LOTUS PACIFIC, INC. AND SUBSIDIARIES
NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2001

Edgar Filing: LOTUS PACIFIC INC - Form 10-Q

(Unaudited)

NOTE 1 GENERAL

Lotus Pacific, Inc. creates, manages, and operates communications and network technology companies. LPFC and its subsidiaries (the "Company") provide solutions for the communications and network technology markets. The Company is engaged in the development, manufacture, and distribution of products used for broadband Internet access, including "DOCSIS certified" data-over-cable equipment, digital subscriber line ("DSL") access and networking devices, and Internet set-top boxes. The Company also provides private label online auction services in foreign markets.

NOTE 2 BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared by the Company in accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X relating to interim financial statements. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements and should be read in conjunction with the consolidated financial statements and notes thereto included in the Annual Report on Form 10-K of Lotus Pacific, Inc. for the year ended June 30, 2000 ("fiscal 2000").

In the opinion of management, all adjustments (consisting of normal recurring accruals) necessary to present fairly the information set forth in the accompanying condensed consolidated financial statements have been included. The results reported in these condensed consolidated financial statements for the nine-month period ended March 31, 2001 should not be regarded as necessarily indicative of results that may be expected for the year ended June 30, 2001 ("fiscal 2001").

The accompanying unaudited condensed consolidated financial statements include the accounts of LPFC and its four majority-owned subsidiaries: Regent Electronics Corp. (92.3% owned), Correlant Communications, Inc. (66.5%), Arescom, Inc. (81%) and Lotus World, Inc. (90.5%) The minority interests in the subsidiaries are reflected as such on the balance sheet in accordance with generally accepted accounting principles. All intercompany transactions have been eliminated in consolidation.

NOTE 3 INVENTORIES

As of March 31, 2001, inventories consist of the following:

Raw materials	---
Work-in-process	---
Finished goods	\$28,469,339

	\$28,469,339
	=====

The above inventory balances as of March 31, 2001 are net of reserves for potential excess quantities and obsolescence of approximately \$2,452,709.

NOTE 4 STOCK BASED COMPENSATION

The Company's subsidiary, Arescom, Inc. (Arescom), granted 550,000 Incentive Stock Options (ISO) to employees during the nine months ended March 31, 2001. Arescom recorded deferred compensation of \$1,100,000 and amortized deferred compensation of \$148,956. The amortization of deferred compensation for ISO granted in the prior year is \$5,388,802.

The Company's subsidiary, Correlant Communications, Inc. (Correlant), also has an Incentive Stock Option Plan and it has elected to follow APB Opinion 25 "Accounting of Stock Issued to Employees" in accounting for its employee stock options. When calculating the deferred compensation, the options had to be split between Lotus shares and Correlant shares because the Lotus shares granted include a contingent component associated with the grant. The contingent component was that the shares of Lotus stock could be sold when certain financial goals were met. Lotus lifted the restriction during the six months and, accordingly, Correlant amortized all of the deferred compensation from the original grant date. The total amortization amounted to \$6.7 million. The amortization expense was charged to research and development, \$4.8 million and to general and administrative expense, \$1.3 million.

NOTE 5 INCOME TAXES

The Company's December 31, 2000 provision for income taxes differed from the amount computed by applying the statutory U.S. Federal income tax rate to income before income taxes as follows:

	For the Nine Months Ended March 31, 2001	For the Nine Months Ended March 31, 2000	For the Six Months Ended December 31, 2000	For the Three Months Ended September 30, 2000

NOTE 6 PREFERRED STOCK

During the nine months ended March 31, 2001, Arescom, Inc. sold preferred stock to third parties for net proceeds of \$13,257,500.

Edgar Filing: LOTUS PACIFIC INC - Form 10-Q

NOTE 7 INVESTMENT IN SUBSIDIARY

In January the Company agreed to refund \$7,100,000 to an investor that purchased 355,000 shares of Correlant Communications Inc.'s common stock from the Company during the fiscal year ended June 30, 2000. The refund increased the Company's ownership of Correlant from 64.7% to 66.5%. As of March 31, 2001, the Company has paid \$4,000,000 and owes \$3,100,000. The Company has recorded goodwill associated with the refund of \$6,857,761.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Lotus Pacific, Inc. ("LPFC") creates, manages, and operates communications and network technology companies. LPFC and its subsidiaries (the "Company") provide solutions for the communications and network technology markets. The Company is primarily engaged in the development, manufacture, and distribution of products used for broadband Internet access, including "DOCSIS certified" data-over-cable equipment, digital subscriber line ("DSL") access and networking devices.

RESULTS OF OPERATIONS

REVENUES

For the quarter ended March 31, 2001, the Company's revenue was \$ 49.4 million, compared to \$ 25.0 million for the same period of the previous year. On a year to date basis, revenue in the first nine months of fiscal 2001 was \$ 254.9 million, an increase of 358% over the first nine months of fiscal 2000. The revenue growth in the three- and nine-month periods was primarily due to the expanded operations of Correlant Communications ("Correlant") and Arescom, Inc. ("Arescom"), both of which were acquired by LPFC in March 1999.

COST OF SALES

Cost of sales consisted principally of the cost of components, contracted manufacturing charges, other materials, in certain case labor related to testing and warranty expenses. The Company outsourced substantially all of its manufacturing operation, and had no manufacturing plant. Cost of sales increased from \$20.6 million during the three-month period ended March 31, 2000 to \$46.5 million in the corresponding period ended March 31, 2001. Cost of sales increased from \$44.5 million during the nine-month period ended March 31, 2000 to \$221.7 million in the corresponding period ended March 31, 2001. This increase in cost of sales reflected the increased level of sales. The gross margins were approximately 6% and 13% for the three-month period and nine-month period ended March 31, 2001, respectively. The Company expects that gross margin will fluctuate due to changing product mix, different sales prices, and product quantities shipped to various customers.

SELLING, GENERAL AND ADMINISTRATIVE EXPENSES

Selling, general and administrative expenses were \$11.0 million in the March quarter fiscal 2001 compared to \$14.3 million in the March quarter of the prior year, a 23% decrease. For the first three quarters of fiscal 2001, selling, general and administrative expenses were \$28.3 million, compared to \$28.6 million in the first three quarters of fiscal 2000. The decrease in the third quarter and the moderate increase in the first three quarters reflected more streamlined operation by LPFC and its subsidiaries.

RESEARCH AND DEVELOPMENT

Edgar Filing: LOTUS PACIFIC INC - Form 10-Q

In the third quarter of fiscal 2001, research and development expenses increased \$1.7 million to \$4.2 million, or 64%, from \$2.6 million in the same quarter of fiscal 2000. For the nine-month period ended March 31, 2001, the Company's research and development expense increased nearly 4 times compared to the same period of the prior year. The increase was attributable to the expanded operations by the Company's subsidiaries acquired or established during the second half of fiscal 1999.

DEPRECIATION & GOODWILL AMORTIZATION

The Company has accumulated approximately \$82.5 million of goodwill from acquisitions of businesses since September 1997. The goodwill is amortized on the straight-line basis over 10 years. For the three-month period ended March 31, 2001, the depreciation and amortization decreased approximately 29% to \$2.5 million compared to the same period of the prior year. For the nine-month period ended March 31, 2001, the Company's depreciation and goodwill amortization expenses were approximately \$7.0 million, compared to \$10.8 million for the same period of the prior year. The decrease was attributable to the write-off of certain businesses related to some of the Company's subsidiaries.

NET INCOME (LOSS) AND EARNING PER SHARE

For the third quarter of fiscal 2001, the Company had net loss of \$4.3 million, or \$0.07 per share, compared to a net income of \$15.7 million for the same period of the prior year. Excluding \$2.5 million of depreciation and goodwill amortization expenses, the net loss would be \$1.8 million, or \$0.03 per share. The Company's loss during the current period reflected deteriorating macro-economic environment in telecommunication industry. Specifically, the contracting gross margin reflected increasing competitions in our industry. Excluding the gains from the sale of Correlant stock in the corresponding prior period, the loss was comparable to that of the same period last year.

For the nine months ended March 31, 2001, the Company had net loss of \$11.8 million, or \$0.18 per share, compared to the gain of \$7.2 million for the same period of the prior year. Excluding \$7.0 million of depreciation and goodwill amortization expenses, the net loss would be \$4.8 million, or \$0.05 per share.

LIQUIDITY AND CAPITAL RESOURCES

As of March 31, 2001, the Company's liquid assets, consisting of cash and cash equivalents, totaled \$25.8 million, compared with \$27.9 million as of June 30, 2000.

For the nine-month period ended March 31, 2001, net cash used by operating activities was \$14.0 million compared to \$0.2 million net cash provided by operations from the same period of the previous year.

For the nine-month period ended March 31, 2001, net cash provided by investing activities was \$3.7 million, attributable primarily to the private placement of certain Arescom preferred stock.

For the nine-month period ended March 31, 2001, the Company had net cash inflow of \$8.1 million from financing activities attributable to the decrease of certain loan receivable. For the same period of 2000, LPFC had a cash outflow of \$44.4 million that was attributable to the repayment of deposits received in fiscal 1999 for a proposed purchase of securities which was subsequently cancelled.

The Company has no material long-term debt.

The Company believes that the existing cash and cash equivalents together with

Edgar Filing: LOTUS PACIFIC INC - Form 10-Q

funds generated from operations will be sufficient to meet its operating requirements for the next 12 months. The Company's continuing operating and investing activities may nevertheless make it necessary or desirable that the Company obtains additional financing through loans or additional public or private offerings of its securities. There can be no assurance that any additional financing will be available to the Company on commercially reasonable terms, if at all.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

The Company has not entered into any transactions using derivative financial instruments or derivative commodity instruments and believes that its exposure to market risk associated with other financial instruments is not material.
