IMPORTANT NOTICE
TO NUVEEN SELECT PORTFOLIO SHAREHOLDERS

Although we recommend that you read the complete Proxy Statement, for your convenience, we have provided a brief overview of the issues to be voted on.

Q. WHY AM I RECEIVING THIS PROXY STATEMENT?

A. Closed-end investment companies listed on the New York Stock Exchange such as your Fund are required to hold annual meetings to approve the election of Trustees and to ratify the selection of independent public accountants. In addition, such companies are required to obtain shareholder approval for certain changes to their organizational documents and changes to their investment policies. Your Fund is seeking shareholder approval on the following items:

- To elect seven (7) trustees to serve for each Fund until the next annual meeting.
- Ratification of the selection of Ernst & Young LLP as independent public accountants for each Fund.
- For each Fund, an amendment to the Declaration of Trust.
- For the Insured Funds, an amendment to a fundamental investment policy.

Please refer to the proxy statement for a detailed explanation of the proposed items.

Q. HOW WILL THE PROPOSALS AFFECT ME AS A FUND SHAREHOLDER?

A. The investment manager for your Funds is seeking to maintain competitive dividend rates. If the amendments to the Declarations of Trust are approved, the

Funds' investment manager will have greater ability to invest in higher yielding, longer-term investment grade municipal obligations. The amendments will accomplish this by eliminating the 2017 termination date for each Fund and permit it to operate indefinitely.

In addition, the adviser wants to amend a fundamental policy concerning insurance for the California and New York Insured Funds. By allowing the adviser to invest in uninsured investment grade quality bonds as well as insured bonds, the adviser expects this will improve the Funds' potential to achieve a higher yield while retaining strong overall credit quality. Changes to the investment policy regarding insurance may be viewed as increasing the risk profile of the Fund because the Fund's assets will be invested in lower rated, uninsured bonds.

3

Q. HOW DO THE TRUSTEES OF MY FUND SUGGEST THAT I VOTE?

A. After careful consideration, the trustees of your Fund unanimously recommend that you vote "FOR" each of the items proposed.

Q. WILL MY VOTE MAKE A DIFFERENCE?

A. Your vote is needed to ensure that the proposals can be acted upon. Additionally, your immediate response to these items will help save on the costs of any further solicitations for a shareholder vote. We encourage all shareholders to participate in the governance of their Fund.

Q. WHO DO I CALL IF I HAVE QUESTIONS?

A. If you need any assistance, or have any questions regarding the proposals or how to vote your shares, please call your financial advisor or Nuveen at (800) 257-8787 weekdays from 7:00 a.m. to 7:00 p.m. Central time.

Q. HOW DO I VOTE MY SHARES?

A. You can vote your shares by completing and signing the enclosed proxy card, and mailing them in the enclosed postage-paid envelope. In addition, you may vote by telephone by calling the toll free number on the proxy card or by computer over the Internet (www.proxyvote.com) and using the control number on the proxy card.

Q. WILL ANYONE CONTACT ME?

A. You may receive a call to verify that you received your proxy materials and to answer any questions you may have about the proposals.

NUVEEN INSURED CALIFORNIA SELECT TAX-FREE INCOME PORTFOLIO (NXC)
NUVEEN INSURED NEW YORK SELECT TAX-FREE INCOME PORTFOLIO (NXN)

GENERAL INFORMATION

This Joint Proxy Statement is furnished in connection with the solicitation by the Board of Trustees of each of Nuveen Select Tax-Free Income Portfolio ("Select Portfolio"), Nuveen Select Tax-Free Income Portfolio 2 ("Select Portfolio 2"), Nuveen Select Tax-Free Income Portfolio 3 ("Select Portfolio 3"),

Nuveen Insured California Select Tax-Free Income Portfolio ("Insured California") and Nuveen Insured New York Select Tax-Free Income Portfolio ("Insured New York") (each a "Fund" and collectively the "Funds") of proxies to be voted at the Annual Meeting of Shareholders of each Fund to be held on August 1, 2001 (for each Fund, an "Annual Meeting" and, collectively, the "Annual Meetings"), and at any and all adjournments thereof.

On the matters coming before each Fund's Annual Meeting as to which a choice has been specified by the shareholders of that Fund on the proxy, the shares will be voted accordingly. If no choice is so specified, the shares of each Fund will be voted FOR the election of the seven nominees for trustee, as listed in this Joint Proxy Statement; FOR ratification of the selection of Ernst & Young LLP as each Fund's independent auditors; FOR the approval of an amendment to the Declaration of Trust; and for the Insured California and Insured New York Funds only, FOR the approval of an amendment to a fundamental investment policy. Shareholders of any Fund who execute proxies may revoke them at any time before they are voted by filing with that Fund a written notice of revocation, by delivering a duly executed proxy bearing a later date, or by attending that Annual Meeting and voting in person.

Because the same matters are being considered and voted on by the shareholders, the Board of Trustees of each Fund has determined that the use of this Joint Proxy Statement for each Fund's Annual Meeting is in the best interest of each Fund and its shareholders. Shareholders of each Fund will vote separately on each proposal relating to their Fund, and a vote on a proposal by the shareholders of one Fund will not affect the vote on the proposal by the shareholders of another Fund.

A quorum of shareholders is required to take action at each Fund's Annual Meeting. A majority of the shares entitled to vote at each Annual Meeting, represented in person or by proxy, will constitute a quorum of shareholders at that Annual Meeting. Votes cast by proxy or in person at each Annual Meeting will be tabulated by the inspectors of election appointed for that Annual Meeting. The inspectors of election will determine whether or not a quorum is present at each Annual Meeting. The inspectors of election will treat abstentions and "broker non-votes" (i.e., shares held by brokers or nominees, typically in "street name," as to which (i) instructions have not been received from the beneficial owners

1

6

or persons entitled to vote and (ii) the broker or nominee does not have discretionary voting powers on a particular matter) as present for purposes of determining a quorum.

For purposes of determining the approval of the matters submitted to the shareholders for a vote, abstentions and broker non-votes will have no effect in the election of trustees (the seven nominees receiving the largest number of votes will be elected) and will be treated as shares voted against ratification of the selection of independent auditors and the proposals to amend each Fund's Declaration of Trust and to amend a fundamental policy of the Insured California and Insured New York Funds. The details of all proposals to be voted on by the shareholders of each Fund and the vote required for approval of each proposal are set forth under the description of each proposal below.

Those persons who were shareholders of record at the close of business on June 5, 2001 will be entitled to one vote for each share held. As of June 5, 2001, shares of the Funds were issued and outstanding as follows:

FUND	NYSE TICKER SYMBOL	SHARES
Select Portfolio	NXP	16,378,105
Select Portfolio 2	NXQ	17,607,068
Select Portfolio 3	NXR	12,964,124
Insured California	NXC	6,259,022
Insured New York	NXN	3,907,069

This Proxy Statement is first being mailed to shareholders of the Funds on or about June 28, 2001.

1. ELECTION OF TRUSTEES OF EACH FUND

At each Fund's Annual Meeting, seven (7) trustees are to be elected to serve until the next Annual Meeting and until their successors shall have been duly elected and qualified. The affirmative vote of a plurality of the shares present and entitled to vote will be required to elect the trustees of each Fund.

It is the intention of the persons named in the enclosed proxy to vote the shares represented thereby for the election of the nominees listed below unless the proxy is marked otherwise. Each of the nominees has agreed to serve as a trustee of each Fund if elected; however, should any nominee become unable or unwilling to accept nomination or election, the proxies for each Fund will be voted for one or more substitute nominees designated by that Fund's present Board of Trustees.

Other than Mr. Schwertfeger, none of the trustees have ever been a director or an employee of Nuveen Investments ("Nuveen") or any affiliate.

The table below shows each nominee's date of birth, principal occupation and other business affiliations and the number of shares of the Funds which each nominee beneficially owned as of April 30, 2001. Messrs. Bacon, Kissick and Leafstrand have been trustees of the Funds since each Fund was organized in 1992. Ms. Wellington and Mr. Schwertfeger were elected as trustees in 1994 and 1996, respectively. Mr. Evans was elected as trustee in 1999. Mr. Bennett was appointed a trustee in January 2001. The nominees for election to the Board are the same for each Fund.

The above persons have sole voting power and sole investment power as to the shares listed above, with the exception of Mr. Schwertfeger and Ms. Wellington's shares being held jointly with their respective spouses.

COMPENSATION

The trustees affiliated with Nuveen or NIAC serve without any compensation from the Funds. Trustees who are not affiliated with Nuveen or NIAC ("Independent Trustees") receive a \$35,000 annual retainer for serving as a trustee for all funds managed by NIAC, \$1,000 fee per day plus expenses for attendance in person at all meetings (other than a meeting of the dividend and valuation committee held solely to declare a dividend), \$500 for attendance by telephone of such meetings and \$200 for attendance in person or by telephone at a meeting of the dividend and valuation committee. The annual retainer, fees and expenses are allocated among the Funds on the basis of relative net asset sizes.

The Board of Trustees of certain Nuveen Funds (the "Participating Funds") have adopted a Deferred Compensation Plan for Independent Trustees (the "Plan"). Under the Plan, the Independent Trustees of the Participating Funds may defer receipt of all, or a portion of, their compensation for services to the Participating Funds. Any deferred amount is treated as though an equivalent dollar amount had been invested in shares of one or more eligible Funds selected by the participant trustee.

Each of the Funds is a Participating Fund and each Independent Trustee has elected to defer all or a portion of their compensation. Total deferred fees for the Funds for fiscal year 2001 (including the return from the assumed investment in the eligible Nuveen Funds) payable are shown in the Deferred Fees table below.

The John Nuveen Company ("JNC") maintains charitable contributions programs to encourage the active support and involvement of individuals in the civic activities of their community. These programs include a matching contributions program and a direct contributions program.

The Independent Trustees of the Funds are eligible to participate in the

charitable contributions program of JNC. Under the matching program, JNC will match the personal

5

10

contributions of an Independent Trustee to Section 501(c)(3) organizations up to an aggregate maximum amount of \$10,000 during any calendar year. Under its direct (non-matching) program, JNC makes contributions to qualifying Section 501(c)(3) organizations, as approved by the corporate contributions committee of JNC. The Independent Trustees are also eligible to submit proposals to the committee requesting that contributions be made under this program to Section 501(c)(3) organizations identified by the Independent Trustees, in an aggregate amount not to exceed \$5,000 during any calendar year. Any contribution made by JNC under the direct program is made solely at the discretion of the corporate contributions committee.

William L. Kissick and Timothy R. Schwertfeger serve as the current members of the executive committee of each Fund's Board of Trustees. Each Fund's executive committee, which meets between regular meetings of the Board of Trustees, is authorized to exercise all of the powers of the Board of Trustees. The respective executive committees of the Funds held no meetings during the fiscal year ended March 31, 2001.

William E. Bennett, Thomas E. Leafstrand and Timothy R. Schwertfeger are the current members of the dividend and valuation committee for each Fund. The dividend and valuation committee is authorized to declare distributions on the Funds' shares including, but not limited to, regular and special dividends, capital gains and ordinary income distributions. The dividend and valuation committee of each Fund held twelve meetings during the period from April 1, 2000 through the Funds' fiscal year end of March 31, 2001.

Each Fund's Board of Trustees has an audit committee currently composed of James E. Bacon, William E. Bennett, Jack B. Evans, William L. Kissick and Thomas E. Leafstrand, trustees of the Funds who are not "interested persons" of the Funds and who are "independent" as that term is defined in Section 303.01(B)(2)(a) and (3) of the New York Stock Exchange's listing standards. Each Fund's audit committee reviews the work and any recommendations of that Fund's independent auditors. Based on such review, it is authorized to make recommendations to the Board of Trustees. The audit committee has adopted a written charter. A copy of the written charter is attached as Appendix A to this proxy statement. The respective audit committees of the Funds held three meetings during the fiscal year ended March 31, 2001.

Nomination of those trustees who are not "interested persons" of a Fund is committed to a nominating and governance committee composed of the trustees who are not "interested persons" of that Fund. Members of each Fund's nominating and governance committee are James E. Bacon, William E. Bennett, Jack B. Evans, William L. Kissick, Thomas E. Leafstrand and Sheila W. Wellington. Each Fund's nominating and governance committee identifies and recommends individuals to be nominated for election as non-interested trustees as well as reviewing matters relating to the composition, duties, recruitment, independence and tenure of Trustees; the selection and review of Committee assignments; and Trustee education, Board meetings and Board performance. The respective nominating and governance committees of the Funds held three meetings during the fiscal year ended March 31, 2001. No policy or procedure has been established as to the recommendation of trustee nominees by shareholders.

The respective Board of Trustees of each Fund held four regular board meetings and one special board meeting during the fiscal year ended March 31, 2001. During the last fiscal year, each Board member attended 75% or more of each Fund's Board meetings and

committee meetings (if a member thereof) except for Mr. Bennett who joined the Board on January 31, 2001.

Each Fund has the same executive officers. The following table sets forth information with respect to each executive officer of the Funds, other than Mr. Schwertfeger who is a trustee and included in the table relating to the nominees for the Board. Officers of the Funds receive no compensation from the Funds. The term of office of all officers will expire in July 2001. The Board will consider the election of officers at the Board meeting to be held after the Annual Meetings, to serve until July 2002 and as set forth in each Fund's by-laws.

(including share equivalents of certain Nuveen Funds in which the trustee is deemed to be invested in connection with the deferral of compensation by trustees pursuant to the Plan and shares held by the executive officers in Nuveen's 401(k)/Profit Sharing Plan, but excluding shares of the NAC money market funds). As of April 30, 2001, the trustees and executive officers of the Funds as a group owned less than 1% of the outstanding shares of each Fund. As of June 5, 2001, no shareholder owned more than 5% of any class of shares of any Fund.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 30(h) of the Investment Company Act of 1940, as amended (the "1940 Act"), and Section 16(a) of the Securities Exchange Act of 1934, as amended (the "1934 Act"), require each Fund's officers and trustees, investment adviser, affiliated persons of the investment adviser and persons who own more than ten percent of a registered class of the Funds' equity securities to file forms reporting their affiliation with that Fund and reports of ownership and changes in ownership of that Fund's shares with the Securities and Exchange Commission (the "SEC") and the New York Stock Exchange. These persons and entities are required by SEC regulation to furnish each Fund with copies of all Section 16(a) forms they file. Based on a review of these forms, each Fund believes that the Fund's officers and trustees, investment adviser and affiliated persons of the investment adviser have complied with all applicable Section 16(a) filing requirements during the fiscal year ending March 31, 2001.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Trustees of each Fund is responsible for assisting the Board in monitoring (1) the quality and integrity of each Fund's financial statements, (2) each Fund's compliance with regulatory requirements, and (3) the independence and performance of each Fund's independent and internal auditors. Among other responsibilities, the Committee reviews, in its oversight capacity, each Fund's annual financial statements with both management and the independent auditors and the Committee meets periodically with the independent and internal auditors to consider their evaluation of each Fund's financial and internal controls. The Committee also recommends to the Board of Trustees, subject to shareholder ratification, the selection of each Fund's independent auditors. The Committee is currently composed of five non-employee trustees and operates under a written charter adopted and approved by the Board of Trustees. Each Committee member is independent as defined by New York Stock Exchange listing standards. A copy of the Audit Committee Charter is attached to the proxy statement as Appendix A.

The Committee, in discharging its duties, has met with and held discussions with management and each Fund's independent and internal auditors. Management has represented to the independent auditors that each Fund's financial statements were prepared in accordance with generally accepted accounting principles. The Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees). The Fund's independent auditors provided to the Committee the written disclosure required by Independent Standards Board Standard No. 1 (Independent Discussions with Audit Committees), and the Committee discussed with representatives of the independent auditor their firm's independence. As provided in the Audit Committee Charter, it is not the Committee's responsibility to

9

14

determine, and the considerations and discussions referenced above do not ensure, that the Company's financial statements are complete and accurate and presented in accordance with generally accepted accounting principles.

Based on the Committee's review and discussions with management and the independent auditors, the representations of management and the report of the independent auditors to the Committee, the Committee has recommended that the Board of Trustees include the audited financial statements in each Fund's Annual Report.

2. SELECTION OF INDEPENDENT AUDITORS

The members of each Fund's Board of Trustees who are not "interested persons" of that Fund have unanimously selected Ernst & Young LLP, independent public accountants, as independent auditors, to audit the books and records of that Fund for the fiscal year ending March 31, 2002. Ernst & Young LLP has served each Fund in this capacity since that Fund was organized and has no direct or

indirect financial interest in that Fund except as auditors and independent accountants. The selection of Ernst & Young LLP as independent auditors of each Fund is being submitted to the shareholders for ratification, which requires the affirmative vote of a majority of the shares of each Fund present and entitled to vote on the matter. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting and will be available to respond to any appropriate questions raised at the Annual Meeting and to make a statement if he or she wishes.

3. APPROVAL OF AN AMENDMENT TO THE DECLARATION OF TRUST OF EACH FUND

BACKGROUND INFORMATION ON THE FUNDS

Select Portfolio, Select Portfolio 2 and Select Portfolio 3 (the "Select Funds").

The investment objective of each select Fund is to provide stable dividends exempt from regular federal income tax, consistent with preservation of capital. Each Select Fund seeks to achieve its investment objective by investing substantially all of its assets in a diversified portfolio of long-term investment grade quality municipal obligations which are judged by Nuveen Institutional Advisory Corp. (the "Adviser" or "NIAC") to represent the best long-term values among those municipal obligations that satisfy the Fund's credit quality standards. Each Select Fund will only purchase municipal obligations rated within the four highest grades (BBB or Baa or better as rated by Standard & Poor's Corporation ("S&P") or Moody's Investors Service, Inc. ("Moody's"), respectively), except that up to 20% of each Fund's assets may be invested in unrated municipal obligations which, in the judgement of NIAC, are of comparable quality to those so rated. Each Select Fund may also invest up to 20% of its net assets in municipal obligations that pay interest subject to the U.S. federal alternative minimum tax. In addition, in order to keep cash on hand fully invested, each Select Fund may invest in high quality short-term tax-exempt and taxable temporary investments.

Insured California and Insured New York (the "Insured Funds")

The investment objective of each Insured Fund is to provide stable dividends exempt from regular federal income tax, as well as California personal income tax for the Insured California Fund and New York State and New York City personal income tax for the Insured New York Fund, consistent with preservation of capital. Each Insured Fund seeks to achieve its investment objective by investing substantially all of its assets in a diversified portfolio of long-term state investment grade quality municipal obligations which are either covered by insurance guaranteeing the timely payment of principal and interest thereon or backed by an escrow or trust account containing sufficient U.S. Government or U.S. Government Agency securities to ensure timely payment of principal and interest and which are judged by NIAC to represent the best long-term values among those state municipal obligations that satisfy each Fund's credit quality standards. Municipal obligations backed by an escrow or trust will not constitute more than 20% of an Insured Fund's net assets. Each Insured Fund may also invest up to 20% of its net assets in municipal obligations that pay interest subject to the U.S. federal alternative minimum tax. In addition, in order to keep cash on hand fully invested, each Insured Fund may invest in high quality short-term tax-exempt and taxable temporary investments.

PROPOSED AMENDMENTS TO THE DECLARATIONS OF TRUST OF THE FUNDS

Although organized as closed-end investment companies which generally continue to operate indefinitely, each of the Funds was organized in 1992 to terminate approximately 20-25 years after the date of its offering of shares. More specifically, under each Fund's Declaration of

11

16

Trust, the respective Funds are scheduled to terminate on the dates specified on the table below if not terminated sooner in accordance with certain provisions.

FUND	TERMINATION DATE
Select Portfolio	March 31, 2017
Select Portfolio 2	June 30, 2017
Select Portfolio 3	July 31, 2017
Insured California	June 30, 2017
Insured New York	June 30, 2017

In addition, the Funds were originally organized to be passively managed. NIAC initially assembled relatively fixed investment portfolios that emphasized municipal obligations that had maturities of approximately 18 to 28 years and that had an average maturity of approximately 20-25 years. The bonds in each Fund's portfolio were selected so that they, on average, would not be redeemed at the option of the issuer thereof for approximately 7 to 8 years from the date of purchase by the applicable Fund.

Further, under each Fund's current non-fundamental investment policies, NIAC is subject to limitations concerning the manner in which the portfolio of the respective Fund can be adjusted, including a limitation that NIAC will adjust the Fund's portfolio by purchasing municipal obligations that have, at the time of purchase, a maturity which approximates the expected termination date of the Fund.

The Board of Trustees of each Fund has determined that it is in the best interest of shareholders to eliminate the provisions in each Fund's Declaration of Trust that require the termination of each Fund on the dates set forth above. The Board believes that eliminating the termination dates will increase NIAC's ability to achieve each Fund's investment objective by allowing NIAC greater investment flexibility to purchase municipal bonds with maturity dates that are not tied to a Fund's termination date. In addition, the Board of Trustees believes that if the termination dates are not eliminated, the Funds may become less attractive to investors as they approach termination, which may have a negative impact on the price at which a Fund's shares trade on the New York Stock Exchange.

If the Declarations of Trust of the Funds are not amended to eliminate the termination dates, the average maturities of the municipal obligations included in the Funds are expected to shorten as termination approaches and the obligations eligible to be purchased by the Funds will have shorter maturities as time passes. However, if the amendments are approved, NIAC will be able to

remain invested in and purchase longer-term municipal obligations for each Fund. The Funds will continue to emphasize municipal obligations with maturities of approximately 18 to 28 years and an average maturity of approximately 20-25 years for the Funds.

Under normal market conditions, shorter-term municipal obligations generally pay lower interest rates than longer-term obligations, and accordingly, a fund's ability to hold more longer-term obligations increases such fund's ability to earn higher yields. However, shorter-term securities are also generally subject to less interest rate risk than longer-term securities. Interest rate risk is the risk that bonds in a fund will decline in value because of a rise in interest rates. Generally, bonds will increase in value when interest rates decline and decrease in value when interest rates rise. Typically, bonds with longer periods before maturing are more sensitive to interest rate changes and subject to more risk. Accordingly, if

12

17

the Funds' Declarations of Trust are amended, the Funds will be able to purchase longer-term municipal bonds and the Funds will be exposed to additional interest rate risk which may have an adverse effect upon your investment in your Fund.

Also, the increased investment flexibility available to NIAC will allow the Funds to be more actively managed and may increase the Fund's portfolio turnover. A higher portfolio turnover rate may result in your Fund paying increased transaction costs and could result in shareholders paying increased taxes on realized investment gains.

Nevertheless, considering all relevant factors, the Board of Trustees of each Fund proposes that shareholders approve an amendment to each Fund's Declaration of Trust to eliminate the termination date for the Fund permitting the Fund to operate indefinitely.

CONSIDERATIONS OF THE BOARD OF TRUSTEES

At a regular meeting of the Board of Trustees of each Fund held on June 2, 2001, NIAC, the investment adviser to the Funds, recommended, and the Board approved, the elimination of the termination date for each of the Funds. The Board also approved the elimination of each Fund's non-fundamental investment policy that required NIAC to adjust the portfolios of the Funds by purchasing municipal obligations that have at the time of the purchase a maturity which approximates the expected termination date of the respective Fund. Non-fundamental investment policies may be changed by the Board of Trustees without shareholder vote. NIAC believes that elimination of the termination dates and the above non-fundamental policy will benefit the Funds by providing NIAC with greater investment flexibility to pursue its stated investment objectives.

If the termination dates are not eliminated, NIAC believes that it will unduly impair the Funds' ability to achieve their respective investment objectives. Because of the termination date, the Fund's current investment policy restricts the Funds from purchasing securities that at the time of purchase have maturities beyond the Funds' termination dates. As a Fund approaches termination, the municipal securities eligible to be purchased for the Funds will have shorter maturities. Under normal market conditions, these shorter-term market securities generally pay a lower interest rate than similar securities with longer maturities. In addition, the Funds would likely hold a greater portion of their assets in cash and cash equivalents as termination approaches. As a result of the foregoing, under normal market conditions, the Funds would likely be required to reduce dividend rates.

It is currently anticipated, however, that if the amendments are approved, NIAC

would continue to emphasize investments in municipal obligations that on average, may not be redeemed at the option of the issuer thereof for approximately 7 to 8 years from the date of purchase by the Funds.

The Board of Trustees of each Fund believes it is in the best interests of shareholders to amend the Declaration of Trust to eliminate the termination dates and recommends that shareholders approve the amendment. The Board believes that eliminating the termination dates will provide NIAC with greater investment flexibility that will enhance its ability to achieve the Funds' investment objectives. Without the termination dates, the Funds may invest in municipal obligations with maturities that are not tied to a Fund's termination date. Further, the Board believes that if the termination dates are not eliminated, the Funds may become less attractive to investors as they approach termination which may have a negative

13

18

impact on the price at which shares of the Funds trade on the New York Stock Exchange. The Board of Trustees also considered the benefits NIAC may realize in connection with the proposal, including the receipt of investment advisory fees from the Funds beyond the termination dates. (Although NIAC will have greater investment flexibility, there is no increase in advisory fee rates proposed.) AFTER CAREFUL CONSIDERATION OF THE ABOVE FACTORS AND SUCH OTHER INFORMATION AS THE BOARD DEEMED RELEVANT, THE BOARD OF TRUSTEES OF EACH FUND UNANIMOUSLY APPROVED THE PROPOSED AMENDMENT TO THE DECLARATION OF TRUST OF EACH SUCH FUND.

SHAREHOLDER APPROVAL

To become effective, the proposed amendments to each respective Declaration of Trust must be approved by a vote of a majority of the outstanding common shares of each Fund. The "vote of a majority of the outstanding voting securities" is defined in the Investment Company Act of 1940 (the "1940 Act") as the lesser of the vote of (i) 67% or more of the shares of the respective Fund entitled to vote thereon present at the meeting if the holders of more than 50% of such outstanding shares are present in person or represented by proxy; or (ii) more than 50% of such outstanding shares of the Fund entitled to vote thereon. The proposed amendments were unanimously approved by the Board of Trustees of each Fund after consideration of all factors which it determined to be relevant to its deliberations, including those discussed above. The Boards of Trustees also unanimously determined to submit each amendment for consideration by the shareholders of the Funds.

THE BOARD OF TRUSTEES OF EACH FUND RECOMMENDS A VOTE "FOR" APPROVAL OF THE AMENDMENT TO EACH FUND'S DECLARATION OF TRUST.

4. APPROVAL OF AN AMENDMENT TO CHANGE A FUNDAMENTAL INVESTMENT POLICY OF THE INSURED FUNDS

The Insured California and Insured New York Funds have fundamental policies requiring all assets to be invested in state municipal bonds that are either covered by insurance guaranteeing the timely payment of principal and interest thereon or backed by an escrow or trust account containing sufficient U.S. Government or U.S. Government agency securities to ensure timely payment of principal and interest. Currently, each municipal bond held by an Insured Fund satisfies this fundamental policy and is rated AAA or Aaa by S&P or Moody's, respectively.

The Board of Trustees of each Insured Fund has determined that, in the best interest of shareholders, the policy regarding insurance should be amended to allow the Adviser to invest all of the Insured Funds' assets in uninsured investment grade municipal obligations and recommends that shareholders of each

Insured Fund approve the amendment to its fundamental investment policies to eliminate the restriction to invest all of its assets in insured municipal bonds or bonds backed by an escrow or trust account.

If approved, each Insured Fund will seek to achieve its investment objective by investing substantially all of its assets in a diversified portfolio of state long-term investment grade quality municipal obligations which are judged by NIAC to represent the best long-term values among those municipal obligations that satisfy the Fund's credit quality standards.

14

19

Each Insured Fund will only purchase municipal obligation rated within the four highest grades (BBB or Baa or better as rated by S&P or Moody's, respectively), except that up to 20% of each Fund's assets may be invested in unrated municipal obligations which, in the judgment of NIAC, are of comparable quality to those so rated.

In addition, if the amendment is adopted, it is currently anticipated that NIAC will emphasize investments in municipal obligations that (1) are rated within the three highest investment grades by Moody's or S&P and (2) on average, may not be redeemed at the option of the issuer thereof for approximately 7 to 8 years from the date of purchase by the Insured Funds.

The amended investment restrictions would provide the Insured Funds with investment flexibility that is the same as or similar to that currently available to the other Nuveen non-insured exchange-traded closed-end funds, including the Select Funds. Since each of the Insured Funds invests all of its assets in state municipal obligations, each Insured Fund is susceptible to political, economic and regulatory factors affecting issues of such state municipal obligations. If the investment restrictions are amended to eliminate the insurance requirements for Insured Fund portfolio securities, each Insured Fund will be subject to increased credit risks. Credit risk is the risk that a municipal bond issuer will default or be unable to pay principal and interest. While the Insured Funds will only invest in investment grade bonds and bonds rated Baa/BBB are regarded as having an adequate capacity to pay interest and repay principal, insured bonds typically receive the highest ratings given by the rating agencies and are generally considered to be more likely to pay interest and repay principal. Baa/BBB bonds normally exhibit adequate protection parameters, however, adverse economic conditions or changing circumstances over any great length of time are likely to lead such bonds to a weakened capacity to pay interest and repay principal as compared to higher-rated bonds.

CONSIDERATIONS OF THE BOARD OF TRUSTEES

At a meeting of the Board of Trustees of each Fund held on June 2, 2001, NIAC recommended, and the Board approved, the elimination of the fundamental restriction regarding insurance and adopted a policy to allow NIAC to invest all of the Insured Funds' assets in uninsured investment grade municipal obligations. NIAC believes that the change to the fundamental policy will permit NIAC to purchase higher yielding bonds. NIAC believes that there are opportunities under current market conditions to add yield to each Insured Fund's portfolio through investments in uninsured, investment grade bonds and that the Insured Funds would benefit from such increased flexibility.

If the amendment is not adopted, NIAC believes that the Insured Funds may not achieve higher income levels which may be critical to mitigating the impact of calls and providing the potential for better long-term share price performance.

The Board of Trustees of each Insured Fund believes it is in the best interests of shareholders to amend the fundamental investment policy regarding insurance

and adopt a policy to allow the Insured Funds to invest in an unlimited amount of investment grade municipal obligations, and recommends that shareholders approve the amendment. The Board believes that amending the fundamental investment policy will provide NIAC with greater investment flexibility that will enhance its ability to achieve the Funds' investment objectives. Further, the Board believes that if the amendments are not approved, the Funds may become less attractive to investors which may have a negative impact on the price at which shares of the

15

20

Funds trade on the New York Stock Exchange. AFTER CAREFUL CONSIDERATION OF THE ABOVE FACTORS AND SUCH OTHER INFORMATION AS THE BOARD DEEMED RELEVANT, THE BOARD OF TRUSTEES OF EACH FUND UNANIMOUSLY APPROVED THE PROPOSED AMENDMENT TO THE FUNDAMENTAL INVESTMENT RESTRICTION OF EACH INSURED FUND.

If the amendments are approved, the names of the Insured Funds will be changed to remove the word insured.

SHAREHOLDER APPROVAL

To become effective, the proposed amendments to the Insured Funds' fundamental investment policy must be approved by a vote of a majority of the outstanding shares of each of Fund. The "vote of a majority of the outstanding voting securities" is defined in the 1940 Act as the lesser of the vote of (i) 67% or more of the shares of the respective Fund entitled to vote thereon present at the meeting if the holders of more than 50% of such outstanding shares are present in person or represented by proxy; or (ii) more than 50% of such outstanding shares of the Fund entitled to vote thereon. The proposed amendments were unanimously approved by the Board of Trustees of each Fund after consideration of all factors which it determined to be relevant to its deliberations, including those discussed above. The Boards of Trustees also unanimously determined to submit each amendment for consideration by the shareholders of the Insured Funds.

THE BOARD OF TRUSTEES OF EACH INSURED FUND RECOMMENDS A VOTE "FOR" APPROVAL OF THE AMENDMENT TO EACH FUND'S FUNDAMENTAL INVESTMENT POLICY.
