HMG/COURTLAND PROPERTIES, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

In the opinion of the Company, the accompanying unaudited condensed consolidated financial statements prepared in accordance with instructions for Form 10-QSB, include all adjustments (consisting only of normal recurring accruals) which are necessary for a fair presentation of the results for the periods presented. Certain information and footnote disclosures normally included in the financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed consolidated financial statements be read in conjunction with the Company's Annual Report for the year ended December 31, 2005. The balance sheet as of December 31, 2005 was derived from audited financial statements as of that date. The results of operations for the three and nine months ended September 30, 2006 are not necessarily indicative of the results to be expected for the full year.

The condensed consolidated financial statements include the accounts of HMG/Courtland Properties, Inc. (the "Company") and entities in which the Company owns a majority voting interest or controlling financial interest. All material transactions and balances with consolidated and unconsolidated entities have been eliminated in consolidation or as required under the equity method.

2. RECENT ACCOUNTING PRONOUNCEMENT

In May 2005, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 154, Accounting Changes and Error Corrections, a replacement of APB Opinion No. 20 and FASB Statement No. 3. This Statement provides guidance on accounting for reporting of accounting changes and error corrections. It establishes, unless impracticable, retrospective application as the required method for reporting a change in accounting principle in the absence of explicit transition requirements specific to the newly adopted accounting principle. This Statement also provides guidance for determining whether retrospective application of a change in accounting principle is impracticable and for reporting a change when retrospective application is impracticable. This Statement also provides guidance on the correction of an error by restating previously issued financial statements. This Statement shall be effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The Company does not expect Financial Accounting Standards Board Statement of Financial Accounting Standards No. 154, Accounting Changes and Error Corrections to have a material effect on its financial statements.

In July 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes—an interpretation of FASB Statement No. 109 (FIN 48), which clarifies the accounting for uncertainty in tax positions. FIN 48 requires recognition in the financial statements of the impact of a tax position, if that position is more likely than not of being sustained on audit, based on the technical merits of the position. The provisions of FIN 48 are effective as of the beginning of the 2007 fiscal year, with the cumulative effect of the change in accounting principle recorded as an adjustment to opening retained earnings. The Company is currently evaluating the impact of adopting FIN 48 on its financial statements.

In September 2006, the Securities and Exchange Commission (SEC) issued Staff Accounting Bulletin No. 108, Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements (SAB 108), to address diversity in practice in quantifying financial statement misstatements.

HMG/COURTLAND PROPERTIES, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

SAB 108 requires that the Company quantify misstatements based on their impact on each of the Company's financial statements and related disclosures. SAB 108 is effective as of the end of the Company's 2006 fiscal year, allowing a one-time transitional cumulative effect adjustment to retained earnings as of January 1, 2006 for errors that were not previously deemed material, but are material under the guidance in SAB 108. The Company is currently evaluating the impact of adopting SAB 108 on its financial statements.

In September 2006, the FASB issued SFAS 157, Fair Value Measurements, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The provisions of SFAS 157 are effective as of the beginning of the Company's 2008 fiscal year. The Company is currently evaluating the impact of adopting SFAS 157 on its financial statements.

3. GAIN ON SALES OF PROPERTIES

In August 2006, the Company sold its remaining 4 acres of land located in Houston, Texas, resulting in a net gain to the Company of approximately \$258,000.

4. RESULTS OF OPERATIONS FOR MONTY'S RESTAURANT, MARINA AND OFFICE/RETAIL PROPERTY, COCONUT GROVE, FLORIDA

The Company, through two 50%-owned entities, Bayshore Landing, LLC ("Landing") and Bayshore Rawbar, LLC ("Rawbar"), (collectively, "Bayshore") owns a restaurant, office/retail and marina property located in Coconut Grove (Miami), Florida known as Monty's (the "Monty's Property"). Summarized combined statement of income for Landing and Rawbar for the three and nine months ended September 30, 2006 and 2005 is presented below (Note: the Company's ownership percentage in these operations is 50% of the amount presented below):

5. INVESTMENTS IN MARKETABLE SECURITIES

Investments in marketable securities consist primarily of large capital corporate equity and debt securities in varying industries or issued by government agencies with readily determinable fair values. These securities are stated at market value, as determined by the most recent traded price of each security at the balance sheet date. Consistent with the Company's overall current investment objectives and activities its entire marketable securities portfolio is classified as trading.

Net gain from investments in marketable securities for the three and nine months ended September 30, 2006 and 2005 is summarized below:

Description	Three months ended		Nine months ended	
	September 30,		September 30,	
	2006	2005	2006	2005
Net realized gain from sales of securities	\$34,000	\$116,000	\$147,000	\$207,000
Unrealized net gain in trading securities	111,000	94,000	23,000	61,000
Total net gain from investments in marketable securities	\$145,000	\$210,000	\$170,000	\$268,000

For the three and nine months ended September 30, 2006 net realized gain from sales of marketable securities of approximately \$34,000 and \$147,000, respectively, consisted of approximately \$46,000 of gross gains net of \$12,000 of gross losses for the three month period and \$357,000 of gross gains and \$210,000 of gross losses for the nine month period. For the three and nine months ended September 30, 2005 net realized gain from sales of marketable securities of approximately \$116,000 and \$207,000, respectively, consisted of approximately \$131,000 of gross gains net of \$15,000 of gross losses for the three month period and \$241,000 of gross gains and \$34,000 of gross losses for the nine month period.

Investment gains and losses on marketable securities may fluctuate significantly from period to period in the future and could have a significant impact on the Company's net earnings. However, the amount of investment gains or losses on marketable securities for any given period has no predictive value and variations in amount from period to period have no practical analytical value.

6. OTHER INVESTMENTS

As of September 30, 2006, the Company has committed to invest approximately \$12.9 million in other investments primarily in private capital funds, of which approximately \$11.7 million has been funded. The carrying value of other investments (which reflects distributions and valuation adjustments) is approximately \$5.4 million as of September 30, 2006.

During the nine months ended September 30, 2006 the Company made initial contributions to four new investments totaling \$542,000 and made follow-on contributions to five existing investments of approximately \$132,000. During this same period the Company received approximately \$714,000 in distributions from investments including from one investment in which the partial redemption of \$100,000 was requested and granted.

Total net gain (loss) from other investments	\$85,000	\$51,000	\$395,000	\$45,000

During the nine months ended September 30, 2006, the Company received cash distributions from two funds, one from a fund which invests in diversified businesses and the other from a technology venture fund. These distributions exceeded the carrying amount of the investments and accordingly were recognized as income.

In March 2005, the Company reduced the remaining carrying value (approximately \$147,000) of one of its investments in a privately held company in the personal cosmetic industry. This investment experienced a decline in demand for its product which is believed to result in other-than-temporary decline in the value of the investment. This write down is included under the caption "Others, net" in the table above.

7. DERIVATIVE FINANCIAL INSTRUMENTS

The Company is exposed to interest rate risk through its borrowing activities. In order to minimize the effect of changes in interest rates, the Company has entered into an interest rate swap contract under which the Company agrees to pay an amount equal to a specified rate of 7.57% times a notional principal approximating the outstanding loan balance, and to receive in return an amount equal to the one month LIBOR rate plus 2.45% times the same notional amount. The Company designated this interest rate swap contract as a cash flow hedge. As of September 30, 2006 and December 31, 2005 the fair value (net of 50% minority interest) was an unrealized loss of approximately \$28,000 and \$133,000, respectively. These amounts have been recorded as other comprehensive gain (loss) and will be reclassified to interest expense over the life of the swap contract.

8. PURCHASE OF TREASURY STOCK

In February 2006 the Company purchased 49,080 shares of the Company's common stock from one shareholder for \$687,000, or \$14 per share.

9. SEGMENT INFORMATION

The Company has three reportable segments: Real estate rentals; Food and Beverage sales; and Other investments and related income. The Real estate and rentals segment primarily includes the leasing of its Grove Isle property, marina dock rentals at both Monty's and Grove Isle marinas, and the leasing of office and retail space at its Monty's property. The Food and Beverage sales segment consists of the Monty's restaurant operation. Lastly, the Other investment and related income segment includes all of the Company's other investments, marketable securities, loans, notes and other receivables and the Grove Isle spa operations which individually do not meet the criteria as a reportable segment.

11. NOTE RECEIVABLE

As of the date of this filing, the Company has not received the quarterly interest payment of \$20,164 due on November 1, 2006 relating to the \$1 million loan made in July 2004 to Monty's Key West, LLC ("MKW", an entity which owns and operates a restaurant in Key West, Florida and in which the Company holds a 10% equity interest). The company believes the note and accrued interest is collectible and is pursuing its rights under the loan documents.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

RESULTS OF OPERATIONS

The Company reported a net loss of approximately \$172,000 (or \$.17 per share) and \$309,000 (or \$.30 per share) for the three and nine months ended September 30, 2006, respectively. This is as compared with net income of approximately \$302,000 (or \$.27 per diluted share) and \$374,000 (or \$.34 per diluted share) for the three and nine months ended September 30, 2005, respectively.

As discussed further below, total revenues for the three and nine months ended September 30, 2006 as compared with the same periods in 2005, increased by approximately \$444,000 or 20% and \$1.6 million or 22%, respectively. Total expenses for the three and nine months ended September 30, 2006, as compared with the same periods in 2005, increased by approximately \$459,000 or 19% and \$1.4 million or 18%, respectively.

REVENUES

Real estate rental operations:

Rentals and related revenues for the three and nine months ended September 30, 2006 as compared with the same periods in 2005 increased by \$62,000 (17%) and \$123,000 (11%), respectively. These increases were primarily due to increased rental revenue from the Monty's retail mall after renovations were completed in late 2005 to accommodate three new tenants.

Restaurant operations:

Summarized statements of income for the Company's Monty's restaurant for the three and nine months ended September 30, 2006 and 2005 are presented below (the Company's ownership in these operations is 50%):

Income before depreciation and minority interest	\$126,000	\$11,000	\$895,000	\$554,000

The restaurant operations which are primarily outdoors benefited from less rain thus far in 2006 as compared to 2005 and from the substantial completion of renovations and construction at the Monty's property in December 2005. Food and beverage sales increased by \$316,000 (30%) and \$890,000 (22%) for the three and nine months ended September 30, 2006, respectively, as compared with the same periods in 2005. Insurance costs increased by over 100% from last

year as result of higher industry-wide premiums primarily for windstorm coverage due to an above-average hurricane season in 2005.

Income before depreciation and minority interest	\$146,000	\$130,000	\$457,000	\$468,000

The primary change in marina revenues relates to the operations of the Monty's marina. The Monty's marina dockage fee and related income for the three and nine months ended September 30, 2006 as compared to the same periods in 2005 increased by approximately \$49,000 (or 20%) and \$108,000 (or 13%), respectively. These increases were the result of increased dockage after repairs and improvements to the marina were completed in December 2005. Marina expenses for the three and nine months ended September 30, 2006 and 2005 increased by \$41,000 (or 18%) and \$132,000 (or 20%), respectively. These increases were primarily attributable to increased labor and utilities costs.

Spa operations:

Spa revenues for the three months ended September 30, 2006 were approximately \$52,000 (or 50%) higher than the three months ended September 30, 2005. Spa expenses (excluding depreciation and interest expense) for the same comparable periods were approximately \$47,000 (or 24%) lower than 2005 primarily as a result of non-recurring pre-opening and organizational start costs in 2005. The Grove Isle Spa began operations in the first quarter of 2005 and comparisons to the nine months ended September 30, 2005 are not meaningful at this time.

Marketable securities:

Net gain from investments in marketable securities for the three and nine months ended September 30, 2006 was approximately \$145,000 and \$170,000, respectively. This is as compared with a net gain from investments in marketable securities of approximately \$210,000 and \$268,000 for the three and nine months ended September 30, 2005, respectively. For further details refer to Note 4 to Condensed Consolidated Financial Statements (unaudited).

Management's Discussion and Analysis of Financial Condition and Results of Operations

Other investments:

Net gain from other investments for the three and nine months ended September 30, 2006 was approximately \$85,000 and \$395,000, respectively. This is as compared with a net gain of approximately \$51,000 and \$45,000 for the same comparable periods in 2005, respectively. For further details refer to Note 5 to Condensed Consolidated Financial Statements (unaudited).

EXPENSES

Expenses for rental and other properties for the nine months ended September 30, 2006 increased by approximately \$37,000 (or 6%) as compared to that for the nine months ended September 30, 2005. This increase was primarily due to a management fee of \$100,000 paid to the manager of the HMG-Fieber joint venture which sold its last property in August 2005. This increase was partially offset by decreased operating expenses of rental activities related to the Monty's retail property.

For comparisons of all food and beverage related expenses refer to Restaurant Operations (above) summarized statement of income for Monty's restaurant.

For comparisons of all marina related expenses refer to Marina Operations (above) for summarized and combined statements of income for marina operations.

Depreciation and amortization expense for the three and nine months ended September 30, 2006 increased as compared with the same periods in 2005 by approximately \$107,000 (or 54%) and \$158,000 (or 23%), respectively, primarily due to increase properties placed in service in 2005. This includes the completion of the Grove Spa property in the first quarter of 2005 and substantial completion of renovations to the Monty's property in December 2005.

Professional fees expense for the three and nine months ended September 30, 2006 increased as compared with the same periods in 2005 by approximately \$23,000 (or 38%) and \$52,000 (or 29%), respectively. This increase was primarily the result of an increase in accounting fees.

Interest expense for the three and nine months ended September 30, 2006 increased as compared with the same periods in 2005 by approximately \$71,000 (or 19%) and \$230,000 (or 22%), respectively. This was primarily due to increased outstanding bank loan balances relating to borrowings for improvements made to the Monty's property.

Management's Discussion and Analysis of Financial Condition and Results of Operations

EFFECT OF INFLATION:

Inflation affects the costs of operating and maintaining the Company's investments. In addition, rentals under certain leases are based in part on the lessee's sales and tend to increase with inflation, and certain leases provide for periodic adjustments according to changes in predetermined price indices.

LIQUIDITY, CAPITAL EXPENDITURE REQUIREMENTS AND CAPITAL RESOURCES

The Company's material commitments in 2006 primarily consist of maturities of debt obligations of approximately \$3.8 million and commitments to fund private capital investments of approximately \$1.2 million due upon demand. The funds necessary to meet these obligations are expected to be available from the proceeds of sales of properties or investments, refinancing, distributions from investments and available cash. The majority of maturing debt obligations for 2006 is a note payable to the Company's 49% owned affiliate, T.G.I.F. Texas, Inc. ("TGIF") of approximately \$3.7 million. This amount is due on demand. It is expected that this obligation when due to TGIF would be paid with funds available from distributions from its investment in TGIF (with carrying value of approximately \$3.2 million) and from available cash.

MATERIAL COMPONENTS OF CASH FLOWS

For the nine months ended September 30, 2006, net cash provided by operating activities was approximately \$215,000. Included in this amount are proceeds and redemptions of marketable securities of \$1.7 million partially offset by increased investments in marketable securities of approximately \$802,000 and decreases in margin payable to brokers of \$579,000.

For the nine months ended September 30, 2006, net cash used in investing activities was approximately \$817,000. This consisted primarily of improvements to the Monty's property of \$1.6 million less net proceeds from the sale of land in Houston, Texas of \$819,000.

For the nine months ended September 30, 2006, net cash provided by financing activities was approximately \$449,000. This consisted of \$615,000 of additional borrowings relating to the Monty's property renovations and \$867,000 of contributions from minority partners. These sources of funds were partially offset by the purchase of treasury stock of \$687,000 and repayment of mortgages and notes payable of \$347,000.
