities;

Events of Default and Notice Thereof

The following events are events of default with respect to any series of debt securities issued hereunder:

our failure to pay interest on any debt securities of such series within 30 days of when due or principal (and premium, if any) of any debt securities of such series when due (including any sinking fund installment);

our failure to perform, or breach of, any covenant, warranty or agreement contained in the debt securities of such series or the indenture relating to such series (other than those relating solely to another series of debt securities) for 60 days after a notice of default; and

certain events of bankruptcy, insolvency or reorganization.

Additional or different events of default, if any, applicable to the series of debt securities in respect of which this prospectus is being delivered will be specified in the applicable prospectus supplement.

The trustee under the indenture shall, within 90 days after the occurrence of any default (the term "default" to include the events specified above without grace or notice) with respect to any series of debt securities actually known to it, give to the holders of such debt securities notice of such default; provided, however, that, except in the case of a default in the payment of principal of or interest on any of the debt securities of such series or in the payment of a sinking fund installment, the trustee for such series shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interest of the holders of such debt securities; and provided, further, that in the case of any default of the character specified in the second bullet above with respect to debt securities of such series, no such notice to holders of such debt securities will be given until at least 30 days after the occurrence thereof. We shall certify to the trustee annually as to whether any default exists.

If an event of default, other than an event of default resulting from bankruptcy, insolvency or reorganization, with respect to any series of debt securities shall occur and be continuing, the trustee for such series or the holders of at least 25% in aggregate principal amount of the debt securities of such series then outstanding, by notice in writing to us (and to the trustee for such series if given by the holders of the debt securities of such series), will be entitled to declare all unpaid principal of and accrued interest on such debt securities then outstanding to be due and payable immediately.

Table of Contents

If an event of default resulting from certain events of bankruptcy, insolvency or reorganization, all unpaid principal of and accrued interest on all debt securities of such series then outstanding shall be due and payable immediately without any declaration or other act on the part of the trustee for such series or the holders of any debt securities of such series.

Such acceleration may be annulled and past defaults (except, unless theretofore cured, a default in payment of principal of or interest on the debt securities of such series) may be waived by the holders of a majority in principal amount of the debt securities of such series then outstanding upon the conditions provided in the indenture.

No holder of the debt securities of any series issued thereunder may pursue any remedy under such indenture unless the trustee for such series shall have failed to act after, among other things, notice of an event of default and request by holders of at least 25% in principal amount of the debt securities of such series in respect of which the event of default has occurred and the offer to the trustee for such series of indemnity satisfactory to it; provided, however, that such provision does not affect the right to sue for enforcement of any overdue payment on such debt securities.

The indenture will provide that, subject to the duties of the trustee to act with the required standard of care if there is a continuing event of default, the trustee shall be under no obligation to exercise any of the rights or powers vested in it by the indenture at the request or direction of any of the holders of debt securities, unless such holders shall have offered to the trustee security or indemnity satisfactory to it against any costs, expenses and liabilities which might be incurred by it in compliance with such request or direction. Subject to such provisions for security or indemnity of the trustee, the holders of a majority in principal amount of the debt securities of a series (or if more than one series is affected thereby, of all series so affected, voting as a single class) shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of such series, provided that (1) such direction shall not be in conflict with any rule of law or with the indenture, expose the trustee to personal liability or be unduly prejudicial to the other holders not joining in such direction, and (2) the trustee may take any other action deemed proper by the trustee which is not inconsistent with such direction.

Conversion and Exchange Rights

The terms and conditions, if any, upon which the debt securities of any series will be convertible or exchangeable for other securities will be set forth in the prospectus supplement relating thereto. Such terms will include the conversion or exchange price (or manner of calculation thereof), the conversion or exchange period, provisions as to whether conversion or exchange will be at the option of the holders of such series of debt securities, at our option or automatic (upon a specified date or upon the occurrence of a specified event), the events requiring an adjustment of the conversion or exchange price and provisions affecting conversion or exchange in the event of the redemption of such series of debt securities. The debt securities, if convertible or exchangeable, will not be convertible into or exchangeable for securities of a third party.

New York Law to Govern

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

The indenture will provide that we and the trustee will irrevocably waive, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to the indenture, the debt securities or the transactions contemplated thereby.

Information Concerning the Trustee

Wells Fargo Bank, National Association is the trustee, security registrar and paying agent under the indenture. We may, from time to time, borrow from or maintain deposit accounts and conduct other banking transactions with the trustee and its affiliates in the ordinary course of business.

Under the indenture, the trustee is required to transmit a report to all holders if there is any change regarding its eligibility and qualifications as trustee under the indenture and related matters.

DESCRIPTION OF WARRANTS TO PURCHASE

A ORDINARY SHARES OR PREFERRED SHARES

The following summary sets forth the material terms and provisions of the A ordinary share warrants and preferred share warrants, which would be issued pursuant to a stock warrant agreement between us and a stock warrant agent to be selected at the time of issue.

General

The stock warrants may be issued under the stock warrant agreement independently or together with any other securities offered by a prospectus supplement. If stock warrants are offered, the applicable prospectus supplement will describe the designation and terms of the stock warrants, including, without limitation, the following:

the offering price, if any;

the designation and terms of the preferred shares purchasable upon exercise of the stock warrants;

if applicable, the date on and after which the stock warrants and the related offered securities will be separately transferable;

the number of A ordinary shares or preferred shares purchasable upon exercise of one stock warrant and the initial price at which shares may be purchased upon exercise of the stock warrant;

the date on which the right to exercise the stock warrants shall commence and the date on which these rights shall expire;

a discussion of the material U.S. federal income tax considerations;

any call provisions;

the currency in which the offering price, if any, and exercise price are payable;

the anti-dilution provisions of the stock warrants; and

any other terms of the stock warrants.

The A ordinary shares or preferred shares issuable upon exercise of the stock warrants will, when issued in accordance with the stock warrant agreement, be fully paid and non-assessable. This means that the shares will be paid for in full at the time they are issued, and, once they are paid for in full, there will be no further liability for further assessments or taxation.

Exercise of Stock Warrants

You may exercise your stock warrants by surrendering to the stock warrant agent your stock warrant certificate with the form of election to purchase on the reverse of the certificate properly completed and executed by you, or your authorized agent, which signature must be guaranteed by a bank or trust company, by a broker or dealer which is a member of the Financial Industry Regulatory Authority, Inc., which we refer to in this prospectus as FINRA, or by a member of a national securities exchange. You must indicate on the form of election whether you are electing to exercise all or a portion of the stock warrants evidenced by the certificate. You must also submit a payment of the aggregate exercise price of the stock warrants to be exercised in lawful money of the United States along with your stock warrant certificates, unless otherwise set forth in the applicable prospectus supplement. Upon receipt of the stock warrant certificate, form of election and aggregate payment, if applicable, by the stock warrant agent, the stock warrant agent will requisition from the transfer agent for the A ordinary shares or the preferred shares, as the case may be, a certificate representing the number of A ordinary shares or preferred shares purchased for issuance and delivery to you or upon your written order. If you exercise less than all of the stock warrants evidenced by any stock warrant certificate, the stock warrant agent shall deliver to you a new stock warrant certificate representing your unexercised stock warrants.

Table of Contents

Anti-dilution and Other Provisions

The exercise price payable, the number and class of A ordinary shares or preferred shares purchasable upon the exercise of each stock warrant and the number of stock warrants outstanding are subject to adjustment if specified events occur. These events include:

the issuance of a stock dividend to holders of A ordinary shares or preferred shares; and

a combination, subdivision or reclassification of A ordinary shares or preferred shares.

In lieu of adjusting the number of A ordinary shares or preferred shares purchasable upon exercise of each stock warrant, we may elect to adjust the number of stock warrants. No adjustment in the number of shares purchasable upon exercise of the stock warrants will be required until cumulative adjustments require an adjustment of at least 1% in the number of shares purchasable. We may also, at our option, reduce the exercise price at any time. No fractional shares will be issued upon exercise of stock warrants, but we will pay the cash value of any fractional shares otherwise issuable. Notwithstanding the preceding sentences, in case of any consolidation, merger, or sale or conveyance of our property as an entirety or substantially as an entirety, you, as a stock warrant holder, shall have the right to the kind and amount of shares of stock and other securities and property, including cash, receivable by a holder of the number of ordinary shares or preferred shares into which your stock warrants were exercisable immediately prior to this event.

No Rights as Shareholders

You will not be entitled, by virtue of being a stock warrant holder, to vote, to consent, to receive dividends, to receive notice as shareholders with respect to any meeting of shareholders for the election of our directors or any other matter, or to exercise any rights whatsoever as our shareholders in respect of the stock warrant.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

We may issue stock purchase contracts, representing contracts obligating you to purchase from us, and obligating us to sell to you, a specified number of ordinary shares at a future date or dates. The price per ordinary share may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts.

The stock purchase contracts may be issued separately or as a part of stock purchase units consisting of a stock purchase contract and, as security for your obligations to purchase the ordinary shares under the stock purchase contracts, either:

our debt securities; or

debt obligations of third parties, including U.S. Treasury securities.

The stock purchase contracts may require us to make periodic payments to you or vice versa, and these payments may be unsecured or pre-funded on some basis. The stock purchase contracts may require you to secure your obligations in a specified manner, and, in some circumstances, we may deliver newly issued prepaid stock purchase contracts upon release to you of any collateral securing your obligations under the original stock purchase contract.

The applicable prospectus supplement will describe the specific terms of any stock purchase contracts or stock purchase units and, if applicable, prepaid stock purchase contracts and discuss the material U.S. federal income tax considerations related to such stock purchase contracts or stock purchase units. However, that description will not purport to be complete and will be qualified in its entirety by reference to:

the stock purchase contracts;

the collateral arrangements and depositary arrangements, if applicable, relating to the stock purchase contracts or stock purchase units; and

if applicable, the prepaid stock purchase contracts and the document pursuant to which the prepaid stock purchase contracts will be issued.

PLAN OF DISTRIBUTION

We may sell offered securities in any one or more of the following ways from time to time:

through agents;

to or through underwriters;

through dealers; or

directly to purchasers.

The applicable prospectus supplement will set forth the specific terms of the offering of the offered securities, including:

the name or names of any underwriters, dealers or agents;

the purchase price of the offered securities and the proceeds to us from the sale;

any underwriting discounts and commissions or agency fees and other items constituting underwriters' or agents' compensation; and

any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers and any securities exchange on which the offered securities may be listed, any of which may be changed from time to time.

The distribution of the offered securities may be effected from time to time:

in one or more transactions at a fixed price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to the prevailing market prices; or

at negotiated prices.

Offers to purchase offered securities may be solicited by agents designated by us from time to time. Any agent involved in the offer or sale of the offered securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to the agent will be set forth, in the applicable prospectus supplement. Unless otherwise set forth in the applicable prospectus supplement, any agent will be acting on a reasonable best efforts basis for the period of its appointment. Any agent may be deemed to be an underwriter, as that term is defined in the Securities Act, of the offered securities so offered and sold.

If offered securities are sold to the public by means of an underwritten offering, either through underwriting syndicates represented by managing underwriters or directly by the managing underwriters, we will execute an underwriting agreement with an underwriter or underwriters, and the names of the specific managing underwriter or underwriters, as well as any other underwriters, will be set forth in the applicable prospectus supplement. In addition, the terms of the transaction, including commissions, discounts and any other compensation of the underwriters and dealers, if any, will be set forth in the applicable prospectus supplement, which prospectus supplement will be used by the underwriters to make resales of the offered securities. If underwriters are utilized in the sale of the offered securities, the offered securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including:

negotiated transactions;

at fixed public offering prices; or

at varying prices determined by the underwriters at the time of sale.

Table of Contents

In addition, unless otherwise indicated in the prospectus supplement, the underwriting agreement will provide that the obligations of the underwriters are subject to specified conditions precedent and that the underwriters with respect to a sale of offered securities will be obligated to purchase all of the offered securities of a series if any are purchased.

We may grant to the underwriters options to purchase additional offered securities to cover over-allotments, if any, at the public offering price, with additional underwriting discounts or commissions as may be set forth in the applicable prospectus supplement. If we grant any over-allotment option, the terms of the over-allotment option will be set forth in the applicable prospectus supplement.

If a dealer is utilized in the sales of offered securities, we will sell the offered securities to the dealer as principal. The dealer may then resell the offered securities to the public at varying prices to be determined by the dealer at the time of resale. Any dealer may be deemed to be an underwriter of the offered securities so offered and sold. The name of the dealer and the terms of the transaction will be set forth in the applicable prospectus supplement.

Offers to purchase offered securities may be solicited directly by us, and the sale of the offered securities may be made by us directly to institutional investors or others with respect to any resale of the offered securities. The terms of any of these sales will be described in the applicable prospectus supplement.

Offered securities may also be offered and sold upon the exercise of rights to be granted by us on a pro rata basis to all of our existing security holders of the class of offered securities to which the rights attach. The rights would be issued by us without consideration and may or may not be transferable by the persons receiving the rights. In connection with any rights offering, we may enter into a standby underwriting or other arrangement with one or more underwriters or other persons pursuant to which such underwriters or other persons would purchase any offered securities remaining unsubscribed for after such rights offering.

Offered securities may also be offered and sold in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise by one or more remarketing firms acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreements, if any, with us will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters in connection with the offered securities remarketed by them.

Agents, underwriters, dealers and remarketing firms may be entitled, under agreements entered into with us, to indemnification by us against some civil liabilities, including liabilities under the Securities Act that may arise from any untrue statement or alleged untrue statement of a material fact or any omission or alleged omission to state a material fact in this prospectus, any supplement or amendment hereto, or in the registration statement of which this prospectus forms a part, or to contribution with respect to payments which the agents, underwriters or dealers may be required to make.

We may authorize underwriters or other persons acting as our agents to solicit offers by specified institutions to purchase offered securities from us, pursuant to contracts providing for payments and delivery on a future date, which will be set forth in the applicable prospectus supplement. Institutions with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others. However, in all cases, these institutions must be approved by us. The obligations of any purchaser under any contract will be subject to the condition that the purchase of the offered securities shall not, at the time of delivery, be prohibited under the laws of the jurisdiction to which the purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

Each series of offered securities will be a new issue and, other than the A ordinary shares, which are listed on the NASDAQ Global Select Market, will have no established trading market. We may elect to list any series of offered securities on an exchange and, in the case of the A ordinary shares, on any additional exchange. However, unless otherwise specified in the applicable prospectus supplement, we are not obligated to do so. No assurance can be given as to the liquidity of the trading market for any of the offered securities.

Underwriters, dealers, agents and remarketing firms may be customers of, engage in transactions with, or perform services for, us and our subsidiaries in the ordinary course of business.

ENFORCEMENT OF CIVIL LIABILITIES UNDER UNITED STATES

FEDERAL SECURITIES LAWS

We are an exempted company incorporated in the Cayman Islands. We were incorporated in the Cayman Islands in order to enjoy certain benefits, such as political and economic stability, an effective judicial system, a favorable tax system, the absence of exchange control or currency restrictions, and the availability of professional and support services. However, certain disadvantages accompany incorporation in the Cayman Islands. These disadvantages include a less developed body of Cayman Islands securities laws that provide significantly less protection to investors as compared to the laws of the United States, and the potential lack of standing by Cayman Islands companies to sue before the federal courts of the United States

Some of our officers and directors, as well as some of the experts named in this prospectus, reside outside the United States, and all or much of their assets are or may be located in jurisdictions outside of the United States.

As a result, it may be difficult to effect service in United States proceedings, recognize and/or enforce judgments of United States courts outside of the U.S, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any state of the United States

We have appointed Global Indemnity Group, Inc., located at Three Bala Plaza East, Suite 300, Bala Cynwyd, PA 19004, as our agent upon whom process may be served in any action brought against us under the laws of the United States.

Although there is no statutory enforcement in the Cayman Islands of judgments obtained in United States courts, a final and conclusive judgment in a federal or state court of the United States of competent jurisdiction for a liquidated sum of money, other than a sum payable in respect of taxes, fines, penalties or similar charges, and which was neither obtained in a manner nor is of a kind enforcement of which is contrary to natural justice or the public policy of the Cayman Islands and which is not inconsistent with a Cayman Islands judgment in respect of the same matters and not

impeachable on grounds of fraud, may be subject to enforcement proceedings as a debt in the courts of the Cayman Islands under the common law without any re-examination of the merits of the underlying dispute.

There is doubt, however, as to whether the Cayman Islands courts would: (i) recognize or enforce judgments of United States courts predicated upon the civil liability provisions of the securities laws of the United States or any state of the United States, or (ii) in original actions brought in the Cayman Islands, impose liabilities predicated upon the civil liability provisions of the securities laws of the U.S or any state of the United States, in each case on the basis that such provisions are penal in nature
