BOARD INFORMATION

BOARD MEETINGS:

During the fiscal year ended April 30, 2005, the Board held a total of seven meetings. During fiscal 2005, each Director of the Company attended at least 75% of the aggregate number of meetings of the Board and of all committees of the Board on which such Director served, during the time each such Director was a member of the Board. The Annual Meeting of Shareholders is held in conjunction with a regularly scheduled Board meeting, and Directors are expected to attend. In 2004, seven of the eight Directors attended the Annual Meeting.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

Handleman Company's independent Directors met without the Chief Executive Officer six times during the fiscal year ended April 30, 2005.

DIRECTOR INDEPENDENCE:

During 2003, the New York Stock Exchange adopted new independence standards for companies listed on the Exchange, including the Company. These standards require a majority of the Board to be independent and every member of each of the Audit Committee, Compensation Committee, and Corporate Governance and Nominating Committee to be independent. A Director is considered independent only if the Board "affirmatively determines that the Director has no material relationship with the listed company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company)," consistent with additional requirements contained in the listing standards of the New York Stock Exchange. In connection with this standard, the Board has affirmatively determined that all of the Directors (other than Mr. Strome) are independent of the Company and its management under the standards set forth by the New York Stock Exchange.

BOARD COMMITTEES:

AUDIT COMMITTEE: The Audit Committee is appointed by the Board of Directors of the Company to provide assistance to the Board of Directors in fulfilling its oversight responsibility relating to the Company's financial statements and financial reporting processes; the systems of internal accounting and financial controls; the internal audit function; the annual independent audit of the Company's financial statements; any financially-related legal compliance or ethics programs as established by the Board; and any other areas specified by the Board of potential significant financial risk to the Company.

All members of the Audit Committee are financially literate, as the Company's Board has interpreted such qualification in its business judgment. The Board of Directors has determined that Eugene A. Miller satisfies the standard for "audit committee financial expert" in compliance with the Sarbanes-Oxley Act of 2002 and has accounting or related financial management expertise as required by the New York Stock Exchange.

The functions of the Audit Committee are listed in the Audit Committee Charter which is included herein as Appendix C to this proxy statement.

The Audit Committee held 10 meetings during the fiscal year ended April 30, 2005. Members: Mr. Eugene A. Miller (Chairman), Ms. Sandra E. Peterson, Dr. Irvin D. Reid and Mr. Ralph J. Szygenda.

CORPORATE GOVERNANCE AND NOMINATING COMMITTEE: The Corporate Governance and Nominating Committee considers the performance of incumbent Directors and recommends to the Board nominees for election as Directors. The Corporate Governance and Nominating Committee will consider nominees for Directors recommended by shareholders, which recommendations for the 2006 Annual Meeting of Shareholders should be submitted to the Handleman Company Corporate Secretary at the Company's executive offices, no later than May 10, 2006. Any such recommendations will be delivered to the Chairman of the Corporate Governance and Nominating Committee.

The Board of Directors has adopted corporate governance guidelines recommended by the Committee. The guidelines are reviewed annually and are monitored by the Committee. The guidelines establish corporate governance standards, outline the respective responsibilities of management and the Board and provide a process

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

for evaluating the performance of the Board. A copy of the guidelines is included herein as Appendix A to this proxy statement.

Guideline number 35 of the Corporate Governance Guidelines states that the Board believes that it is important that the Company's stakeholders and others are able to review its corporate governance practices. Accordingly, the Company's Corporate Governance Guidelines, Code of Business Conduct and Ethics and Committee Charters are published on the Company's website, www.handleman.com, under Investor Relations/Corporate Governance.

The Company's Code of Business Conduct and Ethics is included herein as Appendix B to this proxy statement.

The functions of the Corporate Governance and Nominating Committee are listed in the Corporate Governance and Nominating Committee Charter, which is included herein as Appendix D to this proxy statement.

The Corporate Governance and Nominating Committee held three meetings during the fiscal year ended April 30, 2005. Members: Mr. Lloyd E. Reuss (Chairman), Mr. Eugene A. Miller, Mr. James B. Nicholson and Dr. Irvin D. Reid.

CORPORATE GOVERNANCE AND NOMINATING COMMITTEE PROCESS FOR IDENTIFYING AND EVALUATING NOMINEES: The Directors and the Corporate Governance and Nominating Committee (the "Committee") are responsible for recommending candidates for membership on the Board. In assessing potential new Directors, the Committee considers individuals from various disciplines and diverse backgrounds. The selection of qualified Directors is complex and crucial to Handleman's long-term success. Board candidates are considered based upon various criteria, such as their broad-based business skills and experiences, a global business and social perspective, concern for the long-term interests of the shareholders, and personal integrity and judgment. In addition, Directors must have time available to devote to Board activities and to enhance their knowledge of Handleman Company and the music industry. To assist in the identification and evaluation of qualified Director candidates, on occasion, the services of a search firm have been engaged.

During the 2005 fiscal year, the Committee recommended two new candidates to the Board. These individuals, who were not previously elected by the shareholders, are nominees for election as Directors at the Annual Meeting. The nominees, Thomas S. Wilson and P. Daniel Miller, were recommended to the Committee by independent Directors of the Board.

COMPENSATION COMMITTEE: The duties of the Compensation Committee are: recommending to the Board of Directors the remuneration arrangements for senior management; recommending to the Board of Directors compensation plans in which officers are eligible to participate; recommending to the Board of Directors director compensation programs; and granting stock options, performance shares, performance units and restricted stock awards under the Company's 2004 Stock Plan. The functions of the Compensation Committee are listed in the Compensation Committee Charter, which is included herein as Appendix E to this proxy statement.

The Compensation Committee held six meetings during the fiscal year ended April 30, 2005. Members: Mr. James B. Nicholson (Chairman), Ms. Elizabeth A. Chappell, Ms. Sandra E. Peterson and Mr. Lloyd E. Reuss.

DIRECTOR EDUCATION:

One of Handleman Company's core values is "Continuous Learning and Improvement." The Company encourages and supports this value throughout all levels within the organization. The Board members also believe continuous learning is important to ensure the ongoing effectiveness of the Board. Accordingly, the Board has established guidelines for ongoing continuing education for Directors. See guideline 34 of Handleman Company's Corporate Governance Guidelines attached as Appendix A. These courses were accredited by Institutional Shareholder Services ("ISS"):

MR. STEPHEN STROME attended "The Director's Consortium," which was presented by The Wharton School, The University of Chicago, and Stanford Law School at the University of Pennsylvania campus from August 25 - 27, 2004. The purpose of the course was to provide a review of policy and strategy; nominating committee issues and CEO succession; compensation committee issues; audit committee-qualifications, responsibilities, and content; finance; and directors' fiduciary duties - the core duties of directors and what they mean in practice. MR. JAMES B. NICHOLSON attended the "Fortune Boardroom Forum" which focused on the following topics:

- How board members can best safeguard their companies from the five types of risk: strategic, financial, operational, reputational and regulatory/compliance;
- The board's role in ensuring that America remains competitive into the 21st century;
- Should directors who have been taking a more active role in shaping business strategy also become involved in policy issues that impact their company's performance;
- Chief Executive Officer succession; and
- Director activism as it relates to compensation, succession, audit, and strategic planning.

The course was held from June 27 - 28, 2005 in Chicago, Illinois.

Federal securities law requires that Directors and Executive Officers of the Company must report to the Securities and Exchange Commission and the Company, within certain periods, the number of shares of the Corporation's equity securities they own and any changes in such ownership. Based upon information furnished by the Directors and Executive Officers, all required Section 16 (a) filings for fiscal year 2005 have been made in a timely manner, except that one Form 4, covering one transaction, was filed late by Donald M. Genotti, an Executive Officer of the Company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION:

No member of the Compensation Committee is a current or former officer or employee of the Company.

COMPENSATION COMMITTEE REPORT

THE COMPENSATION COMMITTEE:

The Compensation Committee (the "Committee") is composed only of independent Directors as defined by the requirements of the New York Stock Exchange and the Company's Corporate Governance Guidelines. The Committee exercises the Board's powers in designing and approving compensation programs for the Company. The Committee makes every effort to see that the Company's compensation program is consistent with the values of the Company and furthers its business strategy. The Committee establishes the compensation policy for the Company's executives and reviews the salaries, bonuses and stock incentives of each of the Executive Officers including the Chief Executive Officer. The Committee administers the 2004 Stock Plan and prior stock option plans. A copy of the Compensation Committee Charter is attached as Appendix E to this proxy statement.

OVERALL OBJECTIVES:

The Company's compensation objectives reflect its philosophy that the compensation of its key employees (including Executive Officers) should:

- Provide performance-based total compensation at market-competitive levels to attract and retain key executives critical to the long-term success of the Company;
- Reward executives for long-term strategic management and the enhancement of shareholder value;
- Provide a compensation program that motivates key employees to achieve their strategic goals by tying compensation to the performance of the Company and applicable business units, as well as to individual performance; and
- Align the interests of its key employees with the long-term interests of the Company's shareholders through the award of stock incentives.

The compensation packages offered to key employees are based on the review of compensation surveys and the advice of compensation consultants. In assessing salary levels from a comparability standpoint, the Committee refers to compensation surveys based on different groups of corporations with approximately the same sales volumes as the Company.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

BASE SALARIES:

Compensation depends on many factors, including individual performance and responsibilities and an employee's longer term potential. In addition, the Company's financial performance and the compensation levels at comparable companies are important in determining base salaries.

Factors considered in establishing base salaries are:

- Analysis and evaluation of each salaried position with a comparison of compensation levels predicated on responsibilities of similar positions based upon the competitive marketplace on both a regional and national basis (salary levels are reviewed annually and are subject to adjustment based on the general movement in salaries in the job market, as well as the individual's job performance, and contributions to the Company);
- Prior year salary;
- Changes in individual job responsibilities; and
- Past performance of individuals.

BONUSES:

The Company's bonus program is intended to encourage and reward the achievement of corporate objectives. The named Executive Officers, among other officers of the Company, participate in the bonus program. Awards under the bonus program during fiscal year 2005 were based on the Company attaining certain levels of operating performance and net income. In fiscal year 2005, Mr. Braum received a bonus based on the overall performance of the Company in terms of net income. In fiscal year 2005, Messrs. Albrecht, Lund and Wilson received bonuses based on the operating performance of the Company or their individual business units as well as the achievement of personal objectives.

STOCK PLANS:

The Company's shareholders approved the adoption of the Handleman Company 2004 Stock Plan (the "Plan") which authorizes the granting of stock options, performance shares, performance units and restricted stock.

The Committee believes that stock ownership by key employees (including Executive Officers) and stock-based performance compensation arrangements foster an interest in the enhancement of shareholder value, and thus, align management's interests with that of the shareholders. In fiscal 2005, stock options, restricted stock and performance shares were awarded to key employees in amounts reflecting each participant's position and ability to influence the Company's overall performance.

The Committee's policy has been to utilize vesting periods to encourage key employees to continue in the employ of the Company and to grant options to provide a long-term incentive. The exercise price of the options is based on the fair market value of the underlying shares on the date of the grant. Thus, such options have value only if the price of the underlying shares increases.

The Committee reviewed the long-term incentives available to key employees from the perspective of market competitiveness and value. The Committee also looked at how to more closely align the Company's long-term incentive awards with the creation of shareholder value. The Committee determined that the overall effectiveness and value of the Plan is strengthened by the addition of performance shares. Performance shares provide a strong link between pay and

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

performance. The number of shares that key employees would receive from the fiscal 2005 performance share grant will be based on certain free cash flow targets being achieved by April 28, 2007.

13

STOCK OWNERSHIP PROGRAM:

Handleman Company has adopted certain minimum ownership guidelines for key management and Directors. For the Chief Executive Officer, it is expected that he own shares having a value equal to five times base salary. For other executive officers, the value of shares that they are expected to own is two times base salary. The Company has also adopted minimum stock ownership guidelines for independent Directors. Each independent Director is expected to own 5,500 shares of Handleman Company stock. Outside Directors are expected to meet the share ownership guidelines five years after first being elected a Director.

The Chief Executive Officer and all outside Directors with five years of service have met their ownership requirement as of the Company's fiscal year ended April 30, 2005.

OTHER COMPENSATION:

At various times in the past the Company has adopted certain broad-based employee benefit plans in which key management employees have been permitted to participate and has adopted certain Executive Officer retirement, life and health insurance and automotive plans. Other than the Company's 401(k) Plan, which includes a Company Common Stock Fund intended to further align employees' and shareholders' long-term financial interests, benefits under these plans are not directly or indirectly tied to Company performance.

CHIEF EXECUTIVE OFFICER COMPENSATION:

The annual base salary earned in fiscal 2005 by Stephen Strome, the Company's Chief Executive Officer, was \$673,385. Compensation for the Chief Executive Officer is determined through a process similar to that discussed for other Executive Officers. Mr. Strome was paid a bonus of \$286,440 in fiscal 2005 based on the overall performance of the Company in terms of net income. In fiscal 2005, Mr. Strome was awarded a nonqualified stock option grant to purchase 27,000 shares of the Company's stock (see "Option Grants in the Last Fiscal Year"). In fiscal 2005, Mr. Strome received \$1,874,760 representing the value of an award of performance shares and units, which were originally granted in September 2001, and paid in June 2004 based on having met the maximum performance goal relating to free cash flow for the April 29, 2001 through May 1, 2004 performance period. In fiscal 2005, Mr. Strome received a grant of 40,000 performance shares of the Company's common stock, which will be paid in June 2007 if certain free cash flow targets are achieved by April 28, 2007. The purpose of these grants is to ensure attention to the Company's long-term strategies and objectives. The Committee believes Mr. Strome's compensation to be competitive with compensation practices of the companies included in the survey prepared by the outside consultant reporting directly to the Committee.

PENSION PLAN TABLE

The Company has a pension plan (the "plan") covering all employees of the Company who have reached the age of 21 and completed one year of service, except for employees covered by a collective bargaining agreement which does not provide for plan coverage and part-time employees working less than 1,000 hours per year. The plan provides pension benefits, death benefits and disability benefits for covered employees. For the fiscal year ended April 30, 2005, employees with five or more years of service were entitled to monthly pension benefits beginning at normal retirement age (65). The computation of benefits under the plan is based upon a formula which takes into consideration retirement age, years of service up to 30 years, average annual compensation during the highest five consecutive year period within the 10 years preceding retirement, and the average of the taxable wage base for Social Security purposes over the employee's career. The plan permits early retirement at ages 55-64 for employees with 10 or more years of service. A death benefit equal to a portion of the employee's accrued benefit is paid to the employee's spouse if the employee dies after becoming vested under the plan. An employee with 10 or more years of service whose employment by the Company terminates prior to his or her normal retirement date due to his or her permanent and total disability is entitled to receive a disability retirement benefit.

The following table illustrates current annual benefits payable under the plan upon retirement at age 65 to persons in certain compensation and years of service classifications. The benefits are computed on the basis of a straight life annuity and are not subject to deductions for social security or other offset amounts.

FINAL AVERAGE COMPENSATION	10 YEARS OF SERVICE	20 YEARS OF SERVICE	30 YEARS OF SERVICE
-----	-----	-----	-----
\$200,000*	\$24,835	\$49,670	\$74,504

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

*Compensation which may be considered for any purpose under a qualified pension plan is limited for calendar year 2005 to \$210,000.

The compensation covered by the plan includes all earnings from the Company, as reported on the employee's W-2 form, for base pay, overtime and bonus payments, plus salary deferrals under the Company's 401(k) Plan, up to a maximum of \$210,000 for calendar year 2005.

The Internal Revenue Code limits the benefits which can be paid from any funded pension plan that qualifies for federal tax exemption. The amount for calendar year 2005 is \$170,000.

As of April 30, 2005, the credited years of service under the plan for the named Executive Officers were as follows: 27 for Stephen Strome; 20 for Thomas C. Braum, Jr.; 6 for Mark J. Albrecht; 10 for Ronnie W. Lund; and 5 for Scott A. Wilson.

22

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN TABLE

The Company sponsors a Supplemental Executive Retirement Plan (the "SERP") covering a select group of management employees of the Company. The SERP provides supplemental retirement income and death and disability benefits. Covered employees with five or more years of service are entitled to monthly retirement income beginning at normal retirement age (65). The SERP permits early retirement at ages 55-64 for employees with 10 or more years of service. The computation of benefits under the SERP is based upon a formula which takes into consideration retirement age, years of service up to a maximum of 30 years, and average annual compensation during the highest five consecutive years within the 10 years preceding retirement. A death benefit equal to a portion of the employee's accrued benefit is paid to the employee's spouse if the employee dies after becoming vested under the SERP. An employee with 10 or more years of service whose employment by the Company terminates prior to his or her normal retirement date due to his or her total and permanent disability is entitled to receive a disability retirement benefit.

The benefit amount calculated under the formula is computed on the basis of a straight life annuity and is subject to an offset by benefits provided under the pension plan.

The following table illustrates current annual benefits payable under the SERP upon normal retirement at age 65 to persons in certain compensation and years of service classifications. These benefits are in addition to benefits payable under the Company pension plan.

FINAL AVERAGE COMPENSATION	10 YEARS OF SERVICE	20 YEARS OF SERVICE	30 YEARS OF SERVICE
-----	-----	-----	-----
\$ 200,000	\$ 10,165	\$ 20,330	\$ 30,496
400,000	45,025	90,050	135,076
600,000	80,025	160,050	240,076
800,000	115,025	230,050	345,076
1,000,000	150,025	300,050	450,076

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

The compensation covered by the SERP includes all earnings from the Company, as reported on the employee's W-2 form, for base pay, overtime and bonus payments, plus salary deferrals under the Company's 401(k) Plan. No maximum applies to compensation covered under the SERP.

As of April 30, 2005, the credited years of service under the SERP for the named Executive Officers were as follows: 27 for Stephen Strome; 20 for Thomas C. Braum, Jr.; 6 for Mark J. Albrecht; 10 for Ronnie W. Lund; and 5 for Scott A. Wilson.

CHANGE IN CONTROL AGREEMENTS

The Company has entered into Change in Control Agreements (the "Agreements") with Stephen Strome and Thomas C. Braum, Jr. in the event their employment is terminated as a result of, or in connection with, a change in control (as defined in the Agreements). The Agreements expire December 31, 2005, and are automatically renewed to December 31 of each subsequent year unless and until the Company or the named Executive Officer sends a written notice of termination to the other party by September 1st.

In event of termination of employment, or other specified changes in the employment relationship within 24 months following a change in control, the Agreements generally provide for payments of accrued salary and bonus not paid plus a severance payment equal to the sum of base salary and the average of the annual bonus accrued during the three fiscal years prior to the termination date times 2.99. The Agreements also entitle Messrs. Strome and Braum to continue participation in the Company's life and health insurance benefits for 36 months following the termination date.

23

In addition, all restrictions on any outstanding incentive awards (including restricted stock and rights to performance shares and units) granted to Messrs. Strome and Braum under any incentive plan or arrangement shall lapse and such incentive award shall become 100% vested, and all stock options and stock appreciation rights granted to Messrs. Strome and Braum under any incentive plan or arrangement will become 100% vested and immediately exercisable.

Based on current salaries and prior bonuses, if Messrs. Strome or Braum had terminated their employment as of April 30, 2005 under circumstances entitling them to severance pay as described above, they would have been entitled to receive lump sum cash payments of \$3,047,200 and \$1,200,983, respectively.

II. OTHER MATTERS

RELATIONSHIP WITH INDEPENDENT AUDITOR

PricewaterhouseCoopers LLP is the independent auditor for the Company and has reported on the Company's consolidated financial statements for the fiscal years ended April 30, 2005 and May 1, 2004. For fiscal years 2005 and 2004, the Company's independent auditor was appointed by the Board of Directors after receiving recommendations from the Audit Committee. PricewaterhouseCoopers LLP has been reappointed by the Board of Directors for fiscal year 2006 as recommended by the Audit Committee.

INDEPENDENT AUDITOR FEES

The following table presents fees for professional audit services performed by PricewaterhouseCoopers LLP for the audit of the Company's annual consolidated financial statements for fiscal years 2005 and 2004, for the review of the Company's interim consolidated financial statements for each quarter in fiscal years 2005 and 2004, and for tax and all other services performed in fiscal years 2005 and 2004:

FISCAL YEAR ENDED	FISCAL YEAR ENDED
-------------------	-------------------

	APRIL 30, 2005	MAY 1, 2004(1)
	-----	-----
Audit Fees (2).....	\$ 1,227,800	\$ 353,000
Audit-Related Fees (3).....	320,700	231,200
Tax Fees (4).....	85,400	101,900
All Other Fees (5).....	2,000	2,100
	-----	-----
Total.....	\$ 1,635,900	\$ 688,200
	=====	=====

(1) Amounts reported in the proxy statement for the September 2004 Annual Meeting of Shareholders related to Sarbanes-Oxley Section 404 have been reclassified and are now reported under audit fees.

(2) Includes recurring audit of consolidated financial statements including statutory audits, services to perform an audit in accordance with Generally Accepted Auditing Standards, services related to SEC registration statements and financial reporting, and fees related to Sarbanes-Oxley Section 404.

(3) Audit services related to benefit/pension plans, assistance in financial due diligence related to mergers and acquisitions, review of impact of new accounting pronouncements and review of accounting impact for businesses sold.

(4) Includes tax return review and tax planning services.

(5) Review of actuarial assumptions, reports and retiree benefit calculations.

The Audit Committee's current practice on pre-approval of services performed by the independent auditors is to approve all audit services and permissible non-audit services to be provided and assess the impact of the service on the auditor's independence. In addition, the Audit Committee has delegated authority to grant certain pre-approvals to the Audit Committee Chair. Pre-approvals granted by the Audit Committee Chair are reported to the full Audit Committee at its next regularly scheduled meeting.

In fiscal year 2005, all non-audit services were pre-approved by the Audit Committee.

The Audit Committee determined that the non-audit services provided (and the fees billed for such services) by PricewaterhouseCoopers LLP during fiscal 2005 and 2004 were compatible with maintaining their independence.

Representatives from PricewaterhouseCoopers LLP will be present at the Annual Meeting of Shareholders, where they will be provided the opportunity to make a statement if they desire, and will also be available to respond to appropriate questions.

OTHER PROPOSALS

Neither the Company nor the members of its Board of Directors intend to bring before the Annual Meeting any matters other than those set forth in the Notice

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Q: WHAT IS A PROXY?

A: A proxy is another person that you legally designate to vote your shares. If you designate someone as your proxy in a written document, that document also is called a proxy or proxy card.

Q: WHAT IS A PROXY STATEMENT?

A: It is a document that SEC regulations require Handleman Company to give to you when we ask you to sign a proxy card to vote your shares at the Annual Meeting. The proxy statement summarizes the information you need to know to vote your shares.

Q: WHO CAN VOTE?

A: You can vote at the Annual Meeting if you were a shareholder of record as of the close of business on July 11, 2005. If you own the Company's Common Stock, then you are entitled to one vote per share.

Q: WHAT IS THE QUORUM REQUIREMENT OF THE ANNUAL MEETING?

A: A majority of the outstanding shares on July 11, 2005 constitutes a quorum for voting at the Annual Meeting. If you vote or attend the meeting, your shares will be part of the quorum. On the record date, 21,531,821 shares of Handleman Company's Common Stock were outstanding.

Q: WHAT AM I VOTING ON?

A. You are voting on one proposal, the election of five Directors. One nominee for Director, Thomas S. Wilson, is nominated for election for a two-year term, to be added to the class expiring in 2007. Four nominees for Director, Eugene A. Miller, P. Daniel Miller, Sandra E. Peterson and Irvin D. Reid, are to be elected for three-year terms expiring in 2008.

Q: ARE THE NOMINEES EUGENE A. MILLER AND P. DANIEL MILLER RELATED?

A. The nominees Eugene A. Miller and P. Daniel Miller are not related.

Q: WHAT ARE THE VOTING RECOMMENDATIONS OF THE BOARD?

A: The Board of Directors is soliciting the proxy and recommends a vote "FOR" each of its nominees for Directors.

Q: WHAT IF OTHER MATTERS ARE PRESENTED FOR DETERMINATION AT THE ANNUAL MEETING?

A: Other than the one proposal described in this proxy statement, the Company does not expect any other matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the proxy holders (Elizabeth A. Chappell, James B. Nicholson and Lloyd E. Reuss) will use their judgment in voting your shares on other matters that may arise at the meeting.

Q: WHAT VOTE IS REQUIRED TO ELECT THE DIRECTORS?

A: The five individuals who receive the most votes, even if not a majority, will be elected.

Q: WHAT SHARES ARE COVERED BY MY PROXY CARD?

A: The shares covered by your proxy card represent shares of Handleman Company stock you own either as a:

- Shareholder of record;
- Participant in the Handleman stock fund of the Company's 401(k) Plan; or
- Beneficial owner of shares held in street name.

Q: WHAT IS THE DIFFERENCE BETWEEN HOLDING SHARES AS A SHAREHOLDER OF RECORD AND AS A BENEFICIAL OWNER?

A: If your shares are registered directly in your name with Handleman Company's transfer agent, Mellon Investor Services, you are considered the "shareholder of record." The proxy statement, 2005 Annual Report and proxy card have been sent directly to you by Handleman Company c/o Mellon Investor Services.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial owner" of shares held in street name. The proxy statement and 2005 Annual Report have been forwarded to you by your broker, bank or nominee, which is considered the shareholder of record. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or the internet.

Q: HOW DO I VOTE?

A: You may vote using any of the following methods:

- Proxy card or voting instruction card. Be sure to sign and date the card and return it in the prepaid envelope. If you are a shareholder of record and you return your signed proxy card but do not indicate your

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

voting preferences, the persons named in the proxy card will vote "FOR" the election of Directors.

- By telephone or the Internet. The telephone and Internet voting procedures established by Handleman Company for shareholders of record are designed to authenticate your identity, to allow you to give your voting instructions and to confirm that these instructions have been properly recorded. The availability of telephone and Internet voting for beneficial owners will depend on the voting process of your broker, bank or nominee. Therefore, we recommend that you follow the voting instructions in the materials you receive.
- In person at the Annual Meeting. All shareholders may vote in person at the Annual Meeting. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or nominee and present it to the inspectors of election with your ballot when you vote at the meeting.

Q: WHAT IS THE EFFECT OF NOT VOTING?

A: It will depend on how your share ownership is registered. If you own shares as a shareholder of record and do not return a signed proxy card, your shares will not count toward the quorum and will not be voted.

If you are a beneficial owner and do not vote, your broker may represent your shares at the meeting for purposes of obtaining a quorum. In the absence of your voting instructions, your broker may or may not vote your shares in its discretion depending on the proposals before the meeting.

Your broker may vote your shares in its discretion and your shares will count toward the quorum requirement on "routine matters." Regarding "non-routine matters" your broker may not be able to vote your shares in its discretion. The election of Directors is a routine matter on which brokers are permitted to vote on behalf of their clients if no voting instructions are furnished.

30

Q: WHAT CAN I DO IF I CHANGE MY MIND AFTER I VOTE MY SHARES?

A: If you are a shareholder of record, you may revoke your proxy at any time before it is voted at the Annual Meeting by:

- Sending written notice of revocation to the Office of the Secretary, Handleman Company, 500 Kirts Boulevard, Troy, MI 48084-4142;
- Submitting a new proxy by telephone, Internet or paper ballot, after the date of the revoked proxy; or
- Attending the Annual Meeting and voting in person.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker, bank or nominee. You may also vote in person at the Annual Meeting if you obtain a legal proxy as described in the answer to the previous question.

Q: HOW DO PARTICIPANTS IN THE HANDLEMAN COMPANY 401(k) PLAN VOTE THEIR SHARES?

A: As a participant in the Handleman Company 401(k) Plan, you have the right to direct Fidelity Management Trust Company how to vote the shares of

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

Handleman Company credited to your account.

You have been sent a proxy statement, 2005 Annual Report and proxy card from Handleman Company c/o Mellon Investor Services. Mellon Investor Services will transmit your voting instructions to Fidelity Management Trust Company who will vote the shares on your behalf.

The shares credited to your account will be voted as directed; if the proxy card is not received by September 5, 2005, the shares credited to your account will not be voted.

Q: HOW DO SHAREHOLDERS OF RECORD VOTE THEIR SHARES IF THEY ARE ALSO PARTICIPANTS IN THE HANDLEMAN COMPANY 401(k) PLAN?

A: Shareholders of record who also own shares in the Handleman Company 401(K) Plan and maintain the same registration for both accounts will receive one proxy card for their total shares. The proxy statement, 2005 Annual Report and proxy card have been sent directly to you by Handleman Company c/o Mellon Investor Services.

For the shares credited to your 401(k) Plan account, Mellon Investor Services will transmit your voting instructions to Fidelity Management Trust Company who will vote the shares on your behalf. The shares will be voted as directed; if your proxy card is not received by September 5, 2005, the shares credited to your 401(k) Plan account will not be voted.

31

Q: WHAT DOES IT MEAN IF I GET MORE THAN ONE PROXY CARD?

A: It means your shares are in more than one account. You should vote the shares on all your proxy cards. If you are shareholder of record we encourage you to have all your shares registered in the same name and address.

To register all your shares in the same name, or if you have other questions about your stock holdings, please contact Mellon Investor Services by telephone by calling:

Q: HOW DO I RECOMMEND SOMEONE TO BE A CANDIDATE FOR ELECTION AS A DIRECTOR AT THE 2006 ANNUAL MEETING?

A: You may recommend any person to be a Director by writing to the Secretary of the Company. The Company's by-laws require that shareholders send written notice no later than May 10, 2006, in order to recommend an individual for consideration as a Director at the 2006 Annual Meeting. In accordance with the Company's by-laws, the notice must set forth (a) as to each person whom the shareholder proposes to nominate for election (1) the name, age, business address and residence address of such person, (2) the principal occupation or employment of such person, (3) the class and number of shares of the Company which are beneficially owned by such person and (4) such person's written consent to being named in the proxy statement as a nominee and to serve as a Director if elected; and (b) as to the shareholder giving the notice (1) the name and address, as they appear on the corporation's books, of such shareholder and (2) the class and number of shares of the corporation which are beneficially owned by such shareholder.

APPENDIX A

HANDLEMAN COMPANY CORPORATE GOVERNANCE GUIDELINES

Handleman Company's stakeholders' interests are best served through the perpetuation of a growing, financially sound business enterprise which is committed to sound operating principals and values. The Board is responsible for determining that the Company is managed in such a way to ensure this result. This must be an active, as opposed to passive, responsibility. The Board has the

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

responsibility to ensure that management is capably executing its responsibilities, and to regularly monitor the effectiveness of management policies and decisions, including the execution of its strategies.

In addition to fulfilling its obligations for increased shareholder value, the Board has responsibility to Handleman Company's customers, employees, suppliers and to the communities where it operates -- all of whom are essential to a successful business. These responsibilities are best served through the successful perpetuation of the business.

The Corporate Governance and Nominating Committee ("Committee") of the Board has been empowered by its charter to review and recommend corporate governance practices and policies of Handleman Company, which may include comparing the corporate governance practices of Handleman Company to those of other public companies and to make recommendations to the Board to assure the Company's leadership in this area. In this regard, the Committee reviews guidelines or practices adopted by other leading public companies, surveys and trend information. The Committee will report its findings and recommendations for action by the entire Board.

1. SELECTION OF CHAIRMAN AND CEO; PRESIDING DIRECTOR: Currently, the Chairman of the Board is the Chief Executive Officer (CEO) of Handleman Company. If the Board does not designate the Chairman of the Board as the CEO, then the President, by virtue of his office, is the CEO.

The Board has no policy respecting the need to separate or combine the offices of Chairman and CEO. The Board believes that this issue is part of the succession planning process and that it is in the best interests of the Company to make a determination whenever it elects a new CEO.

The Board will designate an independent Director to serve as Presiding Director. Duties and responsibilities of the Presiding Director include:

- a. Presiding over executive sessions of the independent Board members.
 - b. Advising the CEO of appropriate feedback from the executive session including any actions to be taken, as well as any issues or concerns raised by the independent Directors.
 - c. Advising on the agenda for the Board meetings
 - d. Meeting with senior officers, if deemed appropriate, to discuss the business and issues facing the Company.
 - e. Working with the Chairman of the Corporate Governance and Nominating Committee in the selection of the Committee Chairs.
 - f. Meeting with shareholders, if appropriate, to discuss their concerns.
2. MEETING WITHOUT CEO: In those instances where the independent Directors meet without the Chairman and CEO, the Presiding Director will chair the meeting.
 3. NUMBER OF COMMITTEES: THE Board has the following committees: Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee. The Board has the flexibility to form a new committee or disband a current committee. It is the policy of the Board that only independent Directors serve on the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee.
 4. ASSIGNMENT AND ROTATION OF COMMITTEE MEMBERS: The Chairman of the

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

Corporate Governance and Nominating Committee with the assistance of the Presiding Director recommends the appointment of members to the committees, the composition of which is discussed and ratified by

A-1

the entire Board, taking into account the desires and suggestions of individual Directors. It is the belief of the Board that committee rotation is a desirable principle, but should not be mandated as a policy since there may be reasons at a given point in time to maintain an individual Director's committee membership for a longer period or to shorten the period. The learning time to become an active contributor on a particular committee is also a factor.

5. COMMITTEE INDEPENDENCE: The Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are to be comprised entirely of independent Directors.
6. COMMITTEE STRUCTURE: The Audit, Compensation, and Corporate Governance and Nominating Committees will adopt written charters which specify each committee's responsibilities and duties.
7. FREQUENCY AND LENGTH OF COMMITTEE MEETINGS: The Chair of each committee, in consultation with its members, determines the frequency and length of the meetings of the committee.
8. COMMITTEE AGENDA: The Chair of each committee, in consultation with the appropriate Officers, will develop the committee's agenda. At the beginning of the Board year (from annual shareholders meeting to annual meeting), each committee will establish a schedule of agenda subjects to be discussed during the year (to the extent these can be foreseen); the schedule for each committee will be furnished to all Directors. The agenda for each meeting will be distributed to all Directors in advance and suggestions for changes or additions will be solicited.
9. SELECTION OF AGENDA ITEMS FOR BOARD MEETINGS: At the beginning of the Board year, the Chairman will establish a schedule of agenda subjects to be discussed during the year (to the extent these can be foreseen). The Chairman will also establish the agenda for each Board meeting. The agenda for each meeting will be distributed to the Presiding Director in advance and suggestions for changes or additions will be solicited. Each Board member is free to suggest the inclusion of items on the agenda. The agenda will include reports from each committee that has held a meeting. At least one Board meeting each year will be a Board "retreat," the principal purpose of which will be a Board review of long-term strategic plans and the principal issues that Handleman Company will face in the future. The Board will have a minimum of six scheduled meetings per Board year and will be on call for additional meetings as needed.
10. BOARD MATERIALS: Information and data that are important to the Board's understanding of the business will be distributed in writing to the Board the week before the scheduled Board meeting. The Officers will strive to make the information concise yet comprehensive, and will make an ongoing effort to solicit suggestions from independent Directors on how to best meet their information needs. Interim financial and operational reports will be sent to the Directors monthly.
11. RETENTION OF CONSULTANTS: The Board has full authority to retain such financial, legal, or other consultants, as it deems appropriate. The necessary funds will be made available to pay for such services.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

12. DIRECTOR RESPONSIBILITIES: Each Director is expected to use their best efforts to attend all Board, and committee meetings on which such Director serves and the Annual Shareholders' Meeting. Attendance by phone is acceptable if a Director cannot attend meetings due to travel problems, schedule conflicts or similar causes.
13. REGULAR ATTENDANCE OF NON-DIRECTORS AT BOARD MEETINGS: The Chairman and CEO will invite Senior Officers to attend the meeting when their presence is expected to significantly enhance the quality of Board decisions. Generally, attendance of non-Directors will take place when their expertise is required or where attendance is encouraged as noted in Item 15 (e.g., at the Board retreat).
14. EXECUTIVE SESSIONS OF INDEPENDENT DIRECTORS: The independent Directors will meet in executive session during each scheduled Board meeting. The Presiding Director will preside over

A-2

the executive session and will report to the Chairman and CEO on the nature of the discussion immediately following the Board meeting. If the Presiding Director is unavailable to preside over an executive session, the Director designated to follow in the rotation as Presiding Director shall serve as Presiding Director for that meeting. The Chair of the Compensation Committee shall preside at such executive sessions of the Board as Presiding Director for fiscal year 2005, the Chair of the Audit Committee for fiscal year 2006, the Chair of the Corporate Governance and Nominating Committee for fiscal year 2007, and rotating in the same fashion thereafter.

15. BOARD ACCESS TO SENIOR MANAGEMENT: The Presiding Director will have complete access to the Company's Officers and counsel and will communicate issues brought up by management with the other outside Directors. It is assumed that the Presiding Director will use appropriate judgment to be sure that this contact is not distracting to the business operation of the Company and that such contact, if in writing, be copied to the Chairman and CEO under normal circumstances. Furthermore, the Board encourages the Chairman and CEO, from time to time, to bring executives into Board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas or (b) represent executives with future potential that the Chairman and CEO believes should be given exposure to the Board. The Board may retain outside counsel of its choice with respect to any issue relating to its activities. The Chairman and CEO will be advised on each such occasion of the law firm selected and the issues to be addressed by it on behalf of the Board.
16. BOARD COMPENSATION REVIEW: Only non-employee Directors receive payment for serving in the Board. The Compensation Committee is responsible for annually evaluating and recommending Director compensation programs, including retainers, fees and stock grants, for discussion and concurrence by the full Board. Given the conflict inherent with Directors setting their own pay levels, these recommendations will be based upon information in relation to other comparable U.S. companies and in consideration of the most current best practices provided by outside consultants and/or director compensation surveys.
17. SIZE OF THE BOARD: It is the opinion of the Board that the optimal size of the Board under normal circumstances is 8 to 10 members. This size permits both a diversity of skills and views available to contribute to the duties of the Board and its Committees as well as the coordination and participation of all Directors in Board deliberations. However, the Board

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

would be willing to go to a somewhat larger size in order to accommodate the availability of an outstanding candidate.

18. MIX OF INSIDE AND OUTSIDE DIRECTORS: The Board believes that, as a matter of policy, there should be a majority of independent Directors on the Handleman Board.
19. DEFINITION OF INDEPENDENT DIRECTOR: The Company has adopted the following definition of an independent Director: one who (a) is not and has not been employed by the Company or its subsidiaries in an executive capacity; (b) is not an advisor or consultant to the Company; (c) is not affiliated with a significant customer or supplier of the Company; (d) does not have a personal services contract or arrangement with the Company; (e) is not affiliated with a tax-exempt entity that receives significant contributions from the Company; and (f) is not a spouse, parent, sibling or child of a Board member or senior executive of the Company. The Board believes that all present outside Directors are independent. Compliance with the definition of independence is reviewed annually by the Corporate Governance and Nominating Committee.

The Board will establish and maintain standards used to determine which directors are independent. These standards shall consider the definition of (i) an "independent director" as defined under the rules of the New York Stock Exchange, as may be amended from time to time (ii) a "Non-Employee Director", as defined in Rule 16b-3 promulgated under Section 16 of the Securities and Exchange Act of 1934, as amended, and (iii) an "outside director" under Regulation Section 1.162-27 promulgated under Section 162(m) of the Internal Revenue Code of 1986, as amended.

In addition, in order to be deemed independent of management of the Company, a Board member cannot have engaged in any transaction or have been involved in any business relationship or

A-3

otherwise that is described or set forth in Item 404 of Regulation S-K promulgated by the Securities and Exchange Commission.

20. STOCK OWNERSHIP OF OUTSIDE DIRECTORS: The ownership of stock in the Company by outside Directors is required. The Board's policy is that each outside Director should, within five years of first election to the Board, own 5,500 shares of Handleman Company stock.
21. LOANS TO DIRECTORS AND EXECUTIVE OFFICERS: It is the policy of the Company not to make any personal loans to its Directors and Executive Officers.
22. FORMER CHIEF EXECUTIVE OFFICER'S BOARD MEMBERSHIP: The Board believes this is a matter to be decided in each individual instance. It is assumed that when the Chief Executive Officer resigns from that position, he/she should offer his/her resignation from the Board at the same time. Whether the individual continues to serve on the Board is a matter for discussion at that time with the new CEO and the Board.
23. BOARD MEMBERSHIP CRITERIA: The Corporate Governance and Nominating Committee is responsible for reviewing with the Board periodically the appropriate skills and characteristics required of Board members in the context of the current make-up of the Board. This assessment should include issues of diversity, age, skills such as understanding of marketing, finance, regulation and public policy, international background, other time demands (including service on other boards), commitment to Handleman's shared values, etc. -- all in the context of an

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

assessment of the perceived needs of the Company and the Board at that point in time. In order to optimize Directors ability to represent the interest of the Company's shareholders and other constituencies, the Board has established a guideline whereby individuals nominated to serve as a Director of the Company can serve as a director on a maximum of five other public company boards.

24. IDENTIFYING NEW DIRECTOR CANDIDATES/EXTENDING INVITATIONS TO BOARD: The Board itself should be responsible, in fact as well as procedure, for identifying new members. The Board delegates the screening process involved to the Corporate Governance and Nominating Committee and the Presiding Director with direct input from the Chairman and CEO. The Corporate Governance and Nominating Committee is responsible for evaluating and recommending criteria for Board membership. The invitation to join the Board should be extended by the Chairman and CEO and the Chair of the Corporate Governance and Nominating Committee.
25. ASSESSING THE BOARD'S PERFORMANCE: The Board commits to participate in a process of self- evaluation annually, led by the Corporate Governance and Nominating Committee. This will be discussed annually with the full Board. This assessment should be of the Board's contribution as a whole and should specifically review areas in which the Corporate Governance and Nominating Committee or the Chairman and CEO believes a better contribution could be made. Its purpose is to increase the effectiveness of the Board. The purpose of the evaluation will be to discover if there are changes to the Board's structure and operations, which will maximize the value that the Board adds to the Company.
26. DIRECTORS WHO CHANGE THEIR PRESENT JOB RESPONSIBILITY: It is the sense of the Board that individual Directors who change in a substantial way the business responsibility they held when they were elected to the Board, or who develop a conflict as a Director of the Company with the person's position in, or role with, another entity should inform the Chairman and CEO and the Chair of the Corporate Governance and Nominating Committee of the change. In addition, they must volunteer to resign from the Board. It is not the sense of the Board that the Directors who retire from or change substantially the position they held when they became a Director should necessarily leave the Board. There should, however, be an opportunity of the Board via the Corporate Governance and Nominating Committee to review the continued appropriateness of Board membership under these circumstances.
27. RETIREMENT AGE: Directors will submit a written resignation to the Board upon reaching the age of 72. The Corporate Governance and Nominating Committee will review the desirability of

A-4

continued service by that Director in light of the needs of the Company at that time and make a recommendation to the Board. If continued service is requested, that Director will then annually submit a written resignation to be considered by the Board.

28. FORMAL EVALUATION OF THE CEO: At the beginning of each fiscal year, the CEO will set forth in writing to the Chair of the Compensation Committee the CEO's personal goals for the performance of his duties and responsibilities during such fiscal year. The independent Directors should make this evaluation annually, and it should be communicated to the CEO by the Chair of the Compensation Committee. The evaluation should be based on objective criteria, including comparison of the CEO's goals for the year against actual results, performance of the business, accomplishment of

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

long-term strategic objectives, management development, and the like. The evaluation will be used by the Compensation Committee in the course of its deliberations when considering the compensation of the CEO.

29. SUCCESSION PLANNING: There will be an annual report by the CEO to the Board on succession planning. There should also be available, on a continuing basis, the CEO's recommendations as to a successor should the CEO be unexpectedly disabled.
30. MANAGEMENT DEVELOPMENT: There will be an annual report to the Board by the Chairman and CEO on Handleman's program for management development. This report should be given to the Board at the same time as the succession planning report.
31. BOARD INTERACTION WITH INSTITUTIONAL INVESTORS, THE PRESS, CUSTOMERS, ETC.: The Board believes that, in general, it is optimal for the appropriate Officers to speak for the Company and to communicate such feedback to the Board. The Presiding Director and individual outside Board members may, from time to time, meet or otherwise communicate with various constituencies that are involved with the Company, including investors. It is expected that Board members would do this with the knowledge of the Chairman and CEO and absent unusual circumstances, only at the request of the Chairman and CEO.
32. ADHERENCE TO CODE OF BUSINESS CONDUCT AND ETHICS: Each Director shall be familiar with and adhere to the Company's Code of Business Conduct and Ethics. The Directors shall annually acknowledge in writing that the Director has complied with the Code of Business Conduct and Ethics as it applies to the Director. Additionally, a Financial Integrity and Controls Hotline will be maintained for employees to report questionable accounting policies or practices on an anonymous basis. Management will report all such reports directly to the Audit Committee.
33. BOARD ORIENTATION: Each new Director will participate in an orientation program to be acquainted with the business, the financial position, compliance policies, and other policies relevant to Directors. In addition a "Director Information Book" is distributed to each Director, which contains information on director compensation, indemnification, meeting schedules, Company SEC filings and corporate by-laws.
34. CONTINUING EDUCATION FOR DIRECTORS: One of Handleman Company's core values is continuing learning and improvement. The Company encourages and supports this value throughout all levels of the organization. Board members also believe continuous learning is important to ensure the ongoing effectiveness of the Board. The Board encourages each Director to participate in at least one continuing education program during each Board term. Annually, management will provide the Board a list of certified continuing education programs available during the calendar year.
35. TRANSPARENCY: The Board believes that it is important that the Company's stakeholders and others are able to review its corporate governance practices. Accordingly, the Company's Corporate Governance Guidelines, Code of Business Conduct and Ethics and Committee Charters will be published on the Company's website.

APPENDIX B

HANDLEMAN COMPANY
CODE OF BUSINESS CONDUCT AND ETHICS

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

INTRODUCTION

The foundation of the Handleman Company ("Handleman" or "Company") Code of Business Conduct and Ethics ("Code") is based upon conducting business as a good corporate citizen in strict compliance with the laws of the jurisdictions in which it does business, and promoting an environment which allows its employees, officers and Directors to practice and maintain high ethical standards. The Company proactively promotes ethical behavior among its various stakeholders. Ethical behavior requires one to go beyond minimum standards for legally acceptable behavior and act responsibly, with due regard for the well being of shareholders, customers and suppliers, as well as fellow employees and management.

Each employee, officer and Director at Handleman is responsible for his or her own behavior. While performing their job duties, employees are responsible for ensuring that they conduct themselves in a manner that reflects positively on the Company. All employees, officers and Directors should refrain from any action that reasonably might prejudice or embarrass them or the Company, or that might give or reasonably appear to give any organization an unfair competitive advantage over others similarly situated. If a situation arises which causes uncertainty as to proper conduct, and such situation is not covered by the Code of Business Conduct and Ethics, the employee should seek counsel from their supervisor, or, if necessary, executive officers or Directors of the Company.

This Code is supplemented in part by other corporate statements, but such other statements shall not be construed to replace or modify any of the policies in this Code. This Code applies to Handleman Company and each of its subsidiary companies.

HANDLEMAN CORE VALUES

Throughout its history, Handleman's growth, profitability and prosperity are linked to our employees' ability to make decisions that are consistent with the Company's business values and core ethical principles. By embedding these business values and principles in the Company's policies and practices, Handleman Company has established an ethical business culture that is accepted by its employees, officers and Directors, and woven into the fabric of the ways in which we work. Handleman is an exceptional company, committed to:

- HONESTY AND INTEGRITY - Honesty and integrity are defined as being free from deception, and being conscientious and adhering to a code of values. In other words, doing the right thing even when it's not in one's own self-interest.

An honest person understands that if he or she finds a wallet, it is the right thing to return it. A person with integrity will point out an error on a bill even when undercharged. As a member of the business community and representative of Handleman Company, honesty and integrity must be fundamental in all of our actions.

- ACCOUNTABILITY - In our industry we are accountable to our customers, vendors and each other. To be accountable, one must accept responsibility and be held accountable for the results. When results are not achieved, the person responsible will be held accountable, and when results are achieved that person shares in the rewards.

We are accountable to each other, and the Company is only as strong as the weakest link. In whatever area we work, the field, ADC or in the corporate office, we cannot operate in a vacuum. Instead we must interact and communicate to ensure that individual and mutual

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

accountabilities are met and exceeded.

B-1

- CONTINUOUS LEARNING AND IMPROVEMENT - STAYING ONE STEP AHEAD OF THE INDUSTRY - Handleman's position as the leader in our industry demands that we must lead and not follow. We are obligated to create an environment of continuous learning and improvement. No matter what level of experience or knowledge we have, there is always room for improvement. The world is changing at a rapid pace; we must adapt to this change.

At the same time, continuous learning and improvement involves risks. It's easy to have a 100% success rate when you aren't taking risks; however, the true industry leader accepts failure and adapts while always moving forward. Staying one step ahead is paramount to our continued success.

- FOCUSED ON OUR STAKEHOLDERS - CUSTOMERS, EMPLOYEES, VENDORS AND SHAREHOLDERS - Company shareholders win when the Company's customers, vendors and fellow employees win. This necessitates an environment of shared learning, risks and rewards. This must be our mutual goal. Everything we do and every decision we make must relate in a way that benefits our customers, vendors, fellow employees, and shareholders.

Our organization structure is designed to accomplish this goal and in doing so we are challenged to share best practices, communicate openly and honestly and have mutual respect throughout all parts of the Company.

These core values support and guide our leadership in establishing the strategic direction of the Company. The Company's employees, officers, Directors, representatives and vendors are expected to conduct their business in accordance with these ethical principles. We must work according to our ethical principles and endeavor to conduct ourselves in a manner beyond reproach. Handleman's reputation is based on the personal integrity of each of its employees, officers, Directors and those with whom we do business. Sound judgment must be exercised in the service of our reputation as a global business leader, employer of choice and good corporate citizen.

USE AND PROTECTION OF COMPANY ASSETS

All employees, officers and Directors should protect the Company's assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on the Company's profitability. All Company assets should be used for legitimate business purposes. Use of corporate funds or other assets for any unlawful purpose is prohibited, local customs and traditions notwithstanding.

The improper removal of Company property from Company premises is forbidden. This includes unauthorized disclosure or transmittal of Company information to outside parties.

All work product generated by an employee, officer or Director during any period of time for which he/she is compensated by the Company is the sole property of the Company. The Company's Code does not intend that the Company would own the product of any work performed by an employee, officer or Director outside of Handleman work time, created without the use of Handleman facilities or equipment, and which is not in any way related to Handleman Company or its business.

During working hours and during any period of time that an employee is utilizing

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

Company facilities or equipment, substantially all of the employee's time shall be devoted to his/her employment duties. Additionally, employees are responsible for the use of and control over all assets and resources employed or entrusted to them.

B-2

The Company's computer and network hardware, software, stored data and communication systems are key components of its business. Examples of communication systems are telephone, voicemail, e-mail, Internet/Intranet, fax machines and pagers. Access to the Internet is limited to business purposes only and should be made only from authorized connection points. Handleman reserves the right to review and disclose the contents of any electronic communication to others either inside or outside the Company. Employees, officers and Directors should not use any Handleman communications systems to transmit information or messages they wish to keep private. Each employee, officer and director is responsible for protecting these resources from damage, destruction, viruses, alteration, theft, fraudulent manipulation, and unauthorized access, disclosure, or use. All employees are required to review and comply with the Company Information System Security Policies Manual and sign the Data Security Compliance Agreement form as requested.

ACCURATE AND COMPLETE RECORDS

Employees, officers and Directors are expected to observe and comply with generally accepted accounting principles, the system of internal accounting controls established by the Company and provisions of the Foreign Corrupt Practices Act and Sarbanes-Oxley Act requiring that corporate books and records accurately and fairly reflect, in reasonable detail, the transactions and dispositions of the assets of the Company. Employees, officers and Directors should also provide constituents with information that is full, fair, accurate, complete, objective, relevant, timely and understandable. In furtherance of these requirements:

- a. No false, misleading or artificial entries shall be made on corporate books, records and reports for any reason.
- b. No undisclosed or unrecorded corporate funds or assets shall be established for any purpose nor should any off-balance sheet transactions or financing occur without the knowledge and approval of the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") of the Company.
- c. No payments from corporate funds or other assets shall be approved or be made with the intention or understanding that any part of such payment is to be used for any purpose other than that described by the documents supporting the payment. All payments must be supported with appropriately approved purchase orders, invoices or receipts, expense reports or other customary documents, all in accordance with established policy.
- d. Officers, Directors and persons under their direction are prohibited from improperly influencing the external auditors of the Company.

If you feel that a gift is appropriate, please confer with your Senior Management Executive prior to giving any gifts.

Payments in the nature of a bribe or kickback from corporate funds or other assets are prohibited. Amounts received either directly or through a third party with an understanding that rebates or refunds will be made are prohibited. Rebates and refunds resulting from activities performed by or for the Company must be remitted to the Company.

B-3

No employee or Company sponsored or affiliated group may solicit or accept any gift, favor, support or sponsorship from an organization that does business, or seeks to do business, with the Company without the express written approval of the CEO. This includes Company athletic events or other Company recreational activity, such as a Christmas party or other Company sponsored gathering, consisting principally of Company employees.

POLITICAL CONTRIBUTION AND ACTIVITIES

The making of unlawful contributions from corporate funds or other assets to a political party, political committee or other political organization, or to a candidate for political office, is prohibited. Political contributions, if lawful, require Board of Directors' approval. Please contact Executive Assistant to the CEO, for a copy of the Company's Charitable Contribution Program for eligible contributions as well as the Matching Gifts Policy.

COMPLIANCE WITH THE LAWS, RULES AND REGULATIONS

Participation, in any capacity, by the Company or any employee, officer or Director on behalf of the Company in any action or scheme for any unlawful purpose is prohibited.

The Company and its employees, officers and Directors are expected to adhere strictly to the requirements of various laws, rules and regulations affecting the Company's business. In addition to other laws mentioned in this Code, these laws include the Internal Revenue Code and various applicable federal, state, provincial and local laws, appropriate private and public regulatory agencies, the Securities Act and the Securities Exchange Act (including prohibitions on various insider trading activities in the Company's stock and prohibitions on disclosure of material or confidential inside information), and various antitrust laws, such as the Sherman Act, the Clayton Act, the Robinson-Patman Act and the Federal Trade Commission Act (including prohibitions on price fixing, improper price inducements or allowances on the sale or purchase of merchandise, discriminatory allowances for various services or false and misleading advertising). It is not expected that every employee, officer and Director will have full knowledge of the laws affecting his or her responsibilities, but will have a general knowledge of prohibited activities related to his or her work and will seek guidance, either directly from an

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

executive officer of the Company or from Company counsel, on any matter on which there is a question.

INSIDER TRADING

The Company's CFO or Corporate Secretary will notify individuals who are considered "restricted employees" with respect to trading in Company stock. No stock of Handleman Company should be purchased or sold by a Director or restricted employee without first clearing the proposed purchase or sale with the Company's CFO or Corporate Secretary (who will review the proposed transaction with our law firm Honigman Miller Schwartz and Cohn). In addition, the Company's policy is that any trading in the Company's stock should be made by a Director, officer or restricted employee only during the period beginning three calendar days after the date of the earnings release or release of other material information and through the end of such current fiscal quarter (the "open window period") The open window period may be extended for up to two weeks after the close of a fiscal quarter when, upon consultation with the CFO and Honigman Miller Schwartz and Cohn, it is determined that there is no undisclosed material non-public information about the Company that could be expected to affect the investment decision of an investor. If, however, during the closed window period a release of preliminary financial results occurs, the Company's CFO or Corporate Secretary will make a determination, after consulting with the CEO and corporate counsel, if such release constitutes an earnings release sufficient to end the restricted period. If such a determination is made, the restricted period will end three calendar days after the date of release of preliminary financial results.

The Company's CFO or Corporate Secretary will be responsible for advising Directors, officers and restricted employees of this change. If a personal hardship or other extenuating circumstances cause a need to sell Company stock during the restricted period, the Company's CFO or Corporate Secretary can approve sales of 500 shares or less.

B-4

In any event, however, no trading can take place at any time if there is material information regarding the Company that has not been publicly disclosed (in which event the "restricted period" shall be deemed to be in effect until the open period, beginning three calendar days after such information is publicly disclosed or is no longer material). Accordingly, since a restricted employee might not be aware of possible material developments concerning the Company, the restricted employee must always consult with the Company's CFO or Corporate Secretary before any trading occurs.

The exercise of a stock option pursuant to an existing stock option agreement may occur at any time; however, the sale of any shares of the Company's stock received as a result of the exercise of the option should be handled in the manner described in the previous paragraphs. This general rule may be further restricted, in the case of beneficial owners, Directors and Executive Officers, by the policy promulgated herein which requires adherence to various laws affecting the Company's business, including the Securities Act and the Securities Exchange Act. Such further restriction would relate to the prohibition against such individual realizing a profit by purchasing and selling, or selling and purchasing, any equity security of the Company within any period of less than six months.

Guidance for a restricted employee's participation in the Company's 401 (k) Plan ("401 (k)") follows:

- Upon first joining the Plan, an employee may begin contributing into the Company stock fund at any time.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

- The Company match can occur at any time.
- An employee may reduce or stop deferring salary into the Company stock fund at any time.
- Once in the Plan, an employee may make a new deferral or increase a current deferral into the Company stock fund only during an open window period.
- Employee may make intra-Plan transfers into or out of the Company stock fund only during an open window period.

401 (k) transactions of Executive Officers are further regulated by the SEC. Requirements include the prohibition against realizing a profit by purchasing and selling, or selling and purchasing Company stock in the Plan within any period of less than six months.

Employees that are not considered "restricted employees" may purchase or sell Handleman Company stock at any time. If a non-restricted employee, however, becomes aware of financial results or other material information that has not been publicly disclosed, the individual will be subject to the same restricted trading periods as a restricted employee.

CONFLICT OF INTEREST

A "conflict of interest" occurs when an individual's private interest interferes in any way or even appears to interfere with the interests of the Company as a whole.

Employees, officers and Directors are expected to act with honesty and integrity, avoiding actual or apparent conflicts of interest in personal and professional relationships. Proper ethical handling of actual or apparent conflicts of interest between personal and professional relationships must be maintained.

It is important for all personnel to avoid conflicts of interest that could impair their independence of judgment concerning Company business. It is the desire of the Company to avoid not only actual and potential conflicts, but also the appearance of conflicts of interest involving any employee, officer or Director of the Company or its subsidiaries. The problem is not a simple one. No statement of policy, no matter how comprehensive and detailed, can possibly cover all situations and answer definitively the difficult questions of judgment involved. The Company must rely on the character, integrity and common sense of its personnel to avoid situations in which such conflicts might appear to exist. Employees, officers and Directors must act in good faith, responsibly, with due care, competence and diligence, without misrepresenting material facts or allowing their independent judgment to be subordinated.

B-5

When there is any question that a conflict of interest might be involved in an existing situation, or in some proposed action, an employee, officer or Director should not attempt to judge his/her own case, but should resolve any doubt in favor of full disclosure of the facts to the Company.

A Director, officer or employee of the Company could be considered to have violated his/her obligation to the Company in any situation where such Director, officer or employee violates, or fails to disclose to the Company the activities of any other Director, officer or employee of the Company which violate, the guidelines outlined below.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

- a. No employee, officer or Director shall engage in any activity that is or could foreseeable become competitive with any business activities and operations conducted from time to time by the Company.
- b. No employee, officer or Director shall engage in any part-time business consulting arrangements or other business activities that would affect his/her ability to perform his duties efficiently for the Company. This would not apply to normal civic or charitable duties.
- c. No employee, officer or Director or any of his/her immediate relatives shall sell or lease to, or buy or lease from, the Company any kind of property, facility, equipment or service directly or indirectly without the approval of the Chief Executive Officer (this section excludes the purchase of compact discs, tapes, books or other merchandise sold by the Company as permitted under normal Company operating guidelines).
- d. No employee, officer or Director or any of his/her immediate relatives shall have any interest, direct or indirect, in any vendor, supplier, customer, contractor or subcontractor doing business with the Company, except for the ownership of securities of a publicly traded company.
- e. No executive officer or Director shall obtain a personal loan from the Company.

DUTY OF LOYALTY TO COMPANY

Employees, officers and Directors should not place themselves in a situation where they, rather than the Company profit from a business transaction in which the circumstances indicate that the business opportunity and the related profit rightfully should have been made available to the Company. In general, business opportunities which might reasonably be expected to be of interest to the Company should be brought to the CEO's attention for a determination as to whether the Company wishes to pursue it.

CONFIDENTIALITY

Employees, officers and Directors should maintain the confidentiality of information entrusted to them by the Company or its customers, except when disclosure is authorized or legally mandated. Confidential information includes all non-public information that might be of use to competitors, or harmful to the Company or its customers, if disclosed. Confidential information acquired in the course of an employee's, officer's, or Director's work must not be used for their personal advantage.

It is imperative that all information relating to the Company not be disclosed to any unauthorized persons. Even within your own unit or branch, information should only be revealed to those specific employees that have a need to know that information.

No employee, officer or Director shall disclose or use trade secrets, price lists, supplier lists or inside information or other confidential information which is obtained in the course of employment for such employee's, officer's or Director's or anyone else's, personal financial gain, or disclose such information to any outside person or party at any time, including after separation of employment from the Company.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

FAIR DEALING

Each employee, officer and Director should endeavor to deal fairly with Handleman's customers, suppliers, competitors, shareholders and employees. No employee, officer or Director shall take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts or any other intentional unfair dealing practice.

It is the policy of Handleman Company to recruit and hire, compensate, train, promote, discipline, demote and discharge employees in full compliance with state and federal laws relating to equal-employment opportunity.

Handleman views diversity as a business imperative that impacts sales, marketing, customer service, teamwork, recruitment, productivity, globalization and competitive advantage. The Company's aggressive growth goals, require that the workforce demographics and management of workforce diversity be an integral part of the organizational strategy.

Further, the Company has always taken pride in striving to provide a positive and harassment-free work environment, which offers each employee and officer the opportunity to perform to full potential. The Company prohibits harassment relating to an individual's race, color, creed, religion, age, national origin, citizenship status, gender, sexual orientation, weight, height, disability, marital status, veteran status or any other protected classification. Handleman's commitment to a harassment-free work environment applies to every aspect of the relationship with the Company and includes employees, contractors, customers and members of the public.

REPORTING OF ILLEGAL OR UNETHICAL BEHAVIOR

All employees, officers and Directors have a duty to adhere to the Code.

The Company will not discharge, demote, suspend, threaten, harass or in any manner discriminate against any employee in terms and conditions of employment based upon any lawful actions of such employee with respect to good faith reporting of violations of laws, rules, regulations, or the Code. All employees can be assured that the reporting of any known violations of others will not have an effect on their careers with Handleman Company.

The Company does not expect its employees and officers to monitor each others business policy and conduct, but expects employees and officers to maintain high ethical standards and personal integrity which may require reporting violations of this code. Any employees having information or knowledge of violation of this Code shall promptly report such matter to (i) your supervisor or other member of management, (ii) P.O. Box 206, Troy, MI 48099-0203, or (iii) the ethics e-mail at ethics@handleman.com.

Effective May 1, 2004, employees may anonymously submit concerns regarding questionable accounting or auditing matters by calling "The Network", an independent organization, which provides an anonymous reporting service for Handleman Company's Financial Integrity and Controls Hotline.

COMPLIANCE STANDARDS AND PROCEDURES

All employees, officers and Directors shall be responsible for compliance with this policy, including distribution to, and compliance by, the employees of their respective departments.

The Code of Business Conduct and Ethics is included on Handleman's Internet website at www.handleman.com, and Intranet website.

Edgar Filing: HANDLEMAN CO /MI/ - Form DEF 14A

The CFO will update and distribute the Code to all employees, officers, and Directors, at least annually. Key employees, officers and Directors shall periodically certify compliance with this policy, and shall also require other employees to do so. The Company will discipline employees and officers who do not submit accurate acknowledgement letters in a timely manner.

B-7

Any violations of the Code must be reported as outlined above (Reporting of Illegal and Unethical Behavior).

Each of the members of the Committee will be (i) an "independent director" as defined under the rules of the New York Stock Exchange, as may be amended from time to time (ii) a "Non-Employee Director" as defined in Rule 16b-3 promulgated under Section 16 of the Securities and Exchange Act of 1934, as amended, and (iii) an "outside director" under Regulation Section 1.162-27 promulgated under Section 162(m) of

The Committee membership, including the Chair, will be determined by the entire Board of Directors.
