PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

This Proxy Statement is being furnished to you in connection with the solicitation by the board of directors of ExlService Holdings, Inc., a Delaware corporation (“us,” “we,” “our” or the “Company”), of proxies to be used at our 2016 Annual Meeting of Stockholders (the “Annual Meeting”) to be held at the New York offices of the Company, 280 Park Avenue, 38th Floor, New York, New York, 10017 on June 17, 2016, at 8:30 AM, Eastern Time, and any adjournments or postponements thereof.

In accordance with rules and regulations adopted by the Securities and Exchange Commission (the “SEC”), instead of mailing a printed copy of our proxy materials to each stockholder of record, the Company furnishes proxy materials via the Internet. If you received a Notice of Internet Availability of Proxy Materials (the “Internet Notice”) by mail, you will not receive a printed copy of our proxy materials other than as described herein. Instead, the Internet Notice will instruct you as to how you may access and review all of the important information contained in the proxy materials. The Internet Notice also instructs you as to how you may submit your proxy over the Internet or by phone. If you received an Internet Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting proxy materials included in the Internet Notice.

It is anticipated that the Internet Notice will be sent to stockholders on or about April 29, 2016. This proxy statement and the form of proxy relating to the Annual Meeting will be made available via the Internet to stockholders on the date that the Internet Notice is first sent.

Who Can Vote

Only stockholders who own shares of our common stock at the close of business on April 21, 2016, the record date for the Annual Meeting, can vote at the Annual Meeting. As of the close of business on April 21, 2016, the record date, we had 33,592,996 shares of common stock outstanding and entitled to vote. Each holder of common stock is entitled to one vote for each share held as of the record date for the Annual Meeting. There is no cumulative voting in the election of directors.

How You Can Vote

If your shares are registered directly in your name with Computershare Trust Company, N.A., our transfer agent (which means you are a “stockholder of record”), you can vote your proxy by (i) Internet, (ii) by phone or (iii) by requesting that proxy materials be sent to you by mail that will include a proxy card that you can use to vote by completing, signing, dating and returning the proxy card in the prepaid postage envelope provided. Please refer to the specific instructions set forth in the Internet Notice. You will not be able to vote your shares unless you use one of the methods above to designate a proxy or by attending the Annual Meeting.

If you are the beneficial owner of shares held in the name of a brokerage, bank, trust or other nominee as a custodian (also referred to as shares held in “street name”), your broker, bank, trustee or nominee will provide you with materials and instructions for voting your shares. In addition to voting by mail, a number of banks and brokerage firms participate in a program provided through Broadridge Financial Solutions, Inc. (“Broadridge”) that offers telephone and Internet voting options. Votes submitted by telephone or by using the Internet through Broadridge’s program must be received by 11:59 p.m. Eastern Time, on June 16, 2016.

Voting at the Annual Meeting. Voting by Internet, phone or mail will not limit your right to vote at the Annual Meeting if you decide to attend in person. Our board of directors recommends that you vote by Internet, phone or mail as it is not practical for most stockholders to attend the Annual Meeting. If you are a “stockholder of record,” you may vote your shares in person at the Annual Meeting. If you hold your shares in “street name,” you must obtain a proxy from your broker, bank, trustee or nominee giving you the right to vote the shares at the Annual Meeting or your vote at the Annual Meeting will not be counted.

Revocation of Proxies

You can revoke your proxy at any time before it is exercised in any of the following ways:

· by voting in person at the Annual Meeting;

· by submitting written notice of revocation to the inspector of elections prior to the Annual Meeting; or

· by submitting another properly executed proxy of a later date to the inspector of elections prior to the Annual Meeting.

Required Vote; Effect of Abstentions and Broker Non-Votes

Quorum

A quorum, which is a majority of the issued and outstanding shares of our common stock as of April 21, 2016, must be present to hold the Annual Meeting. A quorum is calculated based on the number of shares represented by the stockholders attending the Annual Meeting in person and by their proxy holders. If you indicate an abstention as your voting preference for all matters to be acted upon at the Annual Meeting, your shares will be counted toward a quorum but they will not be voted on any matter.

Proposal 1: Election of Directors

Under our by-laws, directors are elected by the affirmative vote of a plurality of votes cast in person or represented by proxy and entitled to vote at the Annual Meeting. You may cast your vote in favor of electing the nominees as directors, withhold your vote on one or more nominees or abstain from voting your shares. For purposes of the vote on Proposal 1, abstentions and broker non-votes (as described below) will have no effect on the results of the vote.

Other Proposals

The ratification of the appointment of our independent registered public accounting firm, the approval of the compensation of our named executive officers, and each other item to be acted upon at the Annual Meeting will require the affirmative vote of a majority of shares present in person or represented by proxy and entitled to vote at the Annual Meeting. You may cast your vote in favor of or against these proposals or you may abstain from voting your shares. For purposes of the vote on Proposals 2 (ratification of the appointment of our independent registered public accounting firm), 3 (approval of the compensation of our named executive officers), or such other items to be acted upon at the Annual Meeting, abstentions will have the effect of a vote against these proposals. Broker non-votes will have the effect of a vote against Proposal 3 (approval of the compensation of our named executive officers); but because Proposal 2 is a “routine” proposal, no broker non-vote will occur.

If you submit your proxy, but do not mark your voting preference, the proxy holders will vote your shares (i) FOR the election of the nominees for director, (ii) FOR the ratification of the appointment of our independent registered public accounting firm, (iii) FOR the approval of the compensation of our named executive officers, and (iv) as described below, in the judgment of the proxy holder on any other matters presented at the Annual Meeting.

Shares Held in "Street Name" by a Broker

If you are the beneficial owner of shares held in "street name" by a broker, then your broker, as the record holder of the shares, must vote those shares in accordance with your instructions. If you fail to provide instructions to your broker, under the New York Stock Exchange rules (which apply to brokers even though our shares are listed on the NASDAQ Stock Market), your broker will not be authorized to exercise its discretion and vote your shares on "non-routine" proposals, including the election of directors and approval of the compensation of our named executive officers. As a result, a "broker non-vote" occurs. However, without your instructions, your broker would have discretionary authority to vote your shares only with respect to "routine" proposals, including at the Annual Meeting, the ratification of the appointment of our independent registered public accounting firm.

Other Matters to Be Acted Upon at the Meeting

Our board of directors presently is not aware of any matters, other than those specifically stated in the Notice of Annual Meeting, which are to be presented for action at the Annual Meeting. If any matter other than those described in this proxy statement is presented at the Annual Meeting on which a vote may properly be taken, the shares represented by proxies will be voted in accordance with the judgment of the person or persons voting those shares.

Adjournments and Postponements

Any action on the items of business described above may be considered at the Annual Meeting at the time and on the date specified above or at any time and date to which the Annual Meeting may be properly adjourned or postponed.

Solicitation of Proxies

We will pay the cost of printing and mailing proxy materials and posting them on the Internet. Upon request, we will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in

forwarding proxy materials to beneficial owners of shares of our common stock.

Internet Availability of Proxy Materials

Our Notice of Annual Meeting, proxy statement and form of proxy card are each available at www.proxyvote.com. You may access these materials and provide your proxy by following the instructions provided in the Internet Notice.

Important

Please promptly vote and submit your proxy by (i) Internet (by following the instructions provided in the Internet Notice), (ii) by phone (by following the instructions provided in the Internet Notice) or (iii) by requesting that proxy materials be sent to you by mail that will include a proxy card that you can use to vote by completing, signing, dating and returning the proxy card in the prepaid postage envelope provided. This will not limit your right to attend or vote at the Annual Meeting.

All Annual Meeting attendees may be asked to present valid, government-issued photo identification (federal, state or local), such as a driver's license or passport, and proof of beneficial ownership if you hold your shares through a broker, bank, trust or other nominee, before entering the Annual Meeting. Attendees may be subject to security inspections. Video and audio recording devices and other electronic devices will not be permitted at the Annual Meeting.

If you have any further questions about voting your shares or attending the Annual Meeting, please call our Investor Relations Department at (212) 277-7109.

CORPORATE GOVERNANCE

Director Independence

Our board of directors has determined that all of the members on our board of directors, other than Mr. Kapoor, meet the independence requirements of the Nasdaq Stock Market and federal securities laws.

Meeting Attendance

Our directors are expected to attend all board of directors meetings and meetings of committees on which they serve. Directors are also expected to spend sufficient time and meet as frequently as necessary to discharge their responsibilities properly. Overall, during 2015, our board of directors met 7 times. Each member of our board of directors attended more than 75% of our board of directors meetings during the period in 2015 in which he or she served on our board of directors. It is our policy that all of our directors should attend our Annual Meetings of Stockholders absent exceptional cause. All of the persons who were members of the board of directors at the time of our 2015 Annual Meeting of Stockholders attended such meeting.

Board Leadership Structure

Our board of directors is currently led by Garen K. Staglin, our Chairman, and Rohit Kapoor, our Vice Chairman and CEO.

Our by-laws provide that our Chairman or, in the absence of our Chairman, our Lead Director (if there is a Lead Director serving at such time), or in the absence of both our Chairman and Lead Director, our CEO, shall call meetings of our board of directors to order and shall act as the chairman thereof. In the absence of our Chairman, our Lead Director (if there is a Lead Director serving at such time), our CEO and a majority of our directors present may elect as chairman of the meeting any director present. Independent directors meet at least quarterly in executive session without any management directors or members of the Company's management present. The Lead Director or, in the absence of the Lead Director, a director chosen by the directors meeting in executive session, presides at all executive sessions.

Consolidating the Vice Chairman and CEO positions allows our CEO to contribute his experience and perspective regarding management and leadership of the Company towards the goals of improved corporate governance and greater management accountability. In addition, the presence of our Chairman ensures that the board can retain sufficient delineation of responsibilities, such that our Chairman and our Vice Chairman and CEO may each successfully and effectively perform and discharge their respective duties and, as a corollary, enhance our prospects for success. The Company will thus benefit from the ability to integrate the collective leadership and corporate governance experience of our Chairman and our Vice Chairman and CEO, while retaining the ability to facilitate the functioning of the board of directors independently of our management and to focus on our commitment to corporate governance.

For the foregoing reasons, our board of directors has determined that its leadership structure is appropriate and in the best interests of our stockholders at this time.

Our board of directors currently has three standing committees: the Audit Committee, the Nominating and Governance Committee and the Compensation Committee.

Our Nominating and Governance Committee evaluates all candidates in the same manner regardless of the source of the recommendation. Our Nominating and Governance Committee, in making its selection of director candidates, considers the appropriate skills and personal characteristics required in the light of the then-current makeup of our board of directors and in the context of our perceived needs at the time. The Nominating and Governance Committee considers a number of factors in selecting director candidates, including, among others:

- the ethical standards and integrity in personal and professional dealings of the candidate;
- the independence of the candidate under legal, regulatory and other applicable standards;

the diversity of our existing board of directors, so that we maintain a body of directors from diverse professional and personal backgrounds;

- whether the skills and experience of the candidate will complement that of our existing board of directors;

the number of other public company boards of directors on which the candidate serves or intends to serve, with the expectation that the candidate would not serve on the boards of directors of more than three other public companies;

the ability and willingness of the candidate to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her board of directors' duties;

the ability of the candidate to read and understand fundamental financial statements and understand the use of financial ratios and information in evaluating our financial performance;

- the ability of the candidate to provide wise and thoughtful counsel on a broad range of issues;

the ability and willingness of the candidate to interact with other directors in a manner that encourages responsible, open, challenging and inspired discussion;

- whether the candidate has a history of achievements that reflects high standards;

the ability and willingness of the candidate to be committed to, and enthusiastic about, his or her performance for us as a director, both in absolute terms and relative to his or her peers;

- whether the candidate possesses the courage to express views openly, even in the face of opposition;

the ability and willingness of the candidate to comply with the duties and responsibilities set forth in our Corporate Governance Guidelines and by-laws;

the ability and willingness of the candidate to comply with the duties of care, loyalty and confidentiality applicable to directors of publicly traded companies organized in our jurisdiction of incorporation;

the ability and willingness of the candidate to adhere to our Code of Conduct and Ethics, including, but not limited to, the policies on conflicts of interest expressed therein; and

- such other attributes of the candidate and external factors as our board of directors deems appropriate.

Our Nominating and Governance Committee reviews written and oral information provided by and about candidates and considers any additional criteria it feels is appropriate to ensure that all director nominees possess appropriate skills and experience to serve as a member of our board of directors.

Although our Nominating and Governance Committee does not have a formal policy with regard to diversity of board members, pursuant to our Corporate Governance Guidelines, our board of directors seeks members from diverse professional and personal backgrounds who combine a broad spectrum of experience and expertise with a reputation

for integrity. This assessment includes an individual's independence, as well as consideration of diversity, age, skills and experience in the context of the needs of the board of directors. Our Nominating and Governance Committee reviews and makes recommendations regarding the composition of our board of directors in order to ensure that the board has an appropriate breadth of expertise and its membership consists of persons with sufficiently diverse and independent skill sets and backgrounds. Our Nominating and Governance Committee annually reviews and assesses the adequacy of the Nominating and Governance Committee charter and its own performance.

The members of our Nominating and Governance Committee are appointed by our board of directors. During 2015, our Nominating and Governance Committee met five times. Each appointed member of our Nominating and Governance Committee attended at least 75% of our Nominating and Governance Committee's meetings in 2015 during the period in which he or she served on our Nominating and Governance Committee. Our board of directors has determined that all of the members of the Nominating and Governance Committee meet the independence requirements of the Nasdaq Stock Market and federal securities laws.

Compensation Committee. Our Compensation Committee reviews and recommends policies relating to compensation and benefits of our directors, officers and employees and is responsible for approving the compensation of our Vice Chairman and CEO and other executive officers. Our Compensation Committee also reviews, evaluates and makes recommendations to our board of directors with respect to our incentive compensation plans and equity-based plans and administers the issuance of awards under our equity incentive plans. Our Compensation Committee charter permits the committee to form and delegate authority to subcommittees when appropriate, provided that the subcommittees are composed entirely of directors who satisfy the applicable independence requirements of the Nasdaq Stock Market. Any such subcommittee must have a published committee charter. Our Compensation Committee charter also permits the committee to retain advisors, consultants or other professionals to assist the Compensation Committee to evaluate director, Vice Chairman and CEO or other senior executive compensation and to carry out its duties. For 2015, our Compensation Committee retained the services of Frederick W. Cook & Co., Inc. ("Cook & Co."), a qualified and independent compensation consultant, to aid the Compensation Committee in performing its review of executive compensation. Our Compensation Committee annually reviews and assesses the adequacy of the Compensation Committee charter and its own performance. Additional information regarding our Compensation Committee's processes and procedures for considering executive compensation are addressed in the Compensation Discussion and Analysis below. A copy of our Compensation Committee charter can be found on our website at www.exlservice.com.

The members of our Compensation Committee are appointed by our board of directors. All new members of our Compensation Committee must be recommended by our Nominating and Governance Committee. Our board of directors has determined that all members of the Compensation Committee meet the independence requirements of the Nasdaq Stock Market and federal securities laws for compensation committee membership. During 2015, our Compensation Committee met eight times. Each member of our Compensation Committee attended at least 75% of our Compensation Committee's meetings in 2015 during the period in which he or she served on our Compensation Committee.

Risk Oversight

Our board of directors provides risk oversight. Our management assists the board in identifying strategic and operating risks that could affect the achievement of our business goals and objectives, assessing the likelihood and potential impact of these risks and proposing courses of action to mitigate and/or respond to these risks. These risks are reviewed and discussed periodically with the full board of directors as part of the business and operating review.

Our management is responsible for management of our day-to-day risks, and, because we are exposed to financial risks in multiple areas of our business, day-to-day risk management activities and processes are performed by multiple members of our senior and

other management. Our board of directors primarily relies on the Audit Committee for oversight of our risk management and cyber security risk. The Audit Committee regularly reviews and discusses with management our major financial risk and cyber security exposures and the steps management has taken to monitor, control and manage such exposures, including our risk assessment and risk management guidelines and policies. In addition, our management maintains, as part of our disclosure controls and procedures, a separate disclosure committee that, as part of its review of our quarterly and annual reports, helps facilitate understanding by the Audit Committee and our full board of directors of new or changing risks affecting us. Once a year, the full board receives a report from management on the Company's readiness and capability to prevent, detect and respond to a cyber-attack.

Compensation Committee Interlocks and Insider Participation

Ms. Kerr, Ms. Minto, Mr. Mittal, Mr. Ostler and Mr. Staglin are the members of our Compensation Committee.

During 2015, none of our executive officers served as a member of the board of directors or compensation committee of any entity that has one or more executive officers who serve on our board of directors or Compensation Committee.

Other Directorships

The Board maintains a practice whereby our directors disclose to the Board any offers to be a director of any other organization, which is then evaluated by the Board for potential business and other conflicts.

Code of Conduct and Ethics; Corporate Governance Guidelines

Our board of directors has adopted a Code of Conduct and Ethics that is applicable to our directors, officers and employees and which outlines the high ethical standards that we support and details how our directors, officers and employees should conduct themselves when dealing with fellow employees, clients, suppliers, competitors and the general public. Executive Summary –Business Highlights and Key Compensation Decisions for 2015

The Company had a successful 2015 from the perspective of achieving various financial performance goals that drive the creation of stockholder value, but also with respect to making a strategic acquisition, attaining industry recognition for our outstanding client-service, winning new clients and expanding our operations and geographic footprint. Our compensation program offers our executives the opportunity to earn annual cash bonuses based on achievement of revenue and Adjusted EPS targets (as described below). We also granted our executives a mix of time-vested restricted stock units that vest over four years and performance-vested restricted stock units, half of which vest based on revenue achievement over three years and half of which vest based on relative total stockholder return over three years.

As a result of our performance, our Compensation Committee granted increases in base salary or fixed compensation payable to certain of our named executive officers and funded our bonus pool based on an achievement of approximately 102.2% for the revenue component and 100% for the Adjusted EPS component. Moreover, our performance resulted in our executives banking one-third of their 2014 and 2015 revenue-based performance restricted stock units, subject to continued employment through the end of the performance period. This banking feature is described under “Compensation and Discussion Analysis – Long-Term Equity Incentives” on page 36. For the revenue-based performance restricted stock units granted in fiscal year 2016, we have removed this banking feature and the revenue-based performance restricted stock units cliff vest on December 31, 2018 if the revenue target is achieved.

2015 Business Highlights

We improved our annual revenues from \$499.3 million (\$525.6 million excluding the reimbursement of one-time disentanglement costs of \$26.3 million) in fiscal year 2014 to \$628.5 million in fiscal year 2015, completed the acquisition of RPM Direct LLC (an analytics firm which specializes in analyzing large consumer data sets to segment populations, predict response rates, forecast customer lifetime value, design and execute targeted, multi-channel marketing campaigns) and formed a joint venture with Carvajal S.A.S. that should allow EXL to address the growing demand for Spanish and bilingual Operations Management solutions. We won 34 new clients, received numerous awards and industry recognitions and opened new delivery centers in Cape Town, South Africa, Bogota and Cali, Colombia and a new Analytics Center of Excellence in Gurgaon, India.

Total Stockholder Return

As shown in the following table, our 1-year, 3-year and 5-year total stockholder return outperformed market benchmarks.

(1) Cumulative growth rate as of December 31, 2015.

(2) Peer group TSR data excludes iGate and Sapien, as these companies were acquired in 2015; Solera Holdings, which was taken private in March 2016, is included in peer group TSR data.

Acquisitions, Finance and Equity Transactions

Acquired analytics firm RPM Direct, LLC (“RPM”) for consideration of \$47.0 million in cash plus contingent cash consideration of up to \$23.0 million and approximately \$4.0 million of restricted stock. RPM specializes in analyzing large consumer data sets to segment populations, predict response rates, forecast customer lifetime value, design and execute targeted, multi-channel marketing campaigns.

Awards and Industry Recognition

We continued to receive numerous industry recognitions and awards, pointing to our commitment to innovation and excellence.

Clients and Operations

Summary of Key Compensation Decisions in 2015

The following highlights the Compensation Committee's key compensation decisions in 2015 and with respect to performance for 2015.

Say-on-Pay Approval. At our 2015 Annual Meeting of Stockholders, approximately 98% of our stockholders approved (on a non-binding basis and excluding broker non-votes) the compensation of our named executive officers, as disclosed in our annual proxy statement for fiscal year 2014 pursuant to the SEC's compensation disclosure rules. In our Compensation Committee's review and evaluation of our compensation program for 2015, our Compensation Committee viewed the strong support from our stockholders as indicative that our compensation program for our named executive officers was designed and implemented to the satisfaction of the interests of our stockholders.

Utilization of Performance Criteria. The Compensation Committee approved the performance criteria of our annual incentive bonus program. The Company-wide performance measures for 2015 were (1) earnings per share, adjusted to remove the after-tax impact of stock-based compensation and the amortization of intangible assets (which we refer to as "Adjusted EPS") and (2) total revenues. With respect to the performance criteria for our separate business lines, the performance goals continue to focus on the business line's total revenues, new client revenues and contribution margin. We believe this mix of performance goals streamlines the performance criteria of our annual incentive bonus program and focuses our senior executives' efforts on performance measures that demonstrate our profitability to stockholders.

Base Salaries. In 2015, we implemented increases to Messrs. Kapoor's, Chhibbar's and Bagai's base salaries averaging approximately 6.03% based on each executive officer's home currency.

Performance Targets. For 2015, the Compensation Committee established performance targets which were intended to encourage stretch performance. We achieved 100% of our Adjusted EPS target and exceeded our total revenue performance target (102.2%).

Bonuses and Equity Incentives. In 2015, we achieved our annual incentive bonus targets, and we exceeded the 2015 revenue performance targets for each of the 2014 and 2015 revenue-based restricted stock unit grants. Based upon the revenue performance for each year's grant relative to the applicable target, our executives banked one-third of each of their 2014 and 2015 target awards (subject to continued employment), which is the maximum amount that may be banked in either the first or second year of our three-year program.

Employment Agreement with Mr. Kapoor and Stock Price Performance Award. Effective January 1, 2015, we entered into a new employment agreement with Mr. Kapoor to secure Mr. Kapoor's services to the Company through December 31, 2017. In connection with his new employment agreement, we granted Mr. Kapoor a one-time award of 100,000 performance-based restricted stock units that he may earn based on the Company's average stock price exceeding certain targets during the three year

performance period (the “Stock Price Performance Award”). Additional information related to the new employment agreement and Stock Price Performance Award appears later in this proxy statement.

Key Corporate Governance Features

Our compensation programs, practices and policies are reviewed and re-evaluated periodically and are subject to change from time to time. Our executive compensation philosophy is focused on pay for performance and is designed to reflect appropriate governance practices aligned with the needs of our business. Listed below are some of the Company's more significant practices and policies that were in effect during fiscal 2015, which were adopted to drive performance and to align our executives' interests with those of our stockholders.

Pay for performance. We link a significant portion of each named executive officer's total compensation to the achievement of specific performance goals, as described below. Such variable compensation is "at-risk" and not guaranteed, and rewards performance and contributions to both short-term and long-term financial performance of the Company.

Appropriate choice and use of peer groups. We have thoughtfully selected a peer group of companies with similar market capitalization or scope of operations to us, to help us review current market practices and design a competitive compensation program. We set total compensation of our executive officers at levels the Compensation Committee believes are appropriate relative to the total compensation paid to similarly situated executive officers of our peer companies, giving consideration to market and other factors as well.

Equity compensation best practices. Our equity compensation program prohibits option repricing without stockholder approval. We do not have excessive overhang or dilution from equity grants. Our equity incentives are designed to encourage our executives to maintain a long-term view of stockholder value creation and to encourage retention.

Limited perquisites and personal benefits. We provide our named executive officers with only limited perquisites and personal benefits in addition to the regular benefits offered to all employees, and we believe that each perquisite and personal benefit we offer serves an important business purpose. We consider the perquisites and personal benefits that we offer to our executives stationed in India to be customary benefits which allow us to remain competitive for top talent.

Independent decision-making. Compensation decisions for our named executive officers are approved by an independent Compensation Committee. Our Compensation Committee is advised by an independent consultant who reports directly to the Compensation Committee and provides no services to the Company or management.

Risk mitigation. We believe the mix and design of our compensation programs serve to mitigate operational, financial, legal, regulatory, strategic and reputational risks.

No tax gross-ups. We do not provide "gross-ups" to any of our named executive officers, including for any excise taxes imposed with respect to Section 280G (change-in-control payments) or Section 409A (nonqualified deferred

compensation) of the U.S. Internal Revenue Code of 1986, as amended (which we refer to as the “Code”).

Clawback Policy. We maintain a compensation recovery policy that allows the Company to recover compensation (including both cash and/or equity awards) previously paid to one or more officers in the event of a financial restatement caused by noncompliance with reporting requirements that impacts the applicable performance metric if, in the opinion of our Board or Compensation Committee, the identified executive’s misconduct was a material factor causing the restatement.

Stock Ownership Policy. We maintain a stock ownership policy that requires our Chief Executive Officer to maintain stock ownership equal to at least six times his base salary and that requires the other members of our executive committee to maintain stock ownership of at least two times their respective base salaries. We adopted this policy in December of 2014 and our covered executives have five years from its adoption date (or, if later, their hire date) to attain the required stock ownership levels. We maintain a similar stock ownership policy for our non-employee directors that requires directors to maintain stock ownership of at least five times their respective annual retainers.

Anti-Hedging and Pledging Restrictions. We implemented a policy that, effective January 1, 2015, prohibits our officers and directors subject to the requirements of Section 16 of the Exchange Act, which includes our executive officers, from engaging in any hedging transactions with respect to Company stock they directly or indirectly own. In addition, under this policy, Reporting Persons are only permitted to pledge shares of our stock that exceed those required to be owned under our Stock Ownership Policy described above.

Overview of compensation policies and philosophies

We believe that the long-term success of companies that provide outsourcing, transformation and analytics services globally is linked to their ability to recruit, train, motivate and retain employees at every level. There is significant competitive pressure in our industry for qualified managers with a track record of achievement. It is critical that we recruit, train, motivate and retain highly talented individuals at all levels of the organization who are committed to our core values of innovation, collaboration, excellence, integrity and mutual respect. We believe that our executive compensation programs are integral to achieving this end.

Our Compensation Committee bases its executive compensation programs on the following objectives, which guide us in establishing all of our compensation programs:

Compensation should be based on the level of job responsibility, individual performance and our performance. As employees progress to higher levels in the organization, they are able to more directly affect our results and strategic initiatives, and therefore an increasing proportion of their pay should be linked to our performance and tied to creation of stockholder value. Our programs should deliver top-tier compensation in return for top-tier individual and company performance; conversely, where individual performance and/or our performance falls short of expectations, the programs should deliver lower-tier compensation. In addition, the objectives of pay-for-performance and retention must be balanced. Even in periods of temporary downturns in our performance, the programs should continue to ensure that successful, high-achieving employees remain motivated and committed.

Compensation should balance long-term focus that is linked to stockholder value as well as short-term financial objectives. Consistent with this philosophy, equity-based compensation should be higher for persons with higher levels of responsibility and greater influence on long-term results, thereby making a significant portion of their total compensation dependent on long-term stock price appreciation. In addition, compensation should focus management on achieving short-term performance goals in a manner that supports and ensures long-term success and profitability.

Compensation should reflect the value of the job in the marketplace. We compete for talent globally. In order to attract and retain a highly skilled workforce, we must remain competitive with the pay of other employers who compete with us for talent in the relevant markets.

Compensation programs should be easy to understand. We believe that all aspects of executive compensation should be clearly, comprehensibly and promptly disclosed to employees in order to effectively motivate them. Employees need to easily understand how their efforts can affect their pay, both directly through individual performance accomplishments, and indirectly through contributing to our achievement of strategic, financial and operational goals. We also believe that compensation for our employees should be administered uniformly across the company and should be administered with clear-cut objectives and performance metrics.

Our Compensation Committee's Processes

Our Compensation Committee has established a number of processes to assist it in ensuring that our executive compensation programs are achieving their objectives. Among those are the following:

Assessment of Company Performance. Our Compensation Committee uses financial performance measures to determine a significant portion of the payouts under our annual incentive bonus program and equity incentive program. The financial performance measures with respect to our named executive officers' incentive bonuses and equity incentive awards are largely based on the achievement of Company-wide goals. In addition, the incentive bonuses payable under our annual incentive bonus program to our senior executives who have responsibility for business lines are tied to such business lines' financial or other performance. These Company-wide and business-line performance measures are established by our Compensation Committee annually at the beginning of the year. At the end of the year or performance period, in the case of our equity incentive program, our Compensation Committee reviews and certifies our performance achievement, and considers the appropriateness of adjustments to the performance criteria and calculations of performance achievement.

We generally pay bonuses at target when we achieve the established financial measures that are set forth in our annual operating plan and personal performance goals, as described below. These measures reflect targets that are intended to encourage stretch performance.

Assessment of Individual Performance. Individual performance has a strong impact on the compensation of certain employees, including our executive officers. The evaluation of an individual's performance determines a portion of the payouts for Mr. Chhibbar and Mr. Miglani made under our incentive bonus program and also influences any changes in base salary.

For Messrs. Chhibbar and Miglani, our Compensation Committee receives a performance assessment and compensation recommendation from our Vice Chairman and CEO. The performance assessments are based on each of

our named executive officer's respective self-evaluations and subsequent performance appraisals conducted by our Vice Chairman and CEO. Our Compensation Committee reviews the performance assessments of these executive officers with our Vice Chairman and CEO, and evaluates the achievement of established objectives by each executive officer and his or her business line (if applicable), as well as the executive officer's contribution to our

performance, leadership accomplishments and overall competence. In determining the numerical performance rating that translates into specific payouts under our incentive bonus program and also influences any changes in base salary, our Compensation Committee may exercise its judgment based on our board of directors' interactions with such executive officers.

Review of Peer Company Market Data. At the time compensation decisions were made for our U.S.-based and other senior executive officers in 2015, our Compensation Committee reviewed publicly available compensation data for companies that are engaged in business and technology services like us. The Compensation Committee took into account whether the companies had market capitalizations or annual revenues similar to ours, as well as the relevance of their geographic areas. The companies that composed our peer group for 2015 were as follows:

Peer Group Companies

Altisource Portfolio Solutions S.A.	IGATE Corporation
Ciber, Inc.	Sapient Corporation
Computer Task Group, Incorporated	Solera Holdings, Inc.
Convergys Corporation	Sykes Enterprises, Incorporated
CSG Systems International, Inc.	Syntel Inc.
EPAM Systems, Inc.	TeleTech Holdings, Inc.
Genpact Limited	Virtusa Corporation
HMS Holdings Corp.	WNS (Holdings) Limited

The compensation data for our peer group is compiled directly by Cook & Co., the independent consultant to the Compensation Committee. The peer group compensation data was supplemented by global general industry and technology industry survey data. The data from the surveys was scaled to our size by Cook & Co. based on revenues or corresponding revenue ranges as provided by the surveys. While the Compensation Committee reviewed and considered the data provided by these surveys, it did not consider or review the compensation paid to executives at the component companies included within such surveys and did not use this information or any other data as a benchmark to set executive compensation for fiscal year 2015.

Our Compensation Committee uses the compensation data to obtain a general understanding of current market practices, so it can design our executive compensation program to be competitive. Market data is not used exclusively, but rather as a point of reference to draw comparisons and distinctions. The Compensation Committee also takes into account an executive officer's job responsibilities, performance, qualifications and skills in determining individual compensation levels.

Total Compensation Review. Our Compensation Committee determines the categories and presentation of compensation information required to evaluate each executive's base pay, incentive bonus and equity incentives when changes in compensation are considered by our Compensation Committee and requests Cook & Co. compile such information. Compensation decisions are designed to promote our fundamental business objectives and strategy. Our Compensation Committee periodically reviews related matters such as succession planning and management,

evaluation of management performance, changes in the scope of managerial responsibilities, and consideration of the business environment, and considers such matters in making compensation decisions.

Role of the Compensation Committee's Independent Compensation Consultant. For 2015, the Compensation Committee retained the services of Cook & Co., a qualified and independent compensation consultant, to aid the Compensation Committee in performing its duties. The Compensation Committee's compensation consultant assists in collecting and evaluating external market data regarding executive compensation and performance, selecting peer group companies, reviewing the proxy statement, and advising the Compensation Committee on developing trends and best practices in executive compensation, director compensation, and equity and incentive plan design. Other than performing these consulting services, Cook & Co. does not provide other services to us or our executive officers. We have affirmatively determined that no conflict of interest has arisen in connection with the work of Cook & Co. as compensation consultant for the Compensation Committee.

Components of Executive Compensation for 2015

Compensation Mix

Consistent with our compensation philosophy, our compensation program balances base salary, short-term incentive and long-term incentive opportunities provided to our executive officers. The following charts illustrate the mix of target compensation components for the Vice Chairman and CEO and the other named executive officers during the 2015 fiscal year. We have excluded the restricted stock units attributable to the 2014 fiscal year annual incentive program as those units do not relate to our fiscal year 2015 compensation program.

As illustrated by the charts below, the majority of compensation that may be earned by our named executive officers is tied to the achievement of financial performance metrics (annual performance bonuses and PRSUs) or fluctuates with the underlying value of our common stock (RSUs).

*Detailed Review of Compensation Components**Base Salary*

As discussed above, we provide our executive officers fixed compensation commensurate with their performance, experience, responsibilities, skill set and market value. This attracts and retains an appropriate caliber of talent for the position and provides a base wage that is not subject to our performance risk. In setting base salaries for 2015, our Compensation Committee considered:

- Individual Performance Ø The degree to which the executive met and exceeded expectations.
- Market Data Ø Geographical and market data to test reasonableness of compensation.
- Overall Compensation Mix Ø Senior employees should have a greater portion of their compensation tied to increasing stockholder value.

Upon completing its review and as shown in the table below, the Compensation Committee determined that it was appropriate to change Mr. Kapoor's base salary in recognition of his many individual accomplishments and the Company's performance. In addition, the Compensation Committee determined to increase the base salaries of Messrs. Chhibbar and Bagai due to their individual contributions and the Company's performance. Mr. Schweppe's and Mr. Miglani's salaries remained the same as their 2014 salary, which were set late that year. The fixed compensation paid to Messrs. Chhibbar and Bagai is paid in Indian Rupees and we have included the percentage increase with respect to their fixed compensation in their home currency (INR). Further, these amounts cover not only base salary for Messrs. Chhibbar and Bagai, but also amounts available as a travel allowance, an automobile allowance, a housing allowance, a medical allowance and a cash supplementary allowance, consistent with compensation practices in India.

Incentive Bonus

We have established an annual incentive bonus program in order to align our executive officers' goals with our performance targets for the current year and to encourage meaningful contributions to our future financial performance. Our Compensation Committee approved the framework of our incentive bonus program in December 2014 for the year 2015 for bonuses payable in respect of 2015 performance. Under the program, bonus target amounts, expressed as a percentage of base salary or

annual fixed compensation, are established for participants at the beginning of each year unless their employment agreements contain different terms. Funding of potential bonus payouts for the year are determined by our financial results for the year relative to predetermined performance measures, and may be increased or decreased depending upon the executive's individual performance against his performance goals. If our performance falls short of target, our aggregate funding of the annual cash bonus incentive pool declines. If we do not achieve a minimum threshold for the established financial performance objectives, then the bonus pool is not funded for that particular objective. At the end of the performance period, our Compensation Committee has discretion to adjust an award payout from the amount yielded by the formula.

Our Compensation Committee considered the following when establishing the awards for 2015:

Bonus Targets. Bonus targets were established based on job responsibilities and comparable market data. Our objective was to set bonus targets such that total annual cash compensation was within the broad middle range of market data and a substantial portion of that compensation was linked to our performance. Consistent with our executive compensation policy, individuals with greater job responsibilities had a greater proportion of their total compensation tied to our performance. During 2015, our Compensation Committee established the following bonus targets (expressed as a percentage of base salary or annual fixed compensation) as well as maximum bonus targets for each named executive officer.

Name	Bonus Target	Bonus Maximum
Rohit Kapoor	100% of base salary	200% of base salary
Vishal Chhibbar	50% of annual fixed compensation	100% of annual fixed compensation
Pavan Bagai	75% of annual fixed compensation	150% of annual fixed compensation
Nalin Miglani	60% of base salary	120% of base salary
Henry Schweppe	75% of base salary	150% of base salary

Annual Bonuses Exclusively Denominated in Cash. The Committee believes cash bonuses clearly align with market compensation practices and make the Company's overall compensation program more competitive. The long-term retention and performance features associated with equity grants continue to be an important part of the Company's compensation mix, as described below.

Performance Measures. Our executives were eligible to earn annual bonuses based on their achievement of company-wide performance metrics, business line or other company performance metrics and, in some cases, individual performance, as described in the tables below.

Name	Company-Wide Performance⁽¹⁾	Individual Performance	Business Line or Other Company Performance
Rohit Kapoor	80%	—	20%
Vishal Chhibbar	60%	20%	20%
Pavan Bagai	80%	—	20%
Nalin Miglani	60%	20%	20%
Henry Schweppe	80%	—	20%

Based 50% on the Company's Adjusted EPS goal and 50% on the Company's revenues goal, for all employees whose incentive bonus is linked to Company-wide financial performance, including our named executive officers.
⁽¹⁾ The Company-wide performance component for Messrs. Kapoor, Bagai and Schweppe was reduced from 100% to 80% for 2015.

For 2015, the Compensation Committee believed Messrs. Kapoor's, Bagai's and Schweppe's annual bonus should be 80% based on the Company's Adjusted EPS and revenues goals and 20% based on the aggregated performance of all Business Units Revenue and Adjusted EPS due to the nature of their positions as Vice Chairman and CEO, President and Chief Operating Officer, and President, Global Business and Marketing respectively. The Committee believed it was important to set the business line and other Company performance goals as well as the individual performance goals described above for Messrs. Chhibbar and Miglani to ensure the executives were properly focused on both the Company's Adjusted EPS and revenue goals, aggregate of business units performance on revenue and Adjusted EPS goals and other areas of performance that are unique to their positions within the organization. The Compensation Committee believes achievement of these performance metrics will drive our business and, in turn, lead to increased stockholder value.

Determination of Financial Performance Achievement. In 2015, the portion of incentive bonus payments that were subject to financial performance measures could have ranged from zero to 200% of target depending on the achievement of performance goals, as follows:

Adjusted EPS Goals		Revenue Goals	
% of Adjusted EPS		% of Revenues	
Achieved Compared to Target Goal	% of Target Portion Funded	Achieved Compared to Target Goal	% of Target Portion Funded
Less than 90%	0%	Less than 90%	0%
At 90%	25%	At 90%	25%
From 90% to 100%	Linear interpolation from 25% to 100%	From 90% to 100%	Linear interpolation from 25% to 100%
At 100%	100%	At 100%	100%

Edgar Filing: ExlService Holdings, Inc. - Form DEF 14A

From 100% to 110%	Linear interpolation from 100% to 200%	From 100% to 110%	Linear interpolation from 100% to 200%
Above 110%	200%	Above 110%	200%

In 2015, our Compensation Committee established an Adjusted EPS target of \$1.96 and a revenue target of \$592 million. Based on our performance during the 2015 fiscal year, we achieved 100% of our Adjusted EPS target, and 102.2% of our revenue target.

The bonus pool funding for employees whose bonuses are tied to the performance of specific business lines is determined by targets established for such businesses by our Compensation Committee.

Individual Performance Measures. As discussed above, Messrs. Chhibbar and Miglani earn a portion of their respective annual incentive bonuses based on the achievement of individual performance measures. These goals are designed to balance the attention of our named executive officers between the achievement of near-term objectives that improve specific processes or performance metrics and long-term objectives for us. While some of the goals are subjective, certain other goals, such as client and employee satisfaction metrics, are capable of objective measurement. The individual performance measures were generally as follows:

Name	Individual Performance Goals
Vishal Chhibbar	<ul style="list-style-type: none"> · Achievement of corporate financial targets · Business growth through strategic acquisitions · Capabilities and strategic initiatives with special focus on profitability · Strengthening finance department leadership, organization and operations · Build a high performance organization · Develop and implement client-based HR program · Develop and launch purpose and values program
Nalin Miglani	<ul style="list-style-type: none"> · Build and implement a program to significantly improve sales capabilities · Build leadership teams of key business units · Build global HR team

· Determination of Individual Performance Achievement.

Mr. Kapoor made performance assessments and compensation recommendations for Messrs. Chhibbar and Miglani, and our Compensation Committee approved the recommendations after reviewing similar considerations for such named executive officers. For Mr. Chhibbar, our Compensation Committee noted his role in enabling the Company to keep track of all relevant financial metrics, playing a key role in acquisitions, strengthening the finance department's personnel and procedures and effectively engaging with investors and the broader investment community. For Mr.

Miglani, our Compensation Committee noted his role in managing and executing strategic assignments, creating a strong sense of purpose and values, improving employment engagement, enhancing sales effectiveness and executing various initiatives/programs.

Actual Bonus Payments.

The table below sets out the 2015 incentive bonuses paid to our named executive officers in March 2016.

Name	Earned 2015 Incentive Bonus (\$)
Rohit Kapoor	621,129
Vishal Chhibbar	157,049 ⁽¹⁾
Pavan Bagai	246,239 ⁽¹⁾
Nalin Miglani	274,840
Henry Schweppe	349,385

⁽¹⁾ The exchange rate used for the bonus conversion from Indian rupees to U.S. dollars for Messrs. Chhibbar and Bagai was 66.15, which was the exchange rate on December 31, 2015.

Long-Term Equity Incentives

Under our equity compensation program, our executive officers received restricted stock units under the 2015 Amendment and Restatement of the 2006 Omnibus Award Plan (the “2015 Plan”). We awarded restricted stock units to all of our named executive officers in the portions shown below.

The Time-Vested RSUs are subject to Standard Graded vesting – 10% after first year, an additional 20% after second year, an additional 30% after third year and an additional 40% after fourth year (except for Mr. Kapoor, whose restricted stock units will vest in increments of 25% on each of the first four anniversaries of the grant date), subject to continuous service with the Company through the applicable vesting date.

The Committee believes these Time-Vested RSUs provide an important role in promoting retention of our executive officers.

The “Performance-Vested” portion of the 2015 RSUs (“PRSUs”) are split into two types that each vest based on separate performance measures as follows:

Revenue-Linked PRSUs: 50% of these performance-based restricted stock unit awards will cliff-vest on December 31 of the third fiscal year in the performance period, subject to achievement of threshold Company revenues against an annual revenue target for such third fiscal year and continuous employment through December 31, 2017 — we call these awards “Revenue-Linked PRSUs.”

For example, the awards granted in February 2015 would cliff-vest on December 31, 2017, subject to achievement of Company revenues against the threshold target for 2017, but up to one-third of the units may be banked based on actual revenue performance for each of 2015 and 2016. The ultimate amount of Revenue-Linked PRSUs that a recipient earns, which may be up to 200% of the target award of Revenue-Linked RSUs, will equal the greater of (x) the Revenue-Linked PRSUs earned based on achievement of the

annual revenue target for the third fiscal year of the performance period, and (y) the sum of the banked Revenue-Linked PRSUs earned and banked in the first and second year of the grant.

Based on the Company’s performance during fiscal 2015, our executives banked one-third of their 2015 Revenue-Linked PRSUs and one-third of their 2014 Revenue-Linked PRSUs based on exceeding the applicable annual revenue targets.

For the Revenue-Linked PRSUs granted in fiscal year 2016, we have removed this banking feature and the Revenue-Linked PRSUs cliff vest on December 31, 2018 if the revenue target is achieved.

Relative TSR-Linked PRSUs: The remaining 50% of the performance-based restricted stock unit awards cliff-vest on December 31 of the third fiscal year in the performance period, based on the achievement of relative total stockholder return performance of the Company against a peer group over the grant’s three-year performance period of January 1, 2015 to December 31, 2017 and continuous employment through December 31, 2017 — we call these awards “Relative TSR-Linked PRSUs.” The Company’s TSR for the TSR performance period will be computed and then compared to the TSR of the companies in the TSR peer group, which is comprised of the public companies in our 8-digit Global Industry Classification Standard sub-industry group. A participant shall earn 200%, 100% or 0% of the Relative TSR-Linked PRSUs, as applicable, if the Company’s TSR for the performance period equals or exceeds the 80th, 50th or 20th percentile, respectively, of the TSR peer group, when ranked by TSR for the TSR performance period. For the Relative TSR-Linked PRSUs granted in 2015, the Company included a negative TSR cap. Under the negative TSR cap, if the total stockholder return is negative over the course of the three year performance period, no named executive officer may receive greater than 100% funding of the TSR-Linked PRSUs.

The percentage of Relative TSR-Linked PRSUs earned will be determined based on straight-line interpolation to the extent the Company’s TSR falls in between the 20th and 80th percentiles, as per the chart below:

TSR Peer Group Percentile	Percentage of Relative TSR-Linked PRSUs Earned
80.0	200%
50.0	100%
20.0	0%

The Committee believes the PRSUs focus our executives on key drivers of our Company’s business that will ultimately lead to creation of additional stockholder value.

The table below shows the amount of Time-Vested and Performance-Vested RSUs our Compensation Committee awarded our named executive officers in 2015. In general, the Compensation Committee believes that the size of the award granted to an executive officer should increase based on the executive officer's level of responsibility within the Company.

Name	Time Vested RSUs	Revenue-Linked PRSUs	Relative TSR-Linked PRSUs	Stock Price Performance Award⁽¹⁾
Rohit Kapoor	37,500	18,750	18,750	100,000
Vishal Chhibbar	7,500	3,750	3,750	—
Pavan Bagai	12,500	6,250	6,250	—
Nalin Miglani	6,000	3,000	3,000	—
Henry Schweppe	7,500	3,750	3,750	—

(1) See “Mr. Kapoor’s Stock Price Performance Award” below for details regarding this Stock Price Performance Award.

The Committee continues to believe that long-term equity awards provide employees with the incentive to stay with us for longer periods of time, which in turn, provides us with greater stability as we grow. These incentives foster the long-term perspective necessary for continued success in our business because the value of the awards is directly linked to long-term stock price performance, and they ensure that our executive officers are properly focused on stockholder value.

Moreover, the Committee favors restricted stock unit awards as these awards offer executives the opportunity to receive shares of our common stock on the date that the restrictions lapse. Such awards serve both to reward and retain executives because value is linked to the price of our stock on the date that the restriction lapses, and the executive must generally remain in employment through the date that the restrictions lapse. Restricted stock unit awards provide a significant degree of alignment of interests between our executives and stockholders.

The Committee also believes that the mix between Time-Vested RSUs and Performance-Vested RSUs provides an appropriate balance between incentivizing our executives to continue their employment with the Company and to ensure they are focused on long-term financial performance and generating stockholder value, which will enable them to realize additional compensation.

Finally, restricted stock units are potentially less dilutive to stockholders' equity than stock options because restricted stock awards are full value awards, and our Compensation Committee can award fewer shares than an equivalent value of stock options.

Mr. Kapoor's Stock Price Performance Award

As shown above, Mr. Kapoor received a one-time Stock Price Performance Award of 100,000 restricted stock units in connection with his new employment agreement. Provided that Mr. Kapoor remains continuously employed by the Company through December 31, 2017, he may earn between 0% and 200% of his Stock Price Performance Award pursuant to the chart below:

Average Stock Price as of December 31, 2017⁽¹⁾	Vested or Earned Percentage
\$50.00 or more	200%
\$37.50	100%
Less than \$37.50	0%

⁽¹⁾ Average stock price is determined based on the fair market value of the Company's common stock over the 60 calendar days immediately prior to December 31, 2017.

The threshold/target stock price of \$37.50 reflects a 10% annual growth rate over the three-year period from December 31, 2014 (\$28.10) to December 31, 2017. The maximum stock price of \$50.00 reflects a 21% annual growth rate. If the Company's average stock price falls between \$37.50 and \$50.00, the percentage of restricted stock units earned will be determined based on straight-line interpolation.

We believe this Stock Price Performance Award further aligns Mr. Kapoor's interests with those of our stockholders as he may only earn amounts under the award based on specific increases in the Company's stock price.

The benefits available for all U.S. employees include customary medical and dental coverage, disability insurance and life insurance. In addition, our 401(k) plan provides a reasonable level of retirement income reflecting employees' careers with us. A number of our U.S. employees, including our U.S.-based named executive officers, participate in these plans. The cost of employee benefits is partially borne by our employees, including our named executive officers. Our named executive officers in India, Mr. Bagai (and prior to his 2016 relocation to the United States, Mr. Chhibbar), is eligible to participate in the Company's pension benefit, health and welfare and fringe benefit plans otherwise available to executive employees stationed in India.

We generally do not provide significant perquisites or personal benefits to executive officers other than our Vice Chairman and CEO and our executive officers stationed in India. Our Vice Chairman and CEO is provided a limited number of perquisites whose primary purpose is to minimize distractions from his attention to our important initiatives and to be competitive. A discussion of the benefits provided to our Vice Chairman and CEO is provided under "Employment Agreements" beginning on page 46.

Severance and Change-in-Control Benefits

Each named executive officer is (or was, in the case of Mr. Schweppe) party to an employment agreement or letter that sets forth the terms of his or her employment, including compensation, which was negotiated through arms'-length contract negotiations. Under these employment agreements or letters, we are obligated to pay severance or other enhanced benefits upon termination of their employment. A discussion of the severance and other enhanced benefits provided to our named executive officers is provided under "Potential Payments upon Termination or Change in Control at Fiscal 2015 Year-End" beginning on page 56.

We have provided change-in-control severance protection for certain of our executive officers, including our named executive officers. Our Compensation Committee believes that such protection is intended to preserve employee morale and productivity and encourage retention in the face of the disruptive impact of an actual or rumored change in control. In addition, for executive officers, the program is intended to align executive officers' and stockholders' interests by enabling executive officers to consider corporate transactions that are in the best interests of our stockholders and other constituents without undue concern over whether the transactions may jeopardize the executive officers' own employment.

Senior executive officers, including our named executive officers, have enhanced levels of benefits based on their job level, seniority and probable loss of employment after a change in control. We also consider it likely that it will take more time for senior executive officers to find new employment.

Looking Forward to 2016

Following our redesign of our annual bonus program and our long-term equity incentives in 2014, the Compensation Committee determined to continue these programs as described above in fiscal 2016, subject of course, to new performance goals. Effective April 1, 2016, the Compensation Committee approved a modest increase in base salary for certain of our current executive officers.

For the Relative TSR-Linked PRSUs granted in 2016, the Company included a negative TSR cap identical to the cap first implemented in 2015. Under the negative TSR cap, if the total stockholder return is negative over the course of the three year performance period, no named executive officer may receive greater than 100% funding of the TSR-Linked PRSUs.

Subsequent to fiscal year 2015, we entered into a new employment agreement with Mr. Chhibbar, effective as of January 1, 2016. Under the new agreement, Mr. Chhibbar's annual base salary will be increased to \$400,000, subject to adjustments by the Board as permitted in the agreement, and his target annual cash bonus opportunity will be 60% of his base salary with a maximum of 120% of his base salary. Mr. Chhibbar will continue to remain eligible to receive equity awards at the discretion of the Compensation Committee. In addition, Mr. Chhibbar is entitled to receive up to \$100,000 in connection with his relocation from India to New York.

Deductibility Cap on Executive Compensation

Our Compensation Committee's general policy is that compensation should qualify as tax deductible to the Company for federal income tax purposes whenever possible, to the extent consistent with our overall compensation goals. Under Section 162(m) of the Code, compensation paid to certain of our named executive officers (other than our chief financial officer) in excess of \$1 million per year is not deductible unless the compensation is

“performance-based” as described in the regulations under Section 162(m). Compensation is generally “performance-based” if it is determined using pre-established objective formulas and criteria approved by stockholders within the past five years. Compensation awards under our 2015 Plan generally are designed to maximize tax deductibility by satisfying the performance-based compensation exception to Section 162(m). Changes in applicable tax laws and regulations as well as factors beyond the control of the Compensation Committee can adversely impact the deductibility of compensation paid to our executive officers who are covered by Section 162(m). Our Compensation Committee believes that mathematical formulas cannot always anticipate and fairly address every situation that might arise. The Compensation Committee therefore retains the authority to adjust compensation in the case of unexpected, unusual or non-recurring events or to attract and retain key executive talent, even if this results in the payment of non-deductible compensation or to otherwise award or pay non-deductible compensation if the Committee deems it in the best interests of the Company and its stockholders to do so.

Our Compensation Committee may make payments that are not fully deductible if, in its judgment, such payments are necessary to achieve our compensation objectives and to protect stockholder interests.

Pension Benefits For Fiscal Year 2015

The following table discloses the present value of accumulated benefits payable to each of the named executive officers and the years of service credited to each named executive under the Gratuity Plan for Indian Employees as of December 31, 2015:

Name	Plan Name	Number of Years Credited Service (#) ⁽¹⁾	Present Value	Payments During
			of Accumulated Benefit (\$)	Last Fiscal Year (\$)
Vishal Chhibbar	Gratuity Plan for Indian Employees	0	44,643	—
Pavan Bagai	Gratuity Plan for Indian Employees	13	70,437	—

Consists of the number of years of service credited as of December 31, 2015 for the purpose of determining benefit (1) service under the Gratuity Plan. Credited service is determined based on the completed years of continuous employment (rounded to the nearest whole number of years) with the Company since the executive's date of hire.

Liabilities with regard to the Gratuity Plans are determined by actuarial valuation using the projected unit credit method. Under this method, we determine our liability based upon the discounted value of salary increases until the date of separation arising from retirement, death, resignation or other termination of services. Critical assumptions used in measuring the plan expense and projected liability under the projected unit credit method include the (2) discount rate, expected return on assets and the expected increase in the compensation rates. Details regarding the assumptions used in the calculation of these amounts are included in footnote 11 to the audited financial statements for the fiscal year ended December 31, 2015 included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 26, 2016.

We are required to provide all Indian employees with benefits under the Gratuity Plan, a defined benefit pension plan in India. Distributions from the Gratuity Plan are made in a single lump sum following retirement from the Company. An executive's benefit under the Gratuity Plan is determined at any time as the executive's annual base salary (determined based on the executive's most recent monthly base salary) divided by 26, multiplied by 15, and the product multiplied by the executive's completed years of continuous service with the Company. An executive has a vested and nonforfeitable right to payment of his accrued Gratuity Plan benefit only after five years of service. The present value of Mr. Chhibbar's and Mr. Bagai's accumulated benefits has been determined based on their monthly basic salary rates in effect on December 31, 2015, which were approximately \$11,054 and \$9,392, respectively.

Potential Payments upon Termination or Change in Control at Fiscal 2015 Year-End

Rohit Kapoor

Cash Severance. If Mr. Kapoor's employment were terminated by us without "cause" or by the executive for "good reason" (in each case, as described below) on December 31, 2015, he would have been entitled to cash severance consisting of:

- continuation of his base salary for 24 months;
- his actual bonus, if any, earned for the year of termination, determined as if he had been employed for the full year of termination, paid ratably over the remaining period of base salary payments;
- any unpaid bonus amounts from prior periods;

- any accrued but unpaid base salary and vacation days or unreimbursed expenses

- costs of continued COBRA coverage under the Company's group health plan on behalf of the executive and his eligible dependents (described in more detail below), until the earlier of (x) the 18-month anniversary of termination and (y) the date the executive becomes eligible to receive comparable benefits from a subsequent employer; and

- continuation of life insurance coverage until the earlier of (x) the 18-month anniversary of termination and (y) the date the executive commences employment with a subsequent employer.

“Cause” will occur when:

- there is a final nonappealable conviction of, or pleading of no contest to, (1) a felony, or (2) a crime of moral turpitude that causes serious economic injury or serious injury to our reputation;

- the executive engages in fraud, embezzlement, self-dealing, gross negligence, dishonesty or other gross and willful misconduct that causes serious and demonstrable injury to us;

- the executive materially violates any of our material policies;

- the executive willfully and continually fails to substantially perform his duties (other than for reason of physical or mental incapacity) which continues beyond 15 days after we notify him in writing of his need to substantially improve his performance; provided that a failure to achieve performance objectives will not by itself constitute cause and no act or failure to act shall be considered “willful” unless done or failed to be done by the executive in bad faith and without a reasonable belief that his actions or omission was in our best interest;

- the executive fails to reasonably cooperate in a governmental investigation involving us;

- the executive materially, knowingly and intentionally fails to comply with applicable laws with respect to the execution of the Company’s business operations (subject to a presumption of good faith if the executive is following advice of counsel);

- the executive fails to follow our board of directors’ lawful instructions and does not remedy the failure for 15 days after we give him written notice;

- the executive’s use of alcohol or drugs materially interferes with the performance of his duties;

- the executive fails to take reasonable steps to end certain affiliations specified in his employment agreement within six months after a request by our board of directors; or

- the executive materially breaches any material term of his employment agreement which is not remedied within 15 days of receipt of notice from the Company specifying the breach in reasonable detail.

“Good reason” means:

- the executive's duties or responsibilities are substantially reduced, he is required to report to anyone other than our board of directors, or his title as our officer is adversely changed; however, if following a change in control, his new title and authority are similar to his old title and authority, then any change in the executive's title will not constitute a significant reduction in his duties and authorities;
- the executive's base salary is reduced (other than in connection with a Company-wide decrease in pay), or his target annual bonus opportunity is reduced below 100% of his base salary;
- the office or location where the executive is based in the metropolitan New York City area is moved more than 30 miles, and the new location is more than 30 miles from his primary residence in the metropolitan New York City area; or
- we breach any material term of the executive's employment agreement.

If the executive plans to terminate his employment for good reason, he must notify us within 45 days following the date the executive first becomes aware of the circumstances giving rise to good reason and must allow us 30 days to remedy the problem.

Change-in-Control Cash Severance. If Mr. Kapoor's employment is terminated by us without "cause" or by the executive for "good reason" (in each case, as described above) within 12 months following a "change of control" or in specific contemplation of a change in control, the executive will receive, in lieu of the cash severance described above, (1) a lump sum payment equal to 24 months of base salary and (2) his actual bonus, if any, earned for the year of termination, determined as if he had been employed for the full year of termination, paid ratably over the remaining period of base salary payments.

A "change in control" (as generally defined in Mr. Kapoor's employment agreement, the 2006 Plan and the 2015 Plan, as applicable) generally means any of the following events:

- any person or group becomes a beneficial owner (within the meaning of Rule 13d-3 under the Exchange Act) of more than 50% (50% or more in the 2006 Plan) of either (1) the combined voting power of our then-outstanding voting securities entitled to vote in the election of directors or (2) our outstanding shares of common stock, assuming all rights to acquire common stock through options, warrants, conversion of convertible stock or debt, and the like are exercised;
- a majority of the members of our board of directors changes from those in office as of the date of Mr. Kapoor's employment agreement or the effective date of the 2006 or 2015 Plan (as applicable), except that the election of any new director whose election or nomination was approved by at least two-thirds of our incumbent directors will not be regarded towards a change in the majority for these purposes;

no person or group is or becomes the beneficial owner of more than 50% (50% or more in the 2006 Plan) of the total voting power of the outstanding voting securities eligible to elect members of our board of directors of the parent or surviving company; and

at least a majority of the members of our board of directors of the parent or surviving company following the transaction were our board members when our board first approved the transaction.

Death or Disability. If Mr. Kapoor's employment terminates due to his death or is terminated by either the executive or us due to his disability, he (or his estate) will be entitled to a prorated portion of his projected bonus amount for the year of termination.

Noncompetition and Nonsolicitation Provisions. Mr. Kapoor is subject to confidentiality and nondisparagement restrictions at all times, as well as noncompetition and nonsolicitation restrictions during his employment and for one year thereafter.

Annual Equity Awards. If Mr. Kapoor's employment is terminated with good reason or without cause, Mr. Kapoor shall be treated as if he were still employed by the Company for a period of two years following the termination date. On a "change in control" (as defined in the 2006 Plan or 2015 Plan, as applicable), Mr. Kapoor's outstanding annual equity awards will vest as described below:

Time-Vested RSUs: If a change in control occurs prior to the end of the performance period, Mr. Kapoor's Time-Vested RSUs will be advanced by one year. In addition, all of Mr. Kapoor's outstanding Time-Vested RSUs will become fully vested if, following or in specific contemplation of a change in control, he is terminated without cause or, following a change in control, he voluntarily terminates his employment for good reason.

Revenue-Linked PRSUs: If a change in control occurs prior to the end of the performance period, 100% of target of Mr. Kapoor's Revenue-Linked PRSUs will be deemed earned, will be subject to a three year installment vesting schedule and will be advanced by one year under such schedule. In addition, all of Mr. Kapoor's outstanding Revenue-Linked PRSUs will become fully vested if, following or in specific contemplation of a change in control, he is terminated without cause or, following a change in control, he voluntarily terminates his employment for good reason.

Relative TSR-Linked PRSUs: If a change in control occurs on or prior to the first anniversary of the grant date, 100% of target of Mr. Kapoor's Relative TSR-Linked PRSUs will be deemed earned. If a change in control occurs after the first anniversary of the grant date, the performance period will be deemed to end on the date of the change in control and the Compensation Committee shall determine the number of earned Relative TSR-Linked PRSUs based on the TSR of the Company and the peer group as of such date. In either scenario, the Relative TSR-Linked PRSUs that are deemed earned will be subject to a three year installment vesting schedule and will be advanced by one year under such schedule. In addition, all of Mr. Kapoor's outstanding Revenue-Linked PRSUs will become fully vested if, within 12 months following or in specific contemplation of a change in control, he is terminated without cause or, within 12 months following a change in control, he voluntarily terminates his employment for good reason. Furthermore, all of Mr. Kapoor's outstanding, earned TSR-Linked PRSUs will become fully vested if, at any time following a change in control, he is terminated without cause or he voluntarily terminates his employment for good reason.

Stock Price Performance Award. Mr. Kapoor will vest in a portion of his Stock Price Performance Award representing his service from January 1, 2015 through his termination date plus an additional year (the "Enhanced Pro-Rata Portion") if his employment terminates prior to a change in control due to his death or disability. If, prior to a change in control, Mr. Kapoor is terminated by the Company without cause or he voluntarily terminates his employment with good reason, a portion of the PRSUs will be considered earned based on the Company's average stock price during the 60 days prior to Mr. Kapoor's termination date (the "Earned PRSUs"). An Enhanced Pro-Rata Portion of any such Earned PRSUs will vest immediately upon Mr. Kapoor's termination date.

If a change in control occurs prior to the end of the performance period, a portion of the PRSUs outstanding as of the date of the change of control will be deemed earned and convert to Time-Vested RSUs ("CIC PRSUs"), based on the Company's average stock price

on the date of the change in control, that cliff-vest on December 31, 2017, contingent upon Mr. Kapoor's continued employment through that date. One hundred percent of all PRSUs granted to Mr. Kapoor pursuant to the Stock Price Performance Award will become fully vested if (i) within 12 months following or in specific contemplation of a change in control, he is terminated without cause; (ii) within 12 months following a change in control, he voluntarily terminates his employment for good reason or (iii) there is a failure to substitute, assume, exchange or otherwise continue the PRSUs by an acquirer. In addition, following the 12-month period described above, an Enhanced Pro-Rata Portion of any earned CIC PRSUs will vest immediately upon Mr. Kapoor's termination of employment at any time after a change in control due to his termination without cause, death or disability, or resignation for good reason.

Release of Claims. Mr. Kapoor's severance payments and termination-related equity acceleration are subject to his execution of a release of claims against us, his not having committed a material breach of the restrictive covenants that has remained uncured for 15 days after we have given him notice of such breach and his resignation from the board of directors and all committees thereof, if requested by the Company.

Code Section 280G. Mr. Kapoor's employment agreement also contains a "modified cut-back" provision such that any payments that constitute "excess parachute payments" under Section 280G of the Code will be reduced to an amount that does not trigger the applicable excise taxes, to the extent such reduced amount is larger than the amount Mr. Kapoor would have received on a present-value net-after-tax basis (including excise taxes) absent such a reduction.

In quantifying potential payments for purposes of this disclosure, we have quantified our equity-based payments by using the closing price of our stock on December 31, 2015, which was \$44.93.

(1) As described above, upon his termination for good reason or without cause, Mr. Kapoor is treated as having continued his employment for two additional years for purposes of his annual equity awards. The information in this table was calculated assuming target performance over the additional two year-period, however, the actual payment would depend upon the Company's actual performance following Mr. Kapoor's termination.

(2) Mr. Kapoor's Stock Price Performance Award becomes immediately vested upon a change in control if the Compensation Committee has not made a provision for the substitution, assumption, exchange or other continuation of the award in connection with the change in control.

Vishal Chhibbar

Either Mr. Chhibbar or we may terminate Mr. Chhibbar's employment at any time (though Mr. Chhibbar must give us three months' advance notice upon a termination without good reason). If Mr. Chhibbar's employment with the Company is terminated by the Company without "cause" or by Mr. Chhibbar for "good reason," as summarized below, Mr. Chhibbar will receive a cash severance payment equal to one times his total annual fixed compensation then in effect, paid in installments over a 12-month period.

On a “change in control” (as defined in the 2006 Plan or 2015 Plan, as applicable), Mr. Chhibbar’s outstanding equity awards will vest as described below:

Time-Vested RSUs: If a change in control occurs prior to the end of the performance period, Mr. Chhibbar’s Time-Vested RSUs will be advanced by one year. In addition, all of Mr. Chhibbar’s outstanding Time-Vested RSUs will become fully vested if, following or in specific contemplation of a change in control, he is terminated without cause or, following a change in control, he voluntarily terminates his employment for good reason.

Revenue-Linked PRSUs: If a change in control occurs prior to the end of the performance period, 100% of Mr. Chhibbar’s Revenue-Linked PRSUs will be deemed earned, will be subject to a new three year installment vesting schedule and will be advanced by one year under such schedule. In addition, all of Mr. Chhibbar’s outstanding Revenue-Linked PRSUs will become fully vested if, following or in specific contemplation of a change in control, he is terminated without cause or, following a change in control, he voluntarily terminates his employment for good reason.

Relative TSR-Linked PRSUs: If a change in control occurs on or prior to the first anniversary of the grant date, 100% of Mr. Chhibbar’s Relative TSR-Linked PRSUs will be deemed earned. If a change in control occurs after the first anniversary of the grant date, the performance period will be deemed to end on the date of the change in control and the Compensation Committee shall determine the number of earned Relative TSR-Linked PRSUs based on the TSR of the Company and the peer group as of such date. In either scenario, the Relative TSR-Linked PRSUs that are deemed earned will be subject to a new three year installment vesting schedule and will be advanced by one year under such schedule. In addition, all of Mr. Chhibbar’s outstanding, earned TSR-Linked PRSUs will become fully vested if, following or in specific contemplation of a change in control, he is terminated without cause or, following a change in control, he voluntarily terminates his employment for good reason.

Mr. Chhibbar’s severance payments and termination-related equity acceleration are subject to his execution of a release of claims against us. Mr. Chhibbar is subject to confidentiality restrictions at all times, as well as noncompetition, nondisparagement and nonsolicitation restrictions during his employment and for one year thereafter.

The definitions of “cause” and “good reason” described below apply to Messrs. Chhibbar, Bagai, Miglani and Schweppe unless stated otherwise.

“Cause” will occur when:

there is a final nonappealable conviction of, or pleading of no contest to, (1) a crime of moral turpitude which causes serious economic injury or serious injury to our reputation or (2) a felony;

- the executive engages in fraud, embezzlement, gross negligence, self-dealing, dishonesty or other gross and willful misconduct which causes serious and demonstrable injury to us;
- the executive materially violates any of our material policies;

- the executive willfully and continually fails to substantially perform his duties (other than for reason of physical or mental incapacity) which continues beyond 15 days after we notify him in writing of his need to substantially improve his performance; provided that a failure to achieve performance objectives will not by itself constitute cause and no act or failure to act shall be considered “willful” unless done or failed to be done by the executive in bad faith and without a reasonable belief that his actions or omission was in our best interest;
- the executive fails to reasonably cooperate in a governmental investigation involving us;
- the executive materially, knowingly and intentionally fails to comply with applicable laws with respect to the execution of the Company’s business operations (subject to a presumption of good faith if the executive is following advice of counsel);
- the executive fails to follow his supervisor’s (or, for Messrs. Chhibbar and Bagai, our board of directors’) lawful instructions and does not remedy the failure for 15 days after we give him written notice; or
- the executive’s use of alcohol or drugs materially interferes with the performance of his duties.

“Good reason” means, without the executive’s prior written consent:

- the executive’s duties or responsibilities are substantially reduced, or he is required to report to anyone other than our board of directors, or our CEO;
- the executive’s title as our officer is adversely changed; however, if following a change in control (as defined in the 2015 Plan), his new title and authority are similar to his old title and authority, then any change in the executive’s title will not constitute a significant reduction in his duties and authorities;
- for Messrs. Chhibbar and Bagai only, the executive’s base salary or annual cash bonus opportunity is reduced, other than in connection with a proportionate reduction impacting all members of our executive committee;

- for Messrs. Miglani and Schweppe only, there is a change in the office or location where the executive is based of more than 50 miles and such new office or location is more than 50 miles from the executive's primary residence; or
- we breach any material term of the executive's employment agreement or severance agreement.

If the executive plans to terminate his employment for good reason, he must notify us within 30 days following the date the executive first becomes aware of the circumstances giving rise to good reason and must allow us 30 days to remedy the problem (15 days for Mr. Chhibbar).

In quantifying potential payments for purposes of this disclosure, we have quantified our equity-based payments by using the closing price of our stock on December 31, 2015, which was \$44.93.

In either scenario, the Relative TSR-Linked PRSUs that are deemed earned will be subject to a new three year installment vesting schedule and will be advanced by one year under such schedule. In addition, all of Mr. Bagai's outstanding, earned TSR-Linked PRSUs will become fully vested if, following or in specific contemplation of a change in control, he is terminated without cause or, following a change in control, he voluntarily terminates his employment for good reason.

Mr. Kapoor's compensation during 2015 was based solely on his role as CEO, as disclosed in the "Summary Compensation Table for Fiscal Year 2015" beginning on page 42 and discussed in "Compensation Discussion and (1) Analysis" beginning on page 23. He does not receive any additional compensation for his services as a director. Separately, Mr. Sahney did not serve as a director during fiscal year 2015 and accordingly is not included in the table.

Amounts reflect the aggregate grant date fair value of stock awards and option awards recognized for financial statement reporting purposes for the fiscal year ended December 31, 2015, in accordance with FASB ASC Topic (2)718 (disregarding any forfeiture assumptions). Assumptions used in the calculation of these amounts are included in footnotes 2 and 14 to our audited financial statements for the fiscal year ended December 31, 2015 included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 26, 2016.

(3) The outstanding equity awards held by our directors on December 31, 2015 is set forth on the table below:

Name	No. of Securities Underlying Unexercised Options (#) Exercisable	No. of Securities Underlying Unexercised Options (#) Unexercisable	No. of Shares or Units of Stock That Have Not Vested

Clyde Ostler	62,723	—	2,853
Mohanbir Sawhney	—	—	2,853
Garen Staglin	32,723	—	6,270

(4) Mr. Sawhney resigned as a director as of December 31, 2015.

(5) For Mr. Staglin, amount reflects our reimbursement for costs associated with secretarial services.

For Ms. Minto, amount reflects our reimbursement to her for tax planning fees. The amount also reflects a (6) subsequent payment made to Ms. Minto to gross up the reimbursement of tax planning fees so that the economic benefit to her was the same as if such benefit were provided on a non-taxable basis (\$8,072).

For 2015, non-employee directors were eligible to receive an annual retainer fee in the amount of \$55,000. The non-executive Chairman of our board of directors was eligible to receive an additional retainer of \$150,000 which is paid \$50,000 in cash and \$100,000 in equity. The Lead Director of our board of directors (if there is a Lead Director serving at such time) was eligible to receive an additional annual fee of \$25,000. New non-employee directors who join our board of directors during a calendar quarter are eligible to receive the full fee for such calendar quarter. The chairperson of our Audit Committee was eligible to receive an additional annual fee of \$20,000, and other members of our Audit Committee were eligible to receive an additional annual fee of \$10,000. The Chairpersons of committees other than our Audit Committee were eligible to receive an additional annual fee of \$15,000, and members of committees other than our Audit Committee were eligible to receive an additional annual fee of \$7,500. There are no additional fees payable for attendance at our board or committee meetings (whether in person, telephonic or otherwise). We make quarterly cash payments to our directors who elect to receive a portion of their director fees in the form of cash.

Prior to July 1, 2014, new non-employee directors who join our board of directors were eligible to receive restricted stock units representing 4,000 shares of our common stock and each non-employee director received a grant on the anniversary of his board service date of restricted stock units representing 4,000 shares of our common stock. Effective July 1, 2014, the Company decided to transition to making an annual grant to all directors with an approximate value of \$100,000 commencing on the date of the 2015 Annual Stockholders' meeting. In order to transition to this new program, any director with an anniversary hire date between July 1, 2014 and June 19, 2015, the date of the 2015 Annual Stockholders' meeting, received a pro rata grant based upon the number of days between the anniversary date and the date of the Annual Stockholders' meeting. On June 19, 2015, each non-employee director received a grant of restricted stock units valued at \$100,000 with the exact number of units being determined by dividing \$100,000 by the closing stock price on June 18, 2015. The grants provide that the restricted stock units will vest on the earliest of:

- the first anniversary of the date of grant;
- the date on which the director's term as a member of our board of directors expires if the director is not subsequently elected to a new term on our board of directors; and
- the occurrence of a "change in control," as defined in the 2006 Plan or 2015 Plan, as applicable.

Holders of restricted stock units do not receive the underlying shares of common stock until the units have vested and are settled. The restricted stock units issued to each of our non-employee directors will settle on the earliest of:

- such director's death;

180 days following the end of such director's term on our board of directors, or if the director has satisfied our stock ownership guidelines and made an election prior to the grant, the vesting date of the award; and

the occurrence of a "change in control," as defined in the 2006 Plan or 2015 Plan, as applicable, that satisfies the requirements of Section 409A of the Code.

Risk and Compensation Policies

Our Compensation Committee has taken into account its discussions with management regarding our compensation practices and has concluded that any risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us.

STOCK OWNERSHIP OF DIRECTORS, EXECUTIVE OFFICERS AND CERTAIN BENEFICIAL OWNERS

Unless otherwise indicated, the table below sets forth, as of March 31, 2016, information with respect to the beneficial ownership of our common stock by:

- each of our directors and each of our named executive officers;
- each person who is known to be the beneficial owner of more than 5% of our common stock; and
- all of our current directors and current executive officers (i.e., not just named executive officers) as a group.

The amounts and percentages of common stock beneficially owned as of March 31, 2016 are reported on the basis of the regulations of the SEC governing the determination of beneficial ownership of securities. Under these rules, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, which includes the power to vote or to direct the voting of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days of March 31, 2016. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities. Except as otherwise indicated below, each of the persons named in the table has sole voting and investment power with respect to the securities beneficially owned by such person as set forth opposite such person's name.

(2) Based on 33,531,971 shares outstanding as of March 31, 2016.

For non-management directors, includes restricted stock units (previously granted for service on the Board) that have vested but are unsettled. Because vested restricted stock units generally settle 180 days following the director's term of service (see "Director Compensation for Fiscal Year 2015" for additional details on settlement), the units are (3) not treated as beneficially owned under SEC rules because the holder does not have the right to acquire the underlying stock within 60 days of March 31, 2016. CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Review and Approval of Related Party Transactions

We review all transactions in which we, our directors and executive officers or their immediate family members and our 5% stockholders are participants to determine whether such persons have a direct or indirect material interest in such transactions. Our Code of Conduct and Ethics instructs our directors, officers and employees to report the facts and circumstances of any such transaction or potential transaction to our General Counsel or our Audit Committee. Our board of directors has adopted a policy regarding the review of potential related party transactions. Under this policy, our General Counsel will review the facts and circumstances of any covered transaction. If our General Counsel determines that the transaction involves a related party transaction and that the amount involved does not equal or exceed \$120,000, our General Counsel will approve or disapprove the transaction. If our General Counsel determines that the transaction involves a related party transaction and that the amount involved equals or exceeds \$120,000, our General Counsel will refer the transaction to our Audit Committee for approval. Ms. Minto and Mr. Kapoor are standing for re-election. PROPOSAL 2
RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has selected Ernst & Young LLP as the independent registered public accounting firm to audit the Company's and its subsidiaries' books, records and accounts for the fiscal year 2016. Our board of directors has endorsed this appointment. Ratification of the selection of Ernst & Young LLP by our stockholders is not required by law. However, as a matter of good corporate practice, such selection is being submitted to our stockholders for ratification at the Annual Meeting. If our stockholders do not ratify the selection, our board of directors and our Audit Committee will reconsider whether or not to retain Ernst & Young LLP, but may nonetheless retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee in its discretion may change such appointment at any time during the year if it determines that such change would be in the best interests of the Company and our stockholders. Ernst & Young LLP audited our consolidated financial statements for fiscal years 2015 and 2014. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

The following is a summary of the fees billed to us by Ernst & Young LLP for professional services rendered for fiscal years 2015 and 2014:

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm requires the affirmative vote of a majority of shares present in person or represented by proxy and entitled to vote at the Annual Meeting. Unless marked to the contrary, proxies received will be voted "FOR" ratification of the appointment.

Our board of directors recommends a vote FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm.

PROPOSAL 3

ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

Proposal 3 is an advisory (non-binding) vote on the compensation of our executive officers as described in this proxy statement. Although the vote is advisory and is not binding on the board of directors, our Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions. We refer to this non-binding advisory vote as the “say-on-pay” vote.

At the 2011 Annual Meeting of Stockholders, our stockholders voted on a proposal relating to the frequency of the “say-on-pay” vote. We recommended, and our stockholders approved on an advisory, non-binding basis, an annual say-on-pay vote. Accordingly, we include the say-on-pay vote each year as a regular part of each Annual Meeting of Stockholders, and the next such say-on-pay vote will occur at next year’s Annual Meeting of Stockholders. The next vote on the frequency of the “say-on-pay” vote will also be held at next year’s Annual Meeting of Stockholders.

Our board of directors is committed to corporate governance best practices and recognizes the significant interest of stockholders in executive compensation matters. As discussed in the Compensation Discussion and Analysis, our board of directors believes that our current executive compensation program directly links executive compensation to our performance and aligns the interests of our executive officers with those of our stockholders. For example, the bulk of our annual incentive bonuses are earned based on achievement of two core financial metrics: Adjusted EPS and revenues. As we discuss in greater detail in our Compensation Discussion and Analysis, these financial metrics focus our named executive officers on top-line revenues and bottom-line earnings that are likely to make meaningful contributions to our future financial performance. We believe rewarding our executives with incentive pay based on achievement of these three financial metrics closely aligns management with the interests of our stockholders.

In addition, our philosophy places more emphasis on variable elements of compensation (such as incentive bonuses and equity-based compensation) than fixed remuneration.

Our stockholders have the opportunity to vote for, against or abstain from voting on the following resolution:

“Resolved, that the stockholders approve on an advisory basis the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure shall include the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this proxy statement).”

The above-referenced disclosures related to the compensation of our named executive officers appear beginning at page 23 of this proxy statement.

Required Vote

The approval of the compensation of our named executive officers requires the affirmative vote of a majority of shares present in person or represented by proxy and entitled to vote at the Annual Meeting. Unless marked to the contrary, proxies received will be voted "FOR" the approval of the compensation of our named executive officers.

Our board of directors recommends a vote FOR the approval on an advisory basis of the compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure shall include the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this proxy statement).

Special notice provisions apply under the by-laws if the date of the 2017 Annual Meeting is more than 30 days before or 70 days after the anniversary date of this year’s Annual Meeting of Stockholders.

Any notice of proposed business or nomination, whether or not included in our proxy statement, must include the information required under our by-laws, including Section 2.11.4, in order for the matter to be eligible for consideration at the 2017 Annual Meeting. The presiding officer of the 2017 Annual Meeting may refuse to acknowledge any matter or nomination not made in compliance with the procedures in our by-laws.
