QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS, ANNUAL MEETING AND VOTING

When and where will the Annual Meeting be held?

The Annual Meeting of Shareholders of Synalloy Corporation (the "Company") will be held as a virtual meeting and webcast live over the Internet. Please go to www.virtualshareholdermeeting.com/SYNL2019 for instructions on how to attend and participate in the Annual Meeting. Any shareholder may attend and listen live to the webcast of the Annual Meeting. Shareholders as of the record date may vote and submit questions while attending the Annual Meeting via the Internet by following the instructions listed on your proxy card. The webcast starts at 10:00 a.m. ET on Thursday, May 16, 2019. We encourage you to access the meeting prior to the start time.

Who is soliciting my proxy?

Our Board is soliciting your proxy to vote on all matters scheduled to come before the 2019 Annual Meeting of Shareholders, whether or not you attend the virtual meeting. By completing and returning the proxy card or voting instruction card, or by transmitting your voting instructions via the Internet, you are authorizing the proxy holders to vote your shares at our Annual Meeting as you have instructed.

On what matters will I be voting? How does the Board recommend that I cast my vote?

At the Annual Meeting, you will be asked to: elect the eight director nominees listed in this Proxy Statement; approve, on a non-binding advisory basis, the compensation of our named executive officers; and ratify the appointment of our independent registered public accounting firm.

Our Board unanimously recommends that you vote:

FOR all eight of the director nominees listed in this Proxy Statement;

FOR the approval, on a non-binding advisory basis, of the compensation of our named executive officers (say-on-pay); and

FOR the ratification of the appointment of KPMG, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

How many votes may I cast?

You may cast one vote for every share of our Common Stock that you owned on March 20, 2019, the record date, except you have the right to cumulate your votes in regards to the election of directors. For more information, see "What is cumulative voting?" below.

What is cumulative voting?

You have the right to cumulate your votes either (i) by giving to one candidate as many votes as equal the number of shares owned by you multiplied by the number of directors to be elected, or (ii) by distributing your votes on the same principle among any number of candidates.

How many shares are eligible to be voted?

On March 20, 2019 the record date, the Company had 8,930,340 shares of Common Stock outstanding and eligible to be voted at the Annual Meeting (excluding 1,369,660 shares held in treasury).

How many shares must be present to hold the Annual Meeting?

Under Delaware law and our Bylaws, the presence in person or by proxy of a majority of the issued and outstanding shares of our Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. The inspector of election will determine whether a quorum is present. If you are a beneficial owner (as defined below) of shares of our Common Stock and you do not instruct your bank, broker, or other holder of record how to vote your shares (so-called "broker non-votes") on any of the proposals, your shares may still be counted as present at the Annual Meeting for purposes of determining whether a quorum exists since your bank, broker or other holder of record has discretionary authority to vote on Proposal 3. In addition, shares held by shareholders of record who are present at the Annual Meeting in person or by proxy will be counted as present at the Annual Meeting for purposes of determining whether a quorum exists, whether or not such holder abstains from voting his shares on any of the proposals.

If a quorum is present at the Annual Meeting, with respect to Proposal 1 - "Election of Directors" directors will be elected by a plurality of the votes cast by shares present in person or by proxy and entitled to vote at the meeting. "Plurality" means that, if there were more nominees than positions to be filled, the individuals who received the largest number of votes cast for directors would be elected, whether or not they received a majority of votes cast. Votes that are withheld or shares that are not voted in the election of directors will have no effect on the outcome of the election of directors.

Approval for Proposal 2 - "Non-Binding Advisory Vote on the Compensation of Our Named Executive Officers", Proposal 3 - "Ratification of the Appointment of Our Independent Registered Public Accounting Firm", and all other matters which may be considered and acted upon by the holders of Common Stock at the Annual Meeting will be approved if a majority of the shares present and eligible to vote at the meeting are voted in favor of the proposals. If a quorum is not present or represented at the meeting, the shareholders entitled to vote who are present in person or represented by proxy have the power to adjourn the meeting. If the meeting is to be reconvened within 30 days, no notice of the reconvened meeting will be given other than an announcement at the adjourned meeting. If the meeting is to be adjourned for 30 days or more, notice of the reconvened meeting will be given as provided in the Bylaws. At any reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally noticed.

Who pays for soliciting proxies?

We pay all expenses incurred in connection with the solicitation of proxies for the Annual Meeting. In addition to solicitations by mail, our directors, officers, and employees, without additional remuneration, may solicit proxies personally or by telephone, other electronic means or mail and we reserve the right to retain outside agencies for the purpose of soliciting proxies. Banks, brokers or other holders of record will be requested to forward proxy soliciting material to the beneficial owners, and, as required by law, we will reimburse them for their out-of-pocket expenses in this regard.

How do I vote?

Shareholders of Record

Shareholders of record can vote in person at the Annual Meeting or by proxy. Shareholders of record may also vote their proxy by mail or by Internet following the instructions on the proxy card.

Beneficial Shareholders

If your shares are held in the name of a bank, broker or other nominee, you will receive instructions from the nominee that you must follow in order for your shares to be voted. Your broker is not permitted to vote your shares on the election of directors or the non-binding advisory vote on the compensation of our named executive officers, but does have discretionary authority to vote your shares on ratification of the appointment of KPMG, LLP. Therefore, if your shares are held in the name of a broker, to be sure your shares are voted, please instruct your broker as to how you wish it to vote. If your shares are not registered in your own name and you wish to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a proxy card from your broker and bring it to the Annual Meeting in order to vote. You may vote your shares by Internet, by mail or by telephone as further described below.

Participants in the Synalloy Corporation 401(k)/ESOP Plan

If you are a participant in the Synalloy Corporation 401(k) Plan/Employee Stock Ownership Plan (the "401(k)/ESOP Plan") and you own shares of our Common Stock through the 401(k)/ESOP Plan, the proxy card sent to you will also serve as your voting instruction card to the 401(k)/ESOP Plan trustee, who actually votes the shares of our Common Stock that you own through the 401(k)/ESOP Plan. If you do not provide voting instructions for these shares to the trustee by 5:00 p.m EST, April 27, 2019 (the "plan cut-off date"), as directed by the terms of the 401(k)/ESOP Plan, the Company, in its capacity as the 401(k)/ESOP Plan

administrator, will instruct the trustee to vote those 401(k)/ESOP Plan shares "FOR" all the director nominees named in this Proxy Statement and "FOR" all other proposals.

Voting Methods

You can vote your proxy by any of the methods below:

VOTE BY INTERNET - www.proxyvote.com

Use the Internet to transmit your voting instructions and for electronic delivery of information until 11:59 p.m. EST the day before the meeting date or the plan cut-off date for 401(k)/ESOP Plan participants. Have your proxy card in hand when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form.

ELECTRONIC DELIVERY OF FUTURE PROXY MATERIALS

If you would like to reduce the costs incurred by our Company in mailing proxy materials, you can consent to receiving all future proxy statements, proxy cards and annual reports electronically via e-mail or the Internet. To sign up for electronic delivery, please follow the instructions above to vote using the Internet and, when prompted, indicate that you agree to receive or access proxy materials electronically in future years.

VOTE BY PHONE - 1-800-690-6903

Use any touch-tone telephone to transmit your voting instructions until 11:59 p.m. EST the day before the meeting date or the plan cut-off date for 401(k)/ESOP Plan participants. Have your proxy card in hand when you call and then follow the instructions.

VOTE BY MAIL

Mark, sign and date your proxy card and return it in the postage-paid envelope we have provided or return it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.

Only the latest dated proxy received from you, whether submitted by Internet, mail or telephone, will be voted at the Annual Meeting. If you vote by Internet or telephone, please do not mail your proxy card. You may also vote in person at the Annual Meeting.

What happens if I do not vote for a proposal? What is a broker non-vote?

If you properly execute and return a proxy or voting instruction card, your shares will be voted as you specify. If you are a shareholder of record and you return an executed proxy card but make no specifications on your proxy card, your shares will be voted in accordance with the recommendations of our Board, as provided above. If any other matters properly come before the Annual Meeting, the persons named as proxies by the Board of Directors will vote upon such matters according to their judgment.

If you hold your shares through a bank, broker or other nominee, and you return a broker voting instruction card but do not indicate how you want your broker to vote, your broker has discretionary authority to vote on Proposal 3, but a broker non-vote will occur as to Proposals 1 and 2. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee has not received instructions from the beneficial owner and either (i) does not have discretionary voting power for that particular proposal, or (ii) chooses not to vote the shares. Brokers do not have discretionary voting power to vote on Proposals 1 and 2.

Can I revoke or change my vote after I deliver my proxy?

Yes. You can revoke your proxy at any time before it is voted by providing notice in writing to our Corporate Secretary at 4510 Cox Road, Suite 201, Richmond, VA 23060; by delivering a valid proxy bearing a later date to the Company's office at 4510 Cox Road, Suite 201, Richmond, VA 23060, prior to the meeting; or by attending the virtual meeting and voting in person. Attendance at the Annual Meeting will not in itself constitute revocation of a proxy. Shareholders who hold their shares in street name with a broker or other nominee may change or revoke their proxy instructions by submitting new voting instructions to the broker or other nominee.

I share an address with another shareholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

Some banks, brokers and other holders of record are "householding" our proxy statements and annual reports for their customers. This means that only one copy of our proxy materials may have been sent to multiple shareholders in your household. If you prefer to receive separate copies of a proxy statement or annual report, either now or in the future, please call us at 804-822-3260, or send your request in writing to the following address: Corporate Secretary of Synalloy Corporation, 4510 Cox Road, Suite 201, Richmond, VA 23060. If you are still receiving multiple reports and proxy statements for shareholders who share an address and would prefer to receive a single copy of the annual report and proxy statement in the future, please contact us at the above address or telephone number. If you are a beneficial holder, you should contact your bank, broker or other holder of record.

In 1986, he founded the law firm of Wright, Robinson, Osthimer & Tatum in Richmond, VA. He served as Chief Executive Officer of the law firm from 1986 to 2006.

2001

The Corporate Governance Committee believes the combined business and professional experience of the Company's directors, and their various areas of expertise make them a useful resource to management and qualify them for service on the Board. Messrs. Wright and Bram have served on the Board for a significant period of time. During their tenures, these directors have gained considerable institutional knowledge about the Company and its operations, which has made them effective board members. Because the Company's operations are complex, continuity of service and development of institutional knowledge help make the Board more efficient and more effective at developing long-range plans than it would be if there were frequent turnover in Board membership. When a Board member decides not to run for re-election, the Corporate Governance Committee seeks replacement directors who it believes will make significant contributions to the Board for a variety of reasons, including among others, business and financial experience and expertise, business and government contacts, relationship skills, knowledge of the Company and diversity.

The Corporate Governance Committee believes the current Board members and nominee are highly qualified to serve and each member has unique qualifications and business expertise that benefit the Company. Mr. Wright's career as a trial lawyer, founder and CEO of a law firm and his business and financial experience as managing director of a closely-held investment banking firm are considered to be valuable attributes to the Board. Mr. Bram has over 30

years of experience in business management, financial operations, logistics, management consulting, business start-ups and strategic planning for a variety of companies. Mr. Bram was employed by the Reynolds Metals Company, a global aluminum manufacturer, in its corporate Logistics and Sales and Marketing departments. He is an investor in multiple private businesses and real estate ventures and also serves on the boards of several private companies. Mr. Terry brings a wealth of experience in the banking industry where he spent more than 35 years including 17 years as President of a bank where he managed and directed an 85-branch statewide network growing the asset structure from approximately \$300 million in 1991 to over \$6 billion in 2008. In his current role at Hollingsworth Funds, Mr. Terry manages and administers a non-profit fund exceeding \$100 million and is responsible for investment asset management, expense and accounting

functionality for all subsidiary operations with assets exceeding \$400 million. We believe Mr. Terry's banking experience is valuable in helping the Company evaluate financing options as well as acquisitions. Mr. Guy's primary career focus has been in the area of private investments. His expertise and experience in this area are valuable tools as the Company focuses on growing through acquisitions. Mr. Callander spent his career in the audit and assurance practice with significant experience in auditing, mergers and acquisitions, initial public offerings and other financings, reorganizations, business process improvement and business strategy development. From 1998 to 2003, while with Ernst & Young, Mr. Callander served as the audit partner on the Company's independent audits, giving him in-depth experience and knowledge about the Company. Mr. Callander, a CPA, also meets the criteria of a financial expert. Mr. Kaczka, a director nominee, has more than 25 years of experience in financial management of both public and large private companies. Related Party Transactions

The Company requires that each executive officer, director and director nominee complete an annual questionnaire and report all transactions with the Company in which such persons (or their immediate family members) had or will have a direct or indirect material interest (except for salaries, directors' fees and dividends on our stock). Management reviews responses to the questionnaires and, if any such transactions are disclosed, they are reviewed by the Board of Directors. The Company does not, however, have a formal written policy setting out these procedures. There were no such transactions during the fiscal year ended December 31, 2018.

CORPORATE GOVERNANCE

Board Leadership Structure and Board's Role in Risk Oversight

The Board of Directors' roles and responsibilities are set forth in the Bylaws and Board Charter which provide for a Chairman elected by the Board from among its members. The business and affairs of the Company are managed under the direction of the Board of Directors, and that management control is subject to the authority of the Board of Directors to appoint and remove any of our officers at any time. Our Board does not have a specific policy as to whether the role of Chairman and CEO should be held by separate persons, but rather makes an assessment of the appropriate form of leadership structure on a case-by-case basis. The Board believes that this issue can be a part of the succession planning process and recognizes that there are various circumstances that weigh in favor of or against both combination and separation of these offices. Since 2002, the roles of Chairman and CEO have been held by separate persons. The Board believes it is appropriate, and in our Company's best interests, for the two roles to be separated at this time.

Our Board is actively involved in the oversight of risks that could affect our Company. The Board receives regular reports from members of senior management on areas of material risk to us, including strategic, operational, financial, legal and regulatory risks. These reports are reviewed by the full Board, or, where responsibility for a particular area of risk oversight is delegated to a committee of the Board, that committee reviews the report and then reports to the full Board. In addition, the Audit Committee's charter requires the committee to inquire of management and the registered public accountants about significant risks or exposures and assess the steps management has taken to manage such risks, and further requires the committee to discuss with the registered public accountants the Company's

policies and procedures to assess, monitor, and manage business risk, and legal and ethical compliance programs.

Director Qualifications and Nomination Process

The Corporate Governance Committee has adopted Corporate Governance Guidelines that set forth factors in recommending and evaluating candidates, including personal characteristics, core competencies, commitment and independence. It also takes into consideration such factors as it deems appropriate based on the Company's current needs. These factors may include diversity, age, skills such as understanding of appropriate technologies and general finance, decision-making ability, inter-personal skills, experience with businesses and other organizations of comparable size, and the interrelationship between the candidate's experience and business background, and other Board members' experience and business background. Although the Corporate Governance Committee does not have a specific policy with regard to the consideration of diversity in identifying director nominees, the committee considers racial and gender diversity, as well as diversity in business and educational experience, as part of the total mix of information it takes into account in identifying nominees. Additionally, candidates for director should possess the highest personal and professional ethics, and they should be committed to the long-term interests of the shareholders of the Company.

The Corporate Governance Committee does not have any specific process for identifying director candidates. Such candidates are routinely identified through personal and business relationships and contacts of the directors and executive officers.

The Corporate Governance Committee will consider as potential nominees persons recommended by shareholders if the following requirements are met. If a shareholder wishes to recommend a director candidate to the Corporate Governance Committee for consideration as a Board of Directors' nominee, the shareholder must submit in writing to the Corporate Governance Committee the recommended candidate's name, a brief resume setting forth the recommended candidate's business and educational background and qualifications for service, the number of the Company's shares beneficially owned by the person, and a notarized consent signed by the recommended candidate stating the recommended candidate's willingness to be nominated and to serve. Additionally, the recommending shareholder must provide his or her name and address and the number of the Company's shares beneficially owned by such person. This information must be delivered to the Corporate Secretary of the Company at the Company's corporate headquarters at 4510 Cox Road, Suite 201, Richmond, VA 23060 for transmission to the Corporate Governance Committee, and must be received not less than 90 days nor more than 120 days prior to an annual meeting of shareholders. The committee may request further information if it determines a potential candidate may be an appropriate nominee. Director candidates recommended by shareholders that comply with these requirements will receive the same consideration from the committee that other candidates receive.

Nominations for election as directors may also be made by shareholders from the floor at an annual meeting of shareholders provided such nominations are received by the Company not less than 30 nor more than 60 days prior to the annual meeting, contain the information set forth above, and otherwise are made in accordance with the procedures set forth in the Company's Bylaws.

Shareholder Communications with Directors

Any shareholder who wishes to send communications to the Board of Directors should mail them addressed to the intended recipient by name or position in care of: Corporate Secretary, Synalloy Corporation, 4510 Cox Road, Suite 201, Richmond, VA 23060. Upon receipt of any such communications, the Corporate Secretary will determine the identity of the intended recipient and whether the communication is an appropriate shareholder communication. The Corporate Secretary will send all appropriate shareholder communications to the intended recipient. An "appropriate shareholder communication" is a communication from a person claiming to be a shareholder in the communication the subject of which relates solely to the sender's interest as a shareholder and not to any other personal or business interest.

In the case of communications addressed to the Board of Directors, the Corporate Secretary will send appropriate shareholder communications to the Chairman of the Board. In the case of communications addressed to the independent or outside directors, the Corporate Secretary will send appropriate shareholder communications to the Chairman of the Audit Committee. In the case of communications addressed to committees of the Board, the Corporate Secretary will send appropriate shareholder communications to the Chairman of such committee.

Executive Summary

Overview of Our Business and Results

Synalloy had an exceptionally good year in 2018. Our financial performance was excellent, exceeding goals and in some cases toppling records that were over 20 years old. The 2018 Incentive Plan paid out above target accordingly.

The record sales of \$201.1 million posted in 2017 did not hold up very long. In 2018, the Company reported net sales of \$280.8 million, up \$79.7 million or approximately 40% from 2017. Both adjusted EBITDA and adjusted EBITDA per share established new records at \$34.1 million and \$3.85 respectively.

Our shareholders enjoyed the benefits of these strong financial results. The dividend to our shareholders was \$0.25 per share, an increase of approximately 92% over 2017. Our share price appreciated by 24% and during the year our share price reached a 10-year high of \$24.55. For the first time in the Company's history, our stock was added to the Russell 2000 index.

The Company's business has two divisions: the Metals Segment and the Chemicals Segment.

Synalloy Metals

The Metals Segment operates as three reporting units, including Bristol Metals, LLC ("BRISMET"), Palmer of Texas Tanks, Inc. ("Palmer") and Specialty Pipe & Tube, Inc. ("Specialty"). BRISMET manufactures stainless steel and other alloy pipe and tube. Palmer manufactures liquid storage solutions and separation equipment, and Specialty is a master distributor of seamless carbon pipe and tube. The Metals Segment's markets include the oil and gas, chemical, petrochemical, pulp and paper, mining, power generation (including nuclear), water and waste water treatment, liquid natural gas, brewery, food processing, petroleum, pharmaceutical and other industries.

Synalloy Metals achieved record sales and adjusted EBITDA in 2018 and the 2018 Incentive Plan paid out above target for the segment. In 2018, the Metals Segment reported net sales of \$222.2 million, up \$69.3 million or approximately 45% from 2017 and adjusted EBITDA was \$29.0 million, up \$12.7 million from 2017. Synalloy Metals growth was impacted by the addition of the BRISMET-Munhall galvanized acquisition in July 2018, the rebound in the oil and gas markets, and year over year improvements in volume, pricing and product mix.

Synalloy Chemicals

The Chemicals Segment operates as one reporting unit which includes Manufacturers Chemicals, LLC ("MC") and CRI Tolling, LLC ("CRI Tolling"). The Chemicals Segment produces specialty chemicals for the chemical, paper, metals, mining, agricultural, fiber, paint, textile, automotive, petroleum, cosmetics, mattress, furniture, janitorial and other industries.

Synalloy Chemicals profits decreased slightly in 2018 and the 2018 Incentive Plan paid out below target for the segment. In 2018, the Chemicals Segment recorded net sales of \$58.6 million, up \$10.4 million or 22% from 2017; however, adjusted EBITDA was \$5.3 million, down \$0.2 million or 3% from 2017. Synalloy Chemicals' 2018 results were negatively impacted by the loss of a single customer and also slower than anticipated ramp up of a customer at CRI Tolling.

Summary of 2018 Key Compensation Decisions

At our 2018 Annual Meeting of Shareholders, 94% of the shares voted at the meeting were in favor of our 2017 NEO compensation package. Accordingly, we committed to using the same Incentive Plan in 2018 (the "2018 Incentive Plan") that was utilized in 2017 with the following changes:

Base Salary - The Committee reviewed a peer group analysis and, along with CEO recommendation for the remaining NEOs, approved an increase of each NEO's base salary.

Short-Term Cash Incentive - The Committee reviewed a peer group analysis and, along with CEO recommendations for the other NEOs, approved an increase in the percentage of each NEO's base salary used to calculate the Short-Term Cash Incentive.

Also, the Committee approved the calculation of the same performance metric that was utilized in the 2016 and 2017 Incentive Plans and is used to calculate certain components of both the short-term cash and long-term equity incentives. Consistent with the 2016 and 2017 Incentive Plans, the 2018 Incentive Plan defined the "Performance Metric" as adjusted EBITDA before incentives and excluding inventory gains and losses, metal price change gains and losses, inventory cost adjustments, aged inventory adjustments, and manufacturing variances.

Long-Term Equity Incentive - There were no changes to the long-term equity incentive in the 2018 Incentive Plan.

Compensation Philosophy, Objectives and Process

Compensation Philosophy and Objectives

The Board of Directors and management believe that the performance and contributions of our executive officers are critical to our overall success. To attract, retain and motivate the executives to accomplish our business strategy, the Committee establishes executive compensation policies and oversees the Company's executive compensation practices.

The Company's goal is to attract and retain highly motivated and talented executives and to ensure a strong link between executive pay, Company performance and shareholder value.

Compensation Objective How Objective is Achieved

Pay for performance	The majority of the annual short-term cash and long-term equity components of the compensation program have Performance Metric target ranges for each business segment and the Company as a whole. Executives are rewarded with higher incentive pay when above target ranges are met, while lower incentives are paid when target ranges are not achieved.
---------------------	---

Attracting and retaining highly motivated and talented executives	The overall compensation program is designed to be competitive with positions at peer group companies to attract highly qualified candidates. Restricted stock awards have multi-year time vesting elements with forfeiture of unvested grants if an executive leaves the Company prior to vesting for any reason other than retirement, disability or death.
---	---

Aligning the interests of executives with the interests of shareholders	A portion of each executive's pay is equity-based compensation, to align the executives' interests with those of our shareholders.
---	--

The Company and the Committee believe that the most effective executive compensation program is one that is designed to reward the achievement of specific annual and long-term goals and functional operational initiatives of the Company as well as align the interest of executives with the interest of shareholders, ultimately improving shareholder value. Our pay for performance emphasis attracts executives who are willing to risk a larger share of their compensation on their own performance and the performance of the Company for the benefit of the longer-term shareholder value.

Compensation Process

The Committee looks for opportunities to improve upon the executive compensation program and in 2016 the Company retained PM as the Committee's outside independent compensation consulting firm. PM is a nationally recognized executive compensation consultant and the Committee has retained it to provide information concerning compensation paid by competitors and members of our peer group. In 2016, PM assisted the Committee in designing the Incentive Plan that was used for NEOs in both 2017 and 2018.

In setting the base salary of our NEOs in 2018, the Committee worked with PM to review aggregated information from our peer group and, for the executives below chief executive officer level, received input and guidance from the CEO on the performance of these officers. The Committee additionally reviews the performance of the CEO and considers this information in making compensation decisions.

The Committee identified 14 companies for its peer group, all manufacturing businesses, with many in either the Basic Materials- Metals/Mining or Materials-Specialty Chemicals industry classification. Others are manufacturers of machinery or component parts. The peer group is focused on micro-cap companies with similar revenues and market capitalization to the Company's performance. Additionally, the Committee compares the Company's one-year and three-year average annual EBITDA to that of the peer group.

For 2018, our peer group consists of the following companies: Ampco-Pittsburgh, Eastern Company, Houston Wire and Cable, Hurco, Landec Corp., Lawson Products Inc., Northwest Pipe Co., Perma Pipe, UFP Technologies, Universal Stainless & Alloy Products as well as American Vanguard, Hawkins, Insteel and KMG Chemical.

The peer group information is used by the Company to benchmark the compensation for our CEO and CFO. The Committee sets base salary for our CEO near the median base salary for the peer group. The Committee sets the base salaries of the other NEOs to be market competitive as compared to the salaries of executives at similarly situated companies. However, the Committee believes that targeted total cash compensation, including short-term incentive

pay, should provide the CEO and all other NEOs with the potential to earn in excess of the median total cash compensation of the peer group.

17

The Committee believes this methodology is appropriate because it directly aligns the CEO and other NEOs' pay with the Company's performance by putting more emphasis on at-risk components of cash compensation.

Risk Considerations

The Committee has assessed the risks arising from the Company's compensation policies and practices for all employees to determine whether such policies or practices are reasonably likely to have a material adverse effect on the Company. Based on its assessment, the Committee has determined that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

2018 Performance and Compensation

Our compensation program is relatively simple and straightforward, and consist of three main components: base salary, short-term cash incentives and long-term stock-based incentives. Below is information on the main components of and on certain decisions made regarding 2018 NEO compensation.

Base Salary

Base salary is a tool to provide executives with a reasonable level of fixed income relative to the responsibility of the positions they hold. Base salaries are reviewed annually by the Committee and the CEO and adjustments are considered at that time. Base salaries are adjusted from time to time to reflect changes in responsibility level, comparison of data obtained from peer groups, data from our compensation consultant and other external market comparative data. In addition, the Company considers the attributes of each individual executive, including but not limited to his/her longevity with the Company, his/her educational background and experience, the particular responsibilities of his/her position, the compensation of others with similar background, credentials and responsibilities, and his/her past level of performance.

For 2018, the Committee reviewed peer group data and, along with CEO recommendation for the other NEOs, approved an increase of each NEO's base salary.

Base salary increases for 2018 are listed in the table below:

NEO	Title	Base Salary at 12/31/2018	Base Salary at 12/31/2017	% Increase
Craig C. Bram	President & CEO	\$495,000	\$450,000	10.0 %
Dennis M. Loughran	SVP & CFO	\$322,500	\$308,500	4.5 %
J. Kyle Pennington	President, Synalloy Metals	\$295,000	\$276,000	6.9 %
J. Greg Gibson	President, Synalloy Chemicals	\$272,000	\$260,000	4.6 %

2018 Incentive Plan

With assistance from our compensation consultant, the Committee established the 2016 Incentive Plan and essentially carried the same plan forward for the 2018 Incentive Plan with the changes noted in the Summary of 2018 Key Compensation Decisions listed above. As with the prior Incentive Plans, the 2018 Incentive Plan consisted of two components: short-term cash incentive compensation and long-term equity incentive compensation in the form of restricted stock awards to be issued under the 2015 Stock Award Plan (the "2015 Stock Plan"), which was approved by shareholders at the 2015 Annual Meeting.

Short-Term Cash Incentive

The short-term cash incentive in the 2018 Incentive Plan was calculated as a percentage of an executive's base salary, depending on the executive's position with the Company and what specified strategic goals were achieved. The two factors included in the short-term cash incentive were:

70% of short-term cash incentive: Target Performance Metric with an established Threshold Performance Metric and Maximum Performance Metric for the payment of cash incentives. The Threshold Performance Metric is set at 75% of Target. The Maximum Performance Metric is set at 125% of Target.

30% of short-term cash incentive: Successful delivery of specified strategic goals that drive stronger efficiencies across the Company, for Messrs. Bram and Loughran and across the segment for Messrs. Pennington and Gibson.

While the Performance Metric carried the heaviest weighting (70%) for the short-term cash component, the Committee used qualitative measures related to strategic goals to increase executive focus beyond the annual Performance Metric to include those measures management and the Board believe will lead to sustained results on a longer-term basis. The table below provides the total short-term cash incentive for each NEO at the threshold, target and maximum levels.

Total Short-Term Cash Incentive
(as a percentage of base salary)

	Threshold	Target	Maximum
President & CEO	50.0%	85.0%	120.0%
SVP & CFO	45.0%	65.0%	85.0%
President, Synalloy Metals	45.0%	65.0%	85.0%
President, Synalloy Chemicals	40.0%	57.0%	75.0%

For the short-term cash incentive compensation component of the 2018 Incentive Plan, the following table sets forth the Performance Metric component for each executive. Actual payout is based on a calculation using results for the year, and may vary between Threshold and Maximum values. 2018 Long-Term Equity Incentive

Our goal in awarding long-term equity incentive compensation is to emphasize to our executives the importance of increasing shareholder value by tying a portion of executive compensation to growth in the Company's stock price. To help align the interests of our executives with the interest of our shareholders, one hundred percent (100%) of long-term incentive compensation for NEOs is in the form of equity instruments. Over the past ten years, the Company has used both stock options that vest over five years and restricted stock awards that vest over either three or five years.

The long-term stock-based incentives are delivered in the form of restricted stock awards. Stock-based compensation is established at a percentage of each executive's base salary at the time of grant. In order to attract and retain executive talent, 50% of the long-term incentive is a time-vesting retention award. In order to closely tie total compensation to long-term shareholder value, the other 50% of the long-term incentive compensation for the NEOs is earned based on achievement of a three-year cumulative Performance Metric threshold, target and maximum.

For the long-term equity incentive component of the 2018 Incentive Plan, the CEO was awarded restricted stock with a value at the time of grant equal to 32.5% of his base salary in the form of a time-vesting award and the other NEOs were awarded restricted stock with a value at the time of grant equal to 22.5% of their base salary in the form of time-vesting awards.

The NEOs are also eligible for performance-vesting restricted stock awards which, at maximum earn-out levels, would equal 48.75% of base salary for the CEO and 33.75% of base salary for the other NEOs. This performance-vesting restricted stock award is based on achievement of a three-year cumulative Performance Metric target and will be earned, if at all, for performance during the three-year period ending December 31, 2020.

Total long-term equity incentives awarded for fiscal year 2018 were as follows:

The Board of Directors has established stock ownership levels for the senior management team and the Board of Directors. Directors and executive officers have five years to achieve the targeted ownership levels. Stock ownership levels for NEOs and directors are based on dollars invested or cost basis, not market value. All NEOs are in compliance.

Stock ownership requirements are as follows:

- Board of Directors - \$250,000;
- CEO - four times base salary;
- CFO, Metals and Chemicals Segment Presidents - \$250,000; and
- Corporate Secretary - \$200,000.

Employment Agreements

Following approval by the Committee, the Company has entered into employment agreements with certain NEOs. As required, the Employment Agreement section herein reflects Employment Agreements as of December 31, 2018. However, the NEOs did enter into new employment agreements with the Company as of March 1, 2019. A further explanation of the March 1, 2019 employment agreements is discussed at the end of this section.

Employment Agreements as of December 31, 2018

An employment agreement with Mr. Bram was entered into on May 1, 2014 for a two-year term. On each two-year anniversary of the employment agreement, the term is automatically extended for two additional years, unless the Company or Mr. Bram provides written notice that it or he does not wish to extend the agreement within 90 days of the end of the term.

Employment agreements with Messrs. Loughran, Pennington and Gibson were entered into on January 11, 2016. On each one-year anniversary of the employment agreement, the term is automatically extended for an additional year, unless the Company or the executive provides written notice that it or he does not wish to extend the agreement within 90 days of the end of the term.

The employment agreements for each of Messrs. Bram, Loughran, Pennington and Gibson provide for a base salary, cash incentive and restricted stock incentive to be reviewed by the Committee on an annual basis. The employment agreements also provide that each executive is eligible to participate in any employee benefit plan and programs generally made available to employees.

The employment agreements provide that the executive will be entitled to severance payments in the case of death or disability, termination without cause or change in control in the form of (1) salary continuation, (2) average cash bonus, (3) health insurance and (4) restricted stock and options vesting. The base salary may be paid in installments or in a lump sum, at the election of the Company. In order to receive the severance, the executive, or his beneficiary or estate, must execute a release satisfactory to the Company. Please see the following table for more information on the above described severance payments.

Each employment agreement defines a change in control to occur when “(i) any person (as defined in Section 13(d) and 14(d) of the Exchange Act) is or becomes the beneficial owner (as defined in Rule 13d-3 of the Exchange Act),

directly or indirectly, of securities of the Corporation representing more than fifty percent (50%) of the combined voting power of the Corporation's then outstanding securities, or (ii) there is a consummation of a reorganization, merger or consolidation or sale or other disposition of

all or substantially all of the assets of the Corporation (a "Business Combination"), in each case, unless, following such Business Combination, all or substantially all of the individuals and entities who were the beneficial owners of outstanding voting securities of the Corporation immediately prior to such Business Combination beneficially own, directly or indirectly, more than fifty percent (50%) of the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the entity resulting from such Business Combination (including, without limitation, an entity which, as a result of such transaction, owns the Corporation or all or substantially all of the Corporation's assets either directly or through one or more subsidiaries). The employment agreements provide for the severance payment only if in connection with, or within one year after, a change in control and (a) the Company terminates the executive's employment (other than for cause, as defined in the agreement, and other than due to death or disability) or (b) the executive is not retained in substantially the same or better role and substantially the same or better compensation level as prior to the change in control. This approach is commonly referred to as "double-trigger" acceleration upon a change in control.

The employment agreement contains a covenant not to engage, directly or indirectly, in competition with the Company with respect to the businesses in which it is engaged on the date the executive's employment is terminated and for a period of one year after termination of the executive's employment. In addition, each agreement stipulates that the executive may not be employed for a period of one year after his termination of employment with any business that was identified as a potential acquisition target during the executive's tenure with the Company. Each of Messrs. Bram, Loughran, Pennington and Gibson also have agreed not to disclose, at any time during his employment with the Company or thereafter, any of the Company's confidential information.

Employment Agreement as of March 1, 2019

Effective March 1, 2019, each of Messrs. Bram, Loughran, Pennington and Gibson entered into an updated Employment Agreement with the Company. The terms and conditions of the new Employment Agreements are substantively the same with the exception of NEO severance payments upon a change in control.

Under the March 1, 2019 Employment Agreements, the definition of a change of control did not change, but the "double-trigger" approach to executive severance payments was updated from a one-year period to a two-year period after a change in control. Additionally, upon a triggering event under the "double-trigger" change in control, Mr. Bram would receive 250% of current base salary, 250% of the average of the two most recent bonuses and 24 months of COBRA premiums and immediate vesting of all options and all restricted stock at the target payout level. Upon a triggering event under the "double-trigger" change in control, Messrs. Loughran, Pennington and Gibson would receive 200% of current base salary, 200% of the average of the two most recent bonuses and 24 months of COBRA premiums and immediate vesting of all options and all restricted stock at the target payout level.

The following table shows the potential payments to Messrs. Bram, Loughran, Pennington and Gibson upon termination for the reasons described below, or to their beneficiaries in the event of death. The amounts shown assume that the employment of each executive was terminated effective December 31, 2018.

Stock Awards - The amount in this column represents the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 of equity awards made during the year. See Note 9 to the Company's consolidated financial statements for the year ended December 31, 2018, which are included in the Company's 2018 Annual Report on Form 10-K, for additional disclosure of all assumptions made with respect to the valuation of stock awards.

Non-Equity Incentive Compensation - The amounts reported in Non-Equity Incentive Plan Compensation were paid under the Incentive Plan for the respective year, as more fully described in the CD&A. Amounts reported in this column were earned in the indicated year.

All Other Compensation - The amounts shown in this column represent the Company's contributions pursuant to the 401(k)/ESOP Plan for the named executives. In addition, Mr. Gibson receives a monthly car allowance.

CEO Pay Ratio - For 2018, the annual total compensation for the median employee identified during 2017 was \$57,162; Mr. Bram's 2018 annual total compensation was \$1,366,312 and the ratio of these two amounts was 1:24.

SEC rules permit companies to identify the median paid employee once every three years as long as there has been no change in the company's employee population or compensation arrangements that significantly impacts the pay ratio disclosure. As we have had no material changes in our organization from 2017, we are employing the same methodology used last year, as described below.

The median employee was identified utilizing 2017 total cash compensation consisting of earnings, bonuses and allowances and annualized for all employees as of December 31, 2017. This pay ratio is a reasonable estimate calculated in a manner consistent with the SEC rules based on our payroll and employment records and the methodology described above. Because the SEC rules for identifying the median compensated employee and calculating the pay ratio on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different

methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

⁽¹⁾ These awards were made pursuant to our 2018 Incentive Plan and were earned upon the achievement of certain performance goals established by the Committee for the fiscal year ended December 31, 2018. For a discussion of these performance goals, see our CD&A section included in this proxy statement. The Committee targeted a payout equal to 85% of base salary for Mr. Bram, 65% of base salary for Mr. Loughran and Mr. Pennington, and 57% of base salary for Mr. Gibson, which would be achieved if 100% of the Performance Metric goal and 80% of the strategic goals were met.

Consequently, the target amounts in this column assume that Mr. Bram earned 85%, Mr. Loughran and Mr. Pennington earned 65%, and Mr. Gibson earned 57% of the maximum potential awards that they could have earned using these annual incentive opportunities.

The threshold amounts assume that the NEOs earned the minimum cash incentive awards required to trigger any level of payout. If Company performance fell below performance goals required to earn the threshold amount, they would not have been entitled to any non-equity incentive plan awards.

Mr. Bram earned 114.7%, Mr. Loughran earned 82.0%, Mr. Pennington earned 82.0%, and Mr. Gibson earned 49.9% of these non-equity incentive plan awards based on our performance during 2018. These annual incentive amounts are also included under “Non-Equity Incentive Compensation” in the Summary Compensation Table.

⁽²⁾ These amounts represent grants of performance-vesting restricted stock made pursuant to our 2018 Incentive Plan. These restricted shares will be earned over the performance cycle ending December 31, 2020. For a discussion of the other material terms of these awards, see our CD&A section. The Committee targeted payout of restricted shares equivalent to 32.5% of base salary for Mr. Bram and 22.5% of base salary for the other NEOs.

⁽³⁾ These amounts represent grants of time based restricted shares made under the 2018 Incentive Plan. For a discussion of the material terms of these awards, see our CD&A section.

Equity Plans

Stock Option Plan

The Company currently has one stock option plan, the 2011 Long-Term Incentive Stock Option Plan (the "2011 Option Plan"), approved at the 2011 Annual Meeting of Shareholders. Options may be exercised beginning one year after the date granted at the rate of 20% annually on a cumulative basis; however, in no event shall an option be exercisable more than ten years after the date of grant. In the event that (a) all or substantially all of the assets or Common Stock of the Company (or a subsidiary or division of the Company in which employee is employed) are sold to an entity not affiliated with the Company, (b) a merger or share exchange with an unaffiliated party occurs in which the Company is not the surviving entity, or (c) a similar sale or exchange transaction occurs, which in the Committee's sole discretion justifies an exercise right, an option holder may exercise, in addition to the above, 100% of the options not otherwise exercisable because of the holding period requirement, subject to the limitation that in no event shall incentive stock options under this and all other option plans of the Company having an aggregate fair market value in excess of \$100,000 at the dates of grant become exercisable by an optionee for the first time during a calendar year. The exercise price for options granted under the 2011 Option Plan is equal to 100% of the fair market value on the date the option is granted. The option grant price is determined by averaging the high and low sales prices for the Company's Common Stock for the day prior to the option grant date as reported by the Nasdaq Global Market. If one of the events described in (a), (b) or (c) above had occurred as of December 31, 2018, all of the stock options shown in the "Number of Securities Underlying Unexercised Options/Unexercisable" column of the Outstanding Equity Awards at Fiscal Year End 2018 table would have vested immediately.

On February 10, 2015, the Board amended the 2011 Option Plan to allow former employees who cease to be employees of the Company as a result of normal retirement, early retirement or disability retirement, to exercise any outstanding options at any time after the date on which he or she ceased to be an employee, but not later than the end of the fixed term of the option and no earlier than one year from the date the option was granted. In the case of death, the option may be exercised by the holder's estate, a person who acquired the right to exercise the option by bequest or inheritance, or his or her attorney-in-fact, as appropriate, at any time after the holder's death, but not later than the end of the fixed term of the option. Otherwise, options can only be exercised by an employee who has been in the continuous employment of the Company since the date the option was granted. Options granted under the 2011 Option Plan to an employee shall not be transferable except by will or the laws of descent and distribution. At March 20, 2019, there were a total of 59,096 shares underlying outstanding options and 48,759 shares underlying exercisable options under the 2011 Option Plan. There were 152,028 shares available for grant under the 2011 Option Plan as of March 20, 2019.

Stock Awards Plans

The 2015 Stock Plan, approved by shareholders at the 2015 Annual Meeting of Shareholders and amended by the Board of Directors and the shareholders at the 2018 Annual Meeting of Shareholders, authorizes the issuance of up to 500,000 shares which can be awarded for a period of ten years from the effective date of the plan. On February 16, 2017, the Board of Directors amended the 2015 Stock Plan to enable the Compensation & Long-Term Incentive Committee to establish vesting schedules as it administers the plan, generally over three or five years. In order for the awards to vest, the employee must be in the continuous employment of the Company or a subsidiary since the date of the awards, except as the result of an employee's retirement (minimum age of 62), death or permanent disability, upon which event any portion of a stock award that has not vested with the Company will become 100% vested. Otherwise, any portion of a stock award that has not vested prior to the termination of an employee's employment with the Company for any other reason shall be automatically cancelled. Vesting of the total number of unvested shares will occur in the event that there is either (i) the acquisition of more than 50% of the outstanding voting securities of the Company or a subsidiary or division of the Company in which the employee is employed (calculated on a fully diluted basis) by any person during any consecutive 12-month period of time; or (ii) the sale of more than 50% in value of the assets of the Company over any consecutive 12-month period of time. At March 20, 2019, awards for 293,895 shares have been granted under the 2015 Stock Plan.

The 2005 Stock Awards Plan ("2005 Stock Plan), approved by shareholders at the 2005 Annual Meeting of Shareholders, and amended by the Board of Directors effective at its February 2008 and November 2014 meetings, authorized the issuance of up to 300,000 shares which could be awarded for a period of ten years from the effective date of the plan. The 2005 Stock Plan expired on February 3, 2015 at which time no further grants could be awarded. There are outstanding awards under the 2005 Stock Plan that will vest over the next year. Stock awards vest in 20% increments annually, beginning one year after the date of grant. In order for the awards to vest, the employee must be in the continuous employment of the Company or a subsidiary since the date of the awards, except as the result of an employee's retirement (minimum age of 62), death or permanent disability, in which case any portion of a stock award that has not vested with the Company will become 100% vested. Otherwise, any portion of a stock

award that has not vested prior to the termination of an employee's employment with the Company for any other reason shall be automatically cancelled. Vesting of up to 100% of the total number of unvested shares will occur in the event that there is either (i) the acquisition of more than 50% of the outstanding voting securities of the Company or a subsidiary or division of the Company in which the employee is employed (calculated on a fully diluted basis) by any person during any consecutive 12-month period of time; or (ii) the sale of more than 50% in value of the assets of the Company over any consecutive 12-month period of time. The Company may also terminate any portion of an award that has not vested upon an employee's failure to comply with all conditions of the award or the plan. If one of the events described in (i) or (ii) above had occurred as of December 31, 2018, 100% of the restricted shares shown in the "Number of Shares or Units of Stock That Have Not Vested" column of the Outstanding Equity Awards at Fiscal Year End 2018 table would have vested immediately.

Shares relating to awards that have not yet vested are reserved for issuance by the Company and an employee is not entitled to any voting or dividend rights with respect to any such shares. Share awards that have not vested are not transferable.

Retirement Plans

401(k)/ESOP Plan

The Company sponsors a 401(k) Employee Stock Ownership Plan (the "401(k)/ESOP Plan"). All employees (except those employees who are entitled to participate in union-sponsored plans) who are 21 years or older are automatically enrolled at a pre-determined percentage following 60 days of full-time employment with the Company or any subsidiary. Employees may choose to opt out or elect to change the default deferral rate. Employees are eligible to receive a matching contribution in the month following their one-year anniversary.

Employees are permitted to contribute up to 100% of earnings not to exceed a dollar amount set by the Internal Revenue Service through payroll deduction on a pre-tax basis or after-tax basis through a Roth 401(k). Employees are permitted to change the election daily and can revoke the election at any time. Employee contributions are 100% vested at all times. An employee can invest his contribution in any of the investment funds offered; however, employee contributions cannot be invested in the Company's Common Stock.

Prior to January 1, 2016, all Company contributions were invested in Company stock. Effective January 1, 2016, Company contributions are invested in accordance with employee elections for individual contributions, and the ESOP portion of the 401(k)/ESOP Plan is frozen. For each plan year, the Company contributes on behalf of each eligible participant a discretionary matching contribution equal to a percentage determined annually by the Board of Directors.

For 2018 and 2017, the maximum matching contribution was 4%. The matching contribution is allocated within 15 days of each pay period. In addition to the matching contribution, the Company may make a discretionary contribution which shall be distributed to all eligible participants regardless of whether they contribute to the 401(k)/ESOP Plan. No discretionary contributions have been made to the 401(k)/ESOP Plan.

Distributions are not permitted before age 59 1/2 except in the event of death, disability, termination of employment or reason of proved financial hardship as defined according to Internal Revenue Service guidelines. The 401(k)/ESOP Plan provides for payment of the participant's account balance upon death, disability or retirement in the form of cash or shares of the Company's Common Stock or both. If employment terminates for reasons other than retirement, disability or death (e.g. resignation or termination by the Company), any discretionary portion of a participant's account balance will vest as follows: less than three years' service - 0% vested; three or more years - 100% vested. Unvested amounts are forfeited and allocated to participants eligible to participate for a plan year. The 401(k)/ESOP Plan permits rollovers from qualified plans at the discretion of the Company. The 401(k)/ESOP Plan is permitted to borrow money to purchase shares of the Company's Common Stock. All shares of the Company's Common Stock acquired by the 401(k)/ESOP Plan with the proceeds of a loan are maintained in a suspense account and are withdrawn and shares are allocated to participant's accounts as the loan is paid. As a participant in the 401(k)/ESOP Plan, any employee may direct the trustee to vote shares allocated to his or her account in accordance with the employee's wishes.

All 401(k)/ESOP Plan assets are held by an independent trustee. The trustee invests all assets and makes payment of 401(k)/ESOP Plan benefits. The 401(k)/ESOP Plan is managed and administered by an independent administrator and

a Pension Committee comprised of the corporate officers of the Company. Expenses incurred for the administration of the 401(k)/ESOP Plan are paid by the Company. The 401(k)/ESOP Plan reserves to the Board of Directors of the Company the right to amend the 401(k)/ESOP Plan in any manner or terminate the 401(k)/ESOP Plan at any time. The 401(k)/ESOP Plan may be amended to preserve the qualification of the 401(k)/ESOP Plan under the applicable provisions of the Internal Revenue Code of 1986, as amended from time to time. For 2018, the Company's total matching contribution was \$694,795.

PROPOSAL 2 - ADVISORY (NON-BINDING) VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Our Board is committed to a compensation philosophy and program that promotes our ability to attract, retain and motivate individuals who can achieve superior financial results. As part of that commitment, and in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") and Section 14A of the Securities Exchange Act of 1934, shareholders are being asked to approve, in an advisory non-binding resolution, the compensation of our NEOs as disclosed in this Proxy Statement. This proposal is our "say-on-pay" proposal. It gives you the opportunity to let us know how you view the overall compensation of our NEOs and the policies and practices described in this Proxy Statement. It is not intended to address any specific item of compensation. In considering how to vote on this proposal, we encourage you to review all the relevant information in this Proxy Statement - our CD&A (including its executive summary), the compensation tables, and the rest of the narrative disclosures regarding our executive compensation program. Your vote will not directly affect or otherwise limit any existing compensation or award arrangement of any of the NEOs.

Because your vote is advisory, it is non-binding on our Board; however, our Board will take into account the outcome of the vote on the say-on-pay proposal when considering future compensation arrangements. We invite shareholders who wish to communicate with our Board on executive compensation or any other matters to contact us as provided under "Corporate Governance - Shareholder Communications with Directors."

Accordingly, in compliance with the Dodd-Frank Act, we ask you to approve the following resolution:

"RESOLVED, that the shareholders of Synalloy Corporation approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion in the Company's 2019 Proxy Statement."

Vote Required

A majority of the votes cast at the Annual Meeting of Shareholders must vote "FOR" Proposal 2 to approve, on an advisory non-binding basis, the compensation of our named executive officers. The enclosed form of proxy provides a means for you to vote "For," "Against" or to "Abstain" on this proposal. Each properly executed proxy received in time for the Annual Meeting will be voted as specified therein. Abstentions and broker non-votes will have no effect on the outcome of the vote on this proposal.

Board Recommendation

OUR BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

Furthermore, even if the appointment is ratified, our Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our shareholders or the Company.
